The cumulative picture also shows that the trend of motor accidents generally is upward, numbering 11,611 this year compared with 10,520 in the first eight months of 1955. For August alone, the total went from 1,413 a year ago to 1,710 this year.

In August, the R. C. M. P. reported 725 accidents, up from the 567 a year ago. Edmonton rose from 494 to 643 and Calgary dropped from 273 to 250.

Medicine Hat also showed a drop from 16 to 14, and Lethbridge was down by four to 33. Jasper Place had 12, unchanged from a year ago, and other towns reported 33, an increase of 19.

WOODVALE NOTES

We omitted, much to our regret, to congratulate Margaret Watt in our last notes upon her success in her Grade XII exams with excellent marks. Margaret intends to follow in her mother's footsteps and will become a teacher. She will leave soon for Edmonton to attend the university. We also neglected to mention that Mr and Mrs Bud Heidebrecht are the proud parents of a baby boy, born Aug. 26th.

Emily Young came back from France in July. She spent almost seven years in missionary work there. Emily is at present at the coast but is expected to visit her parents Mr and Mrs. C. Young of Hindville very soon and will stay long enough to visit some of her old friends. At present her sister Gladys Sharp of Camrose is back at the family home for a week with her baby daughter.

Dorothy McLean went for a medical examination to Edmonton just before school started and came back with a new pair of glasses.

George Machell who is visiting with his brother Charlie and family at the beauty spot of Gananoque, Ont., plans to continue his travels for awhile and visit his parents' relations in England.

Bunty Allison fortunately narrowly escaped losing two fingers in a saw. It left him with a rather sore hand instead.

Keith Lysons is noticed with a motorbike. It needs some overhauling but soon we might see him purring over the roads on it.

There will be one more church service in the Ganton community hall before Mr Phillis leaves for the east to resume his studies after a successful summer's work in the district and in Lloydminster.

A Red Cross meeting and quilting bee was held at the home of Mrs Gladys Wolters on Sept. 6th with ten members present. After an afternoon of busy work and pleasant talk it is not surprising that everyone is ready to do justice to the delicious lunch served by the hostess. A short business meeting was held and before leaving we all admired the flowers in the garden, though some had been touched by the frost of Sept 4th. The next meeting has been set for Oct. 3rd at the home of Mrs. Dorothy Portsmith if weather and harvest work permits.

The harvest itself is only progressing slowly, due to innumerable big and little showers that keep the fields wet. A small thundercloud [illegible] around all morning on the 12th and finally let loose, coming down by the bucketsfull on a small area of the Woodvale and Hindville district, making harvesting impossible for the rest of the week. Others were more fortunate and could resume work earlier only to be stopped again by the fresh windstorm on Saturday. Now with a beautiful Sunday hopes revive for a steadying of the weather. We need a lot of dry days yet to get the big crop safely in the bins. Only a small amount of combining has been done so far. That same thundercloud mentioned above caused a fire on hayland south-east of the Tolland district. When heavy smoke began rising from the fields neighbors and people as far away as Paradise Valley rushed to the scene and put the fire out in short order. Only about forty bales were estimated as being lost. The hay belongs to Mr. Coleman and Mr O. Wolters. What caused the fire puzzled the firefighters at the time but Mrs Kottmeier had been watching the storm from her window and saw lightning strike in that direction which explained the fire in that remote spot.

After the excitement of going to school for the first time, the new Grade 1 pupils have settled down to school routine. Mrs. Roberts will be pleased to hear that one little girl came home the first day exclaiming she had enjoyed it so much, and then wistfully remarked, "Why can't they have school till it gets dark?"

The older pupils held a students' union meeting and elected the following officers: Raymond McLean, president; Janet Gurney, vice-president; Joanne Hohol secretary and Lloyd Isley treasurer. They also decided to get a film strip projector for use in the school and organized a surprise party on Friday for Margaret Watt who is leaving for university this coming Sunday. Several other friends and neighbors participated in the get-together and a real enjoyable evening was spent at the Watt home, playing games. Her many friends presented Margaret with a purse of money and wished her success in her studies. Margaret's pleasant personality and helpful ways will be greatly missed in the community and we'll all be looking forward to her visits home.

Rev. Oliver Nugent of Edmonton will conduct Thanksgiving and Communion services at Ganton hall on Oct. 7th at 2:30 p.m. Please make a note of this early announcement.

Donald McFadyen Of Islay Married In Ceremony At Bruce

BRUCE.—Before an altar massed with late summer flowers, Miss Shirley Ann Parfett pledged vows in Bruce United church with Mr. Donald Andrew McFadyen. Rev. C. MacKay, assisted by Rev. W. Beckstead, officiated at the early evening ceremony.

Given in marriage by her father, the bride wore a ballerina-length gown of white brocade, the slim bodice modified by a matching bolero styled with lily point sleeves. A headpiece of sequins and pearls held her fingertip veil and she carried a cascade of red roses and white carnations.

Matron of honor was Mrs. Eric Tasker, sister of the bride, and bridesmaid was Miss Gladys Lundblad. Joan Tasker was flower girl and ring bearer was Craig Parfett. The groom was attended by his brother, Mr. Bruce McFadyen, and Mr. Stuart Parfett, brother of the bride. Ushers were Mr. J. Parfett and Mr Donald PaPrfett, brothers of the bride.

At the reception in the home of the bride's parents, Mr. Beckstead proposed the toast to the bride. A dance followed in the Bruce hall.

After a honeymoon to Waterton Lakes, Mr. and Mrs. McFadyen will make their home in Bruce.

Dad Finds Train Fares Cheaper By the Dozen

WINNIPEG. — While there may strength in numbers, Stephanus Boudewyn is more interested in the train travel bargains that Canadian National Railways can offer him and his large family.

Recently, he, his wife and ten of his 12 children boarded the CN's Super Continental at Winnipeg to travel nearly 1700 miles to Victoria under the CNR's family fare plan at an average cost per person of $18.05, or just over a cent a mile.

As the father, Mr. Boudewyn paid full fare. His wife under the CN plan, paid half fare as did each of his five children over 12 years of age. Another four children under twelve travelled for one-quarter fare while the tenth child, aged four years, travelled free.

The Boudewyn family came from Holland two years ago and settled near St. Eustache, Man. Now they have gone to Victoria to join two older sons who settled there.

Pleasant Valley

The weather is nice again following the storm Saturday. Everying is littered with branches and leaves. The men are now busy haying and combining at the same time.

Yours truly, Mrs. Fyfe and Mrs. Bert Gould spent an enjoyable day at Loydminster. The lovely garden of Mrs. Noyes was visited, also the flower shops. It really does one good to take the car and get away from home, relax and have a delicious dinner served to you.

Hi, Fred Playne and Hardy, did you notice those car tracks heading for the ditch Saturday night. Those tracks were made by the writer's car with yours truly at the wheel, trying to keep on the new clay grade following the rain Saturday. Muddy, wasn't it, Mrs. Gillies? She said that she couldn't speak from being scared.

This district will be sorry to lose Mr. and Mrs. Jones. The writer and husband enjoyed supper with them Wednesday night. Mrs. Ronaghan called also. Mr. and Mrs. Jones have certainly made the place pretty with the lovely lawn and flower beds, everything dug by hand too. Even younger people don't like to dig by hand these days, nor hoe either.

The writer has a nice plant waiting for the kind lady who sent the rose petals, but who is she? I have asked many times and the answer was "It wasn't me". There are 60 plants so come and pick yours soon or send your name to me.

65 under the O won the writer the steam iron at the Bingo last Saturday week in Vermilion.

The glads are still blooming and quite a number of other flowers too. The frost damaged some tender plants. Some folks are taking up the potatoes early enough too.

Hi, Chatsworth, haven't seen your pen since you housecleaned? Do get another one.

PARADISE VALLEY NEWS

On Monday evening Sept. [illegible] the auditorium in the school was well filled as friends from far and near came to the farewell gathering for Mr and Mrs. William Stoddart and family who are moving to Red Deer [illegible]. This family will be greatly missed in the town and district and we are very sorry to see them go. They have always taken an active interest in school and church and all other activities in the community. We wish them the best of everything in their new home.

We wish to extend our sincere sympathy to the families of Mr R. H. Parsons and Mr Harry Batty both of whom passed away in the Lloydminster hospital during the past week.

We hear that the bridge over the Battle River has been fixed up so a person can cross over it. We were in hopes that a permanent job would have been done but that will have to wait for another washout.

Visitors in town and district during the past week included Mr and Mrs. R. McElhinney, Mrs. A. L. Henderson and Mrs. Bruce Porter of Edmonton. It was nice to see these old friends again. Mr. and Mrs. James Smith from Vermilion, Mr. and Mrs. Hugh Leighton from Kitscoty, Mr. and Mrs. William Andruskk and family from Tramping Lake, Sask. Mr. and Mrs. Jas Habkirk from Red Deer. Mr. and Mrs. Ben Squires and family from Adanac, Sask.

Cpl. and Mrs. D. W. Brown and small daughter of Edmonton visited over the week end with Mr. and Mrs. Harold Fair.

P.V. LADIES AID NOTES

The regular monthly meeting of the P.V. Ladies Aid was held in the basement of the United church with fourteen members in attendance. Mrs. Venner led the devotional period reading the 23rd Psalm and explanation [illegible].

There will be a box placed in W. A. Gannon's store in which everyone is asked to place old discarded clothing and shoes of any size. It is not necessary that these clothes be clean or mended but it is preferred they be washable garments. The box will remain in the store until Oct. 1st when it will be given to the Lloydminster branch of the Salvation Army. It is a busy season but it is hoped that the public will respond to this request as the Salvation Army [illegible] these articles [illegible] and with winter [illegible] more demand [illegible].

Due to Mrs. Stoddart's departure from the [illegible]

[illegible]

Mrs. Frank Brassington and Mrs. Harold Fair are hostesses for the next meeting which will be held Oct. 2 in the church basement. Everyone welcome as a member or a visitor.

Mrs. H[illegible] will spend the winter in Lloydminster having rented a house in that town.

Wildmere Women's Institute Notes

The Wildmere W.I. met at the home of Mrs. David Dibben on Sept 5th with only 9 members in attendance The small number was due to the busy season with many helping to harvest the crop. Mrs. Sloan our district convener was also in attendance. The meeting was opened with O Canada and the Creed Roll Call — Current Events, which proved quite interesting. Treasurers report was accepted on motion of Mrs. F. Haines. A motion was made by Mrs. Wallington seconded by Mrs. N Garnett to pay Mrs. Hughes for the material in the mattress cover for school bed.

The Handicraft cup and shield was taken to town to have it installed on a base, then Mr. Corley will put a shield on it.

Correspondence included a letter from a paper company re-subscription. a letter from Unitarian Services and one from Mrs. Howes on Health and Mental Work. She also stressed United Nations International children of Europe funds. She thanked everyone for donating to the travel fund. It has now reached its objective. Mrs. Howes will attend the A C W. conference being held in Ceylon this year.

Owing to Mrs. Hughes teaching, she will be unabe to supervise the Wildmere Beavers Girls' club. Mrs. Dibben, assistant, will take over the added duties.

A discussion on what the W.W.I. should do to celebrate the tenth anniversary on Dec. 4th took place. Everyone is to come with an idea next month. In addition think over what handicraft articles you want to make for conference next year. Think up a money making scheme and bring it to our October meeting.

The September project was to help the cemetery fund in Vermilion. The October project is a book to Preston Central school.

The president Mrs. Gibson expressed pleasure at having Mrs. Sloan attend but was sorry that such a small group was present to hear her. Mrs. Sloan gave a brief outline of "My work in Women's Clubs in Africa." by Rose Nabaggala Uganda is 70 miles long and is a progressive country. Rose who is the leader hopes to improve the standards of women and girls in her own country It was very interesting.

Mrs. Gibson heartily thanked Mrs. Sloan for attending and for her interesting talk.

Johnny Jump Up was won by Mrs. Noel Garnett.

The meeting closed with the singing of the National Anthem.

The hostess and her helpers then served a bountiful and tasty lunch. While enjoying lunch the Social by Mrs. Wallington — "Standardizing Patterns" was talked over.

NEXT MEETING OCT. 3rd

The next meeting will be held at the home of Mrs. Roy Dibben on Oct. 3rd. Roll Call: Storing shrubs, roots, flowers, etc.; topic—Mrs. Hughes; Social— Mrs. C. Sweeney; Lunch— Mrs. W. J. Garnett, Mrs. F. Gibson.

Mrs. J. Wallington,
W.W.I. Press Reporter.

Red Deer Wedding Of Clandonald Interest

Knox Presbyterian church. Red Deer was the scene of a very pretty wedding on Saturday, Aug. 25th at 4:00 p.m. when Mabel Ellen Hagen, youngest daughter of Mr. and Mrs. R. J. Hagen of Blackfalds, was united in marriage to Morley George Stanway only son of Mr. and Mrs. H. E. Stanway of Calgary.

Rev. B. H. Thackeray of Bentley performed the double-ring ceremony.

The bride who was given in marriage by her father chose a waltz-length gown of white nylon tulle over taffeta, the strapless bodice modified with matching jacket styled with lace collar and lily-point sleeves, the bouffant skirt featured tiers of Chantilly lace

A tiara of opalescent sequins and pearls held in place her fingertip veil of illusion and she carried a cascade bouquet of red roses.

Mrs. Ray Broberg of Calmar was her sister's matron of honor Miss Rosemary Stockman of Red Deer and Miss Margaret Stanway of Calgary, a sister of the groom, were bridesmaids.

They wore similar gowns of turquoise and pink respectively, with matching headdresses of flowers and carried matching bouquets.

Attending the groom was Mr. Watson Stewart of Red Deer as best man, and Mr. Ray Broberg of Calmar. brother-in-law of the bride, and Mr. Wm. McCune of Red Deer as ushers.

A reception for some 85 guests was held at the Blackfalds community hall. The bride's table was beautifully decorated with flowers and centred with the bride's cake made by her aunt Mrs. Hugh Hagen of Clandonald and beautifully iced by Mrs. George Capatos of Vermilion.

The toast to the bride was given by the bride's uncle Mr. Allen Loutit of Edmonton and ably responded to by the groom who in turn proposed a toast to the bride's attendants. The toastmaster Mr. Stewart gave the reply and also read a telegram from the bride's sister and her husband, Marion and John Booth of Niagara Falls, Ont.

For going away the bride chose a two-piece beige dress complemented wit accessories [illegible] complemented with a teal blue hat and gloves. Brown shoes and purse and a corsage of red rose buds completed her ensemble.

Following an extended honeymoon to Minneapolis, Minn., and other points in the east, Mr and Mrs. Stanway will reside in Calgary.

Out-of-town guests at the wedding were Mrs. C Loutit, Mr Allen Loutit. Mr and Mrs Peter McKenna, Mr and Mrs T J. Lloyd. Mr. and Mrs Lawrence Olson, Mr and Mrs. Ross Grady and Miss Lois Grady, Mr and Mrs Geo. Grantham, Mr. and Mrs. Alex Stockwell, Mr Ken Frost, Miss Y Fitzpatrick, Miss Shirley Fitzpatrick and Miss R. Solowan, all of Edmonton, Mr and Mrs W E. Frost the Misses Joan Barton, Jean Robb, Marie Thorsen, Maybelle Davies, Wilma Partel and Gwen Lange, all of Calgary; Mr and Mrs. James McKinnon of Wetaskiwin; Mr and Mrs. Hugh Hagen and Ann, and Mr Ed Stockwell of Clandonald; Mr and Mrs. Walter Coulter and Beverly of Vermilion.

SHOPPING CENTRES BOOM

Householders' move to suburbs says The Financial Post could boost number of major Canadian shopping centres to 105 by end of '57 (there was one five years ago). Men Who Make Alberta

THE BANKER

At the centre of the financial life of every community sits a man trained to advise and help in neighborhood money matters. He becomes the confidant of business men, of farmers and workingmen. Through the doors of his business establishment, every day, pass widows, housewives, even the paper boy with a new savings account. His staff record the local financial success or failure. As the community prospers the Bank prospers.

So the banker is tied firmly to the local scene — the interests of town and district must be his own interest. This usually makes him a great community booster, a leader in worthwhile efforts, in short, a first-class all-around citizen.

Thos. Watts President Of Mixed Chorus

The Vermilion Mixed chorus was re-organized recently for the 1956-57 season. The following officers were elected:

President — Thos. Watts
Sec.-Treas. — Mrs. Ruby Samuelson
[illegible] — Wm. Fooks
Auditor — A. Hildreth
Accompanist — Dr. Stephens
Director — Jack Brown

The meetings are to be held every Monday at 8:00 p.m. in the high school. The chorus is now preparing for the annual carol concert which has proven very popular and is decidedly a worthwhile effort as all of the proceeds go to charity. Anyone who likes to sing will be welcome to the chorus and a choir of fifty voices is anticipated This organization is absolutely nondenominational and if you would like to sing with it, just be at the high school on Mondays at 8:00 p.m.

Jury At Inquest Finds Both Drivers Erred

Truck driver Melvin James and car driver Roland Wood of Edmonton each erred in their judgment resulting in the accident which caused the deaths of Mr. and Mrs. Woods at a point approximately nine miles west of Vermilion on highway 16 on Saturday, Sept. 8th. The coroner's jury verdict read: "The cause of their deaths was a collision of their motor vehicle with a truck driven by Melvin C. James. We find that the accident was caused partly by an error in judgment on the part of the truck driver, partly by an error in judgment on the part of the car driver."

Only witness to the fatal crash was the truck driver Melvin James He stated that when he first noticed the approaching car it was riding the white centre line but was gradually moving over into the right of way of the truck. He, in order to avoid a collision, swung his truck over to his wrong side of the highway at the same time applying his brakes. The truck swung over but the heavy load of oil in the tanker swung it back to the right side. The car by this time was fully in its wrong lane and the crash occurred on the north side or, on the truck's half of the highway, according to Mr James.

Autopsies performed at the University hospital gave the causes of death of Mr and Mrs. Wood as being from multiple injuries, both internal and external.

Coroner Dr. A. B. King conducted the inquest.

Evidence was also given by R C M P and Dr C. W. Stephens.

Members of the corner's jury were, G F. Stephens, foreman; J R Boake, D Currie, M. Shalka, K E Rowe I Miller

Mr. and Mrs Roland Wood of Edmonton were on their way east to Peterborough, Ont., to visit their son John when the fatal accident happened.

Knights of Columbus To Sponsor Juvenile Hockey In Vermilion

At their last meeting, the Knights of Columbus laid the ground work for sponsoring a juvenile hockey team in Vermilion. Uniforms are being ordered now and a meeting will be held this Friday, Sept. 28th at 8 p.m. in the Legion hall. All juveniles ages 16 to 18, and all adults who are interested in hockey are urged to attend this important meeting, as plans are made to start training immediately, it is necessary to get the program under way. Let's get out to this meeting, boys, and start off with a bang!

DANCE IN AID OF HOCKEY

Ron Payment and his Council Activity group wish to announce a dance to be held in the Elks Hall on Friday, Nov. 16th. A feature of this dance will be a door prize consisting of a trip to the Grey Cup finals in Toronto, or value in cash. All proceeds from this dance will be used for the promotion of juvenile hockey. Tickets will be available in advance from any member of the K. of C.

PICNIC AT V.S.A. GROUNDS

Recently the Knights held a picnic at the V.S.A grounds. A very enjoyable afternoon was spent there with races and free treats for the kiddies, and a bang-up ball game that crippled the Knights for a week. All those attending were very gratified in having such lovely grounds available for the picnic, and wish to convey their thanks to those responsible for providing them.

Death of Mrs. Jean Drysdale At Islay

Mrs. Jean Patterson Drysdale, who came to Vermilion in 1906, passed away in the Islay hospital on Tuesday Sept. 25th at the age of 69 years.

The family lived at first in Vermilion then farmed south-east of Islay where they have since resided. Mrs. Drysdale was predeceased by her husband in 1942. Left to mourn her passing are two sons, Charles at Kitscoty and Robert at Islay; four daughters. Mrs. C. J. Shand. Edmonton; Mrs. J. D. Stone, Kitscoty; Mrs. C. Ross and Mrs. H. Hiltz of Lloydminster. There are 25 grandchildren and 7 great grandchildren. Two brothers survive in B.C. and five sisters

Funeral services will be held on Friday, Sept. 28th at the First United church, Vermilion, with interment in the Vermilion cemetery. The Rev. C. W. MacKay will officiate.

Moyer's are in charge of arrangements

Mrs. Wm. Mayers has now left for Watkins Minn., where she plans to spend the next six months visiting at the home of her brother-in-law, Mr. Arthur Mayers.

A.T.A. Fall Convention October 11 and 12

The annual fall convention of the teachers of the Vegreville, Vermilion and Wainwright locals of the Alberta Teachers' Association will be held on Thursday and Friday, Oct. 11 and 12. The sessions will take place at the Vermilion School of Agriculture.

Guest speakers include Dr. Harold P. Fawcett, Professor of Education, Ohio State University; and Dr. L. E. Gads, Secretary, Faculty of Engineering, University of Alberta.

A banquet is planned for 6:30 on October 11th, followed by a dance in the gymnasium. The dance is open to the public.

Awards, Certificates For Swimmers

Swim certificates and awards will be given out this coming Wednesday afternoon Oct. 3rd starting at 4:30 at the lake front band shell. If weather conditions are unfavorable an alternative place has been arranged for at the Vermilion armories.

Be sure to turn out especially if you have been a swimmer and have taken tests. The many people who are interested in swimming for their youngsters or for themselves in the coming year, are urged to attend.

Remember then, Wednesday Oct. 3rd at 4:30 p.m. at the band shell, or if weather is disagreeable, at the armories.

Agricultural Society To Hold Purebred Livestock Sale

Following the custom the past several years the Vermilion Agricultural Society will hod a sale of purebred cattle and hogs on Saturday, Nov. 10th.

Entries will close on October 24th and under no circumstances can entries be accepted after that date.

Entry forms may be obtained from S. C. Heckbert, Secretary-Manager of the Society.

Limits on the number of head to be offered will be placed and only animals of good quality can be accepted, the Society reserving the right to refuse acceptance of any inferior stock.

Anglican Evangelism Rally, Monday, Oct. 1

On Monday, October 1st, in St. Saviour's Anglican church, Vermilion, an Evangelism Rally will be held. This forms a part of the Bishop's program of Intensified Evangelism for 1956 in the Diocese of Edmonton.

Members of all the Anglican parishes on Highway 16 between Vegreville and Kitscoty and north to Cold Lake are expected to attend.

The Rally will begin with a potluck supper at 7:00 p.m. in St. Saviour's parish hall, and will continue with a meeting in the church at 8.00 p.m. Two clergymen, one layman and one laywoman (all people prominent in the Diocese), will speak to the gathering on the meaning of Evangelism and the role of every individual Christian as an Evangelist.

Male Teachers and School Trustees Guests At Board of Trade Dinner

The Vermilion Board of Trade were hosts to the town male teachers and the trustees of the local school board on Wednesday at the regular weekly dinner

President of the Board, Mr Ross Boake was in the chair and welcomed the guests, eight teachers and three trustees. Ashley Cooper, a long time member of the local school board, who had served for five years on the school division board as well was asked to introduce his colleagues. In doing so Mr Cooper noted that Mr Donald Taylor had been a member of the Vermilion school governing body for twenty years, and for the last fourteen years had been chairman This constitutes a record of service on municipal bodies for Vermilion Mr Claude Brennan the second trustee to be introduced was also serving as the town's representative on the divisional board, and making a very good job of it. Mr Cooper regretted that Mr Ernest Schurman, another comparative newcomer on the school board, was unable to be present but had already proved himself a real find being a very interested and active member. The board is presently short one member as Mr Obert Gunderson has been absent from town all year.

The three principals present then introduced the teachers in attendance. Principal John David of the high school had with him Mr Lester Metcalfe; Mr Wm. Novak introduced Frank Welsh. R. Evans and N G Wright of the junior high school while W F Stewart and John Kindrachuk were the guests representing the elementary school Only absentee among the teachers was Mr Lorne Dowling of the V H S staff

Following the dinner some discussion took place as to the feasibility of the Board of Trade sponsoring a public speaking competition for high school students Preliminaries would be carried out at the school with the finals at a meeting of the Board Principal John David asked that such a proposal be presented for the consideration of the teachers as there was considerable merit in the suggestion The plan was proposed by the president Mr Boake

First Awards Made At Junior High

Under a newly inaugurated point system, the first presentation of awards to Vermilion Junior High School students was made on Wednesday, September 19th in the school auditorium. In the future, awards will be made each June, shortly after the Kitscoty track meet and ball tournament.

During the course of the ceremony Miss Margaret Behnke and Mr. W Novak made the various presentations to the girls and boys. Eight students who were in grade nine last year received major and minor awards. These awards are presented to students who have attained a scholastic standing of at least 65% over a 3-year period, and who have participated in a certain minimum number of extra-curricular activities sponsored by the school. Executive crests were also presented to each student who served on last years Students' Union Council. finally "A" team crests were awarded to students who were members of athletic teams which represented the Junior High School in inter school competition.

The following is a list of activities and the students who were presented awards.

Equipment Holds Up Miniature Western Conference Progress

Due to the lack of equipment to start playing the games many Little League football players are kept pawing at the bit

The equipment is being brought in from Chicago and early reports indicate that it is on its way and should be [illegible] now. One thing is certain and that is [illegible] so much pre-season [illegible] these boys are going to [illegible] foot ball spectators looking for that ball on many occasions. The boys are not only learning basics but the finer aspects of the game as well.

You can be sure of good football when it does start so don't miss a game

Alberta Display At Sacramento, Calif. Fair

More than [illegible] people became potential Alberta tourists following their visit to the California State Fair and Exposition at Sacramento, California this month. That was the estimated proportion of the approximately 85,000 people attending the Fair who viewed the display staged by the Alberta government. The booth featured merchandise available in this province, the industrial products and potential here and gave emphasis to the holiday attractions that were available year-round. The booth at the 12-day event was arranged by the Department of Economic Affairs

WATCH YOUR PARKING!

Motorists will no doubt have noticed that new, easily visible white parking lines have been painted on the curbs of most of the streets in Vermilion's business section. If you park your car between these lines and at the angle indicated, you will find that you can both enter and leave the space so marked quite easily. When you back out at the angle shown you can do so without infringing on the other half of the road.

The parking spaces so marked are the result of considerable study by those interested in such problems across Canada. The space between the white parking lines is eleven feet, and the angle of the lines is 44 degrees. If you centre your car in the area so marked you can open doors on either side without touching the next vehicle if he has done likewise. You can also back out at an angle which keeps you on your own side of the road, and so do not hinder traffic in the other lane. All of this, of course, if you park correctly; these well-painted lines make it easy for you to do that. Remember one poorly parked vehicle throws all this calculation out of line, and can spoil three or four parking spaces — so watch your parking.

IMMUNIZATION WEEK

Infants should be immunized against smallpox, diptheria, whooping cough, and tetanus by the time they are 3 to 6 months old. National Immunization week, September 23 to 29, sponsored by the Health League of Canada, and carried out with the cooperation of departments of health from coast to coast is an annual reminder to parents that their families are not safe from these diseases unless they take advantage of immunization.

HOME ECONOMICS:

The schools at Olds, Vermilion and Fairview are now offering a revised one year course in Home Economics, an opportunity to round off your education or proceed to greater heights if you so desire. On this subject Peter Jamieson, Principal of the School of Agriculture, Fairview, Alberta gives us a few ideas.

Home Economics is one of the finest careers available, he says. The course's purpose is two-fold: it prepares for homemaking and responsible citizenship, and for a profes[illegible].

In the professional field no other work includes so many areas of interest. It may be teaching in high and nutrition, textiles and clothing and related art, in household equipment, quantity food service, child development and family relations, home economics in journalism, radio television and manufacturing.

The course offered at the Schools of Agriculture and Home Economics paves the way to a degree course in home economics, which will broaden employment to a limitless horizon, and ultimately will help her to be the kind of homemaker she wishes to be.

These possibilities should be considered by any girl who has completed the first step in her education by completing junior high school; the next can be so surprising, so satisfying, so wonderful, if she attends the School of Home Economics.

It might be added many lasting friendships are made at these Agricultural Schools, and the spirit of fellowship pervading the campus should not be overlooked. The schools open Oct. 30, so write now for informative literature to the Principal, School of Agriculture and Home Economics at Olds, Vermilion, or Fairview, or to the Alberta Department of Agriculture, Legislative Buildings, Edmonton, Alberta.

Hello Homemakers

At last there's a District Home Economist in the Wainwright—Vermilion area. I would like to tell you a little about myself. I am a native of Manitoba. I graduated from University there in 1955. Last year I worked as a Dietitian in Calgary General Hospital. When I was in 4-H club work, I dreamed of the day when I'd be a Home Economist. So here I am. I am looking forward to meeting each and every one of you.

It has been a long time since the last girl worked in this district. Perhaps some of you have forgotten the services we offer. In case you have I will list them for you.

1. Individual assistance through home visits or office visits.
2. Inquiries for special information by mail or phone.
3. Leaflets and bulletins, and a newsletter on homemaking problems.
4. Organization and supervision of Girls 4-H Clubs.
5. Demonstrations and lectures.
6. Study courses and clinics in Nutrition, Home Decorating and Sewing.

Would you like to take advantage of our services? If so, write or call me phone 51 Wainwright: or if you are in the Vermilion area contact Mr Buckingham's office and he will forward your request.

If your women's group would like a demonstration or talk on a particular topic, I would appreciate suggestions.

Are there 8 or more girls in your community over the age of 12? Would they be interested in 4-H Club Work?

We have 3 winter projects to choose from—Clothing, Food and Home Decorating. Information is available on request. I will give you all the assistance you need to get started.

Do you have a daughter over 16? We still need applicants for the Homemaking Course at the Vermilion School of Agriculture. It is now a year course and is a wonderful opportunity for fellowship and learning. Information available at my office.

A newsletter will be sent out shortly. If you would like one please write me.

"GREEN ACRES"

SCHOOLS OF AGRICULTURE

On October 30th the three Agriculture Colleges in Alberta open for another term, every fall for 44 years farm boys and girls have gathered at these schools. I never knew one of them to say that he or she regretted going there. Your D.A. started with the second class in 1914 at the Claresholm School of Agriculture. I have never regretted it and now I am glad to recommend to young farmers and farm girls in my district that it is a good thing for them. I should be glad to talk it over with young people and their parents at any time.

MINBURN T.B. AREA

Cattle in Minburn Municipality have been tested for T.B. and infected animals were all removed. The law says that no cattle can enter this municipality unless they are tested first. Cattle brought in for feeding purposes must all be tested. Dr. Young, of Vermilion, Veterinarian in charge of cattle testing in this area will test any cattle for T.B. that are to be brought in. Dr. Young says that there is a $50.00 fine so everybody is hereby warned.

FIGHT THE THISTLE

The best time to kill thistle is in the fall. Every acre of crop land should be gone over before freeze up. Use the cultivator for summer fallow and the oneway or disker for stubble cultivation. Fall tillage loosens the soil on the thistle roots and most of them winter kill. Thistles are getting into every field in this whole area. Anyone who puts up a good fight now will be well paid in cleaner fields and better crops in the years to come.

FREE TREES FOR 1957

This is the call for orders of spruce and elm. Willows, caraganas, poplars and maple are also in short supply this year. I am anxious for farmers in this area to get their orders in so that they will not be disappointed. Also, anyone wishing to get a few mountain ash, honey suckle or rosybloom crab order now.

HOG PRICES ADVANCING

Reports from the U.S. tell us that the price of pork there is going up. There will be a good market in U.S. for our grade "A" and "B" 1 pigs. They do not want any grade "C" pigs as they have plenty of them back home. Anyone here starting hogs to use up some of their poor grade grain should get the best bacon type gilts and pure-bred Yorkshire boars.

Good Lunch Packs Punch

"Pack a lunch that packs a punch!" is advice well worth heeding. The noon lunch, eaten at home or away, should be the all-important meal that carries you through each busy day. [illegible]

Beverages for school children and teenagers (and adults, too, if they wish) should be milk. Variety is the spice of interest in lunches too, and a shift from 'just plain' milk [illegible]

HOME LEAGUE MEETING

A Brief History of The United Church At Islay, Alberta

The following history of the early days of the church in Islay was compiled by Mrs. Catherine Fyfe and Miss Muriel Stone. It was read in connection with the anniversary services held in the Knox United church at Islay on Sept. 16 and is reproduced as it was given on that memorable occasion.

"This church was built a Presbyterian church and to give some of the background which went before the building was completed and the congregation organized, I will read you the account written by the Rev. A. Simons in History of the Vermilion Congregation.

'The history of the Presbyterian congregation of Vermilion commenced in the summer of 1904, when Mr. Fletcher was appointed by the Edmonton Presbytery as missionary of all the territory lying between Birch Lake and Lloydminster. The territory covered was settled by a number of ranchers along the Vermilion River, and a few adventurous settlers who were living on homesteads far removed from each other or in little hamlets at Old Mannville, Breage and Island Lake, waiting for the advent of the railway.

'In the spring of 1905, Mr. Harley, student of Manitoba College, was apointed to the Eastern half of this territory with headquarters at Breage and conducted services all summer at Breage, Island Lake and Flemming Settlement. During the summer the Rev. W. F. Gold of Vegreville dispersed the sacraments.'

The present church building which was the result of great faith on the part of our early families, was opened for services and later dedicated in 1908. The building had been built by Jack Calder with the aid of voluntary workers.

At the time of opening there was no official session or board of managers and only five members, Mr. and Mrs. W. G. Roebuck, Mrs. Mary MacInnes, at whose home many of the mission services referred to by Mr. Simons, had been held, Mrs. Jas. C. Mooney, a daughter of Mrs. [illegible] Innes and her brother Alec [illegible]

The church did not own an organ at the time, but organs were often borrowed for special services, such as the case of the dedication service. It would appear the Presbyterians at that time also borrowed an organist. She was Mrs. Thos. Bothwell, a bride in the district at that time and one of the seven members of the Methodist congregation here. Mrs. Bothwell, however, did become a member of this church while it was still Presbyterian and long before Church Union. It is a pleasure that she is with us today and contributing her services at the organ.

Like all pioneer churches, the congregation grew and more organization was needed. A Sunday school was opened with Mr. W. G. Roebuck as Superintendent, Albert Beck, Secretary-treasurer; and Mr. Fred Bell, who is with us today, as organist. Mr. Bell was also borrowed from the Methodist congregation. He is the son of Mrs. J.J. Bell and the late Mr. Bell, two of the first members in the Methodist congregation. W. M. S. Ladies' Aid was organized, with Mrs. W. G. Roebuck as president. Mr. J. Calder was the first secretary of he congregation.

In 1909 a Session was appointed. It consisted of the Rev. McLennan, moderator, Mr. W. G. Roebuck, Mr. Dougald Jamieson, and Mr. Hugh Taggart was the Clerk of the Session. This new Session held its first meeting Sept. 23, 1909 and its first Communion service Feb. 21, 1910. Mr. Taggart and Mr. Jamieson were shortly called by death. Mr. Roebuck remained on the Session of this church until he, too, was called by death, 31 years later.

Soon new names became evident in the minutes. The Ladies Aid and W.M.S. became affiliated. In 1917 a startling innovation took place — women were permitted to sit on the board. The first three were Mrs. J. C. Mooney, Mrs. R. Dougald Gilchrist and Mrs. J. Barnes. This was to form a link between the ladies' aid and the board of managers.

On Oct 2nd, 1912, it was decided to build a manse. It was occupied by Rev Mann in the spring of 1913.

To go back to earlier times, there were many more names in the roots of the congregation than those who held offices. The name Gilchrist was prominent. This family contributed much to the music of the church. When we were without an organ, Alec Gilchrist was presenter. Connected with that family we have left in the church today, two faithful members, Muriel and Gladys Stone.

Hugh Taggart's stepson, Jas MacLelland is still with us. We had many years of service from the Beecrofts. Mrs. Beecroft is a daughter of the late Dougald Jamieson.

From the Mooneys and MacInnes' we have left with us Mrs. Fyfe and the Robertson family and Mr Albert Beck made his home with W G Roebuck. Mr and Mrs Hugh Gilchrist, Mr Anson, Landells and and McEacherns, Ulva McFadgen and his mother Mrs Mary McFadgen, Mr and Mrs. John R. McFadyen, Alec and Jim Fraser were early pioneers whose aid gave us this church we enjoy. There was Archie McMillan who served on the Board of Managers for a quarter of a century and was active in choir leadership.

Nellie Gilchrist McFadden, Bill Roebuck, Will Muir, Mr and Mrs Tom Bothwell and Mrs. Jessie McFadyen are still in our midst although they have taken up residence in Vermilion.

In closing I would like to quote the words used by the first moderator Rev Alec McLennan to describe his impression of the first Communion service recorded for this congregation. 'Miss Jean Douglas was welcomed into the church, the Sacrament of the Lord's Supper was then dispensed. A spirit of deep solemnity prevaded the gathering and the presence of the Master was realized' "

Pretty Wedding At St. Saviour's Church

UNGER—MAUGHAN

A very pretty wedding took place in St. Saviour's church, Vermilion, when Joan Beatrice, daughter of Mr. and Mrs. Ronald C. Maughan, became the bride of Diedrich Unger.

The double-ring ceremony was performed by Rev. Minchin before an altar decorated with fall flowers. The wedding music was supplied by Mrs. M. Simonsen.

Given in marriage by her father the bride looked radiant in a bouffant waltz-length dress of white nylon net over taffeta. Her chapel veil was held in place by a coronet of seed pearls and irridescent sequins. She carried a cascade bouquet of red roses and she wore a necklace and matching earrings of brilliants, gift of the groom.

The bride was attended by her sister, Madaline, as bridesmaid. She chose a dress of pink sculptured nylon over satin and net and wore a pink bandeau in her hair. She carried a nosegay of pink and white [illegible].

Attending the groom was Mr. Arne Winters of Wainwright and the ushers were Mr. Keith Maughan, brother of the bride, and Mr. Dick [illegible].

The groom's gifts to the ushers and best man were cuff links.

A reception was held in the parish hall immediately following the ceremony. The bride's table was decorated with a four-tiered wedding cake and bouquets of sweet peas. The tables for the guests were also decorated with sweet peas. Mr. H. Campbell proposed the toast to the bride to which the groom responded. The serviteurs were Misses Marie and Barbara Campbell, Marjorie Maxwell and Marleen Burnett.

For her daughter's wedding Mrs. Maughan wore a dark green dressmaker suit with pink accessories and a pink corsage.

Later in the evening many friends of the newlyweds spent an enjoyable time at the home of the bride's parents.

For a honeymoon trip to Edmonton, the bride wore a suit of black and cream with cream accessories. The couple will make their home in Wainwright.

Hinton-Lakusta Vows Exchanged At McQueen's United Church, Mannville

McQueen's United church, Mannville, was filled to capacity at 4:00 p.m., Thursday, August 23rd when Miss Mary Lakusta, second eldest daughter of Mr. and Mrs. Joe Lakusta, became the bride of Mr. Jim Hinton, eldest son of Mr. and Mrs. Albert Hinton.

The altar was banked with bouquets of assorted tame flowers while the pews were marked with sweet peas and ribbon. Miss Bette Proudfoot played the wedding march as the bride came down the aisle on the arm of her father, in a floor-length gown of plain white net with lace floral design net trimmed with sequins over another skirt of net and one of satin. She wore a matching bolero with long, lily-point sleeves. Her crown of pearls and rhinestones held in place her floor-length veil. She wore a rhinestone neck'ace and earring set, a gift of the groom, and carried a bouquet of American beauty roses.

The bridesmaids were Miss Iris Lakusta, sister of the bride, Miss Shirley Hinton, sister of the groom, Miss Alice Dauk, cousin of the bride and Miss Barbara Hinton, cousin of the groom. They wore cocktail length dresses of blue, lilac, lime-green and yellow respectively, with assorted head-pieces, and carried colonial bouquets to match their dresses. The groom also had four attendants. They were Stanley Hinton, brother of the groom, Mike Boryscuik, Jack Tymtishion, and Bobby Cundal, close friends of the bride and groom.

Sidney Hinton, small brother of the groom, and Billy Lakusta, small brother of the bride, were the ring-bearers. They carried a white satin cushion decorated with pink icebox flowers and tulle. Miss Rosalyn Dauk and Miss Carol Tronnes held the bride's veil and carried heart-shaped bouquets. They wore pink matching dresses and head-pieces. The ushers were Mr. Bucky Schreyer and Mr. Ostoph Woywitka.

During the signing of the register Miss Bette Proudfoot, accompanied by Mrs. Rae, sang "I Love You Truly."

A reception for some five hundred guests was held in the Orange hall. Rev. Holter proposed the toast to the bride, to which the groom fittingly responded.

For her daughter's wedding Mrs. Lakusta chose a navy blue linen dress with a white hat, and a corsage of pink icebox flowers. The groom's mother wore a pale blue nylon dress with a blue hat and a pink corsage.

The bride and groom entertained many of their friends and relatives at a dance in the evening in the hall.

After a short honeymoon the bride and groom will reside in Burradale, where at present the groom has an elevator.

Describes Houses Of Parliament At Ottawa

James A. Smith, M.P., addressed his fellow Rotarians on Friday last, giving them a vivid word picture of the Houses of Parliament at Ottawa. Practically every carving, every pillar, in the buildings is symbolic of some part of Canadian history or present day life. A vast amount of thought and planning is evident in the buildings throughout. The talk was a very interesting one and listened to intently by the members.

Jim Robson acted as chairman, introduced the speaker and Ross Boake voiced the thanks of the gathering for the program.

District Students To Attend U.S. College

Three east-central Alberta students, William Gordon Tym and Joseph Steven Uniat, both of Beauvallon and David John Yaseyko of Derwent have enrolled as freshmen in the school of dentistry at the College of Medical Evangelists, Loma Linda, Calif.

The three took pre-professional studies at Walla Walla College, College Place, Wash., before entering the Loma Linda college.

Mr. and Mrs. W. L. Roebuck and son Harold were recent visitors to Creston, B.C., where they attended the wedding of their niece, Miss Leone Roebuck, a daughter of Mr. and Mrs. Roland Roebuck.

Propane Cooking and Water Heating For Islay Hospital

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on the 13th of September at 7:30 p.m. Present were Messrs Jack, Shirreff, Purves, Garnier and the secretary.

The minutes of the preceding meeting and the financial statement were adopted as read.

A resolution was adopted to purchase Propane cooking and water heating equipment for immediate installation.

The janitor's request for material to build a cold frame was granted.

Salaries and accounts were ordered paid as approved.

A cash donation was received for the hospital library from Mrs. G. T. Lively of Andover, New Hampshire, U.S.A., one of the founders of the Islay hospital in 1912. A letter of appreciation was forwarded to Mrs. Lively.

Matron's report: In hospital Aug. 1, 6, admitted 28, discharged 30, remaining 2. Births 1, deaths 2, operations major 1, minor 3, X-rays 22, receipts $1,335.14. Out patients 19.

Marwayne Plans Memorial Cenotaph

MARWAYNE. — Just a year ago now you read of plans being considered of a suitable place of remembrance in the village of Marwayne to commemorate the Alberta Jubilee by the use of the Jubilee grant to the village with the addition of donations from all well-wishers of this district, for the purpose of erecting a Cenotaph in memory of local sons who paid the supreme sacrifice.

This project has now reached the stage where it is possible to pay for the chosen site and start the general fund.

An active group are hoping to plan for the preparation of the site before freeze-up, ready for landscaping in the spring of 1957.

Donations are respectfully solicited by which every individual may have a part in this worthy Memorial in the centre of our growing community.

"LEST WE FORGET"

Donations may be made to the appointed collectors or to the Treasurer, Mr. Reinheimer at the Toronto-Dominion Bank, Marwayne, Alberta.

Unsettled weather has prevailed all week, commencing on Friday last with a rainfall of 1.76 inches driven by a high wind. This rain thoroughly soaked everything, the wind forcing the rain through roofs and even siding which had never leaked before. A further .03 of rain fell Wednesday evening.

Harvest was brought to a full stop on Friday of last week and little headway has been made since.

Presents Hotelmen's Scholarship To Bucky Schreyer At Mannville

MANNVILLE. — The Mannville and District Home and School Association met on Thursday last with a fair attendance considering the busy season. Mrs. R. Bang conducted the meeting.

A film entitled "You and Your Family" was shown after which Mr. Holter led a discussion group on the various ways of solving family problems.

Miss Mary Grech gave a very interesting talk on the UN summer school at Banff. During the week of study and debates, etc., it was brought out firmly that Canadians are not concerned enough with world and civic affairs that immediately affect them. As for example one of the professors conversing with a 'man on the street' in Edmonton asked what he thought of the pipe line. The man's reply showed that he knew nothing of it nor did he appear concerned about it.

Miss Grech gave a resume of the week's activities at the school and then thanked Mr. Doherty and Mrs. Rae, the W.I.'s and the Students' Union for making her trip possible.

Miss Lillian Zahara entertained with two accordion selections.

Presentation of scholarships followed. Mr. Doherty introduced Mr. Tronnes. It was a great pleasure for Mr. Tronnes to be able to present the Alberta Hotel Association scholarship of $500 to a Mannville student before he left for Warspite where the Tronnes family will make their new home.

In presenting the scholarship to Howard (Bucky) Schreyer, Mr. Tronnes mentioned that Bucky was an outstanding sportsman and a fine athlete and that he was very pleased to be able to present the cheque to him. Bucky thanked Mr. Tronnes as well as his teachers, the Home and School. He felt that honor pins presented by the H & S gave the students the initiative to strive for higher honors.

Mrs. Percy Sloan presented Bucky Schreyer with the W.I. scholarship on behalf of the W.I. groups that sponsor this scholarship.

The business part of the meeting followed. A delegate to the Home and School workshop at Banff was nominated. Mrs. Edith Pedersen agreed to go.

The Home and School voted to sponsor the University Mixed Chorus in the spring when they are out on tour.

Bus route representatives were selected. And if any of the members elected are not able to act, he or she is asked to find someone else from that bus route to act on the executive. It was felt that if these were not chosen at this meeting it would make it so late in the year before the executive would be complete enough to draw up future programs for the meetings.

Mr Doherty introduced teachers present but as some are from the country and unable to get in and others were sick, he hoped to be able to introduce them at the next meeting.

Mrs. Cotter was elected as press representative to make notes of the meetings for the paper.

The attendance shield was presented to Mrs. Thompson's room.

The pupils' work shown at Vermilion fair was on display on the south wall of the gym. It was an excellent display and those present examined it before and after the meeting.

Coffee and sandwiches were served by town representatives.

In the first six months of 1956 Canada's foreign trade deficit, that is the excess of imports over exports, reached the all-time record high of $747 million.—Quick Canadian Facts

The Ladies' Auxiliary scholarship will also be presented to Johnny Bell. All parents and those interested are welcome to attend. A short business meeting will start at 8 p.m. sharp and the presentation program at 8:30 in the school auditorium.

Tips on Touring

By Carol Lane
Women's Travel Authority

After a long summer in the sun and sand, your car — like yourself — may need some special beauty treatment. Why not set up your own 'salon de beaute' right in your garage?

Cars, like some sensitive complexions, cannot always take strong soap and hot water. When you give your car its fall facial use only cool water and a clean sponge. If it's particularly dirty, add a [illegible] detergent to the cool water. Then dry [illegible] chamois skin. If you're 'shampooing' your car out of doors, do the job in early morning or late afternoon because strong sunlight may streak wet enamel.

If your car has been outside most of the summer and exposed to the sun and weather, it may need some special rejuvenating. Prior to your car grooming session, go to your service station and get a good brand of liquid cleaner and wax. Apply this to your car's finish with a sponge or soft cloth. Let the wax dry and then rub it off. With this new liquid wax, arduous polishing isn't necessary as it was with the old-fashioned hard wax. This type of wax removes road film, brings back the car's original tone and leaves a protective coating. Clean chrome with a brillo pad or a chromium polish and protector.

Don't stop your beauty operations with the car's exterior. The inside may need even more specialized care and attention, with whisk broom, vacuum cleaner and elbow grease. A good idea would be to vacuum your car once a month to prevent deterioration of fabrics, covers and flooring.

Plan Courses For Baby Sitters; Many Helpful Hints Given

In the hope of arousing community interest in holding baby sitter courses especially prepared for teen agers, the Alberta Safety Council is distributing safety kits to its branches in Edmonton, Calgary, Medicine Hat, Red Deer, Camrose and Drumheller.

Paul Lawrence, Safety Director, discussed this need on a recent tour of southern Alberta cities and towns and was given an encouraging response.

Safety officials hope to interest women's organizations and others who would be prepared to set up and sponsor training courses that would be of great value to baby sitters and prevent serious mishaps in the home. Furthermore, there would be timely hints for parents in regard to their instructions to baby sitters.

Each kit being distributed to the branches contains useful suggestions and other information in regard to organizing a baby sitter course in the community.

One of the points being stressed for the current baby sitter season is that parents must give sitters adequate instructions before they leave.

"Parents are not playing fair with their sitters when they rush out the door at the last minute saying they will be back around midnight and that's all," said the safety official.

"A good sitter," he added, "will arrive 15 minutes ahead of time to allow a parent to tell her all about the duties expected of her. However, though the parent may say to put the child to bed and to look in once in awhile to see if he's alright, she may neglect to tell the sitter where to turn on the light near the bedroom or even the telephone number of the place where she can be reached during the evening.

National statistics indicate that accidents kill more children between the ages of one and 14 than any disease. In 1949 in the U.S. accidents took the lives of 10,741 children under 14, while pneumonia, the next important killer, caused 3,354 children's deaths. Most of the accidents occurred in and around the home.

Check yourself, the next time you have a sitter in charge of your youngsters. Do you write down your own name and address so that if the sitter has to call a doctor, she would be able to tell him where to come? Leave the telephone number of your doctor. Show your sitter what clothing the baby will need when he is put to bed. Warn the sitter against leaving the baby or young child alone in the bath if the phone or doorbell rings. Finally, always see your sitter is escorted home if it is late, even if she lives only a few doors away.

A film entitled "You're in Charge" is a feature of the baby sitters course and is of equal importance to parents and sitters.

Alberta Jewellers Hold Convention In Edmonton

When President Bertrand Gerstein brought down the gavel to open the Alberta Regional Convention of the Canadian Jewellers Association at the Macdonald Hotel, Edmonton, on September 24, it marked another milestone in the Canadian jewellery industry's efforts to raise and maintain the highest in technical and sales service to the public. The Canadian Jewellers Institute is the educational arm of the Canadian Jewellers Association which represents all branches of the jewelery industry.

Founded in 1945, the main emphasis of the Canadian Jewellers Institute is on raising and maintaining the standards of the Jewellery Trade in Canada and by so doing affording protection to the general public. The esteem in which the Institute's work is held throughout scholastic and government circles in Canada is evinced by the presence of the Minister of Education for Alberta, The Hon. Anders Aalborg, who was the guest speaker at the Convention. Mr. Aalborg also presented Diplomas to the 1956 Graduates of the Retail Jewellers Training Course Administered by the Canadian Jewellers Institute, this course has helped hundreds of Canadians gain professional status as jewellers and consequently has afforded greater protection to the Canadian public.

Jewellers from all parts of Alberta attended the Convention which has become an annual event.

Pleasant Valley

It is quite nice again and if it stayed this way until Xmas no one would complain.

The bluffs are really pretty just now with red and gold, looks vivid and bold.

Mrs. James Gould is spending a few days in Edmonton.

Harold McClelland and family are visiting his parents at present. They called at the home of Gordon Gould on Saturday night, also at Mr. and Mrs. George Purvis. Good old school days were talked over.

Congratulations to Doris and Ed on the birth of a son, and congratulations also to Grandma Giles, on the arrival of her first grandson. We hear you were the proudest and most excited lady in Vermilion when the happy news arrived.

The coyotes are very busy taking chickens these days. They also took seven little pigs from Joe Van Patten's pig pen. Everyone thought the coyotes had died out last winter but they are coming down from the bush country again. Lawrence Gould saw three in a pack Monday morning.

Sad news was received from Tom Gould as his sister-in-law's daughter was killed when the truck she was driving left the road and overturned near Kimberley. Some will remember Myra Bottomley. Her daughter's husband is in Korea with the U.S. troops. He is only 22 years of age and they have a baby daughter only 1 year old. Deepest sympathy to Myra.

The geese were seen flying in flocks and heading south.

Who was the lady who fell with two pails of milk right into the cement. How are her knees?

LOCAL NEWS

Mr. and Mrs. Bill Hutchinson and two children will shortly be moving to, as yet, parts unknown. Bill was notified of his transfer recently by Canada Packers. The departure of this young family is sincerely regretted by a host of friends and acquaintances. Bill's successor is Mr. Trevor Jones from Vancouver. Mr. Jones is a graduate of the U. of B.C. and was introduced to the business men of the town at the Board of Trade luncheon meeting Wednesday of this week.

J.V. Kneale, superintendent of the Canadian Utilities Power plant here, attended the convention of the Power Engineers Institute of Canada which was held at Winnipeg from Wednesday to Sunday night. Some 300 engineers from all parts of Canada were in attendance. The trip to and from the Manitoba capital was made by air.

Gerald Miller, son of Mr. and Mrs. Wm. Pettigrew, went to Edmonton on Monday where he registered at the University in the Faculty of Education.

The time of the wedding of Miss Mary Jane Richardson, previously announced for 5 p.m. on Saturday, Oct. 6th, will take place at 3 p.m. of that day at Knox United church, Edmonton.

Mr. and Mrs. Clarence O. Wilson had son Henry home for three weeks helping with the harvest. He has now returned to Lamont where he is employed by the Steffler Construction Co. Miss Margaret Wilson was also home from Edmonton for the week. Margaret works for the Alberta Government Telephones in the city.

M. V. Rutherford of Vancouver who is a member of an old time family of the Vermilion district, was a visitor in town this week, just looking over old scenes. While here he visited the Vermilion park of which he has heard much [illegible] even in Vancouver.

Mr. and Mrs. H. G. Bellingham, former Vermilionites and now of Edmonton, have been visiting in town for the past two weeks, guests at the home of Mrs. Annie Shepherd. Horace is on holiday and is helping with the harvest in this district.

Mrs. Teresa Beckett writes that she has now returned to her winter home at Suite 5, Hampton Court at Chilliwack, B.C., and that she was sorry to have missed seeing Mrs. Annie Cameron when she called this summer, also Art Lysons. She invites these folks to come again when she is at home. Mrs. Beckett says that she has had two wonderful experiences recently, the sweep of the Social Credit government in the B.C. election, and a trip through the new spiral tunnel of five and a half miles, quite a wonderful piece of construction work.

HICKS — Born to Ed and Doree Hicks (nee Giles) at Eldorado, Sask., on Sept. 21st, a son, Richard David "Ricki", weight 7 lbs. 7½ ozs.

About the most excited and pleased person in Vermilion last week was Mrs. Lilly Giles who received a wire from Eldorado to the effect that a son had been born to Ed and Doree Hicks (nee Giles) on Friday Sept. 21. The baby tipped the scales at 7 pounds 7½ ounces, has been named Richard David and will be called "Ricki". This is Mrs. Giles first grandson, hence the excitement.

Lawrence and John Webb were in Edmonton last week at a preview of the 1957 model Meteor and Mercury cars. About all the boys would say was that folks are going to be in for a big surprise when they see the new cars in the local showroom next week end.

75 Years Old, Thinks Air Is Only Way To Travel

Mrs. William Smith returned to Vermilion last week after making her first trip by air. She travelled to Vancouver where she visited her daughter and her son Jack. Bill Smith who will also be well remembered here is at Penticton.

Mrs. Smith is over 75 years of age and while this journey to and from the coast was her first experience of travelling by plane, she highly recommends it and says that it is the only way to travel any distance.

Visits Many Former Vermilion People At The Coast

J. W. G. Morrison returned last week from a three weeks' holiday trip to Vancouver and Victoria in the course of which he called on several Vermilion people now retired in those cities. He found Ted Davies, well-known meat man, had been taken to the hospital in serious condition of health. He wished to be remembered to his old time customers and friends. Mr. and Mrs. Bill Barr are beautifully located in Langford, a very attractive suburb of Victoria. Bill's pastime is divided between curling in winter and fishing in season in summer. In off seasons he is busy improving his location. A call on Mr. and Mrs. Tom Dick found them nestled in a charming cottage in suburban Victoria and in the best of health. They wished greetings extended to all their old friends — Tom regretted he could no longer issue a permit!

One of the best equipped motels we visited was that of Mr. and Mrs. Norman Greig, a few miles out of the city beside a dazzling little lake. It is very pleasantly located, near a heavy traffic motor highway. Mr. Kirkpatrick enjoys a leisurely-retired life in Sidney, enjoying visiting and confabbing with the also-lived in Vermilion. John Selkirk recently returned from Vermilion where he and Mrs. Selkirk had a lovely visit. The Littlewoods and Mrs. Barwick wished to be remembered to their old friends. Mrs. Barwick, at her age, is quite spry and enjoys life to the full.

In Vancouver Mr. Morrison paid Welington Rosborough a visit, also Miss Graham who was well known to the womenfolk of Vermilion. Miss Graham keeps a tidy shop of children's wear. Mr. Rosborough was intensely interested in the growth of Vermilion since he left here some thirty or thirty-five years ago. Mr. and Mrs. Bill Morgan are still at White Rock. Bill kept a meat shop in Vermilion, served in World War I and is now retired. They say quite a number of people from the prairies have settled in this delightful summer resort the year round. Miss Lucy English who is in charge of a department in a ladies' wear establishment in Victoria wished to be remembered to her old boy [illegible] manager of a large meat market in Victoria, did half a million dollars worth of business last year and is now aiming at the million mark.

H. F. Balfour, Director of School Administration of the Dept. of Education, was a visitor in Vermilion last Thursday, being consulted on school accommodation problems.

APPRECIATION

I wish to convey my sincere thanks to the Vermilion Nurses' Association, the Vermilion Hospital Board and all others who helped in any way to make the reception for me a memorable occasion. I would also like to express my gratitude to the community for the very substantial gift presented to me on this occasion. To the Vermilion Hospital board for the beautiful writing case and the Vermilion Nurses' Association for the gorgeous basket of flowers — I would like to say a special "thank you". I appreciated tremendously the large gathering of friends who honored me by their presence at the reception. Thank you all again.

Alice Keith.

Brings Down One-Legged Mallard

A mallard with one leg, and oddly enough, with no sign of ever having had a second one, was brought down by Vic Rogers while hunting this week. It was quite evident that the duck had been hatched that way making one wonder just how it managed to survive as it is not the most active of birds even with two feet. How it managed to take off the water, swim in a straight line, land in stubble and maintain a balance while feeding is hard to imagine.

Albino Muskrat Run Over By Engine

Hartley Sorenson of Vermilion, C.N.R. engineer, accidentally ran over an Albino muskrat on the track while switching cars at Lloydminster on Wednesday night. Hartley picked up the animal and upon examination found it had a lovely thick coat of pure white fur and the pink eyes which accompany the Albino.

The muskrat was apparently on the move meeting his end when crossing the right-of-way.

Mr. and Mrs. D. S. Leigh of Edmonton were visitors here last week end, guests at the home of the latter's parents, Mr. and Mrs. L. Barlow.

MANNVILLE & DISTRICT LOCALS

Don't forget the Hobby fair that is coming up early in November. Whatever your hobby be it fancy work, woodwork, beadwork, raising birds, making birdhouses, hooking rugs — no matter what it is—show your hobby at the Hobby fair.

Among those leaving this week to either attend University or one of the schools of nursing are Betty Proudfoot, Eunice Bury, Trudy Kouschnig, Becky Schroyer, Kevin Majeau and Fred Otto.

Returning from Chalk River where he was employed for the summer Mr. Fred Otto spent a week at home before leaving for university. Miss Florence Otto who is teaching in Edmonton was also home for the week end.

In the past month two cars and two trucks have been taken and extensive damage done to them. The parties responsible are being turned over to the juvenile authorities. There was also an attempted break in at the Torrance drug store over the week end.

Misses Ruth and Joyce Gamble and Miss Grace Sullivan were week end visitors at the Gamble home. Mr. Jack Gamble who has been home for two weeks returned to Edmonton with them.

Mrs. A. Sunderland of Seattle is visiting with friends in Mannville.

Mrs. Ken Scoggins and Mrs. E. Matney were recent visitors to Camrose.

Mr. and Mrs. N. Anderson and Barbara of Edmonton were week end visitors with Mrs. C. Mercer.

Mr. and Mrs. John Schock and Mr. and Mrs. Glen Pyle were Edmonton visitors on Sunday.

The 50th anniversary of the Loyal Orange Lodge of Mannville will be observed on Oct. 26 with a banquet, program and dance. It is hoped to have charter members of the lodge present at that time.

Mr. Harry Osborn of Saskatoon was a week end visitor with his parents, Mr. and Mrs. W. Osborn.

Mr. and Mrs. Dan McLaughlin of Minburn have moved to Mannville to make their home. The house from their farm at Minburn was moved in this week by Mix, the Mover, Vermilion.

Sympathy of the district is extended to Mrs. Townsend on the death of her mother Mrs. S. Justt of Kinsella.

Mrs. Don Upton entertained on Tuesday afternoon in honor of her grandmother Mrs. A. Sunderland. Mrs. Sunderland was pleased to renew acquaintances with many of her old friends and neighbors.

Little Leaguers Wind Up Season with Picnic

Little Leaguers baseball season ended officially on Wednesday evening with a picnic at the Vermilion Park. About seventy-five boys from the four local teams and one team from Buffalo Coulee disposed, in a very short time, of an enormous quantity of beans, hot dogs, pie, chocolate milk, soft drinks and ice cream. Twelve men were kept very busy for an hour serving the food to a seemingly endless line of hungry boys.

When the impossible happened and every boy had eaten all he wanted, the whole party was treated to a show at the Columbia Theatre through the courtesy of Mr. Nick Kowalchuk.

For this occasion, Mr. Kowalchuk had arranged for a special showing of a U.N.I.C.E.F. film featuring Danny Kaye and showing the work being done in many parts of the East by the Children's Fund of the United Nations.

The Vermilion Amateur Athletic Association, sponsors of the Little League baseball in Vermilion, wishes to express sincere thanks to men who assisted at the Park, the mothers who supplied the delicious pies and the following business firms who donated food: Craig Bros. Ltd., Kupin's Groceries, McGavin's Bakery, McLaughlin's Self Serve Grocery, N. A. D. P., Shoprite Foods, Stephens Ltd., Vermilion Beverages, Vermilion Co-Op., Vermilion Food Locker Ltd., Vermilion Wholesale, Woodland Dairy.

Civil Defence Rescue Truck Stationed Here

George Martin, director of Civil Defence for the Vermilion River M.D., and the Town of Vermilion, has a new Civil Defence Rescue truck stationed here at the present time. The truck is used for the training of rescue teams. The 'A' Coy., Loyal Edmonton Regiment reserve army have already formed a team and will embark on the training. This training is open for everyone and is especially valuable for members of fire brigades.

The rescue truck is presently being kept at the armories and all interested may see it there.

C. D. PUMPER AT KITSCOTY

On Monday next, Oct. 1, there will be a Civil Defence pumper at Kitscoty and this will travel to towns, villages and hamlets in the M.D. for fire training. All interested should contact Mr. Martin.

Trip To Royal Winter Fair Being Organized

The Vermilion Agricultural Society will organize a car of district residents to attend the Royal Winter Fair. Details and costs will be available shortly and all interested are requested to contact Secretary-Manager Heckbert for details.

The carload organization of the past two years proved most popular and the service will again be available to all interested.

Mr. and Mrs. Walter Alexander Glowitski are shown following their wedding at the First United church, Vermilion, on Aug. 18th. The bride is the former Violet Anne Granger of Heinsberg. The happy young couple will make their home in the Landonville district.

Ladies' Aid Meets At Dewberry

Mrs. J. Porter was hostess for the September meeting of the Dewberry Ladies' Aid. Nine members and three guests were in attendance.

After the singing of a hymn and the saying of the Lord's Prayer Mrs. Hornigold read from the Upper Room.

A gift had been purchased and sent to our former president, Mrs. F. Braithwaite, who is now living in Lloydminster.

Wednesday, November 7th was the date set for the annual chicken supper and bazaar. Try to keep this evening free.

The Dewberry United Church congregation would like to thank Mr. Darwell Welsh for conducting the church services here for the last few weeks. Although Mr. Welsh was here for only a short time he will be missed. It would be nice to have him come back again.

Sincere sympathy is extended to the members of the Curtis family.

The October meeting will be held at Mrs. W. Porter's on Oct. 4th.

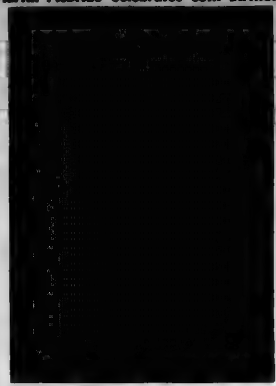
Martin McBride Celebrates 85th Birthday



When Martin McBride, well known pioneer farmer and citizen of Allandale and Vermilion, celebrated his 85th birthday on Sept. 11th he was happily surrounded by four generations of the family as shown in the above picture. Mr. McBride is seated in front with great grandson Lewis MacGillivray, two and a half years, on the right standing, is Mr. McBride's daughter, Opel (Mrs. Harold Cooper) of Clandonald, and on the left is granddaughter Mrs. Don McGillivray, (nee Joyce Evelyn Cooper) of Edmonton.

The family gathering took place at the home of Mr. and Mrs. Harold Cooper in the Ethelwyn district, north-east of Clandonald.

The August meeting was held at the home of Olive Midgley on Wednesday Aug. 29th with Dorothy Milne and Angeline McClean as co-hostesses. Twenty-one members and two visitors were present.

The meeting opened with "School Days" and roll call was answered by "Improvements for our Horticulture Show". Some good suggestions were given and will be acted upon next year. We had 280 entries in the show. The $5 received for flowers sold that day will be given to Home and School along with the money received from the Sniffle Tree, making a donation of $16.00.

Frances Gray is acting as the secretary for the balance of the year.

The wool-filled satin comforter on which we are selling tickets now will be raffled Sept. 28th when Don Clayton comes to speak and show pictures of his trip to Australia.

Next month all members are to bring used clothing which will be sent to the Unitarian Services committee in Edmonton.

Reports on Farm Women's Week at Vermilion were given by Olive Midgley and Betty Hale. These were thoroughly enjoyed by all.

More of us should attend as a great deal of time and effort goes in to planning these programs and the staff at the college spare no effort in trying to make these days pleasant for all who do attend.

Mrs. Armstrong, Alberta President of the F.W.U.A., has been appointed as our delegate to attend the tri-annual convention of the Associated Country Women of the World to be held in Ceylon. She is to take along a picture of a typical Alberta farmstead painted by Mr. and Mrs. Sturge of Blackfoot.

The next meeting will be held on Monday, Sept. 24th at the home of Mrs. Joe. Hale.

The United Nations estimates that 150 million families in underdeveloped areas lack adequate housing.

One answer is a frameless, build-it-yourself house designed by Canadians of Canadian aluminum. It needs no foundation, no carpentry and no equipment; it is so lightweight that it is packed in cartons easily carried by plane, jeep or even burro.

The Colombian government has ordered 1,200 of them to help relieve the shortage of rural housing in that South American country. So it's not surprising, with aluminum travelling so far and doing so much, that Alcan is again increasing its smelting capacity in both Quebec and British Columbia.

MR. and MRS. KENNETH FREDERICK MILLER

Frances Griep Becomes Bride of Kenneth Miller At Lloydminster

A very pretty double-ring ceremony was solemnized in St. Anthony's Catholic Church, Lloydminster when Miss Frances Irene Griep became the bride of Mr. Kenneth Frederick Miller before an altar banked with pink and white gladioli.

The bride is the daughter of Mrs. Agnes Griep and the late Mr. Joseph Griep of Fairview and the groom is the son of Mr. and Mrs. W. J. Pettigrew of Vermilion.

Rev. Father C. Landrigan officiated.

Entering the Church with her brother, Mr. B. V. Griep the bride wore a white princess line waltz length gown of lace and tulle over bridal satin with Queen Anne collar and lily-point sleeves. A pearl tiara held her fingertip veil of nylon net lace and she carried a bouquet of Sweetheart roses accented with stephanotis and heather. She wore a triple strand of pearls and earrings to match, a gift of the groom.

Her bridesmaids were Miss Carol Griep, sister of the bride and Miss Marie Miller, sister of the groom. They wore matching dresses of embroidered net and tulle in blue and yellow respectively with matching headdress and net mittens. Each carried contrasting bouquets of baby mums.

Attending the groom were Mr. Raymond Griep, brother of the bride, and Mr. Robert Clarkson. Ushers were Mr. Gerald Miller and Mr. Donald Miller, twin brothers of the groom.

During the ceremony and signing of the register, Mr. James McGaughey played the wedding music.

Following the ceremony a reception for 75 guests was held at the Prince Charles Hotel, Lloydminster.

The guests were received by the mother of the groom, Mrs. W. J. Pettigrew who wore a champagne coloured two-piece dress trimmed with seed pearls and accented with dusty pink accessories and a corsage of pink carnations.

The bride's table was decorated with the bridal bouquets and centred with a three-tiered wedding cake trimmed with pink roses, the guest tables were decorated with bouquets of sweet peas.

Mr. E. A. Locke as master of ceremonies read several telegrams of congratulation. Mr. B. M. Callaghan proposed the toast to the bride which was fittingly responded to by the groom. During the reception Miss Shirley McCormick sang "Through the Years" and Mr. John Webb sang "My Friend".

Out of town guests included Mr. Robert Clarkson, Dawson Creek, Mr. and Mrs. R. W. Griep, Valleyview, Mr. and Mrs. B. V. Griep and Gen, Peace River, Miss Carol Griep, Fairview, Mr. and Mrs. F. W. Griep, Edmonton, Mr. and Mrs. J. Danyluk, Edmonton, Mr. and Mrs. G. R. Pettigrew, Millet, Mr. and Mrs. W. Latimer, Provost, Mr. and Mrs. P. Nazarchuk, Edmonton, Mr. and Mrs. G. Berry, Marwayne.

For a honeymoon to Banff, Vancouver, Victoria and the States the bride wore a tweed suit with yellow accessories. A corsage of yellow gladioli was pinned to her shoulder.

Mr. and Mrs. Ken Miller will make their home in Forestburg, Alberta.

Whooping Crane Still A Bird of Mystery

Mystery still clings to the whereabouts of the breeding grounds of the whooping cranes.

The curtain of secrecy around the nesting habits of these birds which was raised slightly last year when more than half of the known population were found nesting in Canada's far northern Wood Buffalo National Park has dropped again. Now the Whoopers are beginning their southward flight and only the return of the flock to the Aransas Wildlife Refuge in Texas will tell what progress has been made in building up the tiny flock of less than 30 that left on the northward migration last spring.

The success or failure of the nesting season will be known when the cranes return to their wintering ground in Texas. Their southward migration begins early in September and will probably be through parts of Alberta and Saskatchewan, across the international boundary to the Dakotas and then through Nebraska, Kansas and Oklahoma.

Federal wildlife officers await the safe arrival of the cranes in Texas with interest. Thousands of sportsmen in Canada and the United States hunt ducks and geese along the routes used by the whooper in its southward journey. Last year, no whooper was lost during the hunting season. A repetition of this fine example of co-operation by informed sportsmen will help greatly in the struggle to re-establish this rare species in secure numbers.

Continuous searches during the summer by Canadian wildlife officers failed to locate more than one pair with young. On Sept. 4th this pair with a young whooper were seen in Wood Buffalo Park. Two pairs seen there earlier apparently failed to produce young.

Localities from Texas to the Prairie Provinces reported whooping cranes flying north last spring. Several juvenile non-nesting birds were seen on the prairies during the summer. In late July, two yearling whoopers appeared near Meath Park.

Vermilion Park Development Impresses Visiting Writer

Caroline Gunnarsson spent a day or two in Vermilion during the holiday season. She is a journalist with the Winnipeg Free Press and Prairie farmer, and on her return to Winnipeg wrote the following story. The article also appeared in the ready print sections of many weekly newspapers published in Eastern Canada. Included in the story were pictures of the lake and beach.

"The streets of Vermilion, Alberta, are paved and clean and fairly interesting to the eyes of the window shopper. They are also as busy as those of any western town with a population of over 2000, well backed by a prosperous farming community.

But in a way, they are very quiet on sunny summer days. Where are the skipping ropes, the bouncing balls, the hop scotch squares chalked at random on the sidewalks, the hoots and the hollers?

They're at the lake with the children. That's where the young folks from nearby towns and farming communities are headed too, when they take off in cars, trucks or on bicycles at the end of a hard day's work.

Take a glance through the Vermilion Standard, faithfully reporting hometown activities, if you'd like a true impression of the lake's importance to the town and its people. I hit town on July 12, just as the current issue of the Standard hit the mail.

It told of ladies attending Farm Women's Week at the Vermilion School of Agriculture enjoying a picnic supper in the Vermilion Lake Park. The entertainment included local youngsters showing off their swimming and water sports under the watchful eye of recreation supervisor and swimming instructor Sidney Moore, a sing-song and a motor boat jaunt over three miles of lake and back.

Two hundred Farm Forum members attended a picnic there too, that week. The Rotary Club of Vermilion has undertaken to see the summer through with weekly Sunday afternoon concerts, and a performance by "A Company" pipe band was promised on Sunday, July 15.

And then there was Sunday, July 8. Ashley Cooper, editor of the Standard, said an estimated crowd of 3,000 thronged into the park to hear the North Battleford school band, and nearly exhausted the ample parking facilities. The 65 piece band stopped over on their way to the Calgary Stampede, where their music and marching won top rating in adult and juvenile competition.

This was a normal week at the park, and this has been going on since 1953. Yet three years ago, this glistening lake mirroring the blue Alberta sky in a setting of native poplars and lush prairie grass, this navigable lake surrounded by sandy beaches, bath houses, a concert pavilion and camp kitchens, was only a narrow ribbon of a river, not much good to anyone.

THE STAGETTES

The Sept. 25th meeting was held in our old headquarters, known to former sister Stagettes as the "Home of the Stagette Club". The honorary members will recall having had some wonderful times there as well as taking part in all the hard work. I only wish Faye were here to collaborate, how that gal could do it, and never bat an eye.

Opinions and viewpoints came from every member re convention matters. Comments on the Monthly Bulletin and suggestions concerning the Bulletin were given considerable attention. National Stagette Week is being observed the first full week in October when all clubs from Manitoba across to Victoria make special efforts to become better known in their own districts as a charitable association.

The annual Harvest Ball has not been forgotten ladies and gents, we are working on it. Watch for posters and ads regarding same.

Checking — Kay S. and Lena M.

See you all Sunday morning — beginning of Stagette Week.

WE ARE RAISING THE Subscription Price OF THE STANDARD TO 5c per week

On and after October 1st the subscription price of the Standard will be $2.50 per year, or 5c per week on the basis of 50 issues for a year.

YOUR CHANCE!

This is your opportunity to renew your subscription to The Standard, or become a new subscriber if you don't already read your home town newspaper, at the old rate of $2.00 per year. Such subscriptions are limited to one year only. Even if your sub. does not expire for some months, you are entitled to a one year further renewal at the lower rate if paid prior to October 1st, 1956.

THE REASON

There have been at least four increases in the price of newsprint since the $2.00 per year subscription rate went into effect. The total amount taken in subscriptions in 1955 did not fully pay for blank paper and ink used in printing The Standard, plus the freight on the paper from Edmonton, let alone anything towards labor and equipment.

All other newspapers of similar size printed in Alberta have been $2.50 or $3.00 for the past several years, as for example the Vegreville Observer, St. Paul Journal, Wainwright Star-Chronicle, each at $2.50 per year in this immediate part of Alberta.

We are raising the Subscription price to 5c per week—

THE BEST 5c PACKAGE THAT YOU CAN BUY ANYWHERE!

WILDMERE WINKS

The heavy rain of last Friday put a stop to combining and threshing in a hurry. It was just getting good and dry. However the present winds are drying it out quite quickly again and we hope everyone can yet get their crop harvested safely. Billie Smith combined some barley from swath before the rain and it went 75 bushels to the acre. Frank Gibson of Basswood had some which went 70 bushels. Wheat will not be as good as first thought owing to rust taking a toll on the yield and grade. Oats should be very good.

Since the rain digging potatoes has been the work on the farms. Some did have theirs up before.

Here is an item we intended to mention before: Marlene Smith, daughter of Mr. and Mrs. A. Smith of Basswood who is in training for a nurse's aide is now doing practical work in her training at Pincher Creek hospital in southern Alberta. Good luck to you Marlene.

Another Wildmere landmark is gone! The barn from Wildmere school having been sold to Lloyd Howard. If it could talk it would tell of the laughter of children as they looked after their horses. Some of these pupils have gone to their last resting place, others scattered far and wide making their homes elsewhere; also of the many horses which have filled it at the parties at the school before many cars came into use. The old order changeth so we move on with bigger schools where no barns are needed as the school bus is now the mode of travel. We are sure the present owner of the old barn will remember quite well many incidents that happened within its walls and of sliding down its roof when as a boy he attended Wildmere school.

On Sunday Bill, Adam and Albert Smith drove to Edmonton by car to get their mother who had come on Saturday by plane from Vancouver. She stayed wiht her son Alex and family who recently came back to the city from California where Alex was studying for his Doctor's degree in law. While in Edmonton they visited Norman, another son, who recently moved into a newly-built home. Mrs. Smith will stay on the old home farm for awhile with Bill and Adam and visit her daughter Mrs. Cliff Cruthers and son Albert, both near by.

On Sunday Mr. and Mrs. A. Holte and Baillie were visitors at the J. Wilson home in Wildmere.

Everyone is indeed very sorry to hear that Mrs. Allan Coburn (nee Audrey Wilson) of Vancouver Island, B.C., has been stricken by polio. We certainly hope it is not paralytic as she has a family of six children to care for. The very best is wished you, Audrey, for a speedy recovery by your many Wildmere friends.

We are pleased to hear the little Donily baby who only weighed 4 pounds 2 ounces at birth and was in an incubator in the hospital is doing very well and will soon be home with her parents.

Mr. and Mrs. Victor Howard and three little daughters of Edmonton visited for a few days with his brother Lloyd and family of Wildmere last week. Victor works on the railroad and was on his holidays.

Warren Marfleet of town was out in Wildmere district Saturday doing a bit of duck shooting accompanied by Bobby and Kenny Graham and while they were travelling around the lake were lucky in shooting a small goose.

On Saturday we chatted with Mrs. Gould, Mrs. Williamson, Mrs. Lee, Mrs. Mayers, Mrs. Haverslew, Mrs. Ireland, Mrs. Oldenberg and had a cup of tea with Mrs. R. Mead and Mrs. C. Cruthers.

Wildmere W. A. ladies are busy on the wool toques they promised Mr. O. Webber when he spoke to us last summer. Mrs. R. Dibben bought the wool out of the collection taken then and she made a good selection. We hope we will be able to have our W.A. meeting in October.

BRAINS IN DEMAND

Never before have business and industry placed such a premium on a college degree, reports The Financial Post.

Two years ago, the demand for university graduates of all courses was more or less in balance with the universities' output.

But right now there are more jobs than graduates in many fields of work.

Demand has outstripped supply—and will continue to do so for several years, according to employers.

YES, WE HAVE SOME BONANZAS!

You really ought to come in and check on today's low Buick prices—and the bonanza buy you can make on the car that's raising raves clear across the nation.

You ought to come in and see what's to be had in the best Buick yet: walloping new V8 power. A new "sense of direction" handling and stability. A sweet and steady new ride. A fresh new beauty inside and out. And the spectacular performance of today's advanced new Variable Pitch Dynaflow,* where you experience swift new getaway response even before you switch the pitch.

And you ought to come in just to see why today is a great time to buy a Buick—with easier-to-take prices than you may find next year—and with the fine trade-in allowances that our volume selling of this year-ahead Buick permits us to make.

Drop in on us right now for a look and a ride and a talk. You'll be real glad you did.

*New advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Bonanza Trade-in Allowance

—because your present car is at its peak value right now. And because—with Buick so popular in every community in the country—our bigger sales volume permits us to make you an even better trade-in allowance.

Bonanza Buy

Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whale of a lot more automobile—more room, more power thrill, more styling freshness, more ride stability, more solidity of structure—the Best Buick Yet.

Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflow. It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

It's a great time to buy a Buick

The W.M.S. of the United Church held their regular monthly meeting on Thursday, Sept. 13th in the church hall at 2:30 p.m. Mrs. C. Barr the president was in the chair and opened the meeting by reading a few verses of the Bible and by repeating the hymn "O Lord of Heaven and Earth and Sea".

The meeting was turned over to Mrs E. Rooks Mrs R. Good, and Miss G. Craig who were in charge of devotional. Mrs. E. Filgate was then called on to give a few highlights of the three days spent at the School for Leaders at Alberta college in Edmonton. Three W.M.S. ladies attended from Vermilion Mrs. Kather and Mrs. Filgate and Mrs. Sweet from Islay.

Chief highlight of the school was Dr. Villett's bible study talks and devotionals. Mrs. Hugh Taylor overseas secretary showed films of work in India Burma and Korea. She herself was one of the workers. Miss D. Young secretary for Home Missions gave a talk on the training of the young people and having them become interested in United Church work. Then there was a program planning by Mrs. Polly and Mrs. Thorne and other very interesting sessions. Some literature expected did not arrive due to there being a train wreck in Saskatchewan and our books were held up. Final item was the union of the W.M.S. and the W.A. as this would give the ladies a better chance to see the spiritual ideas as well as the business and social aspects of the two organizations. The latter talk was especially enjoyed by all.

Minutes were read and approved, roll call revealed 24 members were present. Reports were given and the business concluded with the Mizpah.

"TIDE RIPS"

By JIM BRAHAN

Saluting in today's armed forces is only an act of courtesy, but in ancient times it was carried out for a definite purpose.

During the era of heavily armed knights it was the custom when two of them met to raise their visors. This proved them to be friendly towards one another, because when their visors were open both parties were vulnerable to attack.

However loosening up a visor with a hand encased in an iron glove was no small chore and eventually the raising of the hand to the helmet as if to open the eye piece was considered sufficient to prove peaceful intentions. The open hand in the salute proved they had no weapon, such as a brain piercing stiletto concealed in their fist.

The naval salute with the hand came into being in almost recent times. It was officially introduced into the Royal Navy in 1890. Prior to this time it was the custom for sailors to remove their hats in salute to a senior.

The World's Tallest Totem Pole

Photographing the world's tallest totem pole in Victoria's Beacon Hill park sometimes presents a bigger problem than did the carving of it. Here, a visitor tries a worm's eye perspective of Chief Mungo Martin's masterpiece. Note the people standing at the base.

Queen Victoria instituted the hand personal salute in the Navy. This happened when she sent for certain officers and men to thank them for rendering help to a distressed German ship. After thanking them the Queen stated that she did not like to see men in uniform standing with their hats off.

The age old custom of saluting the quarterdeck of a ship is sometimes claimed to be done because in olden times they used to carry a crucifix there. More likely this action is carried out because the quarterdeck is the seat of authority and the position nearest to which the Regent's colors are displayed. Some authorities on naval traditions doubt any custom based on saluting the crucifix would have survived the many religious upheavals to which England has been subjected throughout the centuries.

PARADISE VALLEY NEWS

Miss Emily Swayne left on Saturday for Edmonton where she will enter University for the coming term. Teaching is Emily's ambition.

Mr. Lew Lawrence of Edmonton is spending a few weeks with N. Stepenoff on the farm. Lew is a former resident of P.V.

Joe McAmmond has been painting up Edgerton during the past week. While he is away his mother, Mrs. John McAmmond is visiting with Mr. and Mrs. John McAmmond Jr.

Mrs. Joseph Mayo is visiting with her old friend Mrs. H. Smith of Lloydminster for the past week.

Mr. and Mrs. Clark and Miss Clark of Tofield were recent visitors with Mr. and Mrs. Lewis Vice.

Patients in the Lloydminster hospital during the week: Mrs. Elmer Clay, Mrs. A. Clarke and Lorna Kragness daughter of Mr. and Mrs. Robert Kragness.

Mr. and Mrs. Paul Wack and Mr. and Mrs. Joe. Wack have moved to Lloydminster for the winter months.

Mr. and Mrs. Stan Wesley are spending their holidays with Mrs. Wesley's parents Mr. and Mrs. Lloyd Knutson.

Mr. and Mrs. George Gunn of Los Angeles Calif., were recent visitors with old friends and relatives at Hewitt's Landing, Lloydminster and Paradise Valley. It is some 50 years since the writer and George attended the same school at Six Mile Brook, N.S. The years have treated George kindly and with a measure of success since he made California his home.

Need we mention the weather? Friday Sept. 21st proved to be a day and night to remember. Rain and wind! At times we thought we were going to be wiped off the map. As a result harvesting will be held up for several more days and the standing grain took a bad beating. Let's hope that we will fare better in the weeks ahead.

Farming is Big Business

The well managed farm today represents a substantial capital investment. This means a large estate and the payment of succession duties when the farmer dies.

But the government won't take stock or land for duties — they must have cash. Wise farmers buy Life Insurance for this purpose. It delivers the money immediately and preserves the income producing farm assets for your family.

THE LUNCH BOX MEAL

So your family is a lunch box family! Whether it's Dad's hearty appetite you'll satisfy or the children's hunger pangs you'll appease, remember — the lunch each member of your family carries to work or to school is one of his three main meals for the day!

It is a meal in a lunch box — plan it accordingly! The packed lunch takes an added significance if it is to play its role as a meal rather than just a midday snack. Efficiency and endurance at work, progress and well being at school are affected by the foods your family eat each day. Many teachers are concerned because they find that some of the children who take a packed lunch are often listless and tired during the afternoon session — probably due to insufficient food value in the packed lunch. These children do not get the most out of their schooling and their general progress and well being is affected.

Each lunch should contain one food from each of the following groups:

1. MILK — to drink or eat. Cold milk, hot milk drinks, cream soups all carry well in a Thermos bottle. Milk puddings and custards carry well in jars with tightly fitting lids.

2. FRUIT or VEGETABLE or BOTH — celery, carrot sticks, turnip sticks are crisp and good. Whole tomatoes, wedge of lettuce, radishes, fresh fruits are easy to pack and carry. Fruit or vegetable salads, tomato or fruit juices can be used for variety. Stewed fruit, fruit pie or tarts are popular favorites. Apples, oranges, pears, bananas, at least one of these should be included every day.

3. MEAT — Fish, poultry, beans, peas, nuts, eggs, cheese.

Suggested fillings for sandwiches: Sliced cold meat with mustard or relish; ground meat seasoned with celery, onion, or chili sauce; flaked fish or canned fish moistened with lemon juice or vinegar; dried chicken with celery and mayonnaise; chopped egg with onion and salad dressing; sliced or creamed cheese. Sandwiches can be made more interesting by a variety in breads.

4. BREADS — Enriched white; whole wheat; cracked wheat, and brown; buttermilk; light and dark rye; raisin or fruit loaf; cheese loaf, and French loaf. For variety substitute fresh crusty rolls or wholesome muffins.

OTHER SUGGESTIONS

Stews and soups and baked beans with crisp bacon packed in jars to be heated wherever there are facilities for heating, baked spareribs or cold chicken; hard cooked or devilled eggs; meat turnovers and meat patties. These can be made from ground beef or sausage meat seasoned with onion, tomatoes and sage. These suggestions can be given on alternate days with sandwiches.

AVOID MONOTONY

It is important not to give the same food on the same day each week. Nothing is more monotonous than to know that you are going to have cheese sandwiches every Thursday or cold meat every Monday. Vary the shapes of sandwiches from triangles to squares or bars. Choose gaily colored paper napkins and containers for the children and a good sized white napkin for Dad.

Especially for the children a daily surprise packet will be an appetite tempter. Try neatly wrapped packages of washed raisins and nuts, a gaily decorated gingerbread man, several juicy dates stuffed with nuts or a favorite fruit. Even Dad will welcome a surprise — his favorite cheese or a timely cartoon clipped from the paper. One enjoys one's food all the more when one is in a good humor.

PACKING IS IMPORTANT

The ideal lunch box is made of metal with a convenient carrying handle, well ventilated and easily cleaned. It should be washed and aired daily. Some simple identification mark will help to avoid loss and misplacement. Wrap like sandwiches together to prevent the mingling of flavors or pack them in plastic bags. Wrap sandwiches, fruits and vegetables separately in waxed paper to ensure freshness. A damp cloth over the waxed paper wrapping will help to keep them overnight.

Beverages, puddings, canned fruit or salads should be packed in jars with tight fitting lids. Put heavier foods on the bottom to prevent crushing. Don't forget the napkin, spoon, fork and salt and pepper if needed.

YOUR 'PREP' CENTRE

You'll always be organized and on time if one corner of your kitchen becomes the 'prep' centre for lunch boxes. Choose a shelf near the bread box. Stock it with paper napkins, waxed paper, elastic bands, small jars with tight fitting lids, extra spoons, sharp knives and a bread board. Keep seasonings, salad dressings, mustard and vinegar handy. Jars of prepared ahead sandwich fillings that will keep well in the refrigerator will be welcomed when time is precious.

Leaflets on lunch box meal hints and suggestions are always obtainable at the Health Unit Office at Vermilion or at the sub offices at Wainwright, Kitscoty and Innisfree.

Of Many Things . . .

By AMBROSE HILLS

OF MANY TINGS ulpAjy log

This is not an easy world for anyone, but those who try to make it easy for themselves find it the hardest world of all. Those who accept it as a tough world and decide to condition themselves to meet the challenge can build a mighty satisfactory life.

First step toward the satisfactory life is acceptance of the fact that you cannot escape work. Even millionaires you know must do more physical chores on top of the mental effort that boosted them to their present place. The rich man who fails to keep himself physically fit pays a heavy penalty when he [illegible] and puffs around a golf course [illegible] tries to wave a [illegible] or paddle a canoe. The [illegible] make it impossible for any man to have things easy because if he [illegible] things too easy in one area of life, he must sacrifice in another. At a summer camp this year I saw a couple of farm boys looking with envy at the camping equipment of visiting youngsters from the city. But later, [illegible] wood for an evening camp fire, I heard a city boy say to his country cousin: "Gee you're powerful." [illegible] [illegible] self-respect [illegible]

We heard an interesting phrase the other day to do with bringing up children. It was "intelligent neglect." In other words a lot of us tend to fuss too much over our children. Kids develop best if they have to rely on their own resources and work out problems for themselves. So don't keep them tied to your apron strings. Let them wander off by themselves, leave them to themselves sometimes, even to get into some trouble or come back with a bruise or cut. It's all part of the lesson of growing up.

With the do-it-yourself trend growing by leaps and bounds, tool care is more and more important. Don't use gasoline or solvents for cleaning if you want to prevent corrosion and rust. Clean tools in 4 ounces of No. 10 engine oil mixed with 1 quart of kerosene, then wipe with a dry cloth. The kerosene dissolves grease, the oil provides an air-proof coating that prevents rust.

And talking about the workshop and basement, how often have you dropped something that's rolled under a bench or into a dark corner and been almost impossible to find? Much better than burning your fingers with countless matches is having a flashlight handy. There should be one in every house anyway as a safety precaution in case of power failure and such.

Here's a good tip for you cooks. If you're going to cut marshmallows, put them in the freezer first until they are partly frozen. Then they won't stick to the scissors. Much less gooey.

And if you've been plagued by putting either too much or too little dressing on your salads, you can distribute the dressing more evenly over a salad by using a dime store clothes sprinkler.

Have you heard about the wonderful new portable radio that gets its power from the sun? Sound like science fiction? Well, it's on the market now. A special sun-power pack turns the sun's rays into electricity. Indoors or at night the radio plays for 700 hours on six Eveready batteries. It's tubeless too. Works on transistors. Miracles will never cease.

If you want to get a really good shine on your furniture, try using one of the hard finish waxes of the type used for automobiles. They give a moisture-resistant protective coating that really lasts.

Spinach with a flair: when seasoning chopped, cooked spinach, add a dash of nutmeg. For garnish in the dish, press hard-boiled egg yolk through sieve in a golden drift. Looks delicious -- is delicious.

W.M.S. Rally Held At Cold Lake

St. Paul's United Church at Cold Lake was the scene of the annual fall rally of the St. Paul United Presbyterial of the W.M.S. on Wednesday, September 19. The church was well filled with delegations from Vilna, Rife, Bonnyville, St. Paul, Elk Point, Lloydminster, Marwayne, Vegreville, and Wainwright. Addresses of welcome were given by Rev. D. A. McPherson of Wainwright on behalf of the Presbytery; Rev. Seward of the Bonnyville Pastoral Charge, and Mrs. Knapp, president of Cold Lake W. M. S. Presbytery.

Mrs. R. A. Sonley of Marwayne read an interesting paper on the importance of literature in Missionary education, with emphasis laid on interpretation and communication of Christian ideals.

Mrs. Morgan, wife of Rev. Wm. Morgan, spoke of the work they are doing on the Goodfish and Saddle Lake Reserves. She paid tribute to the fine foundation work done by early missionaries, mentioning in particular the influence of Rev. H. B. Steinhauer, himself an Indian. She warned, however, that the church of today is not measuring up to her responsibilities for the Indian people.

The guest speaker was Mrs. H. H. Hadlow of Edmonton, who gave a very informative account of her visit to Toronto last May as a delegate to Dominion Board meeting. Because our study for the forthcoming year will be Southeast Asia, Mrs. Hadlow told particularly about reports on that area given by Miss Dorothy Kilpatrick of India, Miss Margaret Brown of China and Hong Kong, and Dr. Florence Murray of Korea. She also gave the essence of a talk given by Mr. Lewis Perinbam, a Malayan who has travelled extensively in Asia, Europe, the Middle East and, last summer, in Southeast Asia. He is at present Executive Secretary of the World University Service. Christians are a minority group in Asia, but they wield a strong influence, partly because they are a literate group in an area where illiteracy is the rule. On these Asians rests the main burden of witnessing for Christ to Asians.

Miss Rogers, Matron of the John Neil Hospital at Cold Lake, spoke briefly of her work there. All present were greatly interested in visiting this little hospital which has rendered fine Christian service in this area for some 35 years.

Other features which contributed to making this W. M. S. rally one of unusual interest were:

1. The opportunity to visit the Boy's and Girls' Homes at Bonnyville, and the Katherine H. Prittie Hospital there. These, as well as the John Neil Hospital at Cold Lake, are all institutions supported by the W. M. S.
2. The opportunity to meet Miss Jane Noftle who succeeds Miss Ila Newton as W. M. S. missionary at Vilna.
3. The announcement that Dr. Sidney Gilchrist of Angola will be speaking at Vegreville on Thursday, October 25. Dr. Gilchrist is an outstanding personality, and we expect that the United Church in Vegreville will be filled to capacity on the occasion of his visit.

Fall is a good time for warding off next year's crop of dandelions. By spraying the lawn this fall with Herbate, a selective 2,4-D weed killer, you can have a healthy carpet of green next spring.

In the three years 1953-1955 Canadians consigned 336,000 automobiles to the scrap heap, almost as many as they junked in the years 1946-1952. Quick Canadian Facts.

Mannville Residents Bereaved

MANNVILLE. — Word was received by Mr. Beckett Thompson and Mrs. J. Hughes of Mannville of the death of their sister Mrs. Charity Houston of Vancouver. Mrs. Houston who was a twin sister of Mrs. Hughes passed away at the age of 79 after a long illness. The sympathy of the district is extended to Mrs. Hughes and Mr. Thompson.

Traffic Safety Lane

MR. J. W. McKAY, Director of Safety Education, Department of Highways.

TRAFFIC LAWS OF NATURE
FRICTION

The force resulting from the combination of

1. Brake shoes forced against brake drums
2. Friction between tires and road

is known as BRAKING FORCE, or the force that actually stops your car.

Braking force is determined by the weaker of these two sources of friction. For example, even if tires are good, pavement is dry, worn-out linings will produce a low braking force. On the other hand, new brakes will produce a low braking force on ice.

The amount of friction available varies with: 1. Brakes. 2. Tire. 3. Road surface.

The degree of friction between two surfaces is known as COEFFICIENT OF FRICTION.

It is the degree of stickiness between surfaces, or the ratio of the force required to slide one surface over the other to the force holding the surfaces together.

The braking force needed just to lock the wheels of a car gives you a measure of the coefficient of friction between the brake shoes and drums. For if you lock the wheels of your car and then measure the pull needed to drag the car over the road, you have a measurement of the coefficient of friction between tires and road surfaces.

The weight of a car is NOT a factor in determining the coefficient of friction between these surfaces, but it is a factor in bringing the car to a stop. So weight must be taken into account when we consider the braking force needed when stopping your car. This braking force is equal to the coefficient of friction multiplied by the weight of the car. For example, the weight of the car is [illegible] lbs. and the coefficient of friction is [illegible], the braking force is equal to 1,200 lbs. If the road is slippery, the tires [illegible] the brake linings worn [illegible] and the coefficient of friction drops to only .2 while the weight of the car remains the same, the braking force will be only [illegible] lbs. It will only take [illegible] lbs. to [illegible] the car as against 1,200 lbs. in the first case. Then your stopping distance will be doubled since you have only half the braking force, but the same car to stop.

The driver's control always depends on available friction. The driver helps available friction by keeping tires and brake linings and mechanism in good condition.

This is a law of nature which no man can change.

OUR LETTER FROM EDMONTON

Smooth Out Farmer-Hunter Relations

EDMONTON. — That sound you hear isn't the outbreak of civil war, or the start of a Latin American style revolution. It's only the opening of the 1956 duck hunting season in Alberta.

And it marks the first test under actual combat conditions of a new legislative weapon designed to protect landowners and, if possible, smooth out ruffled relations between hunters and farmers. The weapon referred to is the newly amended Game Act passed at the last session of the legislature.

Whether it will do the job is anyone's guess. My own guess is that it won't be the final answer. But it gives farmers a protective law with a few more teeth in it, and it should be comforting to know that the law is there when the need arises.

For the first time, this year sportsmen and shooters are required to seek permission from the owner or occupant before shooting on any occupied land farm land. Previously this rule applied only when the land was posted. More about posted land later.

The new Game Act gives a somewhat tricky definition of "occupied land", and it could result in differences of legal opinion.

The term, according to the act, means any privately-owned lands under cultivation or enclosed by a fence of any kind "and upon which or adjoining which the owner or occupant is actually residing".

As interpreted by officials of the game branch, this means hunters will require permission to shoot on a farmer's 'home place', but shooting can be done without permission on land which is owned by the same farmer, but which is not occupied and which is some distance away.

It doesn't say how far the 'unoccupied' land has to be. Presumably, if it's on the other side of a road allowance, permission is not required. Government officials admit there may be different interpretations of the word 'adjoining'.

The new act still permits a farmer to post his land with 'No Shooting' signs, but if he does, there can be NO shooting -- period! Even the farmer and members of his family are forbidden to shoot on their own land if it is posted.

If a farmer has posted his land in the past and the signs are still up, he has in effect created a game sanctuary. If the farmer himself wants to hunt birds, or permit others to hunt on his land, these signs had better be removed.

The farmer no longer needs them for protection, because hunters must ask his permission anyway. And incidentally, the act now prohibits a farmer from posting signs on 'unoccupied' land where anyone can shoot even if it is privately owned.

The new act contains nothing to stop hunters entering crown lands held under grazing leases, and leaseholders aren't permitted to post them. However, there is protection for the leaseholder under the trespass section of the Criminal Code, which regards such leases as real property.

Provincial game officials admit that the new laws will be difficult to enforce. There aren't enough game officers, and the RCMP have other things to worry about. Farmers can help by reporting violations and obtaining information needed to lay charges.

If everyone co-operates, there will be no trouble. The bad feelings are caused by a small minority of shooters who can't call themselves sportsmen. Few farmers refuse permission when asked. And few hunters with the courtesy to ask will be found causing trouble.

All indications point to a bang-up hunting season this year. Surveys show the greatest concentration of ducks in the central area of the province, between the North Saskatchewan River and the Saskatchewan boundary.

There are so many ducks, in fact, that the government last week had to issue a general permit allowing shooting to eliminate crop damage. Game officers throughout the area were deluged with so many requests for individual permits that they couldn't keep up with them. Under the general permit, hunting can be done only in fields, and only when the farmer asks for assistance.

A Snow-Free Roof Means Wasted Fuel

It's easy to tell which houses in your neighborhood are well-insulated. Just glance at the roofs on a winter day.

The snow on the roof of a poorly-insulated home will be melted, the heat having passed through quickly. The properly-insulated building retains the heat inside — where it belongs. A snow-free roof means wasted fuel.

Since heat always moves from the warmer to the colder area, insulation means year-round comfort since warmth is retained in the house when it is needed and retarded on the outside during the hot weather.

Reduction in fuel costs is the most convincing proof of the value of insulating your home. The savings eventually will pay for the insulation and give a good return on investment. Suppose your insulation costs you $135 and effects a saving of $30 a year in fuel bills. In less than five years you have completely recovered the cost of your original installation and the fuel savings after that are gravy.

Insulation provides other benefits to the homeowner too. It can save redecorating costs because dust and dirt are less attracted to warm surfaces than to cold ones.

An important feature to keep in mind when choosing an insulation is its fire-resistance. It is essential that it be fireproof and a non-conductor of electricity.

Of course re-sale value of a home is also increased if it is well-insulated.

It is wise to discuss your own insulation requirements with a building materials dealer and to get his opinion on the type that would be best for your home.

If you are planning to do your own installation — and thus save applicator costs — make sure that the insulation you choose is light and easy to handle and that it will not irritate the skin.

NEWS from ALLANDALE

Our congrats to the newlyweds, Mr and Mrs Bob Maggs of town who were married Sept 3rd.

Gertie Swanson was a visitor at the home of her sister Stella on Sept 11th. Mr S Andrishak has a museum at Elk Point and Gertie brought him to the Mayers [illegible] in search of relics ... an old gramophone around 65 years old, a hand corn planter, a beefsteak pounder weight 7 lbs ... for really tough steak, a 1906 beaded whisk broom made by the Sioux Indians, a piece of iron ore that came from the largest open pit mine in the world at Hebbing Minn., in the Mesaba iron range. Mr Andrishak welcomes all visitors at his museum. Over 5000 people have registered there in the last four years.

The grade a mile north has been repaired and that road east and west is in use again. It has been gravelled to Idelore Nelson's, the bus road.

On Sept 14th one of the gravel trucks went into the ditch at Jimmy Martin's gate and landed on its side. No one was injured. The accident was due to tie-rod trouble.

Frank Chupka is in charge of the Allandale school bus. Beginners from Allandale this year are Lynda Wilson, Billie McPhee and Ervin Strome.

Herb McPhee was one of the fortunate ones in the Clandonald Fish and Game League this year. He won second prize, a camp gas stove.

Mr and Mrs. Auburn Kepke from Spring Park and Mother Swanson from Elk Point were visitors in the district on Sept. 14. As soon as harvest is finished Auburn and Nellie are leaving for Greenwood, B.C., to spend the winter. Their oldest daughter Delcie resides there (Mr and Mrs. Walter Cox). Their youngest Colette is attending school in Greenwood, while Joan is working in Elk Point as a bookkeeper. She obtained her Grade 12 diploma last year.

Mr and Mrs Lloyd Darling will move into the lovely Kepke home for the winter and will be nearer the high road and the bus route.

Closing Thought: Hope is like a little star that twinkles in the sky ... thanks be to God for giving us this heavenly gift.

We notice that Mr and Mrs Dale Williams are driving a new Pontiac.

Tips on Touring

By Carol Lane

Women's Travel Authority

Seasoned motorists know that travel time isn't over with the end of summer. They have discovered, through experience, that the coming of fall opens up a whole new country for them to re-discover in their automobiles.

This is particularly true for the amateur artists, the Sunday shutterbug and the plain garden variety of nature lover. The riot of colors evident from your car window provides a palette of unusual tints which test the ingenunity of the professional oil painter or the color photographer.

If you are a "some-time" painter, why don't you try pursuing your hobby on your next fall trip? Take along your easel and palette when you do your autumnal motoring. See if you can capture on your canvas the bright gay colors that Mother Nature has painted on the landscape. If you're a camera bug arm yourself with a good camera and a few rolls of color film when you take to the road. The vivid, yellow birches, the flaming red maples and the deep brown oak trees will take on added lustre when you see them again in your color prints.

Smaller but no less colorful objects, such as a sheaf of golden wheat, a brown cat-tail or a spray of silvery pampas grass, also lend themselves ideally to photography or painting.

Capture your autumn car trips on canvas or film, and you can remember nature's most colorful season all year round.

There's an easy way and a messy way of painting a chair. You've probably been caught by the messy way ... painting the outside of the legs and rungs first, then having to reach through to paint the inside parts. The easy way is this -- turn the chair upside down on a table and paint underneath parts first. Put it back on its feet then finish the legs, next do the back. When you leave the top of the seat until the last you can steady the chair while dabbing paint into difficult corners.

Less Crowded

There was more room for straphangers on trains and busses as passenger traffic on city transit systems fell 8% in first-half 1956 compared with last year reports. The Financial Post. But transit and commissions aren't worried: fare increases brought 5% more revenue into the fare box.

In the first six months of this year total payroll of the Canadian automobile industry was $[illegible] million; total of sales and excise taxes remitted by the industry to the federal government was $97 million. Quick Canadian Facts.

Total of persons employed in the federal civil service, exclusive of Crown corporations and other special agencies of the government, increased from 51,[illegible] in 1939 to 1[illegible] in 1945, to 181,[illegible] in 1955. Quick Canadian Facts.

CLAYSHORE CLIPPINGS

Sunday visitors at the Jim Horne home were Mrs. John O'Hearne, Flying Officer Roy Saunders and Mrs. Saunders of Ottawa. They are the latter's aunt and cousin. Mrs. Saunders is an opera singer having studied in Naples and Florence, Italy. Her stage name is Elinor O'Hara. She has appeared on the stage in Edmonton and Toronto.

Dinner guests at the Robert MacMillan home Sunday were Mr. and Mrs. Allan Olstad and family. Afternoon callers were Mr. and Mrs. Neil Maclean and family and Mr. and Mrs. Harry Scott of Vermilion.

Monday evening supper guests at the home of Mr. and Mrs. Oliver Willes were Mr. and Mrs. G. King.

The rain last Friday certainly put a stop to harvesting operations for awhile. The elevators here recorded 2¼ inches.

Mr. and Mrs. Pete Krushinsky were callers at Tom McCauley's on Sunday evening.

Memorable Anniversary Services Held At First United Church

The completion of fifty years of service to God and man was observed by the First United Church on Sunday, Sept. 30th by two memorable sessions of worship, one in the morning and the second in the evening. At these services were noticed many faithful members, a few even who had attended the first service held in the church and others who had long been regular attenders and supporters and could well remember the Rev. A. R. Aldridge and the Rev. Wm. Simons, the first to minister to the congregations now represented in the union of churches.

The sermons at the Jubilee services will long be remembered, the guest minister being the Rev. Lindsay Vogan, presently Old Testament professor at St. Stephens College, Edmonton. Mr. Vogan was awarded the Distinguished Flying Cross in the last war. He was a squadron leader, serving five years overseas. He also has a well rounded experience as a business man and a farmer. His earnest, enthusiastic and dynamic messages on themes of this modern age, could not help but impress his congregations deeply.

CHURCH HISTORY GOES BACK TO ROOTS OF TOWN

The history of the two congregations represented now by the First United Church, goes right back to the very roots of the town. It is remarkable to think that the Methodist church, now the Gospel hall, was erected in 1905, one of the first buildings in Vermilion. The church now used and known as the First United was constructed in 1906 and dedicated on Sept. 30th of that year.

Better perhaps to follow the history of the two churches separately until their union in 1926.

THE METHODIST CHURCH IN VERMILION

In 1905 the Rev. A. R. Aldridge was appointed to Vermilion, at that time known as Breage. His headquarters were at Old Mannville until the parsonage was erected. The opening of the parsonage was heralded by the first social event in Vermilion. Methodist services were first held in the Ross Restaurant, later in the parsonage. The

REV. A. R. ALDRIDGE
First Methodist Minister
1905 — 1909

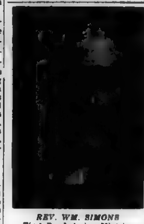
Presbyterians alternated with the Methodists in preaching in the parsonage. The Methodist church was opened in November, 1905, and was the first between Fort Saskatchewan and Lloydminster. For several months this church was used by Presbyterians and Baptists alternating with the Methodists, so possibly the seeds of Union were planted in those early days.

Prior to the appointment of the first official board on August 28th, 1908, a finance committee rendered valuable service. This committee included men who were destined to play a major part in the development of the new town: John A. M. Craig, H. Wentworth Brown, Wm. Raddatz, Dr. Ryan and Frank Baker. Wm. Raddatz was the first Sunday School superintendent. Henry Stephens taught the first Bible class and was succeeded by Miss P. M. Brimacombe now Mrs. Calvert.

The following ministers served after the Rev. Aldridge: Rev. E. J. Hodgins, 1909-1912; Rev. J. C. Anderson, 1912-1915; Rev. A. B. Argue 1915-1918; Rev. M. L. Wright, 1918-1922; Rev. Charles Bishop, 1922-1926.

THE PRESBYTERIAN CHURCH IN VERMILION

As early as 1904 Mr. Fletcher was appointed as missionary of all the territory lying between Birch Lake and Vermilion. In 1905 Mr. Harley, a student minister conducted services at Breage, Island Lake and Flemming Settlement, while the Rev. W. J. Gold of Vegreville administered the sacraments and admitted three charter members to the Vermilion congregation, Dr. H. L. Burris and Mr. and Mrs. Edwin Covey. Later in 1905 Rev. W. Simonds was appointed ordained missionary to Vermilion.



REV. WM. SIMONS
First Presbyterian Minister
1907 — 1912

Services were first held in the store of the Western Trading Company; a board of managers consisted of E. Covey, Dr. Burris and Norman Murray. Later regular services were held in the Methodist parsonage and church, while fortnightly services were conducted at Islay, Stratton, Mannville and Boe's Ranch.

In 1906 the Presbyterian church was built and on Sept. 30th, 1906 was dedicated by the Rev. Forbes of Fort Saskatchewan.

Rev. William Simons was inducted as pastor on Sept. 30th, 1907 and served until 1912, being succeeded by Rev. W. F. Allan 1913-1919; Rev. W. P. Burns 1919-1920; Rev. Frank Chilton 1921-1923; Rev. M. S. Kerr 1924-1926.

BAPTISTS AND DISCIPLES JOIN

A third Vermilion congregation which joined the union in 1925 and 1926 was the Church of the Baptists and Disciples. Their place of worship was the building now known as the Alliance Chapel. Members of that congregation have proved strong and active supporters of the United Church ever since. Prominent among them are the Stephens families, Mr. and Mrs. W. S. Cash, and Mrs. H. P. Long.

THE FIRST UNITED CHURCH

The United Church of Canada came into being in 1925 with the union of the Methodist and Presbyterian churches. In Vermilion they remained as separate congregations until May 1926. It was decided at that time to use the Presbyterian church in future. The Methodist church was sold in 1928 to the Plymouth Brethren.

Many changes have been made throughout the years in the church to accommodate the ever-growing congregations. In 1948 possibly the most extensive change was made when the church was raised and moved on to a full sized basement which provides Sunday school facilities and hall. In 1953 the interior was remodelled with a choir alcove and altar furnishings added. In 1954 a new floor and oak pews were installed, resulting in a very pleasing interior.

The ministers of the First United church have been: Rev. M. S. Kerr 1926-1928, Rev. H. A. Boyd 1928-1940, Rev. L. G. Seiber 1940-1943; Rev. E. S. Reikie 1943-1949, Rev. W. N. Blackmore, 1949-1951.

Rev. C. W. MacKay came in 1951 and continues to minister acceptably and well to the needs of the ever-growing congregation.

The latest undertaking of the parishioners is the building of a new manse. This has been commenced on property immediately across the street from the church.

Following the Jubilee service in the evening the congregation gathered in the church hall for a social hour, during which the members of the session served refreshments and a rousing sing-song was led by Mr. D. C. Folk with Mrs. A. M. West playing the piano.

Teachers From Three Divisions To Meet At The V.S.A.

Six outstanding educationists from the United States and Canada have been invited by the Alberta Teachers' Association to be guest speakers at the thirteen teachers' conventions throughout Alberta from Oct. 4 to Nov. 9th.

The Vermilion convention will be held on Oct. 11 and 12 at the School of Agriculture and will be attended by teachers from the Vegreville, Wainwright and Vermilion school divisions.

Guest speaker will be Dr. Harold P. Fawcett, Professor of Education, Ohio State University. Dr. W. H. Swift, deputy minister of education and H. B. Barnett of the Faculty of Education will also address the general sessions. Representing the Alberta Teachers' Association will be M. W. McDonnell and F. J. C. Seymour.

Addressing the banquet on Thursday evening will be Dr. L. E. Gads, Secretary, Faculty of Engineering, University of Alberta.

A dance open to the public is being held in the V.S.A. gymnasium on Thursday evening commencing at 9:00 o'clock.

The convention committee is headed by James Humphries of Wainwright as president and comprised of Hugh Doherty of Mannville, David Clarke of Paradise Valley, Jas A. Smith, of Vermilion; A. Ronaghan, W. Labatiuk, G. Strong, M. Tomyn, C. A. Richardson, J. David.

Over 100 Attend Opening Meeting Of Home & School

Over one hundred members and visitors attended the first general meeting of the Vermilion Home and School Association held in the Junior high school on Tuesday, Sept. 25th.

The introduction of the teaching staff by their respective principals was followed by the introduction of the executive.

Again this year, meetings will be held on the last Tuesday of the month.

"Parent Information" will be the central theme around which meetings are planned. The executive welcomes suggestions and topics you wish brought before the Association for consideration.

Mr. F. Stewart reported on the activities sponsored by the Vermilion Amateur Athletic Association.

The discussion of early closing and shorter noon hour ended with the appointment of a committee to investigate.

Following the film "Mike Makes His Mark" the group broke up for a buzz session. The problem of boys and girls wanting to leave school to secure jobs was discussed.

The evening closed with the serving of coffee and cookies.

Keith Inman Takes Office As President Vermilion Kinsmen

At the first regular supper meeting of the Vermilion Kinsmen Club at the Brunswick Hotel, the Executive for 1956-57 were installed. Past president Bob Anderson, in the absence of charter president Keith Chalmers, carried out the installation. The following members comprise the new executive body:

President — Keith Inman
Vice-Pres. — Ron Williams
Secretary — Ed Evans
Treasurer — Steve Charchuk
Registrar — Leo McKernan
Editor — Bill Novak
Directors — Ron Payment, Bill Flechuk, Joe Hart.

SUCCESSFUL YEAR AT WADING POOL

The Kinsmen wading pool completed another very successful year of operations with Donna Cooper very ably supervising the pool and playground area. Although the Kinsmen themselves were responsible for numerous improvements in the playground, the time and work donated by Wilf Clifford and Bill Pettigrew are greatly appreciated by the Kinsmen Club of Vermilion.

The first project of the Kinsmen this fall will be 'Peanut Night' to be held in November. Peanut Night proceeds this year will be turned over to a very worthy cause, the Scout Hall building fund.

Successful Gathering At St. Saviour's

An interesting and provocative evening was spent on Monday, Oct. 1st by Anglicans who gathered at St. Saviour's in Vermilion from as far away as Vegreville and Cold Lake to discuss the subject of Evangelism.

Representatives of all the Anglican parishes in the Vermilion section of the Wainwright-Vermilion Deanery sat down first to a pot luck supper organized by the Happy Hour group of St. Saviour's W.A. An informal discussion meeting followed in the church, led by Canon E. S. Ottley, Canon W. Elkin, Mr. Ed Norman and Mrs. Currie, all of Edmonton. The question as to whether the church was really doing its job as a Redeemed and Redeeming Society was actively debated and a full discussion took place concerning the role of a truly convinced and convicted Christian lay person in his community.

Scouts To Hold Annual Apple Day

The Vermilion Boy Scouts Association at the annual meeting held recently, decided to again sponsor their annual Apple Day drive for funds. Householders and the general public will be contacted by Boy Scouts, while business places and service clubs etc. will be contacted by members of the Association.

For some years now it has been the desire of the Association to have an addition built on the Scout Hall to provide enlarged quarters and essential rest room facilities for the 160 boys and girls using the Hall. Work has now commenced on this addition, but sufficient funds are not on hand to compete the project. The drive for funds this year is designed to assist in the financing of the addition, and everyone is urged to assist in any way possible. When the canvasser calls on you please be generous.

All Guide, Brownie, Scout and Cub groups are in the process of reorganizing for the year and the first meetings have been held. Any child age eight or over is welcome to attend a meeting to become a member.

The Association is again faced with the problem of finding sufficient leaders to handle the number of youngsters taking part. Anyone who is interested in youth work is asked to get in touch with any Scout, Cub, Guide or Brownie leader. Meetings are held both afternoons and evenings and any one wishing to help will be warmly welcomed.

Vermilion Salvation Army Corps Wins Provincial Shield

During the recent visit to Vermilion of Alberta's Divisional Commander, Sr. Major William Ross it was announced that the Corps Cadet Brigade of the local Salvation Army Corps had won the shield, representing proficiency in Bible Study and Church Activity. This was the first time the shield has been awarded and entered in the competition were the young people from such larger Alberta centres as Edmonton, Calgary, Medicine Hat and Lethbridge.

The Corps Cadet Brigade is open to young people of the Salvation Army between the ages of 13 to 19 years. The six year course is especially prepared for the purpose of equipping the young people for leadership in church work.

The Vermilion Brigade is under the supervision of Corps Cadet Guardian Mrs. Kenneth Isley. It is also to be noted that three of the Vermilion Brigade came out on top with perfect marks in the last course.

The Brigade will travel to Edmonton on Saturday Oct. 6th where they will be presented with the shield from Lieut. Col. C. Wiseman, Field Secretary of The Salvation Army for Canada and Bermuda.

Tent Court To Be Built, Cottage Sites Surveyed

Provincial Board Plans Extensive Development At Vermilion Park

The Provincial Parks Board have extensive plans for the Vermilion Provincial Park. These are already in process of being carried out as surveyors are laying out cabin sites this week. With the proposed developments the park will rank as one of the finest outdoor provincial recreation areas in the province.

Included in the progressive moves are sites for summer cottages, and a location for a tent court. Lots will be surveyed for summer cottages and these will be on the east side of the present picnic area. The lots will be for rental at $10.00 per year with the building of the cabin to be a private enterprise on the part of individuals.

The tent court will be located close to the present ball diamond but in no way interfering with it. In this case floors are laid, lights installed in the area with all conveniences for the tourist who wishes to pitch his tent for overnight or for as long as three days. It is not for permanent campers, being designed chiefly for the tourist. Tenting is becoming very popular with families on holiday.

There has been a persistent demand for summer cottage sites and the news that these are being surveyed right at the present time will be hailed with delight.

Included in the plans for the park are two new comfort stations. These take the place of the numerous toilets. There will also be a small administration centre erected for use of park officials, swimming instructor and caretaker, etc.

More picnic tables are a need and twenty additional will be built this winter for use during the next beach season. $500.00 is being allotted for sand hauling this winter to further improve the beach.

Considerable underbrushing has already been done. This is giving the whole frequented area a well-kept park-like appearance. The driveway to the west is being improved with all the underbrush between the road and the edge of the lake being removed. Once out, this growth will be kept down by the use of the spray.

When this provincial park area was established by the government, Vermilion and district people were told that if they took an interest in it, helped it along by their own efforts, made good use of it, that the Provincial Parks Board would be right in there assisting them. A tremendous amount of use has been made of the park, beach and lake; the local parks committee of Melvin Hill, Ken Urquhart and Bill Sutherland have supervised and aided in every way possible spending time amounting to days, thinking, working and promoting park. As a result the Provincial Board is really living up to their end of the bargain, although they have been most co-operative right from the time the park was established.

Hockey League Will Hold Annual Meeting

The annual fall meeting of the Eastern Alberta Hockey league will be held in the Legion hall at St Paul on Sunday Oct. 7th, commencing at 2 p.m. All league teams are expected to have representatives present to discuss plans for the coming season. Acting President of the league is E. A. Locke of Vermilion and Jas. Humphries of Wainwright is secretary.

ATTENTION, OLD TIMERS!

The Old Timers' Banquet and Round-Up will be held on Tuesday Oct. 30th at 6:30 p.m. in the Legion hall. As there are no invitations being issued this year all those who will be attending please notify Hilda Cross or Geo. C. Webb. 14-17

Alliance Chapel To Hold Campaign

The annual evangelistic campaign of the Alliance Chapel will be held this year Oct 23 to Nov 4th with Rev. Roland Johnson serving as evangelist.

Mr. Johnson is a member of the Bureau of Evangelism under the Christian and Missionary Alliance and comes with a wide experience in the field of evangelistic ministry. People of all faiths are welcome to attend this soon-coming series of services.

BRENT MACNAB TO REPORT TO QUEBEC ACES

Mr and Mrs Brent Macnab Jr and three children expect to leave soon for Quebec where Brent will again play hockey with the Quebec Aces of the Quebec hockey league.

Monday, Oct. 8th Thanksgiving Day

Monday, October 8th has been designated as Thanksgiving Day in Canada. All business places will be closed all day.

VOLUNTEERS FOR TEEN TOWN

For the past few weeks I have been approached by many 'teen agers asking about forming a "teen town". I promised I would consider helping provided I can get help from responsible adults around town. As you must realize at the end of October when the college opens my time for working with these young people will be ended. Nevertheless a program can be arranged and supervised by volunteer help. A program I have in mind would consist of Crafts, Music, Sports, Hobbies, Gymnastics and Socials. What I would like is, if you are interested or qualified (entirely or partly) and have one night a month to devote to any one of the interests listed above, to make contact through any of the High school 'teen agers and we'll see that you get a chance to help.

OUR OLD FOLK

How wonderful it is to grow old, especially when one ages "gracefully"; yet how sad it seems that so many who have reached a ripe old age are dependent on relatives or friends, and in many cases become a burden.

How strange too, that although there always seems plenty of money for the advancement of science and education — both most worthy causes—and when war breaks out there is no lack of funds for arms and ammunition, yet our country is definitely short of homes for the aged.

Recently as the result of a fire call to an old folks home in a small town in the Province of Quebec, it was revealed there were upwards of 20 old people resident there without proper supervision, and the building, which was by far too small, was nothing but a fire trap.

Investigation is now under way as to why this condition should have existed, and it is hoped that some definite action will be taken, to ensure those who have to seek refuge away from their relatives will be properly cared for. In this particular case good money is being paid for their keep, and they are worthy of better treatment!

How about our community? Are our old folk receiving the treatment and care they should, or are we younger citizens just sitting around satisfied and content with our own lot?

More hospitals and more homes for the aged are badly needed, and in their establishment all governments should take a more active part.

COLLECTIVELY SPEAKING

While the number of daily newspapers diminishes, by reason of amalgamation, failure or the arting of rising costs on an already costly operation, weekly newspapers across Canada hold a place of increasing importance. This is not only through their local news coverage, which is almost exclusive, but by their ability to offer advertisers a local market at a more intimate level than any other medium can hope to do.

The small weekly papers have a neighborliness which is denied to the metropolitan dailies. Here even routine news is worth while and even GOOD news deserves a headline. If John Smith is robbed he gets a special mention not only on his own account but because his neighbour may stand to lose to the same offender and a warning is in line. If Bill Jones talks to the Rotary Club his speech is recorded as worth reporting. The local meetings names carry news and names are news not only to the immediate locality but to the many and far flung subscribers who will read the town paper till they die.

But if you read the weeklies [illegible] carefully you will find [illegible] supports all the causes which tie themselves in with better living in communities [illegible] small. Safety Campaigns, National Fire Protection, Save the Forests, Prevent Drowning, to name a few. All these are national in scope and all are local in immediate application. Some seven hundred weekly newspapers carry these and are read in their own community and its immediate environs. Sometimes editorials are copied in the daily papers but even without this their collective voice reaches across the width and the breadth of Canada and is worthy of mention in this Newspaper Week.

FIRE PREVENTION ON THE FARM

During Fire Prevention Week, October 7-13, farmers are urged to make their fields and yards as safe from fire as their homes, barns and other buildings. According to the Association of Canadian Fire Marshals and the Canadian Association of Fire Chiefs, tragic and costly loss of life and property on farms could have been easily averted.

Many fires start outside the buildings from hazards which include dead vegetation and combustible rubbish which can be easily ignited by a carelessly dropped cigarette or match or by sparks from farm machinery.

Even the suburban gardener may contribute to his own destruction by placing compost heaps too close to buildings. Given the right weather conditions, spontaneous combustion may start the rubbish burning.

The dual associations, which are going all-out to prevent such fires, urge farmers to remove weeds and undergrowth, to clean up and destroy rubbish that may contribute to a fire.

Many farm and surburban homes which use wells as a water supply find, when fire breaks out, the water supply fails. It may be adequate to service the house, but under constant pumping the water in the well does not return fast enough to maintain steady pumping.

The associations suggest that in addition to the usual garden hose, fire extinguishers, filled water pails and ladders, every farmer should keep on hand equipment for fighting field fires such as back-pack pumps, sprayers, fire swatters, brooms or wet burlap bags. And don't be afraid to call your neighbour and the nearest fire department—to help in fighting grass fires.

GUN SAFETY

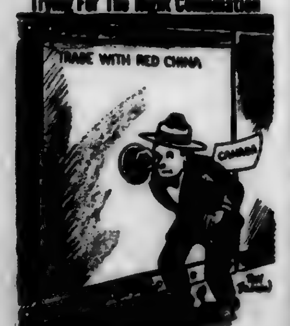
Ever have a gun pointed at you? What fear it evokes! How often a jester has toyed with a gun he thought empty, only to be shocked into seriousness by the prone figure before him. Enthusiasm runs high among hunters during the fall season, but enthusiasm should not give way to carelessness. To keep hunting at its sporting best, stress gun safety. Never point a gun at anything you have no intention of shooting. Treat the unloaded gun with the respect commanded from a loaded one.

While underway and your quarry is in sight don't be in such a great hurry that you climb over fences with the loaded gun. Pass the gun through the fence. Have the muzzle pointing away from yourself and your companions. Make sure the safety catch is on. It proves very comforting should you happen to stumble. Also refrain from standing a loaded gun against a fence or tree and don't pull it toward you by the barrel.

Finish your hunting trip with a pleasant ending by carrying only empty guns, taken down or with the action open, into your automobile or camp and especially into your home.

Don't fill oil stoves, gasoline lanterns, while they are burning. Let them cool off. And don't smoke while working around them.

Trying For The Right Combination



BUFFALO COULEE ACTIVITIES

High Percentage of Passes At Buffalo Coulee; Two Honors Students

This report on the standing of the Buffalo Coulee students in the recent Departmental Grade 9 exams may be a little late but very commendable none the less. Out of 11 students writing, two received honors standing, that is 18.18%. The other nine students or 81.82% made complete passes.

Out of 66 papers written by 11 students there were 25.76% H's; 42.42% A's, 25.76% B's and 6.06% C's. To sum it up 93.94% passed with a B or better grading. This is certainly a fine record for the students and their teacher, Mr. Bushko. Incidentally, during the nine years that Mr. Bushko was principal with Grade 9 students writing exams every year, there has not been a single failure. We just hope our school will keep up this record with their new principal Mr. Bauman.

Still more of our families are leaving the community. Mr. and Mrs. Lawrence Barlow Sr. have moved in to Vermilion leaving son Larry and his wife to carry on the farm. Mr. and Mrs. Morris Cooper and daughters Enid and Maxine have moved to Irma where Morris has gone into the garage business. Mr. and Mrs. Sidney will be in charge of the home farm.

STUDENTS ELECT OFFICERS

The Students' Union of B.C. have elected their new officers for the coming season. They are: President — Lorene Everett; Vice-President — Judy Hinton; Secretary — Pearl Kocowski; Treasurer — Barbara Hinton; Social Convener — Wayne Green. Before too long the Grade 7 students and the new teachers will be properly initiated followed by the first party of the term.

SCOUTS, C.G.I.T. MEETINGS

The Scouts and C.G.I.T. group will be starting meetings again as soon as the harvest is over and if the weatherman will just co-operate that shouldn't be too long.

W.A. GROUPS HOLD MEETING

The W.A. groups met at Auburndale church recently but owing to the busy season not very many ladies were present. The next combined meeting is to be held in December at which time there will be the election of officers for the coming year.

NURSES GO TO B. C.

Miss Rita Everett, a recent graduate of the General Hospital in Edmonton, has gone to commence her nursing career at Vanderhoof, B.C. Doreen Stone who has been at Stettler for the past six months left last week for Alert Bay, on Vancouver Island where she will be on the staff of St. George's hospital.

DISTRICT HOME ECONOMIST

Miss Edna M. Craig has been appointed District Home Economist for this area. Her headquarters are at Wainwright but messages for her can be left at this office. Miss Craig is available for meetings of Women's Institutes, school and church groups. Get your dates for meetings set now as Miss Craig will have a full itinerary for the fall months. There has not been a Home Economist in this district for over a year, so I am anxious that women's organizations here will make full use of the services provided from Miss Craig's office.

PLANNING KITCHENS

Miss Craig informed me that she would like to visit a number of farm homes and talk over the remodeling of kitchens. Write to her about your problems whether it is canning or cooking or planning the home. Also, see Miss Craig about starting girls' clubs. You can choose gardening, cooking or sewing for the girls in your district.

MAGPIE TRAPS

Plans for making magpie traps are available from this office. Get rid of this useless bird that does a lot of harm around farmsteads. A few years ago I counted as near as I could, sixty magpies in one trap.

COMBINE STRAW

There are several good ways for collecting straw behind the combine. Some of these bunchers can be built easily on the farm. If you need some straw for feed or bedding, here is the best way of saving it. Get this book of plans from your D.A.'s office.

COURSE ON LEADERSHIP

A course on leadership well suited to farm boys and girls is available at the Banff School of Fine Arts. The cost is only $20 for selected candidates. The sponsoring organizations pay the balance. Free transportation by car from Lethbridge, Calgary and Edmonton will be supplied. Dates of the course from Oct. 29th to Nov. 9. Application forms must be mailed by Oct. 10th. Get an application form and further information from this office. Local young people who attended before report that it is a wonderful course. I would like to see that this district sends down a full share of young leaders to Banff.

FARM FAMILY AWARD

The Rommahl family of Viking won the farm family award for north-eastern Alberta. The entry from this district was Henry Haan of Rivercourse. I was told by the judges who went through here about three weeks ago that Mr. Haan had an exceedingly high score and that he had a good chance of winning but after all the farms were judged the award went to Viking. Congratulations anyway Mr. Haan for your high standing in this event.

It Could Happen To You

The advent of the fall season brings to the fore certain driving hazards, one of the most deadly being the Creeping Killer, carbon monoxide.

The Alberta Safety Council has issued a warning to motorists to be on guard at all times against these poisonous fumes which each year take a toll of lives in Alberta and across Canada.

Among the victims of carbon monoxide every autumn and winter are young couples who park in secluded spots with the car engine running to operate the heater. In numerous instances, the victims were only sitting out a dance or talking over the events of the evening after a party, when the deadly fumes were drawn into the car by the air conditioning heater.

There are also instances where the victims were drunk persons who went to sleep after neglecting to turn off the engine.

In far too many cases, carbon monoxide struck when the car driver, in many cases a business man, decided to warm up the car in a closed garage. This can be a fatal mistake especially during the [illegible] and winter when engines [illegible] warming and drivers are apt to [illegible] get to open the doors first.

Officials of the Safety Council point out that the only defense to poison gas is an [illegible] of fresh air to carry the gas out of danger zones. When an engine is running, it is producing carbon monoxide and this gas must be prevented from accumulating in any enclosed space where it will create hazards.

Furthermore, it should be realized that the gas cannot be tasted, seen or smelled. It may enter the car through the floor boards from a defective muffler. It may be carried by wind to the front of the car and be drawn in by the air conditioning heater.

Defective exhaust systems are likely to cause persons to be overcome as a result of the escaping gas finding its way into the passenger section even when the car is travelling at high speed.

A quick and effective inspection may be made by placing the car on a hoist with the engine running. If the temperature is freezing or nearly so, exhaust gas can be seen wherever it escapes. Examine the exhaust system from the engine manifold to the tail pipe for such leaks and replace any part which has burned through or has been broken by rocks or other obstructions on the road. Small leaks can be heard as well as seen. If it occurs near manifold it may given an audible whistle. Further back it may be a spitting sound when the engine is accelerated.

Service station personnel could perform a great service by watching and listening for leaky exhausts at this season. A word of warning could save a life. A defective muffler should be replaced by a new one as repairs are not safe. In some states in the U. S. A. it is illegal to attempt repairs to burned out mufflers.

Carbon monoxide danger is greatest in the cold months and motorists should begin now to take precautions: 1. Have exhaust system of vehicles examined for defects. 2. Always open garage doors before starting motor. 3. Never sit in a tightly closed car with the engine and heater on. 4. Always ventilate cars and trucks when heater is on, preferably by partially opening the window farthest removed from driver or passengers. This is to prevent gas being drawn too close to a person's face on its way out.

Mr. and Mrs. Sidney Gerald Brass

Gerald Brass and Miss Betty Jane Kienzle Married In Edmonton

Miss Betty Jane Kienzle, daughter of Mr. and Mrs. Edward Kienzle of Edmonton, became the bride of Mr. Sidney Gerald Brass, son of Mr. and Mrs. Sidney Brass of Vermilion in an attractive ceremony at McKernan Baptist church, Edmonton, recently.

Rev. A. Lamprecht officiated.

The bride, given in marriage by her father, chose a gown of eggshell Chantilly lace over shimmering satin. The fitted bodice was styled with a square neckline highlighted with folds of net and modified with a matching lace bolero. The full skirt of her gown, terminated in a slight train. Her chapel veil of illusion tulle and Chantilly lace was encrusted with seed pearls and brilliants. She wore a black diamond pendant and earrings and carried a crescent bouquet of Talisman roses and stephanotis.

Miss Hilda Brass, the groom's sister, was maid of honor and Miss Rose Yeske was bridesmaid. They wore identically styled gowns of waltz-length nylon sheer in sky blue with colonial picture hats floral trimmed. They carried bouquets of pink carnations.

Mr. Harry Hodgson of Vermilion was best man. Ushers were Mr. Beverley Baldock and Mr. Clarence Dahe.

Mrs. Reuben Hermann, sister of the bride, played the wedding music. During the signing of the register Rev. Reuben Hermann sang "The Lord's Prayer".

The bridal reception was held at Chick's Bar-B-Q. The tables were beautifully decorated for the occasion with vases of blue and white carnations. The bride's table was centred by a triple-tiered wedding cake embedded in tulle and arched in tiny flowers and flanked on either side by candelabra of blue and white tapers.

To carry out the color scheme the bride's mother, sister and aunt and the mother and sister of the groom wore varied shades of blue.

Rev. Lamprecht proposed the toast to the bride to which the groom fittingly responded.

At the conclusion of the reception Rev. Hermann sang "Because" accompanied by Mrs. Hermann at the piano. The guests were then invited to the home of the bride to speed the happy couple on their way.

For a honeymoon trip to Great Falls and Banff, the bride changed to a light brown flowered dress with a matching tan duster. She wore avocado green accessories and her corsage was of yellow gardenias.

The newlyweds will make their home in Edmonton.

Ukrainian Catholic Parish of St. Josaphat Holds Carnival At Innisfree

MANNVILLE.—A two-day annual carnival, sponsored by the Ukrainian Catholic Parish of St. Josaphat in Innisfree, was held recently where Miss Alice Koshuta of Innisfree was elected as the Carnival Queen, having received the greatest number of votes. The other four candidates who had helped so enthusiastically were Miss Patricia Hlus of Innisfree, Miss Elsie Sywenky, R.R. 1, Mannville; Miss Emily Wapman, who took over from her sister Miss Liz Wapman, Vegreville; and Miss Olga Hryciw, New Kiev.

Acting as master of ceremonies, Mr. Steve Chorny called upon the mayor of Innisfree, Mr. T. Atkins to crown the Carnival Queen. The presentation of the annual carnival silver trophy to Miss Alice Koshuta was made by Mr. J. Nedzielski, president of the parish of St. Josaphat. Then the Carnival Queen and her four attendants were each presented with appropriate souvenir trophies provided by the Ukrainian Catholic Ladies League. These trophies were presented by Mrs. John Andruk, President of the League. In addition for such wonderful and enthusiastic effort, each girl received a cash award which was presented by Mr. S. Chorny. Then the master of ceremonies on behalf of the Parish expressed sincere thanks to the carnival queen and the four attendants for having volunteered to take part in the carnival and for having helped so generously. Sincere thanks were also expressed to the parents of the candidates who had taken such an active and unfailing interest in the project, to the [illegible] who had put in so much of their time to make the carnival a success, and to those in the various areas who so [illegible] each candidate [illegible] may succeed.

Net proceeds from the carnival amounted to $1728.95 which will be used to continue construction of the new church being built in Innisfree.

Music for the crowning ceremonies and for the dance which followed was supplied by Mr. Joseph Dubuc and his orchestra of Vegreville.

Gasoline, benzine, naptha and other flammable liquids should be kept in metal containers. Paint gasoline cans red so they won't be mistaken for kerosene cans — and never try to start a fire with gasoline — the vapour explodes.

Earl Pollard Guest of Rotary

Guest of honor at the Rotary luncheon last Friday was Earl Pollard. Earl won the Rotary-sponsored Roadeo here last June. He then went on to Edmonton for the finals between the district winners. This contest was driven recently and Earl won third place. Congratulations of the club were extended to Earl by President Reg M[illegible].

Other guests present were Bill Pooling and Ken Fisher of the Lloydminster club, Ronnie Hayward and W. S. Cash.

Chauncey MacKay has just returned from three weeks spent at General Council of United church at Windsor. He gave some general impressions of the conference, also of attending Rotary at Windsor with some 45 to 50 other visiting ministers. In lighter vein they also attended a major league ball game in Detroit on a Saturday afternoon.

Poor Harvest Weather

Just when everyone was all set to make inroads into unthreshed fields, the weather broke and .06 inches of rain fell on Tuesday. Some districts had heavier showers Sunday evening. Weather is cool so drying is slow.

The September rainfall totalled 2.46 inches. Heaviest September rainfall was in 1947 when 2.87 inches drenched the harvest.

September rainfall since 1950 has been:

1956	2.46 inches
1955	2.46 inches
1954	.80 inches
1953	.41 inches
1952	1.75 inches
1951	1.03 inches

Joan Garland Married At Bowness

Wedding vows were exchanged in a recent ceremony in St. Edmund's Anglican church, Bowness, when Miss Joan Ardith Garland, daughter of Mr. and Mrs. George E. Garland, Bowness, became the bride of Mr. Allan Harry Whyte, son of Mr. and Mrs. A. Roy Whyte of Bowness. Rev. William Bates officiated at the ceremony before an altar banked with fall flowers.

Given in marriage by her father, the bride wore a princess style, waltz-length gown of white embossed orlon net over taffeta. Her chapel veil fell from a coronet headdress of net apple blossoms and she carried a colonial bouquet of white gladioli, each centred with a small red rose, backed with silver lace with cascading white ribbons.

The bride was attended by her only sister, Miss Betty Ann Garland. She wore a pink waltz-length gown of embossed orlon net over taffeta. Her colonial bouquet was of a soft shade of yellow carnations. The groom's brother, Mr. Robert W. Whyte, was best man, and ushers were Mr. Arthur Garland and Mr. Brian Garland, brothers of the bride.

Mr. Cliff Lemmerick played the wedding music and Miss Barbara Jones sang "The Lord's Prayer" during the signing of the register.

A reception was held at the home of the bride's parents where the bridal toast was proposed by the best man.

Mr. and Mrs. Whyte left for a honeymoon trip to Salt Lake City, Utah, where temporary residence will be taken while Mr. Whyte attends the University of Utah.

Save Yourself, If Trapped by Fire

More than 300 lives are lost annually in fires on the farm and in the country, and with the rapid increase of suburban areas the ghastly toll may rise before these far away areas can be adequately serviced by city fire departments. The death toll could have been reduced, and will be reduced in future, if householders learn how to save themselves. According to the Association of Canadian Fire Marshals and Canadian Association of Fire Chiefs, a few simple rules may save your life.

If you are trapped in a smoke-filled building, remember the air is clearer near the floor. Protect your face from heat and flames. Feel doors before opening them. If they are hot, deadly heat or flames may be on the other side. If you are trapped in an upper storey, don't jump unless it is the last resort. Figure out a way of escape from each room before a fire occurs. Remember every window in a ground floor bungalow is a possible emergency exit. Break the glass with a chair or other article. If you do get out, stay out. Some of Canada's worst tragedies have happened because someone returned to a burning building to save property. You can always make more money, but you can't come back to life.

Ontario averages 1200 forest fires a year, many of them caused by human carelessness. Fires and insect disease have cost more timber than all the commercial cutting since logging began.

OUR LETTER FROM EDMONTON

Poor Response to Taxation Survey

EDMONTON. — First sampling of opinion among Alberta municipal officials, regarding the possibility of new forms of taxation, turned out to be a bit of a flop.

It was an informal survey carried out by questionnaires appearing in The Municipal Counsellor, a monthly magazine published by the provincial department of municipal affairs. It circulates to approximately 1,000 municipal council members and hired officials.

One of the major questions was whether the subscribers would favor the reduction of a sales tax as a new source of revenue and as a possible means of reducing property taxation. Of those who returned their questionnaires, 58 per cent were in favor and 42 per cent were opposed.

The joker is that only around 10 per cent of the subscribers bothered to answer the questions, which means that replies were received from approximately 100 officials. All of which proves practically nothing, since there are thousands of municipal councillors, reeves, secretary-treasurers and other officials in the province.

The Municipal Counsellor is edited by Blake MacKenzie, liaison man for the municipal affairs department. It's an attractive looking sheet and carries a lot of interesting material designed to assist municipal administrators.

In fairness, it must be pointed out that the Counsellor didn't claim anything was proven by the survey. A 10 per cent return is considered about normal for a questionnaire, and the magazine merely carried an editorial outlining the results.

Blake's questionaire was thorough and dealt with many subjects, including various forms of taxation, financing problems and divisions of responsibility. But we think he could have included one more question, aimed specifically at taxpayers. It would go something like this:

If your taxes were to be increased as a result of the current study of provincial municipal financial arrangements, would you

(a) Move to Saskatchewan?
(b) Vote Conservative in the next election?
(c) Jump out the window?

Now there's a question which would have brought results.

But all kidding aside, there has been no attempt so far to determine the views of the public on the financial overhaul as proposed by Provincial Treasurer Ted Hinman, who still appears to talk more about sales tax than any other tax in his speeches throughout the province, although he claims he is only listing [illegible] municipalities to decide.

It's a controversial topic, and there's plenty of opposition. Somehow, we can't see the government introducing it and running the risk of political suicide without an expression of public opinion.

PROBE TO RESUME

The legislative investigation into Alberta's liquor laws, lying dormant most of the summer, will resume in Edmonton Oct. 9 when the eight committee members launch a series of closed meetings to lay the ground work for their report.

Besides discussing submissions to be heard at public hearings and impressions gained on their trips outside Alberta, the members will receive memoranda from police forces, municipal organizations and other groups.

Their report must be ready for the 1957 session of the legislature. But in all likelihood, if major changes are recommended the report will be turned over to the government as soon as it is completed, so legislation can be prepared.

FARMING CAN BE REWARDING

At any rate, it can be especially rewarding for a select group of farmers in Alberta every year. We're referring to the Master Farm Families. The 1956 winners were named last week by Agriculture Minister Leonard Halmrast.

They are: The John Rommahel family of Viking; the A.D. Fraser family of Teepee Creek, near Grande Prairie, the Alfred Rose family of Ricinus, in the Rocky Mountain House area, and the Wilfred MacGillivray family of Coaldale in Southern Alberta.

Besides an engraved plaque and a nameplate for display on the farm entrance, each family receives a cash prize of $1000, which isn't to be sneezed at these days.

S. A. Home League Entertains Divisional Secretary for Alberta

On Saturday a pleasant afternoon was spent by the ladies of the Salvation Army Home League, when they were gathered in a special meeting visited by Mrs. Sr. Major Wm. Ross of Edmonton, who is Divisional Home Secretary for Alberta.

The Army hall was attractively decorated with a harvest theme and scented with the lovely flowers that graced the tea tables.

A worship service was led by the Home League secretary, Mrs. Earl Geake, after which the guest was introduced by Mrs. Capt. C. Holden, and presented with a corsage from the Home League by Mrs. A. Smith. Mrs. Dargatz led the Home League singers in a vocal selection. Mrs. Ross then presided at an impressive candle-light enrollment ceremony, when new members were welcomed into the world-wide Home League sisterhood. Mrs. Ross stressed the aims of the Home League and the importance and value of the family altar, also that membership in the league does not require membership at the Salvation Army.

The ladies sat down to a delightful lunch of jellied fruit salad, topped with whipped cream, served with fruit bread and dainty cookies.

In the closing words of Mrs. Sr. Major Ross to the well attended gathering, her desire was expressed that all might know the personal relationship as is intended in the words of the Lord's Prayer, "Our Father."

The Vermilion Home League is a happy group of thirty members who meet every Wednesday evening at 8 o'clock and join in an interesting and well-planned program. Anyone interested in fellowship with other ladies is most welcome to come to the Home League.

Mr. and Mrs. N. H. Armstrong and sons Allan and Raymond, all motored to Calgary on Saturday last; Ray was left in that city where he commences his final year at the Provincial School of Technology and Art. He is studying radio and electronics.

Mrs. H. J. Keeley and Donald and Herbert Ganton were in town last Friday from Edmonton to attend the funeral of Mrs. Jean Drysdale.

Mr. and Mrs. George Gurnsey of Edmonton and Arthur Elliott of Fort Saskatchewan spent the week end in Vermilion, visiting Mr. Wm Elliott and Mrs. Harry Elliott.

Douglas A. Brimacombe Edmonton Branch Supervisor of the Great West Life Assurance company, attended a supervisors conference at head office in Winnipeg Sept. 24th to 28th. Doug is a former Vermilion boy and his success in the life assurance field is watched with interest.

A hunting party comprised of Claude Brennan, Elmore Stewart, Carman Long and Dr. Dunc Stewart travelled to the goose country last Saturday with plans to return on Thursday. Their objective was Youngstown.

CONBOY — Born to Mr. and Mrs. Stuart Conboy at the Vermilion Municipal Hospital on October 1st a girl. A sister for Ian.

On her way home she planned to visit Mrs. Keating at Bonnyville and Mr. and Mrs. George White in Edmonton.

Mrs. Reg Ireland and little daughter Phyllis left by Canadian National Wednesday for Victoria, B.C. where they will spend a month, guests at the home of Mrs. Ireland's mother, Mrs. Reid.

Mr. and Mrs. Wm. Sinclair and family of Calgary are visiting at the home of Mrs. Sinclair's parents Mr. and Mrs. A. E. Kaiser this week. Bill plans to do some duck hunting while here. He was a guest at the Board of Trade luncheon on Wednesday and was introduced to the gathering by Mr. Kaiser.

Recent visitors at the home of Mr. and Mrs. C. Young in the Hindville district were their son-in-law and daughter, Mr. and Mrs. Albert Sharp and 3½-month-old daughter Brenda, from Camrose. The visitors enjoyed a ten-day vacation at the farm.

Visitors at the home of Mr. and Mrs. John Doherty over last week end were their daughter and son-in-law Mr. and Mrs. Nellie MacInnes and son Andrew from Wilkie, Sask. While here they visited a few friends in Clandonald where Mr. MacInnes was the C.P.R. agent. He has the same position at Wilkie.

Art Muckleston, formerly a member of the Revelstoke Sawmill staff here and for several years past manager of the Atlas Lumber Co. at Strome, has recently been transferred to Acme, Alberta.

Mr. Dave Love, daughter Shirley and son Lanny of Wetaskiwin were in town for the week end, engaged in moving some additional furniture to their new home. Dave is carpentering on a new twelve-room school in Wetaskiwin.

Mr. and Mrs. Melvin Fisk are visiting in town at present, guests at the home of Melvin's parents, Mr. and Mrs. Walter Fisk. Melvin who is in the R.C.A.F. is stationed at Namao. They are on three weeks' leave and have been visiting relatives at Ponoka and Lloydminster as well as Vermilion. On Saturday Mr. and Mrs. Walter Fisk and Mr. and Mrs. Melvin Fisk will all go to Ponoka to attend the wedding of Miss Sheila Lovig which is being solemnized at the United church there at 4 o'clock. Sheila is a granddaughter of Mr. and Mrs. Fisk.

Mr. and Mrs. George Guernsey of Edmonton and Art Elliott of Fort Saskatchewan were visitors last week end at the home of Art's father, Mr. A. W. Elliott.

Visitors in Vermilion for a few days this week were Mr. and Mrs. Wes Young and daughter Vivian of Star City, Sask. They spent a very enjoyable time visiting with Mr. and Mrs. George Zubiak, old time friends. The Youngs were travelling via a new 35-foot trailer on their way to Wetaskiwin where they will stay several days on business before returning home.

Curt Martin, Bert Hutchinson, Newt, Doug and Percy Cooper spent a few days hunting geese in the Hemaruka area from Friday to Monday. Plenty of wavies were in evidence with very few honkers sighted.

George Mihalcheon, Former M.L.A., Dies Following Operation

George Michael Mihalcheon, well known hotel man of Vermilion, died in an Edmonton hospital on Tuesday, October 2nd, following an operation. Mr Mihalcheon was a former member of the Alberta legislature, sitting as a farmer member of the U.F.A. government from 1926 to 1932. He was at that time living at Bolan, near Hairy Hill. He has lived in Vermilion since 1953, being a member of the company owning and operating the Vermilion Hotel, of which his son-in-law, Mr. Martin Shalka, is manager. The deceased was 64 years of age.

Mr Mihalcheon came to Canada from Austria in the year 1900, and the family settled in the Hairy Hill district, north of Vegreville. He received his education in Vegreville and at Camrose Normal. Following this he taught school at the Bolan and Marea schools. He operated a general store at Bolan for a number of years, and then at Hairy Hill from 1928 to 1943 when he was engaged in farming as well. From 1926 to 1932 he represented his constituency in the provincial legislature as a member of the U. F. A. government.

Retiring from farming in 1953 he moved to Vermilion and has lived here since that time, helping in the operation of the hotel.

He is survived by his sorrowing wife, one son George in Medicine Hat; five daughters, Mrs. Martin Shalka (Elizabeth) of Vermilion; Mrs. Walter Antoniuk (Marion) of Peace River; Mrs. George Hoagg (Anne) Edmonton; Mrs. Wm. Sokil (Marge) Edmonton; Miss Frances Mihalcheon, Vermilion. There are six grandchildren.

Prayer services were held at the Moyer Funeral Home on Wednesday evening, Oct. 3rd at 8 o'clock. Funeral services will be held at the Bolan Greek Orthodox church on Thursday, Oct. 4th at 10 a.m. The Rev. Father S. Faica will conduct the services.

Moyer's Funeral Home, Vermilion are in charge of arrangements.

C. L. WHITBY DIES IN VICTORIA

Clarence Lionel Whitby, manager of the Canadian Bank of Commerce in Vermilion from 1924 until he retired from business in 1944, passed away in Victoria, B.C., on Sept. 27. He was 69 years of age. Mr. Whitby was succeeded here as manager by A. M. Watt.

During his 20 years in Vermilion "Whit" as he was familiarly known, was a very active community worker. Besides being interested in the development of the town he was an active supporter of sports playing tennis, golf, badminton and curling for many of the years he spent in Vermilion.

The deceased was born in Paris, Ont. on January 5th, 1887. He had lived in Victoria since leaving Vermilion twelve years ago. Death was from cancer.

Besides his wife he leaves two daughters to mourn his passing, Lois (Mrs. P. D. R. McCalla) and Joan (Mrs. J. R. Washburn) and six grandchildren, all of Edmonton, and one sister and four brothers in Paris, Hamilton, Woodstock and Toronto, Ont.

Funeral services were held at McCall Bros. Funeral Chapel, Victoria, B.C., on Saturday, Sept. 29th at 1:30 p.m. Rev. A. I. Higgins and Rev. Dr. W. G. Wilson officiated. Interment was in the Royal Oak Burial Park.

Take Care This Thanksgiving

Motorists were urged to take very special care to keep the Thanksgiving week end happy for all Canadians in a special safe driving appeal issued by Wm. A Wecker, President of the Canadian Automobile Chamber of Commerce, Toronto.

"Toronto traffic accidents are most widespread at the very times that should be our happiest memories — our traditional family-gathering times." Mr Wecker said.

"What better time than Thanksgiving is there for each driver to show his willingness to co-operate in a continuing nation-wide safety campaign?" he asked. "Happy families will crowd our highways on Thanksgiving. We owe it to each other to see that every one of them retains from the coming week end a feeling of joyful Thanksgiving and not a sense of tragic regret."

"Everyone can and should make 'courtesy' and 'alertness' his first driving principles." Mr Wecker, President of General Motors of Canada, continued "If everyone does, we can look forward to a continuing reduction in the number of needless accidents that cause loss and untold grief to Canadians."

Members of the W.W.I. will please note the meeting has been postponed one week owing to the busy time. It is scheduled now for Wednesday, Oct. 10th if everyone is not too busy then.

Nature's Curios

The latest curious feats of Old Mother Nature left in the Standard office have been a potato which grew through a small opening of a sheep shank. The spud is large on both sides of the bone, growing through a very small opening and then promptly getting bigger. This was dug up by John Parkins; and a carrot with ten carrots all growing on the one stem was found in the garden of Arnold Maggs. Usually one carrot is the best a top can produce.

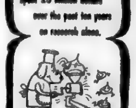
It takes money to make good gasoline

Gasoline quality has risen tremendously in the past few years. Two gallons of today's gasoline do the work of three in the '20s.

Finding new techniques to make these improved gasolines, and new equipment to put these techniques to work, has cost a lot of money.

Imperial, with by far Canada's most extensive oil research facilities, has spent 20 million dollars over the past ten years on research alone.



Imperial spent 65 million in the same period directly on new equipment to improve gasoline quality.

It's costing more and more money to make the gasolines required by today's more powerful cars.

1957 METEOR NOW ON DISPLAY AT WEBB'S

To be introduced October 3 by Mercury-Lincoln-Meteor dealers across Canada, the 1957 Meteors are the lowest, longest and most powerful to be offered since Meteor was first introduced as a distinctively Canadian car. The 1957 Meteor features two separate body sizes and wheelbases for the first time in its history, and offers 24 models in five series, of which this is the two-door Victoria in the Rideau 500 series. The Rideau models stand just four feet, nine inches high, from ground to roof-top. Interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower centre of gravity.

FEW BOY SCOUT GUESTS OF CANADA

at the 1955 Jamboree had a chance to see the great dams and smelters that make Canada a world supplier of aluminum.

But some did see a Canadian use of the light metal: outdoor cooking with aluminum foil. One Canadian troop showed how they used this handy material for doing potatoes, steaks and other foods over the campfire; how they kept food fresh in summer heat by protecting it with aluminum. If this scout-ory work carries the idea back to distant lands, Canada may have to turn out still more aluminum foil—even though last year her output, if laid in a 12-inch strip, would reach [illegible] miles.

Derailed Car Damages Tracks

MANNVILLE. — That popular melody at the present time "The Train Comes Through the Middle of the House" was almost an actuality early Tuesday morning when a car on the C.N.R. train was derailed and dragged for some distance. Mannville residents were awakened by the sharp blasts when the train stopped in Mannville to replace the car. A large number of ties were damaged for several miles east of town but otherwise there was no further damage. Mr Hammond notified the Vermilion station to stop trains until the derailed car was fixed. The extra gang was called out and the track was ready for use about 7:00 in the evening.

THE STAGETTES

Club room activities rolled off on the double Tuesday Oct. 2nd as President Jean Hildreth opened the meeting and started quoting from the book of knowledge, the future Stagette advancements.

The Harvest ball will be held on Friday Oct. 26th in the Elks hall. Take note of posters around town, the work of probation members. Those girls should have been members long ago. Thank you very much girls. The only thing lacking seems to be time. If only one of these divers could come up with a solution to how to make the days longer. Wonder what the fellow down there thinks? Right now we are hoping the weatherman will co-operate with the farmers. We don't want you to miss the Harvest ball. I'm sure everyone is due for a bit of a change.

With a little bit of luck and a little bit of food we'll have a pot luck supper Wednesday night. The Golden Anniversary service was attended at the United church Sunday morning and was enjoyed very much.

A home cooking sale is in the offing, Nov. 3, so watch for that date and further information.

"If Scandinavian countries, of climatic conditions akin to ours, can keep their construction programs on a year-round basis, as can we," was the opinion of the Honorable Ray Gamey, Minister of Industries and Labour, shown conferring with Mr. H. E. Cave of the National Employment Service. The two men met to consider a "Plan It Now" campaign for originating and continuing winter employment. The record-shattering level of production and employment of the province during the past year was expected to be maintained during the winter months with the aid of the campaign. The National Employment Service "Do It Now" drive of last winter had a most marked and successful effect on the previously slack winter employment periods. Construction, building and industrial firms have been and will continue to be approached to plan their programs with a view to continue them during the winter months. The majority have enthusiastically concurred. "This winter lay-off system is large a hold-over habit of earlier, less efficient days," was the opinion of Mr. Cave. "And there is actually little reason for it. We must appreciate however that winter employment is a problem which can be best dealt with by the faction that will benefit the most - the individual

Safety begins at home, but don't leave it there. Even though you're a good driver, carelessness elsewhere is those extra safety steps will reduce your chances of highway accidents.

1. CHECK YOUR CAR. Many accidents could be avoided by good car maintenance. Be sure the lights, brakes horn and wipers are working right. Shell Oil service station experts will be glad to check these things as well as tires, gasoline oil and water and to make any needed repairs.

2. CHECK YOURSELF. Be in the right frame of mind for driving. Don't drive when you're tired, in an emotional state or over-excited. Let someone else take the wheel if you are not perfectly sure you should drive.

3. KNOW DRIVING CONDITIONS. Keep aware of the hazards of wet, icy or fog-bound roads. Exercise more care during the rush hours in the tricky light around dawn and dusk and on week-ends, when traffic is heaviest.

4. WATCH ROAD SIGNS. Speed markers are placed on highways to aid you—take advantage of them. They'll warn you of approaching hills, curves, crossroads and other hazards.

5. PAY ATTENTION. Don't forget that you're driving the car. Someone else can point out the interesting sites, dial the radio or adjust the ventilation. Wait until you've stopped before you light a cigarette or fix your make-up.

6. OBEY THE LAWS—Violation may prove fatal. Speed limits are safety limits to get you to your

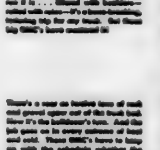
Building a seaway

Hour after hour, day after day...GMC trucks play it cut on Canada's biggest construction job



Building a seaway means building roads—moving mores—relocating railroads. For Sir Robert McAlpine and Sons (Canada) Limited, building a seaway means long hours on the run, hauling 12-ton loads on the railroad-building job—and keeping at it until the schedule is met.

Building a seaway means the toughest test yet for any truck . . . but those big GMC's are proving that they're the rugged-est, go-gettingest trucks on the job. Prove it on your job.

There's a GMC truck made to match it!

Health Unit Notes

THE TRUE CONCEPT OF FITNESS

(Extracts from a lecture by Alan G. Mearns, M.D., Lecturer in Clinogow University).

What is meant by fitness? For the youth it may conjure up a vision of muscle-building, the cinder track or the gymnasium—in a word physical culture. The teenage girl may tend rather to think in terms of good looks, of lustrous hair, a bright eye and a clear skin. Both are in a measure correct, but there is more to fitness than its physical aspects, important as they are.

In its broadest sense the concept of fitness should be triparitie, taking into account the spiritual, mental and physical needs of life, and this fact should be kept in mind by all who essay medical or medico-social work. Many who are low in spirit due, let us say, to a fear of harassment, or a serious and permanent reverse to prospects, see neither purpose nor goal to life, become embittered and cynical, and health suffers. The healer in their case is often not the doctor but the clergyman who, by pointing to the higher purpose in man's affairs, can restore something of the balance and set them on the way to recovery. So it sometimes is with people living alone and spiritually troubled. Others again are undergoing a mental tribulation beyond the capacity, and the mind has not been able to cope. It may be a marital difficulty, or a job of too great a responsibility, but at all events there is in many cases a reflected deterioration of physical fitness, the "psychosomatic effect" of the moderns, which will not be overcome until the mental stress has been removed. Still others are in the grip of a bodily malady, tuberculosis for example which depresses the mind and spirit alike. In such instances physical ailment and mental despondancy must be tackled together, since the conviction in the patient's mind that he will recover is a powerful factor in accelerating the healing of the lung lesion. Difficulties of the emotional complex that half-way house between mind and spirit may also occasion a decline in physical health. In summary, the true meaning of fitness is well expressed by the famous triangle of the Y.M.C.A. which says, in effect, "we care for the spirits, minds and bodies of our members."

Health comes from the pursuance of a seven-point regimen, to be varied in its application in accordance with age and development, and that this regimen is nothing more than applied common sense. Here it is: cleanliness, adequate sleep and rest, fresh air, exercise, balanced diet, sensible clothing, and the right use of leisure

Cleanliness implies not only hygiene of the body's surface but also of its interior. Water is the best cleansing agent for the intestine and, contrary to what apparently is a widely held view, will not "rust the machinery". It is therefore unnecessary to add alcohol or an anti-corrosive! Cleanliness of food, of clothing and of the environment is also an essential for health.

Sleep is far and away the best restorative of the tired organism. Different people need different amounts, and each must find his own requirement, but an airy room, the minimum of bed clothing for comfort, warm feet, a light meal shortly before retiring and, not least, a calm mind, are the fundamentals for a good night's rest. People should relax more often. This does not mean sitting down with a book, or by the radio, it is the conscious, directive effort of making the body quite limp and the mind a blank for say, fifteen to thirty minutes each day. The fitness exercises of this kind will bring a sense of well being not only at the end of the day, but in the evening of life itself.

Fresh air is essential for fitness. Have lots of it in the house by day and by night, and get into the open whenever you can. Breathe well, and this means a good carriage to inflate the lungs, and light, loose clothing, so that the skin can breathe, too.

Exercise first of all implies an erect posture in standing, walking and sitting. Have you ever really thought about the importance to health of a good posture? It is by gravity keeping the chest walls pended the abdominal muscles properly toward the head high and the feet well placed. It is economic because it is less tiring. It is psychologically valuable because it enables one to look the world in the face. It is aesthetic and a graceful carriage acquired in youth will stake for an upright gait in later years. Walking is fine for all ages. As for games, which are the pleasantest form of exercise play what you like within your age and physical capacity and play for fun

Dietetics for health should mean more than just protein, vitamins and calorific values. It should suggest balanced feeding, tempt with good food cookery attractive service and a pleasant atmosphere in which to eat. Bad cooking and bickering at meals retard digestion, well-cooked dishes and pleasant conversation help it along.

As to clothing, [illegible] fundamentals. Wear the minimum for warmth, avoid constriction at any point and distribute the garments evenly over the body. Have a basic under set, which need not vary in weight, and add to or take from the top layer as the seasons change. Darker shades in winter absorb heat; lighter-hued fabrics in summer reflect heat, and help to keep us cool. Buy well-fitting shoes of the proper size and your feet will not defeat you!

Last, there is the question of leisure activities. Have hobbies, and let them be of two kinds. First a communal hobby represented by membership of a guild, a youth organization or a club—doing things together. Second, an individual hobby, such as a handcraft or a collecting interest. Get away from mundane affairs for a spell and sink yourself in the pleasure of creating something of use or beauty. Interests of this kind are a true refreshment of mind and body.

Such then are the common sense pointers to fitness, and they apply to every man woman and child.

LAWS OF NATURE

Friction plays a double role in driving. In some cases:

1. It is a problem to overcome
2. It is a problem to gain.

In the operation of a motor vehicle, especially in the motor, Engineers have a problem to do away with friction as much as possible. Oil companies spend millions of dollars to develop oils and greases that may reduce friction in the operation of the motor and other moving parts. Motorists spend just as much to better operation economy by reducing friction.

On the other hand, friction is desirable to have, the more of it the better. You can readily see that in stopping an automobile the more friction at your disposal the better

Road contractors build roads as smooth as possible. But some variations in the surfaces always remain. On rough roads, such variations can have considerable effect on friction even at low speeds. On smooth roads, surface variations become important only when the speed is high. If the pressure under the tires drops to half the weight of the car when the car goes over a bump, the resistance to sliding is only half as great. The driver's problem, then, of stopping the car, or of maintaining traction and holding the car on a steady course is greatly increased. Many drivers fail to realize that it can be just as necessary to reduce speed on a bump you will like it.

At lower speeds, level road, free by dry curve as on a smooth slip- from bumps and hollows, the average force pressing the tires against the road is equal to the weight of the car. But no road is perfectly smooth. At high speeds the forced pressure against the tires varies as the car moves along and on bumpy roads, tires are usually off the road surface an appreciable part of time.

Pneumatic tires, springs and shock absorbers are put on the car to add to the comfort but they have a technical function as well. They make the pressure between tires and road more constant and this makes braking more effective.

Friction is a beneficial factor of nature and every driver must understand and respect both its possibilities and its limitations if he wants to control his car.

THE WEEKLY NEWSPAPER

A Permanent Part of Our Precious Freedom

By George L. Wilson, President Canadian Westinghouse Company Limited

Like the town crier of yesterday—is an institution which is deeply rooted in the social and economic life of this continent. The weekly newspaper, with its local point of view and its abiding interest in the neighborly happenings in the community, plays a significant part in your nation's

[illegible] cery curve of equal sharpness.

Friction is a beneficial factor of nature and every driver must understand and respect both its possibilities and its limitations if he wants to control his car.

The weekly newspaper is a fitting expression—and a permanent part—of this freedom.

The weekly press—whether it is the sounding board for local opinion or the medium for community service and progress—demonstrates local initiative and vitality which thrives across our land.

The thousands of weekly newspapers which serve our towns and villages—when they are compounded—represent a powerful influence on business, on politics, and social progress. The weekly newspaper is a reflection of what we are — and what we will be in the future if we cherish and remain steadfast to the great traditions of freedom associated with the Canadian way of life. The weekly newspaper is a fitting expression—and a permanent part—of this freedom.

"HELLO, HOMEMAKERS"

Well, October has arrived and the chill in the air reminds us that winter is not far away.

This is the time of the year that 4-Hclubs are organized for the winter activities. Perhaps there are 8 or more girls in your district, over the age of twelve, who would like to take advantage of club membership.

There are three winter projects available to the girls. Clothing, Foods, and Home Decoration. Here is a brief summary of each project.

CLOTHING —Our most popular project covers personal grooming, posture, care of clothes, and clothing construction. Members begin their sewing on small useful articles and advance to making pyjamas, housedresses, skirts and blouses.

FOOD includes a review of health practices, a check on personal food and help with the family meals (Mothers should be all for a food club). They advance from the basic principles involved in making biscuits, muffins, custards, cream sauces, and cakes to the simple home meals, club lunches and teas. They progress to the planning, buying and serving of more elaborate meals including a club banquet. In the third year they learn to prepare and serve food for special occasions such as school and club banquets, buffet meals and luncheons, and formals and teas.

HOME DECORATION

This project begins with members working on their own rooms. With the co-operation of their parents, they plan and decorate this room. They study the fundamentals of home decoration. As the members continue the project they work on other rooms in the home and help with the decoration and furnishing. This may sound like an expensive project but the girls are encouraged to carry out work which the parents would wish to have done.

An Etiquette project is taken along with each of the other. This covers good manners, social etiquette and etiquette for special functions. Besides the practical knowledge the girls learn to parties with others. They learn the reward of a job well done. With hard and faithful effort they may gain a more tangible reward, a trip to Toronto, a visit to club week or to fair camp.

I hope this explains club work and that your girls are interested in a club.

TIP FOR THIS WEEK Clean your iron by putting a little salt in half a cup of vinegar. Heat it in an aluminum saucepan and then use this solution to clean the bottom of your iron. It polishes up like silver.

MORE NEWSPRINT

News-print output in Canada is climbing steadily, reports The Financial Post. August production reached 370,377 tons, up 5.7% from same month last year. Year to date production is close to 4.3 million tons, up 5.3%. Canadian market, though absorbing only 7.4% of all output, has used 12.3% more newsprint in the first eight months of this year than was the case in '55. Exports to the U.S. — 81.2% of total — are 2.7% higher so far this year.

OUR LETTER FROM EDMONTON

Major Amendments To Highway Traffic Act Effective Oct. 1st

EDMONTON — After October 1, things will be much tougher for Alberta motorists who refuse to provide themselves with adequate automobile insurance.

For October 1st is the date that major amendments to the Vehicles and Highway Traffic Act come into force and this is being written as a reminder to drivers that they should now be carrying their pink "financial responsibility cards".

In case you don't remember, the new law says any motorist involved in an accident causing bodily injury or property damage of more than $100, must produce proof of financial responsibility or have his car impounded.

After the deadline date, the little pink card will be the only proof officers of the law will recognize.

There are two ways of getting the cards — one is from your insurance agent, the other from the provincial government. If you post a bond instead of buying insurance.

The government has had supplies of the cards printed and has distributed them to insurance companies throughout the province.

The companies are supposed to have mailed them out to policyholders. If you haven't received yours, get after your agent. Another way to get yours is on you to see that you have your card.

To be eligible for a card, a driver must have public liability insurance of at least $5000 for injury to one person and $10,000 for two or more injured, with property damage insurance for $1000.

These amounts are considered to have increased to $10,000 and $20,000 respectively.

For those who don't want to buy insurance in order to post a bond with the government, the minimum amount of surety is $11,000, and in such cases the highways department will issue the cards.

The cards are intended merely to prove that the holder is adequately insured against any damage or injury he might cause.

The scheme is similar to one which have been in effect for several years in B.C. and Manitoba. Anyone travelling from Alberta into either of those provinces must obtain a non-resident card, or run the risk of losing his car in the event of an accident.

Even with the new Alberta cards, it will be necessary to obtain special cards for B.C. and Manitoba. Eventually, officials hope they will be able to work out a reciprocal arrangement with the other provinces.

As it stands now, visitors to Alberta from other provinces must obtain Alberta cards or be in danger of having their cars seized.

The new law is in some aspects a happy compromise between compulsory insurance and the complete voluntary system which has existed up until now.

Some groups, notably the CCF members in the legislature, have been urging the government to go back to the car insurance business, provide coverage at cost and compel every motorist to have it. That's the type of program the CCF government in Saskatchewan adopted.

The advantage of the plan coming into effect is that it is not compulsory (Social Credit'ers hate any kind of compulsion) but it should prove powerful encouragement for motorists to protect themselves with insurance.

At the time the bill was introduced in the legislature last March, Highways Minister Gordon Taylor said 30 per cent of the drivers in Alberta are not insured. It will be interesting to see if the figure changes after the new section of the act has been in force for a few months.

The new provision resulted partly from the continuing depletion of the Unsatisfied Judgment Fund, but for the time being anyway, that fund will be continued, with car owners contributing $1 per year. The government feels the fund is necessary to protect persons from damage or injury caused by individuals who are financially irresponsible or who are driving stolen cars or unregistered vehicles.

NEWS from ALLANBALE

Sept. 21st we had rain all day. Some days have been sunny but cool. Harvesting is getting on well again and reports are for sunny, warm weather.

Through the kindness of Mr. and Mrs. Gus Throndson Mrs. Stella Mayers and Orley and Edna Olney motored to Grand Centre and Cold Lake on Sept. 16th. It was a lovely sunny day. We visited a nephew at Grand Centre, Cpl. Robt. Hammond and family. Grand Centre has lovely buildings, well furnished for the comfort of the personnel at the base, lovely large schools, hospitals and churches. The size of the jets is astonishing and we saw some flying in formation which is a lovely sight. A picnic lunch was enjoyed on the shores of Cold Lake, a huge body of clear, cold water.

Rev. R. R. Lemkay, our student minister in 1942, passed away at Grimsby, Ont., Aug. 6th after an illness of two months at the age of 39 years. His ministry included four years in the West, a term at Binkley church, Hamilton, and from 1950 at Trinity church, Grimsby. He was a trained musician and was particularly interested in boys' work, as well as in community endeavors. He is survived by his wife, his mother, two sons and a daughter (taken from the Observer). Our deepest sympathy goes to Mrs. Lemkay and family.

Mr. and Mrs. Jerry Khuck and daughters Cathrine and Margaret from Provost were visitors at the home of Mrs. Khuck's parents on the afternoon of Sept. 23rd.

This will be of interest to some in Allandale who knew the Oakes family at Vilna and met Mrs. Evelena Willson who visited at Allandale a number of times. From the Journal photo included: "Family of six re-united after 53 years separation. A re-union involving six members of a family that came to Alberta from the east 53 years ago took place recently in Athabasca.

Mrs. Leslie Dobbertin who remained in Rochester, N.Y., when the other members of her family moved to Edmonton in 1904, met with four sisters and one brother in Athabasca on the Labor Day week end at the home of her brother Wm. Oakes. Others at the re-union were Misses Ella, Florence, Winnie and Mrs. Ruby Peters of Edmonton, Mrs. Nellie Parsons of Vilna and Mrs. Eddie Sanders, Edmonton.

Another sister, Mrs. Pearl Woods of Wayne, Mich., was not present.

Ella Dobbertin arrived in Edmonton on Aug. 12th to begin a round of visiting at the homes of her sisters and brother. She will return home next week.

All the children of Mr. and Mrs. Thos. W. Oakes were born at Hesseler, Ont. A designer in the woolens mills, he moved with his family to the U.S. for a period before coming to Alberta. Leatha remained in the U.S. when she was married.

It was good to have a short chat over the phone with Mrs. Evelyn Crosby on Sept. 20th, coming to Vermilion that day from the city with Mrs. Ray Curtis. Evelyn visited at the Charlie Throndson home while in town. George and family are fine. For those wanting the Crosby address and phone: 6416-81st. Phone number 30149.

Mr. and Mrs. Thos. Greaves and family from Edmonton arrived at the Baldock home on Sept. 19th. Brenda and Brian were with their grandparents while Beryl and Tommy attended his brother's wedding on Sept. 22nd at Bonnyville.

We had a phone call from Mrs. Herb Johnson and she told us how pleased they were and appreciated very much the remarks about their home and surroundings "The Pansies". Her son is a member of the R.C.M.P. near the Alaskan border and she was sending the clipping to him. Just recently a couple called at their door and wondered how they grew such lovely pansies, they were from Tulsa, Oklahoma. So the news of the "Pansy Home" will be widespread. Thanks again for telling us of your appreciation of our remarks. Those kind words certainly mean much to a correspondent. I shall be seeing you next spring when the tulips break out into bloom once again.

Mrs. Mildred Baldock left for Hamilton, Ont., on the 24th inst. Sept 29th. She received word the evening before of the serious illness of her dad. He has been in hospital for some time. Plans were to go as far Saskatoon on the bus and meet sister Georgina and go on from there by train. Daughter Beryl and family are down from Edmonton visiting at the Baldock home while her mother is away.

The Clandonald Allandale chicken supper date has been set for Nov. 7th. More announcements later. Closing thought: "Our success in life is measured only by our service to others"

Agricultural Society To Hold Purebred Livestock Sale

Following the custom the past several years, the Vermilion Agricultural Society will had a sale of purebred cattle and hogs on Saturday, Nov. 10th.

Entries will close on October 24th and under no circumstances can entries be accepted after that date.

Entry forms may be obtained from S. C. Hockley, Secretary-Manager of the Society.

As far as natural disaster is concerned, civil defence can possibly prove more important to the small town or rural area than to the city.

Disaster can come in many forms. Possibly its most frequent and fam iliar form is fire.

Fire can sweep a whole block, or two or three blocks, of a city with out wiping it out. Disastrous as such a blaze would be to any community, however large, it would hardly put the whole city out of jobs if, for example, the flames destroyed a factory. There are hotels, Y.M.C.A. centres, Salvation Army shelters and dozens of other similar places in a city in which people driven by fire from their homes can take temporary shelter.

But the small town can't always withstand such a blow. Its whole existence sometimes depends largely on one industry. Let disaster in the form of fire or flood or tornado for that matter strike it and the town has suffered a serious if not fatal injury to its chief source of income.

In combatting such natural disasters, the city has other advantages over the rural area. There are usually many more firemen and more and better fire equipment to battle the flames. There are large numbers of police to call on for assistance in these and other emergencies if the need is great enough.

And if more help still is required the city can provide more volunteers from its own population than the small town or the farming area.

It is especially important, therefore, that the small community make the best of what it has. Even though spurred primarily by the threat of possible war, a civil defence organization can help a community to combat natural disaster too.

The federal civil defence organization has worked out plans that will be enough to fit the local needs of every section of the country. All they require is a willingness on the part of each community to put those plans into effect.

Through civil defence planning the town with a two man police force and a volunteer fire brigade can recruit and train other residents to help make the best of these facilities in whatever unexpected disaster may occur.

It is only by effective planning that the maximum use can be made of the highest manpower available in the smaller areas.

Although civil defence organization, several small communities can work out a system of mutual aid that is that can be prepared beforehand to help each other when the unexpected situation makes such co-operation urgent.

The farmer has for years forgotten either in Canada's civil defence plans. The planners have worked out means of warning him of the approaching disaster and of bringing him and what he can.

The plans are there and in most communities a nucleus at least of the necessary organization for them already stands. All the remains is for the residents of the community to look for that small contribution to supply them with the minimum needs of their part of the country.

Civil defence seeks only to help people to help themselves.

Educating Farm Children

Career opportunities for young people are abundant but in most cases higher education is essential.

In many farm homes today plans are being made to give the children the advantages of college or other special training.

Life insurance is an important part of these plans because it guarantees money will be available even if Dad is not alive to provide it.

New Ford for 1957 on Display At Oilfield Motors

In the biggest styling change in its history, the 1957 Ford features two body sizes on two wheelbases—both longer, lower and wider than last year's models. To be unveiled October 3 by Ford-Monarch dealers across Canada, the new Fords come in 18 body styles, of which this is the Fordor Town Victoria, a member of the new Fairlane 500 series. Fairlane models are nine inches longer and four inches lower than their 1956 counterparts. Interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower centre of gravity.

WILDMERE WINKS

The writer is busy cooking for threshers at time of writing and all hope that the good weather will hold and we will be through before this appears in print. One can hear combines going late at night as usually it's too tough early in the morning to work.

Help is very scarce in the country. When Frank Gibson did a bit of threshing on the week end he had a school teacher, a carpenter, and a schoolboy hauling in sheaves amongst his crew. A good job of threshing was done just the same.

While we are on the subject of threshing we think Triangle district holds the record for threshing machines as there are six different outfits in the district. Given reasonable weather there should not be any stooks left standing in the fields this fall.

Congrats to Mr and Mrs. Johnnie Ruud of Triangle on the birth of a daughter on Sept. 22nd; to Mr. and Mrs Hugh Stewart on the birth of a baby girl, to Mr and Mrs. Lawrence Hareuther on the birth of a daughter.

We were very pleased to see Mr. Martin McBride in the four generation picture in the Standard. We haven't seen you for some time Mrs. Cooper. We always remember your kindness of many years ago.

Miss Margaret Fadden, Nurses' Aide from Lloydminster hospital, is home for her holidays with her parents Mr and Mrs. L. H. Fadden. Miss N Richardson is visiting at the Fadden home also. Miss Doris Fadden who works at the Vermilion hospital spent last week at her home here too. She has had a very sore knee but it is now improving greatly.

Jerry Cruthers who works at Wainwright, spent Sunday at his home here. George Cruthers and Warren Marfleet of Vermilion were also at the Cruthers' home Sunday.

David Hughes of Basswood who works in Wainwright is home for a few days doing some harvesting and getting things straightened up before winter.

Mr and Mrs. Dick Cosh and family of Vermilion have moved out to the teacherage at Preston Central school. Mr Cosh is principal this year and we hope they like our corner of Alberta.

The first meeting of the Preston Home and School was held last Tuesday evening with a fair attendance. Roy Dibben, the vice-president was in the chair as our President, Mrs Hughes is now teaching at Preston and wished to be released as president. A discussion took place on the cutting of weeds and levelling of the school yard also on getting more land as nearly everyone figures the yard is too small for so many children. Keep watch as to the exact date of the next meeting as Mr Cosh is getting a film for it. Mrs. Wallington and Mrs. Gilbert Harrison are on the lunch committee.

Pleasant Valley

At time of writing the weather is pleasant again, but no saying how long it will last. The rains appear over and the sun is warm.

There seems to be a great quantity of potatoes this year. Some very large ones, too. The pansies are still in bloom, also some sweet peas. Mrs. McClelland had some lovely red roses in bloom.

Harold and family have now returned to Dawson Creek, leaving on Thursday.

Everyone is sorry that Mr. and Mrs. Jones have left; their house will look so bare and quiet with no one there. They have settled down in town.

"I'd look to the country for life, and for dreams: with whistling winds and flowing streams: there would be friendship if I could win it, and birds nesting in the trees, the robin and linnit."

Tender fillets dipped in seasoned milk, coated with toast crumbs, dotted with butter and baked in a hot oven are thoroughly delicious.

The most important telephone number in the average Canadian home is that of the fire department. Make sure you know it.

"TIDE RIPS"

By JIM BRAHAN

Television and adventure-story writers tend to portray the ancient swashbuckling pirate as a type of scoundrel, but, according to records it is all hog-wash.

The pirate of old was one of the most vicious killers of all times. He bore allegiance to no country, and attacked all merchant ships no matter what flag flew from their mast-heads. A life to him meant nothing. Often a prisoner of a pirate was considered lucky to have his throat cut and die quickly. It was not uncommon practise to put their victims to tortures which would even [illegible] a Spanish Inquisitor pale.

Besides terrorizing the sea lanes, coastal villages were also [illegible] fair game. The village men would be killed, and the women and children carried off to be sold on the slave markets.

Another type of this despicable breed did not use ships. By shifting navigational beacons, they lured ships onto reefs and sand banks. The stricken ships were then boarded, all crewmen and passengers were killed and cargos stolen.

Piracy on the high seas did not just sink into oblivion by accident. The pirates were driven from the seas by the navies of the world and the law courts of the nations until today with the possible exception of the Chinese Coast, the sea lanes are free of these terrors.

The Law of Nations states the pirate is the enemy of mankind, and as such he may be brought to trial in any country where he may be found, or into which he may be brought. Pirates are not to be killed except in battle but must be surrendered and given a legal trial. Other laws came into effect which made engaging in the slave trade or trading with known pirates acts of piracy. These laws took away buccaneers' shore-going friends and made it hard for him to find a safe anchorage.

If pirate craft began plying their trade today, warships from all nations would put to sea and not rest until the marauders were destroyed.

The lowest type of criminal of the modern world is almost a gentleman when compared to the pirate of the days of sail.

A RARE COLLECTION OF SHAVING ACCESSORIES

—A RARE COLLECTION of antique shaving accessories is part of the display of Remington Rand Ltd., at the C.N.E. this year and provides additional evidence that there's nothing new under the sun. Even the Neanderthal Man apparently gave some thought to the "five o'clock shadow". However, reasons for shaving were far different than a dinner date or to impress an out-of-town buyer. In the days of Alexander the Great it was non-habit-forming to grow a beard. The conqueror decreed his men must shave to thwart the enemy tactic of holding a warrior by the beard in order to slash his throat or decapitate him. However, early Romans regarded shaving an effeminate practice and they probably wouldn't be at all surprised to find that women have now established a firm claim to hand mirrors and beauty fobs. *Left to right*, Betty Reid, a modern Cleopatra, uses a Roman bronze mirror that was popular 500 A.D. *Centre*, Beverly Burch displays an early Greek mirror, 500 B.C., and right, Beverley wears a razor, a tweezer and a gouge, all beautifully tooled. This was made by the Koreans, the earliest known craftsmen in the manufacture of shaving accessories. These items are included in the private collection of J. H. Rand, the president of Remington Rand Inc., the company that made its own contributions to shaving history by the first showing of an electric shaver at New York's World Fair in 1939.

Water thrown on an oil fire spreads the flames, with the burning oil staying on top of the water and floating away. Fire Prevention Week officials suggest foam chemicals be used if possible. Baking soda and even flour will smother a small fire. But call the fire department.

NEWS from ISLAY

The Islay Home and School Association meeting will be held at 8 p.m. on Tuesday Oct. 9th in the school. Arrangements are being made for a film to be shown. All parents with children attending school are cordially invited to attend.

On Sept. 27th Mrs. R. Martin celebrated her 78th birthday at her daughter's home, Mr. and Mrs. Bill Hancock. Also there for the evening were Mr. and Mrs. Dave Martin, the Andersons and the Stones.

Several of the Islay folk attended the evening service of the 50th anniversary of the Vermilion United church, Sunday Sept. 30th.

It was Rally Sunday in the United church Sunday school Sept. 30 at 11 a.m. Awards for the year and pins for attendance were given.

Mr. and Mrs. Caro went to Edmonton Tuesday to meet a daughter who is arriving from Holland.

Don Martin is at home helping with the harvest.

These busy days it seems to be the farm women running the errands, getting repairs, bringing a grain sample to be tested and digging spuds, etc. Noticed in town Mrs. Linton, Mrs. Garfield Simmons, Mrs. Neil McLennan, Mrs. Bruce McLennan, Mrs. Lloyd Gould, Mrs. Gillies, Mrs. Charlie Robertson.

A great number of railway work cars as well as autos are standing at the station, men are welding on the rails.

October 7th being the first Sunday of the month, there will be no service at the United church in Islay as it is Family night in the Vermilion church. There is Sunday school at 11 a.m. The next Sundays service will be in the evening, 7:30.

OLDSTERS GET BREAK

Hiring older men for simple jobs may be answer to getting them done well, says The Financial Post. In 1947, National Employment Service found 45% of men seeking jobs were over 45 and most employers wouldn't touch them, started special Counseling Service resulting in adoption by hundreds of employers of policy of hiring older persons as clerks, messengers, etc.

When lard or other greasy substances catch fire on the stove smother the flames with a cushion, rug or anything which will keep air away from the blaze. Don't grab the hot pan and try to carry it outdoors.

When the party is over, be sure you check all the ashtrays, the cushions on the chesterfield or the chairs to be sure no one has left a burning cigarette. The precaution may save your life.

Vermilion River Council Holds Two-Day Meeting

Campbell Lake Rural Electrification Assoc. To Extend Transmission Lines

The following is a summary of the minutes of the meeting of Council of M.D Vermilion River No. 71 held on Sept. 11 and 12 in the municipal office, Kitscoty.

Present were J. H. Kelly, reeve, and Crs. Heath, Stone, Wallington, McGuigan, Wheat, Anderson.

The minutes of the previous meeting of the Council held Aug 14 and 15, were adopted as read.

The secretary presented monthly financial statement for August. The statement was examined by the Council, found correct and on the motion of Cr Wheat, was adopted.

The accounts as approved by the Finance committee were passed for payment.

Moved by Cr McGuigan that Mr Conarroe, road superintendent, submit a monthly reported patterned on those submitted by J. A. Currie in the past. Cd.

Moved by Cr Anderson that an increase of 10c per hour be granted to all machine operators of the M. D becoming effective Sept. 1, 1956. Cd.

The annual dues of the Alberta Association of Municipal Districts in the sum of $240 were ordered paid.

Moved by Cr Wallington that (a) whereas the SE 34-47-4 was omitted from the tax roll and (b) whereas the land is eligible to be included on the tax roll, be it resolved that acting under authority of Sec 29 of the Assessment Act, Chap. 157, R.S.A., 1942 and amendments thereto, the SE 34-47-4 be added to the tax roll and levied forthwith. Cd.

Moved by Cr Anderson that through an error an appeal to the Alberta Assessment Commission was filed on the SW 2-50-2 instead of the SE 28-50-2 and that it is acceptable to the Council that the error be corrected and that the SE 28-50-2 be entered as being on appeal to the Assessment Commission. Cd.

Moved by Cr Heath that A. R. Kay Secretary-Treasurer of the M.D of Vermilion River No. 71, be authorized to negotiate with, deposit with or transfer to the Government of the Province of Alberta Treasury Branch, all or any orders, transfer vouchers and any other orders for the payment of money and for the said purpose to endorse the same or any of them on behalf of the M.D. either in writing or by rubber stamp. That all orders, transfer vouchers or cheques be drawn in the name of the M.D. of Vermilion River and signed by John H Kelly, Reeve, and counter-signed by A. R. Kay, secretary-treasurer.

That the usual receipts for orders, transfers, vouchers or other payments of money returned, and certificates of balance be signed on behalf of the M.D by the said secretary treasurer thereof. Cd.

Moved by Cr. Wallington that a banking account or banking accounts be carried with the Canadian Bank of Commerce at Vermilion under the following designations General Account and Tax Sale Surplus Trust Account. Cd.

Moved by Cr Anderson that approval be given to the construction of a Civil Defence control room in the basement of the M.D. office, this construction to conform to plan for finishing of entire basement to be approved by Council. Cd.

By-law No. 861 to borrow the sum of $100,000 to meet ordinary current expenditures was given 3 readings and carried.

BUILDING PERMITS

Moved by Cr Heath that Allan Wells be granted a permit to construct a dwelling on Lot 7, Blk. 11, Plan 5650HW at an estimated cost of $2500.

Moved by Cr. Stone that Walter Repach be granted a permit to move a dwelling on to Lot 2, Blk. 40, Plan 320HW, and to improve it at a cost of $500.

Moved by Cr. Anderson that Sam Walker be granted a permit to construct an office and workshop to be used to conduct the business of the Lloydminster Auto Wreckers on Lots 3 to 6, Blk. 9, Plan 5650HW at an estimated cost of $8700.

COYOTE CONTROL

Moved by Cr Wheat that the M.D. make application to the Dept. of Agriculture for the use of 1080 for control of coyotes within the limits of the O.B. Ranch property and an area north of the N. Saskatchewan River within the boundaries of the M.D., both areas to be clearly defined by Mr. Gurba, Supt. of Pest Control Services.

Exchange in the amount of $21.32 was ordered paid.

Moved by Cr. Wallington that Pest Control Officer's salary be set at $2700 per annum from Sept. 1, 1956. Cd.

The report of the Committee appointed by the Council and composed of Crs. Kelly, Wheat and Anderson to investigate the complaint regarding the alleged obstruction to the flow of water caused by road diversion in the NE 14-52-2 was accepted and endorsed.

The damage claim of Mrs. K. M. Stranahan was disallowed.

By-laws 863, 864 and 865 concerning the prohibiting of construction of power transmission lines was each given three readings and carried.

The usual permissive order was granted to the following petition:

Whereas a petition has been received from residents of this M.D. in Townships 52 and 53, Range 3, W4thM, requesting the Council to approve of the construction of powe approve of the construction of the power transmission lines for Campbell Lake Rural Electrification Association Limited along the highways, streets, lanes and avenues of the said Townships and Range, and further to consent to a permissive order being granted by the Board of Public Utility Commissioners of the Province of Alberta in order that the petitioners may be served with electric energy.

Moved by Cr Wallington that payment be made to the City of Edmonton for hospital ticket purchased for the Deshonneaux family.

Moved by Cr. Wallington that the meeting adjourn. Cd.

One of the things upon which plant breeders and agronomists continue to comment from time to time is the persistence with which some farmers who are seemingly not variety conscious continue to grow year after year the second and third choice varieties of grain that are not recommended for the district in which they farm. Many of the varieties grown, whilst they may be considered reasonably satisfactory, are certainly not as good as those which have been recommended either on account of their higher yield, their better disease resistance or their better adaptability to the area. On the other hand, some varieties are definitely lacking in quality. This is one side of the picture, but there is another group of producers who are perhaps overly variety conscious and who are inclined to rush out for all new varieties that are distributed regardless of whether they are recommended for their particular areas or not.

In either case, the grower may be the loser. In the first instance, the one who continues to raise a poorer yielding variety does not obtain a full yield whereas the grower of a poor quality product does not receive comparable cash returns per bushel, nor is he helping the overall quality situation, so important if present markets are to be maintained. In the second instance the party who takes on a new variety simply because it is a new variety is likely to find it may be not taking full advantage of the trials and tests which have been made by the various Experimental Farms and Universities to determine whether the variety can be considered suitable for a certain area or not and whether or not it will perform as well as the standard variety that has been extensively grown in the past.

Fortunately most producers follow fairly closely the variety recommendations which are made every year by the Department of Agriculture in each of the prairie provinces. These recommendations provide a guide which should be studied carefully.

A.T.A. Fall Convention October 11 and 12

The annual fall convention of the teachers of the Vegreville, Vermilion and Wainwright locals of the Alberta Teachers' Association will be held on Thursday and Friday, Oct. 11 and 12. The sessions will take place at the Vermilion School of Agriculture.

Guest speakers include Dr. Harold P. Fawcett, Professor of Education, Ohio State University; and Dr. L. E. Gads, Secretary, Faculty of Engineering, University of Alberta.

A banquet is planned for 6:30 on October 11th, followed by a dance in the gymnasium. The dance is open to the public.

Tigers Withdraw From Hockey League For One Year; Lack of Players Is Stated As The Reason

Vermilion Tigers have withdrawn from the Eastern Alberta Hockey league for the coming 1956-57 season. The decision was made at an executive meeting of the Tiger Hockey club held last week prior to the annual meeting of the league. This took place on Sunday.

Reason for the withdrawal was chiefly lack of local talent to form the nucleus of a hockey team. Another reason was that the club had a deficit at the end of the 1955-56 season and it was hoped by some means or other to clear this off. Thus a new team could make a clean start in the fall of 1957.

The theory is fine but judging from other lines of endeavor once an activity is dropped interest gradually dies and it is very hard to revitalize. Hopes are held that the coaching and promoting of a juvenile team this winter will serve as a feeder for playing material for the senior Tigers. Lack of senior entry in the league may even backfire, as with no further goal as their aim some juveniles might not be so interested in playing. It is to be hoped however that this will not be the case.

Lack of a senior team is a bit of a blow to the pride of a communtyt and loses the town a source of good publicity during the playing season. Hockey has always been good for mention in the daily papers and over the air several times a week as far as Vermilion is concerned, and the sport has always been played up in the Standard, so a good means of publicity for the town is lost for this season.

The recreation provided by hockey for the few hundred faithful supporters who managed to attend the majority of games, will also be missed by them. However, the position of the Tiger executive, faced with fewer players and less than no funds, can also be appreciated.

Dr. Toogood Will Address A.O.T.S.

—Dr. J. A. Toogood, Associate Professor of Soils at the University of Alberta, recently returned from Europe, will show slides and give a commentary at the A.O.T.S. supper meeting Oct. 12th at 7 p.m. in the United Church hall. His topic will be "Something Old and Something New". Members and guests are invited to attend this first meeting of the season.

Welcome Supper

A welcome supper will be held in First United church, Vermilion on Wednesday, Oct. 17th at 6:00 p.m. This will be a family Pot Luck supper — a special invitation is extended to all new families in town to come and get acquainted with us. Everyone is welcome.

Coffee, tea, sugar, cream, buns and butter will be supplied, so these can be omitted from the Pot Luck [illegible]

A short rousing entertainment has been arranged by a special committee.

Football Now In Full Swing

Little League football is finally in full swing in Vermilion. After an extended wait the equipment finally arrived and immediately the schedule was in force. By the next issue of the Standard there will be some actual results of how the games are going. Remember game days are Mondays, Wednesdays and Sundays. The boys would like to see you out in cheering formation.

Watch for game announcements in the Standard, in places of business and organizations around the town.

GAME SCHEDULE

OCT. 10 — Lions vs Eskimos
OCT. 12 — Roughies vs Stamps
OCT. 14 — Eskimos vs. Roughies
OCT. 15 — Lions vs Stamps
OCT. 17 — Eskimos vs. Stamps
OCT. 21 — Lions vs Roughies

Games on week days commence at 4:30 p.m. and on Sundays at 2:30 p.m.

E. A. Locke President Of E. A. Hockey Lge.

E. A. Locke of Vermilion was re-elected president of the Eastern Alberta Hockey League and Russell E. Carroll is secretary following the annual league meeting held at St. Paul on Sunday, Oct. 7. Romeo Bodard, well known St. Paul sportsman, is the vice-president.

VERMILION TIGERS OUT

Bomb shell of the meeting was the request of the Vermilion Tigers to be given a year's leave of absence from the league. This was granted and the league will operate with four teams this coming winter, St Paul, Viking, Vegreville and Wainwright. There were six teams in the loop last winter, Lloydminster and Vermilion being the absentees for the new season.

SHORTEN SCHEDULE

It was decided to shorten the regular playing schedule so that each team will play twelve games, six at home and six away. To offset this the play-offs will be lengthened as it is found that gate receipts are always much better in the play-off series than at games throughout the season. The semi-finals which will include all four competing teams, will be the best three of five, instead of the best two of three, and the finals will be best four of seven.

The shorter schedule will cut down travelling expenses and allow the play-offs to start earlier. Tentative date for starting is Dec. 15th.

BONNYVILLE WANTS IN

Representatives were present from Bonnyville and asked for a franchise in the league. The request was tabled for a year but all teams agreed to play a home and home series with Bonnyville. The shorter number of games will allow for more exhibition games.

Vermilion Tigers were represented at the league meeting by Russell Carroll and Neil McLean, with E. A. Locke attending in his capacity as league president.

Death of Mrs. Ethel Maude Roberts

Mrs Ethel Maude Roberts passed away at the family farm home south of Islay on Friday, Oct. 5th at the age of 66 years. She leaves her sorrowing husband Charles A Roberts; three sons, Garfield, Cecil and Grant, all of Vermilion, and one daughter Mrs. J. Fong in Toronto. Two sisters also survive Mrs. John Corbett Toronto and Mrs. Joe Stevens Palmerson Ont. There are three grandchildren.

Funeral services were held at the Legion hall, Vermilion, on Tuesday, Oct 9th at 2:00 o'clock in the afternoon. Interment was in the Vermilion cemetery.

C.G.I.T. Officers Elected At Marwayne

MARWAYNE. The first meeting of the C.G.I.T. was held on October 4th under the leadership of Mrs. R. A. Johnson. Officers elected were:

President — Louise Parker
Vice-Pres. — Lorna Katzmarzyh
Secretary — Arline Kvell
Treasurer — Gertrude Tupper

Mrs. Johnson gave a report on last year's work and presented the members with their chevrons. This year the class project will be on South-East Asia.

Three new members joined. The roll call for next meeting will be "something we are thankful for."

The Explorer Group organized on Sept 27th with Mrs. T. Ree as leader and Iona Parker assistant. The officers elected were: Chief of Explorers, Julieanna Lowrie; Vice-Chief Jean Kvill; Keeper of the Log, Betty Anne Hathaway; Keeper of the Treasure Audrey Parker.

On October 4th a hike was enjoyed. Eighteen members have joined and both groups meet each Thursday at 7:30 p.m. in United Church.

Near Half Way Mark In Threshing

The first clear week of harvest weather has seen marked headway made in the actual threshing of all grains. Searle Grain figures estimate that as at Thursday morning forty percent of the wheat was threshed and in the bin. Predominant grade for wheat is No. 5. There is a small amount of No. 4 and a negligible amount of No. 3. Even some No. 6 has been reported. The low grade is due to frost damage and immature kernels.

Thirty percent of the oat crop has been threshed. Here again the predominating grade is low, No. 1 Feed. Frost and weather have [illegible] their [illegible], along with immature kernels.

Barley crop is 40% in the bin with 10% grading No. 3 C.W. Malting. The rest is 1 and 2 Feed.

Given two weeks of the prevailing weather and the harvest for 1956 will be [illegible].

One bright feature of this harvest has been the harvest help situation. It has been very satisfactory and no acute shortage can be claimed for this area. A lot of transient help showed up, townspeople lent a helping hand and there are 45 eastern harvesters working in this district at the present time.

Sale of Purebred Livestock Nov. 10

The Vermilion Agricultural Society is to hold a sale of purebred cattle and hogs on Nov. 10th and entries will be received up to Oct. 20th, only. The Society reserves the right to refuse any entry and urges that only high class animals be entered as the aim of the Society is to assist in the distribution of first quality stock only.

It is imperative that entries be received by Oct. 24th as the catalog must then go to the printer.

The number of animals from any one breeder may be limited.

Registration papers must accompany entries, together with signed transfer forms and registration fees which are $3 per head for cattle and $1 per head for hogs.

Royal Winter Fair Trip Being Sponsored

The Vermilion Agricultural Society is sponsoring another carlot trip to Toronto for the Royal Winter fair. The package tour costs only $148.10 for lower berth both ways, transportation, hotel, meals, admission daily to Royal Winter fair, etc., and all who are interested are asked to contact S. C. Heckbert, Manager of Vermilion Fair as soon as possible. Eighteen are required to make a full car and all who have previously taken the trip under the auspices of the Society have been well pleased with all arrangements.

The car will leave Wainwright at 4:50 p.m. on Nov. 10 and the return trip may be made any time within 30 days.

This is an excellent opportunity to visit your former home in Ontario or to take in Canada's major exhibition.

Two Hundred and Eighty-four Teachers Gather For Annual Convention

Practically one hundred per cent. attendance marked the annual Fall Convention of the teachers of the Vegreville, Vermilion and Wainwright locals of the Teachers' Association. From the Vegreville school division the registration showed that 95 teachers were present out of a possible 95. Vermilion had 98 of a possible 103, with Wainwright 80 out of 86 in attendance, for a grand total of 284.

At the completion of registration this Thursday morning Mayor Melvin Hill brought greetings on behalf of the citizens of Vermilion, saying in the course of his remarks that if there is anything Vermilion can do to make the teachers stay here more pleasant, the people will be glad to hear of it and attempt it.

N. N. Bentley, principal, welcomed all to the School of Agriculture.

The assembly then broke up into discussion groups. This Thursday evening a banquet is being served in the school dining room, with Dr. L. E. Gads of the University of Alberta, as guest speaker. The banquet will be followed by the convention dance which is open to the general public.

Business sessions of the A.T.A. locals hold the spotlight on Friday, with both joint and separate sessions being held.

Fred Jacula, Pioneer of 1905, Passes Away

Fred Jacula, who homesteaded near Derwent back in 1905, died at the Vermilion hospital on Saturday Oct. 6th, following an illness extending over the past ten months. He was 76 years of age.

Mr Jacula increased his farm holdings from the original homestead quarter until he and his six sons are among the largest farm operators in this section of Alberta. He retired from active farming in 1950 when he and Mrs. Jacula bought a home in Vermilion and had lived here since that time.

The deceased leaves to mourn his passing his sorrowing widow, six sons Mike, Nick, Steve and Andrew of Vermilion, John and Peter of Derwent and five daughters, Mrs Alex Zuk, Derwent; Mrs. Nick Klutz, Vermilion; Mrs. Nick Wasylik, Vermilion, Mrs. Ben Krowski, Edmonton, Mrs. Bill Charnowski, Warwick. There are 36 grandchildren and 11 great grandchildren.

Prayer service was held Sunday evening Oct. 7th at 9 o'clock in the Ukrainian Catholic church, Vermilion. Funeral services were held at Derwent on Wednesday, Oct. 10 at 9 o'clock in the morning. Interment followed at the cemetery of the Ascension Ukrainian Catholic church.

Moyers were in charge of the arrangements.

Attend Official Opening of Refinery

J. R. Boake, president of the Board of Trade and James A. Smith, M.P., attended the official opening of the new refinery at Wainwright on Wednesday this week. Both received official invitations. An excellent and impressive program and altogether enjoyable afternoon is reported.

HI-SCHOOL HI-LITES

Students' Union Elect Executive

On Sept. 4th, for the first time since June 29th, the Vermilion High school doors were open once again to the students of grades 10, 11 and 12.

The new students were welcomed to our Higher Halls of Learning officially on Thursday and Friday, Sept. 20 and 21 when the annual initiation was held. The school was in an uproar on the sunny Thursday afternoon as the initiates carried out their duties. Because of a heavy rain all day Friday the initiation antics were unable to be carried on but about one hundred students from both the Junior and Senior highs "weathered the storm" to hold the traditional snake dance.

The Students' Union Council has been elected for this 1956-57 term with the following on the executive:

President — Donald Stewart
Vice-President and Social Convener — Edna Martin
Treasurer — Lillian Mistick
Secretary — Faye Wilson
Past Member — Margaret Goodwin
Point Secretary — Doreen Hlaba
Girls' Sports Rep — Lila Porter
Boys' Sports Rep. — Bill Tough
Room Rep — Gordon Callaghan.

Eileen Bauer has been appointed Year Book Editor and Carole Brown Standard reporter.

The house leagues were picked last week for this term with Lillian Wasylik and Harvey Anderson leading Carmen, Margaret Goodwin and David Smith carrying Laurier colors, and Donna Cooper and Bryan Ford taking over the position as Service leaders. House league practice has started and the schedule will begin next week.

A Hard Time Hop has been planned for Oct. 19th with the Grade Nines invited. We would like to see all the students there.

The Honourable Ernest C. Manning, Premier of Alberta officiated at the formal opening of the new million dollar Alberta Research Council building on the University Campus September 21. The building and equipment valued at more than [illegible] is used by a staff of more than 70. The efforts of the Council are directed toward development of Alberta's natural resources [illegible]. At left above Honourable Mr. Manning is shown entering the building after cutting the ribbon which outside may be seen Dr. N. H. Grace, Council director. As the ribbon was cut it activated electrical circuits which flung open the two glass front doors and at the same time dropped a shield that revealed the name of the building on the front canopy. Top right, Honourable Gordon Taylor, chairman of the research council who officiated at ceremonies at the opening stands with the Honourable James Hartley, Minister of Public Works for Alberta. Mr. Hartley, whose department largely designed and responsible for the construction of the council building, unveiled the mural in the lobby of the new structure. Below, a number of the members of the press are shown inspecting equipment during the pre-opening press tour. They include Ross Sheppard, CBCA, Ted Moser of the Edmonton Journal, Fred Johns, Alberta Weekly Newspaper Association, Ken Leacock of the Canadian Press and Joe Taylor, CFRN.

Members of Mannville Mission See And Hear Bishop De Mel of Ceylon

MANNVILLE. Saturday was a memorable day for those members of the Mannville Anglican Mission who journeyed to Edmonton to see and hear one of the leading Christians in the whole of Asia, Bishop Jacob De Mel of the Diocese of Kurunagala, Ceylon.

At a Missionary Rally held at Alberta College auditorium in the afternoon Bishop De Mel gave his listening audience a vivid mental picture of the background of his people. He touched on the ancient faiths of the East and their awakening zealous proselytizing in the last ten to fifteen years. He spoke of how the racial tension in South Africa and other parts of the world affects the rest of Asia and he gave detailed informative sketches on the political, cultural and religious tenets of his people.

In the evening at a dinner given in his honor at the Macdonald hotel he told of the women's work in the Asiatic Church, and dealt with the role of dynamic neutralism which Asia had [illegible] in world affairs. He spoke very strongly on this point, of how Asia refuses to ally herself with any cap of armed strength but rather by being neutral on bloc hopes to thus be able to avoid and prevent clashes and war between the great world powers. He spoke most feelingly on the great strides of progress being made in his part of the country on church union. Everyone present could not help but feel that the Asiatic Churches are certainly striving to the utmost of their abilities and working together to put into practice the Ecumenical Spirit in much more a realistic way than Western Christian Churches are doing. His faultless diction and [illegible] command of the English language spoken with a cultured Oxford accent entranced and captivated all who were in attendance. Besides the Anglican clergy and lay people who represented almost every parish in the Diocese there were representatives from the Baptist, Presbyterian and the United Church communions. All present came away with the conviction that Bishop De Mel, a native Singhalese, is an outstanding man of faith and a most colorful figure in the Christian world.

Those attending from the Mannville Mission were Mrs Doris Elliott Wilberforce; Mr Albert Hinton Saltaux, Miss Ilene McDonald, Chailey; Mrs. A. Rutherford, Miss K. Sutton, Mr Chris Hamilton, and Rev C. and Mrs. MacPherson of Mannville.

HOW CAN I HELP MY SHY CHILD?

All children are not of course equally sociable and most of them go through a period of shyness around two years but shyness in the school child which makes it difficult for him to take part in social activities is a problem which needs careful handling and could usually have been avoided.

Stated in a nutshell, the shy child needs to have a better opinion of himself. Somehow he's missed out on one or both of two "must's" that should have gone into strengthening his personality.

First of these is the all-important one the lack of which [illegible] at the root of so many troubles in child training:

Your child must always feel that you want him and love him, no matter what. He needs to know that he "belongs" to you, that he can count on you for understanding, come what may. As he is growing up, he needs affectionate help and direction as he begins to take over activities, decisions and responsibilities for himself. The security that comes from knowing that you, his parents, are standing by with approval, understanding and interest is the broad firm base from which your child steps confidently forth to meet new people and new situations.

There are many pitfalls for the unwary parent. Telling your child "I won't love you any more!" or angrily calling him a "bad boy" can have consequences you would be very anxious to avoid. On the other hand, avoiding unpleasantness for him and yourself by failing to help him face the need for self-control and restraint can be a serious matter too. Some parents anxious to rear "a perfect child" criticize too freely and overwork the "No's" and the "Don'ts". They find they have raised a child that is always ill at ease, hesitant, drawing back from any kind of action or decision.

Indulging a child one minute and avoiding him the next doesn't provide a firm base of security, either. Restrain and control him on the important issues until he learns to control himself. You can do this in such a way that he has no doubt that you love him or that he himself is all right, even though he's got to stop what he is doing.

The second essential the shy child may lack is the feeling that he is able to do many of the things he wants to do, and to be many of the things he wants to be.

The shy child needs to feel more capable, adequate and important. Here again there are many ways in which parents can, almost from the child's birth, weaken his faith in his own abilities to be and do like others. Eight of the more obvious situations for parents to avoid in this regard follow:

1. Limiting his experiences, such as failing to allow early opportunity to sit up, crawl, stand; failing to make suitable play provisions; failing to let him help feed, wash and dress himself before he is able to take over completely or faultlessly.

2. Tying [illegible] to your apron string, keeping such a close check on him that he can't learn anything for himself.

3. Making all decisions for him.

4. Too much Don't touch! Stop [illegible] noise! can't you do anything at all? whenever he tries something for himself in his own way.

5. Expecting too much from the child in the way of manners, habits or cleanliness.

6. Making thoughtless remarks or laughing at his childish, awkward attempts to learn. Also neglecting to praise and make suitable comments when he achieves something.

7. Overdoing the emphasis on the child's cultural and artistic activities to the neglect of helping him to learn handicraft skills, so that he feels unequal among his friends and playmates.

8. Humiliating or embarrassing him with a remark because he's upset a glass at a party, for example, so that afterwards he feels uneasy in social situations. A bright child, interested in new long words may be driven by adult laughter to limit his speech drastically. Too much emphasis on a child's size — "He's so big" or "He's unusually small" — may make him feel he's "different." Even the choice in naming a child may contribute to shyness in a variety of ways.

OUR LETTER FROM EDMONTON

More Posers for Political Pundits

EDMONTON — More posers for political pundits!

Is there another major shuffle looming on the horizon for Premier Manning's 13-man cabinet? The premier hasn't indicated anything, but there are signs pointing to the possibility of changes in the not-too-distant future.

Probably the main problem facing Mr. Manning is that he personally is struggling under the burden of three of the fattest portfolios in the government — premier, minister of mines and minerals, and attorney-general.

No doubt lesser men couldn't bear up under such a heavy load, but the premier appears to be thriving and healthy. When asked about it recently, his only comment was: "It's not as difficult as SOME people seem to think."

He wasn't looking at the leader of Her Majesty's Loyal Opposition at the time, mainly because said person wasn't around.

The task may not be too difficult, but at the same time the premier must be aware that to some it could indicate an apparent weakness within the ranks of Social Credit's elected members. C[illegible] members of the opposition interpret it that way.

The obvious question for observers to ask themselves is whether the Social Credit party is so dismally lacking talent that it can't find members strong enough to handle important cabinet posts.

And if this isn't so, why doesn't Mr. Manning unload some of his responsibilities?

The answer may be that the premier is taking time. Several new men were elevated to cabinet rank in last year's shuffle, and it could be that he is letting them gain experience in relatively junior positions before promoting them to better things.

It is extremely doubtful if he would pick an inexperienced backbencher and thrust him into a portfolio like attorney-general, especially since there are no lawyers among Social Credit MLA's.

The premier has one ace in the hole, although it's anyone's guess whether he will be able to use it. The ace is Fred C. Colborne, minister without portfolio, who represents one of the Calgary seats in the house.

For several years, Fred has proven himself a capable politician, and particularly during the last session when he guided the controversial new Election Act through bitter legislative battles.

However, the story when Fred received the appointment was that he wouldn't take an active cabinet post because he didn't want to leave his position with a big American airline. There has been no indication that Fred's position has changed, although without a doubt the premier would like to have him in active service.

Premier Manning may also have to face the retirement of one senior member, Health Minister Dr. W.W. Cross, the 'dean' of Cabinet. Persistent rumors have circulated for some time to the effect that "Doc" Cross is thinking of retiring.

If he does retire, a replacement should be no great problem. The obvious successor is Dr. J. Donovan Ross, who holds one of the Edmonton seats for Social Credit.

Beyond that, there may not be too many Social Credit-ers eligible for cabinet rank. Earl Hardy, a school teacher who represents Bruce riding has been mentioned as a possibility in the past.

And there is Edgar H. Gerhart, Social Credit MLA for Edmonton, whose father, C.E. Gerhart, was provincial treasurer until his defeat in the last election. The government indicated it had faith in Ed Gerhart by naming him chairman of the legislature committee currently studying the liquor laws.

Among the "dark horses" is Harry Strom, member for the [illegible] of Cypress. Harry was elected for the first time last year, and shows promise.

Meanwhile, Premier Manning may not find his three portfolios too burdensome as after all he has capable deputy ministers in his departments. But the strain begins to show during the session when he has to answer questions for two major [illegible] ments as well as for the [illegible] ment as a whole.

Fitting Culmination To Very Successful Season

SWIM CERTIFICATES PRESENTED AT BAND SHELL

On Wednesday, October 3rd the presentation of outstanding qualification awards to all people attending swim classes at the Vermilion Park Lake during July and August was made. Although bad weather was in full swing, many from town and country were able to attend the function, and to receive their certificates and badges.

The season just closed has been an ultra successful one for swimmers at the lake. The success can be attributed to an energetic and interested swim instructor, Sidney Moore and his assistants Miss Marjorie Waldenberger and Miss Aunt Beatty.

Not only did this trio of young people keep the interest high in swimming all summer, but the progress made by the pupils was simply amazing. Little girls and boys had all fear of the water under the careful tuition, learned various ways of getting wet comfortably and took keen delight in being able to swim. Best and do several kinds of dives, to the pleasure and surprise of the parents. It is quite apparent that in Mr. Moore the town was fortunate in securing an instructor far above average competence and with the happy knack of being a natural teacher.

In addition to teaching the swimming classes, Mr. Moore organized a swim club of older boys and girls who set several objectives for themselves, besides observing safety rules in water and health.

Those passing tests and receiving their certificates or buttons were:

Tips on Touring

By Carol Lane
Women's Travel Authority

More car radiators boil over in the Winter than in the Summer. Whenever I see this sorry sight, I'm willing to wager the car owner was penny-wise and pound foolish.

You can be sure youre car's cooling system will be nice instead of neurotic during the months if..

1. You don't try to save pennies by having your radiator merely hosed out if it needs thorough flushing with a cooling system cleaner to loosen accumulated grease and scale deposits.

2. You don't try to get anothers year's use out of last Winter's anti-freeze. (Last year's anti-freeze may eat away cooling system this year.)

3. You don't scrimp on the amount of anti-freeze you order.

4. You choose a permanent instead of volatile anti-freeze. It's cheaper in the long run because it won't boil away during the first warm spell.

5. You heed your service station operator's warning to replace a week rubber hose which has deteriorated on the inside (If it bursts and your anti-freeze leaks out, you may have a major engine repair bill.)

6. You replace a slipping or worn fan belt immediately.

If you have been trying to "save" in any of these ways, be prepared to "boil over". Because your car's radiator no doubt will!

Raving about your rapid reflexes? Why not put them to a test? Try standing in a dark closet until your eyes are accustomed to the dark. Then look toward the light – and turn it on. How many objects did you see clearly within the first ten seconds? This isn't just an old fashioned "parlour trick", it's exactly what happens when you drive at night. Bright headlights in your eyes have the same effect as the light in the closet and ten seconds is ample time for an accident.

Assuming that you have passed the above test consider, now, the oncoming motorist. If your lights blind the driver you're meeting, there may be a collision. His reflexes may not be as fast as yours. Remember to dim your headlights when you see an approaching car. It's a simple matter to have your car's electrical system checked. This will guarantee that your headlights are safe. It will help you see pedestrians in plenty of time, too.

Once you've had your headlights checked for focus, brightness, beam tilt, and general safe condition, a good rule to keep in mind is to drive more slowly at night.

For really safe night driving, be sure all lights are in good working order. There's still the driver in back of you to consider. Make certain your turn signals, stop signals, tail and parking lights are in order. These lights let the driver behind know what your next move will be, and they'll help avoid unnecessary dents in your bumper.

There's more to driving a car with an automatic transmission than merely moving the selector lever or push button and starting off. Here are some tips you may find useful.

1. Be sure the selector lever is at "Neutral".

2. Keep your foot on the brake pedal when moving the lever to any driving position or while the car is standing still. This will avoid "creeping" or jumping.

3. Use hand or foot brake to keep the car from rolling when stopped on an upgrade. Don't hold the car by feeding gas.

4. Never shift to 'Neutral' when driving downhill. Coasting is dangerous.

5. If your car has a 'Park' position, be certain you are completely stopped before shifting into it.

6. Shift into 'Low' when going down long, steep grades so the engine will help brake the car.

7. When you leave the car, make sure the ignition is turned off, the parking brake applied, and the selector lever at "Neutral", "Park", or "Reverse", depending on the make of the car.

8. If the car has to be towed exercise caution as damage to the transmission can occur. See your Owners' Manual.

9. It is important to have right fluid level in the transmission at all times and, of course, the fluid should be drained and refilled at regular intervals. Let your service station dealer check and service as required.

Independent Ink Drinker

A new fountain pen with no moving parts, filling levers, ink sacs or cartridges, which fills automatically when dipped into ink pot, has appeared, reports The Financial Post. Writer removes pen's barrel and exposes inner coil to ink which then moves into the pen through capillary action. Takes just ten seconds. No need to wipe pen off afterward, since outside of coil is coated with special material that sheds excess ink.

Family Gathering Marks 35th Wedding Anniversary

A family gathering marked the 35th wedding anniversary of Mr and Mrs James J Duncan, esteemed couple who have resided in the Buffalo Coulee district for many years. The date of the wedding anniversary was Sept. 29th and the gathering took the form of a wedding supper at the home of Mr. and Mrs. Duncan's son, Bert, and Mrs. Duncan.

In attendance were daughters Margaret of Yellowknife, Jean of Edmonton, son J. S. Duncan and wife and family of Wainwright, son Bert and Mrs. Duncan of Buffalo Coulee and Mr and Mrs. Bert Duncan of Vermilion. Bert is a brother of Jim's.

The supper table was graced with a beautiful wedding cake and bouquets of roses. A generous purse with the suggestion that it be used for a trip to the coast was the gift of the family to Mr. and Mrs. Duncan.

THE STAGETTES

Enthusiasm rated high in the club room Oct 9th and another year of Hope, Faith and Charity is foreseen in the crystal ball. Jean and Doris have arrived home from a lost week end in Kelowna — a very pepped-up convention is reported. Girls, how can you pack so much in such a short time? This is a report we have been waiting for ever since the girls left here. Will we have Convention next, can we have convention, or must we have convention? Anyway, we are none the wiser now, since the girls had to leave on their return trip before the business meeting closed. We don't like to commit ourselves, but still maintain that we can hold that line. The meeting opened with the singing of the club song, which will be revised. Jean gave a complete report of the week end results. It was a great experience for the girls, and no doubt we will never get them to stay at home come convention again. Boy Scout letter was read re building fund and tabled for further discussion, as time was running out. Home baking sale at Noonan's Coffee shop Nov 3 at 3 p.m. Harvest ball Oct. 26th in the Elks hall.

Checking: Saturday, Gwen Millland and Marie Forby.

Fall Rally Of St. Paul Presbytery, Minburn

The Minburn W.A. were hosts at the United church when 72 ladies met there for their 1956 Fall Rally on Sept. 28. Rev. Morgan of Ashmont extended greetings.

Mrs. T Davis of Vermilion, the President of St Paul Presbytery W.A., ably conducted the meeting.

Mrs. C. W. Davis of Wainwright led Devotional. Mrs. Dyer, President of the Alberta Conference was present, and gave a very interesting talk.

The highlight of the meeting was the message which Miss B. Wilson, executive secretary of the Dominion Council of the Women's Association brought to the gathering. A hearty vote of thanks was extended to the Minburn W.A. for their hospitality; their delicious dinner and lunch.

Miss Elsie Godziuk Honored At Shower

MANNVILLE. — On Wednesday evening last a miscellaneous shower was held in the United Church parish by the choir in honor of Miss Elsie Godziuk, a bride-elect of this month.

After several contests the curtain was raised on a wishing well from which many beautiful and useful gifts were brought to Elsie. The wishing well was very prettily decorated by Miss Doreen Bennett and Miss Connie Gerhart, assisted by Miss Donna Doherty and Miss Norma McLackie.

Miss Godziuk was helped in opening her gifts by Mrs. Osborn. She thanked all those present as well as those unable to attend for their thoughtfulness and kindness.

After the many ribbons from the shower gifts were tied and passed among the guests, a delicious lunch was served by members of the choir.

Stettler Vote Set For November 15

Alberta's first provincial by-election since the June 29th election last year will be held in Stettler on Nov 15, to fill the seat left vacant by the death of John E. Clark, Social Credit member for the riding since 1952.

Voters for the first time since the Election Act was changed at the last session of the legislature, will mark their ballots with a simple "X" instead of with the numbers used on the transferable ballot.

The Stettler seat is the only vacancy in the legislature.

Albino Moose

The last of the animal species to be added to the albino list is a field mouse, found under a stook in Bert Moore's field. The pure white mouse looked much like one of his domesticated brothers, but was of the ordinary field mouse size. The little fellow was spotted by Edwin Barton who captured it for exhibition to the Standard.

Celebrate Golden Wedding

MR. AND MRS. PAT McDANIEL

—who lived in the Island Hill district from 1929 to 1943, prior to moving to Edmonton.

Mr. and Mrs. Patrick McDaniel, who were married in Strabane, County Tyrone, Ireland, celebrated their golden wedding anniversary reading congratulatory messages from President O'Kelly of the Republic of Ireland, Rt Hon Louis St. Laurent, and Hon. E. C. Manning. A special blessing was received from the Pope and Mr and Mrs. McDaniel received the calls of Rev. M. Murphy, Rev. R. Leonard and Rev P. Connelly.

Mr and Mrs. McDaniel came to Canada in 1920 with 16 children, five of whom served over-seas during the Second World War. They resided in the Vermilion district for 14 years before coming to Edmonton. They have 33 grandchildren.

Mr. and Mrs. McDaniel marked their anniversary by attending mass celebrated by Rev. Father Leonard in St. Andrew's Roman Catholic Church followed by a breakfast party at the home of their youngest son, Frank.

Later their daughter, Mrs Victor Leonard, entertained at an open house reception at her home, when 100 guests called, and in the evening a family dinner party was held at the Seven Seas.

Mr and Mrs McDaniel's daughter, Mrs. Arthur Thorsen, and their son and daughter-in-law Mr and Mrs John McDaniel of Vancouver, were present for the occasion.

"HELLO, HOMEMAKERS"

With Thanksgiving over, it is time to take stock of the summer just past and prepare for the winter season.

Did you, perhaps, grow a larger than usual number of squash this year? Perhaps you are wondering what to do with it. Squash can be a tasty and welcome addition to fall and winter meals. A simple way to prepare squash is to cut the squash in half, rub with brown sugar or honey, lay one or two strips of bacon over each half. Bake slowly until light brown and tender. Or if your family prefers it, season with salt and pepper, dot with butter and bake. Try placing the squash in a pan and adding a small amount of water.

To freeze squash pick those that are mature with a dry pulp. Cut, remove the seeds. Steam or bake the squash, hull and remove the rind. Mash it and dry pack it. Be sure to leave a headspace. Freeze.

When reheating the squash place in a double boiler and heat, it has already been cooked.

Pumpkin can be frozen in exactly the same way. Use either pumpkin or squash in making pies. If you use squash make it exactly as for pumpkin pie. It tastes just like it.

PRESSING TROUSERS AND SKIRTS. This is quite a change from the subject of squash but a timely topic nevertheless.

To take the shine off trousers and skirts, here's a trick. Put two tablespoons of vinegar and one teaspoon epsom salts into four cups hot water. Wring out the pressing cloth in this solution.

In extreme cases rub gently with fine sandpaper to restore the nap.

EFFICIENCY WINNERS

It gives me great pleasure to announce the Garden Club Efficiency winners for this year. The Efficiency Winner is the top girl in each club. She must be 11 years or over and must not have attended club week before. The girls will attend Club Week at a School of Agriculture next summer.

Winners in this area are:
Islay Garden Club, Lynda Redmond
Metiskow Club, Gloria Jacques
Czar Club, Norma Beck
Paradise Valley Club, Ellen Teasdale

PLOT WINNERS

Each summer Alberta Wheat Pool presents an award to the winner of the garden plot competition. The girl who has the best cared for garden is chosen for this award.

The winners of this award include:
Islay Garden Club, Lynda Redmond
Metiskow Garden Club, Gloria Jacques
Czar Garden Club, Norma Beck
Paradise Valley Garden Club, Mildred Teasdale

Congratulations girls on a job well done.

Teen-age drivers proved themselves over senior competition in Alberta's third annual provincial car roadeo Saturday at the Legislative Buildings, Edmonton. Nineteen-year old Earl Pearson of Wetaskiwin (centre) was awarded the Gordon E. Taylor trophy as high scorer in the finals. The youth topped 15 contestants, five youths, two ladies and eight adults, with a score of 371 out of a possible 400. Runner-up was [illegible] Shaw, Jasper Place, two points behind Pearson. Winner of the $250 Yellow Cab scholarship for the highest scorer throughout the year's competition was Red Deer's Billy Goodacre, 19, (left) who chalked an amazing total of 388.2 points of a 410 total at Red Deer earlier in the summer. Top honors for lady drivers went to 17-year-old Merrill Upton of Calgary. She was awarded the Alberta Safety Council trophy. Earlier in the year Miss Upton won the Junior Chamber of Commerce provincial title and the right to represent Alberta at the "JayCee" Dominion Teen-Age Car Roadeo competition at Ottawa. The only lady driver, she placed in fifth position at that event. Awards were presented by the Hon. Gordon Taylor, Minister of Highways for Alberta, at a banquet evening.

"TIDE RIPS"

By JIM BRAHAN

In the days of England's King Henry the Eighth, the Navy, it seems, was no place for sleepy-heads.

For a man in our modern Navy to be found sleeping while on watch is a serious matter and he is severly dealt with, but the punishment meted out now is mere child's play compared to that thought up by the much married Henry.

At the King's command Sir Thomas Audley drew up a set of Orders for war on both land and sea. One o fthe orders had to do with falling asleep while on watch, and it could not be called lenient in any manner.

For his first offense of sleeping, the culprit was to be tied to the mast with a bucket of water poured over his head. This, of course, was extremely unpleasant, especially as sometimes they left him at the mast for days, and additional buckets of water were poured over him.

The second time he slept on watch he was again secured to the mast. This time with his arms tied well above his head and the sleeves of his jacket were kept filled with water. Most always he was placed in a position where he would get the full advantage o fa cold wind. Some captains would have the sleepy one triced up in the weahter rigging and have him continually wetted down.

For the third offence the unhappy one was again tied to the mast but this time would have heavy weights tied to his arms. The weights were as heavy as the captain deemed necessary to remind him to stay awake in the future.

If however, the man proved to be a real Rip-Van-Winkle and was caught asleep for the fourth time, it was definitely the last time. The law stated, "Being taken asleep he shall be hanged to the bowsprit end of the ship in a basket, with a can of beer, a loaf of bread and a sharp knife, and choose to hang there until he starved or cut himself into the sea.

NEW BALER 'MEASURES' HAY

Here's a baler that measures hay so that farmers get "square" bales every time for better handling and curing. The Mayflower, product of New Holland Machine Company, does not choke or jam. A slip-clutch prevents it. The new baler, now in production, turns out bales anywhere from a foot to 4-1/3 feet in length. The farmer decides what length bale he wants and makes a simple adjustment to get it.

Rights Or Responsibilities

In this age of "demanding" it is encouraging to hear one voice raised for "assuming." It is the voice of the Bishop Fulton J. Sheen speaking of the real danger to our freedom. "Hundreds of organizations exist to defend liberties," he said, "but few are those who defend responsibilities. For the dozen who are afraid of human rights being challenged, there is only a fraction which pleads for the fulfillment of duties. But it is impossible for a person to boast of liberty without admitting responsibility. Contented cows have neither inherent rights or liberties, neither do they have conscious responsibilities. There is not so much danger that we will have our liberties stolen: the danger rather is that we may surrender our sense of responsibility, and therefore lose our liberty." It is worth pondering.

THE WORLD OF WHEAT

AGRICULTURAL PRODUCTION IN POST-WAR EUROPE

A study of the post-war recovery in agriculture achieved by Western European countries is very revealing. After falling some 20% below the pre-war average level in the mid forties, net production has increased rapidly until by 1955-56 it stood approximatly 25% above the pre-war average. This compared with a population increase of only 14%.

Viewed in light of the steady decline in the agricultural labor force in most countries, this achievement is all the more remarkable representing as it does, higher production per man, per acre and per animal and reflecting the progress of technology and the application of better farming techniques.

On the consumption side of the picture too, definite changes have taken place in Western Europe where, in accordance with the historical pattern of economic progress, grain consumption is down everywhere while the per capita consumption of fruit, sugar, eggs, milk, cheese and fats is generally up. Meat consumption is about the same as pre-war, although certain countries such as France, Belgium and Sweden provide exceptions with per capita consumption appreciably higher. On balance, with food production above, and per capita consumption close to pre-war levels, Western Europe has become less dependent on imports of bread grains, food grains, sugar, meat and eggs, but is now importing substantially larger quantities of fruit, and of fats and oils than before the war.

While for Western Europe as a whole the degree of food self sufficiency has increased from 68 to 75 per cent, a substantially higher level of self sufficiency has been reached in such heavily deficit countries as Norway, the Netherlands and the United Kingdom. However, despite these trends, Western Europe will continue to be a large scale importer of food and feed stuffs in the years that lie ahead.

Name of the province of Saskatchewan comes from the Cree Indian word Kisiskatchewan, meaning "swiftly flowing water," the Cree's name for the Saskatchewan River, longest river on the prairies.

"Face Facts" — and Assure Forest's Future

Trees and Tree Farming Provide A Cash Crop

WINNIPEG—Right now the forest industries are Canada's biggest business. The woods operations, the pulp and paper companies, and the lumber mills together produce goods valued at some $4 billion a year. They employ close to 400,000 people and they annually pay out some $1½ billion in wages, more than any other Canadian producer. In addition, they account for a third of the nation's exports.

To do all this, the forest industries annually harvest a whopping 40 million cords of wood and purchase another $800 million of mill supplies and agricultural products. Yet within the next 25 years it is estimated that the wood harvest will increase to some [illegible] million cords. [illegible] try is big business now, but it's going to get a lot bigger.

These were the forest facts revealed at a National Forestry Conference held in Winnipeg this month. The Conference, attended by 130 representatives of leading national organizations studied the future of Canada's forests, especially how they should be used, managed, and conserved.

The conference was sponsored by the Canadian Chamber of Commerce, the Canadian Forestry Association, the Engineering Institute of Canada, and the Canadian Institute of Forestry. Its purpose was to bring together forestry experts, business men, government officials, and civic representatives to discuss ways and means of improving forest [illegible] in Canada. The principal speaker was the Hon. Jean Lesage, Minister of Northern Affairs and National Resources, Ottawa.

J. L. Van Camp, secretary of the Conference and general manager of the Canadian Forestry Association called upon the Conference to frame a new forward-looking forest policy that will encourage forest management.

"Forest conservation should never mean forest preservation," said Mr. Van Camp. "There is no point in permitting trees to grow, mature, die, and then rot. The best kind of conservation is firmly rooted in management, that is the growing and harvesting of trees on a perpetual yield basis, just like a farm crop. In this way we can keep our forests green forever, and yet reap a valuable harvest from them—a harvest that generates wealth for every Canadian."

Speaking on the Tree Farm Movement, Mr. Van Camp said it is the most important single step that individual Canadians have taken in active forest management. Hundreds of small and large private woodlot owners now display the Tree Farm sign as certification that they are growing trees on a managed basis to provide continuous crops, and that they are protecting their woodlots against fire, insects, and disease.

The Tree Farm Movement was initiated and sponsored by the pulp and paper industry and is administered by the Canadian Forestry Association. Anyone with a woodlot they are prepared to manage can apply for certification as a tree farmer.

Junior foresters from across Canada chat with the Hon. Jean Lesage, Minister of Northern Affairs and National Resources, Ottawa, at the National Forestry Conference in Winnipeg. They are, (from left to right) Ray Chesin, fire prevention poster winner, Winnipeg; Donald Stevens, tree farm owner, Woodstock, Ontario; Mervin McConnell, Ontario 4-H Club forest winner, Heathcote, Ontario; Mr. Lesage; Glen Nymark, High School Forestry Student, Dryden, Ontario; Fred Bining, Boy Scout good turn demonstrator, Winnipeg; and Bruce Nicoll, Canadian Forestry Association Junior Forest Warden, Vancouver, B.C. (Upper right) A tree farmer admires his Tree Farm sign. Tree farms are managed woodlots that yield an annual saleable crop of wood. (Upper left) A pulp and paper company forester checks the growth of a young poplar at a company-owned forest [illegible].

YOU are asked to Observe
FIRE PREVENTION WEEK
OCTOBER 7 - 13
AND EVERY DAY THEREAFTER
The carelessness and indifference of people is the cause of fires in the home, place of work and in our forests. The many deaths resulting from fires can be attributed to this neglect. "DONT GIVE FIRES A PLACE TO START" is good advice and a habit to acquire. Your Fire Department is conscientious in their endeavor to hold depredatory fires in abeyance through inspection service, but they can't do it alone. THEY NEED YOUR HELP to prevent fires!
- A careless smoker is a menace
- Faulty electric wiring and overloaded circuits are dangerous
- Fires are caused by defective chimneys, furnaces, pipes and cooking equipment
- Spontaneous ignition can be caused by oily rags, paint and rubbish
- The careless use of kerosene and other inflammable liquids can result in death
- Leaving children within reach of matches and electric and gas switches can have serious consequences
- Put your campfire out and don't light brush without proper care
Use your common sense. KNOW and ACT on THESE THINGS
Fire is not a chance occurrence but a bad error!

Stettler By-Election November 15; First Use of the "X" Vote

EDMONTON The government has chosen Nov 15th as the date for a provincial by-election in the eastern Alberta riding of Stettler

Members of the cabinet decided on the date about Tuesday of last week and an order-in-council was passed But as is usual in the case of such top secret material, the order remained hidden away and unsigned until Friday when Ray Crevolin, clerk of the legislature, made the announcement

The pending by-election hasn't caused a great deal of political interest except that it will be the first vote in the province since the last session of the house when the government tossed out the complicated transferable ballot system and replaced it with the simpler "X" ballot

The election is necessary to fill the vacancy caused by the death of Social Credit-er John E Clark last June The government is waiting almost until the last minute, for the Election Act stipulates that a new member must be named within six months after a seat becomes vacant.

Present indications are that there will be at least a three-way fight for the Stettler seat. The Liberals already have nominated Murray Reerdon, a farmer, and the CCF is planning to name a candidate. Social Credit, of course, will be fighting to retain the seat

The odds right now favor Social Credit, which has held the seat since the memorable landslide of 1935

Whoever wins, the election will give Alberta students of politics their first chance to analyze the effects of the new voting system which was pushed through the legislature in the spring despite vigorous objections from nearly every member of the opposition

Politicians both of the armchair and active variety can spend the evenings probing the results and determining what might have happened had the transferable ballot been used Reference undoubtedly will be made in the legislature, and it is almost certain that government and opposition experts will come up with different answers

Candidates for the seat will have to get their papers in by Nov. 1, which is nomination day.

For the record, here is the current standing in the Alberta legislature Social Credit 36; Liberal 15; Conservative 3; CCF 2; Ind. Social Credit 1 Lib-Con. 1; Coalition 1. Independent 1; vacant 1 Total 61.

BAD NEWS FOR TIPPLERS

The liquor control board came out last week with the news that many lines of Canadian-made liquor will cost 25 to 50 cents per bottle more in the near future And in the same breath, board chairman George Clash announced he has sent a strongly-worded protest to the two distilling concerns responsible for the increase His protest was backed up by liquor boards in the three other western provinces

Reason for the increase, according to the board, is that the distilling firms which control at least half a dozen different brands, have boosted the wholesale price by about 16 per cent.

Mr Clash is making noises like the champion of the unfortunate consumer, who already feels he pays too much for liquor But many Albertans are asking whether it's a case of the pot calling the kettle black.

The greatest part of the price of liquor is the government's mark-up. For every dollar spent on liquor, the province takes 43.8 cents, compared with 5 cents federal sales tax, 34.5 cents excise tax, 1 cent for the railway and 15.7 cents for the distiller.

Of course, liquor is one of the most taxable commodities, and most thinking citizens believe it should be taxed heavily. There can be no valid complaints against a stiff tax

But it must be remembered that the majority of Albertans take the occasional drink, and in so doing pay more toward schools, hospitals, roads welfare, etc than the non-drinking minority No one is shedding any tears for the distillers who seem to be doing all right, but couldn't Mr Clash absorb some of the increase? After all his board's profit last year was $15,000,000.

WOODVALE NOTES

Thanksgiving day was spent on most farms harvesting the late crop, no doubt with a thankful heart that the day was so sunny and bright We need quite a few more days of the same kind of weather before the crops will be safely stored. Some farmers have only a few more days work, while others have only nicely started to thresh and by the looks of things a lot of bales of hay have to be hauled out of the fields and stacked yet There was a sharp frost on Sunday night that finished most of the late flowers which had bloomed so long this fall. There were still roses in bloom in quite a few gardens and the Wolters children noticed raspberries and strawberries blooming and crocus on the prairie Only pansies and carnations are left today however

Congratulations to Mr. and Mrs Tommy Lyons (nee Margaret McLean) who were married in Mannville on Sept 27th at 2:00 o'clock in the afternoon. The bridal party then moved to the home of the groom's mother, Mrs. Dana Lyons in the Tolland district for a family gathering with forty relatives present. The young couple will make their home in Vermilion.

Congratulations also to the parents of new baby girls — Mr. and Mrs. P Rund, a fourth sister for young Karl, and Mr. and Mrs. McLean of Kokuma store who are the proud parents of twin girls.

The Gonton community hall was tastefully decorated for the Thanksgiving service Sunday with sheaves, lots of flowers and a few big pumpkins. Rev Nugent conducted the service Another service will be held on the first Sunday in November.

The Red Cross meeting, scheduled for Oct 8th was postponed as everyone was too busy to attend

We were sorry to hear that Bert Portsmith is again a patient in the Islay hospital

Belated but sincere sympathy to Mrs. C. McGrath and Mrs. J. Wylie whose sister, Mrs. Jean Drysdale, passed away recently

Mr. and Mrs. B. Bossinette and young son of Edmonton spent the week end with Mable's mother, Mrs. Watson

INDEPENDENT INK DRINKER

A new fountain pen with no moving parts, filling levers, ink sacs or cartridges, which fills automatically when dipped into ink pot, has appeared reports The Financial Post. Writer removes pen's barrel and exposes inner cell to ink which then moves into the pen through capillary action. Takes just ten seconds. No need to wipe pen off afterward, since outside of cell is coated with special material that sheds excess ink.

DEAR MEMBERS:

Harvest time is a very beautiful time of the year. Yes, even this year — even if at times it has been frustrating due to so much rain

Harvesting brought to my mind the thought of how fortunate we are in Canada to have so much to harvest. Not like some of the countries in the world today who are faced with the problem of lack of sufficient production to feed their hungry people

What is the root of this problem?

No one is in a better position to assess it than the Food and Agriculture Organization of the United Nations (F.A.O.) who, ever since it was established concerned itself with every aspect of food consumption and production throughout the world There is no doubt in the minds of this organization that "the main cause of under-nutrition and malnutrition is poverty and the main remedy against poverty is economic development." In other words, the greatest hope for these people lies in our helping them to help themselves by sending trained and skilled technicians etc., to teach them to develop to the fullest the industry and agriculture of their own country

In the meantime millions of people are hungry and hunger makes for discontent. If we want to secure a future peace for our children and ourselves it is up to each and every one of us to help these people Many organizations are helping these people and it is through them that we can help The Unitarian Service committee of Canada is one of these organizations which through your generosity are helping people in other countries

Remember the United Nations Children's Fund It helps underdeveloped countries help themselves UNICEF gives only what is needed to get work started For every dollar contributed by UNICEF assisted governments invest at least an equal amount and often several times more

"Something To Crow About"

The latest in the Canadian Bank of Commerce series of farm booklets is a well-illustrated guide to good poultry management, entitled "Something To Crow About". The booklet has been prepared with the assistance of Professor J P Walker Department of Poultry, Guelph Agricultural College, and of poultry authorities in Government agencies and Agricultural Colleges throughout Canada.

The new booklet traces every phase of poultry raising right from the initial need for an adequate local market condition, to the necessity for keeping accurate records of production and sales

Jack Cockburn of Drumbo, Ontario, has contributed a series of cartoon-style illustrations for the booklet which help to emphasize some of the more important points in poultry management, such as the need for adequate space for the young chicks during the first few weeks in the brooder

Selection of the most suitable breed of poultry is in itself a highly important consideration, the booklet suggests. It notes a trend over the past few years toward [illegible] with some strains bred [illegible] large numbers of eggs [illegible] for their ability to put [illegible] rapidly Results can be more satisfactory even at the cost of a few more cents per chick, if the poultry producer makes sure that his flocks [illegible] have a well-developed breeding program behind them

United Church W. A. Meets at Paradise Valley

The October meeting of the P V Ladies Aid was held in the church basement on the 2nd with seventeen members, Miss Giffen and one visitor present. Miss Giffen and Mrs. Venner led the devotional period. The Christian citizenship committee reported the tremendous response to the Salvation Army plea for used clothing and the Ladies Aid thank all who contributed to the worth while effort. The boxes of articles are to be forwarded to Lloydminster as soon as suitable transportation is located.

Miss Giffen, Mrs. Gunn and Mrs. Gordon attended the fall rally of the St Paul's Presbytery in Minburn on Sept 26th. They reported a very interesting and informative afternoon. The guest speaker being Miss Wilson, Executive Secretary of the Dominion Council of Women.

Do not forget the annual chicken supper on Friday October 26th commencing at 6 o'clock. Any donations, especially chicken or apple pie will be graciously received. A sale of work and home baking will be held in conjunction with the supper. Hostesses for the next meeting on Tuesday November 6th will be Mrs. Charles Elliott and Mrs. George Gay. Mrs. Frank Brassington and Mrs. Harold Fair served lunch.

Shiny Polythene Covers Keep The Youngsters' School Books New

School books even 10 years ago were so drab in color no student minded covering them with wrapping paper jackets to protect their resale value.

Today, however cover designs and colors are so attractive that transparent book covers have become the fad with the school-bag set.

Thrifty mothers prepared themselfs for the September flurry of book-covering by setting aside the transparent polythene bags which arrive with purchases of blouses, sweaters and even groceries. But polythene film can be bought in any store selling plastics by the yard — about 25 cents a yard for a 54-inch width. One yard will cover several books.

Lay the book open on the sheet of polythene and cut out a piece about two inches larger than the book all round. Fold in the polythene over the front and back covers, leaving it standing up top and bottom. Then with scissors cut the film straight in to the back corners of the book and clip out the rectangles of film. Neatly complete the folds inside each cover and fasten firmly with cellulose tape.

With this type of book cover, titles are clearly visible and there's no danger of the wrong book going to school. Even if children get caught in rain the waterproof plastic will give their books excellent protection. It is so tough, one cover should last the whole term without growing shabby the way paper does.

Children are clever at "having their cake and eating it too"—this time, enjoying their new text books and at the same time keeping them under cover.

SCHOOL BOOKS can be kept shiny new with covers of transparent polythene film. This plastic which can be bought by the yard is waterproof and so tough that one cover should last the whole school year. There's no trick to applying it.

POLYTHENE film should be cut so that two inches can be folded inside the book covers. The [illegible] be fastened snugly with cellulose tape. While school books are being covered the same treatment could be given Mother's cook books.

Folding Garage

Car cover soon to be available in Canada is made of metal struts and canvas, says The Financial Post. Erecting it will be something like opening an umbrella. It will come in sizes for all cars. You can take it on camping trips, leave the car out in the rain, use it yourself!

HORSE DECLINE CONTINUES

The number of horses on Canadian farms continues to show a steady decline, last year's reduction being 5.5%. As at June 1 the bureau of statistics reports only 651 [illegible] on farms, some 38,000 less than on the same date in the previous year. — Budget

Car Insurance Rates Going Up

Auto insurance premiums are going to go up ... and right now it looks as though the boost will be [illegible] writes [illegible] in The Financial Post. That's the expectation in the insurance industry [illegible] on figures just released in the massive "Green Book" the rate-setting bible for the 200 companies operating in Canada. The study covers underwriting experience over the 12 months ending June 1956 in some 163 rating areas.

Behind the expected rise in insurance rates is this simple cause — more people are having more accidents and more expensive accidents. The key to lower rates is safer driving, say insurers, and Canada's driving record deteriorated last year.

Death and Funeral Of Mrs. Jean Drysdale

On Tuesday, Sept. 25th Mrs. Jean P. Drysdale of the Wildwood district passed away at the Islay hospital.

Mrs. Drysdale was born in Madonte Township, Ontario in 1877, the daughter of Mr. and Mrs. David Ganton. She was married Nov. 11, 1896 to David E. Drysdale of Elmvale, Ont., where they lived until 1906, moving west and homesteading in the Wildwood district, south of Islay where Mr. Drysdale predeceased her in 1942. She had since that time made her home on the farm with her son Robert.

She leaves to mourn two sons and four daughters, Charlie, Robert and Mary (Mrs. Jim Stone) of Wildwood district, Mrs. C. Shand (Laura) of Edmonton, Mrs. C. P. Ross (Margaret), Mrs. H. Hilts (Dorothy) of Lloydminster.

She is also survived by two brothers and five sisters, 24 grandchildren and eight great grandchildren.

Funeral service was held in the United church, Vermilion, with Rev. C. MacKay officiating.

Moyer's Funeral Home had charge of arrangements and interment was made in the family plot at Vermilion.

Trans-Canada Pipe Line Makes Progress

Six-thousand pound weights are used to hold down the 34-inch pipe in the Trans-Canada Pipe Lines natural gas pipe line project now being built between Burstall, Sask. and Winnipeg, when the pipe has to be laid through water holes or sloughs across the Canadian prairies. Here the weights are being placed around the pipe at a water hole in the Chaplin area of Saskatchewan.

"We Just Left the House for a Minute.."

Be absolutely certain your baby sitter is trained and capable of protecting your children in the face of an emergency. That's the warning of the Association of Canadian Fire Marshals and the Canadian Association of Fire Chiefs. And it goes without saying that warn parents not to leave children alone. Scores of youngsters die each year in Canada because parents "just went next door for a minute," or "we knew they'd be all right; we've left them for a couple of hours before."

A few minutes chat with the baby sitter may save her life and that of your children. The fire experts know this is difficult: that parents may be rushed and "haven't time to stop right now." But the lives of your children are more important than a slight delay in your arrival at the party.

Baby sitters should be thoroughly fire conscious. Be sure they have the telephone numbers of the fire and police departments. Be sure, too, that the sitter knows the location of front and back exits, stairs and porches and the most direct route from the children's room to the outside. If you're in a one-storey bungalow, explain to the sitter that in an emergency it's quite all right for her to break windows, using chairs or other objects, to get the children out.

If the sitter seems sleepy when she arrives, it's better to send her home and get someone else or stay at home yourself. A sitter who is fast asleep when fire breaks out is worthless.

If your home is heated by oil, coal or wood stoves, make sure the fires are made up before you leave. Don't leave it to the baby sitter unless she is an adult.

She should know that at the first whiff of gas or smoke, she shouldn't waste time investigating. The best and safest thing she can do is get the children out of the house first of all. Tell her not to waste time dressing them but to wrap them up in a blanket or coat and get them out at once.

If she cannot reach your telephone safely and easily then tell her to call the fire department by pulling a fire alarm box, the location of which has been explained to her, or by using the telephone in a neighboring house.

Be sure the baby sitter knows where you are going, and how you may be reached in an emergency. Even if you are going to the theatre, the box office there will reach you.

Last winter, more than fifty Canadian children died in home fires when their parents were out. In some cases, baby sitters died too. In one case parents had left four children in the care of a 15-year-old who was mentally defective. In several others, parents were charged and convicted of criminal negligence when it was proved they had spent hours in beverage rooms, leaving the children to fend for themselves.

But most bereaved parents sorrowfully reported "we just left the house for a minute.......".

The area of the average Canadian farm increased from 124 to 279 acres between 1901 and 1951.

Before his 30-day leave expires on Oct 16, Little said, he and his family will tour some of the eastern seaboard. —Ed Journal

Vaccinated Milk

Immunity from several diseases such as measles, diptheria, TB etc., can come from drinking vaccinated milk. New born calves acquire immunities from their mothers' milk, says The Financial Post. Researchers are injecting disease vaccines into the cow's udder, producing additional antibiotics which confer immunities on humans.

SYMBOLIC OF 50 YEARS OF PROGRESS

The Handclasp of Thanks — to those first, farsighted farmers of 50 years ago who, with courage and resourcefulness, founded Western Canada's first co-operative, United Grain Growers Limited.

The Handclasp of Friendship — to today's farmer-members of this successful co-operative enterprise whose continued patronage assures the U.G.G. of future achievements matched only by its outstanding record of the past.

The Handclasp of Appreciation — to the many thousands of grain growers of Western Canada who, by their unfailing loyalty and support, gave the organization its vigorous and healthy growth.

To All — in 1956 as in 1906 — let the handclasp symbolize the guiding principle of United Grain Growers; the ever constant belief that... "In Union is Strength".

C.P.R. Scholarship Winners

Recent results disclosed by G.A. Smyth, superintendent of pensions and staff registrar for the Canadian Pacific Railway, show that Walter A. Dutton, left, of Montreal, Thomas J. O'Shea, centre, of Vanguard, Sask. and Joel Clenman, right, of Montreal have won CNR scholarships to attend McGill University. This brings to 102 the number of scholarships awarded by the C.P.R. since they were inaugurated in 1905. Walter Dutton, assistant to engineer of electric equipment, office of the Chief of Motive Power and Rolling Stock. Thomas O'Shea is the son of Michael John O'Shea, pensioned agent, while Joel Clenman is a junior clerk with the company. The scholarships are open to employees who are under the age of 21 and to minor sons and daughters of company employees.

WILDMERE WINKS

We are sorry we did not pay tribute last week to a pioneer lady in the person of Mrs. Drysdale who passed away in the Islay hospital. She knew what pioneering days were like and saw the country in its many phases of change. She was always of a cheerful nature and made one feel much better after talking to her. Her friendly smile and greeting will be greatly missed by all who knew her. To her sorrowing family and relatives we extend our deepest sympathy in their bereavement. Another pioneer book of life has closed, well done thou good and faithful servant.

Our heartfelt sympathy is extended to Mrs. George Mihalcheon and family on the loss of a loving husband and father. He will be greatly missed in the office of the Vermilion hotel as he was always very cheery and helpful to visitors who called.

J. Wallington finished his threshing at home on Oct. 2nd. J. Wilson has a few oats to do yet then he also will be finished. We hope the fine weather we are enjoying at time of writing continues so everyone can get finished. There is lots to do yet as one can see as they drive through the countryside.

On Sunday afternoon Rev. Minchin of Vermilion held Communion service at Preston Central school. Owing to the busy time attendance was not large. We were pleased to see Mrs. H. Barlow, Stanley and Kathleen, and Mrs. Woodruff all from Buffalo Coulee over. Rev. Minchin gave a talk on the meaning of Thanksgiving. On Oct. 21st he will hold a Thanksgiving service at Preston. Keep this date in mind folks. Remember several Anglican members come to our services during the summer so it would be nice to return the kindness.

Mr. and Mrs. Alex Smith and son Scott of Edmonton visited at the old farm home where Alex' mother is at present visiting with Bill and Adam. Alex got in a nice bit of duck shooting while here. Mr. and Mrs. Chas Morand of Calgary also spent the long week end visiting at the Smith home with Mrs. Morand's mother and brothers, and sister Mrs. Cliff Cruthers. They returned as far as Edmonton on Monday afternoon with Alex and family and went on by bus to Calgary from there.

George Cruthers of Vermilion spent Sunday and Monday helping his dad do a bit of harvesting. Mrs. G. Cruthers came out with her brother Douglas Maggs on Monday and spent the day in Wildmere. Mr. and Mrs. D. Maggs and Mrs. Maggs Sr. returned to spend Thanksgiving with Mrs. O. Strome and family north of Vermilion.

Gary Cruthers who works at Wainwright spent a couple of days at his home here owing to a heavy rain there on Thursday which put a stop to their work. He returned early Monday morning.

Mr. and Mrs. Frank Reid and family of Lloydminster visited at the Fadden home but had to return home early Sunday owing to their little daughter's illness. Mr. Reid is a cousin of Lindy Fadden.

While Bert Friesell who works on the railroad at Wainwright spent his day off helping H. Friesen of Wildmere do some harvesting, his wife visited at the Fadden home. Everyone seems to be willing to do their bit at helping to get this harvest off.

Laurence Graham who was working at Eldorado, Sask., was called back by the Company at Edmonton and is now janitor of an oil camp somewhere out from Grande Prairie. Still haven't his address at time of writing so the Editor of our good home town paper can't send him his paper yet.

Howard Coburn of Willoughby district, brother-in-law of Lloyd Howard, has been helping Lloyd combine this week.

Bill and Adam Smith have been combining wheat off their breaking and it is going around 20 bushels to the acre and is of very good quality.

Extra Fire Prevention Care Needed on Farm

"Don't Give Fire A Place To Start" is good advice that, more than to most home owners, should give farmers food for a great deal of serious thought. The large number of potential fire hazards around the home and buildings make it necessary for the farmer to give fire prevention more than ordinary attention and planning.

The problem is made still more urgent by the difficulty of getting fire-fighting equipment quickly to the scene of the trouble.

Care in the use of lanterns, tractors, gasoline and oil; proper installation and maintenance of electric wiring and lightning rods; regular checks for heating in grain, new hay and silage: these are some of the hazards that must be guarded against.

Though absolute prevention is the best answer to the fire problem, the wise farmer will also have ladders kept handy to the places where they will be most needed, fire extinguishers, sand and a water supply which the local fire fighting equipment can use.

Good fire prevention on the farm requires very special care and attention, because the danger is greater. The fire prevention week slogan "Don't Give Fire A Place To Start" should be adopted as a motto by every farmer in Canada.

China's Population

China's present population, according to official figures is more than 600 million and is reported to be increasing at the rate of 1 million per month. Tsai Chang, a prominent Chinese women's leader, told the Communist Party Congress in China that birth control should be put into resolute practice to benefit women's health, child care, home life and national prosperity. — Wheat Pool Budget.

Canada has less than four persons per square mile of territory, compared to more than 50 persons per square mile in the U.S.

L. Broughton Tells of New Alberta School for Deaf At Rotary Meeting

On Friday, Oct. 12th the Vermilion Rotary club welcomed the following visiting Rotarians — George Kravetz and Doc Hoskins of the Vegreville club and Rennie Hayward of the Ranfurly club. The club also played host to the following guests: Dr. H. P. Fawcett, professor of education at Ohio State University; Jim Humphries, principal of Wainwright high school and president of 1956 teachers' convention; Fred Seymour, assistant secretary of the Alberta Teachers' Association; Mac MacDonnell of the Provincial executive of the Alberta Teachers' Association; W. S. Cash and Neil McLean of Vermilion.

The guest speaker was Larry Broughton, principal of the school for the deaf in Edmonton. Mr. Broughton outlined the need for an Alberta school for the deaf, stating that the department of education began its plans for an Alberta centre in 1953. Prior to that time, Alberta deaf children had been educated at schools outside the province, Quebec, Saskatchewan, B.C.

The government had felt for a number of years that it would be better to have these handicapped students closer to their homes, and plans were laid for the establishment of an Alberta school for the deaf. Visits were made to Canadian centres giving instruction to deaf children and visits were also made to many American schools. During these visits methods of instruction, the special instructional equipment, types of schools and dormitory facilities were given attention and the careful planning of an efficient Alberta school was begun.

Mr. Broughton went on to explain that the new school is a school for the "deaf" and not for the "hard-of-hearing". He depicted the life of the deaf child as a life in a completely silent world. This results in a two-way loss to the child -- he cannot hear and he cannot [illegible] learns to speak by special training.

Mr. Broughton went on to indicate a few of the special methods and devices which would assist the child to acquire the ability to speak and so to [illegible] the medium of language.

The speaker noted that the new school for the deaf is being established to serve the province as a whole. It is an effort to give assistance to a group of handicapped children so that they can make their normal contribution to society.

The school itself is located on a [illegible] acre tract of land on the University farm in Edmonton.

In closing, Mr. Broughton extended a cordial invitation to all citizens to visit the school in order to get a first hand picture of this new addition to Alberta educational services.

Rotarians present thoroughly enjoyed Mr. Broughton's address and extended him a very hearty vote of thanks.

Guest Speaker

Hon. A. Russel Patrick, Minister of Economic Affairs for the Province of Alberta, will be the guest speaker at a Board of Trade banquet Monday Oct. 29th at 6:30 p.m. The banquet is being held to honor the past presidents of the Board of Trade. SWAMPED!

The Standard news and advertising department were really swamped this week with the result that a very large number of news items had to be held over for next issue.

The Standard is particularly proud of the advertising contained in this issue and urges everyone to read every line of every advert. - it is to your advantage to do so.

New Shoe Store To Open Saturday

Vermilion is this week welcoming a new business with the opening of a shoe store by Mr. J. Champion. The store is located next door to Simpsons-Sears order office.

Prior to the second World War Mr. Champion was connected with the Hudson's Bay Co. in Nelson, B.C. and Calgary in the footwear departments for eleven years. After a 6½ year spell in the Army he travelled on the road in footwear and clothing. Later he took over the management of a Co-op. general store in Aberdeen, Sask. For the last four years he has conducted his own general store in Lashburn, Sask.

Mr. Champion has now decided to devote his whole attention to the sale of a complete line of men's, women's and children's shoes, overshoes, rubbers and other footwear of all kinds.

The store itself will display hundreds of pairs of shoes in such a way that easy selection by the customer will be greatly increased.

Mr. Champion states that it is his sincere desire to work together with the other merchants of the town to attract more business to Vermilion.

To See Jr. Football Final In Edmonton

Vermilion will be well represented at the second game of the Provincial Junior football finals in Edmonton on Sunday when some 70 boys, members of the Vermilion schools football teams and their coaches will attend the game.

The trip has been arranged by the Vermilion Amateur Athletic Association as a part of its efforts to foster an interest in football in the community. Mr. Tom MacPherson, president of the V.A.A.A., has arranged for 17 cars to transport the boys to and from the city.

Kinsmen Peanut Day Proceeds For Scout Building Fund

The Vermilion Kinsmen club will again sponsor Peanut Day in the early part of November. This year the Kinsmen will be assisted in their door-to-door peanut sales by the Vermilion Boy Scouts. The Scouts have a vital interest in the project this year because the entire proceeds will be turned over to the Scout Hall Building fund. The date of Peanut Day and other important details will appear in an advertisement in next week's Standard.

Old Timers Banquet

The Old Timers' Banquet and Round-Up will be held on Tuesday, Oct. 30th at 6:30 p.m. in the Legion hall. As there are no invitations being issued this year all those who will be attending please notify Hilda Cross or Geo. C. Webb. 14-17

17½-lb. Swede Turnip At Kitscoty

KITSCOTY: How many gardeners can top this one? Mr. and Mrs. Alex Potter grew a purple top swede turnip that weighed 17½ pounds. Several more in the same patch tipped the scales at 12 and 15 pounds.

CURLERS TO MEET OCTOBER 25th

A general meeting of curlers will be held in the curling rink on Thursday Oct. 25th at 8 p.m.

If unable to attend the meeting will all interested curlers leave their names with Al Locke or any member of the executive.

Curling will commence on Nov. 1 as flooding operations have already commenced.

Former Rector Sends Decorations For Harvest Festival

On Sunday evening the harvest festival services took place at St. Saviour's Anglican church Vermilion. This is an annual event which is arranged for a Sunday either just before or just after Thanksgiving day.

The church was very nicely decorated by the Happy Hour group. Sheaves of grain and all kinds of vegetables filled the chancel and sanctuary.

All the small sheaf decorations were sent by Rev. Douglas A. Ford, former rector at St. Saviour's and now incumbent of St. Michael's and All Angels at Calgary. Mr. Ford sent branches of crabapples also and a loaf of bread made in the form of a sheaf. The congregation is very grateful to their former rector for his thoughtfulness in sending all these decorations to St. Saviour's.

At the morning service the children of the Sunday school each took vegetables or fruit to be placed on tables beside the altar. After the service the fruit and vegetables were sent to Queen Elizabeth House which is a home for elderly women in Edmonton.

Rev. Kells Minchin informed the congregation that All Saints church at Pleasant Valley, Christ church at King Edward and the meeting place at Islay were all very well decorated for their harvest festivals.

Cancer Society Sponsors School Poster Contest

A Poster Competition in Alberta Schools has been announced by the Alberta Division of the Canadian Cancer Society.

Cash prizes totalling nearly $1,000 have been donated by a group of Life Members of the Society who annually give funds for this purpose.

Details of the Contest are going out to all schools in the Province. Teachers or students who do not receive the rules and regulations and other relative information may obtain them from the Vermilion Branch, Mrs. W.E. Cross, Vermilion.

Fun, Prizes, Music, Lunch At Grand Opening of Wainoco Service Saturday

Elsewhere in this issue of the Standard the Wainwright Producers and Refiners Ltd. are announcing the Grand Opening of their new Wainoco Service and Bulk stations on Saturday, October 20th. The new business is being managed by the well known Vermilion business man, Reg Ireland. The ultra modern station is a pleasure to the eye and is located on Railway Avenue.

The entry of Wainoco into Vermilion is being heralded by the music of Len McDonald and His Saddle Tramps, well known radio and dance orchestra, who will be at the Service Station from 1 to 5 p.m. Coffee and doughnuts will be served free all day, and several very valuable prizes will be given away.

The prizes are now on display at the Nelson-Hill Hardware store and include a Zenith Deep Freeze, a radio, and an electric blanket. The draw for these prizes takes place at 5:00 p.m.

Mayor Melvin Hill will cut the ribbon indicating the official opening of the new business at 8 p.m.

See the large display advertisement elsewhere in this issue for full particulars, and join in the fun.

Little E. Katz Dies Suddenly at Marshall

Little E. Katz, well known livestock dealer of Vermilion, died suddenly on a farm near Marshall Sask. on Friday last week Oct. 12th. He was about 63 years of age.

"Little E." as he was familiarly known in Vermilion where he had a very wide circle of friends, came to town in 1945 when he, in partnership with Percy Binsky, bought the well known mercantile firm of M. Wener & Son. After the sale of that business he continued here as livestock dealer, having previously carried on business in that line at Prince Albert. He had considerable business in Lloydminster and area as well as Vermilion.

Mr. Katz is survived by his wife in Edmonton, three sons, Dr. Max in Philadelphia, Alex in Calgary, and Morris in Edmonton; and two daughters, Mrs. I. Peritz, Montreal and Mrs. S. Green, Halifax. There are also two brothers, A. I. Katz at Prince Albert, and L. Katzman in Saskatoon.

Funeral services were held on Sunday Oct. 14th at Prince Albert with interment following in the same city.

Moyers were in charge of arrangements.

To Observe Laymen's Sunday, Oct. 21st

Sunday, Oct. 21 has been set aside throughout Canada as Laymen's Sunday. First United Church here will observe this Sunday along with the rest of the churches in Canada. Members of the A.O.T.S. will assist the minister in the morning service of worship, with special emphasis on the laymen's work in the church.

Talk and Pictures By Don Clayton Here Friday, Nov. 2nd

Don Clayton, very well known throughout this district as the Farm Director for radio station CJCA, will address a public meeting and also show pictures taken on his recent trip to Australia. In Australia he paid particular attention to farming conditions and methods.

The meeting will be held in the Legion Hall, Vermilion, on Friday Nov. 2nd commencing at 8 p.m. It is being sponsored by the F.U.A. locals of the Vermilion district. A silver collection will be taken to defray expenses. Everybody is welcome to attend.

Trail Riders Saddle Up Near Vermilion Last Week End

On Thanksgiving Sunday many of the light horse owners gathered for a "Trail Ride" north of Vermilion. At 1:30, 24 horses and riders, some of which had come as far as 30 miles, assembled to start the ride. This was led by Robert Maggs' beautiful Arabian stallion The Red dan ridden by Iona Parker of Marwayne. The ride followed several trails through bush and hills but the highlight was to see the horses winding down one of the steep coulies to the water below. This was one of the many scenes Bob took on his movie camera.

Later about 45 people gathered for a baked potato and bean supper. A very enjoyable day was ended with stake races, the Clover Leaf and Musical Chairs on horseback.

The Maggs family of Vermilion should be congratulated on having the first Trail Ride which was very successful. — Lloydminster Times.

Harvest Ball

The Stagettes annual Harvest ball will be held in the Elks hall on Friday evening Oct. 26th.

Principals Vermilion S.D. Form Association

Sixteen of the eighteen principals of the Vermilion School Division met recently in Vermilion to form a Principals' Association. Mr. S. D. Simonson, the Superintendent of Schools and Mr. Claude Brennan, member of the Divisional Board, also attended.

Mr. Simonson acted as chairman and outlined the purposes of the proposed association. He pointed out that the principals represented over 80% of the pupils in the division, the remainder being in one roomed schools. He suggested that the association could be of great assistance to him and the Board in co-ordinating the activities of most of the schools in the division.

Mr. Clarke Richardson of Kitscoty, gave a report on the Principals' Conference held in Edmonton during the summer, to which he was a delegate.

An election of officers followed with Mr. James Gardiner, Marwayne, being named chairman, Mr. Fred Stewart, Vermilion, vice-chairman and Miss Olga Tylosky, Vermilion, secretary.

After an adjournment for supper, the new Association made plans for its activities during the current school year. It is expected that meetings will be held once a month during the term.

First United Church, Vermilion, Holds Welcome Supper For New Families

A welcome supper was held in the First United church, Vermilion on Wednesday, October 17th. At this time a capacity crowd gathered to welcome the new families to the town and church.

The supper was sponsored by the Sunday School, and a joyous time was had by all parents, children and members of the congregation.

A short program was arranged with Mr. Schurman, the superintendent of the Intermediate Sunday school in charge, and Mr. William Anderson the chairman. During the evening Rev. MacKay introduced the new families with words of welcome. The C.G.I.T. girls with their able leaders under the superintendency of Mrs. E. Stewart presented several humorous skits. Miss Margaret Goodwin a piano solo. A sing song was led by Mr. Wm. Anderson with Mrs. West at the piano. A game including eight volunteers from the audience was played, at which time songs were composed boosting the town of Vermilion, to the tune of "My Bonnie".

New families introduced and welcomed to the United Church congregation at this time were: Mr. and Mrs. Dell, Mr. and Mrs. Watt, Bill Kenneth and Joanne, Mr. and Mrs. Bell Graham and Jacqueline, Mr. Evans, Miss Barr, Mr. and Mrs. Christianson, Bob and Jean, Mrs. Wemp, Eleanor, George and Murray, Mr. Wright, Mrs. Harle and Norma, Miss Beuss, and Miss Sigurjohnson. Several other new families were unable to attend, but the church extends a hearty welcome to them also.

Wedding Bells

CARLSON—EYBEN

A quiet wedding was solemnized on Friday October 12 at 6 o'clock in the evening when Mrs. Dora Eyben became the bride of Mr. Albert Carlson. Both are well known residents of Vermilion. The Rev. C.W. MacKay officiated. The wedding took place at the home of Mrs. Eyben.

Immediately following the ceremony the bridal party journeyed to the home of Mr. and Mrs. John Eyben where a turkey dinner was enjoyed.

During the evening a telegram of congratulations was read to the happy couple from relatives in Portland Oregon.

Later in the evening Mr. and Mrs. Carlson left from Wainwright for Vancouver, Seattle, Portland, Oregon and Spokane. On their return they will make their home in Vermilion.

Dale Scott Wins Gov.-General's Medal

Dale Scott, 15 year old son of Mr. and Mrs. Fred Scott of Borradaile, has won the Governor General's medal for obtaining the highest aggregate of marks in the Grade 9 June departmental examinations for the Vermilion school division.

It will be recalled that last June Dale was awarded the Elks Scholarship for excelling in all phases of school life. He is now taking his grade 10 at the Vermilion high school.

Runners-up for the high ranking award in order were Jean Stewart of Vermilion, Joseph Batty of Kitscoty.

District Convention Of Fish and Game Here Nov. 4th

The district convention of the Alberta Fish and game League will be held at the Legion Hall Vermilion on Wednesday Nov. 14th. Registration commences at 1:30 p.m.

A large gathering is expected with delegates to be present from Camrose, Lloydminster, St. Paul, Bonnyville, Cold Lake, Vegreville and all intervening points.

In the evening a film which will be open to the public will be shown. Watch for more details in following issues of your Standard.

To Conduct Evangelistic Services

Rev. Ronald Johnson who will conduct a series of Evangelistic Services in the Alliance Chapel, Tues. Oct. 23rd. to Nov. 4th.

With theological training at the Missionary Training Institute of Nyack, New York and nineteen years of experience in the Four Fold Gospel ministry, Rev. Ronald Johnson is well equipped for a wide and fruitful evangelistic service.

In 1935 Mr. Johnson was graduated from the Nyack Theological Course and for the next five years served as pastor of the Christian and Missionary Alliance Church in West Palm Beach, Florida. He then pastored the Central Alliance Church of Miami, Florida, and for two years has engaged in evangelistic ministry throughout the United States.

21 Traffic Deaths At Rural Points in Sept.

Traffic accident deaths in this province during September numbered 23, which was a reduction of 13 compared with the same month last year according to a report just [illegible] the Alberta Safety Council.

Of the September total, 21 were at rural points reported by the R.C.M.P. A year ago rural deaths numbered 34. In addition, Edmonton had two fatalities last month, Calgary one and there was one in the town of Stony Plain.

Dealing with the over-all picture in Alberta for the nine months' period, the report discloses a toll of 165 deaths, four more than the comparable period of 1955. Officials regard this trend as alarming and are making plans for a month-long intensified winter driving safety campaign in all parts of the province, commencing [illegible] 1.

They point out that since January 1, 3,213 persons have been injured in motor vehicle accidents in Alberta, an increase of 110 over a year ago.

In addition, accidents in the nine [illegible] reached an aggregate of [illegible] which was 1,026 more than in the same period of last year.

The section of the summary dealing with injuries shows that in September, 138 persons suffered injuries in accidents, a drop of 85 from a [illegible]. During [illegible] months of [illegible] year, the trend [illegible] toward a [illegible] to 1955.

Last month the R.C.M.P. reported [illegible] persons injured, as against [illegible] a year ago. Edmonton had 97, an increase of nine, while [illegible] dropped from 35 to [illegible]. [illegible] Hat had 2, a decrease of 3, and Lethbridge 2, off 11 from a year ago. There were three in Jasper Place and three in other towns.

For September, motor vehicle accidents numbered 1,513 over the province which was 67 below the total in the same month of last year. At rural points reported by the R.C.M.P., the number fell from 717 to 610 and Calgary dropped from 262 to [illegible]. [illegible] total for the month of 27 was an increase of [illegible] while Lethbridge dropped by 9 [illegible] 26 accidents. Jasper Place had 11, a gain of one and other towns reported 30 which was 19 more than a year ago.

The city of Medicine Hat continues its marvellous record of deathless days having passed the 700th day without a traffic fatality on October [illegible].

Grant MacEwan Show Starts Second Year

"Cominco Commentary", a series of 15-minute radio talks by Grant MacEwan, well-known Canadian agriculturalist, started its second year of broadcasts to Canadian farmers September 30. The series will continue each Sunday until early March [illegible].

The popular program, sponsored by the Consolidated Mining and Smelting Company of Canada Limited, was introduced on the Prairies last year and was enthusiastically received by a large farm audience.

Grant MacEwan, former dean of agriculture at the University of Manitoba, and now Member of the Alberta Provincial Legislature for Calgary, was born in 1902, from pioneer parents who farmed north of Brandon, Manitoba, and at Fort Melfort, Saskatchewan. From the home farm in the west, he attended the Ontario Agricultural College, graduating in 1926. Later, he did post-graduate work in science at the Iowa State College.

For some years following, Grant MacEwan held senior positions with the University of Saskatchewan and the University of Manitoba and became widely known across Western Canada for his public service, especially in the fields of writing, lecturing and in the conduct of fairs and [illegible].

As an author, Mr. MacEwan has been a regular contributor to various magazines and has seen seven of his books published; of the seven, four were technical books concerning agriculture subjects and the remaining three have had to do with the history and development of Canada (Western). His most recent books are [illegible] the Red and the Rockies, Sodbusters, and Agriculture on Parade.

Beginning [illegible], COMINCO COMMENTARY will be broadcast every Sunday over a number of radio stations in Western Canada.

NEWS from ISLAY

Nov. 1 on Trans-Canada Matinee Radio CBK "School for Parents" by Laycock. Don't miss it and the following weeks.

Mr. and Mrs. Jim Allan are due to sail for home Oct. 29th from the Old Country.

Harvest Thanksgiving was observed in Kenilworth at 1 p.m. on Sunday. The school was beautifully decorated. Rev. K. Mitchell gave a fitting address and at 3 p.m. in the Pleasant Valley church.

At 7:30 p.m. in the United church at Islay Rev. C. W. MacKay's address was more than ordinary. The altar was banked with flowers, fruits and vegetables. Gardens in and around Islay were so good this year. Indeed, we have much to be thankful for.

The 4-H Sewing club met Oct. 10 with Miss Craig as guest speaker. The girls were pleased to have some of the mothers as guests. The next meeting will be on Oct. 17th.

Coyotes have been really getting filled up around here according to reports. Some have only a dozen chicks left from one hundred. The raiders have even cleaned up a litter of small pigs for one farmer — and yet they howl as if hungry.

Mr. Bothwell was in town on Monday morning on his way to his farm for a few days.

Mrs. Caro and her daughter, newly arrived from Holland, spent the week end in [illegible].

Wedding bells will ring in Islay the end of November — who is it, do I hear you say?

Mrs. R. Martin is in hospital for a days.

Miss Margaret McLennan of Edmonton is visiting brother Neil and family.

Mrs. Bill Hannon has been on the sick list recently.

Mr. Arthur Kent was in town on Monday.

Funniest thing seen was Mr. Lamb leading two billy goats behind his truck and the flock following.

George Machell arrived back on Saturday from a trip to eastern Ontario. He has been gone ten weeks. Now he thinks he will try a winter at the Pacific coast.

The 4-H Grain club's achievement day will now be held sometime in November. So boys and girls get your samples ready. Don't wait for November to get here — act now.

The Home and School Association will sponsor a whist party and a dance on Oct. 26th in aid of the Christmas tree party.

The Home and School conference will be held in Vegreville on Nov. [illegible] for the North Central region. The registration fee is fifty cents. There is a full day's program and it certainly sounds most interesting, so [illegible] attend.

It was reported today (Tuesday) that Mrs. Jean Axley has been just sitting and making plans. Why? Well, they have bought Mrs. Fyfe's house and it is to be moved in, [illegible] the street west from the municipal building, on that nice level rise of ground. After living in the trailer it will, we imagine, be wonderful. We are glad to to see a house come in to town, rather than one go out as has been the case in recent years.

Mrs. Herb Simmons was in town on Tuesday.

Mr. Bob Van Patten was in town Monday. He tells of shooting at the coyotes — but his hand is not as steady as it used to be.

Bill King and Bill Shaw went south for some shooting but were disappointed as the farmers would not allow them to shoot on their land. I guess our goose dinner at the Shaws can be forgotten unless some geese are found closer home. So here's hoping some stop off in these parts to feed.

Bereaved by Death Of Brother

J. W. G. Morrison who was called east two weeks ago due to the death by heart attack of his brother James R. (Jimmie), returned to town last Wednesday. Mr. Morrison travelled T.C.A. The deceased visited Vermilion on several occasions and was one of the World War 1 veterans accompanying Lord Alexander when he opened the new Legion hall here. He was a retired executive of the Surveys department of the Dominion Coal & Steel Company. His wife predeceased him two years ago.

MANNVILLE & DISTRICT LOCALS

Recent visitors at the home of Mr. and Mrs. J. Hawley were their son and family, Mr. and Mrs. Harold Hawley of Peace River. Mr. and Mrs. Hawley Sr. returned to Edmonton with their son for a short visit in the city.

Quite a number of Mannville and district residents took advantage of the holidays on Thursday and Friday due to the Teachers' convention in Vermilion, to make a trip to Edmonton. Mrs. Rudd and girls, Mrs. R. Leitch and Jo-Ann, Mrs. Proudfoot and Bonnie, Mrs. J. Johnstone and Doris were among those visiting the city. Mrs. Johnstone visited with Mrs. C. Allison (the former Olga Burch) of Vancouver who was in Edmonton for her parents' golden wedding.

Mr. and Mrs. Herman Herringer of Edmonton were visitors at the G. Ackerman home over the week end.

Please note change of date — the Hobby Fair has been postponed until Saturday, Nov. 17. Other dates to remember are the annual bingo sponsored by St. Joseph's Altar Society on Nov. 17; Canadian Legion Poppy tea Nov. 10; Ramsay W. I. bake sale on the Co-op store Oct. 27.

Mrs. R. Scott was an Edmonton visitor on Wednesday to attend the Golden Wedding anniversary party of Mr. and Mrs. Burch. She motored up with Mr. Ralph Leitch.

Mr. and Mrs. Phil May and infant son are holidaying this week at Wainwright and other points. Mr. "Chuck" May is looking after the business at the theatre in their absence.

Recent visitors with Mr. and Mrs. Hammond were Mr. and Mrs. W. C. Elliott of Edmonton and Mr. and Mrs. Beake of Vermilion.

Wildmere Winks

Our deepest sympathy goes out to Mr. Heath and family of McLaughlin on the loss of a loving wife and mother. Her funeral was held Friday at McLaughlin. Mr. Heath is councillor for that corner of Alberta. Mrs. Heath passed away in the Lloydminster hospital while Mr. Heath was at council meeting in Kitscoty. Mr. and Mrs. J. Wallington of Wildmere attended the funeral.

Wildmere W.A. met at the Preston Central school on Wednesday, Oct. 10th with 7 members and 2 visitors, Mrs. J. M. Smith and Mrs. Cosh present. Mrs. Holte, our president, opened the meeting. Mrs. J. Wilson had the devotional. She took prayer as her theme. Toques knit from the wool purchased were handed in. Mrs. Holte heartily thanked the Girls' club for their nice donation of knitted toques. Mrs. Wilson is to send them to Mr. O. Webber in Toronto.

Everyone was deeply shocked and saddened when word was received that Mr. Katz had passed away suddenly from a heart attack. He will be greatly missed in and around Vermilion where he was so well known.

L. E. Graham is now working out of Grande Prairie where he is looking after nine trailers for an oil company. Only way in or out is by plane.

On Friday evening Mrs. Gibson and her mother Mrs. Ford visited Mrs. Smith for a short time. Mrs. Smith will soon be returning to her home in Vancouver, B.C.

Miss Anne Garnett, nurses' aide at the Royal Alex hospital in Edmonton spent the week end at her home in Basswood. She returned to the city on Monday evening.

BRIDE-ELECT SHOWERED

On Sunday evening Mrs. F. Gibson of Basswood was hostess to a shower for Margaret Whitlock of Vermilion, bride-elect of Oct. 23rd. A nice crowd gathered. Margaret was assisted in opening her gifts by her sister Hazel. She received some lovely and useful gifts for which she heartily thanked all for their kindness and invited them to attend her wedding and reception. Margaret grew up in Wildmere. A delicious lunch was served by Mary Gibson, Hazel Whitlock, Doreen Martin, Betty and Marie Smith. We were pleased to see Mrs. Riley, Mrs. Martin, Mrs. Seuffert from Vermilion and Anne Garnett of Edmonton, Mrs. Bud Batke of Lloydminster and Mrs. Batke of Vermilion all at the shower for Margaret.

Mr. and Mrs. Bud Batke and family of Lloydminster visited on Sunday with Bud's sister and family Mrs. W. Westman of Basswood. Mrs. Batke is spending a few days with her daughter during the harvest rush.

The writer was very pleased to meet and have a short visit with her girlhood chum Mrs. J. Labine and her husband from Vernon, B.C. Many will remember Lily better as Mrs. Titley. They were here visiting Mrs. Labine's parents Mr. and Mrs. J. Isley of Vermilion and other relatives. Mrs. Labine raised a family of nine children before she was left a widow, all of whom are now married except two. She has 26 grandchildren.

We wish to extend congratulations to a fine couple who were recently married, Mr. A. Carlson of Wildmere and Mrs. Dora Eyben of Vermilion. May they find companionship and contentment in the years to come. They are now visiting relatives at the Coast and in the U.S.

We are indeed sorry to hear that Mrs. J. J. Eyben has been ill in an Edmonton hospital and hope she is soon feeling much better. That family has surely had more than their share of sickness this last while. May their luck soon change for the better.

BOLD COYOTES

We hope we are not encroaching on our Deer Lake scribe for this one, we apologize if we are: Mrs. Moore, while taking her cows to pasture met a coyote which actually snarled and growled at the dog she had along. She tried to chase the bold animal but it just moved off a few feet and lay down. Mrs. B. Garnier came along with a truck load of grain she was hauling from a combine. She told Mrs. Moore that if she kept the coyote interested in the dog she'd go back and get her husband to come out and shoot it. Twenty minutes elapsed before Mr. Garnier arrived but the coyote had very obligingly remained, so met his demise. It had taken numerous chickens from Mrs. Moore who was pleased to see it dispensed with. Just goes to show how bold coyotes are this year.

We chatted with Mrs. J. Wilson, Mrs. M. Haverslew, Mrs. I. Larsen, Mrs. Barlow, Mrs. Moore, Mrs. E. Jones, Mrs. A. Cooper, Mr. and Mrs. J. Isley, Mrs. J. Batke and Mrs. S. Samuelson on Saturday and as the writer had not been to town for two weeks owing to the busy season the visits were much enjoyed.

MOTHER NATURE STEPS IN

Now here is an interesting item about our feathered friends. The writer had a hen come home the first week of September with three chicks and three weeks later a coyote got the hen and two of the chicks. The remaining little chick was left to look out for itself but right out of the blue a motherly old hen which had never set started to cluck and adopted the youngster. Who says hens are not motherly even if they don't set!

Mannville Young Folk Attend Youth Rally In Edmonton

MANNVILLE. - Christ Church Sunday school, Junior Choir, teachers and choir leader along with three children from Chailey, attended the Children's Day and Youth Rally held in All Saints Cathedral on Sunday, Oct. 14.

Canon R. H. Davis, the first Secretary of M.S.C.C. who has recently returned from an extensive tour of overseas mission fields, spoke on the plight of the children of India.

In India 85 out of 100 live in small villages. Half of the boys and girls do not live beyond the age of twelve years. After working 12 hours a day in a tea plantation for five cents, the children attend school in the evening.

Canon Davis also told of the shortage of doctors, nurses and teachers. He suggested that anyone going into this work, for girls a public health course and for boys to become surgeons would be most beneficial.

In choosing your vocation Canon Davis said, "Do not think of how much I can make but how much can I give to God". His closing words were: "Listen — Help — Go and serve".

Ex-Vermilion Lady Dies In Edmonton

Mrs. Margaret Levings a former resident of the Vermilion district passed away suddenly in Edmonton on Oct. 6th at the age of 84 years.

She leaves to mourn her loss three daughters, Mrs. W. Shepherd of Vermilion, Mrs. L. Fortier of Edmonton and Mrs. R. Dutton, also of Edmonton.

Two sisters and one brother reside in England and there are fifteen grandchildren.

Services were held from the Chapel of Chimes, Edmonton. Rev. L. M. Watts officiated. Interment was made in the Westlawn Memorial Park.

CARD OF THANKS

We wish to express our sincere thanks for the many acts of kindness, messages of sympathy, and beautiful floral offerings during our recent bereavement. Special thanks to Rev. L.M. Watts and the Chapel of Chimes.

Mr. and Mrs. W. Shepherd and family.

Mr. and Mrs. L. Fortier and family.

Of Many Things . . .

By AMBROSE HILLS

This morning my daughter, Kathy, greeted me at the breakfast table with this question "Daddy, is today tomorrow? If it is you've got to take me to the slides."

I suppose, yesterday, that she'd caught me in a busy moment and asked me to walk her over to the slides at a nearby playground, and I had put her off until tomorrow.

Kath, with her amusing question, was pointing out the old truth that tomorrow never comes. Today is the day we live.

There is an old Chinese proverb I like to remember when work piles up, or when I am attacking a long writing job. It reads 'The man who moved the mountain was he who began carrying away the small stones'.

Isn't it the truth? That great, long novel, Gone With The Wind, was written one word at a time. All the great accomplishments of art and literature and life were achieved, not in single quick strokes of a pen, or brush, or in one great act—but in small portions, one upon the other.

I think that is why we are urged by philosophers to live our lives one day at a time. From out all the ages, no greater wisdom has been distilled than this: that sufficient unto the day is the evil thereof. No greater recipe for happiness or accomplishment has ever been written than this: that we cast off the burdens of the past and our anxiety for the future, and live now, to the best of our ability.

For the past is over and done with and tomorrow never comes. Today is the day we live—the only day we ever live in. It deserves all our attention and all the warmth and beauty and achievement we can bring to it.

We are a lucky generation brought up in Canada, where there is so much freedom of opportunity. There is no one to say: "You must keep your place." You are free, today, to strike out on new ventures, accept new responsibilities, change employment, try new methods. It is true that you are also free to succeed or fail, according to your abilities—but that's where the thrill and challenge of life is found.

Have you some new resolve, some big idea, some project you plan sometime? I'll make a bet with you. The only day you'll ever start it will be named just like this one, as my daughter, Kathy discovered. It will be called—TODAY.

Check that date label on your Standard today!

Landrace Swine

FOGELVIK FARMS are entering five Landrace boars of breeding age at the Camrose Swine Sale to be held and sold Friday, Nov. 9th in the morning. The next day, Saturday Nov 10th starting at 1:00 p.m. we will hold our own sale at the Innisfail Auction Mart, consisting of 20 purebred Landrace boars, some of breeding age and the rest about four months old. Also 40 bred and open landrace grade gilts, which are unrelated to the boars. At this sale the opening bid will be $100.00 for boars and $80.00 for gilts. We will accept feed grain as payment. The Landrace nick excellently with Yorkshire sows and the Fogelvik Landrace are acclimatized and can stand the rigid climate of the west. If you cannot come yourself, send a bid to the auctioneers. Cut this ad out as it will not appear again. Write for catalogue.

Honored on 85th Birthday

Twelve ladies gathered at the home of Mrs. Ada Fraser on Wednesday afternoon Oct. 17th to honor her on her 85th birthday. Mrs. Fraser is an esteemed old time resident of the [illegible] the Vermilion districts. Very best wishes were extended for her future health and happiness. Among the ladies present was one who had reached the of 91 years and was still hale and hearty. Mrs. Fraser herself enjoys fine health, carries out all her own household duties and moves around about the town under her own power quite extensively.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Mrs. Helen McConnell of Lawson, Sask., announces the engagement of her daughter, Helen Myrna, to Mr. Junior Williamson, son of Mr. and Mrs. H. Williamson of Vermilion. The wedding to take place on Monday, November 5th, 1956 at the First United church, Vermilion.

Mrs. Robert Fair returned to Vermilion this week after spending several months visiting her son Robert and family at Abbotsford, B.C. Mrs. Fair is planning to spend the winter here.

Rev. Kells Minchin and Archdeacon Vic Coles of Tofield left Monday for the foothills in the vicinity of Nordegg where they planned to spend a few days hunting big game.

Reg Mitchell, president of the Vermilion Rotary club and Gil Rampling, attended a one-day Rotary information conference held at Red Deer on Wednesday of last week.

Mr. and Mrs. Sam Soldan of Consort were Thanksgiving visitors in town, guests while here at the home of Miss Anne Snaychuk.

Mr. and Mrs. Marshall Jackson were in Edmonton for Thanksgiving.

Among the many young people who spent the holiday Thanksgiving week end in Edmonton were Marj Wahlenberger and Norma Harle. Marjorie stayed with Irene and Eleanor Adam and Norma with her sister Connie.

Dr. and Mrs. W. V. Eadie of Edmonton were guests at the home of Mr. and Mrs. J. R. Boake over the week end.

Messrs. Eddie and Bert Herzog and Walter Coulter attended a preview of the new Chevrolets and Oldsmobiles held in Edmonton last Friday. Herzog Motors, local dealers, now have one of the new 1957 beauties on display in their showroom.

Miss Mildred Scarfe of Edmonton was a recent visitor at the home of her parents Mr. and Mrs. A. Scarfe.

Jim Elliott who has been driving bus and taxi all summer at Banff, spent a few days visiting his grandad Wib Elliott during the past week. When Jimmie left for his home at Lodgepole he was driving his grandad's Willys coupe which had been given to him for his own.

Here on their honeymoon trip recently were Mr. and Mrs. David Land of New Westminster, B.C. The bride is the former Mildred Elinor Cocks, daughter of Mr. and Mrs George Cocks now of Edmonton but who lived in Vermilion for many years. An account of the wedding will appear in the Standard next week.

Mrs. Marion Davis, President of the St Pauls Presbytery W.A. attended a meeting of the executive of the Alberta Conference which was held at Camrose recently.

Mrs. Cecil Beaton of Calgary was a recent visitor in town seeing her sister Mrs. Percy Walsh and family and brothers Irvine, Annesley and Cyprian Bell.

A line from Mr. and Mrs. Harold Reid who have recently moved from Big Valley, Alberta, to Edson, says that they think they will like the foothills town. The Jasper range of mountains can be seen and the air is different. They would be very pleased to have any of their friends from Vermilion call on them when out that way.

Roger and Bob Rowe and Ed Lyons of Rowe and Sons were all in Edmonton last Friday at a preview held by General Motors for their Pontiac-Buick dealers. The boys were quite impressed with the 1957 models and are looking forward to having some on their showroom floor at an early date.

Visitors at the home of Mr. and Mrs. Clyde Engelking on the holiday week end were their daughter and son-in-law Mr. and Mrs. T. R. Allan and their children Gail, Susan and Wade of Hinton, Alta. Also home was their son Fred of Edmonton. Mr and Mrs. Lloyd Engelking of Vermilion joined them for Thanksgiving dinner. Absent was a son Clarence who is in the R.C.A. at Camp Shilo, Man.

Mrs. Albert Hildreth has returned to Vermilion after visiting old home scenes in England. She was away five months in all, sailing from Montreal on May 18. While overseas she visited a brother and sister at York, while five brothers and five sisters of Mrs. Hildreth reside in Yorkshire. Mrs. Hildreth also called on Mr. Harold Cooper's mother, and a day was spent with Mrs. Wright who is Mrs. Cooper's mother. On her return trip Mrs. Hildreth spent a month in Eastern Canada. Three weeks of this time was at the home of her daughter Mrs Edward Fitchett (Eileen) at Napanee, Ont., while another week was with friends of her daughter Mrs Ken Dawe and family at Kingston. Although Mrs. Hildreth was a stranger to them they treated her with true Canadian kindness insisting that she spend the week with them. The overseas visit was saddened by the death in a traffic accident of the wife of her sister's son. This occurred the day following Mrs. Hildreth's arrival in England.

Mr. and Mrs. Douglas Mathison and three children of Fort St John are spending their holidays in town, guests at the homes of Mr. and Mrs. Lorne Pockett and Mr and Mrs. George Benz. Mr. Mathison was an operator at the Dept. of Transport radio beam station here until moving north.

St. Stephen's Anglican church Calgary, was the scene of a recent wedding when Miss Beverley Louise Beaton, daughter of Mr and Mrs C Cecil Beaton, became the bride of Mr Norman Arthur Cocks, all of Calgary. The bride's mother is the former Charlotte Bell of Vermilion. Miss Brenda Bell daughter of Mr and Mrs Bob Bell also formerly of Vermilion was bridesmaid.

The following additional donations to the Cancer fund in memory of the late Mrs. Drysdale have been received: Mrs C. McGrath, Mr and Mrs D. C. McGrath and family, Mr and Mrs Herb Simmonds and Emerson, Mr and Mrs G. Simmons.

Departing Family Farewelled

Mr. and Mrs. Jim Johnson left last week end for their new home at Devon where Mr. Johnson is employed. Prior to their departure Mrs. Johnson was the guest of honor at a farewell which was held at the home of Mr. and Mrs. Roy Watkins.

After an enjoyable evening Mrs Johnson was presented with a gift from the Alliance Chapel Ladies' Prayer Band. A presentation was also made to each member of the family at a Sunday school session.

The Johnson family will be greatly missed but much happiness is wished them in their new home.

THE STAGETTES

The Oct. 16th meeting was held in the club room and opened with the club song. Seven members answered the roll call, those absent were working. Ethel is in charge of selecting suitable novelty dances for the forthcoming Harvest Ball Oct. 26th in the Elks hall. No one is telling what they are making for the Stagette Bake sale. Everyone is waiting for the latest recipe leaflets just make sure they are tested girls.

We would like to see as many as possible out on Saturday to assist on tag day for the blind, get in touch with Jean and she will inform you further.

No correspondence this week not even a note from headquarters.

The meeting closed with the repeating of the Creed.

Checking Saturday — Jean H. and Ann B.

Hon. C. D. Howe To Visit Japan

OTTAWA, October 11, 1956. The Right Hon. C.D. Howe, Minister of Trade and Commerce, today announced that he will visit Japan on October 23 at the invitation of the Japanese Government. Mr. Howe will leave by air from Vancouver on October 21.

He will be accompanied by Mr. M. W. Sharp, Associate Deputy Minister of Trade and Commerce and they will remain in Japan until November 7. During his visit Mr. Howe will be received in audience by His Imperial Majesty the Emperor and will meet the Prime Minister, the Minister of Foreign Affairs and other members of the Cabinet. His itinerary will include trips to various centres both in the Tokyo and the Kobe-Osaka areas.

This visit will enable the Minister to have useful discussions with [illegible] representatives of the Government and business. Mr Howe will in this way reciprocate recent visits to Canada of Japanese Cabinet Ministers and Parliamentarians [illegible] further extend the friendly relations existing between the two countries.

[illegible] come home from school with their new shoes scuffed it is time to get out the C-I-L Household Cement. A little of this cement rubbed beneath the broken piece of leather keeps the scuffed part in place and banishes that "has been" look.

Prevent Losses NOW!
Vaccinate Today against Hemorrhagic Septicemia
Hemorrhagic Septicemia or [illegible] Fever is a disease common to cattle at this particular time of year. Weather changes, changes in feed, diet deficiencies and the moving of animals from one place to another are contributing causes.
The disease is infectious in nature and is characterized by high temperatures, nasal discharges, coughing and in many instances a form of diarrhea. When not fatal, the disease results in loss of weight with resultant loss of dollars to the owner.

Dewberry High School News

The 1956-57 school year in Dewberry began with shades of the old west when 22 grade tens and one high school teacher were initiated September 13 and 14. Cowboys and Indians roamed the school grounds and class rooms while "Sheriff" Brown kept a sharp lookout for "hoss" thieves, rustlers and just plain bandits. The cowboys (girls) modified the dress of the western cowboy somewhat and wore their blue jeans inside out, chaps made of newspaper comics and ten gallon hats which covered their hair at all times. The cowboys could be seen roping Indians periodically.

The Indians (boys) wore either moccasins or bedroom slippers, Indian blankets, feather head-dresses and at least three different colours of war paint on their faces. Ten onions, two inches in diameter, hung around their necks in place of genuine bear claws. The Indians spent spent their spare time crawling up the hall when requested to do so by a senior.

On Friday the initiates did a snake dance all through the business places uptown. While the Indians danced around a bonfire, which was lit in the centre of main street, the cowboys split in to two groups, and while one group robbed the post office, no doubt throwing a scare into Mr. Munro, another accumulated a loot of old fruit and boxes from the Co-op Store. While performing the latter feat, the manager was held at gunpoint and on the whole appeared quite terrified by this turn of events. Cowgirl Faye Haskell was aparently the only thief whom Sheriff Brown could catch and she was burned at the stake, ending, we hope her career as a robber. Friday night the court met, and sentences were handed out to all of the offenders of the initiation laws. The court was presided over by "Judge" Porter who astounded everyone by ejecting Mrs. Haskell and Mrs. Witraney (two normally decent ladies) from the court-room for unnecessary disturbance and indecent language. P. S. ALL of the charges were trumped up. A dance was held at the school afterwards.

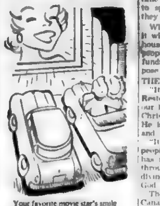
The Dewberry Student's Union's new executive is as follows: Joyce Parker (Pres.) Marion Wilson (Sec.-Treas.) Charles Saville (Vice-Pres.) Jimmy Jones (Past Pres.) Dean McMullen (Gr. 10 Room Rep.) Fay Poitras (Social Convenor) Donna Romanchuk (Girl's Sport's Rep.) Johnny Machon (Boy's Sport's Rep.) Lorraine Hyatt (Point Sec.) Frances Saville (Welfare Correspondent) Carole Maltais (Press Correspondent) and Mr. Smith (Staff Rep.)

The Dewberry High School has only one new teacher this year, Mr. Brown, who is the grade elevens home room teacher. Other new teachers on the Dewberry Staff are Miss Kneen, Miss Mykitiw, Mrs. Durnin, Mrs. Haskell, and Mr. Swayne. The Dewberry Students' Union welcome these new teachers to the teaching staff.

Una McMullen, Lily Krawchuk, Elaine Wilson and Floyd Sweet (last year graduates), are all in their first year in the Faculty of Education at the University of Alberta. We wish them every success while there.

Ernie Braithwaite, a former student at Dewberry High, is leaving soon to attend the University of Switzerland, in Geneva. This is an honour not only for Ernie, but also for those of us who know him.

Brighter Stars for Drive-in-Viewers



Your favorite movie star's smile beams three times as clear and bright from an aluminum screen recently developed for outdoor theatres.

The new screen has won the praise of both audiences and owners. Little wonder the latter like it: one operator found his receipts increased by $40,000 in [illegible] after he replaced his conventional screen with the highly reflective, weather-proof aluminum [illegible].

And so it goes… Still another improved product, still another use for this versatile modern metal. The result, everybody gains by production from Canadian smelters that already account for a quarter of the world's primary aluminum.

Missionaries To Be Working In Vermilion

Just recently two young men of the Church of Jesus Christ of Latter-day Saints have moved into Vermilion where they will be working as full-time missionaries of the Gospel of Jesus Christ.

These two young men are Elder Sheldon R. Jensen, whose home is originally in Malad, Idaho, and Elder D. Nyle Kinghorn, from Rigby, Idaho. They are a part of the great missionary system of the Church of Jesus Christ of Latter-day Saints which at the present time has over 10,000 missions throughout the world. They are all giving of their time without worldly compensation to spread forth a message which they feel is of utmost importance.

While they are here in Vermilion, it will be their purpose to go from house to house meeting with the people. They will not be soliciting funds and it will not be their purpose to sell anything.

THE ELDERS HAVE STATED

"It is our desire to declare the Restoration of the Gospel. It will be our hope to tell the people of Jesus Christ that He is divine and that He is the Redeemer of the World, and the author of our salvation.

"It is also our message to tell the people of a prophet whom the Lord has raised up in these latter days, through whom has been given the divine oracles to act in the name of God.

The headquarters of the Western Canadian Mission is located at 11904 100th Avenue, Edmonton, Alberta.

The Elders will be holding a Sunday School each Sunday morning at 11:30 A.M. at the Masonic Hall in Lloydminster, Sask. The address of the Elders is 5007 Riverside Drive, Vermilion, and their telephone number is 326 Vermilion.

We feel it a privilege to be in the city of Vermilion to bring this message to the people. We are anxious to meet the people and hope that we may be able to further explain some of the teachings of the message of the Restoration to the people as we meet with them in their homes.

OBITUARY

WILLIAM MACHELL

On July 28th last funeral services for the late William Machell were held at St Saviour's Anglican church, Vermilion at 2:00 p.m. Mr. Machell passed away at the Islay hospital on July 25th at the age of [illegible] years and six months. Rev. K.A. [illegible] officiated and interment took place in Vermilion cemetery with Moyer's Funeral Home having charge of the arrangements.

The pall bearers were Duff McGrath, Kaare Seite, Charles Young, Bert Portsmith, Logan Gow and Wes [illegible].

Mr [illegible] was born on Jan. 29th, [illegible] near Kendal, Westmorland, England. In 1905 he came to Canada and farmed for two years in southern Manitoba. On June 10, 1907 he took up a homestead in what is now the Tolland district, and lived there until June 1955 when he moved to Islay with his wife and son George. He married Lucy Sarah Scarfe on March 6th, 1920. Surviving are two sons, Charles of Gananoque, Ont., and George of Islay; two sisters and one brother in England.

Lovely floral tributes and memorial donations were received as follows:

Flowers — George, Charles and family; Matron and staff of Islay hospital, Mr and Mrs. Logan Gow and family; The Webber Family; Mr and Mrs. M. Moncrieff and family, flowers from Edmonton with no card.

Crippled Children's Fund: Mrs. S. Oldenburg, Clifford and Edna; Mr and Mrs T Preston and family; Betty and Gordon Purser.

Cemetery Fund: Ganton-Watson Red Cross: The McQuid Family; Mr and Mrs. Kaare Seite; Mr. and Mrs Art Lysons; Mr. and Mrs. Harry Portsmith.

Canadian Cancer Society — Mr. and Mrs. D C McGrath and family; Mrs C McGrath; Mr. and Mrs. F Van Wageningen; Mr. and Mrs. O Wolters and family.

CARD OF THANKS

We would like to express our heartfelt thanks and deep appreciation to our many friends for the beautiful floral tributes, memorial donations, cards and letters of sympathy, and other acts of kindness shown to us during our recent bereavement.

George and Charles Machell.

HOW ... DOES A STRONG FINANCIAL SERVICE *Sell Wheat?*

In many ways! The Treasury Branches stand behind the man on the land from the time he sows his crop until it is time to sell. We do this because we have confidence in Alberta and Alberta's farmers.

Running a farm is like running any other business — money is necessary to purchase seed, repair machinery, or expand the farmer's interests. He also requires such protection as fire and hail insurance, and safety deposit boxes for titles, deeds and other valuables.

By working in partnership with the farmer, we are serving the farmer himself, and the entire Province. For an active farm economy means higher living standards for the whole of Alberta. The full facilities of the Treasury Branches are geared to the special needs of not only the farmer, but all the people of Alberta.

Sixteen Years Ago Today

OCT 17th, 1940

285 teachers attended the joint convention held in Vermilion at the V.S.A. Officers elected for the three school division A.T.A. sub-locals were Vegreville — President, Hugh Doherty, Mannville; Vice-Pres., James White, Minburn; Sec.-Treas., Miss Helen Hanning, Mannville. Wainwright—Clarence Welsh, Edgerton, G. L. Berry, Chauvin; K. W. Sparks, Chauvin; Vermilion—Jas. A. Smith, Anders Aalborg; Jas. J. Part.

Work has begun on the excavation for the basement of the new hospital wing in Vermilion.

W. P. Pilkie has moved a fine house from the east end of town to a new location in the west end.

H. S. Patrick left on Tuesday for the Olds school of agriculture to which point he has been transferred.

P. G. Pilkie celebrated his 90th birthday on Wednesday, Oct. 10th.

Thirty-two Years Ago Today

OCT 18th, 1924

Experts talk with confidence of flying troop trains able to carry 200 to 300 soldiers through the sky at a speed of 100 miles per hour.

Rev. W. T. Crumb was minister of the United Church at Islay.

The finest dress shoes were advertised in a local store for $6 a pair.

Claysmore W. I. Notes

The regular monthly meeting of the Claysmore W.I. was held at the school on Oct. 10th with ten members and one visitor, Mrs. D. Scott of the Clovelly district, present.

The members repeated the Creed, then followed the roll call — "Bring a stuffed toy animal for bazaar." Little dogs, bunnies and an elephant were displayed and will make an interesting feature for the children on bazaar day, Oct. 26th.

Correspondence included a letter from the Canadian Cancer Society stating that it would be showing films in Mannville the latter part of January; also a letter from Mrs. Wagner re the handicraft list. We are to make a choice of the various items given.

A large number of articles came in for the parcel to be sent to the Bethany home.

Committees were appointed to take charge of the bazaar which will be held in Claysmore school in the afternoon of Oct. 26th.

After the collection was taken and the meeting adjourned a delicious lunch was served.

The ladies will meet at the school on Nov. 14th and visitors are very welcome.

PARADISE VALLEY NEWS

Welcome visitors for the Thanksgiving week end at the Church of God parsonage were several members of the pastors family, Mr. and Mrs. D. S. Johnston, parents of the local pastor, an older brother Melvin, arrived in Paradise Valley on Saturday evening and stayed until Monday morning. Special Thanksgiving service both morning and evening on Sunday were made more meaningful by a harvest table prepared by the ladies of the church. It was a pleasant day for visitors and local church folk as well since the Johnsons formerly lived at Provost as did many of the church folk here.

The Paradise Valley Ladies Hall Club wish to announce that it will sponsor dances every two weeks beginning Oct. 19. Good music and lunch will be provided. The next meeting will be held on the 23rd but following meetings will resume the regular Thursday evenings. The Club will be serving lunch at the Storm sale on Oct. 24th.

Mr. and Mrs. Roy Clark and Mr. and Mrs. McPhail of Brandon, Man. were recent guests of the N. A. Brown family.

Mr. and Mrs. T. H. Rayson, Miss Gloria Baxter and Miss A. Rayson were week end visitors to Edmonton.

Mrs. L. W. Shaw Sr. left on Thursday for Barrie, Ont., where she will spend the winter with her daughter Mrs. W. E. Mason. Mrs. Shaw has been in poor health for some time and we hope the change will prove beneficial to her.

Miss Florence Block who has been working in the Bank of Montreal at Moose Jaw has been transferred to an Edmonton branch. She is spending a few days with her parents Mr. and Mrs. A. M. Block before going on to Edmonton.

Ronnie Rayson and Jimmie Baxter spent the long week end with Ronnie's grandmother Mrs. R. Smith in Lloydminster.

All the teaching staff of the P.V. schools attended the annual A.T.A. convention at Vermilion so the pupils had a short week.

Miss Kathleen Swayne, R.N., who has been studying at Albuquerque, New Mexico, is spending a few days with her parents before returning to duty.

INFESTATION IN STORED GRAIN

During the past few years, farmers have been forced to use many types of temporary storage which, from the standpoint of possible insect infestation, are often far from satisfactory. Certain precautions can be taken, however, which will reduce possible infestation to a minimum. These include the thorough cleaning out of all storage premises, provision for adequate ventilation, care to see that tough and damp areas are not likely to develop because of leaking walls or roofs, and lastly the storing of the grain in as dry and as clean a condition as possible.

"HELLO, HOMEMAKERS"

Excitement is mounting among the younger generation. Hallowe'en is only two weeks away. It is alway a big event in the lives of our little people. Parties, "trick or treating" and Jack O Lanterns will be the chief topic of conversation in your homes right now, I imagine.

COSTUMES

Are you wondering frantically what you are going to use to make that costume for the party? If you have burlap bags or flour sacks, you have wonderful material right at hand. I can't think of more inexpensive costume material. For the costume itself use your imagination but it seems that Hallowe'en is the perfect time for the hobgoblins, witches and spooks to be around. Don't forget the black cats either.

PUMPKIN

The last canning project for the year is the pumpkin for pies. Pumpkin can be used in many other ways. Here's a recipe for Pumpkin Jam you might like to try:

4 pounds pumpkin
3 pounds sugar
1 lemon with rind

Cut pumpkin, cover with sugar and leave overnight. Cut lemon in thin slices. Cook lemon and pumpkin together until transparent. Seal in sterilized jars. It can be used as a jam or as a 'sauce' for dessert. Sounds good doesn't it?

TIP FOR THE WEEK

When washing your kitchen cupboards, dip a cloth in warm water and saturate with lemon oil. Wipe the cupboard with the cloth, then wipe with a dry cloth. Once over lightly every few days and the kitchen cupboards are never a problem.

Are you a Tnafkaerb Regdod? I'll explain next week why you shouldn't be.

WOODVALE NOTES

A week of good harvest weather has given the farmers a chance to clear a lot of land, some have finished and some will clean up their fields this week. There are still some however who are still waiting for their late crops to dry sufficiently to harvest. Continued Indian summer weather will be appreciated by all.

We always seem to get our news after writing our notes so we did not know of the death of Mrs. C. Roberts and were therefore unable to express the community's sympathy to her family. Mrs. Roger Watt substituted for Mrs. Garfield Roberts at Woodvale school the few days she was away.

Miss Marion McQuid was home for the Thanksgiving week end, as were Mr. and Mrs. Bob Warren and children. These and other week end visitors came in handy to help with the harvesting. Wes Isley had his brother-in-law from Vernon, B.C. to help him a week and Johnny Isley came home at the same time.

We once again have to congratulate a local couple on the birth of a baby. Mr. and Mrs. Art Pelletier are the proud parents of a big boy, born Saturday, Oct. 13. Art's sister Rose from Saskatchewan has been with them for some time and is looking after the other children.

The McLean twin girls are not home from the hospital as yet as they developed jaundice shortly after birth. Blood transfusions were necessary and they are doing fine now, getting a little longer professional care before following their mother home.

Mrs. Smith and two children from Banff and her cousin Mrs. Albertha Lenshock are spending a few weeks with the writer on the farm.

We received word that Mr. and Mrs. Bill Stark (nee Sophia Haan) had a baby daughter on Sept. 3rd, Martha Elizabeth. If any of their friends here would like to write to them, their address is c/o Hi-Tower Drilling, Elkton, P.O., Alberta.

Congratulations to Antoinette Bedard (nee Camille Goutler), whose marriage will take place on October 24th at Tangent, Alta., and to Margaret Whitlock and Archie Robinson who will be married in Vermilion on the 23rd. This is just to show that we do occasionally hear some news ahead of time!

Honor Students Receive Awards At Marwayne

On October 9th Marwayne Home and School Assoc. held a very special meeting in the school auditorium when four scholarships were awarded. The stage was tastefully decorated for the occasion with fall flowers and leaves.

Three speakers had been expected for the evening, but owing to ideal harvest weather, Mr Lloyd Brown of the divisional board and Mr Herr[illegible] of the local school board were unable to attend. Thus, when Mr. Gardiner, chairman for the evening, called on Mr S. D. Simonson, school superintendent, he said that he had really been put on the spot. Nevertheless he certainly filled in the gap and gave a most interesting address.

Mr Petryshen then introduced the three students who had received honor standing in the grade 9 departmental exams last June. They were John Bell, Eldon Giles and Eunice Gray. Honorable mention was given to Sheila Robbie who had been just one half point away from receiving honors also.

Mrs. Anderson, president of the Women's Auxiliary to the Canadian Legion on their behalf presented John Bell with an award of [illegible]

Mr Joe Hale, president of the Home and School, [illegible] John Bell with an award of $25.00, Eldon Giles $10.00 and Eunice Gray $5.00, from the Home and School.

The three students all made very gracious replies.

Piano selections by Mrs Lowrie and Mrs A MacDonald were enjoyed by all. Some of the crowd then went upstairs to play whist, while the rest just visited. A bountiful lunch was served later.

A very short business session was held prior to this when it was decided to have a room competition to create more interest and increase attendance at H&S meetings. Each month the class room having the most parents present will receive a book for their library. Also will each member please donate a teaspoon to H&S. Our meetings are the second Tuesday in the month.

By Your District Agriculturist

"GREEN ACRES"

FROZEN FLAX

Prussic acid develops in frozen flax. It is deadly poison and has often caused losses of livestock. Farmers in this area having frozen flax and I think most of the flax was frozen this year should bring envelope samples to this office. It [illegible] analyzed free of charge for poison content and advice given [illegible] feeding of the same.

TURNING DAMP SWATHS

If swaths get wet before combining they can be dried more quickly by turning them over. We have plans for a swath turner that can be easily built at home and attached to a tractor. If you are having trouble come in and get a plan.

DEHORN THE CALVES

Now is the time to take off the horns of any calves not yet dehorned. If you do not have a dehorner your neighbour likely has one or you can borrow one from this office. The penalty for horns is $2.00 per head but the loss is far more than that when animals hook each other around. The sale price of horned cattle is always less than the dehorned animals.

VACCINATION CHUTES

About three weeks ago I mentioned that plans for building chutes and head squeezer were available from this office. I never had a single call for plans so I presume that everyone has one. I am afraid that is not true. Why not stick in a few posts and make things handy? If the lumber and hinges for the head squeeze has to be bought it is only $[illegible].

TASTY BUTTER

We like tasty butter but not when it is flavored with stink weed. Walter Duncan, Dairy Inspector for this district tells me that there is a lot of cream coming in with [illegible] stink weed flavor. Instead of [illegible] grade it goes down to off grade with a [illegible] of 19 cents per pound. The remedy is simple. Keep the milk cows off of pasture containing stinkweed.

SPRING FOR LICE

Very few cattlemen realize the loss they are taking when cattle are lousy and nearly all cattle [illegible] in the winter. Now is the [illegible] to spray with Lindane. Power [illegible] do a better job than the pail and scrub brush. Why not get three or four other farmers to go in with you and get a power spray pump. Other districts are doing it. I have full particulars at my office.

Costlier Dresses

Montreal area dress manufacturers will boost prices an average 10% on spring lines for sale to the retail trade the end of next month. This will mean higher prices across the country, points out The Financial Post.

The increase means that after Christmas Canadian women will be paying more for their dresses or, if not actually paying a higher price, will be getting a cheaper dress for the same money.

The increase is the first general price hike and reshuffle of the dress industry's complex price structure since the end of the war. Its cause: Rising labor, fabric and other costs.

It's pointed out that the [illegible] contract in the Montreal a[illegible] several weeks ago, will [illegible] costs 12%.

Mr. and Mrs. Roy Zipse and family of Edmonton spent the weekend here visiting with Mr and Mrs. McGladrie and family.

Mr A. S. Byrt of Estevan, Sask., spent several days here last week visiting with Mrs. Byrt and family, while here he helped move his family from the farm to town. They have taken up residence in the former Beaver Lumber Co. house; a warm welcome is extended to the Byrt family.

Best wishes for a complete and speedy recovery is extended to the following people who are patients in Lloydminster hospital at present. Mrs. W A McCourt and Raymond Swyripa, and Mr W L Johnson of the Earlie district, who is suffering from a severe back injury sustained while baling straw on his farm. Also Ernest Lang, who had his left hand severely injured while operating a combine on his father's farm in the Kinaird district.

PARK VISITORS INCREASE

Figures from Waterton National Park show an increase in visitors over last year. A total of 46,853 Canadian travellers is 1,257 over the last year's August total. Number of visitors from the United States was up about 200 over 1955's total of 23,700 in August. Number of tourists for the season, May through August, was 207,865 for 1956 as compared to 190,094 in the same period last year.

Jasper National Park reports 211,413 visitors for the first eight months of 1956 as compared to 123,796 in that period of 1955—over 70 percent increase. This is largely due to the improved highway between Jasper and Edmonton.

They don't go out on a limb for the first new car they see. That figures. Because it just naturally takes a little longer to bring out a car that's sweet, smooth and easy. Like the new '57 Chevrolet. It's now right down to the wheels it rolls on — with a daring new design, a new nothing-like-it automatic drive and a new V8 builder. Longer and lower, too. No wonder wise birds are waiting. Health Unit Notes

CONSUMPTABLE DISEASES!

It has been apparent for some time that the regulations concerning the Control of Communicable Disease are not being strictly adhered to Many cases of infectious d sease occur in this area and the Health Unit Staff do not hear about them until several weeks later In order to take effective measures to prevent the spread of these diseases it is very important that the Health Unit staff should know about them as soon as possible Under the Regulations the Coroner of Common wealth Diseases the doctor attending the case and also the person in charge is required to notify the Health Unit of the following diseases

DIPHTHERIA, MEASLES, WHOOPING COUGH, POLIOMYELITIS, GERMAN MEASLES, DYSENTRY, SCARLET FEVER, SEPTIC SORE THROAT

If the principal of a school knows that one of his pupils is absent due to having one of these diseases, he should also notify the Health Unit.

The regulations governing isolations and quarantine of cases and contact are:

SCARLET FEVER & SEPTIC SORE THROAT:

Patient isolated for seven days if under the care of a doctor from whom treatment is being received and declared by the doctor to be free of infection, otherwise for 21 days. All rooms should be isolated until clinical recovery and until all infected discharge have ceased.

Contacts under 16 years are to remain in the same house to be quarantined for the isolation period of the case Contacts over 16 years may remain in the same house to be excluded from occupations involving contact with children or with food for the isolation period. Others contacts under 16 years to be quarantined for 7 days.

MEASLES Isolation of patient for 10 days Quarantine of contacts who have never had measles for 14 days.

GERMAN MEASLES. Isolation of cases for seven days. No quarantine of contacts

WHOOPING COUGH Isolation for 21 days from the on set of paroxysmal cough. Quarantine of contacts who have never had whooping cough

for 10 days from the date of last exposure.

POLIOMYELITIS — Isolation — two weeks. Quarantine for seven days all children under 16 years and all persons over 16 years who are in contact with children or food.

DIPHTHERIA Isolation for two weeks and until clinical recovery If an approved bacteriological examination is not obtainable or 10 days from the date of onset if convalescence is complete and there is no evidence of sore throat or discharge from the nose, throat, or ears and two successive swabs are found to be negative by a bacteriologist.

DYSENTRY & FOOD INFECTIONS

Isolation for the period of the disease in a room screened against flies. In food infections exclusion from handling and care of children until two stool specimens, taken within an interval of 24 hours, are negative

The citizens of this town are to be congratulated for the manner in which they respond to a request made by the Town Council early this summer for their assistance in providing better storage of garbage on their premises.

Proper regulation type garbage cans and stands are now to be seen in all districts of the Town, however we still have a few citizens, some of them leading citizens, who show a poor example to the rest of us.

I want to tell you also that your example of co-operation with your Council on the matter of providing proper garbage containers has been watched with interest by residents and councils of others towns, villages and hamlets throughout the whole of our Health Unit Area. The interest of other communities has been crystallized into a course of action. All the communities concerned agreed that regulation type containers were what they also need for storage of garbage on premises and are making similar requests to their citizens.

Other communities have decided to overhaul their whole clean up and cartons and many smaller communities are getting their first regular clean up services started.

It just goes to show what a little co-operation can do!

Novel Plan For Hallowe'en, Mannville

MANNVILLE — "Shell out for UNICEF" on Hallowe'en night will be in charge of Mrs. Don Lugg who will remain at the school to receive the pennies, nickels or other coins for sale and fish pond recently, realizing $33.25 for the Junior Red Cross. The children would like to thank those who helped in any way in making this possible. The long lines at the candy counter after 8:30, in the primary school too, with their nickels and dimes, proves how popular the United Nations Children's Fund. 359 bags of candy can disappear.

Wins Gov.-Gen. Medal For Vegreville S. D.

MANNVILLE — It has been announced by the Minister of Education, Hon. Anders Aalborg, that Donna Doherty of Mannville, the daughter of Mr. and Mrs. Hugh Doherty,has been awarded the Governor General's medal for having achieved the highest aggregate mark for Vegreville School Division in the 1956 Grade 9 departmental examinations. Donna has been a student at Mannville school for the last three years and is now attending in Grade 10 here.

The Governor-General's medal, together with a wrist watch awarded by the Board of Vegreville R.D. will be presented at the next Harvest Festival school meeting, Thursday Nov. 15.

The meeting will be held in the Legion Hall, Vermilion, on Friday Nov. 2nd commencing at 8p.m. It is being sponsored by the F. U. A. Locals of the Vermilion district. A silver collection will be taken to defray expenses. Everybody is welcome to attend.

Batte River District Council, Boy Scouts Assoc. Holds Annual Meeting

A well attended Meeting of Battle River District Council, the Boy Scouts Association, was held at the Buffalo Park School, Camp Wainwright, on Wednesday, 10th October, 1956. Mr Ron Vincent, Field Commissioner, representing Grant Mac-Holloway, Executive Commissioner of Provincial Headquarters, Edmonton was a welcome visitor and Dr. Don Hauck, President of the Council took the Chair. Those present were:

President Mr Don Hauck, Wainwright.

Vice-President—Dr. D. S. Wise, Wainwright.

Honorary President—Lt. Col. N. M. Gemmell D S O, CO. Camp Wainwright.

Field Commissioner Mr. Ron Vincent.

District Commissioner—Mr. Gordon Stevens.

Assistant District Commissioner—Mr Harold Harvey, Wainwright.

Secretary Mrs. Grant Johnson, Camp Wainwright.

Treasurer—Mr. B. K. McIntosh, Wainwright.

Wainwright representatives—Mrs. Davis. Mrs. Ruth Wallace Mr. John Taylor, Cubmaster, Bow. John Flagler

Vermilion representatives Mr. C. T Heckbert, Group Chairman, Mr. E. Cockburn, Group Secretary, Mr. W. Clifford.

Edgerton Representatives Mr Harkness, Scoutmaster, Mr. Challenger Group Chairman, Mr Bob Groves

Camp Wainwright representatives Major Cohen, Chairman, Mrs. Mary Johnson, Mrs. Grant Johnson, Treasurer, Lt. Groves, Assistant Scoutmaster, R. Q M S Robson, Assistant Cubmaster.

Apologies for absence were received from Hoadley, Mannville and Dr J. D. Wallace (Mayor of Wainwright), Mr James Steele (Mayor of Edgerton) and Mr Melvin Hill (Mayor of Vermilion)

Secretary read an Annual report outlining activities of the Council in the short time it had been in existence and foreseeing a progressive future for the Council now that organization was complete and the council was in business.

Group Committees from Edgerton, Vermilion, the Town of Wainwright, Provost and Camp Wainwright can now be drawn together helpful discussion can take place at the Council meetings and an active liaison can exist between Group, District Council and Provincial H. Q

The main business discussed was the election of officers, which should usually take place at an annual Meeting but in view of the fact that the Council had only just begun to function properly, Pearl Dent suggested that present officers be allowed to continue for the ensuing year. This was unanimously agreed and the officers stand as follows:

President—Dr. Don Hauck

Vice-President—Dr. D. S. White

Secretary—Mrs. Salmon

Treasurer—Dr. B. K. McIntosh

It was agreed that membership fees commence as from the August Meeting and Treasurer reminded the Meeting of this.

President suggested a 'supporter' card method be adopted and Secretary was instructed to obtain a supply of these cards so that Group could, if they desired, offer them to the public as a means of raising funds.

Discussions took place on an attempt to lease a portion of land near Areo Lake for a permanent Camping ground to be used by all Scouts in the District and a Meeting of Vermilion was also discussed for 5th November when Mr John MacGregor, Head of Training Department, Ottawa, would be addressing Vermilion Group Committee under which to find a location to accommodate such a Meeting

Mr. Ron Vincent gave helpful answers to many questions and at the conclusion of the business part of the Meeting the ladies of the Camp Wainwright Scout Group (with the aid of Scout and Cub Mothers) provided a very appetizing lunch to Grade 1 classroom. On behalf of all present at the Meeting Rev. John Flagler moved an expression of appreciation to the Camp Wainwright Group Committee for their hospitality

Little League Football Results

ENEN Vs. STAMPS

On Wednesday, Oct. 17th the Eskimos took a large step towards clinching first place by walloping the Stampeders 15 to 0

Alex "Jock" Russell opened the scoring with a single in the first quarter and the first-up Esks never looked back. They rolled through, around and over the split-T Stampeders for their convincing win.

Dickie 'the Scooter' Upshall and flying wing Neil McPherson scored majors on Russell's passes. A convert was completed on a pass, Russell to Ackerman. The other point which came on a successful run from another single by 'Jock' Russell was shone in the passing and kicking departments throughout the game!

The Standard regrets that full reports of the first games played by the crowded out last week but these are the results

Oct. 10— Lions 13 Eskimos 0
Oct. 11 Stampeders 8 Riders 7
Oct. 21 Eskimos 19, Riders 7
Oct. 22 Lions 1, Stampeders 0

The play-offs are now on. Next football news next week.

Lorne Axley Selling Out

One of the largest farm sales to be held in this area for some time will take place this Saturday, Oct. 27th when the extensive holdings of Lorne Axley will be auctioned off. His farm some 6 miles north and a mile east of Islay.

The listing includes 180 head of cattle, as well as pigs, poultry and horses. A full line of power machinery, along with wagons, vehicles, grain, etc and miscellaneous items combine to make this an excellent sales opportunity.

Sale starts at 12 noon sharp, following lunch at 11 00 a.m. The auctioneer is Don Braithwaite.

Sale of Purebred Livestock Nov. 10

The sale of purebred cattle and hogs to be held by the Agricultural Society on November 10th has the choicest offering of any similar sale ever held in Vermilion.

Watch next week's issue of the Standard for the listings of more than 30 head of cattle and 50 head of hogs.

The sale offers an excellent opportunity to improve your herd. The hog sale will start at 10 a.m. sharp and cattle sale at 1 00 p.m.

Rev. E. Berg Appointed Mgr. Old Folks Home

Rev. Eric P. Berg formerly pastor of the Alliance Chapel here, and who moved to Abbotsford three years ago, has been appointed manager of the Valley View Old Folks Lodge at Penticton. The Standard has a clipping from the Penticton Herald which will be reproduced in full in some issue

In the first half of 1956 total labor income in Canada increased by $652 million over comparable period of 1955. Slightly more than half of the increase was due to higher level of employment, remainder was due to higher wage rates

Lose House, All Possessions by Fire

MANNVILLE — A benefit dance will be held in the Orange hall Mannville, on Friday, Nov. 16th to aid of Rev. and Mrs. Ray Clement who lost everything by fire recently. This dance is sponsored by L.O.L. 1946 and the music will be good. A number of service bands, presents of which will also be for the fund.

Donations of all kinds will be accepted by A. E. Williams, Maurice Smith and Ralph S. Leitch.

Correction

In the item appearing in last week's Standard listing the winner and runners-up for the Governor Generals medal, a line did not read, causing the last paragraph in the story to read incorrectly

The winner was Dale Scott of Vermilion, with the runners-up in order being Joan Stewart of Kitscoty, Evangeline Wilson of Vermilion and Joseph Betty of Kitscoty.

Hobby Fair Planned For Mannville Saturday, November 17

One and all are invited to bring along their hobby and display it. They were tagged and named with pertinent descriptive information

A complete list of exhibitions are art, oils and watercolors, pencil and ink or pencil etching, pastel work, crafts, public speaking, model building, rug making, model work, bird houses, taxidermy, scrapbooks, stamps, novelties articles, photographs, group displays, basketry, applique, needlework, dolls, photography of unique blocks, and anything else. Don't be bashful about your hobbies no matter how unusual they may be. Everyone is welcome to enter.

But the main purpose of the fair is to have one of the most interesting displays of hobbies ever seen in this district. Some of interest from any country in the world. There will be a special display

Exhibits can be brought in any time of the week prior to the fair and left at the home of Mrs. J. Cleaford or Mrs. R. H. Smart, or they may be delivered to the Orange hall not later than 10 a.m. on the day of the fair They will be taken care of while on display.

ON READING NEWSPAPERS

P G Hamerton, in his little book, "Intellectual Life," tells of a man who told him that he did not believe in reading newspapers. He made the charge against them that they dealt too much in sensational matters, and claimed that the 500 hours or so a year which he ordinarily spent on reading them could be used to better purpose in more select reading.

Someone has said somewhere, in stating the value of the newspaper that one's mind needed checking up as the business man's ledger did, and that this could be done best by the information given in the press.

In some ways there is no more welcome visitor to the home than the paper. People read it who do not read books and who do not attend church. Indeed, for some it is their most important point of contact with their community, province, country and the world at large. It is a regular and friendly visitor and its various departments have something to interest the several members of the household.

Mr Hamerton, in the book referred to, shows the place the newspaper fills in the life of people. For one thing it is to the public what the conversation of a home is to the inmates of that home. There they discuss domestic affairs, exchange ideas, discuss vital matters. So the newspaper provides a medium for the exchange of ideas, and matters that concern all the people are ventilated.

Besides, it tells the achievements of our [illegible], registers progress. The cares, the thoughts and the aspirations of the great families of nations are spread out upon the printed page. We read of the adventures of the people who made what we now call Europe and America. These places are still in the making. We see them reaching out their hands to one another and we follow their great trade routes, and note their reactions to the crises of our time.

The French peasant of Hamerton's day did not read papers and so was out of touch with contemporary life. The paper is an auxiliary to history. In fact what the African traveller did for the mapmaker, the paper does for history, and the historians of tomorrow will search the files of the papers issued today.

It has been pointed out that people respect history when bound in leather and overlook the chronicle of present day affairs.

Among the services rendered is that of friendliness. It tells the people of one another, and has done as much as any agency to end isolation. Then what contributes more effectively to what we may call a profitable entertainment?

That leads us to another valuable service rendered by the newspaper. The advertising columns of the live-wire family newspaper not only stimulate sales for business people but saves time and money for those who buy. As a result of advertisements many are able to do their shopping in the comfort of their own home. Here they can compare values at their leisure, consider needs and prepare their shopping lists. It is a well-known fact that best values will always be found in the advertisement which is held up for comparison.

In 1955 Canadians spent $3,500 million in grocery and other food stores, compared to $1,600 million in 1951. -Quick Canadian Facts.

Childhood Mortality By Disease Declines

Mortality for children and young people at ages 5 through 19 has dropped about 40 per cent in the short period since the end of World War II according to a report from the Metropolitan Life Insurance Company received by the Health League of Canada.

The major part of this recent decrease is due to control of the infectious diseases, according to the report. The decline in Tuberculosis mortality has been spectacular and rapid deductions have also been made in the communicable diseases of childhood, pneumonia and heart disease, the latter mostly due to rheumatic fever at these ages. There has been a tendency, however for the death rates from cancer and its allied conditions to rise over the 10 year period.

Accidents continue to constitute the major hazard to life among children and young people. Currently accidents account for about one half of the deaths among boys, and for one fourth among the girls.

The over-all gains during the decade are attributed to "good environment in the home, at school, and at play", and to advances in medicine and nutrition that have promoted the health of today's children and youth.

Further improvement depends primarily on control of accidents and chronic disease, the report states. At the same time, increased attention should be given to the problems of rehabilitating and caring for children with physical and mental handicaps.

Tips on Touring

By Carol Lane
Woman's Travel Authority

Tricks or treats, is as synonymous with Halloween in most parts of the country as the practice of donning fantastic costumes and wearing grotesque masks. But there's a new idea for celebrating All Saint's Eve which can turn those "witching hours" into a time of real bewitchment.

I call this new Hallowe'en practice "Treats for Treats," and it's really just a new twist on the old custom of "Tricks or Treats." However it involves giving rather than getting. Many parents are used to driving their children around their hometowns or cities on annual Halloween pilgrimages to neighbors and friends. Each Allhallows Eve, youngsters the country over make their mischievous meanderings from door-to-door seeking "treats or sweets."

Treats for Treats should remove the onus which Halloween holds for many older folk. It involves the children themselves giving "treats" and forgetting the tricks. This Halloween, supply your youngsters with candy, cookies and other goodies and suggest that they present them to neighbours and friends. Not only does this new practice delight longtime victims of Halloween pranks perpetrated by small fry, but it affords youngsters a constructive, rather than a destructive, way of enjoying Halloween. What's more, the neighbours will enjoy it as much as the children.

To give your children a real sense of participation, let them make typical Halloween cakes and cookies in the shape of witches on broomsticks, owls and jack-o-lanterns which they can give as "treats".

Too Old For The Job?

Kitscoty Man, Totally Blind, Receives High Praise for Work

KITSCOTY — Alex Manson, second son of Mr and Mrs. J. H. Manson of Kitscoty, recently received praise for his capability and work at the Canada Cycle and Motor Company Ltd. plant in Weston, Ont. The following article is quoted from "Vim" the publication of the Company and will be of interest to his many friends and acquaintances in this district and elsewhere:

"Thanks to the Canadian National Institute for the Blind, thousands of men and women have been given the encouragement and helpful instruction to overcome the barriers of their sightless world. To support this commendable task, Canadian business has made every attempt to utilize the particular talents of these people. The results have been more than gratifying.

"One of the successful graduates is Mr Alex Manson who was placed at the C.C.M. Weston plant over ten years ago. In spite of his tremendous handicap, he has learned to perform one of the intricate facets of bicycle assembly and, to date is considered the most highly skilled of any of the CNIB's 1300 placements across Canada.

"Alex specializes in the Hercules coaster brake installation. With the confidence of experience, he assembles the sixteen precision parts of the brake using three special hand tools and two high pressure air tools.

"C.C.M. congratulates Alex Manson on his outstanding work, and at the same time, the organization which makes rehabilitation possible — the Canadian National Institute for the Blind."

Alex was born in Scotland, but was only three years of age when the family moved to Kitscoty where they have resided ever since. By the time he was 13 he was totally blind and then went to the Canadian National Institute for the Blind training school at Brantford, Ont. During the war he was operating a lathe in a war plant, and then went to the present position which from the foregoing article he is able to do skillfully and well despite his handicap.

F.U.A. Foremen Meet At Mannville

MANNVILLE — A meeting of F.U.A. foremen of sub-districts 3 and 9 will be held in the M.D. of Minburn office in Mannville Tuesday Oct. 30th at 8:00 o'clock. Director of District No. 7, Mrs. Redman will be in attendance.

NEWS from ISLAY

The 4-H girls met at the school on Oct. 17th. Next meeting is to be a Hallowe'en party Nov 2. Girls and mothers too, must come in costume.

Here is one for C. F. Green — Mrs. Wilfred Potvin has a May 15 Light Sussex pullet that for the past 15 days or more has laid a double yolk egg every day. It is the size of an ordinary egg. Mrs. Potvin is sure of this as the pullet lays in the shed at the house and is the only one that does.

Miss Catherine Carey of the Edmonton teaching staff was home for the week end.

Mr and Mrs. Edgar Williams, Shirley, Mary and Jimmie were dinner guests Sunday at the Caro home.

Mrs. Violet Schaffer and Mrs. Evelyn Dalkin intend to go Friday to Edmonton to visit their mother Mrs. Henry Olds who has been in hospital again.

Mrs. I. D. Inman had her niece from Edmonton here for the week end.

We were sorry to learn Mrs. Winnie Torrance had been in hospital in Calgary. A letter has been received in reply to a card the W.A. sent, saying she is much better and is thinking of coming north again.

Saw Mrs. Jimmie Hanna doing a good turn, while Jim is helping to thresh. She is delivering coal to some who were completely out of it. With colder weather in prospect it looked good to see the fuel in the bin. Jim has the coal hauling business.

Come to church Sunday at 7:30 p.m.

The November meeting of the United Church W.A. is postponed to Thursday the 8th at Mrs. King's home. Get your bazaar articles handed in. At this meeting the date will be set for the bazaar. Have some new ideas.

"GREEN ACRES"

A DRY YEAR IN 1957

Will next year be dry? Hon. Mr Gardiner, Minister of Agriculture for Canada thinks it will be. Then what should we do? Two important things can be done: (1) Kill the weeds that rob the crop of soil moisture. Why not start now by going over every acre of stubble or summer fallow to kill out thistle and other perennials. (2) Cull out the stock and feed the culled cattle for the market. This area has too much stock for a dry year.

LIVESTOCK SALE

On November 10th the Vermilion Agricultural Society will hold a pure bred sale of cattle and swine. Here is a chance for livestock raisers to buy some good cattle and pigs. Some farmers are talking of selling some of their own cattle and buying pure bred stock. The same applies to pigs. There will be good bacon type boars and gilts at this sale.

DISTRICT HOME [illegible]

Miss Edna Craig, D.H.E. of Wainwright informs me that she will be glad to visit farm homes to discuss remodelling, redecorating etc. Miss Craig will be pleased to attend meetings of farm [illegible] or to go out to the homes. [illegible] know what you wish and I will pass the word on to Miss Craig. There is no charge for this service.

BURNING STUBBLE

There seems to be a great temptation for some people to burn stubble. It pays well to work combine straw and stubble into the soil. It is good plant food, the rotting straw holds moisture and the trash helps to prevent soil erosion. It is never right to burn stubble and besides it is against the law.

EARLY GARDENS

Often we envy our neighbors who have radishes, lettuce and onions before we get our gardens planted. The secret is to work the garden in the fall so that it is ready to seed as soon as the ground is dry enough. The whole garden does not need to be seeded early but only such hardy vegetables as spinach, peas, lettuce, radish, and flowers as sweet peas, carnations, etc. Also don't forget that a generous spreading of manure every [illegible] of years is well worth while.

PREVENT FARM FIRES

Several rural fires have occurred lately. At this time of the year stove pipes, electric wiring, chimneys, etc., should be checked carefully. Never use kerosene to start a fire in the stove. More fires have been caused by mistaking gasoline for kerosene than anything I know. Have fire extinguishers handy. Most fires are caused from somebody being careless.

Fire Call At Mannville

MANNVILLE — The members of the local fire brigade were called out Tuesday morning to quench a fire in a shed at the back of the Palace cafe. The blaze was soon under control. An elderly man was knocked down by one of the firemen running with a hose. Fortunately he was not seriously hurt but could easily have been. Onlookers if they must be on the scene of a fire should stay far enough back so as not to hamper the firemen in their work.

Revival of Music Festival And Track Meet Feature Mannville Meeting

MANNVILLE — October meeting of the Mannville and District Home and School Association was held in the school auditorium on Thursday, Oct. 18. Mr. J. [illegible], vice-president, presided. Following the opening exercises, Rev. I. Holter led the meeting in community singing with Mrs. G. Younge at the piano.

The business meeting then took place. The program committee and any executive members available were asked to meet the co-ordinator of cultural activities who will be in Mannville on Tuesday, Oct. 23.

The regional conference for this zone will be held in Vegreville on Nov. 8th. The following members were chosen to represent this branch: Mrs. G. Younge, Mrs. O. Willes, Rev. I. Holter, Mrs. F. Proudfoot and Mrs. E. Pedersen.

After some discussion it was agreed that the children out for Hallowe'en treats this year should forego part of their treats and ask for donations for UNICEF. This idea is Canada-wide and is a plan to help less fortunate children in the world.

Rev. I. Holter asked that we have a good turnout for the Nov. 15th meeting, when honor pins and the Governor-General's medal will be presented. There will also be a talk and colored slides shown by Dr. John Toogood who has travelled extensively in Europe. This should be of interest to the menfolk.

Mr. Doherty then introduced the topic for the buzz session, namely the revival of the music festival and track meet. The meeting was divided into groups of six for discussion. The chairman of each group reported his findings to the general meeting. There were many good arguments pro and con.

The attendance shield was won by Mrs. Lugg's room.

The meeting then adjourned and was followed by lunch served by the town ladies.

Allen Pilkie Married Edmonton Ceremony

Peau de soie and Chantilly lace fashioned the slipper-length gown chosen by Miss Lois Olive Grady for her marriage in Highlands United church to Mr Allen Page Pilkie. The fitted lace bodice of the gown was designed with lily point sleeves and a square neckline embroidered with sequins and seed pearls. The bouffant skirt featured four tiers of tulle at the front and a lace overskirt falling in a slight train at the back.

Her chapel veil of soft illusion was gathered to a pearl embroidered cap and she carried a shower bouquet of yellow roses and white mums.

Rev. A. E. King officiated as the daughter of Mr. and Mrs. Ross B. Grady and the son of Mr. and Mrs. Billie Pilkie, all of Edmonton, exchanged rings before an altar banked with baskets of yellow and bronze chrysanthemums and fern.

Matron of Honor was Mrs. Ross F. Grady and bridesmaids were Miss Marion Armstrong, Mrs. Denis A. Grady and Mrs. James Miller. Their gowns of crystalline were designed on princess lines in shades of light green, gold, moss green and bronze. In their hair were bandeaus of yellow baby mums and they carried colonial bouquets of yellow roses and bronze mums.

Best man was Mr William Johnston and ushering the guests were Mr. Denis Grady, Mr. Ross F. Grady and Mr James Miller. Miss N. Skinner played the wedding music and soloist was Mrs. George L. Hudson.

Following the ceremony a reception was held at the Isle of Capri. Mr. William Pilkie, grandfather of the groom, said grace. Mr Fredrick Tappenden proposed the toast to his niece.

For a wedding trip to Portland and Seattle, the bride changed to a blue dressmaker suit with a large black hat and accessories. A white orchid corsage was pinned at the shoulder of her black top coat.

Mr and Mrs. Pilkie will reside in Edmonton.

Mary Jane Richardson Wed In Edmonton

A very beautiful wedding was solemnized at the Knox United Church Edmonton on Oct 8th 1956, when Mary Jane Richardson and Ronald Joseph Adams were united in marriage by the Rev. A.G.S. Edworthy.

The bride, who was given in marriage by her father, was lovely in a gown of white nylon net and Chantilly lace over crinoline. Her finger tip veil was held in place by a crown of net embroidered in seed pearls. She carried a cascade of Sweetheart roses and fern. Her only jewelery was her mother's blue amethyst necklet.

Mrs. Melvin May sister of the bride was Matron of Honor. Her gown was of blue taffeta and net. Miss Barbara Hughes was the brides maid. She wore a pale pink nylon net gown. Each carried a Colonial bouquet of pink and yellow roses. Mr. Frank Authurs and Mr. Melvin May attended the groom. The ushers were Mr. Sidney Fisher and Mr. Leonard Adams.

The wedding reception and dance for 100 guests was held at Baronia. For receiving, Mrs. George Nestman mother of the bride wore a dress of Peacock blue with Navy accessories. Mrs. Adam, mother of the groom, wore a two piece dress of tweed in Autumn shades with matching accessories. Their corsages were Talisman roses.

The brides table was centered with a three tiered wedding cake decorated with a wedding bell ornament which is a family keepsake. Mr Wm. Hughes proposed the toast to the bride. Mrs. Hughes was in charge of the guest book.

For the honeymoon trip to Portland, Ore., the bride changed to a teal blue wool suit with cedar brown accessories, and a muskrat jacket. Mr and Mrs. Adams will make their home in Edmonton.

First Meeting of Fall Held by Vermilion W I

The first fall meeting of the Vermilion Branch W.I. was held on Oct 16th at the home of Mrs. Fred Clark with nine members and six visitors answering the roll call with an article of food for the food hamper to be drawn for in December.

We were pleased to welcome as visitors Mrs. Betty Clark, Mrs. Culford, Mrs. Ellen Gould, Mrs. Thelma Gould, Mrs. O. Frizzell and Mrs. C. Underdown. We hope the ladies will soon be members.

Eight get well cards and one sympathy cards were sent as well as several birthday cards.

A bake sale is to be held in the Co-op store on Dec. 8 when the draw for a large food hamper will be made.

The next meeting will be at the home of Mrs. Ethel Rooks on Nov. 12th when the roll call will be answered by Christmas and bazaar ideas. The topic will be a demonstration of making artificial flowers by Mrs. M. Davis.

After the meeting a lovely lunch was served by Mrs. Perrier, Mrs. Rooks and our hostess Mrs. Clark.

The Japanese are so appreciative of moonlight, according to the November Reader's Digest, that many of their homes are built with a special "moon viewing window." The first snow is the subject of many Japanese poems and paintings.

To Conduct Canvass On Behalf Of British and Foreign Bible Society

The churches of Vermilion, through the Ministerial Association, will jointly conduct a canvass on behalf of the British and Foreign Bible Society. The campaign, which is an annual event in Vermilion, is sponsored by the ministers because they realize that the services of the Bible Society is absolutely essential to the missionary work of all churches. The president and members of the Ministerial Association would urge the people of Vermilion to give generously when a volunteer worker calls on behalf of the Bible Society.

The Bible Society is of course, active in Canada as well as in all the world. The work among immigrants is essential. "I assure you that, even if you knew my beliefs and principals, never could you have given a gift more successful."

So wrote a young Greek immigrant to Canada recently. The letter was an expression of gratitude for a gift of a copy of Holy Scripture in his mother tongue. Here are his own words, "I thank you for your welcome wished on my arrival and for your kind and useful gift, but you understand what it means for a man to find himself a stranger in a strange country". "Really Sir, you can never imagine my surprise when my eyes fell upon the two little books, in my very first hours of arrival at the station of Halifax. I assure you that the Gospel you gave me keeps me company, gives me power and resistance, revives me when reading a passage of it before I go to bed." This is a translation of a letter written in Greek.

The Bible Society through the Church Port workers supplies Gospels in the mother tongue to all new comers to Canada. In recent years the Society has provided free 1,543,127 copies of the Scriptures to new-comers to Canada. A pleasant surprise indeed to these prospective new Canadians.

Death of Slim Hansen At Forestburg

Neils Hansen, 56, of the Forestburg area, was found shot to death in his trailer Oct. 14 about 24 hours after he had been involved in a car accident.

Police have listed the man's death as suicide and state he apparently shot himself with a rifle.

Hansen was an employee of Canadian Utilities Ltd. on the Battle River project in the Stettler area. About 4:30 p.m. Saturday his car rolled over in an accident but he was not injured.

Hansen is not believed to have any relatives in Canada.

The deceased was well known in Vermilion as line construction foreman for Canadian Utilities.

MANNVILLE & DISTRICT LOCALS

The pupils in Grades 4 and 5 from Mrs Lugg's room will be selling apples and calling at your door on Friday, Oct. 26. These apples taste much better when you know that these children are learning to help others and the proceeds will be turned over to the Red Cross.

Mr. Alexander Pashilovets was home for the week end, visiting with his parents. Alex comes from the Edmonton Indian Residential school where he is teaching this year. It is quite a novel thing for him to be able to spend week ends at home as for many years he has taught either in the north or in B.C.

Among those home for the week end to attend the Osborn-Gedziuk wedding on Saturday were Mr. and Mrs. Tom Osborn of Saskatoon, Mr. and Mrs. Bill Osborn and girls, Mrs. Bert [illegible] and Heather, Mr and Mrs. Stan McGreevey and Miss Carol Mercer, all of Edmonton.

Mr. and Mrs. A. Baguley left on Tuesday morning for Victoria and New Westminster. They will visit their daughters there for the next few months.

Mrs. E. Empey and Sharon are visiting with her parents Mr. and Mrs. R. Bodard for several days while their new home in Edmonton is being completed.

Please note: St. Joseph's Altar Society bingo is on Tuesday, Nov. 13th rather than the 17th as listed in last weeks' paper. Your reporter regrets this error.

Dates to remember: Rummage bake sale Oct. 27th. Amateur night sponsored by Happy Hour W. A. Nov 2. L.A. to Legion Poppy Tea Nov 10: Hobby Fair Nov. 17 and the Old Timers' banquet and dance on Nov. 7.

While Mr. and Mrs. Jack Chrysler were visiting in Edmonton at the home of Mr and Mrs. Guy Bartlett, Mr. Jack Chrysler had the misfortune to fall and crack his right arm and will be obliged to have it strapped for some time. We sincerely hope he will soon be around and have the full use of his arm.

Mr and Mrs. Reg Ambler of the Ideal Motel, Abbotsford, B.C., were in town on business Tuesday and were renewing acquaintances with their many friends. They extend a warm welcome to any local people visiting or passing through Abbotsford at any time.

Mrs. Les Marshall (nee Arlie Whitson) is visiting with her parents, Mr and Mrs. Harold Whitson.

Mr C. Blackford returned over the week end from Brandon where he attended the funeral of Mrs. Tennant, Mrs. Blackford's mother. The sympathy of the town is extended to Mr and Mrs. Blackford and [illegible] in their loss.

Miss Vivian Cortgard, her mother and sister called on Mrs. L. Mann and others in town last week. Vivian was one of the star players with the local fastball team.

The sympathy of the district is extended to Rev. and Mrs. R. Clennett in the loss of their home by fire. Mr. Clennett was in the Elk Point hospital at the time but is now in Mannville and feeling much better. Arrangements are being made to rent a house near Frog Lake.

Mrs. Joe Livingstone of Stelleville is visiting with Mrs. L. Kreiler.

Death and Funeral Of Mrs. Ethel M. Roberts

On Friday, Oct. 5th Mrs. Ethel Maude Roberts passed away at the farm south of Islay. She was born at Proton Township, Grey County, in Ontario on January 22nd, 1880.

On July 12, 1906 she was married to Charlie Alexander Roberts of Haliburton, Ontario. The couple resided at Tory Hill, Ontario.

In 1907 they came west and homesteaded south of Kitscoty until 1926. They then took up permanent residence south of Islay.

Mrs. Roberts leaves to mourn her loss her husband Charlie, three sons, Grant, Garfield and Cecil, all of Vermilion, and one daughter Mrs. Fary, residing in Toronto.

She is also survived by two sisters, Mrs. Ida Stevens, Palmerston, Ont., and Mrs. Evelyn Corbett, Long Branch, Ont. There are three grandchildren.

Funeral services were held in the Legion Hall, Vermilion, on Tuesday, Oct. 9th at 2:00 o'clock in the afternoon. Mr. Harold McLaren of Lloydminster gave the service.

Moyer's Funeral Home had charge of arrangements and interment was made in the family plot in the Vermilion cemetery.

The family wish to extend their heartfelt thanks and appreciation for the many acts of kindness, the messages of sympathy and floral tributes received from their kind friends.

Farm School Staffs Confer At Fairview

Staff members of the province's three agricultural schools met last Thursday and Friday at the Fairview School of Agriculture to study the program for the coming year.

J. E. Hawker, superintendent of agricultural schools, presided over the sessions.

Also attending were the three principals J. E. Birdsall, Olds, Peter Jacobsen, Fairview, and N. N. Bentley, Vermilion. Schools will open Oct. 29 for the 1956-57 term.

Driver Exonerated in Mannville Fatality

MANNVILLE. — An inquest into the death of John C. Cannon of Innisfree was held at Mannville on Monday evening this week with Coroner Dr. Hashoff presiding. The finding of the six man jury was as follows:

"That on Wednesday, Sept. 12th, at about 7:30 p.m. at the east intersection of Highway 16 at Mannville, Alberta, John C. Cannon, under anxious and nervous tension, without due regard to normal practices of safe driving procedure, was in collision with a transport, and that the collision which occurred caused his death."

Witnesses called were Dr. Stephens who testified as to the cause of death; Chester Gamble, the last to see Mr. Cannon alive; Nick Tofik, driver of the transport truck; and Const. Wheatley of the R.C.M.P. Identification Branch.

BUFFALO COULEE ACTIVITIES

It is really beginning to look and feel like winter but at least most of the harvesting has been completed.

Last Friday saw quite a number of Chinamen in attendance at the school as it was the annual initiation of the Grade 7's into the Students' Union. Miss MacDonald and Miss Allen, the two new teachers were also initiated. It must have taken considerable maneuvering to handle those five foot poles and swinging pails. The initiation ceremonies were held in the afternoon and the opening school party at night. A large number of students from Wainwright and Mannville, and a few from [illegible] and Preston joined with the Buffalo Coulee students in a most enjoyable evening. Enid Cooper now attending school in Irma was also in attendance.

Congratulations to Mr. and Mrs. Jack Bauman on the arrival of another son. If Jack stays until the three boys grow up he'll have a rink for the B.C. Curling club.

Nick Kowalchuk, a former Buffalo Coulee resident is the proud papa of twin girls.

Rev. C. W. MacKay held service in the Auburndale church last Sunday. A very fine sermon was given on Committment to Christ and Service for Him. This was the theme of council held in Windsor recently at which Mr. MacKay was delegate from St. Paul Presbytery. Next Sunday Oct. 28th Rev. Heuer of the British and Foreign Bible Society will hold service in the church at 3 p.m. His messages on previous visits have been inspiring and it is to be hoped that a large crowd will be out on Sunday. Mr. MacKay will hold service again on Nov. 4th, weather permitting the service will be in the church but if too cold it will be in the B.C. school.

C.G.I.T. ladies are holding a meeting this week to plan a program of activities for the winter months.

Best wishes of the community go to Mr. and Mrs. Carlson who were married recently in Vermilion. It may take some time to get used to calling her by any other name than "Grandma Eyben".

If cooking oysters remember that best results are obtained when the little fellows are heated just until they plump up and their inner edges show sign of ruffling. Too much heat toughens oysters.

VITAMINS

Native, or so-called "uncivilized" peoples, living in their original environment and with their normal food supply, rarely suffer from deficiency diseases caused by lack of essential dietary elements.

They seem instinctively to gather for their food, edibles which contain sufficient vitamins and minerals.

While civilization has brought many boons to mankind, it has also brought problems. The refined food which we eat, while more desirable, has in many instances lost much of its original value as a body builder.

That is why doctors must prescribe additional vitamins and minerals to supplement the diet. Most infants and children regularly take extra vitamins in liquid and capsule form.

Adults too often require these additional vitamins. Your pharmacist features a wide selection of vitamin products for the whole family. Be sure that your family is receiving its full quota of vitamins.

THE WORLD OF WHEAT

by W. G. [illegible], Director, Research Department, [illegible]

CANADA'S FUTURE WHEAT NEEDS
A Commentary

Although it is dangerous to make too many assumptions with respect to the future production and the consumption of agricultural products, it is interesting to speculate upon the impact which Canada's steadily rising population is likely to have upon the quantity of wheat that may be consumed at home, as well as upon the quantity that may be available for export abroad.

At present, Canada's domestic usage with a population of some 16 million people is in the neighborhood of 160 million bushels annually, that is, roughly 10 bushels per capita. Thus, apart from any inward carryover stocks, and assuming an average crop of say 370 to 400 million bushels, there would normally be some 225 million bushels available for export or carryover. Based upon her present rate of population increase, Canada is likely to have some 25 million citizens by 1975. Thus assuming the same rate of usage as now, domestic requirements may then have increased to about 250 million bushels or approximately two thirds of what we now consider to be a normal average crop.

But this is not the whole story for the pattern of agricultural production in Canada is likely to undergo some changes in the next two decades. Foreseen is a larger acreage devoted to feed grains to support the greater livestock and poultry population required and the greater demand for such products as butter, cheese and milk, and there may be other claims as well upon some of the acreage that has traditionally been sown to wheat. Eventually, therefore, the wheat acreage in Western Canada may well drop below the present level of 20.6 million acres, leaving a correspondingly smaller percentage of the crop available for export. When these changes come about, as they will do gradually, the burden of wheat supplies is not likely to hang so heavily upon us as it does at the present time.

Items Of Interest In The World Of Foodstuffs

In Poland, because of unfavorable weather, this year's grain harvest is about 20 to 30 per cent below that of a year ago and so imports will be needed. Farmers have been set the task of increasing production by the year 1960 by about 22 per cent over the average for the years 1951-55. Even if the increase is attained, it is thought that imports will still be needed.

The wedding will take place on Saturday, Nov. 10th in the United church, Kitscoty, at 5:00 o'clock p.m. A reception will follow in the Tracy Memorial hall, Kitscoty at 6:00 p.m. Friends and relatives please accept this as your invitation.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Chester Gamble wish to announce the engagement of their daughter, Joyce Irene, to Mr. Fred Mytz, son of Mr. and Mrs. Mike Mytz. The wedding will take place on November 9th, 1956 in the Mannville United church at 5:00 o'clock in the afternoon. An open house reception will be held at 8:00 p.m. at their home in the evening. A dance will follow in the Orange hall.

Mr. and Mrs. Peter Raun and family were recent visitors at Sylvan Lake for a week end.

Alex Marian returned Wednesday from attending a preview of the new Chrysler and Plymouth cars which was held in the Corral at Calgary early this week. He is quite enthusiastic over the appearance of the 1957 models, stating that there has been an entire body change in addition to many other advances and driving and riding qualities. New Plymouths will be on display shortly in the showrooms at Marian Motors.

LOCAL NEWS

Guests at the home of Mr. and Mrs. Tom McPherson for three days last week were the former's brother-in-law Harold E. Wright of Vancouver, Duncan Mitchell of Edmonton and Ross Chapin of Toronto. The visitors left for their various homes on Saturday but stated that they had enjoyed their three days of hunting so much that they were coming back for a whole week next fall.

G. J. Algot of Edmonton called at the Standard office on Wednesday while on his way north to Derwent to visit members of the family. Gus plans to do some duck hunting while in this part of the country.

A party comprised of Herman Dargatz, son Larry and Jim Chalmers are away in goose country to the south this week in search of a few honkers.

Mr. and Mrs. George Cooper who have been at the Vermilion School of Agriculture for some years, have recently moved to Edmonton. Mr. Cooper has accepted a position with the Highway Traffic Board.

Mrs. L. M. Winters writes from Vancouver that she is at present in a rest home and that her new address is 3789 Cedar Crescent, Vancouver, B.C. She says the Standard is always like a letter from home but she would still like to hear from her old friends.

Lawrence Watkins, son of Mr. and Mrs. Roy Watkins, leaves this Friday for an additional course in general welding at the Provincial Institute of Technology in Calgary. He will be away for a month.

J. R. Boake was in Edmonton on Wednesday to attend a banquet in honor of Sir Hugh Linstead of London, England, a world leader in the field of pharmacy and health services. Sir Hugh is also secretary of the British Pharmaceutical Society. Following an address by the distinguished visitor the honor of extending formal thanks fell to Mr. Boake who is the immediate past president of the Alberta Branch of the Canadian Pharmaceutical Association.

Mrs. Marie Emsland returned home last week end following a six months visit to old home scenes in Norway.

Mr. and Mrs. Wm. S. Porter of Dewberry are again about to leave Alberta for the milder climate of the B.C. coast. They will spend the winter at 536-13th Ave W. Vancouver.

Mr. and Mrs. Roland Roebuck of Creston, B.C., are visiting at the home of the former's brother Mr. William Roebuck and family. The visitors are on holidays and the trip is being made by car.

Mrs. Louise Lang who has spent the past several months at Eldorado, Sask., has now returned to Vermilion.

Mr. and Mrs. Brent Macnab Jr. and three children left last week by Canadian National for Quebec City where they will spend the winter. Brent is a defenceman with the Quebec Aces of the Quebec Senior Hockey league.

Mr. and Mrs. W. C. Martin have the former's mother Mrs. Martin of Edmonton visiting them. She plans to stay for a month.

SQUARE NOTES From Circle 8

Now that the harvest is over we are ready to begin another season of "alemande left, alemande zar". The first dance of the season is on Thursday, Nov. 1 in the Legion hall with Harold Schacker calling.

We're going to try something new this year — selling season tickets. You can get the season's dancing for $10 a couple. This is a price that can't be beaten anywhere. If you don't buy a ticket you can come to the dance and pay the regular price of 75 cents. You can obtain tickets at the dance or from the executive.

If anyone is interested in taking lessons, please inform one of the following: Gerald Willmer, Gerald Stephens, Ken Greenwood, Walter Coulter, Lorne Pockett, Herb and Muriel Bobroske. Ladies don't forget to bring sandwiches. See you on the 1st.

SQUARE UP

THE STAGETTES

Come one, come all to the Harvest ball on Friday Oct. 26th in the Elks hall, dancing 10 to 2.

Stagettes take note — be at the Elks hall at 6:00 o'clock Friday night prepared to decorate. Tannis' guest for the evening gave us an inspiration and with leaves, sheaves, cats, bats, pumpkins and perhaps a man it won't look like just an ordinary dance hall. Come and see it.

We also want to remind you of our home cooking sale Nov. 3 at Noonan's Coffee shop, 3 p.m.

Hear ye, hear ye,
Weary mothers making croquettes
Buy your baking from the Stagettes
Our efforts are the standard kind
That in most books we're sure you'll find
Now in the windows you will see
Advertised a doughnut tree
Cookies, cakes and pastry rhymes"
All we want is your small dimes.

There will not be a meeting next Tuesday night.

Checking Saturday Oct. 27th Kay S. and Tannis S.

Campbell Lake News

Week end visitors at the home of Mr. and Mrs. P. McCambridge were Helen and Donald Sheriden, Mrs. P. Dynes and Joe McCambridge, all of Edmonton. Mrs. M. Sheriden, who had been visiting with her sister, Mrs. McCambridge for two weeks returned to the city with them.

Mr. Dick Withington and Mr. G. Richardson drove to the city on Sunday to bring Mr. Rex Withington home. He has been a patient in the Misericordia hospital for the past three weeks.

Mr. and Mrs. Geo. Dollman and Helen were visitors at the home of Mrs. Margaret Bangley in Mannville on Sunday.

Threshing and combining are practically completed in the immediate district. And fall work is much in evidence.

The road crew have been working early and late to complete the work undertaken in the summer. They have finished about 3 miles of it at time of writing. It is a vast improvement over what we have been forced to travel over for the past three months, and it promises to be a good winter road. It is to be hoped it will be all completed before the weather changes, making road work impossible.

The Birthday Club met at the home of Mrs. Geo. Dollman Wednesday evening to help celebrate her birthday.

Mary Ellen McIntyre of Lloydminster spent the week end at the home of her parents.

Friends of Mrs. Mabel McKay are sorry to learn she is in the hospital and all wish her a speedy recovery.

IN MEMORIAM

In loving memory of
CAROLINE AGNES UPSHALL
who passed away Oct. 27, 1950.
"A loving mother so good and kind
No friend on earth like her we find.
For each of us she did her best
May God grant her eternal rest."
Always remembered by her loving husband George, sons Bill, Sam, Ross, and daughter-in-law LaVern.

IN MEMORIAM

In loving memory of our father and husband
CLARENCE H. HANCOCK
—who passed away Oct. 21, 1955
"We do not need a special day
To bring him to our minds.
The days we do not think of him
Are very hard to find.
They say time heals all sorrows,
And helps us to forget,
But time so far has only proved
How much we miss him yet."
Sadly missed by his wife and family

IN MEMORIAM

In loving memory of
George William Sperberg
who passed away on Oct. 29, 1955.
"His smiling way and pleasant face,
Are a pleasure to recal.
He had a kindly word for each,
And died beloved of all.
Some day we hope to meet him
Some day we know not when
To clasp his hand in the better land
Never to part again."
Ever remembered by Pearl, Donald, Linda and Kathy

From 1931 to 1951 life expectancy in Canada increased from 60 to 66 years for males, from 62 to 70 years for females. Quick Canadian Facts.

It is estimated that immigration to Canada will total 135,000 in the current year, 60,000 lower than in the post-war peak year of 1951.

More Coffee?

Brazil has been testing portable aluminum irrigation systems to increase the coffee crop. Results are startling: yield per tree is more than doubled. Even if applied only to half of Brazil's coffee crop, production would be increased by 3,700,000 bags!

Our own Canadian farmers have found endless ways to use Canadian aluminum: Piping for orchards, field crops and stock ... foil for mulching ... roofing and siding for barns, brooders and silos ... cans and pails for dairy farms.

Canadian output of primary aluminum is being further increased to supply the makers of these and a thousand other products useful in agriculture, industry, defence and the home.

Glenn Mackenzie Marries In B. C.

New Westminster, B.C. — Of interest in Edmonton, where the groom formerly resided, is the wedding of Declaire Restall and Glenn Ewen Mackenzie which took place in Queen's Avenue United church. Rev. W. Evan Fullerton officiated.

The bride is the daughter of Mr. and Mrs. Fred Restall, Vancouver, and the groom's parents are Mr. and Mrs. W.A. Mackenzie, North Surrey, formly of Edmonton, where his grandfather, Mr. W. E. Mackenzie, resides at Jasper Place.

Given in marriage by her father, the bride wore a ballerina gown of pink nylon lace over taffeta. Her chapel veil was held in place by a coronet of pearls and sequins and she carried a bouquet of red rosebuds.

Attendants were Mr. and Mrs. Harvey Elder.

A recepton was held at he home of Mr. and Mrs. George Brown, Burnaby. Mr. Harold Doll of Winnipeg was toast-master.

The bride and groom left on their honeymoon to the Okanagan. They will reside in West Vancouver.

Wheat History Is Reviewed On Cominco Commentary

The year when the "wheat quota" for the Canadian Prairies was only 5,000 bushels-and when less than a fifth of that small figure was actually delivered-is recalled by agriculturalist Grant MacEwan in a 15-minute radio talk in the "Cominco Commentary" series.

The popular "Cominco Commentary" broadcasts sponsored by the Consolidated Mining and Smelting Company of Canada Limited are heard every Sunday on radio stations throughout the Prairie Provinces.

In his review of the history of Prairie Wheat farming, Mr. MacEwen recounts the long journey of a young Toronto Wheat buyer to Winnipeg in 1876, his significant offer for 5,000 bushels of Prairie Wheat, and the disappointing quantity but impressive quality of the wheat received.

From the beginning, Mr. MacEwan follows the rise of Prairie wheat production from the 1876 low to the 1951 high of 500 million bushels. In addition, he traces the change in wheat varieties: from Red Fife to Marquis, then to the "tailor-made" rust resistant types now in general use.

In other talks in the current "Cominco Commentary" series, Mr. MacEwan comments on such subjects as winter livestock fattening techniques, and new developments in scientific agriculture.

Pleasant Valley

Our Thanksgiving service was held on Sunday. The church was beautifully decorated with flowers and fruits of the earth. Everyone sang the Thanksgiving hymns so well. It was nice to see Mr and Mrs. Hollington out to service

We wondered why the nice big oil stove and no heat.

In the evening Mrs. J. Gould, Mrs. Gillies and the writer attended the service at Islay.

Everyone was sorry to hear of Charlie Burt's accident and a speedy recovery is wished him.

Harvesting seems to be fairly well cleaned up in this area. The men have been working early and late. Bert Gould and Gordon worked until 3 a.m. The yield is good but the grades are poor.

By the way, we arrived home safely Mrs. Moore, gave Mrs. Gillies quite a thrill going down the river hill. If one's brakes gave out it would cause more than a thrill, as it is a very winding and somewhat dangerous road.

The writer visited Mr. and Mrs. Strang at Lloydminster last week.

Congratulations to you Henry do hope that you will be very happy.

CORRESPONDENTS' DINNER

On Sunday, October 28th, there will be a Pot Luck dinner for the correspondents of the Standard at the home of the writer, Mrs. Bert Gould. It is hoped to see all the scribes together at that time.

Married At Mannville In 1906, Mr. and Mrs. Tom Banks Celebrate Golden Wedding Anniversary

MANNVILE. — An event of unusual interest took pace at the home of Mr. and Mrs. Andrew Clark at Mannville when Mrs. Clark's mother and dad, Mr. and Mrs. Tom Banks celebrated their 50th wedding anniversary on a beautiful autumn afternoon, Sunday, Oct. 17th, 1956.

To commemorate the occasion, between 75 and 100 visitors signed the Guest Book, including friends from Edmonton and surrounding districts, neighbors and old timers.

The bride and groom, who now reside in Vermilion, graciously welcomed all the guests. The bride, dressed in a tailored gray crepe dress and a corsage of sweetheart roses pinned at her shoulder, presented to her by her grandson Robin Kilborn of Coronation, Alta. The groom in a navy suit and white boutonniere, was as trim as of 25 years.

Wm. McCauley acted as M.C. for the occasion, reminiscing on a few of the old time pranks which the said "Tommy" was quite capable of taking part in. Several of the old timers present paid tribute to Mr. and Mrs. Banks for their many virtues and expressed the esteem in which they were held in the community. The M.C. called on Mrs. Dan Smith to present a floor tri-lite lamp with chartreuse and gold colored shade and mounted on a gold stand, on behalf of the district and old time friends.

Mr Banks suitably replied and in his own humorous manner related how he almost forgot to meet his "bride to be" when she arrived at Mannville by train in 1906 from across the ocean. He thanked everybody for being present and for all the lovely gifts.

The room was beautifully decorated with bouquets of flowers from the family and immediate friends and immediately in front of them sat a three-tiered wedding cake decorated in pink and white rosebuds.

Toast to the bride and groom was given by Wm. McCauley and cameras flashed as they cut the cake.

A delightful lunch was served by the daughters and grandchildren of "Grandad and Granny" Banks.

The toastmaster called order and Mrs. MacKinnon sang "Silver Threads Among the Gold," accompanied by Mrs. Ross at the piano and "Your Old Grey Bonnet" sung by everyone and a solo "The end of the Road" by Mr Jack Clark.

Many stories were told and old time events recalled, and the happy gathering all joined in a sing-song with the grandchildren taking the lead in singing, piano and violin solos.

Many good-byes were said and all wished Mr and Mrs. Banks many more years of happily married bliss.

WILDMERE WINKS

While there is still some harvesting to do through the country [illegible] district is almost all cleared up Mr [illegible] still has some combining to do and there is still some threshing to do on Mrs. Whitlocks farm. Cliff Crothers has a bit of wheat to do. Outside of those, Rosewood and Wildmere districts are all done. Some have done a bit of fall work on their land besides.

Bill and Adam Smith combined 160 acres for Hugh and Bill Service when they were through with their own.

There was a nice attendance at the Thanksgiving Service held at Preston Centre by Rev. Minchin on Sunday afternoon. He gave a nice sermon and made us think we truly have lots to be thankful for. Mrs. J. Villich and Valerie, Mrs. Seale, Jim, Jean and Anne of Battleview attended. Mr and Mrs H Barlow, Kathleen and Mrs. Woodruff of Buffalo Coulee came over for the service too.

Several from our part attended the wedding dance of Mr and Mrs Tommy Lysons at Isley Hall on Friday last. They reported a good crowd. We wish to extend our very best congratulations to Mr and Mrs Lysons for a happy married life.

The writer visited Mrs. Smith on Tuesday last and had a nice old time chat. Mrs. Smith will be leaving to start her homeward journey this Thursday. She will spend a day or so with Alva and Norman in the city before going by plane to Vancouver.

Norman Smith and his family of Edmonton visited on Friday evening and Saturday forenoon with his mother and brothers in Wildmere.

St. Paul United Presbytery Held Conference At Lloydminster

The St. Paul United Presbytery of the United Church of Canada met in Grace United church, Lloydminster, last week with the chairman, Rev. D. W. MacPherson of Wainwright conducting the sessions.

Opening worship was conducted by Miss Gladys Griffin, minister of Paradise Valley - Edgerton. The theme "Being About Our Father's Business" was the basis of remarks for worship and for the chairman's remarks. One of the highlights of the session was the visit to Presbytery of Rev. Reid Vipond, Edmonton, President of Alberta Conference, who addressed a public meeting on Tuesday evening.

Dr T Hart, of Edmonton, Superintendent of Missions in Central and Northern Alberta for the United Church, informed the court of a correction regarding reports of the Indian Work Commission at General Council in Windsor recently. The report speaks of the "excessive idleness" of Indians in some areas and not "excessive laziness" as reported by some mediums.

NATIONAL EVANGELISM

Rev. Bob Christie, Secretary for Evangelism and Social Service for the United Church in B.C. and Alberta, spoke on the National Evangelism Campaign now in its third year in the United Church of Canada. He pointed out that personal witness is primary and it must concern witness to the living Christ and witness to faith. As a Christian believer surrenders his life to Christ he becomes a new creature. In order to witness, prayer must be a reality in the life of every believer.

URGES MORE A.O.T.S. CLUBS

Mr Ken Fisher of Lloydminster who attended conferences this past summer of Men's Clubs of the United Church in Banff and at Elgin House, Muskoka, Ont., urged that more A.O.T.S. clubs be organized. Rev. R. R. Smith of Lloydminster announced Dr W. Sidney Gilchrist, medical missionary to Angola will speak in Vegreville, Thursday, Oct 25th. Mr Smith announced an advance in missionary givings but much more is needed to meet the needs of the church in home and overseas work.

CHURCH MUSIC

Rev. T. Esdale, Elk Point, and formerly an outstanding organist in church of England, spoke on church music to the ministers while the lay delegates met separately. Mrs. M. E. Thornley of Ryley gave a report to the court of the lay meeting.

The afternoon devotions were led by Miss Janie Neftie, W. M. S. worker at Vilna and morning worship on Wednesday was conducted by Rev. T. Esdale.

CAMP WHITNEY

Attendance Camp Whitney, the Presbytery Camp, has increased 30 per cent and the camp is in need of funds for further improvements.

SCHOOLS FOR ELDERS

Schools for Elders in the United Church are to be conducted by Rev. H. H. Moats, Edmonton, and will be held in Lloydminster on Sunday, Nov. 4th; Vegreville Sunday, Nov. 11 and Wainwright Sunday Nov 18 from 2.30 to 9 p.m.

A concise account of the two weeks General Council sessions in Windsor was given by Rev. C. W. MacKay of Vermilion.

STUDENTS' WORK COMMENDED

The work of four summer mission field students in the Presbytery was commended by Rev. W. Morgan of Ashmount, convener of colleges and students. Christian Education Secretary for Alberta told of film strips available and resource material of various kinds. The next Presbytery will be held at Bonnyville early in the new year.

Number of Park Visitors Increase

With the approach of autumn, the annual influx of tourists visiting Alberta is drawing to low ebb. It may therefore be an appropriate time to evaluate the impressions and reactions of these holiday journeyers to Canada's Foothills Province.

Travelling mostly by auto, they came from almost every state in the U.S.A. and from virtually every province in Canada. What did they like best about Alberta and how did accommodation and service compare to other places?

Part of the answer can be found in the heavy file of questionnaire cards returned to the Alberta Government Travel Bureau by departing visitors. A sampling of the cards denotes a rousing tribute to Alberta as a vacationland hard to match, notwithstanding minor complaints from travellers who ran into stretches of road repair or who proffered complaints on other grounds.

Majestic splendor of the Rocky Mountains and serenity of the rolling parkland farm country in the northern half of the province moved many a visitor to set down permanently his impressions in writing or in pictures, the card index reveals. Laudatory comments were written on the "exceptional service" provided by the provincial government's travel bureau and the Alberta Motor Association in giving tourist information and aiding in securing accommodation across the province.

Representative of impressions recorded on the cards is that of a Butte, Montana, man who spent four days in Alberta. "Very beautiful province, people very polite and obliging" the man describes his stay. In a postscript, he adds, "Thanks a million. Will be back next year for a three week stay."

Following are other comments listed in a random selection from the card file:

"The scenery and the beautiful flowers will long be remembered." Tulsa, Oklahoma, man.

"We surely want to return to stay longer." Detroit, Mich., man.

"[illegible] boards." San Angelo, Texas, woman states with satirical candor.

"Your outstanding service was the information bureau with its teletype for reservations." St. Louis, Mo., man.

This year's tourist season proved without question that the provincial government's new mobile travel information centre at St. Mary's, Montana, and the Fort McLeod Bureau in southern Alberta rendered a [illegible] service to the outside visitors. Hardly one of the returned cards failed to mention in one way or another appreciation for this service. Expanding services offered by government and private agencies are expected to significantly increase the flow of visitors and tourists dollars and ultimately make Alberta one of the top vacation spots on the continent.

Chrysler Corp. Favors Newspaper Adverts.

WINDSOR. - Newspaper advertising will spearhead Chrysler of Canada's merchandising program during the next 12 months, according to R.T. Brown, advertising manager of the company.

In presenting plans to members of the company's field organization, Brown asserted that more use will be made of weekly and daily newspaper space in promoting the 1957 "Forward Look" automobiles than in any campaign the company has ever staged.

"We recognize the newspapers as the basic element in our promotional program," Mr Brown said. "Although we will make very extensive use of all other media, our sales message, we feel, has its greatest and most continuing impact at the grass-roots level — where the newspaper and the potential customer come together."

The merchandising program now getting underway to promote the much-anticipated 1957 Plymouth, Dodge DeSoto and Chrysler models will include radio, television, poster, direct mail and magazine advertising and was launched by a special train, covering Canada from coast-to-coast carrying models of the all-new 1957 cars and trucks.

Province Aids Young Musicians

Ten Alberta music students have been awarded 1956-57 scholarships totalling $1250 to assist them in their studies here and abroad, it was announced by Hon. A. R. Patrick, Minister of Economic Affairs.

Promising young Edmonton pianist, Miss Sylvia Marilyn Webb, was awarded a special $250 scholarship in addition to a regular $100 Western Board of Music scholarship. The awards will aid in extending her training on the European continent where she is currently studying. A similar disbursement of $250 from the Dept. of Economic Affairs was made to Miss Webb last year while she was attending the Paris Conservatory of Music, and later this summer was enrolled for two months at the Mozarteum in Salzburg, Germany.

Miss Webb, 24, was born in Edmonton where she attended both elementary and high school. The daughter of Mrs. H. R. Webb and the late Mr. Webb of this city, she exhibited unusual talent as a pupil of Ma[illegible] Le Saunier in Edmonton. She attained outstanding marks in examinations of the Western Board of Music and the Toronto Conservatory of Music before going abroad.

Nine other young music students from the province, seven girls and two boys, were awarded $100 scholarships on recommendation of the University of Alberta Committee of Music.

The ten government scholarships are offered annually to the Western Board of Music at the University of Alberta. They are awarded to outstanding music students on the basis of examinations held within the province each year in February and June.

CANADA'S BIGGEST TIDEWATER TERMINAL OWNED BY ALBERTA FARMERS

The Alberta Wheat Pool's 7,300,000 bushel terminal at Vancouver is shown in the photo above. The new 2,150,000 bushel addition, on the right hand side of the picture, was officially opened by Rt. Hon. C. D. Howe, minister of Trade and Commerce, on Friday, October 19th.

This new addition is the first major terminal construction on the West Coast in 25 years. It is significant that it was carried out by Alberta farmers themselves, who in the past few years have been hampered by almost continuous elevator congestion.

Again the Alberta Wheat Pool has demonstrated its value as a self-help organization of farm people.

Next meeting, Friday Oct. 26th.

BOWTELL BULLETIN

Congratulations and best wishes go to Mr. and Mrs. P. McDaniels on their golden wedding anniversary. A number of years ago we enjoyed Mr. McDaniels' column, Island Hill News, in our paper. May they enjoy many more happy years of married life.

Mr. Knutson and Harold spent five days on a business trip to Saskatchewan.

Mr. Dixon is a patient in the Vermilion hospital and a quick recovery is wished him.

Some fourteen ladies attended the B.B. meeting held at the home of Mrs. Williams. Three visitors present were Mrs. Dedelly, Mrs. Caro and Miss B. Caro. The latter recently arrived from Holland. It was nice to have Mrs. Hardie with us again after her illness. The next meeting will be held at Mrs. Maggs. Lunch by Mrs. Jones and Mrs. J. Morrison. Did you see that man yet Mrs. Carroll?

Prizes at the card party held at the hall went to the following: Ladies, Mrs. Burton, Miss F. Freestone, Mrs. R. Repp. Gents, Mrs. Robinson playing as a gent, Mr. R. Freestone, Mr. V. Dedelly.

Miss Keith spent Friday afternoon visiting at the Knutson home.

Mr. and Mrs. Sherwood and Beverly were guests for dinner at the Maggs' home.

KINETIC ENERGY

Any moving object has energy of motion. This motion is called Kinetic Energy. When your car is travelling along and you disengage the clutch it is this Kinetic Energy that keeps it moving. The greater the speed the greater Kinetic Energy. In fact, Kinetic energy varies as the square of the speed, which means that doubling a car's speed will quadruple the car's kinetic energy.

The important facts about this energy are

1. The only way to stop a moving vehicle is to use up its kinetic energy.

2. The greater the car's speed, more kinetic energy you must use up before you can stop it.

How can you use up this kinetic energy? If you use it by merely coasting to a standstill, it passes away little by little in the form of heat caused by friction between moving parts, and through air resistance. But this method takes too long. So we have brakes which will use up the kinetic energy quickly. Brakes change the kinetic energy to heat, which can be felt on the brake drums.

When brakes are applied there is a back push of the road against the tires. The car comes to a stop only when this back push, or breaking force has used up the energy the car had before the brakes were applied.

For this reason stopping distance is mathematically related to
(1) the speed of a car
(2) the coefficient of the braking friction

If you are on a good straight dry road and apply the brakes you develope a large braking force that will use up the kinetic energy quickly and the car stops in a reasonably short distance. The coefficient of friction on a straight road with new tires and a good clean dry concrete surface may be as high as [illegible]. If the road is icy, no matter how hard you apply the brake you [illegible] develop a little braking force and it is impossible to stop the car quickly. In fact the coefficient will be approximately [illegible] usual braking force the car travels about ten times further. [illegible] applied and adjusted [illegible] keep the wheels just under the skidding point. If a factor of safety is not allowed and skidding takes place, the braking force [illegible].

The formula is

(1) Hard and dry road, average tires and brakes 0.50 to 0.60 W

(2) Wet road, average tires and brakes 0.25 to 0.15 W

(3) Icy roads, average to poor brakes and tires 0.10 to 0.05 W

W equals the weight of the car

Former Manville Residents Celebrate Golden Wedding In Edmonton

MANNVILLE. — Wednesday, Oct. 10th, the Golden Wedding of Mr. and Mrs. J. B. Burch was celebrated at their Edmonton home, 10705 86th Ave., with a family gathering for a buffet supper and social evening. Those present were their six children with their wives and husbands, namely Mrs. A. S. Leitch, Mrs. L. Harney, Mr. Norman Burch and Mr. Douglas Burch, all of Edmonton; Mrs. J. Whiteford of Calgary and Mrs. C. Allison of Vancouver. Also present were the best man, Mr. A. E. Austin the bridesmaid Mrs. R. J. Shaw of Edmonton, and Mrs. R. Scott and Mr. and Mrs. Ralph Bee (sister and brother of the bride) from Mannville. The thirteen grandchildren also attended.

The toast to the bride and groom was proposed by Mr. A. S. Leitch, husband of the eldest daughter whose silver wedding will be marked in December of this year. During the day congratulations poured in from their many friends and relatives throughout Canada and from the groom's sisters in England.

The wedding of Mr. and Mrs. Burch was unique, being the first wedding celebrated in the Mannville district. Mr. Burch came from Taunton, Somerset England in the spring of 1905. After spending a year in the Carlton goldfields, he came east to Edmonton and joined one of the first land survey parties. During his survey work he met Carrie Boe who had come to the Vermilion Valley with her parents from Cameron.

Mr Burch started his first farm in a tent in the Mannville district in 1904, bringing his first supplies in by team and wagon from Edmonton. In 1906 he and Carrie Boe were married by the Rev. A. R. Aldridge.

Mr. and Mrs. Burch watched Mannville grow from its very beginning and were both active in church and community work. Mr. Burch helped in the building of the first Anglican church and served many years on the church vestry Mrs. Burch was a very active member in the W.A. of the church. Their friends in the Mannville district wish them many more years of health and happiness. The event in which they are held not only by the Mannville people, but by the many friends they have made in Edmonton, was shown by the gifts, flowers and cards received by the happy couple. And although Wednesday was the day for just the family gathering, many friends called during the rest of the week to visit and offer congratulations.

"TIDE MPS"

By JIM BRAHAN

Men satisfied from hunger, and talking swipes at each other with clubs probably constituted the world's first recorded engagement.

The first water transport is thought to have been a log upended by large branches. Early man discovered that by getting aboard these floating objects he was able to cross bodies of water. This means of transport greatly increased man's hunting range for food.

Of course there is no record of how much time elapsed before man discovered if he hollowed out a portion of the log larger loads could be carried.

The major problem of early humans was their food supply. The tribes were always exhausting their supply of game. This brought about the desire to move from place to place so whole family could be transported from one hunting spot to another. With vessels hewn from a log, man began exploring the sea coasts and eventually reached short ocean trips.

The first voyage mentioned in writing took place some 4800 years ago. There may have been excursions prior to this, but they were never logged because man had not developed a written language.

Mention of ships were developed when the vessels got to the ore where they could no longer be pulled up on the beach for safety. Probably the first such method was a length of line attached to a rock and then secured to the boat. The anchor is said to have been invented by a much traveled Scythian prince named Anacharsis. The word itself comes from the Greek word "Agkura" meaning hook.

Those anchorages became known places of safety for early ships, also, they proved a good place for traffic. Harbour facilities soon began to be built at these anchorages and this is more than likely how the world's first sea-ports came into existence.

These ancient seamen were truly adventurers and sailed untold-seable distances. For instance, the Polynesians used to sail their large double canoes from Hawaii to New Zealand, a distance of some 3,500 miles.

PARADISE VALLEY NEWS

We regret to hear that the following young people are in the hospital in Lloydminster and Edmonton: Gerald McLean and Johnnie Kitching are in the Lloyd hospital while Miss Friebel had to be taken to Edmonton. Mrs. A. Clarke and Mrs. Fred Twardow are still patients at Lloydminster. We wish them all a speedy recovery.

Our sincere sympathy is extended to Mr. R. Smith and family of McLaughlin on the death of Mrs. Hewitt. As Miss Berta Grolinger she was the first teacher at Winona school in 1909.

Miss Olga Hudson of the P.V. teaching staff has resigned and will attend the McTavish Bursary college in Edmonton. Mrs. Calvert Tullius has taken Miss Hudson's place as teacher at Winona.

Mr. and Mrs. Jack Chambers and family who have farmed up with Mrs. Chambers' parents Mr. and Mrs. W. P. Davidson, left for Ottawa on Wednesday, where he has taken a new home. Mr. Chambers has been transferred to that point. He is with the R.C.A.F.

Work on the new school is going ahead at a fast pace. A lot of cement has been poured but there is still a lot more to come. Let us hope the good weather continues as the contractor will need it.

The end classical dance in a busy place these days as the farmers are not going to be caught at they were last year. A lot of barley is going through as quite a few were able to ship a car of malting.

After a most successful sale Thursday Jack Hawkes was able to run his first show in the hall. With only a few hours' notice the hall was filled with people from far and near. We understand the dances will be held on the same nights as before, viz Monday, Thursday and Saturdays at 8:15.

The W.A. of the United Church will hold a bake sale early in November. Watch for further particulars.

Mr. Robert Stewart of Edmonton spent a few days with his parents Mr. and Mrs. R. A. Stewart and did some hunting while here.

The Hall club put on a dance on Friday night and had a fair attendance. Jos Abrahman and his boys from Lloydminster provided the music.

Bert Palmer during the past week has been busy with jobs for and as a result a lot of grass has been threshed.

Mr. and Mrs. Don Blackley and family of Edmonton spent the past week-end with Jack Blackley, uncle Mr. and Mrs. W. A. and Wichie.

Mr. and Mrs. J. A. Smith of Vermilion and Mr. and Mrs. D. Erickson and Miss Enid Erickson of Islesville were Sunday visitors with friends in Paradise Valley.

Alberta Wheat Pool Opens New Grain Terminal At Vancouver

A new 2,150,000 bushel addition to the Alberta Wheat Pool's Vancouver terminal was officially opened on Friday, Oct. 19th by the Hon. C. D. Howe, Canada's minister of trade and commerce. The new annex brings the total capacity of the elevator to 7,200,000 bushels making it the largest terminal elevator on Canada's West Coast. It will provide additional storage space for Alberta grain producers and nearly double the terminal's operating capacity.

This is the first major new terminal construction at the West Coast in 25 years and it is significant that it was carried out by the farmers themselves who in the past few years have been hampered by almost continuous elevator congestion.

The original Alberta Wheat Pool terminal at Vancouver was constructed in 1926 and the first addition was built in 1929.

The decision to increase capacity was based mainly on the heavy movement of grain out of Pacific Coast ports in recent years and the prospects of a steadily growing demand for bread grain and barley in the Far East. Although the United Kingdom continues to be the big buyer of grain out of West Coast ports, Japan has taken large shipments in recent years. Russia took 15 million bushels of grain in the past season and has agreed to take a similar amount in each of the next two years.

Pool delegates recognized the need of greater storage space for Alberta farmers and, while carrying on a steady country building program, they felt that greater terminal space would serve all grain producers in the province more equitably than expanding the equipment amount in constructing new elevators and annexes at individual country points. Approval was given at the annual delegates meeting in the autumn of 1964 and construction began in March, 1965.

In all, over 30,000 yards of concrete and 987 tons of reinforcing steel were used in the structure and new belting will extend 8,300 feet or approximately 1 and three-fifths miles. The pouring of the bins was a continuous process, and when started did not stop until completed. Some 340 air packs were employed to raise the sliding forms one-half inch at a time. Each half of the annex was completed in approximately eight days at the rate of ten feet a day.

The new extension is composed of two distinct parts, the storage annex and the workhouse. The storage annex is made up of 62 large bins or round tanks and a larger number of star bins. The new workhouse will be equipped with latest in cleaning equipment including machinery to clean flax, permitting greater use to be made of the western route for flax exports.

The new annex, with its additional cleaning equipment, will almost double the elevator's operating capacity and is expected to increase peak unloading operations from 150 to 200 cars taken per day.

No increase in loading capacity was required as dock facilities are sufficient to enable three ordinary grain boats, or two of large size, to load at the same time.

The entire terminal is fitted with the latest in dust control equipment.

General manager of the Wheat Pool is A. T. Baker, who still carries on a large farming operation in the Nemiscam area of southern Alberta.

NEWS from ALLANDALE

There will be church at Allandale on Sunday, Oct. 30th when Rev. C. W. Bradley will conduct the service.

The last week's bulletin was held over for this week due to lack of space.

Most of our fall days have been bright and sunny, grand weather for harvesting. Some frosty mornings however with the temperature around 20 above.

Church service was attended in the evening and a social hour after was enjoyed very much on Sept. 28th, the 50th anniversary. The leaflet given to everyone of the history of the church was very interesting and was beautifully printed. Some will be sent to other parts of Canada — a grand memory of our church.

Mrs. Laird and daughters Margaret and Kathleen of Clandonald spent a few days at the Omness home around the first of the month while Mr Laird was in the city attending their convention.

Mrs Nora Rovaghan was a visitor in the district on Oct 3rd. The day before she motored to Elk Point to visit sister Gertie Swanson.

Our deepest sympathy to Mrs. Mildred Baldock in her recent bereavement by the death of her father at Hamilton Ont. on Oct 4 and to Aunt Mamie Hogaboam on the recent death of her fourth brother in such a short time.

Raymond and Dorothy Wilson spent last week end at the home of their Omness grandparents Raymond was to persue little driver of the Ford tractor, helping on basic basics of steam.

Lettie Nelson was home for a week end recently, where she has employed at the Lloydminster phone office empowering during the fall. She is staying at the home of her sister and husband Joan and Art Rodrigo. The latter couple at present Art's sister Blanches wedding, in the city on Oct 15th.

Mr and Mrs Jack Dwyer and family and Horace Rhondes from the city were together and an enjoyable afternoon was spent reminiscing. They appreciated very much the kindness of Mrs Endfield for arranging this gathering for the lovely tea and a grand afternoon.

"Trail Ride" on the afternoon of Oct. 7th sponsored by Bob Maggs and the Maggs' family at the Gus Maggs' farm was well attended around thirty horses and riders. It takes one back to the old times when saddle horses were much in evidence now a rarity, so it was enjoyed very much. A lovely box supper and coffee was supplied by all and enjoyed and appreciated as it was a cool afternoon.

U.G.G. Blazed Trail For Farm Co-Operation In The West

FARMER-OWNED COMPANY HAS DONE MUCH TO AID AGRICULTURE

September 3, 1925 was a day of little importance to the tenants of a downtown office building at Winnipeg. Questioned, they might have recalled that about that time a new occupant had moved into one of the smaller offices. A new tenant with a scrounged desk and obviously second hand desk and an equally worn typewriter. On the door a freshly painted sign proclaimed — if anyone was interested — that a new business would occupy the premises.

There was little to indicate that the unknown company which opened its doors for business that day had either a dramatic past or was to have an impressive future. Actually it had both.

Only recently it had been but a dream in the minds of a few practical farmers; its very founding was a deed of risk and daring. Within a few months only the grim courage of its directors would save it as it teetered on the brink of bankruptcy and failure. Somehow it survived and at the end of its first year showed a meagre profit.

Yet 30 years later this company would be widely known as one of the largest and most successful business enterprises in Canada. Its membership would number 70,000. Its influence would set the pattern for virtually the whole of the organized farm movement in Western Canada and its facilities would stretch from the Red River Valley of Manitoba across the prairies of Saskatchewan and Alberta to Dawson Creek at the end of the road on the Alaska Highway. This is the story of that company and its 30 years of progress.

Today more than half of West ern Canada's vast annual harvest is handled through farmer-owned co-operatives. Of these United Grain Growers Limited is by far the oldest. For it is the company which opened its doors for business that September morning in 1906.

COMPLETE FARM SERVICE

Operations of the U.G.G. are more diversified than those of any other major farm co-operatives. In addition to its grain handling facilities, which include terminal elevators at Port Arthur and Vancouver served by its system of 625 country elevators, the U.G.G. operates a modern plant at Edmonton manufacturing a complete line of livestock and poultry feeding supplements under brand name "Money Maker Feeds".

The U.G.G. also offers farmers a general insurance service distributed through its elevators and special representatives a wide range of farm supplies and publishes two of Canada's outstanding farm journals, "The Country Guide" and "Canadian Cattleman". Through its agents and dealers the U.G.G. provides some type of farm service to some 2,000 prairie communities.

FARMERS ORGANIZE TO FIGHT GRAIN HANDLING INJUSTICES

United Grain Growers Limited was born of necessity. At the turn of the century as great acreages of new land came under cultivation, wheat suddenly became important. From the new homesteads of the prairies was coming enough wheat to feed the nation. Though few realized it, wheat — now that the West was producing more than needed for domestic requirements, was laying the foundation for Canada's future export trade. It was logical that with the increasing harvests major problems of grain harvesting and transportation should present themselves — that practices considered unjust by the farmers should creep into the new industry. Faced with rugged conditions of pioneer life — and long distances to markets — it was natural that they should seek to improve methods of marketing and grain handling.

It was at Sintaluta, Saskatchewan, that a group of farmers finally decided to take action to bring about improvement. They would form a company to handle their own grain. It was a daring idea but their leading spokesman rallied them with a picture: "Suppose we had ten thousand farmers working together through an organization of our own . . . suppose each farmer produced an average of five thousand bushels of wheat . . . that would put us in control of handling fifty million bushels, all of it handled by farmers themselves!"

From the proposal came the resolution that was to form the basis of the new organization: "That we the grain growers of Sintaluta, Saskatchewan, in mass meeting here assembled, heartily recommend the formation of a company composed wholly of farmers, to be known as the Grain Growers Company, with shares of $25 each and with a large enough paid up office as to include all western grain growers desirous of becoming members."

FIRST FARMER-OWNED COMPANY

Thus was launched Canada's first farmer-owned grain company. The Grain Growers Grain Company (later to become United Grain Growers Limited), with second-hand furniture in a small office at Winnipeg, announced to the world it was ready for business and formally opened its doors on Sept. 3, 1906.

Membership in the new company at the outset was relatively small. Its paid up capital was small. But farmers soon recognized the advantages of dealing with their own company and widespread support was soon forthcoming.

The Grain Growers Grain Company was no ordinary company. It was a true co-operative enterprise, founded on the same basic principles as the Rochdale Pioneers — on which the co-operative movement of Great Britain is based. Accordingly it provided for the issuing of share capital which a limited rate of interest is paid . . . equal voting rights for members regardless of the number of shares held . . . and the payment of patronage dividends to customers.

PATRONAGE DIVIDEND POLICY CHALLENGED

Indeed it was the declaration by the company of its intentions to pay patronage dividends in its first year of operation that almost proved disastrous. Patronage dividends at that time were interpreted by the Winnipeg Grain Exchange as an intent to rebate part of the commission charges to the farmer. Alarmed, the Grain Exchange moved swiftly and revoked the company's trading privileges. Already consigned and enroute were hundreds of cars of grain which, without trading rights, the company had no prospect of selling. Meanwhile the bank was demanding payment of a large overdraft. Thus in its first few months of existence, with no means of selling its grain and no financial reserves, the struggling new company faced disaster.

The faith of the founders was strong in the ultimate success of their daring enterprise. So strong that the directors pledged their personal assets to avert bankruptcy of the Company. On the farms and homesteads all over the West, farmers matched this confidence with their loyalty and increased support of their new company.

Temporarily deferring its patronage dividend, the new company somehow struggled through the year. It had weathered the storms and prospects for the future seemed encouraging. With the passing of time its position in the grain trade became firmly entrenched.

PATRONAGE DIVIDEND PAID

The Company's first patronage dividend was paid on the 1925-26 crop, though considerably payment could have been made earlier had the shareholders so desired. As it was, surplus earnings for preceding years were used for building new elevators and for the expansion of services then demanded by farmers. Dividends on share capital however commenced in 1907, and in only four years has the share dividend been missed. Total share and patronage dividends paid by the Company since its inception now exceed $16,000,000. Shareholders' equity stands at $10,000,000, representing slightly over $2 for every dollar invested.

SUCCESS OF FARMERS' COMPANY STIMULATES CO-OPERATIVE MOVEMENT

The young company's struggle for survival in the early days caught the attention of farmers in every part of the West, particularly those in Alberta. By 1909 shipments had increased to such an extent that a branch office was opened at Calgary to provide better service for Alberta producers.

It was at the Calgary convention of the U.F.A. in 1913 that Alberta

50th Anniversary Year
50 Years of Progress
Fifty years ago a small group of prairie farmers determined to improve marketing conditions in Western Canada. They would form their own grain handling organization! In a tiny office at Winnipeg, with slender resources and doubtful prospects in a hazardous and unknown field, their venture at first seemed insignificant; their activities attracted little attention.
Today, after fifty years of steady progress, from that most humble of beginnings, United Grain Growers Limited has reached a noteworthy position as one of the great business institutions of Canada.
In observing its 50th Anniversary, the Company pays tribute to the courage and resourcefulness of its pioneer founders . . . stands pledged to remain steadfast to the high traditions they established. Through their united efforts and the efforts of the thousands of loyal supporters who followed, they succeeded in winning vastly improved marketing methods and higher living standards for all farm families in Western Canada.
Canada's first "farmer owned" co-operative Grain Company was formed at a tent pitched at the Winnipeg Exhibition Grounds in the year 1906.
United Grain Growers Ltd. owns and operates a network of 625 Elevators in Western Canada, with Grain Terminals located at Port Arthur and Vancouver.
At the University of the Forks, the Farm Service Bureau of UGG was first added to the Company's service to farm.
Through its insurance department, United Grain Growers Ltd. meets the farmers' Fire, Hail and Property Insurance needs.

Farmer-Owned Co. Has Done Much to Aid Agriculture

farmers decided to launch an elevator company of their own. (Two years earlier Saskatchewan farmers, finding the grain trade controlled by the Winnipeg Grain Exchange, had raised the Saskatchewan Co-operative Elevator Company. The capital for the Alberta project was raised by a loan from the Alberta government and by the sale of shares to farmers. Rapid progress was made and at the start of the crop year the Alberta Farmers' Co-operative Elevator Company was ready to handle grain. Ten elevators had been purchased and construction was underway at 42 additional points. At Winnipeg the Grain Growers Grain Company did everything possible to assist the new Alberta company, handling its transactions on the Grain Exchange, loaning capital and establishing credit to assist in financing its operation.

MERGER FORMS U.G.G.

Following the formation of the Alberta company a move was made to amalgamate the three provincial farm co-operatives in a single operation. After many conferences the Saskatchewan company decided against joining but Manitoba and Alberta proceeded with definite plans to unite. In 1917, by almost unanimous vote of shareholders the Grain Growers Grain Company and the Alberta Farmers Co-operative Elevator Company were amalgamated under the name "United Grain Growers Limited".

During the period of world-wide depression in the thirties the U.G.G. was a steadying influence and continued to give leadership to Western Agriculture. Many will remember its strong opposition to the proposal of the railway companies to abandon a number of branch lines. Had the plan succeeded many farmers would have been deprived of rail transportation. In some cases entire communities would have been isolated.

U.G.G. CHAMPIONS FARMERS' INTERESTS

In the early forties the U. G. G. fought for equality of treatment in the application of income tax to co-operatives and the final decision to levy a tax of only 5% on the dividends of the Dominion Government made possible the payment of millions of dollars to farmers which otherwise would have been paid by co-operative companies in income tax. More recently the Company championed a leading influence in defending the Crows Nest Pass freight rates agreement, the upsetting of which has already meant a staggering blow to western farmers. The U. G. G. was prominent in opposing increased rail rates for domestic coal and the attempt to charge demurrage on grain cars at terminal elevators.

Over the years the Company has made substantial profits from its organizations and for agricultural research all over $600,000. Investment in its own properties exceeds $24,000,000. Farm control of the U.G.G. is ensured through some 300 farmer delegates representing the shareholders, who meet annually to review Company operations, decide policies and elect directors. The directors represent each of the prairie provinces.

Since 1948 the Company has been guided by Mr. J. E. Brownlee, Q.C., former Premier of Alberta, who is president and general manager and who has been associated with the western farm movement since 1911. Mr. Brownlee succeeded the late R. S. Law, who was president of the U.G.G. from 1930 to 1948.

OUR LETTER FROM EDMONTON

Provincial Treasury Shows A Tidy Surplus For Year's Operation

EDMONTON — The cash register continued to jingle a happy tune for the Alberta treasury during the fiscal year which ended last March 31st.

The province raked in an all-time record $241,808,105 in revenue — an increase of $50,422,959 over last year, and most of it due to higher prices paid for oil and gas rights.

Spending for the fiscal year also toppled previous records, totalling $132,026,530, or an increase of $22,804,580 over the figure for the previous 12 months.

But the happiest part is that after all financing was done, the province had a surplus of $15,939,544 for the year's operations, and this is particularly cheerful news when compared with the situation last year when the government had to dip into its accumulated surpluses for $12,664,795 to make ends meet.

The figures were released last week by Keith Hucklevale, provincial auditor, in his annual publication of the public accounts book, a hefty volume which tells the complete story of government operations, down to the last penny.

Once again, oil and gas development told the big story in the financial picture of this oil and agriculture province, which some government officials think may need a sales tax.

Sale of crown reserve oil and gas leases and reservations netted $71,531,569. Fees and rentals brought in $15,869,569, and royalties earned [illegible]

The federal provincial tax rental agreement was another major source of income, bringing in $31,562,934 from Ottawa. Taxes earned another $26,643,383. Profits of the liquor control board amounted to $15,921,030, from gross sales of liquor and beer totalling $54,770,085.

Bigger grants for schools and hospitals are mainly responsible for the boost in expenditures during the year. An increase of nearly $13,000,000 in the cost of education was due almost entirely to higher school grants.

The largest single item of expenditure was $48,165,257 for public welfare institutions and charitable grants. Elsewhere, out a total of $37,770,026, while roads, bridges and ferries added another $15,697,120 to the cost of running the province for the year.

The accounts also show that Alberta's public debt picture is still rosy. Total indebtedness is $91,567,108, but cash on hand and readily disposable investments exceed this more than three times

FROM CURTAIN

The legislature's liquor investigating committee resumed meetings in the capital city last week and immediately wrapped itself up in a cloak of secrecy

The case in point is submissions by police forces throughout the province and by the liquor control board. The city police forces and RCMP answered questionnaires sent to them by the committee and the liquor board chairman George Cloak was invited in to talk things over with the committee.

Later, committe head Edgar Gerhart (SC—Edmonton) said his group had decided against disclosing any details of the police and liquor board views.

Why? The members don't seem to know for sure themselves, but the official answer was that since the information was requested by committee, it became the exclusive property of the committee, and therefore should be kept secret unless the legislature demands to see it next year.

Apparently, since the committee asked specifically for the memorands, they are in a different class from briefs presented last spring by 100 or more organizations which did not have the same importance being attached to the police and liquor board reviews?

Or, like so many public bodies made up of elected representatives, does the committee believe a few deep mysteries will add to its stature?

The committee already has started working on the first draft of its report, which should be finished by the middle of December.

Sir Joshua Reynolds, England's great 18th century portrait painter, the Reader's Digest reports, turned out 3,000 canvasses and painted 67 portraits within five years. Deadlines which forced him to use an extra trumpet did not prevent his success.

"HELLO, HOMEMAKERS"

Are you a tanDaser's regular? Or did you find out that this garbled phrase means a Breakfast Dodger?

It seems to me that farmers on the whole are pretty faithful about eating a good breakfast—as far as quantity is concerned at any rate.

But how about you, Mrs. Homemaker, and the children—particularly the teen-age daughter?

Since breakfast should supply one-third of the daily food requirements it should be something more than a toast and coffee proposition. It seems a good time to work in more Vitamin C for the day with an orange, ½ grapefruit or tuice of one or both.

Don't forget to add protein—egg, peanut butter or cheese — to the breakfast. And cereal is of great importance for its energy content. A little time in planning your breakfast will prevent that late morning energy lag. Here's a sample menu of a good breakfast.

Orange Juice
Cereal with wheat germ and cream
Poached Egg Toast and butter
Milk (for the children)
Tea or Coffee (for you and Dad).

That's just a sample. Vary your morning menus. Make them of foods your family likes.

But don't be a breakfast dodger. Attention—Women's Clubs:

I am at present planning my winter program. If your club wishes me to give a talk or demonstration send in your request early.

I have three subjects in the planning stage right now. Care of kitchen knives: Eat a Better Breakfast; Bazaar and Christmas Gift Ideas.

I will be planning talks on other subjects but these are the topics to date.

If your group would like a specific topic, just let me know and I'll try to arrange it.

Tip For The Week

Do you spread thread bits and material from one end of the room to the other when you sew. Here's a trick which might lessen the clutter: Fold over the top of a brown bag so it will stay open. Attach with scotch tape to the edge of your sewing machine—or table. You have a handy disposal for thread and material bits

District Convention Of Fish and Game Here Nov. 4th

The district convention of the Alberta Fish and game League will be held at the Legion Hall Vermilion on Sunday Nov. 14th. Registration commences at 1 20 p.m.

A large gathering is expected with delegates to be present from Camrose, Lloydminster, St. Paul Bonnyville, Cold Lakes, Vegreville and all intervening points.

In the evening a film which will be open to the public will be shown. Watch for more details in following issues of your Standard.

Former Vermilion Girl, Mildred Cocks, Is Recent Bride At The Coast

New Westminster, B.C. — A wedding of interest in Edmonton was performed in St. Aiban's Anglican church when Miss Mildred Elnor Cocks, daughter of Mr. and Mrs. W.G Cocks, formerly of Edmonton, became the bride of Mr. David Lund, son of Mr. and Mrs. Lund, South Burnaby. Rev. E. Lindrot officiated.

A formal gown of white Tudor Rose lace over slipper satin was chosen by the bride, who was given in marriage by her father. The bottice of the gown was fitted and designed with lily point sleeves. Fingertip veil of illusion, edged with lace, cascaded from a coronet of seed pearls and sequins. She carried a white bible garlanded with an orchid and streamers.

Maid of honor was Miss Donna Cocks, sister of the bride Miss Joan Retrie was bridesmaid. They wore bouffant, waltz-length gowns of lace and tulle in shades of coral and aqua in their hair were matching feather headbands and they carried colonial bouquets of pink and white carnations, centered with roses.

Mr R. Kurucz was best man and usher was Mr B. Legree. Mr. Victor Wright played the wedding music.

A reception followed at the Jubilee Labour Hall for 160 guests. Rev. E. Lindrot and Mr. Joel Perkins proposed toasts to the bride

For a wedding trip to Edmonton and Vermilion, the bride changed to a rust wool suit with brown accessories. Her corsage was an orchid. The son and Mrs. Lund will reside in New Westminster.

Men Who Make Alberta

THE OFFICE WORKER

In recent years, probably no one has suffered more from a lack of recognition than has the so-called "white collar" worker. While tradesmen, salesmen and management frequently share the limelight, the office staff are more than often ignored. Yet, what would business do without these men and women. Who would enjoy working for a company without a payroll? How could management operate without records? How long could the tradesmen produce if new materials were not ordered?

In every industry the men and women behind the desk do the detail work of administration and record keeping so necessary to our complex twentieth century economy.

Without these people the trains would not run on time — buildings would never get built — mass production of the necessities of today's life would be impossible.

Yes, we all owe a debt to industry's "men behind the men behind the machines".

Salk Vaccinations

In the near future it is hoped that further supplies of Salk Vaccine will be available enabling us to give second injections to all children who have only received one injection and third injections to all who received two injections in 1955.

Many people have moved into the area covered by this Health Unit and they have children who have had Salk Vaccine injections elsewhere. We would like these people to contact the Health Unit offices at Vermilion or Wainwright as soon as possible, giving details of the previous injections. This is the only way that we can ensure that these children will get whatever injections may be necessary.

PLEASE NOTE: Parents whose children have already received some injections and who do not wish their children to have any more injections should notify this office immediately.

The towns and villages covered by this Health Unit are: Blackfoot, Clandonald, Chauvin, Dewberry, Derwent, Edgerton, Innisfree, Irma, Islay, Kinsella, Kitscoty, Lloydminster (Rural Alberta), Mannville, Marwayne, Minburn, McLaughlin, Paradise Valley, Ranfurly, Rivercourse, Streamstown, Vermilion, Wainwright, and surrounding areas.

For further information please contact the Health Unit office at Vermilion phone 502, or the sub-office at Wainwright, phone 455.

PREVENTION

A little spent on prevention is better than a lot spent on cure.

The duties of the Medical Officer of Health and the Health Unit staff are to prevent the spread of infection and promote good health in the community. The keynote is PREVENTION. The services provided are:

1 Control of Communicable Diseases by:
a. An innoculation program.
b. The detection and control of sources of infection.
c. The Health Unit doctor being available for consultation with the family doctor in cases of communicable disease.

2 Tuberculosis Control by:
a. Tuberculin testing
b. Supervision of cases, contacts, and suspects.

3 Sanitation — Inspections are made and advise given on:
a. Water supplies.
b. Sewage disposal.
c. Garbage disposal.
d. Milk supplies.
e. Meat and other foods.
f. Restaurants and other eating places.

4. School Health Service:
School children are examined during the first year and later as requested by parents and teachers. The necessary measures taken to control communicable diseases amongst school children. Advice is given on sanitation and water supplies in schools.

5 Health Education:
Lectures and talks are given by the staff and films shown. Leaflets are available on request at the Unit offices.

This work is carried out under the provision of the Public Health Act, the Health Unit Act and the Regulations for the Control of Communicable Disease.

It will be seen from the above that the Health Unit staff do not replace your family doctor and they cannot treat or prescribe for patients. If your child is sick, consult your family doctor.

MANITOBA LIQUOR LAWS

The province of Manitoba has been feeling its oats lately. It won nation-wide praise for its modern traffic regulation and now it is attempting to become a model for all the provinces in the distribution, sale and regulation of the liquor trade. So far, it has gone about the job in a model manner.

First, it appointed the Bracken Royal Commission to study the law as it stood. The choice of Bracken was perfect. No one could accuse him of sympathy with liquor interests. Rather the reverse.

The Bracken Commission did not spare time, energy or money in its study. It found the old laws pernicious, and the drinking habits of Manitobans little short of barbarous. It recommended liberalization of the laws relating to distribution and sale of liquor, together with strict application of laws relating to consumption of the stuff and behaviour after consumption.

The legislature, on the basis of the report, drew up Bill 14 as a first step in the implementation of the Bracken recommendations, and then set up a Committee on Alcohol Education to educate the public as to the nature of the legislation in the first instance, and the responsibilities of the consumer in the event that the liberalization of liquor laws are adopted in the various communities, where voting may take place any time after October 1st.

As this column is written, Winnipeggers are supposed to be discussing the pros and cons of the vote in that city. Mayor, aldermen and politicians are amazingly silent. The brewers and liquor manufacturers are saying nothing. Even the restaurant keepers, who have invested small fortunes to modernize their premises to conform to license requirements, are keeping mum. Hotelkeepers the same. It would seem almost as if there were a conspiracy of silence.

The reason is obvious. Winnipeg's dry faction has more orators in its ranks than any other group in the world. Some of them are so persuasive they could talk Joe Soak himself into a negative vote, if they wanted to.

But these drys, too, were impressed by the Bracken report, and some of them may even vote "yes" on liberalization—unless taunted into negative action by propaganda from the "wets".

All this is very interesting. The difficulty, however, is that in the silence the Bracken report has been forgotten, and many people do not even know on what date the vote takes place. And, since experts predict that a small vote means a "no" vote, Manitoba might not get a chance to be modernized, after all.

Old Timers Banquet

The Old Timers' Banquet and Round-Up will be held on Tuesday, Oct. 30th at 6:30 p.m. in the Legion hall. As there are no invitations being issued this year all those who will be attending please notify Hilda Cross or Geo. C. Webb.

MARWAYNE

The Right Rev. H. H. Clarke, Bishop of Edmonton will preach on Sunday Oct. 28th at 11 a.m. Thanksgiving services were very well attended last Sunday in the school auditorium.

Billy Parsons and a friend from Edmonton were a few days in town for a duck hunt.

Mr and Mrs. Alex Castel of Edmonton spent two weeks recently at the homes of their daughters and families, Mrs. R. McQuid of Tulland and Mrs. Jas Pierre Willowiea.

We are pleased to report Mrs Burke Sr. is at the home of her son after an operation in the Royal Alex hospital and is much improved.

Mr and Mrs Geo Parks have moved into town after spending the summer on the farm.

Mrs Elmer Parker, Lloydminster spent a few days last week with Mrs. Hilmer.

The sympathy of the community is extended to Mr H Latimer and family in the death of his wife. Mr and Mrs H Bullock, Mr and Mrs Art Bullock of Czar, and Mr and Mrs Eddie Miller Edmonton were here for the funeral. They also paid a call at the Golly home.

At the meeting of the Explorer group on Thursday night Mrs. Ross explained to them what they had to do to get their third star, having told about the first and second at a former meeting. A story about Kousoni, the Japanese girl, was read. All girls from 9 to 12 years of age are welcome to this group, and those from 12 to 17 years to the C.G.I.T. group under Mrs. Johnson's leadership.

Last week the cattle were moved from the Association pasture north of the river where they had been all summer. Next year they will not have to ferry them across as the new bridge will be finished by then.

Harvesting operations are about over and many farm children who have been helping at home are now back at school.

Mr and Mrs J Tupper and Mr and Mrs. H. Tupper attended their niece's wedding in Cherry Grove last Thursday.

The United church service next Sunday will be at 2:30 p.m. with a man from Wainwright preaching. The following Sunday the C.G.I.T. will take the service at 7:30 p.m. and slides will be shown. On Nov 11th Dr Hart will preach at 7:30 in the evening.

Miss Whitesides of Dewberry is teaching the Grade 1 room in Miss Enno's place. Miss Enno is ill. Miss Baldwin the Grade 4 and 5 teacher is helping Mrs. R. Hutchinson with the Cubs who meet each week.

Past Presidents Regain Spotlight At Banquet In Their Honor

Sixteen past-presidents of the Vermilion Board of Trade were honored guests and occupied seats once again in the spotlight at a banquet held in St. Saviour's parish hall on Monday evening. The banquet was arranged as a tribute to the many who have served as presidents of the Board of Trade.

Organized back in 1906 this body has had 27 presidents. Of these, sixteen were in attendance at the function, the first of its kind ever held here. Fourteen still reside in Vermilion, while two came from Edmonton for the occasion, Dr. W. H. Scott and Wm. P. Pilkie. One other past-president, S. R. P. Cooper, 1923-24, lives in town but was unable to attend. A letter expressing his regrets and telling of the highlights of his term of office was read to the gathering. Of the remainder, Jas. D. Adam lives in Edmonton; John Craig in Prince Albert; W. B. Nellis and H. W. Harper are still alive and well. Sandy Watt resides in Victoria, while the five other citizens of the past have gone on to the "Great Beyond."

Catering was by the Happy Hour group of St. Saviour's W.A. who served an excellent turkey dinner. Arrangements for the most enjoyable and truly unique event were carried out by the entertainment committee of the Board comprised of Keith Chalmers and Al Locke assisted by President Ross Boake who fostered the idea.

Adding much to the enjoyment was the friendly charm and address of the guest speaker, the Hon. Russell Patrick, minister of economic affairs for the province; the introduction of each of the past-presidents by S. C. Heckbert, carried out in a masterly manner; and the brief remarks made by each of the honored guests who recalled the crowning event of his term of office.

Tribute to the work of the Board throughout the years was paid by S. C. Heckbert. Mayor M. Hill, himself a past president, welcomed all to the banquet, giving in brief how the co-operation of a community for its own betterment is brought about by Board of Trade efforts.

Ably acting as M.C. was President Ross Boake of the Board of Trade. Expressing pleasure at such a fine attendance, he had special words of welcome for Mr W. P. Pilkie and Dr. W. H. Scott who had come from Edmonton for the special occasion.

The guest speaker, Hon. Russell Patrick, was introduced to the gathering by Ashley H. Cooper. In his remarks Mr. Cooper drew attention to the fact that Mr. Patrick was Alberta born, a graduate of the University of Alberta, had taught school and was first elected to the legislature in 1952. At that time he was principal of the Lacombe high school. Re-elected in the general election of 1955 Mr. Patrick was appointed to the Alberta cabinet as Minister of Economic Affairs.

Mr. Patrick entitled his address "Parallels", drawing a comparison between the Department of Economic Affairs and a Board of Trade. In doing so he gave his listeners an insight into the varied duties of his department. He divulged too, many interesting and amazing facts and figures regarding industrial expansion in Alberta although it is yet only in its primary stages; what the tourist industry means to all; new investment figures for the province, running much above the Canadian average; housing development in which Alberta is the top on a per capita basis.

The Minister had a wealth of information at his fingertips, such as the Pembina oilfield having more capital investment than the St. Lawrence Seaway project. Alberta House in London distributed information to possible new capital, industry and new settlers; the Alberta Travel Bureau had proved a great aid to tourists. His listeners gathered up knowledge during the address and as a result had possibly more pride than ever in this province of Alberta.

He continued with the objectives and activities of the Cultural Activities branch which encourages the use of leisure time to better advantage. Cultural activity is in its infancy and is faced with a mammoth task. He spoke too of the work of the other branches of his department such as advertising, public relations and photography.

In commenting on Alberta's Golden Jubilee auditoriums in Edmonton and Calgary for the use of all the province, he stated that these were the first of their kind in Canada and there were very few in the States to compare with them. They will be completed about April 1957 and immediately put to use.

At the conclusion of the address Mr. Patrick was nicely thanked on behalf of all present by Keith Chalmers.

The past presidents in attendance and their year of office were as follows: A. E. Kaiser, 1921-22; Dr. W. H. Scott, 1931-33; W. P. Pilkie, 1937-38; Albert M. West, 1939-40; Gerald Stephens, 1941-42; Ashley Cooper, 1943-44; E. M. Stewart, 1946; Geo. Maxwell, 1947; Melvin Hill, 1948; Thos. Watts, 1950; Reg Mitchell, 1951; G. W. Sutherland, 1952; Keith Chalmers, 1953; Kenneth Urquhart, 1954; Dr. Ben King, 1955.

Included among the guests was Honorary President J. W. G. Morrison, long-time secretary F. J. Richardson, and James A. Smith, M.P., Battle River-Camrose.

V. S. A. Opens For Winter Term

Regular classes for the winter term commenced on Wednesday, October 31st. Although registration is somewhat reduced from that of recent years, the home addresses of the students indicate a broad representation throughout Central Alberta from Cold Lake to Bluffton and from Barrhead to Provost.

Several interesting observations have been noted as students enrolled this year. Most significant is the number of farm boys returning for their second year who have been away from their home farm working for wages in the heavy construction industry. No doubt the current attractions of such employment accounts for much of the decrease in enrolment in vocational agricultural courses. Too frequently, we learn of young people terminating their education to take attractive wages on the labour market. Surely, if it was good judgment for farmers sons to plan to be farmers just two or three years ago, it is just as sound for them to plan similarly today.

Armistice Day Activities Are Planned by Canadian Legion

The time is drawing near for Armistice Day observances and these have been planned by the Vermilion Branch of the Canadian Legion as follows:

ARMISTICE DANCE

First in order comes the Armistice dance which will be held in the armories on Friday Nov. 9. Young's orchestra of Islay will provide the music. Admission is 75 cents each.

ANNUAL SMOKER

Don't forget that the annual smoker will be held in the Legion hall on Saturday Nov. 10 at 8 p.m. All ex-servicemen and women and their immediate families are invited to this affair.

The executive members are reminded to bring one loaf of sandwiches. All other items will be provided by Post 11.

ARMISTICE DAY SERVICE

The Armistice Day service will be held at the Columbia theatre on Sunday, Nov. 11. All wishing to join with the parade please congregate at the Legion hall and be ready to fall in at 10:30 a.m. sharp.

SOCIAL EVENINGS

Legion social evenings will be held the first and third Wednesdays each month.

Curling Season To Start Monday, Nov. 5th With Club Bonspiel

Plans were made for a very active curling season at a general meeting held in the rink on Thursday evening.

The season will be started with a club bonspiel to commence on Monday, Nov. 5th and run to Nov. 10th. All local rinks and rinks from the district are invited to participate. Fees are $2 per rink and everyone is guaranteed two games. All games as well will be played in evening draws and on Wednesday afternoon.

Entries for this spiel should be sent to Al Locke or Russell Carroll by Saturday, Nov. 3. Anyone who wishes to curl and is not on a rink contact either Mr Locke or Mr Carroll and you will be placed on a rink for this open club bonspiel.

REGULAR CURLING DRAWS

Regular curling draws will not start until Nov. 15th. Fees will be the same as last year namely $25 each. If you wish to curl contact any member of the curling executive.

If you are not a shareholder and desire to curl, see the executive and arrangements for rental or usage of shares not being used can be arranged.

FARMERS' BONSPIEL

Dates for the Farmers Bonspiel were set for Dec. 6, 7, 8 so that the finals can be curled on Dec. 8th which is to be Farmers' Day in Vermilion.

Landonville Pioneer Passes Away

On October 19 Robert Lambie of Elk Point passed away at the Elk Point Hospital after a lengthy illness, at the age of 79 years, 11 months.

Coming to Canada from Scotland in the year 1909, he homesteaded in the Landonville district. He farmed there till he retired to the town of Elk Point 10 years ago.

His wife pre-deceased him in 1953. He leaves to mourn his loss three children, one son, Tom of Elk Point, two daughters, Mrs. Isa Traver of Port Credit, Ontario, and Mrs. Grace Pinder of Elk Point.

Funeral services were held on Monday October 22, at 2:30 p.m. in the United Church, Elk Point. Rev. Eskdale officiated and interment took place in the East Cemetary.

Pall-bearers were, Herb Dorry, Alex Goldsmith, Andrew Wilson, Bill MacNamara, Peter McQuid and Jack Bauman.

Graduate Nurses Elect Mrs. Coulter

The Vermilion Graduate Nurses Association met at the home of Mrs. Madge Callas on Monday, October 29th with 12 members present. All were pleased to welcome a newcomer, Mrs. Jean Mercier and hope that she will become a regular attender.

As the September meeting took the form of a social and shower for the bride of the month, Mary Maggs, the following are the officers elected at the October meeting:

Hon. President, Alice Keith; President, Doris Coulter; Secretary, Vera Barr; Treasurer, Eva Corley; Press Cor., Edith Waldenberger; Social Convener, Edith Kneale; Sick Visiting Con. Jean McPhee; Phone Com., Kay Brix and Nellie McFadden.

Two faithful members have left town, Alice Soldan and Amy Bell.

All graduate nurses are cordially invited to attend the meetings, so it is hoped so see many more out next month.

FATAL ACCIDENT ON HIGHWAY 41

Gunter Werban, a young German displaced person who came to Canada four years ago, died in the Vermilion hospital Saturday afternoon, October 27th as a result of injuries received in a car accident about 7:30 o'clock Friday evening. He was 25 years of age. Werban had no known relatives in Canada. Cause of death was a fracture at the base of his skull.

Injured slightly in the same accident was a young lady, Miss Marian Falcherr, who has a cracked bone in her arm. She was retained in the hospital from the time of the accident to Sunday afternoon.

Werban and Miss Falcherr were driving from Wainwright to Vermilion. At a point approximately 8 miles south of town on highway 41 the car failed to make a curve due to the slippery condition of the roads that day. It ran off the road, turned over, inflicting the fatal injuries on Werban who was driving. No inquest will be held.

Moyer's Ambulance was called to the accident and brought the victims to the hospital here.

Werban had a farm near Wainwright but at the time of his death was working with the Assiniboia Construction Co. building the bridge across the Vermilion River at Hazeldine on highway 45.

Funeral services were held at Wainwright on Tuesday afternoon at 2:00 o'clock with interment in Wainwright cemetery.

To Discuss Christmas Project At Board of Trade Luncheon

The regular meeting of the Board of Trade on Wednesday next, Nov. 7th, will discuss a special Christmas promotion. The attendance of all retailers is particularly desirable. The luncheon meeting commences at 12:10 noon.

Former Vermilion Man Killed In Traffic Accident

Lloyd McNeale Donnelly, aged 34 years, was killed early last Friday afternoon in a highway accident caused by the icy roads which prevailed that day. Lloyd grew up in Vermilion and except for two years spent overseas in the last war spent all his life here until 1950 at which time he moved to Barrhead. His wife, the former Norma Taylor was born in Vermilion where she spent all her life until the move in 1950 to Barrhead.

Lloyd is survived by his wife, two sons Gary and Cameron, one daughter Patricia, and his father John Donnelly, of Edmonton. Also surviving are three brothers, Clifford of Toronto, Claude of Lloydminster, George in Victoria, and two sisters, Mrs. Jack Borton (Frances) and Mrs. John Wiltse (Edith) both in Edmonton.

Whooping Cranes Seen At Islay

ISLAY. — Four Whooping Cranes were sighted on Oct. 23 by men working on Mr. Alex Linton's farm located two and one-half miles east of the Kenilworth corner, on the blacktop. The big birds were so low that the markings were easily distinguishable.

Wainoco Is Host To Thousands On Opening Day

The management, staff and company officials of the new Wainoco service station and bulk plant were hosts to thousands of people on the occasion of the official opening of their new business here on Saturday Oct. 20th. There were 980 customers served at the gas pumps while hundreds of folks called to pay their respects and express best wishes during the afternoon.

The company really heralded the entry of Wainoco into Vermilion in a grand fashion. Everyone was treated to doughnuts and coffee. Gifts of rain hats and balloons were given away while all the time Len MacDonald and his Saddle Tramps put on a fine variety of entertainment for the crowd.

The manager of the new business Mr Reg Ireland, had numerous company officials with him that day including Mr Murray Schutz executive vice-president of Wainwright Producers and Refiners from San Francisco, Fred Davis of Calgary sales manager for Alberta; John Davidson of Wainwright, refinery manager.

Cutting of the ribbon officially opening the fine new service station and bulk plant, was done by Melvin Hill accompanying the act by appropriate words of welcome.

Winners of the big prizes were as follows: 1st prize, deep-freeze Mrs Amy Jensen; 2nd radio Rod MacPhee; 3rd electric blanket Mrs Eileen Young.

The Vermilion Beverages also handed out free pop during the afternoon to the amount of 40 cases.

Boy Scout Official To Visit Vermilion

Mr. John L. MacGregor, Executive Commissioner in charge of training for the Boy Scouts Association from Dominion headquarters in Ottawa will visit Vermilion on Monday Nov. 5. He will address a public meeting to be held in the Junior high school commencing at 8 p.m. Mr. MacGregor is an outstanding speaker and a leader in the Boy Scout movement in Canada. In addition to his work in the Scouts, Mr MacGregor is an outstanding boxer and an ex-naval officer.

Everyone interested in youth work of any kind is invited to attend the meeting and to hear Mr. MacGregor. His talk will deal chiefly with Scouting, and will be of considerable interest to all who have children taking part in Scout, Cub and other associated organizations. This is an open meeting, and the general public is invited to attend to hear this outstanding speaker. Mr. MacGregor will arrive at Lloydminster by CPA during the day and travel to Vermilion for the evening meeting.

Bible Society Canvass Underway

A canvass sponsored by Vermilion Branch of the British and Foreign Bible Society began in Vermilion on Monday of this week. This campaign is heartily endorsed by the Vermilion Ministerial Association because the Bible Society provided Bibles to missionaries also in the languages of their people. There is no other source of supply.

If any person who is missed by the canvasser wishes to contribute he is asked to give his donation to his own minister.

Making translations is the key to World Wide Bible distribution. One of the happiest women in the world is an 82 year old missionary's widow in Eritrea. She is checking the proofs of the Bible in the Trigrinya tongue.

Mrs. A. Windquist whose husband started translating the language into writing ... years ago and translating the Scriptures from the Hebrew and Greek recently finished this task herself. For fifty years since his death she has worked on the monumental manuscript which is currently in process of publication by the British and Foreign Bible Society.

As she sits poring over the quaint characters her heart beats faster as she passes from page to page. Multitudinous memories well up in her mind. The seemingly endless search for the best word to express the true Biblical meaning, and the constant checking to express the right idea, sweep back from over half a century of ceaseless effort.

The print dances on the table before her very eyes. She can hardly believe what she sees. It is a dream come true. A strange peace and satisfaction floods through her soul. A life's ambition is realized.

According to Rev. W. J. Bradnock, M.A. London, England who reports Mrs. Windquist's present activity translation work is now being carried on in 230 languages around the world. Each of these will require from two to forty years to complete. The work will be done by teams of Bible society Secretaries and missionaries of many denominations working with the natives.

The translator must go about asking one question over and over again. "What is that?" he will query at every turn. Upon securing a "sound" he must make a symbol to represent it on paper when there is no written form available. An alphabet or syllabic system must be discovered or invented, or vocabulary made of the combination of their sounds. A dictionary and grammar must be worked out. Then the Bible is translated from the original tongues into the one newly reduced to writing.

At least sixty scripts are used today to publish the Bible.

Help Them Survive The Winter

Evergreens, fruit trees and shrubs enhance the beauty and value of a farm. It is only natural then that some protection should be provided for the trees against winter killing After 8-10 degrees of frost or when all danger of stimulating growth is over, the trees and shrubs should be given a thorough watering says P.D McCalla, Supervisor of Horticulture, Alberta Department of Agriculture.

Not all winter killing is caused by low temperatures. A great deal of the damage is caused each year by a loss of moisture from the plants. This can only be replenished from the soil. For this reason it is important for the plants to have an adequate supply of moisture in the late fall.

Help your trees to help themselves Keep them alive. The danger from winter killing can be reduced by a thorough watering after there has been 8-10 degrees of frost.

FARM FORUMS COMMENCE

Farm Forum groups got underway for the new season Monday night with the Elmwood group meeting at Lorentz Samuelson's and Auburndale at Alex Stone's. The subject discussed was 'Milk for Canadian Schools'. This is something which should be of vital interest to all parents since there are many children who do not drink enough milk for good health

REV HEUER SPEAKS

Only a small crowd turned out to church on Sunday and since there is no electricity in the church Henry Eyben kindly invited all over to his home where Rev E. Heuer of the Bible Society showed four very fine films. Mr Heuer is a producer in his own right, showing the film he made of his trip to England and Scotland two years ago when he and his wife attended the 150th anniversary jubilee of he British and Foreign Bible Society. This proved a wonderful 'armchair' trip indeed His film on Korea depicting how much the Scriptures mean to the Korean people served to show up the apathy of the people of our country to the work of the Church and the Bible Society

Mr and Mrs Wilson Brooks and three young daughters spent the past week end in the city visiting relatives Fred and Marjorie remained at home to look after the farm.

Mr and Mrs Alf Green went to Edmonton last week to find living accommodation for the winter.

LEADERSHIP COURSE

Mr. Jack Bauman plans to attend the leadership course at Red Deer on the Remembrance Day week end. He will be sponsored by the B.C. Home and School and will be taking instructions on basketball.

A number of pre-school children will be attending the Hallowe'en party in the primary room of the school on Wednesday afternoon.

We are very sorry to hear that Mrs. Frank Eyben and Mrs. Cleland are both patients in the hospital. Best wishes for a speedy recovery and return to their home. Mrs. Hans Eyben who has been in an Edmonton hospital is expected home this week end.

Many were shocked to hear of the death of Lloyd Donnelly in a car accident near Edmonton last Friday night. Sincere sympathy is extended to Norma and her three children in their sad bereavement.

The roads were really treacherous last Friday night and Saturday and quite a number of cars went out of control. Let's hope the snow will go and the roads remain dry for some time yet.

Shirley and Lanny Love took advantage of the Teachers' convention at Wetaskiwin to spend the week end with their friends in Buffalo Coulee.

BLACKLEG AGAIN

Another farmer has lost a couple of calves from blackleg It only costs a few cents to vaccinate against blackleg so why should anyone take chances? Blackleg germs can live in pasture land for several years. Everyone buying vaccine should be sure to get the double action treatment as both blackleg and malignant edema are found in this area.

PARKLAND BARLEY

Anyone wishing to obtain seed of Parkland barley can get order forms and prices at this office. This is the first year that seed is available. Parkland is a smooth awned, m niagvtoughtin smooth awned, malting variety. It is later than Olli and Gateway. The straw is long and rather weak. If you want to grow malting barley and you are not satisfied with Olli this variety is worth trying.

FARM FORUMS

Each Monday night at 8:30 p.m. throughout the winter the Farm Forum broadcasts come over CBX, CBXA and CBK. These programs are specially prepared by farm organizations for farmers. Three groups are now operating in this district. All that is required is for a few neighbors to meet to hear the broadcasts and to discuss them afterwards. Full information is available from this office. Why not start a group now and enjoy and profit from the broadcasts.

ROLL-AWAY NESTS

Here is something new in poultry house equipment. It is built of plywood. Plans are obtainable from this office. Soiled eggs put the eggs into second grade and the farmer gets a lower price. The soiling is caused by hens carrying bits of wet litter on their feet. With the roll-away nest the eggs are out of the way from the hens' feet.

DISEASE FREE BOARS

This year for the first time the Vermilion Agricultural Society requires that all boars and gilts coming to the sale on Nov. 10th will be inspected and all pigs on the farms inspected for contagious disease such as erysipelas, bull nose, etc. Thus buyer will have reasonable assurance that stock bought at this sale will be free of disease. Also all boars offered will be eligible for a $10 government bonus.

Lemp-Roberge Pledge Vows

St. Alphonsus Roman Catholic Church was the scene of a lovely autumn wedding when Blanche Marie Roberge, only daughter of Mr. and Mrs. Alphonse Roberge of Edmonton became the bride of Mr. Roger Philip Lemp, only son of Mr. and Mrs. Philip Lemp of Dewberry in a double ring ceremony.

The alter was arranged with bouquets of Mums and Carnations as the bride and groom exchanged rings and pledged vows before Rev. Father McDonald at the morning ceremony.

The bride carried a bouquet of sweet heart roses, mums and lily of the valley as she walked up the aisle with her father She looked lovely in a floor length gown of hand embroidered nylon tulle. Fitted bodice of her gown swept out over a hooped crinolin and fell into a short train. A pearled and sequined tiara held her veil of soft illusion net in place. Her jewelry was a crystal star pendent and matching earrings, a gift from the groom

Miss Yvonne Gamache and Miss Delima Foster were the bride's attendants. They are both cousins of the bride Both wore cocktail length gowns in blue and carried bouquets of mums and carnations The flower girl dressed in pink was Miss Donna Roberge, niece of the bride. She carried a basket of Mums and Carnations. Ringbearer was Mr. Ronnie Roberge nephew of the bride

Out-of-town guests were: Mr. and Mrs. Axel Johnson, Bruderheim, Mrs. T. Bedard, Beauvallon; Mr. and Mrs. Ralph Lunden, Dewberry; Mr and Mrs. P. Lemp, Dewberry, Mr. and Mrs. S Lemp, Dewberry; Mr. and Mrs. Leon Roberge Clandonald; Mr. and Mrs. Wilfred Roberge, Lloydminster; Mr. and Mrs. Art Roberge, Lloydminster, Mr. and Mrs. H. Willoughby, Lloydminster; Mr and Mrs. Johnny McPhee, Redwater; Miss Kathleen Doyle and Miss Donna Schneider, of Clandonald.

Mr. and Mrs. Roger Lemp will make their home in Foulton Place, Edmonton.

First Snowfall On Friday, Oct. 26

A white looking world greeted the people in this area last Friday morning the time of the first snowfall of the season. It has remained cool since with the result that the bulk of the snow is still with us. Much heavier snowfalls are reported from central and southern Alberta.

WILDMERE WINKS

When the snow came there were still some stooks in the fields, at Mrs. Whitlock's farm and at Cliff Cruthers. Everyone is hoping it will not stay but forecast is not for any sudden warming trend so far.

On Thursday of last week Bill and Adam Smith accompanied by their mother and sister Mrs. C. Cruthers, went to Edmonton. They visited with Mr. and Mrs. H. Howard, Alex and Norman Smith and families. On Sunday afternoon Mrs. Smith left for her home in Vancouver and the rest returned to Wildmere. Bill and Adam have some work to clean up before they leave for the coast.

Mrs. Charlie Morand came from Calgary to Edmonton last Friday to visit with her mother Mrs. Smith before the latter left for the coast. A regular blizzard was blowing in the south of the province that day and 7 inches of snow fell.

Our deepest sympathy goes out to Mrs Lloyd Donnelly and family and to other sorrowing relatives on the sudden death of a loving husband and father. Both Lloyd and his wife grew up in Vermilion.

Laurence Graham who has been working south of Grande Prairie returned home Saturday. Owing to a fire at the oil well activities have been shut down for a while to rebuild the buildings.

On Sunday a pot luck dinner was held at Mrs. B. Gould's for the Scribes of the Standard. We are sorry more could not come due to the roads being slippery and treacherous to drive on. Mr. and Mrs. R. S. Pidcock of Kitscoty, Miss M. Stone of Islay, Mr. and Mrs. A. Cooper of Vermilion and Mr. and Mrs. J. Wallington of Wildmere attended. All sat down to a delicious dinner and a very enjoyable time was had. Next year the writer will celebrate her 25th year of writing the 'Winks'.

On Friday, Nov. 2nd the Wildmere Beavers Girls' club will hold a masquerade dance in Basswood community hall. Everyone welcome.

Mr. and Mrs. W. Ford who spent a month or so with their daughter Mrs. F. Gibson of Basswood have returned to Vermilion for the winter.

J. Christensen of the Grizzly Bear Coulee ranch has been in our corner getting cattle he had been pasturing hereabouts.

Sixteen Years Ago

OCT. 31, 1940

Following rain on Saturday night and Sunday, a snowfall of four inches made things very slushy underfoot.

The Vermilion Board of Trade went on record as being in favor of observing Remembrance Day Nov. 11th as a public holiday.

275 trees were planted in the town park west of the Memorial hall. The work was carried out under the supervision of Cr. A. E. Kaiser.

32 Years Ago

OCT. 29, 1924

The first contingent of British boys numbering 48, who are to take a special course in training at the V.S.A. reached town on Tuesday and are being accommodated in the school building where the assembly hall has been converted into a dormitory. On Tuesday the boys were welcomed by Principal W. J. Elliott, H. A. Craig, deputy minister of agriculture, Mayor Morrison, and S. R. P. Cooper, President of the Board of Trade.

Officers of the Northern Alberta Girls conference held in Edmonton were elected as follows:
President—Kathleen Craig
Vice-Pres. — Ruth Cushing
Secretary — Marion Kinney.

Rains prevailed all day Wednesday then turned into a heavy wet snowfall.

Twenty-four miles of the new C.P.R. line running north-west from Lloydminster has been graded.

Showing at Clandonald hall, "Son of Lassie" in technicolor with Peter Lawford, June Lockheart and Donald Crisp. Next week end "Mr. Scoutmaster". 15

Irene Hasenuik Honored at Shower

Miss Irene Hasenuik, whose marriage to Mr. Robert Spangler will take place in Edmonton on November 9th, was the guest of honor at a shower held at the home of Mrs. John Hasenuik on October 21st. There were 25 well wishers present.

During the evening a large number of gifts were presented to the bride-elect in a wishing well. Miss Patsy Yaceyko of Mannville helped to unwrap and display the many useful and pretty presents.

Out of town guests in attendance were Mr. and Mrs. Spangler from Edmonton: Mr. and Mrs. Ralph Rose, Stony Plain: Mrs. Hasenuik, Edmonton.

A tasty lunch was served, a sing-song enjoyed and many pictures taken to complete a very enjoyable social evening.

HERE'S A HOT ONE!

Bright Youth: "Well, doctor, remember that mustard you told me to put on my chest?"

Doctor: "Yes, sir. Did it loosen up your cold?"

Bright Youth: "Well, you see, I couldn't find a chest so I put it on my trunk."

NEWS from ISLAY

Mr. and Mrs. Roland Roebuck of Creston, B.C. were noticed at the chicken supper, along with brother Bill and wife.

Miss Marion McFadyen of the C.N.R. Edmonton, and Miss Betty Fair were week end guests at Marion's home, Mr. and Mrs. Ed McFadyen.

Mr. Earl Bowser of the University staff and his two sons spent the week end with Earl's father Mr. L. Bowser and sister Lila (Mrs. Waterfield).

A farewell tea for Mrs. Flossy Axley was held Monday afternoon at the home of Mrs. Clarence Robertson when she was presented with a pretty cup and saucer. We will miss Flossie. She was a willing worker a great help. We hope she will find another W.A. of a church to work in and we here in Islay hope someone will come to fill her place.

It is planned to hold the annual bazaar of United Church W.A. on Saturday afternoon, Dec. 8th. Please get your work in early as the price markers would like to do their part early that week.

Rev. Mr. Heuer of the British and Foreign Bible Society has been calling at many points on our line so you may expect the canvassers to call on you any time now. Please set aside your contribution or it may be left with Mr. Anderson or M. Stone.

Marvin Gould had the misfortune to upset his truck on the highway in front of Charlie Robertson's, due to ruts in the road and the snow making it so slippery. There were three passengers but no one was hurt.

Mrs. Schaffer and children and Mrs. Dalkin were in Edmonton the week end to visit their mother who is in hospital. We wish Mrs. Olds a speedy recovery.

All are sorry to learn Mrs. E. Maire of Edmonton was in hospital having had an operation recently. Son John was up to visit his mother and reports are good. Although Mrs. Maire is 84 years of age she has come through very well. Here is hoping she may be home soon.

Mr. and Mrs. Jimmie Barnett are leaving the farm for the winter, at least, for a position at Vegreville where Jim will work in the feed mill. Hope you return in the spring Jim and Margaret.

Mr. and Mrs. Frank Hutchinson are preparing to winter in Edmonton. They expect to return in the spring.

Party at Mannville Junior High

MANNVILLE—The first social affair of the Mannville Junior High, a Hallowe'en Dance was held on Friday, Oct. 26th. Grades 7 and 8 decorated the gym with the traditional bats, witches, etc.

Minburn students and a few from Buffalo Coulee attended and there were more present than at previous parties. Dancing was to the music of a local orchestra. Everyone had a most enjoyable evening.

The committees are to be commended on the way in which they handled their respective jobs.

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

Here are the trucks that conquered the Alcan Highway — one of the world's most challenging roads! Six new '57 Chevrolet trucks, loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail — every conceivable natural roadblock — to Fairbanks, Alaska. Running around the clock, they made this tortuous trip — normally a 72-hour run — in less than 45 hours.

Like a carelessly unwound ribbon, the Alcan Highway twists and reels for 1,520 miles. It tumbles over towering mountains of awesome beauty and wanders through desolate Yukon forests. A miracle of engineering — but a brutal challenge to trucks.

It's the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

This is the road that was chosen to give the new '57 Chevrolet trucks a supreme test of stamina, performance and handling ease. The results of that test made hauling history!

Six new Chevrolet trucks — light-, medium- and heavy-duty models — travelled the length of the Alcan highway in less than 45 hours. They ran day and night — but this was no test of speed. It was a measure of the ability of these new Chevrolet trucks to perform under typical conditions on the truck-killing Alcan run. The Chevrolet fleet made normal stops along the way, and maintained safe and legal speeds. As a special additional test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and look over these new Alcan champs!

FIRST WITH THE MOST MODERN FEATURES!

Proved on the Alcan Highway... Champs of every weight class!

Behind the Curtain

R. A. McEachern, editor of The Financial Post has just returned from Russia. He writes:

For two years I have, of course, been reading much about Russia. But I was nevertheless, ill prepared for a visit. I was too often surprised by what I saw. Propagandists of both the right and the left and both sides are violent—have usually conveyed a highly inaccurate picture. Russia is not a workers paradise nor a communist Utopia. Neither is it a land made up solely of ridiculous boobs and ignorant stumblebums.

To underestimate the sweep and magnitude of the Soviet development is a dangerous delusion. It will greatly help the cause of human survival on this crowded planet if more people from the West see Russia with their own eyes and if more Russians see our [illegible].

LOCAL NEWS

Mrs. W. L. Robinson left from Wainwright via C.N.R. for Niagara Falls, N.Y., where she will visit her sister Mrs. J. A. Macdonald and niece Mrs. O'Hear, thence to New Glasgow, N.S., where she will visit another sister, Mrs. C. W. Muirhead, Mr. Muirhead and family.

Friends will regret to learn that Mrs. J. W. Waldenberger has been a patient in the hospital for the past two weeks, suffering from a heart attack. She is showing steady improvement however and it is expected that she will be able to return home this week end.

Mr. and Mrs. Nelson Crowell and family of Edmonton spent from Friday to Sunday visiting Mr. and Mrs. Jim Barr and family and Bill Barr at the farm. Mrs. Crowell is the former Dorothy Barr. Jack Barr from the city was also a member of the family gathering seeing father "Bill" before his return to Victoria.

Miss Agnes McWilliams and nephew Maurice Long recently travelled to New Westminster where they visited with Bob and Marge Harle and family. Maury returned to Vermilion after a ten day visit while Miss McWilliams is remaining at the Harle home for a longer stay. Bob and Marge like it very much at the coast and send greetings to all of their friends here.

Mr. and Mrs. Peter Wilkinson Sr., who recently moved to reside in Edmonton, are spending a few days in Vermilion renewing old acquaintances. They are guests at the home of son Dave, Mrs. Wilkinson and family.

The many local friends of Sundy Sunderland of Lloydminster who has been under doctor's orders for some months, will be happy to learn that he is feeling much better. Sunday says in a note to the Standard, "Starting to feel good again — all I need is to keep foot off the gas and coast more." Sundy pans to teach accordion lessons in Vermilion every Thursday.

Ernie Everitt who seldom or never has missed an Old Timers' Round-Up, came down from Edmonton for that event on Monday. Ernie had his well known accordion with him and was a featured artist on the program.

George S. Maxwell returned Sunday from a week's holiday at Banff. Despite a slippery drive home last week end George enjoyed the vacation immensely.

Mrs. James B. Bell and four children left on Wednesday for Edmonton and Spirit River. The trip to the city was by car with the latter part of the journey to be made by air. At Spirit River they will join Mr. Bell who is superintendent of schools in that division. The departure of this young family is sincerely regretted by a very wide circle of friends in town, as well as by the many former students of Mr. Bell while he was a teacher and principal here.

Mrs. W. W. Landells spent a couple of days in Vermilion the first of the week visiting her daughter Mrs. A. Cambridge. She was on her way home to Islay from a visit with her daughter Mrs. Umbarger at Nelson, B.C., and daughter Nellie, a nurse in Calgary.

Miss Hazel Barr, University student in Education, spent last week end visiting her parents Mr. and Mrs. Manson Barr and the family.

The twins, Rhoda and Rhona Hodgson, and Joan Shepherd, all of Edmonton, spent the last week end at their homes in town and district.

Miss Mildred Conboy and Miss Connie O'Connor of Edmonton were visitors at the home of Mildred's parents, Mr. and Mrs. T.L. Conboy for the week end.

Miss Alice Keith left for Winnipeg on Wednesday on receiving the sad news that her brother had passed away at his home in that city.

Miss Margaret McClennan who is attending McTavish Business College in Edmonton, spent last week end with her parents Mr. and Mrs. Wilfred McLennan.

John A. M. Craig of Prince Albert is a visitor in town for a few days. While here he is a guest at the home of his daughter and family Mr. and Mrs. E. M. Stewart.

Jack Coward, well known old timer who has spent the past month here helping on a threshing crew despite his 74 years, returned to his farm at Easyford last week end.

Wm. Barr left on his return trip to Victoria on Saturday after spending the harvest season helping son Jim on the farm.

Jim Swanson of Trail was a recent visitor in town for a few days at the home of Mr. and Mrs. Doug Maxwell.

RECEIVES R. N.

Miss Margaret Metcalfe, daughter of Mr. and Mrs. Lester Metcalfe of Vermilion, who is now nursing at Lamont, was successful in passing examinations written last August and now has her R.N.

Mrs. W. H. Scott returned to Edmonton on Tuesday after visiting with Dr. and Mrs. H. J. Clark for several days.

I. O. D. E.

The regular meeting of the I.O.D.E. will be held at the home of Mrs. L. H. Pockett on Tuesday, Nov. 6th at 8 p.m. Mrs. A. W. Shaw of Vegreville, provincial councillor of the I.O.D.E. will be the guest speaker. All members are requested to attend with an invitation extended to all others interested.

BASSWOOD

The Girls Club of Basswood are holding a masquerade and dance on Friday, Nov. 2. Everybody welcome. 17-18

CARD OF THANKS

We wish to express our sincere thanks to friends and neighbors for the sympathy and kindness extended to us during our recent sad bereavement. HOLDY OPINIONS

Do you find yourself sometimes nodding in agreement to forcefully expressed opinions even though you don't really agree with them at all?

Do you tell yourself that you only agree to avoid a messy argument?

This has happened to me once or twice, and I've always been sorry for it afterwards. Now, if some earnest soul preaches a doctrine I can't hold with, I either keep silent or put up an argument. I refuse to agree just to humor a man or keep the peace.

I feel better when I adopt this attitude. I maintain my self respect. And strangely enough, it has often happened that a firm friendship has been reached through argument or discussion.

I can remember one man who came storming to see me waving an OF MANY THINGS column under my nose and telling me how wrong I was. We had quite a set to. Today we are good friends. He knows that there are certain points where we hold diametrically opposite views, that there are other points where we are in accord. Perhaps each of us changed our views somewhat or were put straight to some degree. But there was no pussy footing or hedging.

Friendship is a poor thing indeed if it involves any loss of personal integrity.

I often used to listen as a youngster to my father and his friend argue political matters. Sometimes the air would be blue

But their friendship was real enough to encompass the idea that each held honest opinions and had a right to support them. That's true friendship and it should never be weakened by any compromising of opinion.

This does not mean stubborn adherence to falsehood. Never be afraid to admit a mistake in fact, or in theory, if convinced that you have been wrong. That would be a compromise, too, of your own personal integrity.

Edith Brown Feted At Many Pre-Nuptial Showers

Prior to her marriage Miss Edith Brown was feted at many showers.

On Friday evening Oct. 19 Mrs. B. Anderson and Mrs. T Davis were joint hostesses at a very happy event at the home of Mrs Davis.

The group of twenty present were entertained by playing games holding contests and a mock wedding write-up which turned out exceedingly comical.

Marea Davis and Phyllis Brown brought in a decorated basket of lovely gifts and presented them to Edith. The bride-elect thanked all for gifts and the reception.

A tasty lunch was served adding to the enjoyment of the happy occasion.

SURPRISE PARTY, SHOWER

A surprise party and shower was held recently to honor Miss Edith Brown at the home of Mrs Ed McGinnis. Various games suiting the occasion were played.

The many lovely gifts were presented to Edith in a gaily decorated basket. Following the opening of the gifts a very tasty lunch was served. After lunch the jolly crowd dispersed having truly enjoyed the evening.

Wedding Bells

Mrs. W. W. Landells of Islay, Alberta, announces the marriage of her daughter Mildred, to Mr. Clyde J. Umbarger, youngest son of Mrs Robert J. Umbarger of Dryden Washington. The marriage was solemnized at Osoyoos, B. C. on September 5th. The young couple have taken up residence in Nelson B.C.

The bride is a graduate of the General Hospital, Edmonton in 1952.

Telephone Shower

A surprise shower was held at the home of Mr. and Mrs. Frank Schmidt and Miss Doris Schmidt in honor of Miss Edith Brown prior to her wedding.

Upon her arrival Edith was seated in a gaily decorated chair where she was joined by her many friends from the telephone office. Various games were played with prizes for each contest.

Following this the bride-elect was presented with a very prettily decorated basket of wonderful gifts.

The final item for the enjoyable evening was the serving of a tasty and bountiful lunch

Kitscoty High School Notes

With the coming of a new school term, initiation was the hi-lite of K.H.S. activities. If you happened to be in Kitscoty on Sept. 11 or 12, and saw some odd-looking "specimens" parading the streets, there was no cause to be alarmed. They weren't insane—they were just initiates.

The boys rolled their pant-legs to their knees, wore girl's blouses and odd shoes and socks accompanied by ribbons in their hair and a corsage of dill. While in public, they licked lollipops and obeyed the order of the seniors. The girls, in short dresses, baby bonnets, garters, and odd shoes and socks looked equally "stunning". Tuesday night, a snake dance was held and penalties enacted, much to the delight of the seniors.

Then, with everyone settled down to the "old grind", elections for students' council were held. Nominations were held on Wednesday, Oct. 17 in the town hall. The following Wednesday, campaign speeches and elections were held. The results were

- President—Carsten Christensen
- Vice-Pres.—Olga Ulan
- Sec. Treas.—Janet Kent
- Sports Convener—Walter Ulan
- Social Convener—Beverlie Jack
- Publicity Convener—Jim McGulgan
- Staff Rep.—Miss Dunsmore

Now, with our only form of entertainment being our Wednesday night parties, everyone is eagerly looking forward to curling, and the completion of our new auditorium.

Hockey, Basketball Schools for Coaches At Red Deer

Manager Frank Currie and Assistant Coach Gus Kyle, both of the Calgary Stampeder Hockey Club will instruct at the hockey coaching school, and Dr. M.L. Van Vliet, director of physical education at the University of Alberta, will direct coaching in basketball, at the annual 3-day Fall Coaching School at Red Deer starting November 10. The course is being presented by the Community Recreation Bureau of the Alberta Government.

The School, open to coaches teachers and recreation leaders, is being held at the Composite High School. The basketball course, first to be held in three years, and the hockey course are being held concurrently and entrants may register for only one course.

A minimum cost of three dollars covers expenses of room, board and tuition at the school. Applicants should apply to Community Recreation Bureau, Room 302, Legislative Building, Edmonton.

Shoot for Turkeys, Pigs and Roosters At Kitscoty

The Kitscoty Curling Club is sponsoring something new and interesting on November 2nd and 3rd when all who fancy their marksmanship will be given chances to win a turkey, a pig and a rooster, or several of each. The event is carried on for two days, commencing Friday, Nov. 2nd at 4:00 p.m. and continuing all day Saturday, Nov. 3rd.

Along with the shoot which is being held in the fine new curling rink, there will be bingo and various other carnival games. Each night, too, a big dance will be held in the town hall.

A big fall fiesta of fun and frolic just when everyone needs a little relaxation after the busy harvest season. See you at Kitscoty on November 2 and 3.

Marwayne F.W.U.A. Makes Donations

MARWAYNE. — Twenty four members and two visitors were present at the October 22nd meeting of the F.W.U.A. at the home of Doris Tupper with Mrs. Quist Sr. and Lil Quist as co-hostesses. The meeting opened with the saying of the Lord's Prayer.

Plans were completed for catering to the Barnett-Cunningham wedding.

Donations of $20 were made to the Anglican Church Organ fund; $5 each to the Boy Scouts, Cubs, C.G.I.T., and Explorers, all of Marwayne and $5 to the C.N.I.B. It was also decided to buy a large coffee pot.

Coffee, tea, doughnuts and buns will be served and a bake sale held in Mr. Elliot's office on the evening of Saturday, Nov 10.

All were very glad to have Mrs. Rita Finlay, director, present. She gave a very interesting talk on "This and That", which gave many ideas and much food for thought.

The next meeting will be at the home of Adela Protsch on Nov. 28th.

"HELLO, HOMEMAKERS"

To-night is the night for the witches, hobgoblins and black cats to prowl. A favorite Hallowe'en game—Ducking for apples, prompted me to the theme of this weeks column. Apples.

It's a favorite Canadian fruit and properly so.

Everyone of us is familiar with the deep rich red McIntosh. But did you know there are at least 7 other varieties of eating apples available through most of the winter months? And there are 12 apple varieties available for cooking purposes?

Well- you might say an apple is an apple, but you're wrong. Each variety has its own distinctive flavor. Don't be in an apple rut try them all.

I have a little booklet here which you can get by writing to me. It has some interesting apple recipes in it and a lot of information. It has in it a Calendar of Canadian Apples—tells you what is best and when.

Here's a sample recipe

Apple Meringue Topping
- 2 egg whites
- few grains salt
- 1-3 to ½ cup sugar
- 1 to ½ cups shredded apple (peeled or unpeeled)
- 2 teaspons lemon juice

Method— Using fine shreddet, shred apple, mixing lemon juice to prevent browning. Add salt to egg whites, beat until stiff and glossy. Fold in apple mixture into meringue. Use immediately. Serve on hot or cold gingerbread, chocolate cake, pumpkin or mince pie. Sound good? I think so.

TIP OF THE WEEK

White heat marks can be removed from furniture by applying camphorated oil and leaving on all night. Polish off in the morning

Snow Melter

melting material in form of small white pellets is said to have 30 times the thawing capacity of rock salt and 10 times that of flake calcium chloride, reports The Financial Post. Heat is created by exothermic action just as soon as pellets come in contact with moisture. Designed for industrial loading and parking areas, sidewalks and pedestrian walks, it begins working at once regardless of temperature. Is harmless to concrete, rugs, tires, shoes, grass or shrubbery. Relatively non-toxic, it's completely safe when used as directed, claim the manufacturers.

Hobby Fair Planned for Mannville Saturday, November 17th

One and all are invited to bring their hobbies to Mannville's Hobby Fair to be held on Nov 17th. This is a novel enterprise for this district, being sponsored by Happy Centre W.I., and its aim is to bring new interests into people's lives.

You are proud of your hobbies, let others see them and at the same time you may find new interests too. There will be a class for each and every hobby entered. Eoch will be judged and certificates of merit awarded for workmanship harmony and design.

Bring your antiques and heirlooms too, also items of interest from any country in the world. There will be a special display table for these and it would help if they were tagged and noted with pertinent descriptive information.

Tentative list of classifications are art, oils and watercolors, pen and ink or pencil etching, stuffed toys, poster work, cake decorations, crocheting, leather craft, costume jewelry, felt craft, petit point, needle point, quilts, rugs, model building, copper tooling, metal work, bird houses, taxidermy, scrap work, stamps, novelties, school display, group displays, basketry, applique, hemstitching, dolls, photography (6 snaps black and white, 6 snaps in color). But the main thing—bring your hobbies—we will find a class for them.

Exhibits can be brought in any day of the week prior to the fair and left at the homes of Mrs. R.H Scott, or they may be delivered at the Orange hall not later than 10 a.m. on the day of the fair. They will be taken care of while on display.

For futher information in regard to the fair contact Mrs. A Hubbard, Mrs. J Coxford or Mrs. M. Finlay. Viewing of the exhibits commences at 2:30 p.m. for the afternoon, then again in the evening from 7:30 to 10.

OUR LETTER FROM EDMONTON

Premier E. C. Manning To Hold Weekly Press Conferences

EDMONTON. — Premier Manning entertained members of the press and radio in his spacious, mahogany panelled office last week, at the first of a new series of weekly news conferences.

The biggest story of the day was his announcement that Alberta is ready to sign a new five-year tax rental agreement with the federal government, under which the dominion will back a percentage to the province.

Final arrangements will have to be worked out before March 31 when the existing agreement expires, there is plenty of time because only a few minor technical details remain to be ironed out.

However, the premier at the same time made it clear his government is to be no means overjoyed with the take-it-or-leave-it tax-sharing plan the senior government offered after a long series of negotiations earlier this year. In his letter to Finance Minister Harris setting out the province's willingness to join, Premier Manning asked that continuing studies be made to find a lasting and 'more realistic' solution to federal-provincial revenue problems.

Provinces which take part in the new plan will be given equalization payments. They are designed to bring the per capita tax revenue in the less wealthy provinces to the level of Ontario and British Columbia, the two richest provinces.

It means Alberta will receive approximately $33,000,000 in the coming fiscal year, compared with $31,500,000 under the existing agreement during the last fiscal greement during the last fiscal year.

The premier said Alberta decided to enter the scheme because there isn't time to give the matter further study and come up with a better alternative before April. The only alternative now would be to stay out of the scheme, and if that happened Albertans would be paying provincial as well as federal income tax. The government doesn't want that any more than the taxpayers do.

The concensus among newsmen was that Mr. Manning's first press conference was a good one, and the idea of making it a weekly event went over well. It's been quite a few years since the premier held regular news conferences, and as a result he isn't acquainted with many of the city's newsmen, and vice versa.

PROVINCE-WIDE HOSPITAL TREATMENT PROGRAM

It didn't come from Premier Manning's press conference, but another big story leaked out last week. It concerns the Alberta governments proposed plan to launch a province-wide hospital treatment program. It is expected to start next April, and every resident of the province will be covered.

The plan likely will be a sort of revision of the present provincial-municipal hospital program, the major difference being that everyone will be covered and non-ratepayers will no longer have to buy contracts.

According to the word from a convention of hospital administrators in the city last week, the plan will be an interim measure until the federal government is ready to launch the nation-wide hospital program it offered to the provinces almost a year ago.

It is expected the municipalities will pay an assessment of three mills to the province for operating costs, until the federal government comes into the picture. The patient would continue to pay $1.50 to $2.00 per day. The plan would provide standard ward care and diagnostic and treatment services, and will cost the taxpayers about $29,000,000 a year.

The proposed federal-provincial hospital program will provide the same thing, but it is being stalled while most of the other Canadian provinces decide whether they want to get into it.

Ottawa has stipulated that the plan must be endorsed by at least six provinces representing a majority of the Canadian population. This means either Ontario or Quebec must be one of the six. They haven't shown any inclination to rush in, and at present only British Columbia, Alberta and Saskatchewan—three provinces which already have some hospital program — have agreed to join.

Now Alberta has decided not to wait for the rest of Canada. Although no final decision has been made, it appears fairly certain that this province will have a new health scheme within the near future.

As we said earlier, the story didn't come from Premier Manning's press conference. He was asked at the conference what progress had been made on the federal - provincial hospital scheme. He reported things were at a standstill, but didn't mention the proposed Alberta scheme. And the very same day someone at the hospital convention was spreading the word all over the place. Oh well . . .

MARWAYNE NEWS

A farewell party was held in the Legion hut Oct. 23 for Mr. and Mrs. George Christopher, old timers of the Bellcamp district. Mr. Christopher came here about fifty years ago. They were presented with an easy chair from their friends by Mr. Haskell Tupper. Mrs. Christopher received a gift also from St. Georges W.A. Whist was played and a bountiful lunch was served.

Mr. and Mrs. Meiklejohn have recently returned from a visit with Mr. and Mrs. Frank Burns in Calgary. Mr. Burns and Mr. Meiklejohn enjoyed a goose hunt.

Mr. and Mrs. R. A. Sonley are visiting with their daughter Grace and family in Edmonton at the present time.

By error in last week's paper the dedication of the new St. Georges church was announced for Oct. 28th. This will take place in January when Bishop Howard Clark of Edmonton pays his next visit. His Lordship read the lessons, preached and acted as celebrant at Holy Communion on Sunday Oct. 28th for Anglican service which is still held in the school.

St. Georges W. A. will hold their bazaar in the new church on Friday afternoon Nov. 2 from 3 to 5 p.m.

A benefit dance was held by the Marwayne Elks for the Witzaney fund. On Oct. 26th the shotgun raffled by the Elks for this fund was won by Gordon Fitzpatrick.

FEW JOBLESS—Number without jobs hits a low point this fall, reports The Financial Post. In all there were only 97,000 job seekers. This compares with 103,000 a month before and 138,000 a year earlier. At mid month 1.6% of the labor force was unemployed compared to 1.7% in August and 2.5% at mid-September last year.

NEWS from ALLANDALE

It started to snow Oct. 24th and a good layer covers the ground at time of writing, although weather hasn't been too cold. Most of the fall work has been taken care of.

Fire broke out at Idelore Nelson's threshing outfit on Oct. 15. It was first noticed in the straw pile. The straw was all burned but they were able to save the granary and the outfit.

Congratulations to Mr. and Mrs. Woodrow Wilson on the birth of a son Woodrow Alexander on Oct. 15th in the Vermilion hospital.

Miss Clarice Laird who is employed at the Toronto-Dominion bank in the city commenced her holidays on Oct. 15th. She spent two weeks at home in Clandonald with her parents.

Mr. and Mrs. Idelore Nelson, son Leslie and daughter Helen and family from town who had been helping with the threshers, motored to Ferguson Flats on Sunday Oct. 21 to visit at Mrs. Nelson's parents' home, the Ockerman's. They returned home the next day.

A large acreage exchanged hands in the Allandale district when the Johnny Nelson farm of seven quarters of land was sold to his nephew Alvin Throndson. Auction sale date is Nov. 14th.

It was grand chatting for a few minutes with the Roebuck ladies in Vermilion on Oct. 24th. Ruby was well known in this district. She is now residing at Creston, B.C. Sybil taught Allandale school in 1923-24.

A visit at the Andy Dejong home was enjoyed very much on the evening of Oct. 24th. Andy's mother and a lady from Holland were visiting. Mother Dejong is from Blackie in southern Alberta near High River. Mrs. Andy Dejong had a sister married recently in Holland and has just received a lovely collection of post card photos of the wedding and family. Their Xmas parcel too was included which reminds us Christmas isn't too far away, and time to get those far-away parcels off.

Congratulations and our very best wishes to Mr. and Mrs. Harry Brake of Clandonald on their 25th wedding anniversary on Oct. 24th.

Mr. and Mrs. Rufus Omness from New Serepta were visiting relatives in the district on Oct. 25th. Daughters Janice and Irene were with sister Lurlene, Jack and family (the Hobbis') in town.

DEATH OF LLOYD DARLING

An old time resident of the Allandale district Mr. Lloyd Darling passed away in the Elk Point hospital Thursday morning Oct. 25th after a long illness. The family moved to Spring Park, east of Elk Point some years ago where they have since resided. The sympathy of the community goes to Mrs. Lloyd Darling, family, sisters and brother Frank.

The Allandale United church is located on an acre of the Lloyd Darling farm, land which he gave, truly a Christian act. His memory will live long in the lives of those interested in the welfare of the church. May he rest in peace.

Allandale was well represented at the funeral which was held at Spring Park hall on the 28th. The kindness of the family and community shown to the gathering after the funeral was much appreciated.

Church service on the 28th was at the Omness home. Rev. MacKay and Mr. Schurman conducted the service. It was nice to have the Clandonald folk join us. Family night service will be in Vermilion the first Sunday of the month at 7:30 p.m. Clandonald Nov. 11 at 3 p.m. All are invited to attend.

Sorry Pleasant Valley correspondent, we weren't able to attend the dinner on the 28th for the correspondents of the Standard. We sincerely hope there was a good attendance and knowing you folks, all would have a grand afternoon.

Raymond, Dorothy and Donna Wilson spent the last week end with their Omness grandparents. Their parents Don and Hilda Wilson and sister Marlene were in the city for a check-up on Marlene's eyes.

Cpl. Robert Hammond called at the Don Wilson home on his way to Grand Centre on the evening of Oct. 28th. Robert is being transferred to Moose Jaw around the middle of November.

Closing Thought: "In our daily living we have to decide what kind of freedom we want. We have to make a choice between a narrow path and a broad one. Our choice will reveal the kind of freedom we desire".

Mr. and Mrs. Rufus Omness and two girls from New Sarepta visited relatives in town and district from Thursday to Sunday.

Tips on Touring

By Carol Lane
Women's Travel Authority

Everyone hopes he can avoid an accident, but not all are that fortunate. If you become involved, you'll find these tips worth remembering.

Remain at the scene of the accident. It's illegal — and immoral — to leave.

Render assistance or obtain medical help if needed. Be very careful with injured people; confine your aid to keeping them warm and controlling bleeding, unless you have completed a standard first aid course.

Gather the facts. Ask the other driver involved in the accident for his name, address, license number, registration, car make and insurance company. Get the names and addresses of all occupants of the other car. Make a diagram of the accident showing car positions and the directions cars were travelling.

Call the police. In all but very minor accidents, call the city police or highway patrol. The officer will take full charge and fill out an accident report. It's a good idea not to discuss the accident with anyone but the police and your insurance company.

Ask for witnesses. Take down the names and addresses of any bystanders who may have seen the accident happen.

Report any accident you're involved in to your insurance company as soon as possible. Make a report regardless of the seriousness of the accident.

Always have your license, insurance card and car registration with you whenever you drive your car. A pad and pencil in the glove compartment will prove handy for any information you may have to take down.

WILL BUY MORE WHEAT — West Germany, which took 14.7 million bu. of Canadian wheat during 1955-56 crop year, will expand its purchases, predict members of German grain mission touring Canadian facilities in The Financial Post. The Germans find the hard northern wheat more to their taste than available U.S. Grades at slightly lower prices—and they have the dollars to indulge their tastes.

Health Unit Notes

MEASLES:

This is still a common disease amongst children and parents should be able to recognize the early symptoms so that they can isolate the child and put other children in the family in quarantine if necessary.

SYMPTOMS:

The child has a fever and is irritable and may vomit. Sneezing, a dry cough, watery red eyes and a running nose are followed on the fourth day by the appearance of the rash. This rash is blotchy red and covers the whole surface of the body and lasts three or four days. Red Measles can be distinguished from German Measles by the rash which in the latter case appears on the first day of the illness. Also in German Measles the glands behind the ears and at the back of the neck are swollen.

Red Measles is quite [illegible] and the child should be kept in bed in a well ventilated room and protected from drafts. The room should be darkened while the child's eyes are inflamed. A light diet with plenty of fluids should be given and care taken that the bowels act regularly.

ISOLATION & QUARANTINE:

A child with measles must be isolated for 10 days and should not return to school until fully recovered. If there is not a complete recovery after two weeks a doctor should be consulted.

All children in the household who have not had measles must be quarantined for two weeks and this means not going to school and NOT playing with children who have not had measles.

NOTIFICATION:

The law requires that Measles be notified to the doctor of your family or the Health Unit.

MUMPS:

This disease has been very prevalent and early recognition and rigid isolation are the only two ways to prevent its further spread.

SYMPTOMS:

As in most other infections the first signs of illness are irritableness in the child, lack of energy and a desire to sleep. The child may or may not complain of a sore throat. The swelling soon appears in front and below the ear on one or both sides and chewing is usually painful.

TREATMENT:

Keep the child in bed and give bland drinks avoiding things too acid and too hot. The child may get up when the swelling subsides but should not return to school for at least a week and only then if perfectly well. Adults as well as other children who have not had mumps should be kept away from the patient but they need not be quarantined.

Complications in this disease are swelling and inflammation of the ovaries or testes which may cause sterility in later life but this can be avoided if the patient is kept at rest in the acute stage of the illness and adequate convalescence is allowed before returning to active life.

Three Important Issues Quickly Settled

46 Attend Regular Luncheon Meeting of the Board of Trade

Forty-six business men showed keen interest in three questions to be discussed and decided at the regular meeting of the Board of Trade held on Wednesday this week at the Rio Cafe.

CHRISTMAS SHOPPING DAY

It was unanimously decided to herald the opening of the Christmas shopping season in Vermilion by treats for the kiddies. This will be held Saturday, Dec. 8th and will take the form of a free show at the Columbia, with free popcorn to be handed out at the Elks hall by no less a person than Santa Claus himself. Report on this project was given by Albert Hareuther, chairman of the retail committee.

MONDAY, NOV. 12 HOLIDAY

Second question was the matter of observing November 12th as the Remembrance Day holiday. It was practically a unanimous decision to close that day, in short to have a town-wide holiday. Consequently all stores and business places will be closed on Monday, November 12th.

FARMERS' BANQUET

Third question on the agenda was the matter of the annual Farmers' Banquet. Don Wilson, chairman of the Agricultural committee reported on this but after some discussion, promises of interest and help, the farmers' banquet will be held as usual. The speaker will be Mr. Rollans, news director of radio station CHED, who has just returned from Russia and who will tell a first hand story of life behind the Iron Curtain.

President Ross Boake was in the chair.

Don Rollas To Tell First Hand Narrative

Vermilion Audience To Hear "The Russian Story" Nov. 26th

The Farmers' banquet now being arranged by the Vermilion Board of Trade, will have as guest speaker Mr. Dan Rollans who has just returned from Russia. Mr. Rollans tells an absorbing first hand story of life behind the Iron Curtain. He is the news director for radio station CHED in Edmonton.

The date of the banquet is Monday Nov. 26th and the place will be announced in the next issue of the Standard. Tickets will soon be in the hands of the board of trade members. As it is fully expected that space will be at a premium for this event, everyone should look after their reservations by purchasing admission tickets early, this will also prove of material help in arranging to accommodate the greatest possible number.

Never before has a Vermilion audience been given the opportunity to hear such a story first hand.

Observe 56th Wedding Anniversary

Married at Baldur, Man., on October 25th 1900, Mr. and Mrs. S. R. P. Cooper recently observed the 56th anniversary of their wedding.

1957 Pontiacs On Display at Rowe & Son

The 1957 Pontiacs have arrived and are now on display at Rowe & Sons showrooms. Watch for the announcement advertisement in the Standard next issue.

The car on the showroom floor at present is a four-door Laurentian model and it fully lives up to all the advance notices.

Charter Granted To Marwayne Boy Scout Troop

MARWAYNE. — On Tuesday, October 16th Commissioner Ron Vincent of Provincial Headquarters granted a charter to the 1st Marwayne Boy Scout Troop. Mr Joe Hale, chairman of the group committee, accepted the charter from Mr Vincent.

The troop is organized in three patrols under the following patrol leaders John Bell, Ernest Holland and Neil Hancock. Eldon Giles is troop leader.

The boys demonstrated their skill at morse and semaphore signalling and lashing.

In a "going up" ceremony several Cubs left the Pack to join the Scout Troop.

Parents were invited to attend for this important occasion.

Vermilion Hunters Shoot Black Bear

Two Vermilion hunters, Nick Adams and Bill Coma, went north hunting moose this week, but came back with a 150 pound black bear. The bear was shot in the area north of Whitecourt.

The bear was first sighted at some 300 yards range and was hit by a bullet from Coma's rifle. Angered by the wound the animal charged towards the two men but was met with a fusilade of shots, one of them piercing his brain.

Anxious to bring the trophy home Nick and Bill carried the 150 pound animal three miles through the bush to reach their car. The bear was in very good condition, well fleshed and with a heavy fur coat.

In Vermilion he was hung up and proved an attraction for a large number of people before being skinned.

As for the big game the hunters found conditions unsuitable, marshes are still not frozen so the moose hunting was given up for the time being.

DERWENT ELKS PLAN TURKEY BINGO

A Turkey Bingo will be held in the Derwent high school auditorium on Friday, November 23rd commencing at 8 p.m. Proceeds are in aid of the Children's Christmas party. 19-20

HI-SCHOOL HI-LITES

The Hard-Time Hop which was held on Oct. 19 proved a huge success. All of the students in attendance wore hard-time costumes and the prizes for the best costumes went to Lillian Thompson and Lee Coyne. The winner's names were announced during the supper hour. Also during the supper hour a chorus of seven girls sang some hit songs about some of the High School students and teachers.

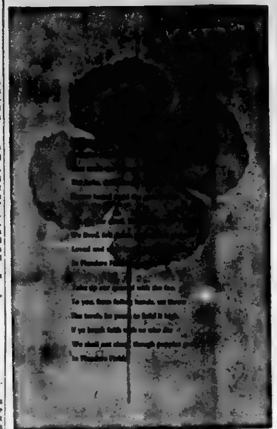
The House League competition has started and over the past three weeks many close games have been played. Carmen team top of the league with 8 points followed by Service with 6. Laurier is trailing with 0.

"A" team practice has started with both boys and girls practising.

On Tuesday afternoon a group of enthusiastic High School girls turned out for practice for the cheer-leading squad. We hope to learn some new cheer-leading routines.

The executive discussed the year book at their Wednesday meeting and decided to have a lithographed year book if enough funds are raised by November 30. Pat Bentley, the business manager, and his committee will be kept busy for a few days canvassing the local stores. We hope that all businesses will advertise in our local year book by sponsoring a page or more of the book. The students who are helping Pat solicit advertising are Donna Cooper, Lee Coyne, David Smith, George Martin, Bill Payne, Norma Harle, Margaret Goodwin, Lynda Long, Marjorie Waldenburger, Bob Waldenburger, Dan Leveredge, Max Callaghan, Bill Tough, Brent Long, Edna Martin, Roger Stephens, Miles Kneale.

Report cards were handed out Monday noon with many students promising themselves to "do better next time."



WEAR A POPPY FOR REMEMBRANCE DAY, NOVEMBER 11th

Vermilion branch of Canadian Legion asks for citizens to give generous support to the Poppy Fund Tag Day which has been set for Saturday, November 10th. The Ladies Auxiliary to the Legion will handle the collections for Post 11.

All money collected on Poppy Day is used for relief of needy veterans in this district and for no other purpose. Poppy Fund money is kept in a separate bank account and cannot be used for branch purposes.

Wreath for window display in stores or homes can be had from Lawrence Webb. Also anyone wishing to place a wreath on the cenotaph can get one from Mr Webb.

The welfare officer of the Vermilion Branch, George Martin, reports that there are quite a number of needy veterans in Vermilion and district. Hampers at Christmas and similar small donations to these men, many of them old now, is a great help to them and is greatly appreciated.

Don't forget to wear your poppy in remembrance of those who fought and died for us.

Good Times Of Pioneer Days Are Recalled At Old Timers Round-Up

Sociability, good fellowship, an excellent meal served by the Canadian Legion W.A. and a very fine program all contributed to make the annual round-up of the Vermilion Old Timers Association just as memorable an event as ever. Looking around at the gathering of 143 persons who sat down to the sumptuous banquet, one realized that here were the men and women who really knew the history of this area, who had seen the era of few trails, no fences or cultivation, no schools, churches, give way gradually to the well developed and populous countryside and towns that we know today.

George Webb, the president, was the toastmaster and had Don Taylor first of all lead off with a merry sing-song. Mayor Hill welcomed all to the town of Vermilion and urged the old timers to always continue their annual round-up.

Always popular with their songs, Mr and Mrs. Wes Funnell rendered two duets accompanied by Wes on his ukelele, and were heartily encored. It is nice to have entertainers like Wes and wife in the district.

Carl Heckbert proposed a toast to the Old Timers, paying a tribute to those who laid the foundation of the splendid district we now enjoy, with special mention of the ladies. The toast was replied to by Gerald Stephens, a second generation old timer.

Israel Miller outlined Friendship Clubs which had proven very successful in Edmonton and which were of interest to folks of sixty years and over. The plan is outlined in more detail in the editorial column of the Standard.

The election of officers resulted as follows: Hon. President, Wm Steele. President Geo. C Webb. Vice-President, Basil Hawley. Secretary, Mrs. Hilda Cross. Treasurer, D. Taylor. Executive Hiram Hodgins, Gordon Larson, Gerald Stephens, Bert Oshaldeston, Annie Cameron, Kay Stewart, Mrs. Basil Hawley.

Following the election, Ernie Everitt of Edmonton and an old timer of Vermilion who always comes down for the annual event was called on to render several selections on his accordion.

Films of the Calgary Stampede and of the Vermilion fair parades were shown by Alex Palin and Dr Ron Payment.

A minute of silence was observed in memory of the members of the old timers who had passed away since the last round up. These were named and included Wm Moses, Percy Long, Orville Armstrong, Wm Mayers, Mr Osterburg, Harry Martleet, Mr Belcher, M G Brimacombe, Charlie Robinson, Ed Wilson, West Brown and Lorne McLean.

It was decided to hold a summer gathering to take the form of a picnic at the park lake.

A jolly dance with Jim Miller as M.C. and abounding with old time and good mixed numbers completed another very happy gathering of old timers.

BEREAVED BY DEATH OF FATHER

Sympathy of many friends here is extended to George Senz who was bereaved recently by the death of his father at the family home in Athabasca. Mr and Mrs Senz and the two children motored north on receiving the sad news and attended the funeral services.

Mrs. Logan Gow Passes Away

MARY FRANCES GOW

Mrs. Mary Frances Gow passed away in the Vermilion hospital on Saturday, November 23rd following a lengthy illness. A long time resident of the Borradaile district, she was held in high respect and deep sympathy is extended to the sorrowing family in their sad bereavement.

Left to mourn the loss of a loving wife and mother are the sorrowing husband George Logan Gow, one son George at home, four daughters, Mrs James Fisk, Lashburn, Sask., Margaret and Mary in Edmonton, and Dorothy at home. She is also survived by her mother, Mrs. May Gagnon at Gleichen, one brother, Joseph Gagnon in California and one sister Mrs. Leo Desjardine at Gleichen. There is one grandchild.

Funeral services were held at Holy Name Catholic church on Monday, November 5th at 10 o'clock in the morning with interment on the Catholic cemetery. Rev. Father Landrigan officiated.

Moyers funeral home was in charge of arrangements.

Canadian Legion Announces Activities for Armistice Week

This is a very busy week for all connected with the Legion, as the following list of activities to be held will clearly indicate.

DANCE, FRIDAY, NOV. 9th at the Armouries. Everyone invited.

POPPY DAY, SATURDAY, November 10th. Everyone should aid this worthy cause.

SMOKER — Saturday evening, Nov. 10th. All ex-service men and women and immediate families are invited. Be at the Legion hall at 8 p.m. The members of the executive are reminded to bring one loaf of sandwiches for this event.

ARMISTICE DAY PARADE SUNDAY, NOVEMBER 11

Commencing at 10:30 a.m. Fall in at the Legion hall for parade to the cenotaph. Remembrance Day service to follow in the Columbia theatre with the address being given by the Rev. Brian Brown of Clandonald. The Legion would like especially to see all veterans at this parade. Medals should be worn. Everybody invited.

NOTICE TO LEGION MEMBERS

The meeting date of the next Legion meeting has been changed to Friday Nov 16th in the Legion hall.

Kinsmen Peanut Days Nov. 16 - 17

Fresh roasted peanuts will be sold door to door by the Vermilion Kinsmen club assisted by the Boy Scouts on Friday, Nov. 16 starting at 7:00 p.m. The peanut salesmen kindly request that householders turn their porch lights on that evening. In addition, the Boy Scouts will be selling peanuts in the business section of Vermilion all day Saturday November 17. Since the people of Vermilion and district have generously supported this campaign in previous years, the Kinsmen and Scouts are expecting a large turnover of peanuts on Friday and Saturday. This year the entire proceeds of Peanut Day will go to the Vermilion Boy Scout Association for the Scout Hall Building Fund.

Mountain Named In Memory of Kitscoty Soldier

KITSCOTY. — Mr. and Mrs. Alexander Potter of Kitscoty received word recently from W R Young, Chief Geographic Division and B.C. representative on the Canadian Board of Geographic names, informing them that a geographic feature on the Chilliwack Lake map had been named in memory of their son, John E "Eddie" Potter.

Eddie gave his life for his country in the last world war while serving with the Canadian Army in Italy. "Mount Potter" named in his honor, is located about ten miles from Hope, B.C., and near highway route No. 3.

Keen Interest In Hobby Fair

MANNVILLE. -- Keen interest is being shown by many exhibitors for the coming Hobby Fair in this district. There will be an exhibit from the Reabilitation Centre of Northern Alberta, of many very interesting articles made by these handicapped people. The exhibit is being brought to Mannville by Mrs Alizon Lamb and she will be assisted by Miss Beryl Swain. We also have heard of a very nice display of woodcraft coming in from a nearby district.

Wild Life In Africa Films to be Shown Here Wednesday

The showing of a very interesting film has been arranged by the Vermilion Branch of the Fish and Game league. The film is entitled "This Is Africa" and was taken by the famed sportsman Bill Fisher in person. The pictures show wild life in Africa and are most amazing.

The program will be held in the Legion hall on Wednesday next, Nov. 14th at 8.00 p.m. Admission is free, and everybody is welcome.

Curlers To Meet Sunday Afternoon

A meeting will be held Sunday, Nov. 11th at the curling rink, time 1:30 p.m. Rinks are to be picked for regular draws so all skips and interested curlers please be present. If you have not been approached and wish to curl please give your name to Al Locke or Russell Carroll.

School Trustees To Hold General Meeting At Kitscoty Nov. 17th

A general meeting has been arranged by the Vermilion Divisional Trustees' Association to be held at Kitscoty on Saturday Nov. 17th. Registration will commence at 9:30 a.m. with the program continuing the remainder of the day.

The guest speakers include the Hon. A. O. Aalborg, Minister of Education whose topic will be "Time for a New Deal in Municipal Finance", S. D. Simonson, Superintendent of the Vermilion school division, Mr Ed Parr the chairman of Athabasca school division, W. L. Brown, trustee of this Division who will speak on "Costs in Education".

There will be a refreshment period during the afternoon with Mr Ernest Schurman of Vermilion arranging for musical entertainment. Mr. Schurman is the Vermilion representative on the Divisional Trustees Association executive.

The meeting is for everyone, an invitation is extended to all who are interested in school and educational matters.

NEW SOLARIUM OPENED

As one of the young patients in the Alberta Red Cross Crippled Children's Hospital in Calgary looks on, Mrs. T. F. H. Crowe, first president of the Children's Hospital Aid Society in 1938, cuts a strand of ribbon to open the new solarium at the hospital. Construction and furnishing of the solarium, costing $17,000.00 was paid for by the Hospital Aid from proceeds of their annual Easter Seal Campaign. Pictured above with Mrs. Crowe are, left to right: Miss Florence Reid, Director of Public Relations at the hospital, Mrs. Stewart Adams, President of the Hospital Aid and Mr. M. G. Graves, F. C. A. chairman of the hospital board.

FRIENDSHIP CLUBS VALUED BY ELDERLY FOLKS

The suggestion made at the annual Old Timers' Round-up by Mr. I. Miller, that there was a need for a Friendship club in Vermilion similar to those proven so successful in Edmonton, has considerable merit in the opinion of the *STANDARD*. Such a club includes within its scope people above the age of 60 years who have retired from active business or farm life, some have moved into town away from old friends and relatives so that some activity to replace that which they gave up is desirable. There is a need too for an avenue for them to make friends with folks in similar circumstances. Older folks do not mix around or have as many interests as younger people do so do not in the natural course of events have the opportunity to make new friends or contacts.

It has long since been realized that busy people are happy people and this applies to our elderly folks as well, who often find time heavy on their hands. Friendship clubs appear to be the answer for they provide social contacts and recreational facilities with people of their own age group. It has been found in the Friendship clubs in Edmonton and other centres throughout Alberta, that the mental health of the older folks has greatly improved and consequently their physical strength as well. People are realizing the therapeutic qualities of getting out of lonely rooms and meeting friends playing singing and working together.

Membership in the Edmonton Friendship Clubs is made up of men and women sixty years or older, regardless of race, creed, color or financial standing. Any one over sixty who needs companionship and recreation in their leisure hours is a potential member.

Workers from service clubs, church groups etc., assist in providing entertainment and other assistance but they cannot become members of the Friendship Club council, for this is made up of the elderly folks themselves who appoint their own officers and after receiving guidance, more or less run their own show.

In Vermilion the suggestion has been made that a suitable club room or meeting place be provided for use afternoon and evenings. Service clubs and organizations in Vermilion which are very numerous, could take turns at providing some special entertainment once or twice a month.

A Friendship club along the above lines would do much for the older folks in the town of Vermilion, and these older folks merit the very best that we can do or provide for them.

Armistice Service At Mannville November 11

MANNVILLE. — The annual Armistice Service under the sponsorship of the Mannville-Minburn Branch of the Canadian Legion will be conducted on Nov. 11th with the Branch chaplains officiating.

The ceremonies will commence at 10:45 a.m. with the Cenotaph service and the laying of wreaths at the cenotaph in the school square.

Following the cenotaph service the procession will parade into the Alta theatre for the service and balance of the ceremony.

It is hoped that as good a turn-out as last year will be in attendance. All veterans in the Mannville and Minburn areas are urged to be on hand for this service. The Legionaires will form up at the Legion hall and parade to the cenotaph. Those parading are reminded to wear whatever Legion regalia they have and also to wear their medals. The parade will leave the hall at 10.30 a.m.

All parties interested in laying wreaths are urged to make their preparations early with the members of the committee in charge namely Messrs. Crooks, Doherty, Malin or the Branch president, J. Coxford.

THE STAGETTES

There was no meeting last week and so of course no notes. However, we did have our annual Harvest Ball. It was a grand social and we didn't do so bad financially. We still have third down and goal to go. Right now we wish to take this means of thanking all who helped make the dance a success and hope you all had a wonderful time.

Do we dare mention home cooking ... ...? For the time being we shall combine the ingredients and fold in the clause in the Creed educate ourselves to be efficient. "I know I had too much heat on for my angel cake however we'll eat that at home" and so everyone had lots to eat at home anyway.

Seven members answered the roll call, plans for the purchase of a doll, tickets to be made and doll clothes to be made is hte next venture. So girls now that you have had a lesson in cooking, how about a bit of sewing for the wee doll?

Checking Saturday — Gwen M. and Ethel D.

There will be a meeting next Tuesday night same time and place.

The Frog Lake Chapter of the I.O.D.E. will hold a bake sale in the Co-op store on Saturday, Nov. 17 from 3 to 5 p.m. 18-20

Health Unit Notes

SOUND ADVICE ON THE COMMON COLD

Is there anyone who hasn't caught a cold at one time or another? The common cold is common indeed. Besides making you feel miserable colds steal your time and your money. They fool you too because the early signs are often the same as those of more serious illnesses. And long continued colds may pave the way for an attack of pneumonia, tuberculosis, or a chronic infection of the nose, throat, ears or sinuses. SO do your best to keep from catching cold. And if you do catch one, take proper car of yourself so you can get rid of your cold promptly and avoid infecting other people.

TO HELP KEEP FROM CATCHING COLD

1. Insofar as you can, stay away from people who cough or sneeze carelessly who seem to have a cold.
2. Use only clean eating and drinking utensils. Don't share the use of toilet articles, towels, spoons or drinking cups with anyone else.
3. Always wash your hands with warm water and soap before eating or handling food.
4. Eat properly. In your daily diet include milk and cheese, potatoes and at least two other vegetables, a citrus fruit and tomatoes and one other fruit, fish, meat, or poultry, eggs, cereals and bread and butter, and a moderate amount of sweets.
5. Take a cod liver oil preparation to increase your resistance to respiratory infections.
6. Guard against chilling, especially when overheated. Avoid drafts, wet feet, and wet clothing. Wear clothes suitable to weather conditions, and live and work in well ventilated rooms.
7. Get enough sleep, rest, recreation and outdoor exercise. Most of us need at least eight hours of sleep every night to give our bodies a chance to make up for the day's wear and tear.
8. Have medical check-ups regularly, and consult the doctor promptly in acute illness or for any chronic difficulty.
9. Maintain your natural resistance by following all the rules for healthy living. The value of vaccines for the prevention of colds is still in question. However, there are vaccines which may help to prevent influenza A and B and pneumococcal pneumonia.

WHEN YOU HAVE A COLD

1. Get as much rest as possible. Stay in bed or indoors for the first day or so if you can.
2. Keep warm and dry. If you must go to work wear clothes that will protect you adequately when you go outdoors, and avoid drafts and sudden chilling when overheated.
3. Drink plenty of water, citrus fruit juices, and other liquids. Eat simple foods which agree with you.
4. Protect other people as much as possible. Cover your mouth and nose when you cough or sneeze. Use paper handkerchiefs or paper napkins that can be burned. Wash your hands frequently with soap and water.
5. Blow your nose gently. If you don't, you may force infected material from your nose into your sinuses, or middle ear and develop sinus trouble or serious ear infection.
6. If a cold starts with chills, fever or aching, or seems more severe, or lasts longer than usual, consult your physician without delay.

By Your District Agriculturist

"GREEN ACRES"

GRASS SILAGE

Grass silage is becoming very popular in parts of Manitoba and Saskatchewan. I cannot figure out why it is not a common practice in Alberta. It is the cheapest way to put up hay, green oats, sweet clover etc. for winter. There is no waste and one does not have to wait until the crop dries out before putting it in the silo. Why not plan on using silage next year? Get some circulars from this office on silage.

4-H CALF CLUBS

There are five calf clubs in this district. Every farm boy or girl is invited to join one of them. Parents are asked to let the children know that they can join a calf club. Write to me and I will forward information.

POISON THE COYOTES

Reports come into my office every day of sheep, young pigs and poultry being killed by coyotes. The Alberta Department of Agriculture supplies poison free of charge. Get this bait at your municipal office or apply to this office.

COVER CROPS

Ranchers in southern Alberta are paying farmers from $7 to $8 per head per month for cattle to feed on grain crops sown in July and pastured in September and October. The gain of cattle on cover crops is from two to three pounds per day. Some cover crops in this district have been very successful. I cannot see why this practice is not more popular than it is.

A SERIOUS PROBLEM

One of the greatest problems facing farmers in this area is soil erosion. Last spring after every rain gullies could be seen in many fields. Some of these gullies are several feet deep and a tremendous amount of top soil has been lost forever from these fields. The loss of good soil is so unnecessary as there are easy and effective ways of stopping gully erosion. Get some circulars from this office on soil erosion and plan a conservation program for your farm next year.

OLD BROME GRASS STANDS

A lot of brome grass fields are sod-bound and do not yield half as much hay or grass as they ought to. Two things can be done: 1. put 200 pounds of fertilizer per acre on the field, or 2. use the one-way disc or discer early in the spring. This is the cheapest way to do the job. Get a circular from this office on renovating brome grass fields.

Millar-Brown Vows Pledged At United Church

The Vermilion United church was the scene of a lovely fall wedding on Oct. 24th when Edith Lorraine Brown and George Murray Millar were united in marriage. Rev. W. C. MacKay officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Jack Brown, and the groom a son of Mrs. Carmen Millar, all of Vermilion.

The bride, who was given in marriage by her father, was radiant in a waltz-length gown of brocaded nylon net over white satin. Her bolero, also of brocaded net, had a stand-up collar and lily-point sleeves. Attached to her crown, which was a replica of Grace Kelly's, was a matching veil. Her bouquet was of yellow roses. The bride's only jewelry was mother-of-pearl earrings.

The bridesmaid, Miss Doris Schmidt, chose a waltz-length coral gown of net over taffeta with matching bandeau and gloves. Her bouquet was of Fiji chrysanthemums.

Mrs. Brown's tailored green dress was accentuated with a corsage of pink roses. She wore a white picture hat.

Mrs. Millar chose a tailored winter white suit with black accessories. Her corsage consisted of small red roses.

Attending the groom was Mr. Thomas Wilson, while Messrs. Ken Brown and Harvey Young ushered the guests.

Organ music was played by Miss Margaret Goodwin. Soloist, Mr. Johnny Webb, sang the lovely "Wedding Prayer."

The wedding reception followed immediately in the church basement. The head table exhibited an exquisitely decorated three-tiered wedding cake. Frank Martin, master of ceremonies, read the numerous telegrams received, congratulating the happy young couple. He also proposed the toast to the bride, to which the groom ably responded.

Numerous out-of-town guests were in attendance, among them were Mr. and Mrs. W. J. Brown and Billy, and Mr. and Mrs. J. L. Scott, all of Fielding, Sask.; Mr. Ken Brown, brother of the bride, was also present.

For her wedding trip to Kelowna and Vancouver, the bride chose a sheath dress of moss green, complemented by a beige top coat. Her accessories were black and her corsage was of pink roses.

Mr. and Mrs. Millar will make their home in Vermilion.

Apple Day Enjoyed By Mannville Pupils

MANNVILLE. — The pupils in Mrs. Lugg's room celebrated Hallowe'en as usual by having their apple day on Friday, Oct. 26th. They would like to thank everyone who bought apples and in this way helped to make this project a success.

After paying expenses which amounted to $49, they found that they had cleared $42.94. This money will be sent to Crippled Children's hospital in Calgary.

Eureka Jubilee Singers In Vermilion

Five splendid colored singers and their accompanist, renowned for their exceptional work in the field of Negro music, are slated for a series of appearances in Vermilion Tuesday and Wednesday Nov. 20 and 21 at the armories at 8 p.m. Esther Gaskin Williams, accompanist, is a graduate of American Conservatory of Music, Chicago. Soprano Mayola Fain, from Alabama, formerly travelled in the interest of her Alma Mater, Southern Normal Institute. Miss deQuence Nelson, contralto, from St. Paul, Minnesota, studied at Chicago Musical College. Mr. Albert Yarbrough, is from Georgia and received his musical training at the American Conservatory. Baritone William Cross is a native of Alabama where he studied voice and Mr. Fred Williams, basso, hails from Pennsylvania. He received his musical training at Philander Smith College in Arkansas.

The Eureka Jubilee Singers form an extradordinary combination of voices, blending and harmonies which have earned them rare distinction in ensemble singing. Their repertoire is extensive, including all the best in Negro Spirituals. Critics have acclaimed them artists of the highest type, they have been featured at the World's Fair and earned for themselves a comment from Lowell Thomas, "The finest Jubilee Singers I have heard in America." They travel extensively each year, appearing in colleges and universities, churches, conferences, military camps and hospitals.

Their appearances here are in connection with the world missions rallies to be held by Mr. John Newman, world traveller and lecturer on missions, from Spokane, Washington.

Nov. 21st has been especially set aside for a great double feature. Mr. John Newman will screen the new cinemascope motion picture "Trail's End", filmed in the Indo-China jungles, and also will display a Royal Bengal Tiger pelt, shot while there. The Eureka singers will present a special program of Negro Spirituals.

There will be no admission charge. A free-will offering will be received.

Preston Home and School Elect New President

The monthly meeting of the Preston Central Home and School was held on Oct. 18th with eighteen present.

After the general order of business was finished Mr. Cosh reported on Mr. Holte cutting the weeds on the school grounds and a hearty vote of thanks was tendered Mr. Holte. Mr. Roy Dibben was elected president as Mrs. Hughes, our former president, is now teaching. Mr. Cosh then showed us the new "ditto" machine which has been placed in the school, and told of the new hot lunch conveniences. The correspondence was a letter announcing the conference to be held at Vegreville on Nov. 8th. It was decided Mrs. Frank Gibson would be the delegate.

The next meeting will be on Nov. 20th at 8 p.m. Mr. Rampling will be the guest speaker and the delegate's report will be given.

Death of Mrs. Anna Roder At Mannville

MANNVILLE. — Mrs. Anna Roder, widow of the late William Roder, passed away suddenly at Mannville on Sunday, Nov. 4th at the age of 60 years.

Mrs. Roder was born in February 1896 and came to Canada from Germany 25 years ago. After living in Saskatchewan for a short time she and her husband moved to the Lake Geneva district north of Mannville where they resided for many years before moving to town. Mr. Roder passed away in June of 1955.

Mrs. Roder is survived by three daughters, Lottie, Annalisa and Gertie, four sons, William, Waldimer, Fritz and Hans, and nine grandchildren.

The funeral was held on Wednesday with interment in the Mannville cemetery.

Moyer's Funeral Home of Vermilion was in charge of arrangements.

Don Clayton Draws Overflow Audience

It was a happy thought when the F.U.A. locals of the Vermilion area invited Don Clayton of radio station CJCA as their guest speaker for Friday evening last.

Don has recently returned from spending some time in Australia and brings with him a very fine set of pictures designed to give the Canadian an insight into living conditions and customs of the folks "down under." Te pictures were enhanced by an interesting commentary.

Mr Clayton, who is very well known as Farm Director for CJCA, attracted people from all over a wide area. So much so that more than 100 were unable to gain entrance to the Legion hall.

In charge of the very fine gathering were Mr. Ross Taylor and Mr. Ralph Wilson. Mr. Wilson is a director for District No. 7, FUA and introduced Don Clayton to his very large audience.

At the close of the program coffee and doughnuts were served.

Alberta oil production in the week ended Aug. 14 reached a new peak of 426,774 barrels daily, an increase of 10,674 barrels from the previous record set last March.

Features of the weather this week have been the two-inch snowfall on Monday Nov. 5th which rendered travelling conditions extremely treacherous, and put all thoughts of completely finishing the harvest out of the question; the heavy fogs which enveloped the countryside on Wednesday and Thursday mornings, and the sudden drop in the temperature to just two above zero on Wednesday morning.

November 12-17 is F.U.A. Week

The co-operation of Alberta farmers will determine the success of this very important Farmers' Union membership drive. The issue is squarely up to the farmers to take this opportunity to build a strong Farmer's Union.

U.F.A. Co-op, organized by farmers to serve farmers in the farm supply field, is keenly interested in the development of a strong Farmers' organization. To get a fair deal for agriculture it is essential to have a farm organization with a membership representing the majority of the Farmers of Alberta.

U.F.A. Co-op strongly urges all farmers and particularly its members to take an active part in F.U.A. Week. Join the Farmers' Union of Alberta. Get your neighbors to join.

ENGAGEMENT ANNOUNCED
Mr. and Mrs. Walter Crowther of Marwayne wish to announce the engagement of their daughter, Gertrude Helen to Mr. Alvin Charles Isert, son of Mr. and Mrs. Albert Isert of Dewberry. The wedding will take place on Saturday, December 1st, 1956, at 10 o'clock in the morning in the Roman Catholic church, Dewberry.

To Discontinue Canadian Club Here

At a recent meeting of the executive of the Vermilion Canadian Club it was decided to discontinue the club in Vermilion. This action was made necessary due to a lack of membership and due to the fact that the National organization could no longer maintain the local Vermilion club. Members feel that while the club has served a useful purpose in Vermilion, no other action could be taken than that of disbanding.

Cash in the bank will be sent to the National Office, and all books and records of the club will likely be deposited with the Vermilion library. The executive wishes to take this opportunity to express a final thanks to all those who have made the club interesting and enjoyable in the past.

TOPS ALL OTHERS
An oddity that tops them all was left at the Standard office last week end by Fred Kottmeier of Tolland district. This is a perfect hand formed by carrots. The carrots are all growing out from the palm of the hand, with four perfect fingers and a thumb. The hand formation is so perfect as to be startling. Old Mother Nature comes forth every harvest time with many vegetable oddities.

Scribes Enjoy Pot Luck Dinner

A number of the rural correspondents of the Standard and their husbands, as well as the Editor and his wife, were guests at the home of Mr. and Mrs. Bert Gould at a pot luck dinner on Sunday Oct. 28th. The snowfall and slippery roads kept several from attending the very enjoyable event.

The Gould home is an example of the progress made in the standard of farm living during the past few years. Commodious, it is heated by a Propane gas furnace, thermostatically controlled, cooking is by Propane, the farm house, barns and yard are lighted by electricity, and the home abounds in all modern conveniences such as electric refrigerator, deep freeze and running water.

A bountiful and varied dinner was enjoyed with the visitors remaining in the very hospitable home for all of the afternoon.

NEWS from ISLAY

Mrs. Atkinson of Edmonton is visiting her sister Mrs. Dave Buchanan.

The usual Hallowe'en pranks were again performed — the outside toilets left flat on their faces. The temporary ones at the school however, were set up next day by the boys of the senior room. Their own idea— and we might add a fine gesture boys. But when some fellows yank the wiring off a car and carry away certain vital parts, that is only a criminal deed, and no mere Hallowe'en prank. Next morning the flag pole at the school had a different flag flying, a piece of tarpaulin. We wonder too, are the words 'thank you' being forgotten? One group came, a boy said 'thank you' also treated the writer. That was really generous.

A water pressure system is being installed at the school which will eventually eliminate need for outside toilets.

As we write our telephone has brought us the sad news of the passing of Nelson Gilchrist of Edmonton and also Glenn Connon of Hazeldine. Nelson was the son of the late Hugh Gilchrist who homesteaded three miles south.

Miss Faye McLennan of Kitimatt, B.C., is visiting her parents Mr. and Mrs. Neil McLennan.

Ed McFadyen and Frank Bowman and others have left on a big game hunt. ... tracking will be easier.

As Faye McLennan was on her way home from Kitimat she called on Mr. and Mrs. Collins who are now at Terrace, B.C. They say "Hello" to Islay folk. A fine new manse is about finished and they will soon move in.

There will be a rally of Explorer Group leaders and those interested in such work in the Islay United church on Saturday Nov. 10 at 2:30 p.m. Mrs. Stewart of Duhamel is the special speaker.

Charlie Hooker of Streamstown is second man in the Pool elevator here.

4-H Grain Club members — have your samples clean for your achievement day Nov. 13 at 1 p.m. in the hall. Mr. Buckingham and an agricultural representative will be here.

The Home and School Association will meet in the school on Tuesday Nov. 13th at 8 p.m. Mr Bill King, who has tried to organize Cubs will be there and hopes to be able to get a committee behind him in this endeavor. One or both of the parents of every boy who wants to be a Cub please be present. It is absolutely necessary to get your help, otherwise there will not be an organization of Cubs.

A rink composed of Bill King, Bill Belton, Dave Martin and B. Teskey are having a fine time at the Vermilion opening bonspiel.

Mr. and Mrs. Jim Allan are arriving home from Scotland on Wednesday morning Nov. 7th. We will be glad to see them and see the house lighted up again.

Miss Bertha Caro, recently from Holland, and now employed in Lloydminster along with Mr. and Mrs. Van Oss visited Mr. and Mrs. Caro on Sunday.

The big house from the Chas. Robertson farm is being moved into town his week. Mrs. Jean Axley fairly lost her voice with excitement!

Mannville and District Local News

Visitors at the home of Mr. and Mrs. A. Gerhart and Mr. and Mrs. W. Gerhart last weekend included Mr. and Mrs. Jack Hertz, Mrs. Geo. Butz, Mrs. Joe Brossiet, Mrs Martha Manz, and Mrs. Myrtle Surowski all of Southey, Sask.

Miss Arlene Leitch of Edmonton spent the weekend with her parents, Mr. and Mrs. R. Leitch.

Mr. and Mrs. A. Baker attended a Managers' Meeting of the Canadian Bank of Commerce in Edmonton on Saturday.

Mr. and Mrs. Hugh Nix who now live at Lodge Pole were visitors in Mannville on the week end.

Don't forget the Benefit Dance sponsored by the Orange Lodge in aid of Mr. and Mrs. Clennett who lost all their possessions by fire. It is on Friday, Nov. 16 and the music will be excellent. J. Panter and orchestra and Coultman's orchestra as well as other volunteer music will be there to make it a good evening of dancing.

Visitors at the D. Croft home on the weekend were Mr. J.A. Brown, Mr. and Mrs. R.A. Brown and Mr. and Mrs. F.B. Black, of Edmonton.

Miss Florence Otto spent the weekend with her parents, Mr. and Mrs. D. Otto.

Mrs. A. Stuart was the guest of honor at a tea at the home of Mrs R. Leitch when Mrs. Leitch and Mrs. R. Whitson were hostesses to a number of Mrs. Stuart's friends and neighbours. Mr. and Mrs. Stuart will be leaving soon to attend the Royal Winter Fair and then the Coast before making their home elsewhere.

Mr J.E. Wood has recently returned from a visit to Flinton, Belleville and other points in Ontario. Mrs. Wood visited in Edmonton with her daughter for a week and then with her two daughters in the Manniville district.

The Manniville school pupils from Grade 4 to 8 who volunteered to collect for the United Nations Childrens' Fund on Halloween night are to be commended upon the excellent job they did. Thirty nine dollars and 32 cents was the amount collected. This will go a long way in food and medicine for poor children of other lands.

Mr. Jack Clark, Miss Jessie Clark and Mr. and Mrs. J. Panter were Edmonton visitors on Monday. They visited Red Clark who is a patient in the Royal Alex Hospital.

Mr. and Mrs. James McLuckie will be at home to their friends and neighbors on the afternoon and evening of Wednesday, Nov. 21 on the occasion of their twenty-fifth wedding anniversary.

PARADISE VALLEY NEWS

The Valley Maids met in the school auditorium recently to organize for the coming year. The following officers were elected: President — Ella Teasdale; 1st Vice-Pres. — Patsey Johnson; 2nd Vice-Pres. — Sharon Dobson; Secretary — Jessie Churchill; Treasurer — Ruth Walters; Press Corresp. — Pat Churchill. This will be a Junior C.G.I.T., ages 12 to 14 inclusive. Eleven girls joined. No regular meeting day was set but the next meeting will be called by the leader Mrs. Gunn and the president. The girls held a Hallowe'en party at the home of Sharon Dobson on Monday night Oct. 29. There was a game committee, a lunch committee and transportation committee. A weiner and marshmallow roast was enjoyed outside in Parke Dobson's garden Later the girls came inside where cocoa, cake and cookies were served The game committee had Hallowe'en masks, told fortunes and held contests while games were played and singing also Many thanks to Mr. and Mrs. Churchill, Mr. and Mrs. L. Teasdale and W. Gunn for the transportation. Also thanks to Mr. and Mrs. Dobson for the use of their home the campfire committee of Ruth Walters, Patsey Churchill Shirley Nysetvold and Sharon Dobson, also a special thanks to Mr Dobson for making all the arrangements for the campfire and providing weiner sticks. It was regretted that Patsey Johnson could not attend the party on account of illness.

Alfred Peterson of Cadogan has been a recent guest at the A. L. Johnson home. He returned home on Sunday.

Mr. and Mrs. David Clark and family, Mr Garnier and Mr Baptist spent the week end in Edmonton Mr Clark received his degree while there

The Hall club held a successful dance on Friday night The ladies are to be congratulated on their efforts to raise funds for the hall

The weather during the past week has been much improved. Snow has almost disappeared and threshing is again the order of the day.

Hallowe'en passed over very quietly as far as the hamlet was concerned We hear reports from the country that a number of the young fry did their stunts

Young Folks Star At Mannville

MANNVILLE The Amateur Hour, held Nov 2 held the interest of those present for two hours It was young folks night, and they did themselves proud Between the various classes there was guest entertainment which took the form of a pleasing pianoforte solo also a comical skit in which "Daisy" did not get her man "Harold" Climaxing the program was a western show sponsored and acted out, by the Happy Hour W A Songs jokes riddles around the campfire complete with a huge pot of coffe made the sing song more natural Last but not least the teenagers heart throb Elvis Prestley and his partner were in the act and delighted his fans with their song and dance And who was the female cowhand who gave her advice to young and old" Why "Minnie Pearl" of course

A dance was held following the show which was attended by a goodly number of young jive artists

Awards for the various classes in the amateur were

Pre school 1 Marlene Kreller 2 Colleen Emmott, 3 Brian Upton

Miss Glenda Scott Honored At Shower

Miss Glenda Scott, whose marriage to Mr. Leon Le Clerc takes place on Saturday was guest of honor at a large gathering last Thursday evening when Mrs. Neil MacLean, Mrs. S Brass and Mrs. Bev. Baldock were joint hostesses for the party in the MacLean home.

There were 41 present and all joined first in a contest after which Ann Baldock as M.C. kept them occupied in several games of Bingo which proved good fun for all.

The hostesses assisted by Mrs. Currah served a delicious lunch.

When tea time was over the MacLean brothers placed a decorated basket piled high with gifts before the bride-elect, refilling it as Glenda opened the gifts before the the bride-elect, refilling it as Glenda opened the lovely tokens of hometown friendship.

In a few sincere words she then thanked her friends for the beautiful gifts and the hostesses for the party in her honor. She extended an invitation to each one to call on her at her home in Jasper Place

Best wishes will be with her on Saturday for a happy married life.

Shirley McFadden Honored At Shower

MANNVILLE. — A large number of friends gathered in the United Church parish hall Tuesday, Oct. 30th to honor Miss Shirley McFadden, a bride-elect of that week. After a few contests Mrs. M Johnson in a few well chosen words wished Shirley the best of luck and many happy years of married life and then presented her with the many lovely and useful miscellaneous gifts in the wishing well.

Miss McFadden expressed her thanks in her own very charming manner and Mrs. McFadden added a few words of appreciation for the kindness and the thoughtfulness of Mannville folk.

IN MEMORIAM

In Loving Memory of—
"DAD" WILLIAM AXLEY
—who passed away Nov. 12, 1953.
"We little know when we woke that morn
The sorrow the day would bring:
For the call was sudden, the shock severe,
To part with one we loved so well.
He bade no one a last farewell,
He said good-bye to none;
A dear heart had ceased to beat
And suddenly he was gone."
—Ever remembered by his loving Wife, Family, and Grandchildren.

CARD OF THANKS

Mr. and Mrs. George Dyck wish to express their appreciation to their friends and neighbors who stacked greenfeed and cut wood for them following Mr. Dyck's accident. Special thanks to the ladies who provided lunch. Such kindly acts will never be forgotten.

CARD OF THANKS

We would like to thank our Vermilion friends for the many beautiful floral tributes, cards and letters expressing deep sympathy during the tragic loss of our loved one. Such thoughtfulness will never be forgotten.

Norman Donnelly and family.

CARD OF THANKS

We would like to express our deep appreciation to our many Vermilion friends for flowers, sympathy cards and letters sent to us during our daughter's tragic bereavement. She deeply appreciated so many of Lloyd's home town friends remembering her in her hour of sorrow. Such friends will never be forgotten. Once again, all we can say is "Thank You"

Pictured above are several members of the Swanson-Babcock wedding party taken at Trail, B.C. In the back row left to right are Douglas Swanson, James Swanson, bride and groom Mr. and Mrs. William Hugh Swanson, Mrs. M. Ross and Gerald Babcock. Seated on the left is Patricia Swanson and on the right Irene Babcock.

The Swansons are a well known former Vermilion family now residing at Trail, B. C. Among the out-of-town guests at the wedding was Mrs. Douglas Maxwell of Vermilion

Wedding of Hugh Swanson and Eileen Babcock Solemnized at Trail

TRAIL, B. C. — Jacqueline Eileen Babcock, daughter of Mr. and Mrs. Gerald Babcock of Trail, became the bride of William Hugh Swanson son of Mr and Mrs. James Swanson of Trail at a ceremony held at the East Trail United church on September 1st. Rev J. M. Taylor officiated with Miss Roberta McKinnon presiding at the organ. Church decorations were gladioli, with the guests pews marked with white satin ribbons centred with white asters.

Given in marriage by her father the bride wore a floor-length gown of tulle and lace over satin, the long torso lace bodice featuring lily point sleeves and Peter Pan collar. A heart shaped coronet held her chapel veil and she wore pearl earrings, the gift of the groom. Her bouquet was of pink and white rosebuds.

Mrs. M. Ross was matron of honor, with Miss Irene Babcock, sister of the bride and Miss Patricia Swanson sister of the groom, as bridesmaids

Best man was James Swanson, brother of the groom and ushers were Douglas Swanson and Gerald Babcock.

The reception was held at the Masonic hall where the bride's table was decorated with vases of pink and white asters and white candles centred by a three-tiered wedding cake topped with a miniature bride and groom. Mr Alec Brokenshire proposed the toast to the bride and Mr James Swanson Jr the toast to the bridesmaids and the matron of honor

For receiving with the bridal party Mrs. Swanson wore a turquoise frock with navy accessories and a pink carnation corsage.

For her wedding trip to Prince Rupert the bride changed to a green tweed suit, worn with white accessories and a white carnation corsage.

Out-of-town guests were Mr. and Mrs. Gerald Babcock Jr. and James Swanson Jr of Fort Saskatchewan, Mrs Henry Whiteside of Edmonton and Mrs. Douglas A. Maxwell of Vermilion.

Red Cross Relief Flown to Hungary

A precious cargo of drugs and medical supplies weighing 11,000 pounds and valued at $40,000 is enroute to victims of Hungarian disturbances. The shipment, which was loaded aboard a North Star aircraft of the RCAF Air Transport Command at Malton Airport on Tuesday afternoon Oct 30th was scheduled to reach its destination some time Thursday

The drugs and medical supplies are being sent from the Canadian Red Cross to the League of Red Cross Socities in care of the Austrian Red Cross. The plane will be received by a representative of the Canadian legation in Vienna and the relief supplies will be turned over to the Hungarian Red Cross for distribution to victims in areas that are affected by the conflict

The Canadian Red Cross shipment consisted of sulpha drugs penicillin, streptimycin, sterile field dressings bandages, splints hospital sheets and pillow cases. Aboard the aircraft were William Boss internationally known Canadian Press correspondent and Richard H Gluns National Director of Public Relations for the Canadian Red Cross Society

NOTHING BUT THE TRUTH By Arnold

Rev. Eric P. Berg Appointed Manager Valley View Lodge

Reverend Eric P Berg arrived in Penticton last week to assume duties as the new manager of the Valley View Lodge

During his 19 years experience as a pastor under the Christian and Missionary Alliance, he served in Hythe, Stony Plain and Vermilion Alta., Denzil, Sask., and latterly in Abbotsford.

While acting as a pastor in the Abbotsford Church, he saw the Sunday School and congregation double as well the main auditorium of the church completed and dedicated for service

In addition he served as a director on the executive of the Friends of Israel Prayer Fellowship and the Alberta Soldiers and Airmen's Christian Association for a number of years.

Rev Berg feels that Penticton can be justly proud of their senior citizens' home and he commends those who had the vision to build such a home

Accompanying the new manager are his wife and daughter, Fern. They are presently residing at the lodge until suitable accommodation can be found

Pill Counter

With so many citizens consuming so many pills there was naturally a demand for a device to count the ones taken says The Financial Post. A device now made has seven compartments, one for each day of the week and big enough to hold a day's dosage. Gold letters identify each compartment and seven spring traps in the bottom let the pills out

Safer Surgery

Safer abdominal operations will result from use of new 'cooling' technique reports The Financial Post. It has been used up to present in some heart and brain operations. Body is packed with ice bags, lowering temperature and permitting blood supply to various organs to be shut off for long periods. Bloodless technique will give surgeons greater freedom

Gordon Williams Appointed Arena Caretaker

A regular meeting of the town council was held Oct. 16th with Mayor M. Hill, Crs. Chalmers, Locke, Mitchell, Sutherland and Thompson present. Absent: Cr. E. J. Herzog

Correspondence was received from Vermilion Athletic Assoc. re hockey practice; Deputy Provincial Treasurer re 1957 borrowings; Board of Trade re annual grant; Boy Scouts Assoc. re financial assistance; Vermilion S.D re Blocks 43 and 44; Vermilion Agricultural Society re use of arena

Other business: Appointment of arena caretaker; appointment of building inspector.

The following motions carried:

That Cr Locke be appointed deputy mayor for November and December 1956.

That the skating arena be rented to the Vermilion Agricultural Assoc for the annual purebred stock sale Nov. 10, for sum of $25. Premises to be left in good order.

That W B Mix account as rendered be paid to date.

That by-law 9-56 be given first and second readings.

That a permit be granted for addition to scout hall on Lots 3, 4, 5, Blk. 1, as per plans submitted.

That Gordon Williams be appointed caretaker at arena for the winter at rate of $200 per month. Any help to be paid for by him.

That enumerator be allowed 15 cents per name remuneration for completion of supplementary voters' list.

Annual Bible Soc. Canvass, Mannville

MANNVILE. The annual canvass on behalf of the British and Foreign Bible Society will be made in Mannville during next week beginning Monday, Nov. 5. All the canvassers are volunteers who give their time to this task because they believe in the work of the Society. The citizens of Mannville have responded generously in previous years. Rev. E. J Heuer the District Secretary, has expressed the thanks of the Bible Society to the people of Mannville on several occasions.

The distribution of the Bible throughout the world is essential. It is hoped that everyone will continue to rally around this cause. When a canvasser calls we must remember that the Bible Society is the only source of supply for the Holy Scripture in missionary languages.

Ralph Wilson, F.U.A. Director, Outlines History of Movement

Ralph Wilson, Director of the F.U.A. for District No. 7, gave the following interesting history of the farm organization movement in Alberta, at the Don Clayton overflow meeting in Vermilion on Friday evening. The story was told on the eve of the F.U.A. membership drive so is particularly appropriate at this time. It will prove of interest to everyone in this fine agricultural area of Alberta.

Mr Wilson's story follows:

"In the very early years of the history of this province, our pioneer forefathers discovered that although they had reached the land of opportunity and promise, they were, in fact, a forgotten people, far from markets, far from the eastern population centres where the laws were made, isolated and ignored by the rest of the Dominion. It was then to gain recognition for the people engaged in agriculture that the first western farm organization was born. There are men now living who remember the hard years in which was brought into being that first Society of Equity of the North-West Territories.

As it became apparent to more and more people that in unity was strength, and that the only hope for a vigorous and healthy western agriculture was a united front, a strong organization was built up under the name of United Farmers of Alberta. A political party was formed, and eventually became supreme in Alberta, but through political strategy and the frailty of man, fell into oblivion.

Still the Alberta farm organization, like the phoenix of old, rose from its own ashes and under the name F.U.A. became greater than before.

In the year 1954 under the able leadership of Mr. Henry Young, over one half of the farmers of the province of Alberta were members of the F.U.A.

After fifty years struggle, the first lap had been gained. Our farm organization had finally been recognized as representing the views of Alberta agriculture.

TERMINAL STORAGE CHARGES

Dramatically that influence became felt at once. At the insistence of western farm organizations, terminal charges on storage of surplus wheat which at one time had cost the western farmers millions of dollars per year, were assumed by the Canadian government.

FLOOR PRICES ON BUTTER

Due to strong action by farm unions and dairy groups the floor price on butter was continued even though this move was opposed by eastern wholesalers.

FLOOR PRICE FOR HOGS CONTINUED

In order that a stable market in hogs might be maintained the F.U.A. pressed for a continuation of the floor on hogs, this floor to remain indefinitely.

AMEND GRAIN ACT

The pressure of publicity which the farm groups have exerted brought about an amendment to the Canada Grain Act. This amendment provides that all overages at terminal elevators are returned to the wheat board, and thus to the farmer.

Ten million bushels of overages accumulated during the period 1945 to 1950 - and, "that ain't hay".

LOWER TRUCK LICENSE

The F.U.A. contends that the light truck is the poor farmer's car, a necessary part of farm equipment. As such it was requested of the Alberta government that the license of trucks of similar weight be equalized and lowered. This request was brought into effect in 1956.

UNEARNED INCREMENT TAX REPEALED

In the year 1955 there was a motion brought up at the district convention at Wainwright to have the unearned increment tax repealed. The motion was passed. That motion was brought on to the convention at Edmonton last December where it again passed. Due to the representation of our F.U.A. delegation to the members of the government, the unearned increment tax was repealed; a saving to Alberta farmers of approximately $865,000 a year.

COMPLETE F.U.A. OFFICES

Last year saw the completion in Edmonton of the fine new F.U.A. office building.

We now have a splendid permanent building, paid for entirely by the farmers of Alberta, and dedicated to serve the needs of present and future farmers.

Farmers recognize their responsibilities to other citizens in other fields of endeavor in Canada. All they ask is what these other citizens take as a matter of course — reasonable returns for their labor and capital investment.

UNION IS DEMOCRATIC, NON POLITICAL

The Farmers' Union is a democratic, non political union, working primarily to protect the interests of our members and the welfare of Canada.

OBJECTIVES

Let us not be weary of well-doing. We still need a price support program for agricultural products, establishing a fair relationship between farm and other prices. We still need a grain policy involving cash advances on stored grain. Many people in Canada do not realize that the farmers who produce the foodstuffs of the world must store at their own expense, sometimes for several years, grain which they cannot sell.

Western farmers are fine spenders. When they are prosperous there is a ready market for a great diversity of manufactured goods, thus promoting general prosperity.

Throughout history we have seen how poverty of the people on the land, and the resultant mismanagement of the land, has brought about the ruin of farms through erosion, and whole races of people have disappared into oblivion.

The potential greatness of this province, this great new empire is beyond our wildest dreams.

When the last oil well in Alberta is nothing but a dried up hole the land will still be here.

If the people have been prosperous and able to conserve this soil, there may well be a thriving population on well kept farms owned by our children and our children's children, forever.

A poor, hard scrabbling population could deplete the land to such an extent that our children would inherit a deserted wilderness of parched eroded fields, where coyotes inhabit the land we love and howl from among the ruins of the country elevators."

Over Seventy Attend Dewberry Home and School Meeting

DEWBERRY — Despite a miserable evening an attendance of over seventy was once more recorded at the meeting of the Dewberry Home and School on October 25th. The September minutes were read and adopted. A letter from the Alberta Home and School conference telling of a meeting in Vegreville on Nov. 8th was read and discussed.

It was decided to present Elaine Hyatt (Mathison) with a gift as she had tied with Elaine Wilson for the Grade 12 honors. All were heartily agreed on this matter.

The costs of operation of skating rink were then discussed. High school boys are to care for the rink, and the Home and School assume all responsibility for financial.

As the day of the Parent-Teacher interviews was rapidly approaching the mothers present agreed to serve lunch during that day as a means of raising both funds and teacher's dispositions. A committee of three consisting of Mrs. Bill McMullen, Mrs. Geo. Needham, and Mrs. Jack Reiny was appointed to look after the lunch. Date Nov. 17, Saturday.

The November meeting date was left open as it is hoped to fit this meeting to the convenience of a mental health speaker, Dr. Schragg, whom it is hoped to have address the meeting.

Mr Johnny Anderson then questioned both the necessity and the advisability of having P.T. exercises of too strenuous a nature. He felt that the average farm child hasn't the same need of exercise as a city child might have.

Mrs. Bill McMullen, delegate to Home and School Workshop in Banff recently, gave a very interesting report of all she had learned there. Several highlights Mrs. McMullen mentioned that had been topics for discussion were: Importance of a program for each meeting: alarm over drop in number of students attending school from Grade 9 to Grade 12: keeping aims of the Home and School in view at all times, and the qualities necessary in a good leader. The report was much enjoyed.

Mr. Smith then gave an enlightening talk on the U. N., its aims and its accomplishments.

Mrs. Monro, not long back from a trip to England, told of a few of the changes she had found there, one being that nationalized trains are dirty trains.

Mrs. Haskell Sr. told a little of life in Denmark as it was when she left there but felt there had likely been many changes since that day. Mrs. Durnin narrowly escaped having no lunch served to her. She must learn to watch her tongue! Meeting adjourned and the usual excellent lunch was served.

Relaxed Restrictions Will Be General

Sweeping Changes Indicated In City, Town, Village and Municipal Acts

EDMONTON — They've already started working behind the scenes to set the stage for the 1957 session of the legislature, even though hostilities don't start for more than three months.

Naturally most of the work is of a highly secretive nature at this point, but there have been a few indications of what can be expected in the way of major issues to confront the 61 members when they gather in February.

Municipal Affairs Minister Alf Hooke has disclosed that he plans to introduce sweeping changes in the province's municipal legislation, relaxing and in some cases eliminating the restrictions now exercised by senior government over the actions of local councils.

Over the years scores of clauses have been written into municipal acts, requiring that local councils obtain the approval of the minister or of the cabinet before doing certain things.

Mr. Hooke says many of these requirements will be thrown out. As it stands now, he says, there are many inconsistencies. Municipalities can take some important steps without government consent, but others no more important require the blessing of the province.

As a result, there likely will be changes in the City Act, the Town and Village Act, the Municipal District Act, the County Act and perhaps some others.

NO SALES TAX LEGISLATION EXPECTED

Indications are that there won't be any legislation to implement any measures which may arise out of the current review of the municipal-provincial tax and revenue structure.

Provincial Treasurer Ted Hinman says that while progress is being made by the committee of government officials and municipal leaders there won't be time to prepare any legislation for the 1957 session. So in all likelihood Mr Hinman's budget won't contain any major surprises.

However, that doesn't mean there won't be plenty of talk before the session is over. Albertans may know whether they will have to pay a sales tax or some other type of additional tax to meet the growing municipal budgets.

AMENDMENTS TO LIQUOR CONTROL ACT

There likely will be amendments to the Liquor Control Act, and if so they will undoubtedly comprise the biggest single issue of the session.

The eight member legislative committee stuyding the liquor laws should have its report ready sometime in February which will leave plenty of time to prepare the legislation needed to implement any changes which are being recommended.

Members of the committee are meeting daily behind closed doors in the Legislative building to write out their findings.

TWO WAY RACE IN THE STETTLER BY ELECTION

The Stettler constituency by election slated for Nov. 15 has developed into a two-way race between the two arch-rivals — the Social Credit party and the Liberal party.

Galen C. Norris, 40-year-old livestock dealer from Erskine, is carrying the banner for Social Credit while his opponent is 32 year-old Murray Rairdan, a farmer and cattle breeder from Stettler.

It will probably be more interesting as a two-way battle, because for the first time since the 1920's voters will be marking their ballots with the "X" rather than with numbers under the transferable ballot system.

With only two candidates in the field, the winner will have to gain a clear majority of the votes. It will be impossible for one candidate to win with less than 50 per cent because of the other votes being split among two or more candidates.

A lively campaign can be expected, because both parties would dearly love to win the Stettler seat. Social Credit has thirty six members now, compared with 51 in the last legislature, so Premier Manning needs all the support he can get. The Liberals want the seat if only to prove their increase in strength in the 1955 election was no 'fluke'.

Mr and Mrs L. Sherwood of Wainwright visited here for the week end.

Don't forget that the young folks are holding a dance at the Morrison hall this Friday Nov 2nd.

Liberal Convention November 13, 14

Liberals from all parts of Alberta will gather in convention in Calgary on November 13th and 14th to consider, discuss and make recommendations concerning Liberal party policy in both the federal and provincial fields.

Highlight of the proceedings will be the banquet address of the Honorable Walter Harris, Minister of Finance, Ottawa, on the evening of the 13th.

J. Harper Prowse, Liberal leader in Alberta since 1947, who saw his group in the legislature increased from four to fifteen in the 1955 election, will speak at 2 o'clock on Tuesday, November 13th. Also scheduled to address the delegates is the Honorable George Prudham, Alberta's cabinet minister and member of parliament for Edmonton West. John Decore, M. P. for Vegreville, will discuss problems pertaining to the marketing of wheat.

Mrs. A. G. Virtue of Lethbridge, president of the Alberta Liberal Women's Association, will report to the convention as will Mr. Ralph Walker, Calgary, president of the Alberta Young Liberal Association.

President of the Alberta Liberal Association Wilf J. Edgar of Innisfail anticipates an attendance of around 700 delegates. Named as committee chairman by the executive at ... Edmonton recently were Andre Dechene Q. C. Edmonton Resolutions; Hugh John MacDonald M. L. A. Calgary and R. F. L. Hanna M. P. Edmonton Organization and Education; Edward Davison Coaldale Nominations; and D. E. MacKenzie Q. C. Edmonton Constitution.

The Advisory Council of the Association will meet in Calgary the day prior to the convention.

Congratulations and all good wishes to Mr and Mrs H Strang who were married recently at Lloydminster.

Sixteen attended service at Pleasant Valley on Sunday and enjoyed very much the sermon given by the Rev. K. A. Minchin. We have a nice stove but the chimney was being re-modelled and thus there was no heat for the previous service. Thanks to Fred Gould, Allan Coutts and Tom Sherwood the chimney is finished and the church is now very comfortable.

Guests for supper Sunday at the home of Mr and Mrs J Repp were Mr and Mrs Robinson and family and Mr and Mrs Wells and Diana. Visitors at the same home Wednesday were Mrs Sherwood (Mrs. Repp's mother), Mr and Mrs. McFarland, Mr and Mrs C Clarke and family.

The writer is sorry to learn that Mrs B Risdale's aged mother Mrs Till had the misfortune to fall and break her leg. Just a short time ago she suffered a fracture of the other leg. Mrs Till at one time lived in the Borradaile district.

Quilters have been busy at the home of Mrs O Repp. Among these were Mrs Harrison, Mrs Hardie, Mrs Carroll, Mrs Dowtell and Mrs Oldenberg.

Paradise Valley

Miss June Sivenson of Edmonton was a recent visitor at the home of Mr. and Mrs. Peter Wolf.

We regret to hear that Miss Linda Stepenoff had to be rushed to the Lloydminster hospital for an emergency operation. Mrs. Arthur Clarke who has been a patient in the same hospital for many weeks has returned home. Mr. Gerald McLean is also home from hospital.

The Paradise Valley W.A. of the United Church held their annual chicken supper on Friday evening. They kept up their wonderful reputation for a grand supper and a large crowd as we understand nearly 400 tickets were sold. Mr. Jack Hawbre ran a four reel show after supper which was much appreciated.

Well, our good weather has come to an end. Our first snow made its appearance Thursday night. However we are not in the same class as southern Alberta. Quite a lot of combining is still to be done and we very much doubt if it will be completed this fall now.

Mr. and Mrs. James Storms and Jerry have moved in to the United Church manse for the winter months. Mr. Storms held a sale recently and disposed of his farm equipment and stock.

Mrs. Robert Fair paid a short visit to the Valley on Wednesday. Her sister Mrs. W. A. Gunn returned to Vermilion with her where they were supper guests at the J. A. Smith home. On Thursday and Friday Mrs. Gunn attended the 4-H Leaders' convention which was held in the Agricultural school in Vermilion. The members of the 4-H Junior activities branch of the Department of Agriculture were present and had put a good deal of work and effort into making this a very worthwhile convention. The attendance was not as large as it might have been but those present had the opportunity of getting valuable information and assistance.

Some people will be interested to know that Miss Dorothy Olsen, assistant supervisor of 4-H Clubs in the Department of Agriculture was married on Oct. 20th. She and her husband who is a university graduate in Agriculture from Saskatchewan will be teaching at Fairview Agricultural School for the winter. After that they will reside on a farm near Lethbridge. Miss Olsen visited the Garden and Clothing clubs in this district a number of times.

New about your [illegible]

"HELLO, HOMEMAKERS"

Now that November is here, Christmas is the event which occupies our minds. What to give? To whom to give, are problems encountered every year. And every year these problems are just as puzzling as the last year.

Now is the time when Christmas cakes and puddings should be made. Store them well wrapped in a crockery jar—in a cool place. The cake will become moist and the flavour will be delicious.

Encourage your children to make gifts to give to their special friends. If they are going to make them, they'd better get started soon to avoid the last minute rush.

BEST GARDEN CLUB

To take us from the wintery months ahead to the summer just past: I have an announcement. Czar Garden Club was chosen best garden club in the Wainwright Vermilion district. Congratulations, girls.

STORING SUMMER CLOTHES

When you store those summer cottons, be sure they are clean. Though you'll have to iron them in the spring, launder them before storage. Dirt weakens the fibres and is harder to remove after storage.

LADIES in the VERMILION AREA

I will be in Vermilion Dept. of Agriculture Office all day Friday November 9th. If you have any problems or questions with which I might be of help please feel free to drop in. If you have no problems (lucky you) well drop in anyway, I'd like to meet [illegible].

DID YOU KNOW

That parsley is an excellent source of Vitamins even in the small amount used as a garnish. Why not plant some and use it for a little extra flavour in salads and main meals?

That liver and other organ meats are a richer source of iron and other food essentials. What's more, they're good eating. I have some recipes to prove it. Want them? Just write and ask for "Variety meat recipes."

That the imperial quart—used here in Canada equals five 8 oz. cups. The American quart is only 4 cups. Don't forget that when using American recipes.

TIP FOR THE WEEK

If you splash paint on glass or mirrors in your fall "paint up campaign" here's a tip. Heat strong vinegar to as hot as your hand can stand. Dip cloth in hot vinegar and wipe paint stains. You'll find the paint removes easily.

Chrysler Sales Increase for Sept.

WINDSOR, Ontario — Retail sales of Chrysler of Canada passenger cars increased during September by nearly 32 percent over the same period in 1955, it was announced today.

"This is the most impressive increase in registrations of new cars that we have recorded to date," said Ron W. Todgham, president of the company. "It is particularly significant in view of an overall increase throughout the Canadian industry of only 6.8 percent during the month."

For the first nine months of the present year, Canadian purchases of new Plymouth, Dodge, DeSoto, Chrysler and Imperial automobiles have shown a gain of 14.3 percent over the same period in 1955. The industry gain was 3.2 percent, Mr. Todgham added.

The company's share of all Canadian passenger car registrations in Canada so far this year stands at 24.7 percent.

Substantial gains have also been recorded in the sale of Chrysler-built commercial vehicles. For the first nine months registrations on Dodge and Fargo trucks showed an increase of 36.3 percent over the same period of 1955. This compares with an industry-wide gain of 11.8 pct.

'Butch' Croft To Join R. C. N.

MANNVILLE. — A surprise farewell party was held at the home of Beryl Swain on Saturday night, Oct. 27th for John (Butch) Croft who is leaving soon to join the Royal Canadian Navy.

As Butch entered the room with Allan Swain and Bob Willes some 35 guests were gathered and started to sing "All the Nice Girls Love a Sailor". The evening was spent in dancing and playing games.

Lunch was served by Mrs. C. Swain, Mrs. D. Croft and Mrs. P. [illegible], after which Allan Swain in a few well chosen words wished John good luck in his venture into the Navy and Lorne Scoggins on behalf of those present presented John with a camera. John, with his natural sense of humor, thanked the gathering. The evening came to a close with the singing of "For He's a Jolly Good Fellow".

UP-DOWN-UP

Aluminum helped today's high-speed, high-compression car engine get that way. Aluminum pistons brought not only toughness but lightness to the up-and-down job. Less weight meant less inertia and so made possible higher engine revolutions. It brought heat conductivity, too —so your engine doesn't overheat when you drive fast and far.

It started in the twenties . . . and today every car produced in North America is equipped with aluminum pistons. And much of the aluminum comes from Canadian smelters. To match the needs of the automotive, aircraft, construction and many other industries for large quantities of aluminum, Alcan is now stepping up its already enormous smelting capacity.

Vol. XLVIII. No. 20. Vermilion, Alberta, Thursday, November 15th, 1956. 12 PAGES $2.50 A YEAR

Agricultural Society Livestock Sale Draws Largest Crowd Ever

The annual fall sale of purebred cattle and hogs conducted by the Agricultural Society on Saturday last proved quite a successful event and achieved its objective of placing additional good quality livestock in the northern part of the province.

Attended by the largest crowd ever to assemble at such a sale in Vermilion, the event was carried out in the arena rink where excellent facilities were available. Don E. Ball & Associates of Edmonton assisted by E. S. Wilson of Vermilion handled the gavel with excellent results.

HOG PRICES HIGHEST IN PROVINCE

Experienced hog raisers attending the sale were enthusiastic over the results obtained, which indicated the keen interest presently enjoyed by the hog industry. A culling committee representative of the Agricultural Society and the Provincial Dept. of Agriculture ruled out half a dozen head which did not meet requirements so that the offerings generally were of improved quality. The top female of the sale brought the unusual price of $122.50, as compared to $70 a year ago while the top male brought $115 in comparison with $80 in 1955. Females sold had an average price of $104 and the sale attained an overall average of all hogs sold of $86.

SHORTHORN BULL TOPS CATTLE SALE

A fine young bull from the Shorthorn herd of Peter M. Samoll of Lavoy proved to be the top male sold, bringing a price of $400, while the top female of the sale came from the ranch of Homer Campbell of Clandonald with a price of $300. The average price for Aberdeen Angus males showed a slight drop from that of 1955 while the average price for Angus females was $18 higher than a year ago. The average price for all Herefords showed an increase over the 1955 sale of $12 and the top of $340 was $70 higher than the top in the previous year's sale. In the case of Shorthorns the average was slightly lower than prices prevailing in 1955.

Generally speaking the results of the Vermilion 1956 sale were most acceptable to both sellers and those who required new blood in their herds. It is felt that the sale is serving a useful purpose and comments from those in attendance were encouraging to officials in charge. Fast and furious bidding attended the offering of practically every hog placed on the block and one department officer present expressed the opinion that Vermilion's 1956 hog sale was quite easily "tops" for the province for the current year.

Society officers wish to express their thanks to all who assisted in the onerous task of conducting the event.

Buy Kin Peanuts — Help Scout Fund

Vermilion Kinsmen and Boy Scouts will be selling peanuts to the residents of Vermilion on Friday, November 16. Since the project will take place on Friday evening, householders are kindly requested to leave their porch lights on.

In addition, all day Saturday, November 17, peanuts will be sold on the sidewalks in the business section of Vermilion.

All proceeds of this project will be turned over to the Scout Hall Building fund.

MR. BOB SHELTON

Crusader To Speak

Mr. Bob Shelton, soon to leave for mission work in Saigon, Viet Nam, will participate in a unique program with an international and inter-racial flavor, Nov. 20 and 21 in Vermilion.

In addition to the premiere of a new cinemascope motion picture, "Trail's End" which was filmed in Viet Nam, and a musicale to be presented by the Eureka Jubilee Singers from Chicago the young American from Pontiac, Mich., will relate his experiences.

Shelton, still a young man, first went to the beleaguered island of Formosa in 1952 under the auspices of an American university. In a few years he has had a lifetime of experience as he has helped transform Chiang Kai Shek's island powder keg into a Gospel powerhouse. He was the first white man to have ever visited eight of the Generalissimo's outposts on the Pescadore Island and worked among the Chinese Army of Free China. On Okinawa he produced a radio rally for American servicemen over the military network of the Far East radio.

The public is cordially invited to attend these programs.

Martin McBride Passes Away

John Martin McBride, esteemed old timer of the Allandale district, died at the home of his daughter, Mrs. Harold Cooper, on Saturday, Nov. 10th. He had reached the advanced age of 85 years.

Funeral services were held at the First United church, Vermilion on Thursday, Nov. 15th with interment following in the Vermilion cemetery. The Rev. C.W. MacKay officiated.

Mr. McBride came to the district back in 1912 and for many years farmed successfully in the Allandale district. A few years ago he retired to live in Vermilion. About one year ago his health began failing and since that time he has stayed at the home of his daughter north of Clandonald.

Predeceased by Mrs. McBride in May 1950, he leaves to mourn his loss two daughters, Mrs. Harold Cooper of Clandonald, and Mrs. Neva Newcombe of Vancouver. There are five grandchildren and three great grandchildren.

Moyer's were in charge of the funeral arrangements.

Social Credit Assoc. Annual Meeting At Mannville

The annual meeting of the Vermilion Constituency Social Credit Association will be held on Monday, Nov. 19th in the Orange hall in Mannville at 8 p.m.

William Stefura, Social Credit federal candidate for the Vegreville Constituency, Jas. A. Smith, M.P. for the Battle River-Camrose constituency, and a cabinet minister from Edmonton have all been invited to attend the meeting.

Business will include consideration of resolutions to the provincial convention in Edmonton; appointment of delegates to attend the provincial Social Credit convention in Edmonton; discussion of plans for the federal election which will likely be held next June; election of officers and committees for the Vermilion constituency association.

Clarence Ewing of Mannville is the president of the Vermilion organization with Ashley H. Cooper of Vermilion, the secretary.

For those requiring transportation, cars will leave the Legion hall corner at 7:30 p.m. Everyone welcome.

Dr. and Mrs. King To Leave Vermilion

Dr. A. B. and Mrs. King and family will leave Vermilion on Dec. 15th and will spend Xmas with Mrs. King's parents Mr. and Mrs. Prescott in Saskatoon. They will then continue on to Boston where they will live for the next five years. During this time Dr. King will take post-graduate training in surgery with the ultimate aim of being fully qualified in pediatric surgery (surgery of children).

Dr. King expects that an experienced doctor will continue the practise in Vermilion and should be in the office shortly before he leaves or very soon after. Dr. King will not be practising after Dec. 8th.

The King home will be at 129 Chapman Street, Canton, Mass. in a lovely large house located on an acreage and in a suburb, a community much the same size as Vermilion.

Owing to a short week, Monday being a holiday a large number of stories including weddings, district news and local items have had to be held over until next week. This includes a story of the newly-formed Juvenile hockey league and "Green Acres".

At the time of the 1951 census 83.5 per cent of Canada's population was native-born.

Vermilion Town and Country Banquet To Hear Story Of Life Behind Iron Curtain

Don Rollans, news director for radio station CHED in Edmonton, recently returned from a six weeks tour of Europe, one week of which was spent in Soviet Russia, will be the guest speaker at the Town and Country banquet to be held at the Anglican parish hall on Monday, Nov. 26th. The annual event is sponsored by the Vermilion Board of Trade and has formerly been called the Farmers' Banquet.

On September first of this year, Mr. Rollans left Edmonton and visited England, France, Germany, Italy and Spain, prior to going behind the "Iron Curtain". While in Moscow he interviewed personalities at Radio Moscow, including the infamous "Moscow Molly", known for her broadcasts beamed to the men employed on the DEW line. As guest speaker he will review his impressions of the Russian way of life, their habits with regard to food, clothing, religion and working conditions. With the world situation in a turmoil, here is a man who has returned 'with the facts'.

By being the first newsman to be sent to Russia by a private Canadian radio station, Don once more proved that RADIO 1080, CHED, is first with the news!

Tickets for the banquet are now on sale by all members of the Vermilion Board of Trade at $1.50 per plate. It is open to ladies as well as gentlemen, but as accommodation is limited in the hall to 150 admission has to be restricted to ticket holders only.

Obtain your tickets early and avoid disappointment as this is the very first occasion a Vermilion audience has had the opportunity of listening to a first hand account of "Life Behind the Iron Curtain".

Mixed Chorus Plans Xmas Carol Service

Weekly practices by the Vermilion Mixed Chorus, in preparation for their annual Christmas Carol concert, are bringing the program into shape for this very worthwhile effort. New carols are being introduced, and this year the audience will be asked to participate in two of the numbers, well known Christmas hymns. One of the new carols is from the Huron Indian setting by St. Jean de Brebeuf, translated in 1926 by J. Edgar Middleton.

As is the usual practice the use of the Columbia theatre is being donated by Manager Nick Kowalchuk, and all proceeds will be used to spread the Xmas spirit to less fortunate residents of this district. Along with this there is no one who receives any remuneration among the chorus members so apart from incidental expenses everything goes to the fund, a collection will be taken and it will be requested that generosity be the tone and put the net results on a much higher level than is usual, so that all taking part will feel their efforts are worthwhile.

The chorus members are advised that time is very limited and attendance at practice is a must, no missing please.

This much anticipated musical event will be held on Sunday evening Dec. 16th at 9 p.m.

Islay Old Timer Dies In Edmonton

James Nelson Gilchrist, a well remembered old timer of the Islay district passed away in Edmonton where he has resided for many years on Nov 4th. A sister, Mrs. Lloyd McFadden (Nellie) lives in Vermilion.

He leaves to mourn his loss his loving wife, three sons all in Edmonton, one brother Gordon Gilchrist, and one sister Mrs. Lloyd McFadden.

Funeral services were held on Wednesday afternoon with interment following at the Mount Pleasant cemetery.

Plan Vermilion And District Band

It would be that few read the last writing in this paper regarding the formation of a Vermilion band. There are three citizens who are willing to help start a band teaching the music and instruments free. All that is asked is for you to turn out for the practices. You will never get a better opportunity to do a little for yourself and for your town. The meeting place and date will be announced later.

Death of Mrs. W. F. Cooper

Mrs. Maria Rosina Cooper, beloved wife of Mr. Walter F. Cooper, passed away at the Vermilion hospital on Wednesday, Nov. 14th. She was 76 years of age and had resided in the district since 1910.

She leaves to mourn her loss her husband, two sons, Maurice of Irma and Harry of Vermilion, and one daughter Mrs. Lawrence Barlow of Vermilion. There are 11 grandchildren and two great grandchildren. A brother and a sister live in England.

Funeral services will be held on Saturday, Nov. 17th at 1:00 p.m. in St. Saviour's Anglican church, Vermilion with interment in the Vermilion cemetery.

Moyer's are in charge of the arrangements.

GETS PERFECT CRIB HAND

Playing crib at the Legion on Friday evening Nov. 9th Const. MacIntosh R.C.M.P. achieved the desire of every crib player's heart: he counted a perfect 29 hand. Const. MacIntosh held three five spots and the Jack of Hearts and the five of Hearts was cut for the perfect score. The hands of the Constable had not been any too good up to that point and while the big score did not win him the game it saved him from a skunk at the hands of Alex Manyluk with whom he was playing. It was the first time that either had ever seen a perfect crib hand.

Alliance Congregation Farewells Rev. McNair and Family

The Legion Hall, Vermilion was filled to capacity Tuesday night Nov. 13th when about 200 members and friends of the Alliance Chapel congregation at Vermilion and Mannville gathered to farewell Rev. and Mrs. [illegible] McNair and their two sons [illegible] and Freddie.

Ministers of the ministerial and their wives were guests at the head table. Captain [illegible] of the Salvation Army and Rev. [illegible] of the Anglican church brought greetings from their congregations as also did Rev. C. W. MacKay of the United church. Mr. MacKay presented Mr. and Mrs. McNair with a silver [illegible] of Vermilion, a gift from the Ministerial Association of which he is president.

A turkey banquet was enjoyed by all, served by the members of the Women's Prayer Band assisted by the young ladies of the congregation. Mr. Albert Powell of the Chapel executive committee was chairman of the proceedings.

The program which followed the banquet included singing led by Ron Mix, a vocal duet by Mr. and Mrs. Elwood Hill of Wainwright, a girls trio by Misses Shirley McIntosh, Elenor Watkins and Georgette Magistad, and a vocal solo by Mr. Albert Mix. Mrs. Geo. Jensen accompanied on the piano.

Following expressions of regret at the McNair's soon departure by the chairman, Mr. and Mrs. McNair suitably replied indicating their [illegible] in leaving Vermilion and expressed that God was leading them into another field of service.

Prior to leaving for his new charge at Chilliwack, B.C. Mr. McNair will preach farewell services this coming Sunday, Nov. [illegible] in the Chapel at Vermilion and the Alliance Tabernacle at Mannville.

New Students Are Welcomed At School of Agriculture Functions

In keeping with the traditions of a lively school spirit and a pride in friendly relations between students, staff and townspeople, several special functions have been arranged in honor of new students arriving at the School of Agriculture for the regular winter term.

A welcoming committee headed by Jim Hook and Joyce Featherstone, president and vice-president respectively of the Students' Union, arrived before the general influx of students. They assisted staff members in showing new students to their rooms and in escorting visiting parents about the campus.

Specially painted "Gob" hats in the school colors were given to the 'Freshies' and all were required to wear name cards to help each other get acquainted.

The entertainment program for the first Saturday night was planned by the staff. Second year students made arrangements for the next week end program. These two parties direct attention to the responsibility of the hosts at such functions. They serve, too, to establish a pattern for some of the routines to be followed at the regular week end recreation programs.

A feature of initiation week included a parade of several tractor-drawn floats through the business section of Vermilion.

School yells, cheers and selections by the school orchestra combined to acquaint all and sundry with the fact that the V.S.A. crowd was back in town. "Welcome" signs in store windows and the friendly interest of citizens rewarded the students for their efforts to be recognized by the townspeople.

Banquet To Be Held By Gideons Here

A fellowship banquet will be held in the Anglican Parish hall on Wednesday, Nov. 21st at 6 o'clock. As guests of the Gideons about forty ministers and their wives from North-eastern Alberta have been invited. As guests also will be the Eureka Jubilee Singers, Evangelist John Newman, and others from the Visions Inc. party.

Tickets are available to the public at $1.50 each, obtainable from members of the Gideons: Roy Watkins, E. Schurman, R. Sorenson, Wm. Mix and E. G. W. Clendenning.

The banquet will be over in time to allow those present to attend the film "Trail's End" at the Armouries where seats will be reserved.

Remembrance Day Services Held

Solemn Remembrance Day services were held in Vermilion on Sunday, Nov. 11th and a complete report will appear next week. Other reports of Remembrance Day services are on hand from Mannville and Marwayne and will appear in full next week.

Gerry Glass Agent For Canadian Oils

Gerry Glass, well known as a member of the staff of Rowe & Sons for the past several years, has been appointed agent for Canadian Oil products in Vermilion and district. Gerry has already commenced his new duties and is anxious to see all old and new customers at the Canadian Oils stand in the east end of town.

Attention, All Lady Curlers

The lady curlers opened their season this week with a bonspiel which will be completed this week end. The annual meeting of the Ladies Curling club will be held at 1 p.m. sharp on Sunday, Nov. 18th.

This will be followed by a zone meeting for the Eaton trophy playdowns. Rinks will be drawn following the meeting. Everyone wishing to curl please phone names in by Sunday noon to 188 or 399.

Funeral Services For Mrs. C. Bowman

A pioneer settler of 1908, Mrs. Edith Sarah Bowman of Dewberry passed away at the age of 81 years in the Islay hospital on Monday, November 12th.

Mrs. Bowman leaves her husband, Cyrenus Bowman, two sons Frank and Durward of Dewberry, and three daughters, Mrs. M. Braithwaite, Mrs. Frank Mead of Dewberry, and Mrs. Hardie Ford of Vermilion, to mourn her loss. There are eighteen grandchildren and fourteen great grandchildren.

Coming to the country in 1908 they homesteaded north of Islay, living there until 1928 when they moved to the Dewberry district to continue farming operations. Mr. and Mrs. Bowman retired in 1947 and since that time have lived in Dewberry.

Funeral services were held on Wednesday, Nov. 14th in the Dewberry hall, with Rev. C. W. MacKay officiating. Interment was in the Dewberry cemetery.

Moyer's carried out all funeral arrangements.

DIVIDENDS AT SEED CLEANERS MEETING

The annual meeting of the Vermilion Seed Cleaners Association will be held in the Legion Hall on Tuesday, Nov. 20th at 2 p.m. Everyone is invited to attend. Shareholders' dividend cheques, totalling some $1100.00, will be distributed at the meeting.

POLITICAL UPHEAVAL

Political upheaval in Poland and revolt in Hungary effectively demolish two myths of Soviet propaganda.

First myth to be shattered is that relationship between Moscow and satellite communist governments is voluntary and based on genuine international friendship.

Second myth demolished by grim happenings in Hungary is that Soviet Union genuinely believes in "peace". Russian tanks manned by Soviet soldiers, firing on Hungarian demonstrators gives lie to Kremlin's professed belief in settlement by peaceful means of internal or international dispute anywhere within Soviet Union's sphere of influence.

Real cause of upheaval in Poland and revolt in Hungary is twofold.

First is political, reflecting resentment of Poles and Hungarians against being treated as satellite colonials of Soviet Union.

Second is economic and has its origin in abject poverty and misery of peoples who have discovered that communist planning means the opposite of prosperity.

4-H Seed Fair Held At Mannville

MANNVILLE — Mannville 4-H seed fair for 1956 was held in the United church hall on Monday afternoon Nov. 5th with Mr Steifon as judge. The rating was as follows: 1 Josie MacDonald, 2. Garry Bennett, 3 Emil Fedeshko. These three winners will have their samples shown at Calgary. Mr. Buckingham and Mr I...tts were present. The latter presented Josie MacDonald with a small gift for the best wheat plot in the Mannville 4-H club.

A buffet luncheon for the members will be held on Nov. 30. Visitors wishing to hear the speakers may come at 7:30. This will be held in the school gym.

Those wishing to join the Calf Club for the new year please leave your name with Arleen McLaughlin before Nov 23.

NEWS from ISLAY

And yet another house with lights on. The Hutton family has come in for the winter, moving into George Machell's residence.

Quite a number of ladies came to the Explorer rally on Saturday. Representation from Wainwright, Lloydminster, Dewberry, Marwayne and Mannville. Mrs. Stewart from Duhamel was the speaker. A bit disappointing when mothers of the Explorer-age girls of Islay were not present. Leaders of such an organization also 4-H group leaders are not paid leaders. We should be proud when people come forth of their own free will to help the growing youngsters.

BARLEY CLUB WINNERS

The 4-H Barley Club Achievement day was held Tuesday. There was a nice display too. Top winners were 1st Raymond Kowalski, 2nd Frances Kowalski, 3rd, Lynda Redmond. Congrats to you three. These had special gardens too this summer.

Come to church Sunday evening at 7:30 p.m.

Three hunters, Bill McLean, Ev Inman and Bob Snelgrove went to the Hinton vicinity where they saw a lot of animals but not the ones that could be shot. They saw some huge tracks too, presumably of a bear and judging from the size must have been those of a grizzly. They saw quite a bit of Hinton and enjoyed the trip.

Mr and Mrs. Jimmie Miller of Edmonton were week end visitors at the home of Jimmie's parents in Islay.

Miss Janet Bell who is attending MacTavish college in Edmonton, was home for the holiday.

A rink comprised of Walter McCaughan, Ralph Anderson, Bill Shaw and Ivan Inman went to Edmonton to curl and then to the football game. Mrs. Shaw and Jim went along too — Mascots!

Health Unit Notes

PREPARING YOUR CHILD FOR HOSPITAL

The experience of going to the hospital often leaves emotional scars on a child which may persist long after physical health has been restored. He becomes frightened when a man in a white coat tries to cut his hair, or give him an injection. He often clings unduly to his mother and is terrified when she leaves him alone even for a short time, he gets frightened in a closed room or has night terrors. Of course, many a child does come through hospitalization without such apparent ill effects but the hazard is always present. The danger is that in one devastating event his whole feeling of security can be undermined. It's not only that he's uncomfortable and in pain in a strange place, but if when he needs them most his parents seem to have deserted him, or deceived him, serious damage may be done to his personality.

You can guide your child past this danger. Tell him, simply and matter-of-factly, why he's going to hospital so he won't feel afterwards that the hospital was a mean trick played on him, or a punishment for his own wrongdoing. Also, fear of the unknown is far more terrifying than anxiety about the known. The amount of detail you give depends on the age. The eight-year-old might need to be reassured about surgical masks lest they suggest faceless monsters from the comic books. Let him know about the anaesthetic that will make him sleep comfortably so he won't feel a thing. And tell him he'll wake up right after the operation is over. Present a rounded picture of the hospital — it's more than the operation room.

Some experts advise giving this information only a few hours before, to prevent prolonged brooding about it. Perhaps this is wise for the school-age child, particularly if he is a worrier. Its disadvantage lies in your own difficulty in being as calm and matter-of-fact as you might have been a week before. Also it gives you little time to deal with whatever worry or fear the child may express.

For the pre-school youngster, repeat the explanation until he understands and his confidence is built up. A week before might be best, giving him ample time to ask questions and get used to the idea. Then drop the subject until the night or morning before the operation. (If a child has to go to hospital without warning, he knows of course, that he's in trouble. Reassure him that at the hospital he will be helped out of this trouble).

Honesty Is Keynote

Be completely frank about coming pain, how much you can visit, how long he'll be there. Tell him that when he wakes up after the operation it will hurt, assuring him that he will be able to stand it and that it will go away after a while. Find out from the hospital exact details about visiting regulations so you don't make promises about being with him and have to break them. It's just as harmful to deceive him innocently as it is to mislead him wilfully — in either case you have betrayed his trust in you. Let him know he can expect you so he won't be waiting tensely and in vain for you to show up.

He Needs Your Presence:

Take the child to the hospital yourself and if possible be with him before and after the operation. Visiting, wisely handled, brings to your child the affectionate support he needs. Be prepared for some emotional disturbance when you come. Your presence may set off a storm of tears and pleading to be taken home. Let him cry it out and, when the worst is over, help him regain his calmness with toys and games. Screams and sobs may accompany your departure but this doesn't necessarily mean he's unhappy when you're gone. Try and smooth over this farewell. For example, "Wave 'till I'm out of sight," or "Here's a surprise for you to play with now that I must go." Be sure he has his favorite toy with him.

The child appreciates surprises, too, but also needs the familiar doll or teddy to confide in and cuddle. Supply toys which can be used in a variety of ways and aren't easily damaged. Modelling clay, paper and crayons, balloons that can be tied to the bed—all these are better than expensive, elaborate mechanical toys which are quickly tired of.

Avoid These Errors:

Don't bribe him. He may decide the reward isn't worth it and he'll just stay home, thank you.

Dont lie about his destination. The circus was never like this.

Don't tell him it won't hurt a bit — if you want him to believe you again.

Don't let him see your own concern and anxiety.

Don't discuss the operation with another adult in his presence.

Don't expect hospital rules to be suspended for you.

WOODVALE NOTES

Wednesday card parties have been held and will take place every two weeks, it is hoped, through the winter months, at the Woodvale Community centre. The first one started off with six tables, a very good attendance for the time of year. The hard time dance is scheduled for Nov. 23rd with Young's orchestra in attendance.

The Lloyd McLean family have moved into the old Ross home. We understand that Lloyd will go to the woods and Mrs. McLean and the children will stay here for the winter.

The twin baby girls, Wanda and Wendy McLean are expected home this week, well and strong, and they will need to be as they have to meet so many interested friends and customers at their father's store in Kokmee!

Bert Portsmith is expected to be home again soon after yet another stay in the Islay hospital.

Kaare Selte and Art Lysons felt the curling urge early this year and joined a team to play in the opening games at Vermilion.

The Red Cross Auxiliary met at the Home of Mrs. Dorothy Portsmith on Nov. 5th with 11 members, busy as usual on a quilt which will be donated to the Vermilion Salvation Army. The ladies each took a name from a list of children at the Provincial Training School at Red Deer, who have no friends or relatives and they will send them a Xmas parcel this year. It was also decided to write Mr. Boulton that this group is very much in favor of a rest room where weary shoppers and tired mothers with children can wait for their menfolk in comfort. Other towns, much smaller than Vermilion often have this accommodation. Another try to get one in Vermilion should receive support and co-operation of many local and rural organizations.

The next meeting, the annual one of the Red Cross Auxiliary, will be held at the home of Mrs. Dorothy Selte, on Dec. 5th. The afternoon ended with a lunch of many delicious items.

Mr and Mrs C. Young had four of their daughters over for the week end. Gladys and Mildred with their husbands and little girls, and Rita, all from Camrose, and Emily, who since her return from France in July has travelled all over Alberta, B.C., and into the U.S. as far south as Seattle. She is home for about a month, not only for a holiday, but also to conduct meetings in Watson school on Sunday afternoons and Wednesday and Friday evenings.

Many friends and former neighbors gathered at the Ganton Community centre Monday evening for a shower in honor of Mr. and Mrs. Tommy Lysons who were married in September and live in Vermilion. Susan and Irene Wolters led the program of games and fun and Mr. Duff McGrath made the presentation of a big decorated box full of gaily wrapped gifts. The groom thanked everyone and then the crowd made a circle around the happy couple and sang lustily "For they are jolly good fellows". After a lovely lunch and some visiting everyone wended their way home, having enjoyed a very pleasant evening.

Mrs Kaare Selte accompanied her mother Mrs. S Oldenburg to the city over the week end and Mr and Mrs T Preston are visiting their daughter there too.

And now this scribe is taking a holiday, going to Red Deer, Calgary and Banff to see the family and leaving her menfolk at home this time. So no news for quite some time, unless someone will kindly gather it for us!

Margaret Whitlock Becomes Bride of Archie Robinson

Baskets of autumn flowers adorned the altar of the First United church of Vermilion when Margaret Catherine Whitlock and Archie Allen Robinson were united in marriage on Tuesday, October 23rd.

Rev. C. W. MacKay performed the double-ring ceremony for the daughter of Mrs. Catherine Whitlock and the son of Mr. and Mrs. Alf Robinson. Mrs. A. M. West played the wedding music.

Entering the church on the arm of her uncle, John Wilhite, the bride looked lovely in a waltz-length gown of nylon net with a silver thread interwoven extending into points at the midskirt. These points were met by a wide ruffle of gathered nylon net. Satin ribbon joined these separate parts and encircled the bodice. A matching bolero with Peter Pan collar and lilypoint sleeves completed the ensemble. Her veil of fine illusion net was dotted with pearls and rhinestones and held in place by a coronet of sequins and rhinestones. She carried a cascade bouquet of red roses. Her only jewelry was a strand of pearls and matching earrings, a gift of the groom.

Attending the bride were her sister Hazel as maid of honor and Alice Seuffert as bridesmaid. Hazel chose a ballerina-length gown of mauve nylon net over rayon taffeta with fitted bodice and matching net bolero. Alice also chose a ballerina length gown of yellow net over taffeta with fitted bodice and net bolero. They wore identical bandeaux and mittens and carried bouquets of white Fiji mums.

The groom was attended by his brother Grant Robinson, and John Watson, uncle of the bride. Ushers were Floyd Robinson and Frank Watson.

Following the ceremony a reception for 125 guests was held in the Legion hall. For receiving her guests Mrs. Whitlock chose a fall dress of avocado green with white trim. Her corsage was of yellow mums.

Mrs. Alf Green, mother of the groom, wore a blue two-piece dress and a corsage of white mums.

The bride's table was centred by a three-tiered wedding cake embedded in tulle. On either side were tall white tapers and baskets of autumn flowers.

Mr. Wm. Bissonnette proposed the toast to the bride and was responded to by the groom.

A telegram of congratulations from Doreen and Louis Hicks of Lac la Ronge, Sask., was read.

Miss Shirley Underdown was in charge of the guest book.

Out-of own guests were Mr. and Mrs. Wm. Bissonnette and Wayne of Edmonton; Mr. and Mrs. Ray Barber of Kitscoty; Mr. and Mrs. Grant Robinson, Lashburn, and Mr. and Mrs. Ernie Barber of Edmonton.

A wedding dance followed in the Kokmee school and was well attended.

The happy couple left on a honeymoon to Edson, Edmonton and surrounding points. On returning home they will make their home in the Vermilion district.

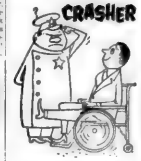
IRON CURTAIN CRASHER



We confess a sneaking respect for one resourceful gentleman who fooled the Commies — albeit by morally dubious means. ... he would load his ... aluminum artificial leg with candy, coffee and nylons in West Berlin, then whisk over the border into East Berlin in his ... a neat profit ... until the border gendarmes ultimately caught up with him.
... from artificial limbs to shipbuilding — similarly find aluminum a valuable aid to sales and profits. Further major expansion of ... and B.C. is aimed to satisfy the ... for the light metal.

BOWTELL BULLETIN

We wish to extend our own and the entire district's deepest sympathy to the Gow family and to other sorrowing relatives on the death of a loving mother and wife. Her wonderful smile and happy disposition will be greatly missed by her many friends. Her loved ones will be comforted to know she is now at rest from the suffering of the dread disease cancer.

She was one of the grandest persons God put on this earth.

A full church at the funeral testified to the high esteem in which the deceased was held.

To a beautiful life came a sudden end,
She died as she lived — everyone's friend.

Mr Dixon, we are pleased to report, is out of the hospital and staying with his daughter and family Mrs Tattersal for a time after which he plans to go to the coast for the winter.

Allan Coutts and Leslie Sherwood left Monday for some big game hunting west of Edmonton. The boys plan on visiting their uncle and aunt, Mr. and Mrs. E. Fowler at Edson en route.

Mr. and Mrs. O. Repp and Miss M. Earle were guests for supper Thursday at Jimmy and Isabel's.

Mr and Mrs. Sherwood and Beverly enjoyed a delicious supper Sunday at the home of Mr. and Mrs. J. Arnold.

George Lind was noticed home from his duties at Hinton over the week end.

DEWBERRY HOME & SCHOOL

Shower Honors Shirley Whitlock

Alice Seuffert and Shirley Underdown held a surprise shower at the home of Shirley's parents for Miss Margaret Whitlock on Oct 15th. After various games and contests the gifts were presented in a beautifully decorated box depicting the bridal party.

Following the opening of the gifts Margaret thanked everyone for their lovely presents after which a dainty lunch was served.

BRIDE-ELECT HONORED AT BASSWOOD SHOWER

A shower was held in the home of Mr and Mrs. Frank Gibson of Basswood on October 14th for Margaret Whitlock, the bride-to-be.

A group of about thirty ladies gathered together for a social evening. After an enjoyable visit Margaret, assisted by her sister Hazel, opened her many gifts.

After the bride - elect had thanked evryone for the lovely gifts a tasty lunch was served.

Enjoyable Shower

A very enjoyable evening was spent at the home of Mr and Mrs Clayton Davis when a miscellaneous shower was held in honor of Miss Eunice Clark and Mr Ian Davis. Some 30 friends and neighbors gathered to shower the happy couple with gifts and best wishes.

Games were played after which a sumptuous lunch was served.

Following this a decorated wagon loaded with many useful gifts was wheeled in and presented to the young couple, for which they thanked everyone most heartily.

Celebrate Silver Wedding

MANNVILLE. - Mr. and Mrs. George Allanach were at home to their many friends and neighbors at their Edmonton home, 11834-102 St. on Saturday afternoon and evening recently. The occasion was the celebration of their Twenty-fifth wedding anniversary. Numerous flowers cards and gifts showed the esteem with which this couple is held both by their employers and friends. Among those present were Dr and Mrs. Hart, former residents of Mannville. Dr. Hart performed the marriage ceremony in the United Church in Mannville when Miss Dorothy Milligan became the bride of Mr George Allanach.

More than sixty friends and neighbors called during the day, a number of them former residents of Mannville. Mr and Mrs. Archie Hubbard of Mannville motored to Edmonton for the happy occasion and Mrs. Hubbard (Mr. Allanach's sister) was in charge of the guest book.

ALLANDALE

It was a lovely day for the Throndson -- Sheppard wedding on Nov 10th, as it was 31 above. The bride and her attendants (her three sisters) were lovely. The reception was well attended. We are grateful to Mr. and Mrs. Sheppard for their kindness and hospitality. The evening's entertainment was also enjoyed by a large crowd.

Our congratulations and very best wishes to Alvin and Evelyn, may you have good health and happiness through the years of wedded life.

The Ormness family gathered at the Don Wilson home on Sunday Nov. 11th in honor of Doreen Walsh's birthday. A chicken dinner and a lovely decorated birthday cake holding seven candles was enjoyed very much.

Mr and Mrs. Jimmie Armstrong motored to the city on Monday to attend the football game.

Mr. and Mrs. Allen Ronaghan and daughter from Irma were visitors at the Armstrong home last Sunday.

Mrs. Nora Ronaghan left Nov. 11th on the early morning train for Stockton, Calif., to help nurse her brother-in-law Andy Trumbo who is quite ill.

UNITED CHURCH NOTES

The regular meeting of the W. A. was held in the church hall on Nov 6th at 8 p.m. Thirteen members were present. Following the devotional period some interesting discussions took place about the chicken supper. The W. A. is grateful to so many people who helped to make the supper a financial success.

It was decided at the meeting to purchase a new carpet for the aisle in the church, the present one having seen better days. A rummage sale for a later date was suggested. It was also planned to hold a sale of home baking in Gunn's store on Nov 22.

The W. A. had the pleasure of serving lunch at the late Elmer Tamlin's sale. A tidy sum was realized. Members decorated the church with grain, plants, vegetables and fruit for the Thanksgiving service.

Election of officers for the ensuing year will take place at the next meeting on Dec. 4. A good turn-out is expected. Ella Elliott and Irene Guy served a delicious lunch at the close of the meeting.

Mr Arthur Baker of Harris, Minn left for his home on Friday after spending several months with his son and daughter-in-law Mr and Mrs. Allan Baker at Sunnydale.

Patients in the Lloydminster hospital include Miss Gloria Elliott who underwent an operation for appendicitis, and Mr. Martin Komar who had an accident while chopping grain. We are glad to see both Mrs. N. Ruttan and Mrs. A. Clarke home again after spending some time in hospital.

Miss Margaret and Miss Darlene Ruttan spent the week end at Hinton, Alta., guests at the C. E. Conarroe home.

The weather during the past week has been wonderful and we are keeping our fingers crossed that it may continue. Quite a difference from this time last year when we were nearly snowbound.

Wildwood East

Congratulations go to Mr. and Mrs. Carl Johansen on the birth of a son.

Mr. and Mrs. Robert Stone and Ricky visited Mr. and Mrs. Christoffer in their new home in town.

Mr. Norman Bowen is convalescing at home after a nasty fall while loading cattle.

A farewell party was held in the hall for Mr. and Mrs. Frank Sperberg who are retiring from the farm to live in Vermilion. After a splendid evening of contests and games Mrs. Sperberg was presented with an electric iron from the W.W. Workers of which she is a charter member. The men present contributed to a purse of money for Frank.

Visitors at the Neil Shook home recently were Mr. and Mrs. Merinus Hansen, also Mr. and Mrs. Robert Shattuck and family.

Misses Eileen and Doris Jack of Edmonton spent the holiday under the parental roof.

Several ladies of the district spent an afternoon cleaning the teacherage.

Miss Doreen Bathe of Vermilion spent the week end at the Alf Jack home.

Mr. Robert Drysdale has returned from a hunting trip — what game was bagged?

Mrs. Alfred Jack, daughter Beverlie and Mrs. Roy Oldenburg drove to Edmonton for the holiday week end.

The Marshall Bowen family is welcomed back to the district from their holiday at the coast.

Mr Morley of Edmonton was a visitor at the Ernest Jack home over the long week end.

The ladies met at the home of Mrs. Norman Bowen. Owing to the harvest season, very little finished work was handed in. The next meeting will be at Mrs. David Jack's home.

Messrs. George and Alfred Jack made a flying trip to Cold Lake on Sunday afternoon.

Miss Helen Drysdale was a visitor at her parents' home for the holiday.

DID YOU KNOW
. . . THAT behind the name "Manufacturers Life" lies an interesting story for all Canadians? When the Company was formed in 1887 the Canadian economy was mainly agricultural. In his famous "National Policy", Prime Minister Sir John A. MacDonald called for "Manufacturers" to speed the nation's development. Choice of our Company's name was in tune with the times and a tribute to Sir John — its first President.

MILLER—Mr. and Mrs. Frank M. Miller of Elk Point, Alberta, announce the engagement of their daughter, Lillian Alice to Mr. Hal Leonard Shockey of Vanscoy, Sask. The marriage to take place on Saturday, November 24th, 1956 at the United Church, Elk Point.

Captain and Mrs G. Holden and Gordie have returned from Toronto where they were delegates to the Salvation Army Congress for Canada and Bermuda. The gatherings attracted many thousands of people and were conducted by the Chief of the Staff from London, England, Commissioner and Mrs. Dibden.

A card from George Martin from Ottawa informs the Standard that he had just attended the Remembrance Day service on Parliament Hill, Ottawa. While there he met Mr. and Mrs. Ted Sweatman, formerly of Vermilion. George, who is Civil Defence Co-ordinator for this area, is spending a week at civil defence college at Arnprior, picking up a little more information on the subject.

Hartley Brown, son of Mr. and Mrs. Clyde Brown of Port Alberni, B.C. is a visitor in town this week. On his return he will be accompanied by Mr. and Mrs. Corey Brown who will reside at Port Alberni. They plan to leave on Friday this week.

Misses Florence and Lillian Jarock of Edmonton were week end visitors at the home of their parents, Mr. and Mrs. M. Jarock.

Mr. and Mrs. N. N. Bentley were guests at the complimentary banquet held at Viking on Wednesday in honor of the J. P. Rozmahel family, winners of the Master Farm Family Award for the district. The guest speaker was the Hon. L. C. Halmrast, minister of agriculture. The enjoyable event was sponsored by the Viking Board of Trade. Mr. and Mrs. Rozmahel have a son attending the V.S.A. this term.

Mr. and Mrs. Hugh Shepherd have now moved to Forestburg where Hugh is on the staff of the Canadian Utilities electric plant.

Visitors over the Armistice week end at the home of Mr and Mrs. Thos. Watts were Reg Spencer and Mr and Mrs. Mark Pickrell, all of Barrhead. A trip was taken to show the visitors interesting spots around the town and favorable comment was made of the tidy and clean appearance, along with the paved streets, the provincial park and school of agriculture buildings and grounds.

Mrs. H. Duthie of Vancouver arrived in Vermilion on Wednesday to attend the wedding of her nephew Ian Davis to Miss Eunice Clark. While here Mrs. Duthie is a guest at the home of her brother and sister-in-law, Mr. and Mrs. Cyril Davis.

Mr. and Mrs. J. R. Boake attended the semi-annual conference of the executive of the Alberta Pharmaceutical Association which was held in Calgary last Sunday and Monday.

Mr and Mrs. Steve Warawa and son Jimmie motored to Champion in their new car to visit Peter Trach and friends. Peter has been working in the Savoy hotel at Champion for the past four months. Mr and Mrs. Warawa were also accompanied on the trip by Danny Trach and Walter Mayowski.

Friends here will regret to learn of the serious illness of Mrs. Albert Carlson (nee Eyben) at Portland, Oregon. The daughters, Mrs. Curtis Martin and Mrs. George Caron left by plane, with Mrs. N. H. Armstrong and Mrs. John Taylor leaving from Wainwright by train to be with their mother.

Sgt. and Mrs. Fred Waite and daughter Arundell of Edmonton were week end visitors in town at the home of Mrs. Waite's parents, Mr. and Mrs. V. H. Cooper.

Mr and Mrs. John Parkin and son Ted attended the wedding of Mrs. Parkin's niece, Evelyn Valerie Sheppard at United church in Kitscoty on Saturday, Nov. 10.

Mr. and Mrs. Bob Bell of Calgary spent Remembrance Day week end in town visiting members of the family here.

The Misses Joan and Marilyn Maxwell were home for the week end from Edmonton, visiting their parents Mr. and Mrs. Doug Maxwell.

ROBIN LINGERS

One robin still lingers in Vermilion loath to leave while the weather remains in its present reasonable state. The robin may be seen in the garden of H. Joe Payne. Questioned closely as to the identification of the bird, Joe says that you can't fool him on a robin — he's seen too many of them.

Mrs. Violet Williams of Toronto is a guest at the home of her brother and wife, Mr. and Mrs. S. R. P. Cooper. Mrs. Williams has been at New Westminster where she visited another brother, Percy Cooper, and is now en route home to Toronto. This is the first time brother and sister have seen each other since 1935.

Leo Klashinsky returned last Friday from attending the three day United Grain Growers convention in Calgary. He reports a very worthwhile and enjoyable gathering.

Mr. and Mrs. J. T. Johnson and Mrs. Chas. Hollen left on Tuesday by bus for Kansas City, Lexington Missouri, and Rhea, Oklahoma, to visit relatives and friends. They expect to be away for some six weeks. Mrs. Hollen will visit her mother in Oklahoma while away. Mr. Johnson has never returned to his home state of Oklahoma since he left on March 17th, 1907 when he came to Alberta. He landed here on March 23rd, 1907, and what a contrast — the ground was covered with four feet of snow and it was 30 below!

NEWS from ALLAIRDALE

More snow and it has been colder. Nov. 1st. was 1 below.

George Mead took cattle in the city on Oct. 29th. He came home by DeDdds for coal, and to Ryley which isn't far from Dodds and visited Howard Pratt. Howard is getting on very well with the filling station and feels a lot better, though he has to take life easy for sometime. His infant son has been in and out of the hos-by a doctor at Westlock apparently diagnosed the case correctly as he is getting on well on a fat free diet.

Oct. 30th. The Old Timers Banquet and get together, a great time for all. A delicious turkey dinner, speeches, songs, music, picture show and the film of Vermilion Fair Parade—all were thrilling and interesting. The orchestra with the old time music had everyone in the groove and all enjoyed every minute of it. To all those who were responsible for such a grand evening, our appreciation and thanks.

The Clandonald ladies are to be congratulated on a fine chicken supper on Nov. 1st. The weather was agreeable, and a good attendance. The work and effort was well worthwhile and the social evening was enjoyed by all.

Eddie Throndson arrived home in Vermilion on the late evening bus on Nov. 1st. He came from Yellowknife to Hay River by plane. Then by truck with friends to the city, stopping at Valley View to visit sister Lucy Enoch and girls, the Lansdowns. They have purchased recently a '56 Oldsmobile car. While in the city he called on Cousin Dalia. The Walsh's.

More road work is being done on the grade north going east and west. With the water so high all summer it has been impassable at times. They have widened the grade and made it higher.

Congratulations to Mr. and Mrs. Dale Fry in town. They were married on November 3rd.

Our deepest sympathy goes out to the Gow family on the loss of a son and brother.

On Nov. 1st. Mr. and Mrs. Ide-lore Nelson, son Leslie and daughter Anna moved to the city shopping. They visited sister Lily and family, the Swansons at the Fort, returning home on the 4th.

It was a lovely day for the Brake—McCormick wedding. There was a large attendance at the reception and all were treated most royally The turkey supper and goodies were enjoyed very much The newly built hall was available for entertainment and merrimaking. It was a real pleasure too, seeing old acquaintances and meeting new

Our congratulations to Kathleen and Harry, through the years may you have good health, happiness. To the McCormick family and all who helped to make it such a wonderful day many thanks, your kindness was appreciated very much, and to the Brake family for the evenings entertainment.

Mrs. Gordon Mayhew, (Anna Prue) from Bawlf was a guest and helper at the McCormick's, coming the Sunday before the wedding. Mother O'Dee is well she is now with her daughter Chris, Paddy and family at Dauphon Creek

On account of property being sold in the city, Ted Bresmiller, Helen and family moved to Dauphon Creek where Ted is trucking from there to the city

Dr Young, the government veterinarian from town was at the Johnny Nelson farm on Nov. 6th arriving over a horse's head of cattle in preparation for the sale on Nov. 11th It was very interesting to hear that Dr. Doctor's uncle, Stanley Hall, was a resident of this district for a number of years living on the Mayers place Records show he was on the Allandale School Board in 1916 The Doctor said his uncle passed on a few years ago.

A delicious turkey and chicken supper was enjoyed at Iverberry on Nov. 7th Congratulations ladies. It was good to see so many from the surrounding places We missed our old friends Mr and Mrs Rene Bowman at the supper

Mrs Wm Young is spending a few weeks with her mother at Medicine Hat, she hasn't been so well

The Allandale W.A. met at the Armstrong home on Nov. 8th. It was good to have the men folk join us. Allspray roads December meeting will be at the Ideloire Nelson home Lunch will be taken care of by Mrs. Armstrong and Mrs. Throndson

Nov. 25th church services will be at the Onness home at 3 p.m. Everyone is welcome

Mr and Mrs Theodore Throndson and family, Beverly Steven and Jeanne from Ft. McMurray and Mr. and Mrs. Enoch Lund and girls Elaine and Thelma were from Valley View arrived at their parents home the Throndsons, the evening of Nov 8th to attend brother Alvin's wedding

Mr and Mrs. James Walsh and family Adele, Doreen, Wayne and Laura from the city arrived at the latters station. The Don WE son home on Nov. 10th to attend cousin Alvin's wedding.

Our deepest sympathy to the Harold Chaney family and Mrs. Steve Nesvombe and family in their recent bereavement on the loss of their father on Nov. 10th

You have not been forgotten father dear nor ever shall you be, as long as life and memory last, we shall remember thee

Mr. Ken Scoggins is visiting for several days at Seba Beach Evansburg.

Holiday visitors at the home of Mrs. G. Whitson were Mr. and Mrs. Leslie Whitson and family of Edmonton.

Mr. and Mrs. Glen Pyle were Edmonton visitors for a few days. Mr. and Mrs. Pyle are now living in Mannville.

Mrs. Ekin is visiting in Edmonton and other points.

Princess Anne W. I. Notes

The October meeting of the Princess Anne W. I. was held at the home of Mrs. McKay with ten members present.

The meeting opened with 'O Canada' followed by the Creed.

Roll call was "Name a country belonging to United Nations."

A card party was planned to take place Nov. 2 at Island Hill school; proceeds to go for 'Shell a box' for UNICEF. It was later postponed to Nov. 9th.

The group is to pack and send a box of clothing to Unitarian Service.

It was decided to send a card of congratulations to Mr and Mrs. McDaniels on their Golden Wedding anniversary they having resided in our community for many years. The topic was "United Nations in Specialized Agencies This was given by Mrs. Reeves.

The meeting closed with 'The Queen' after which lunch was served by Mrs R. Strome and Mrs O Strume

The next meeting will be Nov 8th at the home of Mrs. N. Armstrong with Mrs Wm West and Mrs Parchewski serving lunch.

The first November meeting of the Princess Anne W. I. was held on the fifth at the home of Mrs. N. Armstrong and Mrs. R. J Whitmore. Mr and Mrs A. Stuart, Mr. and Mrs W.J. Sargent, Mr. and Mrs. Walter Jackson, Mr. and Mrs T. Wanstrop, Mr and Mrs C Finlay, Miss Kay Sutton, Mr. Cassie Scott, Mr. C. J. Gamble are the Mannville and district folk who will enjoy the trip. Quite a number of these folks plan on visiting friends and relatives in Ontario and other points as well as attend the fair.

The tea and bake sale sponsored by Ladies Auxiliary to the Legion on Saturday afternoon was well patronized. The ladies wish to express their appreciation. The blanket on which tickets had been sold was won by Mrs. Louise Wagner.

Dates to Remember: Hobby Fair, Nov. 17th; Benefit Dance, Nov. 16th.; St Helen's W.A. Bake Sale, Nov. 24; Christ Church W.A. Tea, Dec. 1; Five Point W.A. Bazaar and Sale of Baking, Dec. 8th.

Pleasant Valley

It is not pleasant these days—snow came and it looks as if it is here to stay, that means staying in the house for some of us. One thing, the houseplants and flowers make it a little more cheerful.

Hope you all have some bulbs started, the lovely Easter lilies are only six cents a bulb and can be purchased at Patmore's Nurseries Brandon, Man

The dance at the old school house was certainly enjoyed by young and old on Friday night.

It was nice seeing Gordon and Bert Gould present — these at tended Morrison school with youngsters.

Mrs. Gillies has gone to Edmonton for a visit with Bill and family.

Ken Reid was a recent visitor to Edson to see his folks.

Wedding bells will soon be ringing around the district as we hear. No wonder Faye had such a big smile on Saturday. I thought it was for me — I really got a surprise.

Friends at Lloydminster visited the writer on Sunday They shot a goose(?) this fall that was 7 feet 4 inches wingtip to wingtip and weighed 18 pounds. Apparently it was as tough as leather. Who can beat this — it looked like a white swan.

BUFFALO COULEE ACTIVITIES

The country has again taken on a real Christmas card appearance, but it might be more appreciated nearer to Christmas. However, looking on the world scene we should be thankful that we have nothing more than snow to complain about.

Mr. and Mrs. Alf Green left Friday to take up residence in Edmonton for the winter months. They expect to return to the farm in the spring.

Carl Eyben and Stan Smith have returned to the V.S.A. for their second year. Francis Everett, who graduated from V.S.A. this spring is working in Wainwright for the winter.

Mr. and Mrs. Bert Duncan are attending a two weeks leadership course at the Banff School of Fine Arts.

Mr. and Mrs. Alex Stone, Donald and Alayne spent the past week end in the city.

A crew of men is working on the telephone line this week getting it in shape for the winter. They located the trouble which has been causing so much noise on the line for several months so rural 19 is now cleared up, to the relief of all.

Mr. MacKay held church service in the school last Sunday and will be out again on Sunday the 18th at 3 p.m.

Mrs. Wm. Elward and Mrs. W. Cooper are both patients at the hospital this week. Best wishes to both and to others confined Mrs. Cleland and Mrs. F. Eyben who hope to be out soon. Red Arthur came home last week but is still not too well.

Mrs. Rose Harle who has been working at the Co-op store in Vermilion is now employed at the hospital.

The Hallowe'en party at the school was quite a success and in the evening the little ones in costume covered quite a territory for treats while a carload of the older boys were stirring up a trick or two but no serious damage resulted.

WOODVALE NOTES

We are, as usual, way behind with our news, mostly October happenings.

Wedding dances of interest to our community were held in the Islay hall, where a big crowd gathered to congratulate Mr. and Mrs. T. Lysons of Vermilion. This included the groom's brother and sister and families from Edmonton and Airways. Then there was the wedding dance for Mr. and Mrs. Grant Robinson at the Koknee school, to which a lot of friends of the bride and groom came from the Basswood and Woodvale districts.

Congratulations still go to Mr. and Mrs. Bob Lamport of the Hindville district, whose marriage took place a few weeks ago. Since then they were loudly charivari-ed and last Friday a shower was held for them in the Watson school. Mrs. Doug Young and Mrs. Clarence Crocker led the games and after a very pleasant time Mr. Harry Portsmith wishing the happy couple a long and very happy life together, made the presentation of the many gifts. Mrs. Lamport, when still Edna Thompson, taught at Watson and Woodvale schools, and both bride and groom are popular in the district.

Mrs. Belle McGrath spent a week in the Islay hospital with a very bad cold, but is luckily feeling quite well again and is at home.

Art Berthot met with a painful accident earlier in October when he was thrown off a horse and dragged, cracking a rib.

Mr. and Mrs. Paul Goutier had some old country visitors, when a cousin, Mrs. J. Garnier of Rejon, France and her friend Miss M. Cornille of Villedieu les Poeles spent a few days on their farm. Mrs. Garnier's husband is an implement manufacturer and was greatly interested in all the farm machinery here. Both ladies spent considerable time in the province of Quebec, where Miss Cornille, who sells church bells, did a lot of business. Afterwards they crossed the continent to visit Vancouver and Victoria, and on their return admired the Woodvale district in autumn colors.

The past few weeks Camille Goutier and his bride stayed with his parents and returned to Tangent in the Peace River country on Monday. While here, his sister Mrs. Yvon Benoit, with husband and four children came to see them.

Mr. and Mrs. Vernon Foster and baby from Edmonton spent a week-end with Mr. and Mrs. Otto Welters and told that her brother Anthony Williams Freeman who married a girl from France last year and lives in Montreal is the proud father of a baby girl.

The children thoroughly enjoyed a Hallowe'en party Wednesday afternoon, Oct. 31st at the school. Lots of games, fun and eats, pre-school age youngsters had a special invitation and we heard at least of one who wanted to start school right away next day.

The Woodvale Community club held a meeting that same day and made plans for the winter. They like to start with a hard times dance, the date to be announced as soon as arrangements for music are completed. They will also try to acquire a small light plant for use in the hall on such occasions.

The Tolland F.U.A. met in Ganton hall on the 1st and chose Fred McGrath as delegate for the December general convention in Calgary, with Leo Lysons as alternate.

We are sorry we were unable to attend the pot luck dinner at Mrs. Bert Gould's for the Standard's correspondents. Too many guests arriving and leaving at our place that day.

Our community expresses their sincere sympathy to Logan Gow and his children, who lost such a loving wife and mother after a long illness. Mrs. Gow, who came as a bride in 1929 to live in the Tolland district, and later moved to Borradaile, has left a host of friends behind who will always remember her as a very exceptional warm and friendly personality.

Rev. Nugent of Edmonton held a church service with good attendance in Ganton hall last Sunday. He hopes to be back again on December 16th.

Johnny Watson is spending a few days in Edmonton with his sister and will afterwards work at different places and see some more of the country that way.

Mannville H. & S. Association Plans Important Meeting

MANNVILLE.—The November meeting of the Mannville Home and School Association, which is to be held on Thursday, November 15th, includes several items of great interest to the general public. Professor Toogood of the Faculty of Agriculture, University of Alberta, will show slides and deliver a lecture dealing with various aspects of his recent year in the British Isles. The Governor-General's Medal and Honor rings for students in grs. IX to XII will be presented by representatives of the divisional board. In addition a very important discussion will take place in which the future building plans of the Vegreville School Division will be discussed by the Superintendent of Schools. It is hoped that a large number of people will hear this discussion so that they may understand the building needs, not only of the Mannville school but of the whole divisional area. There will be a regular business meeting and the usual lunch will be served. A collection will be taken to help defray the expenses of Professor Toogood.

Shower Held For Miss Joyce Gamble

MANNVILLE. — Miss Joyce Gamble was the recipient of many beautiful and useful gifts on Monday evening, Nov. 5th when a shower in her honor was held in the United church hall.

The presentation of the gifts followed several games and contests. Joyce expressed her thanks to Mrs. Doherty who presented the gifts on behalf of those present, and to the many friends for their kindness. A delicious lunch brought a very enjoyable evening to a close.

HOW . . . DOES A STRONG FINANCIAL SERVICE Sell Machinery?

Today's high costs are a big problem with farmers and cattlemen. They would be a big problem with the implement dealer too, if it were not for the services of the Provincial Treasury Branches.

To be a successful businessman, it is essential to keep pace with the growing demands of clients and customers. Now more than ever, the man on the land is expanding and progressing. It is up to the implement dealer to meet his growing demands. To do this requires the many services the Provincial Treasury Branches offer Alberta businessmen. Drafts, loans, current accounts, money orders, safety deposit boxes are just a few of the many conveniences supplied by our organization.

The implement dealer has one thing in common with every other Albertan . . . . . the complete facilities of the Provincial Treasury Branches stand ready to meet his needs.

Meet your bank manager...

He's easy to meet—and a good man to talk things over with. Not just because he knows a lot about banking, but because he can be counted on to apply that knowledge and experience to your particular need.

To him banking is more than dollars and cents, more than figures in a ledger. To him, banking is the opportunity to work with people—through bank services to help with your problems, your hopes and plans.

That is what he has been trained to do. That is what he likes to do. You'll find he's a good man to know.

"Dollars and Sense"

How can YOU benefit from having a Current Account?

You'll find it much easier to keep an accurate record of your current expenses when you have a Current Account.

When you pay all bills by cheque on your Current Account, you receive back, at the end of each month, all your cancelled cheques as well as a bank statement showing every withdrawal and every deposit you have made. Furthermore, they are much easier to file away than receipts and take less room to store. With these and your bank statements, you'll find it far easier to get an exact picture of how you spend your money.

So it's a good move to use a Current Account for paying all current bills—and keep your Savings Account for actual savings.

WILDMERE WINKS

(Held over from last week)

Here are a couple of items we did not mention last week as the writer was sick with a heavy cold and could not think clearly!

On Tuesday, Oct. 23rd a very pretty wedding was held in the United church when Margaret Whitlock became the bride of Archie Robinson. Rev. C. MacKay performed the marriage rites. Mr. J. Wilhite gave the bride away. After the wedding a reception was held at the Legion hall where a large crowd gathered. Mr. W. Bissonette, uncle of the bride, proposed the toast to the bride which was suitably replied to by the groom. A telegram was received from an aunt and uncle of the groom, Mr. and Mrs. Louis Hicks of Prince Albert, Sask. and was read by Mr. Grant Robinson. A dance was held later at Koknee school. The happy couple will reside near Borradaile.

Miss Marlene Smith, who is training for a nurses' aide at the Royal Alex hospital spent the week end at the home of her parents, Mr. and Mrs. A. Smith of Basswood. She returned to Edmonton Tuesday morning. It is the first time Marlene has been home since she started her training several months ago. We were all pleased to see you, Marlene.

Peggy Graham, R.N. is home for a few days holidays.

The writer attended the wedding of Shirley Leahy and Dale Fry at the United church on Saturday. It was a very pretty wedding, and the bride was given away by Louis Geigle. Mrs. West played the wedding music. Afterwards a large gathering attended the reception at the Legion hall. The toast to the bride was given by Mr. P. Callaghan and responded to by the groom. Several gifts were opened by two daughters of Mr. and Mrs. Finlay of Mannville and were viewed by the gathering. Mr. and Mrs. Fry will reside at Violet Grove, Alta. Mr. and Mrs. Leo Leahy of Waterways, Mr. L. McGinnis of Innisfree and Norman McGinnis and two girls of Winterburn attended the reception from out of town.

Our deepest sympathy, along with the community, is extended to Mr. Logan Gow and family on the loss of a loving wife and mother, Mrs. Gow, who had put up such a brave fight against her enemy and lost. She had her family raised to stage where she could have enjoyed many years more of life, but God willed it otherwise. May they find comfort in knowing she is now at rest. A wonderful woman, one of the truest and best.

The writer and hubby attended the Gay 90's dance on the 24th of October. A nice crowd gathered for a good time. Owing to so many of the original ones not present, no new officers were elected as is the custom at the first dance of the season. Maybe more will attend the next one. We surely missed Mr. and Mrs. W. Waldenberger at it, and you too Myrtle, and where was Mrs. Rogan too?

Around 150 sat down at the Old Timers banquet and round up held in the Legion Hall on Oct. 30th. It was a delicious banquet and a hearty vote of thanks was given to the Legion ladies who catered. After the dishes were cleared away, a short sing song ably carried on by Don Taylor was enjoyed. Mayor Hill gave the address of welcome from the town. In the new slate of officers, G. Webb was re-elected president. We could write more but will leave it for the Standard's editor. Films were also shown and were greatly enjoyed. The floor was cleared and a few hours of dancing were enjoyed. Mr. J. Miller was M. C., and Fortin and Young and Funnell's were the music makers. All will be looking forward to 1957 Old Timers. You were mentioned, Mr. and Mrs Whyte of Ireland. We know you were with us in spirit and thought.

Congratulations to Mr. and Mrs. Junior Williamson of Claysmore and may you have a long and happily married life.

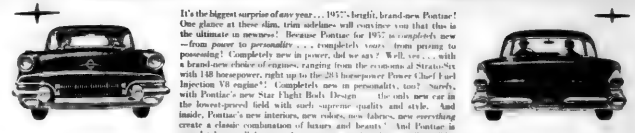
Surprise Package of '57 ...Pontiac!



It's the biggest surprise of any year . . . 1957's bright, brand-new Pontiac! One glance at these slim, trim sidelines will convince you that this is the ultimate in newness! Because Pontiac for 1957 is completely new —from power to personality . . . completely yours from prizing to possessing! Completely new in power, did we say? Well, yes . . . with a brand-new choice of engines, ranging from the economical Strato-Six with 148 horsepower, right up to the 283 horsepower Power Chief Fuel Injection V8 engine*! Completely new in personality, too? Surely, with Pontiac's new Star Flight Body Design . . . the only new car in the lowest-priced field with such supreme quality and style. And inside, Pontiac's new interiors, new colors, new fabrics, new everything create a classic combination of luxury and beauty! And Pontiac is completely new all the way in between, too—with striking new "firsts" for 1957. Triple-turbine Turboglide*, for one example. And revolutionary Fuel Injection*, for another, eliminating carburetors completely!

But get the full story first hand. It's on display—now—at your Pontiac dealer's!

*Optional at extra cost.

"HELLO, HOMEMAKERS"

This week I thought I'd give you a few house cleaning hints. It won't be too long before the Christmas season and we all want our homes spic and span for the festivities.

What do you think is the easiest way to housecleen? Room by room all at once or bit and miss. Here are my suggestions for more efficient housecleaning:

MAKE A PLAN: Even if not on paper (you'll follow it more closely if it is) a plan is a must. Decide which rooms stay clean the longest, clean them thorough

school Friday night
The P.W.U.A are holding a bake sale and tea in Mr Eldest office on Saturday evening
Home for the week end from Edmonton were Charlie Dow, Marion Hancock, Murray Lowrie Mr. and Mrs. W Blades visited her parents Mr and Mrs Saltzberry, the Brown family bringing Mr and Mrs Stanley home with them. Mr and Mrs J Swan drove to Calgary with Mr W. Giles
Mr P Wittaney Sr is home from the hospital in Edmonton.

first. If you plan to do your cleaning on days which don't involve washing, ironing etc., it won't seem such a big job. Clean one room, or two each week. Clean kitchen and dining area last.

Now you have them clean, let's keep them that way.

A WEEKLY SCHEDULE
You've always said you'd like to organize your housework. Well, now's the time to do it. Here's a tentative schedule I'd like to offer you —

Monday —wash, mop floors with dust mop.

Tuesday—dust downstairs thoroughly, iron clothes.

Wednesday wash and wax kitchen and bathroom floors.

Thursday -dust upstairs thoroughly, wax any other floors which require it.

Friday -weekly baking, downstairs.

Saturday -dust upstairs and This schedule is worked in with all other jobs and may seem outrageous. Once it becomes routine however you'll find it works. Even with Dad and the Children coming up with unexpected activities a guide such as this helps get all the work done.

The floor waxing need be done only every two weeks for the kitchen. On the alternate weeks the floor should be polished with your polisher. Other floors which receive less traffic need be done less often. Now for a few tips:

WASHING WALLS: Wash the walls from the bottom up. Dirty water running down into a clean area can be wiped off easily. Water running down into a dirty area leaves a mess.

If you have a vacuum cleaner with a wax spray attachment, try spraying a thin coat of self polishing floor wax on over your freshly washed walls. It serves the same protective purpose as it does on your floors.

Would you like to hear more on cleaning next week?

Town Provides Land For New School

The Council of the Town of Vermilion has provided land for a new school which the School Division Board proposes to build in 1957. The land is comprised of two blocks, numbers 43 and 44, situated on the east side of the town. One lot in Block 43 is privately owned, so naturally is not included in the reservation

Farmers' Bonspiel December 6, 7, 8

The Farmers' bonspiel is to be held on Dec. 6, 7 and 8 in order that the finals can be played on Saturday Dec. 8th which is to be Farmers' Day in Vermilion.

Fees for the spiel are $8 per rink which will have the same events as last winter, two main events and a consolation.

Entries are to be given to Russell Carroll or George Webb by Tuesday Dec. 4th. This will allow time for making the draw and notifying rinks when they play their opening games.

Appointed Bank Manager

The many friends here of Bill Regan will be interested to learn that he has recently been promoted from the Canadian Bank of Commerce at Sedgewick Hat where he has been for the past year and a half, to the position of manager of the branch of the bank at Berwyn. Bill is well known in Vermilion where he grew up, attended local schools and played hockey. He and his family will leave about the end of November for Berwyn to take up his new duties.

Another 29 Crib Hand

Twenty-nine crib hands are the rage these days. C. Tough being the latest Vermilionite to get the perfect hand. Playing Friday last with Bill Chapman Tough had three five spots and the Jack of Spades when the first Ace of Spades was cut. He had been on the verge of being "skunked" when he was dealt the perfect hand and went on to win by 'pegging' out.

Citizens Honor War Dead At Remembrance Day Ceremonies

Citizens of Vermilion and district gathered in large numbers on Remembrance Day, Sunday, Nov. 11th to pay honor and tribute to the fallen heroes of two world conflicts and those who died in the stand against the spread of Communism in Korea. The services seemed to be all the more impressive due to the actual warfare then raging in Hungary and the tension in the Middle East.

The services were arranged and carried out under the direction of Canadian Legion, Post 11 and the ceremony of the laying of wreaths at the cenotaph was preceded by the parade from the Legion hall. Led by the "A" Coy. L.S.H. pipe band, followed by the members of the R.C.M.P. in their dress uniforms and the color party, the parade included representatives from practically every service organization in the towns and district, with the Air Cadets, Scouts, Cubs, W.A. to the Canadian Legion, C.G.I.T., the D.E., Brownies, V.S.A. students and others being prominent.

The parade under the command of Parade Marshall Robert Allan, M. was formed quickly and marched around the block to the cenotaph, the parade parading were joined by the citizens en mass. Following the two minutes silence, and the sounding of the Last Post, the carried out under the direction of the Legion padre, Rev. E. A. Minchin, and R. Allen, the large gathering moved into the Col. Thos. Thompson, president of the Canadian Legion Post 11 and Victor Tillett.

The service was once again made impressive by the restrained ing manner of the roll call. The names of the men who have gone on before appeared on the screen on a moving scroll with a picture background of the Union Jack, and to the playing of the Lament.

Mr. Thompson expressed the thanks of Post 11 for the cooperation received, noted the splendid attendance, and had a special word of thanks for Mr. Nick Kowalchunk who donated the use of the theatre once again, making absolutely no charge for it.

OTHER LEGION ACTIVITIES
Remembrance Day activities of the Legion included a dance in the armories on Friday evening Nov. 9th, with a smoker and social on Saturday evening Nov 10th.

Christmas Carol Concert Rehearsals Proceeding Nicely

The annual Carol concert by the mixed chorus is fast getting into shape. A splendid turnout of songsters worked on the carols with great gusto last Monday night.

As you know this worthwhile effort by the Legion is to bring Christmas cheer to the less fortunate. A program of stunts, items will be presented on Sunday Dec. 16th at 9 p.m. in the Vermilion theatre. As we have mentioned last week, the Chorus will be under the direction of Mrs. Jessou Ahatonhia (Jessou is Borni. Let us look into the history of this Carol. In order to interpret the Christmas to his Huron Indian converts, Jean de Brebeuf, a pioneer missionary, wrote this first Canadian Carol over three hundred years ago, using ideas and words familiar to these new Christians. After his massacre in 1649 some of the Indians escaped to Loretto, a village in Quebec and with them they carried the remembrance of this Carol. From their descendants its words were written down by Villeneuve and sung in French. Not until 1926 was the Carol rendered into English verse by the Canadian poet, J. E. Middleton. For these words and from the traditional melody, Dr. Healy Willan Canadian musician, wrote the musical arrangement which will be rendered Dec. 16

It is less than one month until Carol Night in Vermilion, so let us keep that date in mind and turn up at the Columbia theatre in good time and enjoy an evening of singing by members of a group that are liberal with their time and efforts.

Incidentally, next week's rehearsal is on Tuesday, evening Nov 27th at 8 o'clock at the high school.

LEAVES FOR THE MEDITERRANEAN
Mr and Mrs Walter Fisk have received word that their son LAC Melvin Fisk of 425 Transport Squadron, Edmonton, left Edmonton Wednesday for the Mediterranean area.

Miss Helen Bugera Is Crowned Carnival Queen At Derwent

DERWENT — A three-day annual bazaar sponsored by the Ukrainian Catholic Women's League, was held at the Derwent National hall. SUDDEN DEATH OF JACK CURRIE

Jack Currie of Kitscoty, former resident of Mannville, died suddenly in Edmonton on Wednesday night from a heart attack. Mr. Currie was in Edmonton attending the convention of Alberta municipalities.

Mrs. James Grant Passes Away

Mrs. Elizabeth Grant, beloved wife of James Grant of the St. Andrews district, passed away at the Vermilion municipal hospital on Friday Nov. 16th. She was 58 years of age.

The deceased leaves to mourn her loss her sorrowing husband, five sons, Patrick in Edmonton; Harry, Vermilion; Eddie, Estevan, Sask.; Gerry, Edmonton; Jim of the HMCS Naden. Victoria; three daughters, Mrs. A. J. Simonet and Mrs. Frank Mergi of Vermilion; Mrs. John Foy, Clandonald.

Mrs. Grant had lived in the St. Andrews district since 1926, coming at that time with the family from Ireland.

A prayer service was held at Moyer's Funeral Home on Sunday afternoon, Nov. 18th at 4 o'clock, with the funeral service taking place on Wednesday Nov. 21st at 10 o'clock in the morning at St. Andrews Catholic church. Interment was in the church cemetery. The Rev. Father Stewart conducted the funeral services with the Rev. Father Lanigan in charge of the prayer service.

Moyer's were in charge of the arrangements.

St. Saviour's Club Plan Lively Play

St. Saviour's Dramatic Society are jumping their first anniversary by several months to bring you a lively — and they hope — exciting evening on Friday, Dec. 7th.

If you want to forget your cares and problems, come and see how a strange experience in unusual surroundings effects two young people and their fellow travelers.

And if any of you are planning to take a trip by bus, you are advised to bypass Ghost Road near the Mexican border.

There are thrills and laughs too from Ward 90.

Don't miss Ghost Road, a mystery melodrama in three acts, presented by St Saviour's Dramatic Society, Vermilion.

The date is Friday, Dec. 7th; Place: V.S.A. auditorium; Time, 8:00 p.m.; Admission, adults 75c, students 50c.

Watch the Standard for more news regarding this three-act thriller.

Vermilion, Mannville, Kitscoty, Dewberry and the Vermilion School of Agriculture. Each team will play one game per week, excepting the month when two games will be played.

The team from the town of Vermilion intends to adhere strictly to the juvenile age limit, will be registered with the Northern Alberta Hockey Association and will definitely take part in the provincial play-offs

The officers elected to guide the activities of this league are:

President — Sidney Moore
Sec.-Treas — Ed Boyko
Executive — Tom MacPherson, Fred Stewart, Ed Jones, Wm. Novak Hugh Doherty, Clark Richardson, Angus Smith, Al Locke and Joe McIntyre.

Recovering From Tractor Accident

George Dyck, well known farmer from three miles north of town, returned to his home from the hospital on Tuesday this week, and is recovering from the extensive injuries suffered.

It will be recalled that George was severely injured when the tractor he was driving overturned and pinned him underneath. He was caught there for an hour and a half until found by Mrs Dyck who had become alarmed at his absence and began to look for him. Help was secured by phone and the injured man rushed to the hospital. Injuries included 12 broken ribs and a punctured lung.

Following his accident a number of friends and neighbors gathered at the Dyck farm and did a large amount of fall work in a day's bee.

Benefit Dance For Clennett Fund

MANNVILLE — The benefit dance held on Friday evening in aid of Mr. and Mrs. Clennett was very successful with more than $800 taken in at the door and in donations. The L.O.L. wishes to thank people for supporting it and the workers for their donation of music.

Rex Withington Of Island Hill Dies

There passed away at the hospital on Monday, Nov. 19th, a well known farmer of the Island Hill district in the person of Rex Marsden Withington, aged 71 years. He had lived here since 1933, farming in partnership with his brother, and occupied an esteemed position in the community.

Surviving members of the family are two brothers, Arthur in Leslie, Surrey, England and Richard of Vermilion.

Funeral services will be held on Friday, Nov. 23rd at 2 p.m. at St. Saviour's Anglican church. Interment will be in the Vermilion cemetery.

Moyer's Funeral Home is in charge of the last rites.

"2nd Generation" Well Represented In V. S. A. Classes

Students currently attending the regular courses at the Vermilion School of Agriculture include the sons and daughters of seven former V.S.A. students. These are Mickey Davidson from Marwayne, whose father, Reg Davidson was a member of the 1936 class; Laurie Kostman, son of John Kostmabel, Viking, 1936 class; Steve Kuzbe son of Walter Kuzbe Heinsberg, 1928, Carman McGhan, daughter of Lloyd McGhan, Brewster, class of 1939; Gordon Heshy, of Lloydminster, whose mother Grace Clark, attended V.S.A. in 1933. Lorne Maull Mecklenburg, whose mother, Frances Kreuger, was a V.S.A. student in 1928 and Gus Roose, son of Ted Roose, Camrose 1927.

The first second generation V.S.A students enrolled in 1956 since that time sons and daughters of former students have been prominent in all classes but it is probable that the number in this year's classes is a record.

Junior High School Activities

On Sept 21st, a wet windy day, initiation was held at the Vermilion Junior high Students all turned out in comical outfits and joined in the "Snake Dance" upstairs. Due to the weather, the court and penalties were carried out in school instead of the usual after four session in the business section of the town.

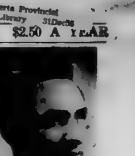
A week later Sept 28th, elections for the students Union executive were held, resulting as follows:

President — Ed Mitek
Secretary — Lynn McPherson
Treas Dorothy Jean Stewart
Chris Sports Rep Shirley Hicks
Boys' Sports Rep — Alex Russell
Social Con Marilyn Smith

Room representatives were elected to represent grades 7, 8, 9 and 9 at the council meetings. Press reporters were appointed by the Student Council Office Semerluk for first four months and Joan Pue for the last four.

The grade nine students were invited to the High school's first party, a "Hardtime Hop", and they had a very enjoyable time

Back From Russia, Will Address Vermilion Audience



Don Rollans, CHED's news director recently returned from a six week tour of Europe, one week of which was spent in Soviet Russia — will be guest speaker at the Vermilion Board of Trade Town and Country dinner to be held Monday, Nov 26 at 6:30 p.m. in the Anglican parish hall

From the Canadian Army Intelligence Branch. Don entered radio in 1946 and was radio news editor of the Edmonton Bulletin, broadcasting twice daily from the paper's editorial room. Later he accepted a Public Relations post with an American Oil Co. and returned to radio news when CHED went on the air in 1954.

September 1st of this year Don left Edmonton and visited England France Germany, Italy and Spain, prior to going 'behind the iron curtain". While in Moscow he interviewed personalities at Radio Moscow, including the infamous "Moscow Molly", known for her broadcasts beamed to the men employed on the DEW line. As guest speaker he will review his impressions of the Russian way of life their habits with regard to food, clothing religion and working conditions. With the world situation in a turmoil, here is a man that has returned "with the facts".

By being the first newsman to be sent to Russia by a private Canadian radio station, Don once more rowed that Radio 1080 — CHED — is first with the news!

Tickets to the banquet are on sale by Board of Trade members all over town at $1.50 per plate. As there has been an unprecedented demand and as accommodation is limited to 150, every one else interested should procure tickets at once. Both ladies and gentlemen are invited.

New Juveniles Named "Bobcats"

The new Vermilion juvenile hockey team will be known as the "Bobcats" and is being sponsored by the Knights of Columbus under the management of Joe McIntyre. Joe Green is secretary-treasurer with Frank Dorking the trainer.

PROVINCIAL - MUNICIPAL MONEY RELATIONS TO BE THOROUGHLY DISCUSSED

The current study of provincial municipal money matters may well get its first thorough discussion to date at the annual convention of the Alberta Association of Municipal Districts, being held in Edmonton this week.

It has been announced that municipal financing will be one of the main topics for discussion by the 400 delegates attending. No less than five cabinet ministers, ... Provincial ... are the central figures in the government sponsored study of the tax-revenue structure.

The convention should give the government a fair idea of what Alberta's municipal administrators think about taxation and ...

First Annual Hobby Fair At Mannville Is A Huge Success

MANNVILLE — Mannville's first Hobby Fair was a tremendous success. It would be almost impossible to describe all the hobbies that were displayed at the fair which was sponsored by the Happy Centre W.I. group on Saturday Nov. 17th.

Many came back in the evening to have a second look around. There was such a quantity of varied work throughout the hall that one couldn't take it all in at one time.

OVER 200 EXHIBITS

Next week we hope to have a detailed account of those receiving awards. Among the displays was work in all various types of fancy work, knitting, crochetting, tatting as well as woodwork, copper tooling, art work and many others. There were over 200 exhibits. The judges, Mr N. N. Bentley of the Vermilion Agricultural College, Miss Helen Moseson clothing specialist with the Provincial Department of Agriculture, Mrs. Hilda Wilson of Vermilion and Miss May Wright Home Management Instructress of the V.S.A. had a very difficult time judging the hobbies.

The following are some of the special awards mentioned by the judges: Mrs. A. Mitchell and Mrs. P. Cotter for crocheting; display of the Brownie Group of Vermilion; display of Handiwork by Mrs. Rea of Marwayne; Mrs. M. Mercer, knitting; Mrs. D. Webb of Vermilion for petit point; Mrs. G. Young for etching and oil painting; Miss Jean Allanach for copper tooling and stuffed toy; Mrs. Gardiner, knitting for those over 70; Mrs. Wm. McCauley, embroidery; Mr Dave Hay, Vegreville for internally carved plastic; Mrs. A. Rutherford cutwork; Mr Pulyk for display of photography, and special merit was given to the school displays of grades 1 to 8.

The Happy Centre W.I. served tea and the table centres were designating different countries of the world with the waitress in costume of that country. Mrs. Brittania supervised the tea tables.

WONDERFUL WORK OF HANDICAPPED

The exhibit of the Edmonton Rehabilitation Society for the Handicapped was of great interest, displaying the leathercrafts, copper tooling, weaving, etc. that is done by these people. At the present the headquarters for this work is the old Immigration Hall but the quarters are too cramped and it is hoped that a new home will be found in the near future. Mrs. W. Lamb is co-ordinator of this society but as she was unable to attend on Saturday her secretary Miss Betty Barett was in charge of the exhibits. Mr Bob Lamb was also there to discuss the work with the many interested people who spent quite a bit of time at this exhibit.

Special awards should be presented to Mrs. Jack Coxford for the many hours of letter writing and other book work that was connected with this hobby fair. And to Miss Jean Allanach for collecting the round the world exhibits and all the other work that has kept her and other members of the W.I. busy for the past few months. As this was the first attempt at anything like this in Mannville it is unbelievable the arranging, etc., that is connected with this hobby fair. Centre W.I. must feel proud of the success of their venture and we are sure they are very thankful and pleased with the co-operation of all the exhibitors and hope they will be on hand for the next Hobby Fair.

HELPING NEEDY CHILDREN

In many Canadian cities Cubs, Scouts and Rovers are busy collecting used toys which they will recondition for distribution to needy children at Christmas time.

Western Grey Cup Fans Get Special C. N. R. Service

WINNIPEG. — Canadian National Railways is helping football fans from the four western provinces to see the annual Grey Cup classic in Toronto on Nov. 24th by providing special service.

Several hundred fans will pour into the Queen City via CNR for the big event. Others will come to Winnipeg to watch the live telecast as Winnipeg is the most westerly city on the Canadian microwave TV transmission system.

A Grey Cup Special left Edmonton on Wednesday night, carrying the Eskimo fans to Toronto. E. D. Bell, CNR district passenger agent, Edmonton, had sufficient reservations to fill four sleeping cars as soon as the Edmonton Eskimos were declared western champions for 1956.

Four carloads of Winnipeg fans will leave for the big game, travelling in the CNR's fast regular trains the Super Continental and the Continental.

Fans from Vancouver, Regina, Yorkton and many other western points will also reach Toronto on regular CN trains.

For those who can't make it to Toronto, the CNR has arranged to set up the 7th floor ballroom of the Fort Garry hotel in Winnipeg as a TV theatre. Fans will arrive on Saturday morning to watch the live telecast. The special fare includes round-trip rail transportation and lunch at the Fort Garry hotel.

Remembrance Day Is Fittingly Observed by Marwayne Residents

Remembrance Day, 1956, will long be remembered by those who were privileged to attend on Sunday morning Nov. 11th in the Marwayne Community hall and the wreath-laying ceremony at the temporary cenotaph erected on the approximate site recently purchased by the Cenotaph committee for the purpose of making this land into a "Place of Remembrance" of those who made the supreme sacrifice in World Wars 1 and 2.

The following are the names and resting places of those local boys who did not come back:

William Weeks, France 1916; William Harvey Murray, Vimy Ridge 1917; William Mill Dargie, France 1917; Fred G. Gow, unknown 1917; David Smith M.M., France 1917; Wallace R. Milne, Alberta 1918; Ben Trimming M.M., Flanders 1918, Arthur Harrison, France 1918; Charles T. Jowe, France 1918; Russell Holmes, Holland 1942; Andrew Huff, Sicily 1943; Ernest Parsons, England 1944; Stanley Parker, France 1944; John Clark; James A. Gray, Belgium 1945.

The memorials made some ten years ago had twelve names. The Cenotaph committee would much appreciate hearing from anyone who might know of someone not recorded on the list above.

The beautiful day helped so much to give the public an idea of how a permanent cenotaph within a properly landscaped corner plot east of the Legion hall will eventually add to this entrance to main street and opposite the Marwayne school.

The wind helped the parade of Legion members and Boy Scouts whose standards and flags proudly floated while wreaths were laid from the Silver Cross Mothers, Legion and Auxiliary, Mayor Curtis, Scouts, Elks and Royal Purple, and several others. Rev. A. Potter was in charge of the service, the prayers were by Mr. Albin Swanson, and Mrs. Ferguson played the music.

Branch 116 of the Canadian Legion B.E.S.L. appreciate the Anglican congregation relinquishing their morning service in order that Remembrance Day could be held at the proper time.

Williamson-McConnell Nuptials At Vermilion United Church

Baskets of giant mums decorated the altar of First United church, Vermilion, on November 5th in a beautiful setting for the wedding of Helen Myrna McConnell, daughter of Mrs. Helen McConnell of Lawson, Sask., and Junior Williamson, youngest son of Mr. and Mrs. H. Williamson of Vermilion.

The double-ring ceremony was performed by Rev. C. W. MacKay.

The bride, given in marriage by her cousin Mr. Chas. Upshall, chose a waltz-length gown of white lace and nylon net over white satin. Her bolero, also of brocaded net had a Peter Pan collar and lily-point sleeves. Her fingertip veil of illusion net was held in place by a crown of opalescent sequins and she carried a bouquet of red roses. Her only jewelry was a rhinestone necklace and earring set, the gift of the groom.

Mrs. James Sinclair, sister of the bride, was matron of honor and wore a pink floor-length gown of lace and nylon net. She wore matching headdress and gloves and carried a bouquet of white baby carnations.

For the special occasion, the bride's mother, Mrs. McConnell, chose a crepe dress of dusty rose with lace inserts. Her corsage was of white carnations.

The groom's mother, Mrs. Williamson, chose a grey tailored suit with fuschia accessories. She wore a corsage of red roses.

Attending the groom was Mr. George Farkash of Vermilion as best man. Mr. Harvey Seymour, brother-in-law of the groom and Mr. John Wynnychuk of Vermilion, were ushers. The wedding music was played by Mrs. A. M. West.

Following the cermeony a reception for some sixty guests was held at the home of Mr. and Mrs. C. N. Upshall. The bride's table was beautifully decorated with pink carnations and centred in pink tulle was the three-tiered wedding cake made and decorated by Mrs. Upshall. Rev. MacKay proposed the toast to the bride to which the groom fittingly responded.

The serviteurs were Mrs. Jack McConnell, Mrs. Ted Wilkins, Mrs. Harvey Seymour and Mrs. Jack Marriott.

Out-of-town guests included Mr. and Mrs. T. Weichnik and Mr. and Mrs. Joe Yasinsky of Monitor, Alta.; Mrs. Helen McConnell and Wilda, Mr. and Mrs. Jack McConnell, all of Lawson, Sask.; Mr. and Mrs. Ted Wilkins and girls of Success, Sask.; Mr. and Mrs. Jim Sinclair, Regina Beach, Sask.; Mrs. Ken McLeod of Regina, Sask.

In the evening the bride and groom entertained their many friends at a dance in the Claysmore hall after which the happy couple left on a short honeymoon to central Alberta.

They will make their home at Vermilion.

Shirley Leahy, And Dale Fry Pledge Vows

Pink and white carnations formed the decoration at the altar of the United Church recently for an afternoon wedding when Shirley Loretta Leahy and Allen Dale Fry pledged vows before Rev. C. W. MacKay.

The bride is the daughter of Mrs. Laura Leahy of Vermilion and the groom a son of Mr and Mrs Lewis Fry, also of Vermilion.

The bride who was given in marriage by Mr Louis Geigle, a friend of the family, looked lovely in a floor length gown of white nylon lace and net over taffeta. Her fingertip veil was gathered to a headdress of net and sequins. The bridal bouquet was of pink roses.

Betty Leahy, sister of the bride, was her only attendant and chose a three-quarter length dress of net over taffeta with matching headdress. She carried a bouquet of baby mums.

Mr. Lawrence Habstritt was best man and ushering guests were Elmer Leahy brother of the bride, and George Fry brother of the groom.

Mrs. A.M West played the organ.

A reception was held later in the Legion hall. The bride's table was decorated with carnations and centred with a three-tiered wedding cake. Pat Callaghan proposed the toast to the bride.

To receive her guests the bride's mother chose a grey dress with tan accessories accentuated with a corsage of red roses. Mrs Fry chose a grey flowered dress with a corsage of red roses.

Shirley and Dale are making their home at Violet Grove, Alta.

Out-of-town guests were Mr and Mrs Charlie Finlay, Mr and Mrs Milton Finlay and Mrs Irvin Finlay all of Mannville; Mr and Mrs Leo Leahy, Waterways; Mr Norman McGinnis and daughters Norma and Barbara; Mr Leo McGinnis, Innisfail; Mrs Mona MacDonell, Tofield; Mr and Mrs. U. Carruthers of Violet Grove.

Early Shipment Of Xmas Gifts Is Urged

WINNIPEG — The importance of expressing Christmas parcels at an early date was stressed here by F. V. Clark, general superintendent western district, Canadian National Express.

He said that the company's annual machinery for handling millions of Yuletide parcels is now in operation. Parcels carefully packed and clearly addressed would facilitate handling and avoid disappointment he added.

Take Picture Tour England, Scotland And Europe

Twenty-seven members of St. Saviour's Anglican Men's club enjoyed an entrancing picture tour of England, Scotland and Switzerland on Monday night as the guests of Ken Rowe. Ken, who spent several months overseas earlier this year has a wonderful picture library, and this along with an interesting commentary contributed to a very fine meeting of the Men's club.

Quite a number of the scenes shown were familiar to several in the audience, men who had served overseas in war times, or who had grown up in the Old Country.

The committee in charge served a delicious Irish stew and all in all it made a very enjoyable night for the Men's club. Supper meetings are held the first Monday of each month and anyone interested is invited to attend.

Jack Kneale, the president, was the chairman.

MARWAYNE

Mrs. West has moved into her house in town and Mr. and Mrs. R. Saville have moved in from their farm where they spent the summer. Mr. Fred Quist has gone to Eston, Sask., to school for the winter. Stanley Banks of the Queen's Own Regiment, Calgary, is on his way to Egypt.

Sympathy is extended to Mrs. Ted Quist in the accidental death of her brother while at work in the Sidney Roofing Plant, Victoria, B.C. Many will remember Bert Edwards when he lived here with his family. He leaves to mourn his loss his wife and a daughters six years old as well as his mother brother and sisters in Marwayne.

The Royal Purple are holding a tea and bake sale on Saturday, Nov. 24th in the evening in Mr. J. Elliott's office.

The Explorers' Group will conduct church service on Sunday next at 2 30 p.m. On Dec 2nd the service will be at 7 30 p.m. The initiation service of the Explorers was held in the church on Thursday when the parents and friends attended this impressive service. The W. A. served lunch afterward. It is hoped that the parents will attend to hear the girls on Sunday next. The CGIT group have their meetings each Thursday at 7 30 p.m. All girls between ages of 12 to 17 years are welcome to join before Nov. 29th. They held a very successful Hallowe'en party at Mrs. Jonnson's. The girls are now collecting clothing for small children to be sent to Cold Lake hospital.

Mrs. Elsie Hines and Mrs. Hazel Wighton of Vancouver have been visiting their sister Mrs. L. Fleming and other relatives here. Mrs. Fleming spent a few days in hospital but is home again.

Mrs. Joe Hale is home from hospital also Ronald Golightly who was hurt at school. Mr. W. Moorhead spent a time in the Lloyd. hospital and Mrs. Geo. Doull has been in the Vermilion hospital.

The J. Ramsay family have moved into the elevator house lately occupied by the Huxley family. Mr. C. Harrington is having his house finished to move into, and the Franklin house is being renovated for occupation.

Mr. and Mrs. A. McDonald and family are in Edmonton where Alex is working for the winter.

The ladies of the Burkedale district held a shower at the home of Mrs. L. Dale for Miss Doreen Greig on her approaching marriage. The many and beautiful gifts were drawn in by little Duane Dale on a wagon in the form of a moving truck. Mrs. T. Bork made the presentation and Mrs. Vivian looked after the guest book. Doreen made a suitable "thank you" reply and a pleasant evening was brought to a close by a bountiful lunch.

MARWAYNE GIRL WINS BURSARY

From the Edmonton Journal the writer sees that Joan Ferguson was among the winners of the $750.00 bursaries announced by the Victorian Order of Nurses just released from Ottawa. Joan was home for the November 11 week end.

On Wednesday evening twenty-five relatives and friends of Mr. Robt. Milne were entertained at the home of Mr and Mrs. Lawrence Dale with Mrs. J. Milne and Mrs. W. Meiklejohn assisting, in honor of their 25th wedding aniversary. A few contests during the evening were enjoyed. Lovely gifts were presented, as well as a decorated wedding cake. The enjoyable evening was brought to a close with a delicious lunch.

FIREWOOD AND FOOD

First delivery has been made on an order for 2,000 tons of firewood for use of the Scouts, Scouters and Rovers attending the Jubilee Jamboree - Indaba Moot at Sutton Coldfield, Warwickshire, England, next August. Fire Brigade Re-organizes At Mannville

MANNVILLE. On November 15th the village council conducted an open public meeting in the Orange Hall for the purpose of re-organizing the Mannville Volunteer Fire Brigade. Mr. A. E. Bridges, the Fire Commissioner, was present and showed films relative to fire fighting and addressed the gathering.

At the close of the meeting twenty-three volunteers agreed to hold another meeting in the fire hall on Monday, Nov. 19th after which the Village Council supplied coffee and lunch.

The new brigade has as its chief, Vic Humphries; the assistant chief is Don Laurenceson and the secretary-treasurer of the group is Ralph Rudd.

For the present and until the newer members of the brigade become familiar with the equipment and techniques, practices and meetings will be held every Friday evening at 7:00 p.m. at the fire hall.

The Village is being requested to pass a Fire by-law which will incorporate the required clauses regulating traffic, jurisdiction of firemen and other regulations pertaining to obtaining more efficiency and safety.

Any person now a member of the brigade who misses three consecutive practices for no apparent reason and without informing the chief or assistant chief of his inability to attend will be automatically released from the brigade.

Anyone interested in joining the brigade is asked to leave his name with the secretary and should replacements be required they will be accepted on the basis of seniority on the list.

Socred Easy Winner

Premier Manning gazed into his crystal ball last week and turned in a good job of amateur sooth-saying.

During this weekly press conference, he was asked how he felt his party would fare in the by-election in the Stettler riding which was two days away at that time.

"There's no question about it," he replied. "It will be Social Credit by an overwhelming majority."

The election was conceded to 40-year-old Mr. Norris a few hours after the polls closed last Thursday. His election gives Social Credit 37 seats in the 61-seat house, the same number they had before the death last June of John E. Clark.

The results came as no surprise to most observers. The odds had favored Social Credit, which has held the Stettler seat since the original landslide of 1935. The Liberal campaign too, seemed to lack any platform material, due no doubt to the findings of the Royal Commission.

LOCAL NEWS

Hal Martin, Director of Publications for the Government of the Province of Alberta, was a visitor in Vermilion last Friday, calling at the Standard office. Hal was formerly editor of the Westlock Witness.

Mrs. Neva Newcombe, who was called here by the death of her father, Mr. Martin McBride, plans to leave this Thursday night for her home in Vancouver.

Mrs. Violet Williams left Vermilion on Monday morning after visiting her brother, S. R. P. Cooper and Mrs. Cooper, and other members of the family for the past week. She will stop over in Winnipeg and then proceed to her home in Toronto.

The Standard regrets that an error crept into the account of the Robinson-Whitlock wedding which appeared in last week's Standard. The name Mrs. Alf Green appeared by mistake; this should have read Mrs. Alf Robinson, mother of the groom.

TEA, SALE OF WORK

St. Saviour's W.A. will hold their fall tea, sale of work and home cooking and tea cup reading on Saturday Nov. 24th in the parish hall commencing at 2:30 p.m. All welcome. 18-21

Miss Marion Boyd, daughter of the Rev. and Mrs. Boyd, formerly of Vermilion, has begun her work as a missionary. She has already arrived in Portugal and is studying their language for one year. She then goes to Angola Africa to instruct in Home Economics in a Missionary Means School for girls. She will be away for four years. Interesting word to this effect was received here by Mrs. C. W. Stephens.

Mr. Morton Tovell is away this week on a trip during which he will visit Edmonton, Calgary and Toronto.

George Martin returned home Monday night from a week spent at the Canadian Civil Defence College at Arnprior, gathering up some specialized knowledge of civil defence measures.

Mr. and Mrs. Albert Miller and son Miles motored to Medicine Hat where they visited Albert's mother and father on the occasion of their 50th wedding anniversary. Also present for the happy occasion was Miss Lena Miller, who is on a two weeks' vacation at the present time.

Councillor James Wallington and Mrs. Wallington are in Edmonton this week attending the annual convention of the Alberta Association, Municipal Districts.

Showing for three days, Friday, Saturday, Monday, Nov. 23, 24, 26, "House of Bamboo" filmed against the teeming life of Tokyo, slightly advanced prices; Wed. and Thurs. Nov. 28 and 29 "The Long Grey Line". 21

Pleasant Valley

The weather is very nice with a little snow scattered around but not much.

Mrs. Barr visited the writer's home on Monday.

A shower was held in honor of Agnes Kallio, now Mrs. Marvin Gould. Some lovely gifts were received. Games were played and a few old time songs sung, with Doreen Gould playing the piano. A little dancing also took place which caused much laughter, even the oldest can still do the light fantastic. Was it too much for you Sylvia?

The writer thinks that this community needs a little entertainment. How about forming a club folks? Before we get rocking in the old rocking chair with lace caps on, eh?

NEWS from ISLAY

We have our good friend Mr. Bob Darrah in our midst again, looking for market cattle.

We are to be favored Dec. 4 with a play "Ghost Road" by the players of the St. Saviour's Anglican church in Vermilion. Watch the paper for later news.

Mrs. Vi Schaffer is assisting at the hospital while Elsie Podhaniuk is convalescing after an appendectomy.

For a school division of this size the attendance at the Trustees' convention was small. It was here the Department of Education was hoping to find out ideas for means of improvement along different lines, and particularly taxation. Hon. A. O. Aalborg listened to and discussed all points that arose. What have you to offer? That is what the Department would like to hear. The representative from Home and School Association, Mr. Johnson was witty. Mr Parr, chairman of the Athabasca School Division was witty, too. His problems were similar to other divisions. He told of how they had helped themselves, having the co-operation of the local boards. The speakers were very kind when they said we people must be interested in the children or we would not be in attendance. Are we? I think it was assistance with taxes by the sound of arguments brought forth. Resolutions handed in got their share of discussion. We must put in a big 'Thank You' to the town of Kitscoty for the lovely lunch and to the ladies of the Legion who catered. It was very much appreciated and came at a time when intermission was needed and we had an opportunity to visit. We also enjoyed very much the musical items, two solos by Miss B. Jack.

Congratulations to Mr. and Mrs. Edgar Williams on the birth of a son. Another grandson for Grandma and Grandpa Caro.

Come to church Sunday at 7 30 p.m. Rev. C. W. MacKay will be the minister. Last Sunday Mrs MacKay favored us while Mr MacKay went to Dewberry. We had a very interesting service, the topic was "Suffering" and after Mrs. MacKay's comments she read the story of Helen Keller, and Alex Calhoun the human log. Both tragic lives, and yet both produced so much good and help for others.

About one confinement in 85 in Canada results in the birth of more than one child.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. N. A. McLennan wish to announce the engagement of their younger daughter, Fay Joyce, to Mr. Earl Vincent Critchley, son of Mrs. Critchley and the late Mr. E. Critchley of Victoria, B.C. The wedding will take place in the Knox United Church, Islay, on Nov. 30th at 7:00 p.m. with Rev. C. W. MacKay officiating. An open reception will be held in the Islay Community hall from 8 to 10 p.m. followed by a dance.

Mannville Locals

Messrs. Harry Allen and Leslie Torrance attended a refresher course for druggists at Vermilion on Wednesday evening last. Dr Huston of the U. of A. conducted the course.

Mr. and Mrs. E. J. Lugg, Mr. and Mrs. Dan Smith and Mr. and Mrs. Don Lugg motored to Dewberry on Sunday to visit Mr. and Mrs. Angus Smith and small daughter.

Mrs. G. Whitson and Mr. and Mrs. Harold Whitson attended the Kirman-Parsons wedding in Irma on Friday.

Mr. Ivor Berg has moved into Mannville for the winter months.

IN MEMORIAM

In loving memory of
MARGARET PILGATE
—who passed away Nov. 26th, 1955.

In tears we saw you sinking
We watched you fade away
Our hearts were nearly broken
You fought so hard to stay
But when we saw you sleeping
So peacefully from pain
We could not wish you back
To suffer that again.

Ever remembered by Husband and Family.

Campbell Lake

The community offers its deepest sympathy to Mr. Arthur Withington of Farnham, Surrey, England, and Mr Dick Withington, of the Island Hill district on the death of their brother Rex in Vermilion hospital on Nov. 19. He was a kind neighbor and a true friend to all who sought him. He will be greatly missed and long remembered by all who knew him.

A donation to the Cancer Society in memory of Mrs. Logan Gow has been received from Mrs. O. Beamish of Marshall, Sask. This was received too late for inclusion in the regular obituary.

Only last week Const. MacIntosh made the perfect count in in Crib with Alex Manyluk. The Standard got the facts a little mixed on that one. It was Alex who just barely made it over the skunk line.

WILDMERE WINKS

Deepest sympathy from the writer and community is extended to the sorrowing husband and family of Mrs. Walter Cooper of Buffalo Coulee. She was a very pleasant person and one always felt the better for chatting with her. We hope the bereaved ones will be comforted in knowing she is at rest.

To the daughters, Mrs. Cooper and Mrs. Newcombe, of Mr. McBride we also extend heartfelt sympathy in their hour of sadness. He had lived a good, long and useful life and performed many kindnesses for his fellowmen. A well filled church showed the esteem held for him and his family. Rev MacKay gave a beautiful sermon. Mr McBride had picked the hymns and arranged his own funeral before [illegible].

Miss Peggy Graham, R.N., is now nursing in the Elk Point hospital and likes it fine. She made a flying trip home Monday evening for some of her belongings.

On Saturday the writer enjoyed chats with Mrs. Rogan, Mrs. Moore, Mrs. P McGuigan, Mrs. Johnson of Vanesti, Mrs. W Lamport and many others.

Mr and Mrs. H Frissell of Battleview have moved to town where Howard hopes to get work for the winter.

In a recent letter from Mr B Smith, our student minister of last summer who is now in Toronto he said Mr J Maxwell of Vermilion sends him the Winks and he was very grateful for them. Thanks Mr Maxwell

On Sunday Nov 11 Mr and Mrs Albert Smith also Bill and Adam Smith visited at the J. Wilson home in Wildmere

Monday, Nov. 12th the writer and family, also Mrs Cruthers, daughter Janet, Mr Robert and Hugh Service and J McFayden called at the Smith Bros. home and saw some of Adam's films. It was a nice evening

Bill and Adam Smith left for the Coast on Thursday morning last week where they will spend the winter with their mother.

Wildmere W A met at Preston Central school on Tuesday evening with eight members present. It was decided to hold a church service before Christmas, and so as not to conflict with Mr Minchin's service it will be held Dec 9th in the school. Mrs. Wallington had the Devotional period and chose 'Peace' as her topic. Mrs. Rendell and Mrs. A. Smith served lunch. Mrs. Wilson sent 32 toques to Mr. Webber. The next meeting is Dec. 12th with Mrs. D. Dibben and Mrs. W. T. Garnett on the lunch committee and Mrs. Hughes Devotional.

On Wednesday evening Mr. Cash held a show at the school where some wonderful films were shown. A well-filled school was present to view them. Mr. Cash plans on putting on a show every month. It will surely be welcome during the long winter months.

Several Wildmere folks attended the dance at Thorncliffe school on Friday evening where a good time was enjoyed. C. Sweeney was M.C. and Fortein and Young furnished the music.

On Saturday Mr. and Mrs. W. Ford of Vermilion celebrated their golden wedding at the home of their daughter Mrs. F. Gibson of Basswood. Son Dan and family of Edmonton, other relatives and a few close friends all sat down to a delicious turkey supper. We all wish this fine couple many more years of happiness together.

Everyone is indeed sorry to hear of Mrs. Carlson's illness and all hope for her a complete recovery.

All About Silverfish

In even the best kept houses, elusive little insects called silverfish pop up to harry the housewife and nibble holes in books, curtains, clothing. In case you have yet to meet your first silverfish, it's carrot-shaped, about three-eighths of an inch long and [illegible] three long, tail-like projections at the hind end of the body [illegible] two long, slender feelers at the head. The name "silverfish" comes from the pest's silvery scale-like covering.

The silverfish doesn't seem to be fussy about his environment. He thrives best in damp, warm, dark places, but he also appears mysteriously in the brightest, [illegible] cared-for places and in attics and country houses which are far from warm. Today's better constructed and evenly-heated buildings make him especially happy.

In apartment houses, silverfish [illegible] most abundant in heated basements and from there they follow pipe lines to apartments on the lower floors. You may [illegible] surprisingly large numbers of them in new buildings, the walls of which are still damp.

[illegible] enjoy the dark. When you turn on a light they're [illegible] of sight quick as a flash. That's why you seldom see them [illegible] they have become very [illegible]. They like quiet, too, [illegible] if they could choose between a noisy cafeteria and the more sedate, dimly-lit cocktail lounge, they'd pick the peaceful place.

Housewives are effectively waging war on silverfish with modern pesticides. A household spray containing D D T, such as "Ridsect", keeps them under control. It comes in an aerosol can [illegible] by just pressing a button, the insecticide is released in a mist-like spray. Apply it anywhere you suspect your uninvited guests have taken up residence.

[illegible] are hardy and [illegible]y won't disappear immediately, but keep after them. You'll soon convince them that your home is no place to raise a family!

Salvation Army Helps Hungarian Refugees

TORONTO. — Commissioner Wycliffe Booth, head of The Salvation Army in Canada, has wired funds to the organization's representatives in Austria, and has promised further aid, if required, for the help of Hungarian refugees reportedly arriving in Vienna in large numbers. This help has been gratefully acknowledged by Austrian Salvation Army officials who have been providing food and clothing since the emergency arose.

Consideration is also being given, Commissioner Booth said, to the provision of reception and temporary housing facilities if any such immigrant refugees evntually arrive in Canada.

It is estimated that in the current year the value of foreign goods sold in Canada will exceed the value of Canadian exports by $1,000,000,000.

Derwent District Farmer Proud Of Neighbors and Elks Lodge

F. V. Podlubny Discards Crutches After Serious Accident

F. V. Podlubny, well known Derwent district farmer has now discarded his crutches which have been necessary since his serious accident suffered in the hay field on August 10th. He still has to use a cane to help get around.

The members of the volunteer hay crew were Const. Roy Girling, R.C.M.P.; S. E. Arsenault; Marshall Mudryk; Clarence Algot and son Gary; Harry Borowsky; Ed Charcun; A. J Willmer; Tony Charcun; John Bykowski;

MODERN IMPLEMENTS USED IN THE HAYING BEE

It was on Aug. 10th that Mr. Podlubny was found in his hay field in a semi-conscious condition, by his young son Bernard, and simultaneously by Mrs. Ed Charcun of Derwent. They managed to take the injured man from the field and into Derwent, from which point Constable Ray Girling of the R.C.M.P. and Paul Charcun rushed him to the Myrnam hospital. Mr. Podlubny suffered a very badly fractured leg and ankle, and other injuries.

Peter Noster; Stephen Lychak; J. R. Bober; V. Malinowski, Henry Benson; Steve Malinowski; Joe (Spud) Zurba; Carl Hendel; Joe Bober and sons Edward and Walter; Joe Podlubny; H. R. Lychak; Bernard Podlubny.

While the men busied themselves raking and baling hay, Mrs. Harry Lychak and Mrs. Joe Podlubny helped Mrs. F. V. Podlubny prepare lunch which was served to the hay [illegible]

The job was well done and

HARD AT WORK

NEIGHBORS RALLY TO AID

News travels fast and word of the accident reached many a district resident. The accident was not three hours old when the local Derwent lodge of Derwent Elks, young men of good pioneer stock took action and in 24 hours had a hay bee organized. The pictures appearing herewith show part of the personnel and equipment taking part in the kindly deed.

The equipment assembled by various people included.

Two side delivery rakes; 2 hay balers, 3 tractors; 1 dray, 2 large trucks; 1 hay rack and team.

The men baled 371 bales on Sunday, Aug 12th and stacked it in the yard at the Podlubny farm.

many a pleasing remark was heard ... the pioneer spirit is not dead ... and the Derwent Elks lodge has lived up to its creed. May its membership increase. Derwent is proud of the work of the Elks.

A WELL EARNED REST

CARD OF THANKS

I wish to express my sincere thanks to Mrs. Ed Charcun who took me off the field and to Constable Roy Girling, R.C.M.P. and Paul Charcun who took over and rushed me to hospital at Myrnam and to many others who have helped in so many ways since my accident.

F. V. Podlubny,

The Thrill That Comes Once in a Lifetime

Bowtell Bulletin

Today, at time of writing, we surely have winter as it is snowing and blowing, Nov. 19th.

BUSY BEES MEET

The Busy Bee meeting was held at the home of Mrs. A. Maggs with 13 members present. It was decided to send $10 to the T.B. fund. The following officers were elected:

[illegible] — Mrs. B. Gould
Vice-Pres. — Mrs. F. Robinson
Secretary — Mrs. T Sherwood
Treasurer — Mrs. S. Carroll
Auditor — Mrs. O. Johnson
Flower & Sick Committee — Mrs. J. Morrison and Mrs. R. Repp.

It was decided to have a bingo in aid of the Xmas tree at the hall on Nov. 23. Prizes will be home cooking

The lucky draw was won by Mrs. Burton.

Plans were discussed for some form of entertainment for a Xmas tree party. This will be an amateur night. Anyone wishing to help out please phone Mrs. Sherwood at 2002. This is scheduled for Dec. 18 in the evening. Mrs Jones and Mrs. Repp were appointed to buy candies and treats for the kiddies' socks.

Don't forget ladies, our December meeting is one week earlier Dec 13th. Each member is to bring a gift, name enclosed. The next gathering will be held at the home of Mrs. O. Repp and will be a pot luck dinner at 12 o'clock sharp.

Mr and Mrs. Robinson and family and Mr. Kay enjoyed a supper and social evening at the Knutson home on Friday. The writer and hubby enjoyed supper at the same home Monday.

Allan and Edith Coutts and Frances Sherwood were visitors on Sunday at the home of Mr and Mrs. L. Sherwood of Wainwright.

Miss Maybelle Knutson leaves this Tuesday for Calgary to continue her nursing career.

TIME OUT FOR A GOOD TURN

Just as the annual meeting of the Watford, Ont., Scout Group got started recently in the basement of Central United church, fire broke out in the residence of the Rev A. V Roukema. The Scouts left immediately and assisted in getting out the younger children of the family and in salvaging furniture

CLAYSMORE CLIPPINGS

A farewell party was held at the Ernest Livingstone home on Saturday evening for Miss Elsie Hobden of London, England, who has been visiting relatives here and in British Columbia for the past few months. A jolly time was had by all. Elsie was presented with a "Davy Crockett" hat autographed by all present to take back as a souvenir of Canada. She thanked everyone for the present and the lovely time after which Mrs. Livingstone served a lovely turkey supper. Several flash pictures were also taken. We certainly hope to see you back in our midst again, Elsie.

Mr. and Mrs. Allan Olstad and family were dinner guests at the Jim Gordon home at Mannville on Sunday.

The F.U.A. dance at Claysmore school on Friday evening was quite well attended.

Mrs. Jack Willes and Mrs. A. Olstad attended a "Ronald Tea" at the home of Mrs. James Scott in the Clovelly district last Thursday evening.

Mr. and Mrs. Tom McCauley and family were Edmonton visitors on Saturday.

The rural phones in the Claysmore district have all been changed this week. The ones on the north side of the highway are now on line 29 and the south side still remains on line 12. It has certainly caused some confusion but we're all getting used to it now.

Flu and colds have been making the rounds of the district. Hope everyone is feeling better now.

The Claysmore W.I. held their monthly meeting at the home of Mrs Ronnie Bauer last Wednesday afternoon with a very good attendance. Next meeting to be at Mrs. Jack Willes' on Dec. 12.

Mrs. Laura Van Nest is visiting in the Kerrimuir district for a few days.

Congratulation to Edwin Willes of Ottawa who has been promoted from Corporal to Sergeant in the R.C.M.P.

Mr. Bruce Winters and Mr. Bob McMillan are leaving today, Tuesday, for Edmonton for a few days.

Mr. and Mrs. Pete Krushinsky were Saturday evening visitors at the Tom McCauley home.

Mr. and Mrs. Ronnie Bauer and family spent Tuesday and part of Wednesday in Edmonton. Allan Olstad is doing their chores while they're away.

"Elevator row" is pretty busy these days as the quota went up one bushel last Friday.

Mr. Dale Moore is spending a few days visit at Bittern Lake with relatives.

Mr. and Mrs. Fred Watling and family were dinner guests at the H. J. Horne home on Sunday, November 11th.

Sympathy is extended to the family of the late Mr. J. Van Nest who passed away at Rimbey last night.

Sunday callers at the Jim Horne home were Mr. and Mrs. Chris Ensland and family of Lloydminster.

Wedding Bells

Le CLERC — SCOTT

Owing to the serious illness in the family of the groom, the marriage of Glenda Diana Scott, younger daughter of Mr. and Mrs. Harry Scott of Vermilion, to Mr. Leon Wardlow Le Clerc, son of Mrs. Pearl Le Clerc, took place on Thursday November 8, two days earlier than planned.

Canon Teape officiated for the lovely double-ring ceremony in All Saints Cathedral, Edmonton.

The bride, given in marriage by her father was winsome in a cocktail-length gown of white lace, her chapel veil misted from a matching lace headdress. She carried a prayer book surmounted by red roses and stephanotis.

As her sister's only attendant Miss Jessie Scott wore a cocktail-length gown and matching headdress of turquoise taffeta. She carried bronze and white chrysanthemums.

Mr. Leo Le Clerc, brother of the groom, was best man and ushers were Mr Rod De Piva and Mr Ian Shearer.

Because of Mrs. Le Clerc's illness the reception did not take place. The immediate family gathered for lugdird rirA.Gnca gathered for lunch and wedding cake at the apartment of Miss Jessie Scott.

Mr. and Mrs Le Clerc will reside in Edmonton.

Showers Honor Shirley Leahy

A surprise shower in honor of Miss Shirley Leahy was held at the home of Mrs. C. Nels on October 29th. Various games were played including bingo, then the gifts were presented in a beautifully decorated basket.

Following the opening of the gifts Shirley thanked everyone for their kindness and the beautiful presents. A dainty lunch completed an enjoyable evening.

The home of Mrs. Carmen Millar was the scene of a happy gathering on October 31st when a shower was held in honor of bride-elect Shirley Leahy. Eighteen ladies gathered to play whist, and then to partake of a dainty lunch. Mrs. A. M. West in the meanwhile played appropriate wedding music.

As a climax to the evening a large and beautifully decorated basket was brought in with many useful gifts of linen. After recovering her composure at the sight of the many lovely presents Shirley thanked those present most sincerely.

Frissells Honored On 48th Anniversary

A surprise party was held on Nov. 18th at the home of Mr. and Mrs. Bert Frissell in honor of the forty-eighth wedding anniversary of Mr. and Mrs. Frissell.

A three-tiered wedding cake graced the centre of the table where twenty-five relatives and friends from Vermilion, Lloydminster and Triangle districts sat down to a chicken dinner.

Mr. and Mrs. Frissell retired from active farming eight years ago. They moved to Vermilion where they have made their home since.

Attending the party was their one daughter Mrs. L. Fadden (Ethel), and two sons Bert and Howard. One son living at Grande Prairie was unable to attend but phoned his congratulations.

Old Timers Feted At Allandale

On November 12th at Allendale school the many friends of Mr and Mrs. Gus Throndson and Mr and Mrs. John Nelson gathered to honor these old timers, long time residents of the district who are now retiring from farming.

Cards were played and a good visit enjoyed by the hundred or more who were in attendance. A very tasty lunch was served.

Following the lunch an attractive coffee table was presented to Mr and Mrs. Throndson, and a set of matched luggage was presented to Mr and Mrs. Nelson.

Although they were away on their honeymoon, the gathering offered congratulations to Mr and Mrs Alvin Throndson, newly weds of the district. A lovely table lamp awaits them on their return.

The sentiments expressed and congratulations offered, speak well of the esteem in which these families are held.

Salvation Army Home League Rally, Edmonton

Last Friday six ladies of the Salvation Army Home league travelled to Edmonton for a Home League rally. There were four city leagues present, also representative members from Lloydminster, Wetaskiwin, Vermilion and Leduc.

The leader of the Rally was Alberta's Divisional Home league secretary, Mrs. Sr Major Wm. Ross, while Mrs. Brigadier Welbourne of Saskatchewan was the guest speaker.

Three interesting sessions were held. The morning featuring discussion groups. The afternoon featuring missionary work. Mrs. Brig. Wilbourne who spent 21 years in China spoke on our missionary work. The evening, which featured a very fine dramatic presentation of "The Gate Ajar" by the Edmonton Southside Corps, Youth group.

Mrs. Brigadier Wilbourne's topics were of "The Workman at Home" and "The Workman's Tools". During the afternoon handicrafts created much interest.

Hasti-pecs were taught by Mrs. Lieut. Crossland of Lloydminster. Chenille hangers by Mrs. Capt. Holden of Vermilion.

The pictures were demonstrated to the delight of all. Miss Ena Oliver of Divisional headquarters for Alberta demonstrated them.

The rally was a memorable one, and the ladies are looking forward to next year's get together and also to the time when perhaps the Vermilion League will have the privilege of being hostess on such an occasion.

Dewberry Ladies' Aid

Fifteen members met at the home of Mrs. M. Hodgson for the November meeting of the Dewberry Ladies' Aid. We were pleased to welcome Mrs. F. Oxton as a new member.

After Mrs. Smith gave the Bible reading Mrs. Hodgson read from the 'Upper Room'.

Final plans were made for the chicken supper. Bazaar items were given to Mrs. Brett.

Mrs. Tullock and Mrs. H. Curtis were hired to clean the hall. Mrs. McKay and Mrs. Purser assisted our hostess in serving an enjoyable lunch.

The December meeting will be held at Mrs. J. S. McKay's.

Armistice Service At Mannville Draws Record Attendance

MANNVILLE.—The Armistice service under the sponsorship of the local Canadian Legion Branch was held at the Cenotaph for the first time and drew a record attendance.

The Cenotaph ceremony was conducted by Chaplain Rev. MacPherson and after the two minute's silence the laying of the wreaths took place. Official wreaths were laid on behalf of the Legion and Auxiliary Branches and their two Provincial Commands, the Village of Mannville, Motherhood of Canada and Province of Alberta. Other wreaths laid were: Mannville Cadets (E. Schreyer), Mannville Hospital (N. Crooks), Croft & Laidler (P. Laidler), Mannville Motors (E. Kreiler), Rudd Agencies (R. Rudd), Mannville Trading Store (J. Spevakow), Ralph's General Store (W. Bryden), Torrance's Drugs (H. Allen), Alta Theatre (L. Boe), Bank of Commerce (A. Baker) Malin's Store (M. Malin), Mannville Co-Op. (R. White) M. D. of Minburn (J. Tomyn), Len's Locker (L. Manz), Leitch Hardware (R. Leitch), Hotel Coffee Shop (E. Hubbard), Mannville Hotel Ltd. (E. Schock), Proudfoot & Coxford (W. Osborn), Joe's Service (F. Richardson).

After the Cenotaph service the parade retired to the Alta Theatre for the balance of the service which was conducted under the two Branch chaplains, Rev MacPherson and Rev. Holter. The address was given by Chaplain Holter.

At the completion of the service the parade returned to the Legion hall and the Ladies' Auxiliary served coffee and sandwiches. A wreath-laying ceremony was also conducted at the Mannville cemetery Soldiers' Plot by the senior executives of the Branch.

The Branch wishes to extend its heartfelt thanks to all those who turned out for the service, and a special thanks to the Ladies' Auxiliary and the Mannville Cadets for parading. The Cadets are also especially thanked for supplying the Honour Guard.

The Branch is working on plans for future services to cut down the length of the Cenotaph ceremony, especially in the laying of wreaths, by instituting a quicker system of calling out and laying of the wreaths. It is also planned to hold a more elaborate ceremony at the cemetery afterwards to which all who would be interested will be asked to attend.

The Branch also wish to thank the people of Mannville and district for their splendid support of their Poppy campaign. A record number of poppy wreaths and sprays were distributed this year and every business establishment responded to the Branch effort to have each and every office or business establishment display a wreath or spray.

OUR LETTER FROM EDMONTON

Alberta Government Still Operates On "Pay-As-You-Go" Basis

EDMONTON — This oil-rich province hasn't lost the golden touch yet according to figures released last week outlining Alberta's financial position for the first six months of the current fiscal year.

The figures showed, among other things that the government can still operate on its "pay-as-you-go" basis and make a profit as well. For the six months ended Sept. 30th, there was a cash surplus of $6,771,686 after all the bills were paid.

This is in sharp contrast to the first six months of the previous year, when expenditures exceeded revenue and government officials began wondering if the province could continue much longer in its program of financing all operations out of current revenue and still have enough left over for municipal and school financing.

Actually, the surplus represents an improvement of $15,107,298 over the same period of the previous year, because in that six months the government had to raid its accumulated surpluses to the tune of 8,335,631 to make ends meet.

Provincial auditor C. K. Huckvale, who released the figures in an interim financial statement, said the bright picture is due once again to Alberta's perennial ace in the hole — oil development. Lease sales, royalties, fees and rentals brought in a whopping $62,903,511, compared with $49,833,144 during the same period of the previous year.

This, coupled with healthy increases in other earnings, contributed to an all-time record $125,612,253 in cash receipts on income account. Among the major revenue items were $18,023,932 under the federal-provincial tax agreement, $11,115,792 from the gasoline tax and $9,912,224 from motor vehicle licenses.

These combined with a number of major reductions in payments to result in the substantial profit on operations. For example loans to municipalities dropped to $7,000,000 from $12,700,000 during the same period of last year and loans to rural electrification associations dropped to $500,000 from $1,000,000.

It all adds up to one thing — Alberta's financial picture is still one which can rightly make less fortunate provinces feel envious.

Clandonald Old-Timers Celebrate 40th Anniversary

Mr. and Mrs. R. E. Stanley were feted on Thursday evening, Nov. 8th at the home of their son and daughter-in-law Mr. and Mrs. Norman Stanley of Edmonton, on the occasion of the 40th anniversary of their marriage.

The immediate family gathered for supper included Hazel and Matt Kada and family, Clandonald; Ivy and Raymond Lefebvre, Hairy Hill; Mr. Roy McDonald, Edmonton.

After the supper the happy couple were presented with a ruby necklace and a ruby stick-pin from the family and many beautiful gifts from their friends. Congratulatory messages were received from daughter Jessie and family of Vancouver, son Alfred and family also of Vancouver and daughter Edith and her family of Victoria.

Relatives and friends who gathered for the evening included Mr. and Mrs. Oliver Goldsmith, Mr. Tom Souder, Robert and Harriet McDonald, Mrs. Tom McDonald, Wally and Mary McDonald, Len and Hazel McDonald.

The guests were very ably entertained by Mrs. Stanley's brothers, the well known musicians Len and Wally McDonald.

A beautiful three-tiered wedding cake was the highlight of the very sumptuous midnight lunch.

Miss Glenna Little Wed At Vegreville

In a candlelight ceremony in Vegreville United Church Rev. G. B. Mather officiated at the marriage of Miss Glenna Margaret Little, daughter of Mr and Mrs. A. J. Little of Vegreville, to Mr Alexander Burnett, son of Mrs A. Burnett of Aberdeen, Scotland. Baskets of chrysanthemums in mauve, white and gold formed an attractive setting.

The bride is a graduate of Edmonton General Hospital School of Nursing.

Given in marriage by her father the bride wore white guipure lace over taffeta, fashioned with high Empire waistline accented by a wide sash of pleated taffeta and a bouffant skirt in ballerina length. This was complemented by a chapel veil of French illusion falling from a Juliet cap embroidered with seed pearls and sequins. She wore the groom's gift, a strand of pearls with matching earrings. White carnations and baby mums garlanded a large mauve orchid in her bouquet.

As matron of honor Mrs Kenneth Stuparek chose pastel blue lace over taffeta with scalloped bateau neckline, fitted bodice and circular skirt; she wore a matching lace bandeau and mittens and carried a bouquet of pink carnations. Mr. K. Stuparek attended the groom.

For her daughter's wedding the mother of the bride Mrs A. J. Little selected Florentine lace in Dior blue with feathered hat and a corsage of pink rose buds.

Mrs. Bruce Bird was soloist for the occasion and Miss Jean Gibson played the wedding music.

Ushering the guests were Mr R. B. Gish and Mr Stuart Little.

At a reception held in the social room of the church for one hundred guests, several of whom were from out of town, Rev. G. B. Mather proposed the toast to the bride. A number of congratulatory telegrams were read by Mr. K. Stuparek and later in the evening a long distance telephone call was received from the groom's mother in Scotland.

Sharing honors at the tea tables were Mrs. Alex Stone of Vermilion and Mrs Hal Johnson of Edmonton. Mrs Stuart Little was in charge of the guest book.

For her wedding trip the bride donned a two-piece dress of wool faille in sea mist green with hat and accessories in pawn ivory and a gardenia corsage.

Mr and Mrs. Burnett will make their home in Vancouver.

W.M.S. Farewell

The W. M. S. of the United Church held their regular monthly meeting in the church hall on Thursday, Nov. 8th at 2:30 p.m.

The meeting opened with Mrs. C. Barr, the president, taking the chair. A passage was quoted from the Bible followed by a hymn. Mrs. Barr then turned the meeting over to Mrs. Fligate and her committee who were in charge of the Devotional. After this, Miss Craig gave a talk on the first chapters of the study book called "East of Burma". It was very interesting and enjoyed by all.

Roll call was taken, twenty members were present. The minutes of the last meeting were read and approved. Reports were given and new business was transacted.

Mrs. C. Brown was then called to the front where she was presented with a card signed by the members. Mr. and Mrs. Brown will leave Vermilion shortly for Port Alberni, B.C., where they will make their new home. Mrs. Barr sincerely expressed how sorry all were to see them go. The president then presented Miss Gertrude Craig with a nice

Popular Member

birthday card and wished her many happy returns. It was later learned that she was 82 years old on Nov. 11.

All business was then brought to a close and the meeting ended with the members repeating the Mizpah.

The committee in charge served a delicious lunch. A heart-shaped cake lit up with candles was made for the birthday of Miss Craig. A social half hour was enjoyed by all.

October With The W. I.

PRINCESS ANNE — OCT. 15

Meeting held at the home of Mrs. M. MacKay with eight members in attendance. The United Nations Convener Mrs. K. E. Reeves had the topic for the day on "Specialized Agencies of the U. N." and dealt with UNICEF. It was decided to have a card party and sale of home made candy and turn the proceeds over to the UNICEF "Shell-Out" plan for Hallowe'en. Clothing is being collected and will be shipped out before the end of the month for U.S.A. The Handicraft convener reported on the new handicraft proposed list. A card of congratulations sent to Mr. and Mrs. P. McDaniel Sr. of Edmonton, former residents of the two districts on their 50th wedding anniversary.

CLAYSMORE, OCT. 10

Meeting held at the Claysmore school with 10 members present and one visitor Mrs. D. Scott. Roll call was an animal toy for fall bazaar. Social service convener reported sending out two fruit baskets and one card. Mrs. J. Horne received one of the fruit baskets while in the hospital after the birth of her son. Mrs. A. Olstad received a nice quantity of clothing to send to the Bethany Home at Wetaskiwin. A nice lot of sewing was turned in for the bazaar and tea to be held Oct. 6th. A shower was planned for Junior Williamson and his bride to be held October 19th. Lunch hostesses were Mrs. O. Willes and Mrs. J. Scott.

WILDMERE BEAVERS OCT. 13

Meeting held at the home of Janet Cruthers with 9 members present and the new supervisor Mrs. Dibben. The annual meeting went along very nicely under Mrs. Dibben's leadership. New officers were elected for the year and three new members enrolled, Wendy Cruthers, Judy Garnett, Joannie Hughes. A masquerade and dance was planned to raise money. A committee was nominated to plan the years program book. Each member is to have her program book ready for the next meeting. A box of get well cards to be purchased to give to any member who becomes ill during the year. The Wildmere Beavers plan to buy a W. I. pin for a past member who is getting married.

WILDMERE — OCT. 17

Place of meeting Mrs. Garnett. Attendance nine members and one visitor. The topic for the day was given by Mrs. W. J. Garnett entitled "Hutterites do well on Religion and Hard Work". The project for the month was the donation of a book to the school library, one suggested by the principal. It was decided to have the dates of the meetings printed in the "Rotary Club Calendar" of Vermilion re the presidents suggestion.

The tenth anniversary of the Wildmere W. I. will be celebrated by a social evening and picture show in the school. Invitations will be given to all the families of the W. I. members. A bake sale was planned for November.

[illegible]—OCT. 3

October meeting was held at the home of Mrs. M. K. McDonald with eight members present and one visitor. Roll call was exchange of preserves or pickles. Plans were made for a tea and sale of fancy work on Nov. 16th. The tentative handicraft list was discussed but not approved. The mystery parcel was won by Mrs. Pidcock.

While this branch held no meetings during the summer, the visiting committees were kept busy with several visits to hospitals, cards and parcels to sick patients.

Instead of a general meeting in September, a social evening was held for Mrs. Joseph Batty, their very capable president, who was leaving to reside at Beverly. Mrs. Miller, on behalf of the members, presented Mrs. Batty with an A. W. I. spoon and a lovely relish tray.

VERMILION—OCT. 10th

Meeting was held at the home of Mrs. Fred Clark with nine members present and six visitors. The roll call was answered by an article for the food hamper to be drawn for at Bake Sale in Dec. Raffle tickets for the hamper were given out. The dates of the W. I. meetings to be inserted in the Rotary Club Birthday Calendar. The handicraft list was read. A donation was made to the Vermilion Boy Scouts and the Hospital project discussed. An interesting letter was read from the District Home Economist.

HAZELDINE—OCT. 2nd.

Meeting was held at the home of Mrs. W. A. Anderson with 13 members and 1 visitor present. The guest speaker for the day was Mrs. E. Morback, the Home Economics Branch Convenor. She gave an interesting paper on "Progress made in Preserving Foods."

As November is the birthday month, it was decided to hold their meeting on Friday night, November the 9th so Mrs. R. Mead could attend. It was decided to dispense with the topic for November and have games instead.

Fund raising campaign was discussed. Mrs. L. Quist suggested a number of our W. I. members and friends who have been collecting woollen articles to be shipped and made into blankets, take the premium that is received from the Woollen Co. and raffle it. The handicraft list was discussed and it was felt that the baking and Petit Point be removed from the list and fibre flowers be added. Mrs. G. Needham, who was responsible for the social, had the members write a friendly letter to one of their former members now residing in Yellowknife. A very lovely lunch was provided by the hostesses, Mrs. Don Beckett and Mrs. George Needham.

LETTER FROM THE CONSTITUENCY CONVENOR

Dear Members,

Imagine it is only November 2nd and already Old Man Winter has made his appearance. Oh well! I guess we'll just have to cheerfully grin and bear it.

With our busy summer behind us and our long winter months stretching before, we'll perhaps get more time to devote to the work of our great A. W. I. organization. When each branch is busy planning the following years' programme, do give special attention to our standing committee work. Remember, standing committees are the backbone of our organization, making us different from other organizations and raising the standards of our groups and members. Give papers on a topic on which you are well informed and in which you are really interested, then make it of more value to the meeting by inviting discussion. Would it not make the A. C. W. W. report more meaningful if all branches made a study of Ceylon and other Eastern countries?

How many of the branches have thought about the Tweedsmuir Competitions: 1. The History; 2. Cultural Project—Painting (surely some of the branches have artists in their midst); 3. Handicraft Competition — Hope Chest. There are many clever and talented needlewomen in our various branches, would it not be interesting to enter this competition? If you'll take your March 1956 Home & Country issue you'll find the rules and regulations clearly stated for these three worth-while competitions. Please give the Tweedsmuir competitions serious thought.

Did you know the Chatelaine magazine has a regular feature called "These Women Did Something About It," which tells of the community effort or fund raising campaign of some particular group of women. The editors now plan to enlarge the scope of this column and brighten it up by including the activities of several organizations each month; in short, interesting articles. The magazine would like all branches to know of this feature. If the they have filled a need or undertaken a project of which they are particularly proud, Chatelaine would like to know about it. All news items should be sent to Miss Patricia Parkinson, Editor, "These Women Did Something About It," Chatelaine Magazine, 481 University Ave., Toronto 2, Ont.

Sincerely,
Your Const. Convener,
(Mrs.) Percy Sloan.

Something New!
THE JOLLY JUMPER

JOLLY JUMPER represents a unique development in the field of infant health and care, insofar as it introduces into the hitherto routine existence of the very small infant the essential elements of recreation and amusement. The *JOLLY JUMPER* is not similar to the old fashioned Baby Swing. The inventor started with the idea that if a soft flexible device, much like an article of clothing, could be designed to provide absolute support to the torso and spine of an infant as young as three months, and still allow complete freedom of hips, legs, arms and head, the perfect medium for infant recreation would result. The simple diaper-like design of *JOLLY JUMPER* provides maximum balanced support evenly distributed around chest and waist area. There is no chance of cutting off circulation. *JOLLY JUMPER* is washable. It keeps baby off the cold and drafty floor, out of mischief, and gives the exercise needed to strengthen young muscles.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

Irma, Alta., Nov. 5, 1956.

Editor, Vermilion Standard,
Vermilion, Alberta.

Dear Sir:

I would like the use of a little space in your paper to ask the following questions: "Is the direct payment of money by governments to citizens to become a permant part of our national life and traditions?" Can our democratic way of life survive if the answer to the first question is 'Yes'

At least two of our political parties seem to have answered yes to the first question.

The Social Credit party came to power largely because many Alberta voters believed that the late Mr. Aberhart had promised them a basic dividend of $25 per month. Recent statements lead one to believe that the government is now trying to alter the provincial tax structure so that a basic dividend will be possible.

The Liberal government in Ottawa has been making direct payments to people for years in the form of family allowances.

Evidently where these parties were concerned, it was just a question of who could get to the federal treasury first!

Are basic dividends or family allowances truly desirable?

Are they simply bribery and corruption of the electorate on a mass scale?

Suppose a provincial government had failed completely to maintain an adequate teaching force. Suppose it had allowed the education of the province's children to become an intolerable strain on municipal roads and a force tending to depopulate the countryside.

Would not many angry voters be tempted with the promise: "Vote for us and it'll mean money in your pocket instead of provincial grants"?

Suppose a federal government had done nothing at all to solve the freight rate problem, had ignored the farmers' plight in a grain marketing problem, and had allowed one part of the economy to boom at the expense of other parts.

Would not many angry voters be intimidated by this threat: "If you vote against us you'll lose the family allowances?

Can democracy thrive when bribery and corruption of the electorate are practised or promised on a provincial or national scale?

Yours sincerely,
Allen Ronaghan.

Mannville Explorers Enjoy Skating Party

MANNVILLE. — On Monday, the Explorers' group met for a skating party in place of their usual meeting which was to have been held on Thursday, Nov. 22. The girls met in the church hall at 4:00 o'clock where Mrs. Proudfoot and Mrs. Park, the leaders, picked them up in their cars and took them out to Park's lake. The ice was good and the girls soon had their skates on having a wonderful time racing and falling (?). At 5:00 the bonfire was lit and the members had hot dogs prepared in advance by Mrs. Proudfoot. The girls were delivered to their respective homes at 5:30. The party seemed to be a success since several members suggested that skating parties were better than the regular meetings.

Total spending by governments in Canada on social security and health and welfare services now amounts to about $2.5 billion a year, about one-third of all government spending.

Dewberry District News Items

Since we last penned this column, a number of Dewberry people have moved elsewhere. The Fred Braithwaite family now live in Lloydminster while the Joe Braithwaite family are in Edmonton where better school facilities are available. Merle Craige and family have moved to the interior of B.C. for at least the winter. Peter Martin, Jack Martin and Mrs. Martin are also out towards the B.C. coast.

Ernie Braithwaite, son of Mr and Mrs. Joe Braithwaite, is this year attending the University in Switzerland. His ability as a hockey player last year for the Alberta Varsity Golden Bears was noticed by a Switzerland scout so then he is getting his expenses all paid by that university as well as his tuition fees.

We extend our sympathy to the Connon family in their sad bereavement. Glen, though only a short while on the oil rigs, had worked his way to top man on the crew.

On the sick list at the present time are Mrs. R. Bowman and Bill Davidson. Both old timers of the district. Good health is wished them by all friends of the district.

Weather today (Sunday) is wonderful, but mid-October snow caught the odd farmer with some combining left, apparently for next year. Rudi Isert has about 175 acres of oats which are down bad and not swathed. Jack Grant has nearly 250 acres in swath to do. Crops were good but wheat mostly grading No. 5. Dewberry recently had a one bushel quota increase, the first unit delivery here.

The National elevator has been empty for the last month or so and crews have been working levelling it up and running new cement foundations. A new steel pit will also go in this time, two feet higher, to keep out seepage water.

Once more the shows have started in Dewberry after the loss of machines by fire this past summer. During the time we were without shows Saturday night business in Dewberry was very poor.

Frost has caused a halt to most road construction. The new road south of Dewberry is in use though not finished. The new bridge on Highway 45 over the Vermilion River should soon be passable.

The results of the Greenlawn Grain Club achievement day were very gratifying to one member at least. Leslie Anderson who won first in the grain plots also took first for his wheat sample. He received a superior ribbon for this and a very nice leather wallet, courtesy of the Alberta Wheat Pool. This is Leslie's first year. Nice goinig Les! Other winners were: Wheat — Bobby Wilson and Joan Grey. Barley — Roy Hugin, Delbur Jones and Frank Mathison.

Somebody at last is putting on a dance in the Dewberry hall. The local Farmers' Union will hold their fall dance Friday evening, Nov. 16th. Everybody welcome.

A very delicious chicken supper was served by the Dewberry Ladies Aid last week. Tables were kept filled until nearly 8 o'clock.

Dewberry Curling club expects to get ice-making underway soon. R. Lunden and H. McKnight have been given the contract. Stepping up to the presidency this year will be Wm. Young. H. McKnight is secretary. Curlers may form their own rinks this year.

COYOTES ON THE ATTACK

Coyotes are very numerous in the district again. They killed three sheep on the Benamiller farm recently despite the presence of hound dogs. Mrs. John Maltais lost a 24-pound turkey from beside her house. Their yelping at night indicates they may be travelling in packs.

Vic and Hendly Dennill and Milo Hodgson are hunting big game in the area west of Edson.

The Dickens you say...

Maybe Charles Dickens was gazing into a crystal — or aluminum — ball when he made this prediction a century ago about a strange new metal called aluminum. He wrote:

"What do you think of metal as white as silver, as unalterable as gold, as easily melted as copper, as tough as iron" . . . In proportion as the cheap production of aluminum becomes more and more an established fact, the more we shall find it entering into household use — for travelling purposes, for instance, for which its lightness is no small merit."

Very good, Charles — especially that bit about cheap production. That day has arrived, as Alcan's vast production and world sales prove.

They Are Not Luxuries

An important point was raised by the Governor General, declares The Financial Post, when he stated in an Ottawa speech that:

"City dwellers still need natural beauty. They have always known it and have when they could, surrounded their habitations with gardens, parks, lawns, stretches of water. These amenities are not luxuries; they satisfy a profound need."

For the most part, fast-growing Canadian cities and towns have been so engrossed in adding streets and buildings that they seem to have completely forgotten parks and trees. Mr. Massey does well to remind them of their lapse.

At mid-August the average farm wage in Canada stood at 90 cents an hour, without board.

1957 DODGE TRUCKS FEATURE V-8 ENGINES IN ALL LINES

Chrysler of Canada has made available for 1957 a range of more powerful V-8 engines. These engines feature unique dome-shaped combustion chambers which promote greater efficiency through much more complete fuel combustion. All 1957 truck models, including the D100 Town Panel shown above, will be available with this new V-8 engine. Also featured for 1957 is the new alligator hood. An all-new hinge system allows the hood of the truck to be opened to a full 90 degrees. This permits much more light to enter the engine compartment and also allows for complete accessibility to all sides of the engine. Service men will find it most helpful for it eliminates the necessity of removing the hood when taking the engine out of the truck.

139 Gather at Mannville Old Timers' Banquet and Dance

MANNVILLE.—More than one hundred and thirty-nine members of the Old Timers' Association sat down to a sumptuous banquet in the Orange Hall on Wednesday, Nov. 7th. It was a delicious turkey dinner with all the trimmings and many were the compliments heard during the evening about it.

At the finish of the banquet, Mr. Jack Clark, president, asked Mr R. J. Whitson to propose a toast to the old timers. Mr. Whitson commented on the courage and brave spirits as well as the sense of humor the old timers were endowed with in the early days. They survived the many hardships and still managed to enjoy themselves. Mr. Tom Henderson replied to the toast to the old timers and told of a few of his experiences in Manitoba in early nineteen hundred.

Two minutes' silence was observed for those of the association who have passed on.

Mr. George Bennett toasted the ladies, to which Mrs. Malcolm Morrison very fittingly replied.

Mr. Clark expressed his appreciation to Mrs. E. Kreller, president of the Happy Hour W. A. and the members of the Anglican Church W. A.'s for the lovely banquet. Mrs. Kreller graciously replied.

The annual meeting followed, and officers for the new year are: President, Wm. McCauley; vice-president, Mrs. Annie Hubbard; Secy-Treas., Mrs. Muriel Lugg. Executive committee: Mr Jack Clark, retiring president, Mr. Ernie Prill, Mrs. A. M. Rutherford, Mr. J. H. McLuckie, Mr G. J. Majeau, Miss Abby Cain, Mrs. Wm McCauley, Mrs. N McFadden, Mr Fred Proudfoot and Mr. Edward Calder. After much discussion the following resolution was put on the books. New Qualifications for Membership: "That all those west of the Great Lakes prior to 1914 now residing or were residing in Mannville or district prior to that date be eligible for membership, this to include married sons and daughters of the above."

Mrs. George Whitson was presented with a box of chocolates for being the only old timer who had never missed an old timers' round up.

Mr. A. E. Williams was master of ceremonies for the program and rather than make any chairman's remarks, he called upon Mr. Jake Christenson who with Mrs. Christenson had come from Camrose for the evening. Mr. Christenson expressed their pleasure at being back in Mannville and how much they enjoyed meeting all their old friends again. It was like coming home.

Mrs. M. Rops and Mrs. N. MacKinnon sang a duet, accompanied by Mrs. Lugg. It is a pleasure to have members of the old timers still take part in the program.

Dawn Kreller danced the Highland Fling, accompanied by J. Johnstone on the accordion. This is still one of the best dances, especially in costume, and Dawn was very well received by the audience. Another old timer, Mr Robert Weaver Sr. gave a selection on the piano. He is to be commended upon taking up the study of the piano after being away from it for so many years.

Mrs R Lugg and Mr J Johnstone delighted the folks with a duet, "Huntingtower" or "When Ye Gang Awa, Jamie." Miss Merna Whitson's poem "Somebody's Mother" was exceptionally well given. Piano selections by Miss Donna McCauley added variety and excellent entertainment. Dawn Kreller danced again this time singing "Anchors A Weigh" and dancing the Sailor's Hornpipe. She was accompanied by Miss McCauley.

A skit by Mrs. R. Lugg and Miss K. Sutton, all about a bashful young fellow and a "not shy at all" young lady brought many laughs and much applause from the audience. Mr Jim Johnstone with his accordion for accompaniment sang two numbers. The audience showed their appreciation in the applause they gave him. All in all it was a varied and pleasure-filled program, and as Mr. Williams said, one of the best for many years.

The audience aways enjoys singing "The End of the Road" with Mr. Clark and they were given the opportuinty again this year, calling him back for "He Trod on the Tail of My Coat" as well.

With Mr. Jim McLuckie as floor manager and music by Mr J. Panter and his boys, the dance was much enjoyed. Old time dances brought a lot on the floor. Mr. and Mrs. J. Christenson received the prize for the couple coming the longest distance, and Mr. and Mrs J McLuckie received the award for the best couple in the old time waltz. Lunch was served at midnight by members of the committee and dancing continued on for quite some time after.

Of Many Things . .

By AMBROSE HILLS

There are, in Canada, about 493,400 managerial jobs where a man or woman can reach a salary bracket around $20,000 a year.

That salary bracket may look attractive to young folk reading this column. How do you reach it?

The other day, Rev. Emile Bouvier, speaking at the annual conference of the Canadian and Knit Goods Association, discussed the "ideal class of managers which are needed and for whom there is always a premium." The requirements for such management might surprise you.

The speaker said "It is surprising how schools and institutes of business administration are doing their utmost to equip our managers with intellectual, technical and economic education and yet industry is facing a shortage of men. It is always easy to find who is a square shooter, who puts principles above expediency, common good above self interest, who will root every action and decision in the bedrock of principles, who will be fair, charitable, truthful, prudent, strong and well-balanced; this is, perhaps the most difficult living equipment to find in modern industry."

He went on to say "A man ... dummies in window displays of our department stores but it is practically impossible to find real men with character and integrity."

Young folk, who hope to reach the top brackets of management might be wise indeed, to accept the warning that cleverness and ambition are not enough. Even more vital and necessary is the quality of integrity.

[illegible]

Want to be a high bracket manager? Then look to more than book-learning; look to your character. That is the commodity that has become so scarce yet is so much in demand.

Greenlawn News

The ladies of the Greenlawn Goodwill club met at the home of the Boyce girls on Nov. 15th. It being a nice day quite a number of the members were present, the main topic discussed was the chicken supper that was put on in the Greenlawn hall Nov. 2. Being quite a success the members are planning on a bigger and better supper next year. The proceeds will go towards Xmas treats for the children who are looking forward to a well-loaded Xmas tree.

An apron was sent out among the members for a donation to the Crippled Children's fund and was returned with $17.25 enclosed in patches. Mrs. Thomas getting the prize for the neatest patch. Mrs. Allan of Dewberry was the judge and an honored guest.

A shower was planned for Clare Romanchok on Dec. 8th in the Greenlawn hall.

Meeting being adjourned, a delicious lunch was served by the girls.

FARMER'S ACCOUNT BOOKS

These books are available free of charge at my office. If you never kept track of bills paid and sales of grain and livestock now is the time to get a book and start the records for the first of January.

F. U. A. MEMBERS

Ross Taylor, prominent farmer North of Vermilion says that now is the time of the year to expect slippery roads and a call from your F.U.A. canvasser. Mr. Taylor thinks that every farmer should belong to the F.U.A. and I fully agree with him.

TANK HEATERS

Everyone knows that it pays to heat water for livestock. The time is past when we let the cows drink icy water and swallow icicles. There are so many different kinds of tank heaters that it is best to see how your neighbors do it before deciding on one yourself.

DAMAGE FROM RABBITS

Every year I hear of someone who has had fruit trees and ornamentals damaged by rabbits or mice. These pests eat the bark and the trees usually die from the damage. The rabbits can be trapped or shot or fenced out. The mice can be poisoned by strychnine. Get circulars from this office on how to keep rodents from killing your trees.

BROILERS ARE POPULAR

Many commercial plants produce 3 to 3½-pound broilers in ten weeks on less than 10 pounds of feed. It is usual for one man to look after 20,000 broilers at a time and with four settings this adds up to one man raising 80,000 in a year. What chance has a small operator against this kind of efficiency?

FEEDING ASSOCIATIONS

It looks like feeding cattle should pay well this winter. The price is reasonable for feeders now. Feed is plentiful and low grade grain is cheap. There is barely enough cattle to supply the demand for finished beef so it looks like a good year for feeding. Loans to buy cattle can be obtained from Feeders Assoc. at Vermilion, Marwayne and Mannville.

SNOW DRIFTS MEAN MOISTURE

It pays well to plow ridges of snow in fields through out the winter. When the snow ridges melt in the spring the moisture sinks into the ground and adds considerably to the supply of moisture for growing a crop. Circulars on plowing these ridges are on hand for free distribution.

School Trustees Vote In Favor Of Emergency Teacher Training

EDMONTON. — The province's controversial emergency teacher training measures came in for heated discussion at a convention of school trustees in the capital last week, and once again they voted in favor of it.

However, many of the delegates attending the 50th annual convention were convinced that the teacher program and its six weeks short courses were not a good thing. Although the meeting passed a resolution supporting the program and asking that it be continued, many did so only because there was no alternative.

Arguments against the emergency training scheme were much the same as those advanced a couple of years ago when the government put the bill through the legislature over vigorous objections from the opposition, and possibly some objections in the Social Credit caucus which were not voiced in public.

The main objection is that teaching standards are bound to slip if the instruction of elementary school pupils is turned over to high school graduates with no qualifications other than the six-weeks summer course.

Many of the trustees share this feeling, but the majority voted in favor of a resolution asking the government to continue the program.

The main argument for the program is that a teacher with only six weeks of training is better than no teacher at all. Another is that by going back for summer courses year after year, a young person can earn a permanent teaching certificate, and at the same time gain practical experience.

The attitude of the trustees, who strongly supported the original bill, may encourage the government to continue the program after the present act expires in 1958.

But on the other hand, the government knows there is strong opposition to the program, and not only within the ranks of the Alberta School Trustees' Association. The powerful Alberta Teachers' Association is bitterly opposed, and says so at every opportunity.

The trustees' convention was agreed on only one thing -- that a problem exists.

As Ed Parr, of Meanook, the new president, pointed out, approximately 800 new teachers are needed in Alberta every year. He suggested something be done to persuade the 7500 grade 12 students in the province to enter the teaching profession.

The attitude of the majority was summed up by a delegate who closed the debate with these words: "I haven't heard another suggestion in place of this program. Until something better is devised we will have to support it."

"TIDE RIPS"

by JIM BRAHAN

The desk in the White House, at which the President of the United States sits when he speaks to the nation, is made from the timbers of a British warship, H.M.S. "Resolute."

One hundred years ago an American whaling vessel, the "George Henry," sighted an abandoned ship drifting in Davis Strait. A small party of the American sailors went aboard the drifting craft and brought it into New London, Connecticut.

In the U.S. port it was learned the ship H.M.S. "Resolute" had been one of those dispatched to the Arctic in 1852 to try and find the whereabouts of Sir John Franklin, who, with his expedition, had disappeared in the frozen north in the year 1845.

H.M.S. "Resolute" had been frozen into the ice for nearly two years before her crew abandoned her, and made their way to England aboard the relief ships sent out for them. The small warship had managed to get loose on its own and had drifted more than 1200 miles before being sighted by the American whaler.

The U.S. government as a gesture of goodwill refitted the ship at a cost of $40,000 and presented the "Resolute" back to Great Britain in 1856. The ship was immediately placed back into service.

By 1880 the "Resolute" was showing signs of old age and it was decided to take her out of service and send her to the wreckers. Queen Victoria ordered that the best of the ship's oak timbers be saved and made into a desk to be given to the president of the United States, as a return gesture of goodwill from the British people.

The following year the presentation was made, and today the desk still stands in the White House. The President sits at this desk whenever he speaks to the nation over the radio.

YOUR ALBERTA

BY Russ Patrick

This column is the first of a series. "Your Alberta" will appear from time to time in this paper. I hope you are going to enjoy it because it has been designed to keep you informed of various events that are taking place in this great Province of ours—Alberta.

You may wish to write for information. At the bottom of this column is a handy coupon which you can clip and mail to the address shown and tick off information you would like from any one of the Government Departments. If there is any information I can help you with just write a simple postcard or enclose a letter WITH YOUR COUPON and ask me for the information you want. You may also have an anecdote or story of interest about your community which we will try to publish in this column when space permits. So let's hear from you. And do tell us what you think!

PROVINCIAL GRANTS to municipalities under the Municipal Assistance Act have been increased since 1951-52 by more than $5,600,000. Grants to municipalities in the province for the 1956-57 fiscal year total $9,990,002.

The following list shows you the steady increase in municipal grants:

1951-52	$4,448,029
1952-53	5,991,181
1953-54	7,285,100
1954-55	8,534,675
1955-56	9,015,205
1956-57	9,990,002

There are no restrictions on these grants. Many municipalities report that grants are spent on SEWAGE AND WATER SYSTEMS. In many cases municipalities have found that the grant is more than enough for present needs. The Government of Alberta puts no restricting clause on how this surplus is spent. The grant is made to the municipality and it is left to your municipal authorities and you who elect those authorities as to how this money is spent to the best advantage. It is in your own interest to inquire about such things and see that this money is spent wisely.

FIVE CENTS OF EVERY GALLON of fuel oil sold to the general consumer goes to the people of Alberta in the form of Municipal Grants. In other words your Municipal Grant is made up of 50% of the 10 cent tax you pay on fuel oil.

PUBLIC WELFARE sounds like a high-falutin' phrase. Never-the-less it's something that we are all interested in. The Public Welfare Department deals with such vital things as pensions, allowances and other welfare assistance to Albertans.

There is a very smart booklet entitled "Public Welfare Services" which is free on request and which describes the eight different branches of the Department. It outlines the qualifications you need for Federal Old Age Security, Provincial Old Age Assistance, [illegible] Allowances, Supplementary Allowances, Widows' Pensions, Disabled Persons' Pensions and Pensions and Allowances and also explains Hospital and Treatment Services and the Means Test.

I know you'll find this booklet interesting. You can get it by mailing the coupon below, attaching a little note saying you would like this twenty-page booklet.

Samuel Clemens (better known as Mark Twain), once said "Everyone talks about the weather but nobody does anything about it". I'm going to break that rule and ask YOU to do something about it. Driving on highways and in cities can be a hazardous venture if safety isn't at all times preserved. Much effort and time is being spent to improve driving conditions and enforce safety regulations. But your co-operation is needed. With winter well on its way, roads, due to weather conditions, can be in precarious driving condition. Ice and drifting snow make driving dangerous. Please practice caution at all times.

SPEAKING OF DRIVING, I spent last week-end at the internationally famous scenic spot—Banff. Driving along the highway from Calgary to Banff I noticed that great strides are being made to keep the highway in top condition. Meanwhile, construction is proceeding on the new Calgary-Banff road which will become an important part of our Trans-Canada Highway system.

MOUNT EISENHOWER, NEAR BANFF

HOW LUCKY we are living here in Alberta! To the West of us is beauty unequalled anywhere—a top holiday and tourist attraction. In the North and in the South are prosperous resources that make Alberta a unique province. To illustrate just what this means, compare the National Canadian Wage Rate of $64.66 PER WEEK to our own wage rate which is $2.33 HIGHER AT $66.99. Indeed this is something in which we can all take pride. Truly—OUR future IS here in ALBERTA. By seeing you [illegible]

COMMON RESPIRATORY DISEASES

The most common respiratory disease is a "cold in the Head" and ways of preventing and treating this were discussed last week.

SINUSITIS

In the bones of the face there are several air-conditioning spaces called sinuses which lead into the nose through very narrow openings. When a person has a respiratory infection, germs may travel from the nose into one or more of these sinuses. As a result, the sinus lining becomes inflamed and pus accumulates in the sinus cavity. The severe pain in the cheeks or over the eyes, which is the most common symptom of acute sinusitis, is caused by the pressure of the accumulated pus on the sinus walls.

Always report to a physician when a cold is accompanied by pain or soreness in the cheeks or over the eyes, as chronic sinusitis may develop if the condition is neglected. A head cold that "hangs on" or repeated attacks of head colds, particularly when they are accompanied by a dull headache or pain or soreness over the affected sinus, are signs that chronic sinus disease may be present.

EAR INFECTIONS

During a head cold, infection may also travel from the back of the nose into the middle ear by way of the Eustachian tube and cause a middle-ear abscess. Infants and children sick with the measles, scarlet fever, or some other contagious disease are especially susceptible to middle-ear abscess and should be closely watched for signs of earache. The chief danger is the chance that the infection may spread to the mastoid bone, which has a small connection with the middle-ear. Always consult a physician without delay if a cold or some other respiratory infection is complicated by earache so that the proper treatment can be started in time to prevent the development of mastoiditis. The use of sulfa drugs or penicillin has greatly reduced the danger of this complication.

Forcible blowing of the nose is one of the principal ways in the which infected material from the nose may be driven into the middle ear. Blow your nose very gently when you have a cold, and do not use a nasal douche unless a physician tells you to do so and teaches you how to use it.

Chronic inflammation of the middle ear is the chief cause of loss of hearing. Always consult a physician if a nagging pain or a feeling of fullness or stuffiness in the ear, head noises, and dulled hearing accompany repeated or long-continued colds.

TONSILLITIS

Acute inflammation of the tonsils caused by germs of various kinds is called tonsillitis. The symptoms of acute tonsillitis are sore throat, fever, and "aching all over."

Prompt medical attention is important because certain types of throat infection, particularly those caused by streptococcus germs (streptococcal sore throat or "septic sore throat"), frequently lead to complication which may involve the heart, kidneys, or other vital organs. Fortunately, physicians are finding penicillin and sulfa drugs very helpful in treating severe throat infection.

Tonsils may become enlarged or chronically diseased from repeated acute attacks of tonsillitis or frequent colds. Enlargement of the pharyngeal tonsil, or "adenoids", occurs most frequently in childhood. Mouth breathing, loss of hearing, and the spread of infection to other parts of the body are the dangers against which the surgeon guards a child when he removes the diseased or enlarged tonsils and adenoids.

INFLUENZA

Influenza is a respiratory disease which may be caused by any one of several different strains of influenza virus. The virus is present in the nose and throat discharges of an influenza patient and the disease seems most contagious in the early stages when it maybe confused with "just a cold."

Influenza usually develops within two or three days following exposure. The patient has a fever; his back, head and limbs ache badly; and he may have stomach or intestinal disturbance. Usually he is acutely ill for only about a week, but the exhaustion which follows may be severe and last for a long time. The chief danger is that pneumonia or some other serious complication may occur during the recovery stage, especially if the patient tries to "get back on his feet" too quickly.

At the first sign of a cold with fever and aching, go to bed and call a physician. Stay in bed until the physician says it is safe to get up.

Plant . . . And You Prosper

Last year over 1½ million trees were planted on Alberta farms to serve the purpose of farmstead shelter belts, field windbreaks and roadside shelter belts.

For 1957, P. D. McCalla, Supervisor of Horticulture, Alberta Department of Agriculture informs us Caragana, Green Ash, Manitoba Maple and Lodgepole Pine are still available.

Get your orders in early for these trees warns the Supervisor as the supply of trees is limited. But wait! Have you summerfallowed your land? This step is absolutely vital if your trees are to prosper.

LAWS OF NATURE

Reducing Speed. Many experienced drivers do not realize that the distance a vehicle travels while speed is being reduced depends mainly on what the speed was at start. Decreasing speed, as we have seen, means using up kinetic energy and kinetic energy is proportional to the square of the speed.

The kinetic energy that must be disposed of when stopping bears such an inescapable mathematical relation to speed that, try as you may, a greater distance is required to slow down a given number of miles per hour at high speeds than at low speeds. Failure to realize this is one reason why some drivers enter curves at too high a speed and have to attempt what should never be done, to slow down on the curve.

Force of Gravitation.

When going down hill, the problem of stopping is further complicated. A car is slowed down by the net force holding it back.

This net force is the braking force under the tires minus the force that is pulling the car down hill because of the weight.

That is the steeper the hill and the heavier the car the greater the force that is pulling down hill.

Because of the gravitational pull down a hill due to the car's weight, you cannot stop so quickly, with the same braking force.

If you start down a hill at considerable speed, there is more kinetic energy to be used up, and so your braking force must act over a greater distance and your stopping distance is lengthened. It is just as important to reduce speed at the top of a hill as it is to reduce speed before entering a curve.

This is another law of nature from which there is no escape. If your speed is kept constant, your danger zone automatically lengthens when you go over the crest of a hill.

Stopping on a hill depends on the net force.

The possible back pull — (1) Friction between tires and road (2) Effectiveness of brakes. Minus the sure down-pull — (1) steepness of grade (2) weight of car and load.

Men Who Make Alberta

THE SALESMAN

Mass-production calls for mass-selling — and mass-selling calls for an army who can convincingly display the advantages of products created by the craftsman's skill. Daily the salesman brings new tools, machines, clothes, food and ideas to our attention — and every day he helps create a demand for modern production, keeping the wheels of industry turning, employing men who become tomorrow's customers.

So in the pattern of our economy the salesman fills his role as a key man in the production of the high standard of living enjoyed by Albertans today.

His job isn't easy and it calls for human attributes that make the salesman an important member of our society. He must have perseverance, intelligence and stamina, and, above all, a genuine liking for people. These characteristics are certainly typical of good salesmen and good citizens.

Town and Country Banquet Proves A Great Success

Average Russian Believes Canadians Live In Want and Unemployment; Only Few Prosper

The annual Town and Country banquet held on Monday evening sponsored by Vermilion Board of Trade, will go down in the records as a most successful event, fully enjoyed by the capacity gathering of two hundred. It will also be remembered as the occasion when the tickets simply sold themselves, the demand exceeding the places available, so anxious were people to hear a first-hand story from inside Russia.

The success can be attributed directly to the intriguing story told by the guest, Mr. Don Rollans, giving his impressions of the Russian way of life, their habits with regard to food, religion, clothing, education, and their working conditions.

F.U.A. LOCAL PRESIDENTS ATTEND

Another attractive feature was the attendance, as guests of the Board of Trade, of the presidents of F.U.A. locals of this district, together with their wives These were introduced in an entertaining manner by Mr. Don Wilson Mr. Wilson is the farmer representative on the executive of the Board of Trade and is also convener of the Agricultural committee F.U.A. presidents in attendance were Mr. and Mrs. Karl Markhurd, Wildwood F.U.A. and Mrs. Lloyd Hughes, Mannville No 4, Mr and Mrs Tom Thompson, Thorncliffe; Mr and Mrs. Fred Haines, Wishaw; Mr. and Mrs. Orley Omness, Allandale, Mr. and Mrs. Alvin De Camp Hamilton; Mr. and Mrs. Mike Woywitka, Claymore; Mr. and Mrs Ross Taylor, Chats worth, Mr. and Mrs Andrew Machin Stellaville; Mr. and Mrs Ralph Wilson director of sub district No 3

Chairman for the enjoyable function was Mr. Ross Boake president of the Board of Trade His Worship Mayor Hill welcomed the many guests. Mr. F. Clendenning said the Grace, with district together with their wives These were introduced in an entertaining manner by Mr. Don Wilson Mr. Wilson is the farmer representative on the executive of the Board of Trade and is also convener of the Agricultural committee F.U.A. presidents in attendance were Mr. and Mrs Karl Markhurd, Wildwood F.U.A. and Mrs. Lloyd Hughes, Mannville No 4, Mr and Mrs Tom Thompson, Thorncliffe; Mr and Mrs. Fred Haines, Wishaw; Mr. and Mrs. Orley Omness, Allandale, Mr. and Mrs. Alvin De Camp Hamilton; Mr. and Mrs Mike Woywitka, Claymore; Mr. and Mrs Ross Taylor, Chatsworth, Mr. and Mrs Andrew Machin Stellaville; Mr. and Mrs Ralph Wilson director of sub district No 3

Leading in the singing of "O Canada" were Dr. King G. F. Stephens and Thos Watts with Dr. Stephens the accompanist HAPPY HOUR GROUP ENTER

Catering was by the Happy Hour Group of the St. Saviour's W.A. with the conveners Mrs. Dorothy Pettigrew and Mrs Grace Stewart being publicly thanked by Mr Boake for so successfully carrying out the much larger than usual project. The banquet had to be changed from the Anglican parish hall to the larger Elks hall to accommodate the many who desired to attend.

GUEST SPEAKER RECENTLY RETURNED FROM RUSSIA

Mr. Rollans, the guest speaker, is the news director for radio station CHED, Edmonton. He has just returned from a trip to Europe during which time he spent a week behind the iron curtain in the Russian capital of Moscow. His last impressions of the way the Russians lived, worked, dressed, of their education, their earning power

While the individual as such counts for little the State has progressed greatly since 1917, and living conditions have improved immensely. Education through a Moscow high school revealed the students well fed and this was found to be true of the inhabitants of Moscow generally. Prices of basic foods are comparative to Canada, but clothing bluejeans are very high Average wages are only $70 per month as it is necessary that both husband and wife work to keep the home going. Women can do brick laying plumbing, etc

There are not many cars in Russia and as a result the city has a most amazing system of underground railways They carry two and one half million people daily

The most popular car in Russia is priced at the equivalent of $1300 and resembles very closely a 1939 Ford. A small car can be bought for $875 With average wages of $70 per month it is easy to realize that few cars would be privately owned

The Russian Polytechnic museum where are displayed the latest developments in machinery is very interesting while Canada would do well to copy the Moscow Agricultural Exhibition which is open throughout the months of the year This is an effective demonstrative means methods in all lines of agricultural efforts Agriculture in Russia is considered second to the war and is lagging behind

All mothers work in Russia the State takes over the care of the child at the age of six weeks At that time the mother leaves the baby in a public creche during the day and takes the infant home at night From the time the baby is left in the creche it is set up on his or her aptitudes and this much is known that usual projects have been made by Leonard Mills Trailee of Fair held in Edmonton this past summer. Farm Accident Takes The Life Of John McLaughlin, Mannville

MANNVILLE — People of Mannville and Vermilion districts were shocked and saddened on Friday last, Nov. 23rd by the accidental death of John McLaughlin, aged 65 years, a prominent and successful farmer of the Mannville district. Mr. McLaughlin was repairing his truck in the garage at his farm home, and was working underneath the vehicle when the jack slipped, letting the truck fall on his chest, crushing him. Mrs. McLaughlin heard the noise and investigated and immediately summoned aid but the injured man never regained consciousness.

Mr. and Mrs. McLaughlin are well known farmers of the Brass district and have been very active workers in all community affairs. The esteem in which he was held was shown by the many neighbors and friends who attended the funeral in Holy Name Catholic church, Vermilion, on Tuesday morning, Nov. 27th. High Mass was sung by Rev. Father Landrigan Interment was made in the Catholic cemetery at Vermilion, with Moyer's in charge of arrangements.

Mr. McLaughlin leaves his widow Margaret, two children, Jim and Beverley, four brothers at Mannville, Emmett, Francis, Leonard and Pat, two sisters at the coast, Angeline and Victorine, and his parents Mr and Mrs. James McLaughlin of Vermilion.

Vermilion Man Accepts Nomination For Battle River - Camrose

S. C. Heckbert for more than thirty years a resident of Vermilion and well known in business circles, on Wednesday last, consented to contest the Federal constituency of Battle River - Camrose in the forth coming Dominion election as a standard bearer for the Liberal party.

Mr. Heckbert has been active in various capacities for many years and is well known throughout the riding. Since 1933 he has been Secretary Manager of the Vermilion Agricultural Society and has seen the work of this organization thrive to a point where Vermilion Exhibition and Stampede is one of the outstanding it's allied projects have taken a leading place in similar enterprises in Western Canada. He has been President of the Agricultural Fairs Association and twice President of the Western organization which is comprised of B Class Fairs in the three Prairie Provinces and is said to be the largest organization of agricultural fairs on the continent.

Mr Heckbert is a veteran of the first World War, and became interested in veterans problems on conclusion of the First war, maintaining that interest up to the present time He has served as President of the local Branch of the Canadian Legion and was for eight years President of the Provincial Command and a member of the Dominion Executive Council, in which capacity he had much to do with the framing of the very excellent program of Veterans legislation which has been of so much value in the re establishment of our citizen-soldiers. He has been awarded the Order of Merit by Dominion Command of the Canadian Legion for his efforts on behalf of disabled ex-service personnel.

During the Second World War Mr Heckbert supervised the concert of numerous Victory Loans and has been the recipient of civil decorations in the form of two Coronation Medals and the Jubilee Medal

He served as a member of the Council of the Town of Vermilion for several years and became Mayor of the Town in 1952, a position he filled until 1955.

Winter Safety Driving Campaign Designed To Save The Lives of Many Albertans If All Co-operate

On the basis of the experience last December 25 lives may be saved in Alberta this December when the winter hazards campaigns conducted by the Alberta Safety Council.

The campaign will open with National Safe Driving Week December 1 - while the remainder of the month will be devoted to the Drive Alive Alberta campaign sponsored by the Safety Council.

Over the years safety officials have learned that the number of traffic deaths in December as a result of careless driving and walking coupled with driving during the Christmas and New Years holiday period.

Last year Safe Driving Days and its follow up turned the tide for the best month [illegible]

A traffic safety point of view in years as their were only four traffic deaths in the province in that is repeated this December many lives will be saved in addition to a reduction in personal injuries and traffic mishaps

A province-wide campaign for safety is being launched by the Alberta Safety Council which has sought the co-operation of all right cities and 80 towns.

More than 320,000 pieces of safety literature are being distributed for towns and cities all in support of Safe Driving Week and the subsequent "Back the Attack on traffic accidents."

Various towns are being asked to set up local safety campaign committees. The full co-operation of organizations such as [illegible] is expected to result in [illegible] material which includes leaflets [illegible] bumpers and plaques.

FISH SKATE GOLF

Fishing and skating on the same lake, a bare quarter of a mile apart, is a common sight on the Vermilion park lake these days, and has been since early in November. On Sunday the ice was dotted with skaters while at the spillway the fishermen were numerous and getting a good catch.

The answer to this is the warm water flowing into the lake above the spillway from the Canadian Utilities power plant. This keeps quite a large area open all winter. Skating is enjoyed at the regular bathing beach but can be carried on for long distances in any direction. Summer and winter sports within such a short space are probably not enjoyed anywhere else in the west.

On Sunday, too, the golfers were still out enjoying the local course, with several playing a round on Wednesday afternoon.

Incidentally the fishing is very good the fish seemingly congregating at the open water and thereby falling prey to the eager fishermen. Fishing is being carried on every day of the week.

WANT ADS BRING RESULTS!

No one would want to get stuck with a lot of honey — even the best quality kind and especially not with about 1000 pounds of the stuff . . . so reasoned Mr. and Mrs. Ken Stone.

Then they made a smart decision, placed a want ad in the Standard for two weeks. They hadn't realized that so many people could want so much honey until Standard readers started to phone, to call and to send messages for it. They could have sold more than twice their supply.

You needn't be stuck with any saleable article either — just place a want ad in the Standard and watch the results. You can reach over 80 per cent of the families in this market area through the Classified Ad section of the Standard. A Want Ad will bring you cash for those saleable articles and you might as well have the money right now — it's time for Christmas.

Such grand weather we are enjoying, the best anywhere in Canada. The roads are dry just a bit rough.

The bingo party was greatly enjoyed at Bowtell on Friday evening. Such lovely cakes, buns, pies, simply were mouthwatering.

Congrats to Mr. and Mrs. Christie Clark on the birth of a son.

Mrs. Fisher and Mrs. B. Gould spent an afternoon in Vermilion, visiting Mr. Mrs. Tom Bothwell. They returned to Mrs. Len Noonan's in time for a chicken supper.

Saw Mrs. Moore and Edna on Saturday but where were you Mrs. Wallington? I missed you.

The Easter Lily bulbs are 60 cents each not 6c as printed, quite cheap eh for such beauty.

Mrs. James Gould spent a week in Edmonton visiting old friends.

The Origin of Christmas Carols

Christmas, the greatest of all festivals, is celebrated over the modern world through the observance of both religious and secular customs which are a heritage of many centuries. The story of the Nativity has inspired songs, legends, and beliefs, and these have been contributed by every land to the great treasury of music and traditions which are now the background of Christmas observance. Yet there are many other elements, now an integral part of the great celebration, which have their roots in pre-Christian times. The beautiful tree, the green decorative sprays, the fire, the lights, the spirit of good fellowship and gift-giving come down to us from pagan sources.

Christians took the most beautiful and appealing things from the pagan beliefs which had existed before Christianity and endowed them with a new spirit. The customs were changed little, but the spirt was new — and, because of this new spirit — the spirit of God's gift to man — the customs took on a new beauty. From the earliest days of Christian churches, festivals celebrating the birth of Christ have been held. In England this festival was known as Christes Messe, which meant Christ's Mass. From this comes the word Christmas. It is often represented as Xmas because X is the Greek equivalent of CH and CH represents Christ.

The actual origin of caroling as a part of the Christmas celebration is really unknown, and authorities differ here. Several countries have claimed to be the birthplace of the custom.

From the first, music of some kind was a part of the church festivals in honor of the birth of Jesus. Historians of France say that Bishop Telesphorus of Rome introduced the custom of celebrating Christmas with songs about 129 A.D.

Aurelious Prudentius (b. 348) is said to have written so-called carols; the words still exist but the tunes have been lost. St. Jerome says that carols were in use in the 5th century. Some carols, evidently of pagan origin, were adopted by Christians and given new words. Many of the carols were danced as well as sung which kept them from being approved by the church for centuries. The word 'carol' was associated with dancing until the 14th century.

In England, caroling became a lovely tradition which is carried on to this day. Groups of carolers, called "waits", make the rounds on Christmas eve, singing before doorways and under windows. Often they carry instruments as they formerly did. Sometimes they ride in a wagon, and may even have a harmonium or reed organ with them. It is the custom of householders who are serenaded to reward the singers with gifts of food or money. Hot chocolate or coffee and cake are served. The custom is another evidence of the Christmas hospitality of Old England which still lives.

The name "waits" may derive from "wayte", one of the early names for the hautboy or oboe; some think it referred to a town watchman — but a more logical explanation is that it came from "waiting".

"waiting" — waiting for the angels' heralding of Jesus' birth. At the Vermilion Mixed Chorus carol concert on December 16th you will hear the English carol "What Child is This?" sung to the tune of "Greensleeves" which was composed in 1642.

You will also hear "Adeste Fideles". This great hymn has been traced to the manuscript "Cantus Diversi" transcribed in France by John Wade in 1751. The words by an unknown French hymnist were added during the 18th century.

You will hear these and many others at the Columbia theatre on Dec. 16th when the Chorus presents its annual Carol concert. All proceeds above the bare expenses go to make Xmas more joyous for the less fortunate so make an effort to be there and be generous with your contribution.

Here are a few of the food items on the shopping list of the "J-I-M" next year: 540,000 pints of milk, 274,000 large loaves of bread, 423,00 bread rolls, 16 tons of butter, 7,000 tins of chicken.

NEWS from ISLAY

The F.U.A. membership drive is proving very successful according to all reports.

Mr and Mrs Dave Clarke and three boys were taking advantage of the beautiful weather Sunday and called at the Dave Martin home and the Bill Hancock home seeing Mrs. Martin Sr.

The 4-H Sewing club met in the school on Nov. 7th. The first year girls were taught to pull a thread in a fabric and started their sewing kits. The second year girls are making an apron. They met again Nov 21 and Mrs. Moncrieff demonstrated using a pattern. The next meeting is Dec 5th when the Home Economist, Miss Craig will visit with us. Roll call will be answered with something from our etiquette book. Names were drawn for Xmas and our secret pal.

Church service will be held at 2:30 p.m. on Sunday, Dec. 2, conducted by Captain Holden of the Salvation Army.

Mr. and Mrs. Moncrieff, Pat and Charlotte motored to Chauvin to visit Mr. Moncrieff's brother last Sunday. On arriving at his farm home they learned he was in Provost hospital due to a broken leg, his horse having fallen with him as he was rounding up his cattle.

The wee Belton boy had his thumb caught in the pump at the town well. Dr. Sweet attended to it when Bill Belton brought him in to the drug store. Although blood was flowing quite profusely the little lad was certainly good, no howling.

Located on the third floor of the hospital, and covering an area of 9 by 60 feet the Solarium, enclosed on two sides with glass walls and opens onto an open-air sun deck 45 feet long. Colorful drapes in modernistic print are hung from either side of the glass enclosures and a large planter, ingeniously designed with compartments, serves as a dividing piece and also provides extra storage space. Large lounge chairs and divans complete the atmosphere of relaxation. Planned to serve the dual role of auditorium for the hospital the Solarium is equipped also with a folding, mobile stage where plays and variety programs can be presented for the children.

Entire cost of building and furnishing the Solarium was paid by the Hospital Aid through proceeds from their annual Easter sale campaign. To date this group of 38 energetic volunteer workers have contributed $121,340 for furnishings and equipment of the hospital.

Progress on Trans-Canada Pipeline

Parkas, heavy boots and other winter clothing are the order of the day in Saskatchewan as construction crews continue building the 34 inch western section of the Trans-Canada Pipe Lines natural gas line from Alberta to Eastern Canada. Here a welder, working inside a wind screen, and his parka-clad helper, carry on their work despite the sub-freezing temperature and the biting prairie wind.

Campbell Lake

Mrs. Wm. McIntyre returned home last Friday from two weeks holiday spent with her sister Mrs. Ed Peterson of Wetaskiwin.

Miss Mildred Scarfe of Edmonton spent the week end at the home of her parents, Mr. and Mrs. Alfred Scarfe.

Visitors over the week end at the home of Mr. and Mrs. Geo. Richardson were Miss Edith McDonald, Mr. David Stollery, Miss Marion Mills and Mr. and Mrs. Don Flint, all of Edmonton. They came down in the company of Geo. Richardson Jr. who was here to attend the funeral of Rex Withington.

Miss Audrey McIntyre of Lamont and Miss Mary Ellen McIntyre of Lloydminster were home for the week end. Mr. McIntyre and Keith drove Audrey to Ponoka on Monday where she will do affiliation work at the Mental Hospital for the next two months.

There is a little new arrival at the Geo. Mead home. Congratulations, folks, and welcome to Brian William.

We are pleased to be able to report that those farmers who were not finished threshing when the snow came, have taken advantage of the wonderful November weather and have operations all finished now.

Mr. and Mrs. R. C. Mead were week end visitors to Edmonton.

"Magic Barrel" Reveals 2,000 Products Made From Petroleum

Explosives made from petroleum are used to find petroleum, said Mr. John McCubbin, Canadian Petroleum Association, in a Magic Barrel presentation sponsored by the Vermilion Board of Trade at the School of Agriculture on Tuesday Nov. 27. Seismic waves created by small explosions echo back from underground rock layers giving oilmen clues to depth of the rock layers and possible oil-bearing structures.

Speaking of risk in the oil industry, Mr. McCubbin went on to say that over 400 companies spent one and one-third million dollars per day but that only one wildcat well in every forty drilled finds enough oil to be classified as a commercial producer.

Well over 2,000 products are now manufactured from petroleum explained Mr. McCubbin. This represents large gains in the past few years. Chemicals made from petroleum represent over 25% of all chemicals manufactured in the world today.

Samples of synthetic rubber were created before the audience from the Magic Barrel by Mr. McCubbin. He mentioned that a plant to manufacture petroleum rubber can be built and be in operation before a rubber tree can be grown to the tapping stage.

Some of the modern miracles displayed in the Magic Barrel presentation were rods that bend light around corners, new non-poisonous, non-explosive petroleum refrigerants, special one-vat dye processes, and a plastic to which almost nothing will stick.

CLAYSMORE CLIPPINGS

Mr. and Mrs. Fred Leveredge were Edmonton callers on Sunday to help Patsy Winters celebrate her birthday.

... McCauley celebrated her birthday on 23rd of November with a jolly party. A number of her little friends helped her celebrate. Supper guests were Mr. and Mrs. Jim Horne and Mr. and Mrs. Allan Olstad.

Donna Olstad had her birthday on Nov. 25th and several little friends were there to help her celebrate at a party. Supper guests at the Olstad home were Mr. and Mrs. Jack Willes and family, Mr. and Mrs. Tim Nelson and family and Mr. and Mrs. Jim Scott and family.

Bruce Roberts was a supper guest at the Tom McCauley home on Sunday evening.

Robert McMillan is a patient in the Col. Mewburn hospital in Edmonton. Best wishes from everyone here for a speedy recovery Bob.

Miss Ruth Beatty of Vermilion is spending a few days with her grandmother Mrs. Robert McMillan.

The well drillers were around last week and dug a well for Mr. Sweeney, the C.N. section foreman at Claysmore.

Funeral services were held in Vermilion last Friday for the late Mr. J. Van Nest of Rimbey who at one time used to reside in the Claysmore district.

Congratulations to Mr. and Mrs. Merle Raymond of Blue Ridge on the birth of a daughter Darlene Merle on Nov. 18th. Merle used to work on the C.N. section at Claysmore.

Several from here enjoyed the tea and bazaar at Clovelly school last Thursday.

Two Cars Stolen Monday Evening; Culprit in Gaol

Quick action by the R.C.M.P. resulted in the apprehension of a would-be-car thief, his trial and sentence and lodging him in the Fort jail in record time.

One of Oilfield Motors used cars was first taken Monday evening but ran out of gas before it was out of town, thus foiling the thief. They had better luck on the second occasion however when they picked on the Fred Maddex car. Fred had just dodged into a drug store for a moment and when he came out his car was disappearing. Fred notified local R.C.M.P. officers, some observant persons had a clue or two and so the driver and car were picked up at Bonnyville. Brought back to Vermilion he was sentenced to six months at the Fort and lodged there on at the Fort and lodged there on Tuesday afternoon.

Mr. Maddex' car suffered some body damage along one side and a broken windshield Wednesday afternoon.

Nurses Enjoy Social Evening

The Vermilion branch of Registered Nurses association met at the home of Eva Corley on Monday Nov. 26th.

There was a very good turn out but there are more nurses than that in the Vermilion district. Come out and support your Alma Mater.

Congratulations go out to Mary and Pat. McLaughlin on the birth of a son, George Daniel, who made his appearance on Oct. 31st. A brother for Florence and Timothy.

In a few well chosen words, our president, Doris Coulter presented Maxine King with a souvenir from Vermilion, wishing them every success in their new home.

As in former years the nurses are sending novelty baskets and some made candy to the hospital for Xmas.

After a short meeting a social hour followed and a delicious lunch was served by Mrs. McFadden and Mrs. Sweeney.

The next meeting is to be a Xmas party it is hoped to see you all there.

HI-SCHOOL HI-LITES

The High school has been buzzing with numerous activities since the last report. The two basketball 'A' teams have been chosen during this period with the following line-ups:

Girls' A Team — Lynda Long, Lillian Wasylik, Edna Martin, Margaret Goodwin, Eileen Bauer, Lila Porter, Alice Winters, Jean Burdett, Donna Cooper, Marjorie Waldenberger. Subs: Lillian Frances Mihalcheon, Madeleine Thompson and Betty Robinson.

Boys' A Team — Bill Tough, Lee Coyne, Harvey Anderson, Don Stewart, Pat Bentley, Bryan Ford, Keith David, Bob Waldenberger, Jim Shepansky, Gerry Schmidt. Subs: Jack French and Barry Tough.

On Friday last, Nov 23, Mannville was host to Vermilion with a basketball game and dance. The girls' A team played and were victorious by a 53 to 12 count. Although the score was rather unbalanced, the strength of the Mannville team surprised us all since they have only been playing basketball one month. The enthusiastic cheerleaders accompanied the A team and gave some varied routines and yells. The cheerleaders squad consisted of the following:

Faye Wilson, Lillian Misick, Marian Meade, Dorothy Gow, Diane Taylor, Mavis Bottorff, Carroll Norma Harle, Doreen Hicks, Ann Beatty, Margaret Pockett, Carole Brown.

Immediately after the game the cheerleaders formed a Conga line in which both the Vermilion and Mannville teams joined. The game was followed by a gay dance which everyone enjoyed very much. The prizes in the elimination dance went to Edna Martin and Bill Tough. The bus, loaded with happy players, cheerleaders and other students left the dance at 11:30 p.m.

On Nov. 16th the Junior high school invited the High school to a "Foot Ball". All the students enjoyed themselves very much and were sorry that the end came so soon. Anne Beatty and Alex Russell won the Statue Dance. Congratulations! We want to thank both Mannville High school and the Vermilion Junior high school for inviting us to their dances.

Work on the Year Book is continuing. The students are to raffle a radio at the Nov. 30th dance to raise additional funds. Buy your ticket and support the school.

We hope to have another successful dance on Nov. 30th with the College as guests.

By the way ... Exams start soon.

Mannville Couple Celebrate Silver Wedding

MANNVILLE. — More than one hundred and fifty people signed the guest book on Wednesday Nov. 21 when Mr. and Mrs. James McLuckie of Mannville were at home to their many friends on the occasion of their twenty-fifth wedding anniversary.

Mr. and Mrs. McLuckie have spent the twenty-five years of their married life in the Mannville district and the esteem in which they are held was shown in the beautiful gifts and cards as well as telegrams and telephone calls received by the happy couple.

In the afternoon Mrs. Osborn, Mrs. Mercer, Mrs. Manz and Mrs. McLaughlin poured tea with Mrs. M. Mercer and Mrs. A. Gerhart serving. Mrs. Hogan was in charge of the guest book. Mrs. Archie Hubbard, Mrs. G. Majeau, Mrs. A. E. Williams and Mrs. J. Johnstone were in charge of the tea tables in the evening while Mrs. R. Ewing, Misses Connie Gerhart, Verla Arnold, Ruth Rodwell and Norma McLuckie served the guests. Mr. Jimmy Croft looked after the guest book. Mrs. D. Croft, Mrs. D. Hanning and Mrs. L. Croft were in charge of arrangements. Among the guests from out-of-town were Mrs. Purdue of Edmonton, Mr. and Mrs. P. Kufeldt of Vegreville, Mr. and Mrs. Geo. Webb and Mr. and Mrs. R. Jory of Vermilion, Mr. and Mrs. Lowell Croft of Kitscoty and Mrs. Croft Sr. of Edmonton.

Funeral at Kitscoty For J. A. Currie

KITSCOTY. — Funeral services were held in Kitscoty on Monday at 2 p.m. for J. A. Currie, 70, of Kitscoty who died in an Edmonton hospital Thursday after collapsing while attending for the 30th time the annual convention of the Alberta Association of Municipal Districts.

Born in St. Paul, Minn., he was the eldest son of Rev. and Mrs. Neil Currie. He came to the Lloydminster area in 1910, farming near McLaughlin until moving to Vermilion and then to Kitscoty.

He served on the council of Merton M. D. from 1926 to 1944. When the larger Municipal District of Vermilion River was formed he served that unit as reeve until his resignation in 1948. In 1949 he was persuaded to fill the newly-created position of road superintendent and held that office until retiring last spring.

He has acted in an advisory capacity since his retirement and accompanied delegates to this year's M.D. convention.

Mr. Currie is survived by two sisters, Mary Brett of Regina and Mrs. J. R. Nelson of Westville, N. S.

Chicken Supper Held At Derwent

DERWENT. — The Ukrainian Catholic church committee sponsored a very successful chicken supper on Wednesday, Nov. 21st at the Derwent National hall.

Refreshments were served and music was supplied by Mike's Melody Men.

A comforter donated by Mrs. Joe Sadowsky and church committee was won by Mr. John Zaharko of Derwent.

This area, in common with the rest of Alberta, has been enjoying warm, bright weather. Average temperatures are much above normal while snow is in evidence only in shaded spots. This month will possibly rank as one of the mildest Novembers on record. Quite a difference to one year ago when, at this time, we were floundering around knee-deep in snow and temperatures were well below zero.

SEEDTIME and HARVEST

THISTLES ARE NOW A MENACE

Farmers in Western Canada, during the past few years, have done an excellent job of controlling broad-leaved weeds with chemicals. However, they now find themselves faced with a serious Canada Thistle and Perennial Sow Thistle menace. Infestations of these weeds are now widespread and are causing tremendous reductions in crop yields.

Thistles Must be Controlled. In many districts throughout Western Canada, thistles have become a real menace to profitable grain crop production. No effort must be spared by municipal and provincial weed officials to prevent the further spread and destruction of these "crop choking" weeds. For several years attention has been focused on the "Wild Oat" as our major weed pest. Undoubtedly, it is still our Weed Enemy No. 1, but practical experience over the years has shown that even in fields heavily infested with wild oats, farmers can grow a lot of grain. On the other hand, just compare the crop in a patch of land infested with thistles with a "clean" patch in the same field. The reduction in the crop growth will be found to be enormous. Heavy infestations of thistles are known to cause losses up to 75%. The fact is: you can't grow grain and thistles.

Thistles Can be Controlled. They are being controlled by our better farmers. In Alberta, where a year-round weed control program is operative, thistles are being effectively controlled. In Manitoba and Saskatchewan, these weeds are on the increase, and are now causing heavy losses. In many areas in Manitoba, the thistle problem has reached almost disastrous proportions.

The need today is for an all-out fight the thistle campaign. If the present "thistle mess" in Western Canada is to be successfully brought under control, time must not be wasted. Growing thistles may be one way of reducing Canada's grain surplus, but it is certainly not the way to increase farming efficiency, and hence farm income in Western Canada.

Free copies of a new (revised) circular on "Thistle Control" may be obtained from the local Agent of any of the Line Elevator Companies, or from Line Elevators Farm Service, Winnipeg or Calgary.

Canadians, on an average, each eat better than five pounds of turkey annually.

One of Alberta's major problems in the realm of safety concerns the number of fatalities resulting from farm accidents. This was brought out at the recent meeting in Red Deer of the provincial directors of the Alberta Safety Council.

A summary compiled by W. J. Perkins, Farm Safety Director, showed that in the nine months ended Sept. 30, there were 67 accidental deaths of farm residents in Alberta. In the comparable period of last year the total was 56, while the over-all total for last year up to Dec. 31 was 69. Thus, the total for nine months of this year is only two less than the number for the whole of last year.

This year, fires accounted for 17 deaths, compared with ten in the same period of last year. There were nine deaths from fire arms, as against six a year ago.

On the other hand, tractor mishaps which took 21 lives in the first nine months of last year, had a death total of 11 this year. This drop is believed to be due in some measure to the tractor tipping demonstrations sponsored by the Alberta Safety Council.

Carbon monoxide was another of the main killers this year, taking eight lives, as against two a year ago.

Accidents due to farm machines other than tractors caused six deaths, of which three were children under nine years old. Last year there were two fatalities in this category.

Death from animals, such as being gored by a bull, numbered 5 up to Sept. 30, one more than at the same time last year. Lightning caused three deaths, one more than last year.

The Red Deer meeting received a recommendation from the farm safety committee that the agricultural engineering department at the University of Alberta start investigational work into possible remedies that might prevent tractor accidents and make trials on safety equipment that might protect the operator against fatal injuries. This proposal will be discussed at the provincial board's next meeting.

SEEDTIME and HARVEST

YOUR SEED FOR 1957

In many districts throughout the Prairie Provinces this year, early frosts and prolonged, damp harvesting weather not only lowered the quality (commercial grades) of grain crops, but also seriously damaged the quality and value of the grain for seed purposes. Will the grain you produced in 1956 make good seed for 1957?

Germination Important. Ability to germinate (grow) and to produce a high percentage of strong, healthy seedlings is the first requirement of good seed. Tests already completed at our own Seed Laboratory on 1,800 farmers' seed samples of wheat, oats, barley and flax from the 1956 crop, show that in a high percentage of the samples, particularly of oats and flax, frost and weathering have greatly reduced the ability of the seed to germinate. It is always wise to have seed-grain tested for germination, but this year it is more important than ever.

Seed Testing Services. To serve western grain growers this Department operates a modern, efficient seed testing laboratory. Without charge, we will test any farmer's seed sample for germination, surface-borne smut, and weed seed content. Samples may be sent to us through local Agents of any of the Companies listed above, or directly by the grower himself. Samples submitted for testing should be truly representative of the entire seed lot. The period of fastest service is from November 1 to January 15; ahead of the "peak" or "rush" Spring season. Get a germination test made now. Don't take a chance! Know the quality and seed value of the grain you intend to sow in 1957.

Parkland Barley. Seed of Parkland, the new malting barley is now being distributed to farmers by the Canada Department of Agriculture. Official Order Forms must be used when ordering Parkland seed. Order forms are available through local elevator Agents.

Gould-Kallio Marriage Vows Are Pledged In Edmonton Church

On Saturday, Nov 17th a double-ring ceremony was solemnized at the Edmonton Lutheran church when Agnes Kallio became the bride of Marvin Gould, son of Mrs. Gould of Islay and the late Mr. James Gould.

Entering the church on the arm of her brother Jack, the bride wore a becoming afternoon frock of royal blue trimmed with lace. She carried a prayer book with a cascade of red roses.

Attending the bride was her sister Norma who chose a pink nylon net-over-taffeta dress with matching pink hat.

Two little flower girls, nieces of the groom, were dressed alike in pink.

The groom was attended by his cousin Bernard Clare of Edmonton.

Following the ceremony a reception was held at the home of the bride's brother and sister-in-law Mr and Mrs Jack Kallio. For receiving her guests Mrs. Kallio chose a lovely gown of brown shot taffeta. Mrs Gould, mother of the groom, wore a white two-piece crepe dress and her flowers were pink roses.

The bride's table was centred by a three-tiered wedding cake and a bountiful turkey dinner was served.

Mr Jack Kallio proposed the toast to the bride and this was suitably responded to by the groom.

During the evening a telegram was received from Marvin's cousins at Red Deer wishing the newlyweds every happiness.

The rooms were tastefully decorated with pink and white streamers. Twenty-three guests attended the reception.

Out-of-town guests present were Mr and Mrs Mike Warawa Vermilion, Mrs. Bert Gould, Islay, Mr and Mrs Maurice Gould, and son Dale of Killam; Sister Laura and three little daughters of Alliance; Mrs. J. Gould of Islay, mother of the groom; Mr. and Mrs. Arthur Clare and daughter Winnie of North Edmonton.

Mr. and Mrs. Marvin Gould will make their home on the groom's farm in the Islay district.

Celebrate 57th Anniversary

Mr. and Mrs. P. H. McNamara are receiving congratulations on their 57th wedding anniversary. The couple are very well known as old timers of the Vermilion and Landonville districts.

Mr and Mrs McNamara were married on Nov 30th, 1899 in the United States coming to Vermilion in 1907. They are now making their home in Edmonton but never fail to attend the annual fair held in Vermilion.

Turkey Shoot In The Elks Hall

The Vermilion Air Cadets will hold their annual turkey shoot in the Elks hall on Saturday Dec 8th commencing at 3 p.m. For those who are not marksmen and still would like to try their skill at winning a Christmas turkey there will be some novelty games such as darts.

Harry Whitcher Gets Birthday Present At Convention

Harry Whitcher of the Alexandra Social Credit league, as delegate to the Alberta Social Credit convention at Edmonton this week, was presented with a birthday gift of a Silex Coffee Maker. The gift was accompanied by best wishes for a happy birthday.

BOWTELL WINNERS

The winners in the Bowtell chocolate raffle were: 1. Francis Sherwood, 2. Mrs. Mona Pockett. Everyone who purchased tickets is thanked for helping make the affair a great success.

THE STAGETTES

The meeting was held in the club room with five members answering the rollcall. After the reading of the minutes a brief business discussion concerning the Doll Raffle, checking and our annual Holly Frolic.

Our next meeting will be Dec. 4th, in the club room and we are hoping for 100% attendance. Hampers will be in view for this meeting.

An informal discussion took place pertaining to our Xmas party!" Ahem. We are now prepared to handle the flood of invitations?

Tickets for our Doll raffle may be obtained from any Stagette member.

Pig Buried in Stack

Jack Stmoniuk of the Bowtell district noticed that a big pig was missing from his farm for several days. One day he heard sounds from underneath a straw stack and on investigating found the missing porker. It was unable to get out but apparently was none the worse for its enforced stay.

PUP ON A LEASH

Here's a trick the children will enjoy. Tie a weiner on a string, put the weiner in the soup with the string hanging over the top of the thermos. By noon the weiner will be hot. Pull the string and out comes the weiner—ready to pop into a bun. Soup and Hot Dogs for lunch.

Heavy Agenda Handled By M.D. Of Vermilion River

Minutes of the meeting of the Council of Municipal District of Vermilion River No. 71, held on the 13th of November, 1956, in the Municipal Office, Kitscoty.

Present: Reeve J. H. Kelly, and Crs. Heath, Stone, Wallington, McGuigan, Wheat and Anderson.

Minutes—The minutes of the previous meeting of the Council held October 8th, 1956, were adopted as presented.

Financial Statement: The secretary submitted the monthly financial statement for the month of October, 1956. The statement was examined by the Council, found correct and ordered adopted.

Accounts: The accounts as approved by the finance committee were passed for payment.

Secretary-Treasurer: Conditional approval by the minister of the appointment of A. R. Kay as Secretary-Treasurer was exhibited to the Council and was then placed on file to be submitted for final approval after terms and conditions of the appointment have been met.

Herd By-Law No. 869 was given third reading and finally passed.

Special Grant Project: Correspondence was read regarding Special Contingency Grant projects N W 31-50-6-W4th and, as it was found that this project couldn't not be completed this year, it was decided that an expression of appreciation should be made to the Department of Highways for the work accomplished. It was decided that an application for grant to complete the project be forwarded to the Department of Highways for their consideration.

Brand: The sum of $1.00 was ordered paid for renewal of registration of M. D. Brand (cattle) at the Provincial Recorder's Office.

Building Permits: Lloydminster and District Co-operative Association was granted permission to establish Bulk Oil Station on Lot "A", Plan 1746KS (Pt SE 12-50-1-W4th.) and a permit was issued to cover erection of buildings necessary to the operation of the business.

The Nelson Lumber Co. Ltd. was granted a permit to erect a building on Lots 23 to 30, Block 2, Plan 5690S, Lloyd Rural, to be used as a workshop, estimated cost to be $3000.00.

By-Law No 870: Concerning cancellation of tax arrears, was given three readings and carried.

By-Law No. 871. Concerning cancellation of tax arrears was given three readings and carried.

Pound: Wm Nelson, pound keeper, was paid the sum of 2.00 poundkeeper fees.

Permit: M Nelson was granted a permit for the operation of a cafe in Streamstown within the building now located on Lot 4, Block 4 subject to the regulations of the Minburn Vermilion Health Unit.

Office System: It was decided to instal an Addressograph system in the M. D. Office.

By-Law No 872: Concerning the sale of Tax Recovery Lands was given three readings and carried.

Sub-Station: The Council approved the location of an electric al sub-station on the SW 3-60-1-W4th.

PLYMOUTH FOR 1957 IS LONG, LOW AND WIDE

The Belvedere two-door hardtop (shown above), with an overall height under normal load of 54 inches, is the style leader in the completely new 1957 Plymouth line. The 1957 Belvedere is a full 5 inches lower than the Belvedere for 1956. Featured in the new Plymouth are such style features as distinctive headlight treatment, greatly increased glass areas, new thin support posts, high-swept tail fins and a startling new low side-silhouette. The 1957 Plymouth also features the all-new "Torsion-Aire" ride which gives it a "limousine" feel. A choice of six or V-8 engine is available for 1957, with PowerFlite available as an option. In the Belvedere series the new Torque-Flite transmission is also available as optional equipment.

Health Unit Notes

BRONCHITIS

Acute Bronchitis is an inflammation of the windpipe and the bronchial tubes. It is rarely serious in healthy adults but may be fatal in the young and old. Acute bronchitis may develop independently, but usually it extends from some other infection such as a cold, tonsillitis or sinusitis.

Acute bronchitis usually starts with hoarseness followed by a feeling of heaviness and tightness in the chest. The temperature at first may be normal or show only a slight rise. Later a fairly high fever may develop.

It is very important to call a physician at the first signs of "a cold on the chest". The principal danger to guard against is the development of complications, especially pneumonia.

Chronic bronchitis may follow repeated attacks of acute bronchitis. In most cases, however, chronic bronchitis, marked by a persistent cough and shortness of breath, is associated with chronic lung infection, heart disease or kidney disease. It chiefly affects old people, and the cough is most bothersome in winter. For that reason it has been called "the cause of the winter cough of the aged". A person suffering from chronic bronchitis should have medical attention.

PNEUMONIA

Pneumonia is a serious, infectious disease of the lungs. Its cause may be one of 40 different types of pneumococci (pneumococcal pneumonia) or other bacteria or less commonly, a virus "primary atypical pneumonia" or virus pneumonia.

The immediate forerunner of pneumonia in the great majority of cases is severe or long-continued cold, or an attack of influenza. A cold or some other acute infection of the upper respiratory tract seems to make the lungs more than usually susceptible to attack. The ability of pneumonia germs to establish themselves depends a great deal upon the strength of the defense forces of the body invaded. The principal ways in which the body's defense forces may be weakened are (1) chilling of the body following exposure to cold and wet or sudden chilling when overheated; (2) continued exhaustion from any cause; (3) other infections, particularly colds, influenza, bronchitis and the childhood diseases such as whooping cough and measles; (4) surgical operations and accidental injuries; (5) chronic or acute alcoholism.

The onset of pneumococcal pneumonia is likely to be sudden. The patient may have a shaking chill or just feel chilly, his temperature rises, he usually has a cough, rapid, panting respiration; and sharp pain in the side, chest or shoulder made worse by breathing. He may raise small amounts of sticky, rust-colored sputum. In the great majority of cases these signs and symptoms mean that the patient has pneumonia.

The chance of recovering from pneumococcal pneumonia is much better than it used to be, because physicians now have very effective drugs for use in treatment. The sulfa drugs and penicillin act on all types of pneumococci and are about equal to each other in effectiveness. The physicians choice of which to use will depend upon the needs of the individual case and the facilities he has available. For safe treatment, sulfa drugs or penicillin must be given only under the direction of a physician. No specific treatment has yet been found for virus pneumonia.

Skilled medical and nursing care is essential for all pneumonia patients and complete rest and proper nourishment are absolutely necessary. In some instances oxygen must be administered. It is important that a pneumonia patient remain absolutely quiet in bed and be relieved of all physical exertion, such as feeding and moving himself. Restlessness adds to the danger. If the physician decides that the patient should be taken to a hospital, his orders should be obeyed without delay or protest.

If the patient is treated at home, no one should enter the sickroom except those who are responsible for his care. This will insure quiet and help greatly in preventing the spread of the infection. The nose and throat discharges of the patient should be caught in pieces of cloth or soft paper and burned. The patient's eating utensils and linen should be taken care of separately and should be thoroughly scalded and washed with soap and hot water after use. When constant professional nursing care cannot be provided, visiting nurse service should be obtained, if possible. In her visits the public health nurse will carry out the physicians orders and give services of great value to the patient and to the member of the family who is caring for him.

SALK VACCINE

Salk vaccine will be given to children entering school in September, 1957, who have not had any polio shots or who had their first polio shots.

No child may receive the vaccine unless a consent is signed by the parent. For this reason it is necessary that at least one parent accompany the child.

Alberta Sweeps Turkey Honors At Royal Fair

Out of 39 entries submitted by Alberta Turkey Producers at the Toronto Royal Winter Fair, 30 received first prize. That means that they copped 79% of the first prizes that it was possible for them to win. Albertans also carried away 7 seconds and 1 third.

Murray N. Brown of Acme did exceptionally well with 16 first prizes in dressed poultry awards, The Grand Champion Box of Turkeys, Champion Box of Poultry and the E.D. Bonnyman Honor Trophy. Easterns marvelled at the excellent freezing of his exhibits.

Other firsts include C.S. Bergstrom, Red Deer; Mrs. B. Edwards, Stettler; Greenland Turkey Farm, Willingdon; H.L. Christie, Innisfail; M. McGregor, Calgary and F.A. Birss, Calgary; Edmonton Produce Co. and Alberta Poultry Marketers Ltd., Edmonton.

Ontario was Alberta's closest contender winning 33 firsts and 15 seconds out of 48 entries which meant their percentage of possible firsts equalled 68.7.

...ptional Meeting Held By ...e and School at Mannville

...LE. The regular ... the Mannville and ...e and School Asso- ... held in the school ...on Thursday Nov ... R Bang president ...eeting to order Fol ...opening exercises the ...r Dr Toogood of ...ity of Alberta, was ... Dr Toogood has just ...m a year's sabbatical ...e British Isles and ...e chose as his topic ...Old, Something New' ...ling nine months in ...ne in Aberdeen and some time in Denmark and Western Europe at agricultural research centres he said the first thing he noticed was the contrast between Canada and the older countries. There are a few established customs or traditions here but in the Old Country there are many. Development is taking place at a much slower rate than it is here. There are modern schools in England. The discipline is excellent and books are well supervised. The children receive half a pint of milk and a hot lunch each day. At the age of 11 they are given an examination to determine their general intelligence. This helps to decide their future plans for more advanced education. One of Dr Toogood's sons aged 13 attended a vocational school. Here a more general type of education was given. Neatness and discipline were very important. A child in England may start school during the quarter in which his or her 5th birthday falls.

There is a much broader general outlook in the Old Country. They are more interested in world affairs and cultural activities. Their B.B.C. and television programs are marvellous. Listeners have a choice of three standards of programs high medium and low. In passing, Dr Toogood remarked that he thought their low standard program was better than many of our so-called good programs. There are also more opportunities to hear good music. There is a good appreciation of the other fine arts.

In England their social service program is far ahead of ours. Medical services are free, housing rentals are moderate. The cost of living is much the same. There is a new attitude developing among the laborers namely that the world owes them a living. They are demanding more and offering less. The people haven't as many comforts as we have. They are not anxious to adopt the credit plan. Self serve stores are not of interest to them. The housewife prefers to shop each day. They seem to be contented and not anxious to change.

The speaker was impressed by the imprint of history. There are wonderful old houses and castles and many of these have their traditional fireplaces. The names of famous men such as Shakespeare and Sir Walter Scott seemed a part of this old land.

He noted that England has learned to handle her alcohol problem whereas here we have much to learn.

In closing he felt that the people as a whole were very cheerful but that as a nation they were slipping a little.

Following his address Dr Toogood showed some very fine pictures of England, Scotland, Denmark and Wales.

Mrs Proudfoot, on behalf of the Home and School Association, thanked Dr. Toogood for his most interesting address and for his pictures.

To continue the meeting the president called on Mr Facey, Superintendent of the Vegreville School Division to present the Governor General's medal to Miss Donna Doherty. In his address Mr Facey stated there are 58 medal areas in Alberta. There were 20 honor students in this inspectorate. He said all honor students should be commended, also their teachers and parents for encouragement and for the environment they provided. Donna's average was over 90%. The runner-up was Orest Olynek of Lavoy.

Mr Hinton, chairman of the Board presented Donna with a Bulova wrist watch, a gift from the Divisional Board. It is interesting to note that Mr Hinton has been a school trustee for 43 years, 19 of which have been served on the Vegreville Divisional Board.

The Mannville-Minburn A.T.A. award an overnight case and compact was presented by Mrs. Morrison, who congratulated Donna and also the other honor students. She said this was not the product of one year's work, but also of preceding years and to be an honor student should help them to apply themselves to the high school course with determination.

The business meeting then followed. Rev Holter reported that as a result of meeting with the co-ordinator of the cultural activities branch it had been decided to sponsor "Maytime" in Alberta. This will be a three evening performance, consisting of the University Mixed Chorus, a play and the R.C.A.F. band, as well as a handicraft display.

A letter of thanks was read from the Canadian UNICEF for a donation of $7.33 collected by the children on Hallowe'en.

Miss Radwell's room won the attendance shield.

Mr Doherty, in replying to a question re travelling photographers said they would not be allowed in the school unless it was the wish of the parents.

Mr Facey then addressed the meeting in regard to the future building program of this division. The Department has made a survey of the division by a committee composed of Dr Byrne, Dr Mowatt and Mr Mall, the superintendent of Wainwright Division. The interim report of this committee deals with future building requirements and improvements of educational facilities, the enrollments during the last five years and numbers of pre-school children in each area. They try to improve on buildings each time a new one is required. Buffalo Coulee does not require any more rooms. The Minburn facilities are adequate as are Ranfurly and Lavoy. Innisfree needs a gymnasium. Mannville requires 3 or 4 rooms to be added to the west building. It is possible a Home Ec and shop could be built at Mannville serving Minburn Innisfree and Buffalo Coulee. There is some desire to include a library at Mannville also. Vegreville requires a 12-room Junior high.

Much discussion followed this outline. It was suggested that an opportunity room might be added, a music or projection room, or third grade 1 room. Many felt that this should be placed before the ratepayers at a special meeting. Others felt the desire for a vote of the ratepayers.

The meeting then adjourned and lunch was served by Minburn and Birch Creek bus representatives.

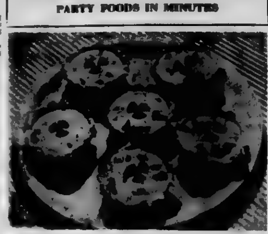
PARTY FOODS IN MINUTES



There's a party in the air when you ... hearty looking pastry shells filled with Chicken a la King.

And it takes only 30 minutes—just long enough to heat. Yes, Chicken a la King is a new comer to the ranks of frozen foods. And this freezing magic seals in all the fresh-made flavor.

This a la king takes its place amongst convenience foods like a bee to honey. It features a real cream base temptingly flavoured with the faint fragrance of spices. Plump juicy mushrooms, red and green flashes of sweet peppers and lots and lots of tender chicken.

It can be served many ways as an entrée. Especially good are these hot chicken sandwiches ... made in minutes.

CHICKEN A LA ...
1 can (10 ounce) frozen chicken a la king
4 hamburger rolls
4 thin slices ham or canned luncheon meat
1 package (12 ounce size) frozen asparagus cooked

Heat chicken a la king. Meanwhile broil ham and rolls on both sides (under broiler). Arrange a piece of ham and a few hot asparagus spears on each toasted roll. Pour steaming a la king over top of each.

HOME STYLE CHICKEN A LA KING
1 can (10 ounce) frozen chicken a la king
1 cup drained cooked green peas
Dash ground thyme
1 cup uncooked spaghetti or macaroni
1/4 cup butter or margarine
2 tablespoons chopped parsley

Heat a la king, peas and thyme together over low heat. Meanwhile cook macaroni or spaghetti in boiling salted water. Add melted butter and chopped parsley. Arrange in a ring on platter. Pour a la king in centre. 4 servings.

To Test Acoustics Of Jubilee Auditorium

Experts in the fields of music and acoustics will be invited to attend the Auditorium Test Concert at Edmonton Jubilee Auditorium at the beginning of April, it was announced this week by the Hon. James Hartley, Minister of Public Works. The concert, arranged to test under the most critical inspection the acoustical quality of the building, is tentatively set for April 1.

An order in council authorizing the expenditure of $25,000 for the complete testing program, lasting some months and including the concert, was announced this week. The event will feature an orchestra of approximately 100 pieces and a choir of some 200 voices. Arrangements are under way at present time to provide for these musicians.

Feature of the event will be participation of the audience as individuals, in testing the auditorium. Plans call for each member of the audience being given a marking sheet to indicate their reaction to the points under test. These incude such matters as echoes, sound sonority, definition, brilliance, vision, and other considerations. During the concert, the audience will be asked to exchange seats, to thus obtain their comments in their new location in the auditorium.

Invitations have gone out to several outstanding members of the world of music and sound. A list of those accepting will be announced at a future date.

War On Wild Oats

Sowing wild oats is part of his job, insists Earl Emond of Imperial Oil's research staff at Sarnia, Ont. He hopes to help farmers across Canada get rid of the troublesome weed which invades grain fields in many areas. Primarily engaged in research to assist Canada's agricultural industry, he is shown demonstrating a specially-developed spray during a symposium held by Imperial which brought together scientists from universities, government and industry.

Pretty Wedding At Clandonald Of Wide Interest To District

An altar adorned with yellow and white baby mums was the setting in the Columbus church Clandonald, on Tuesday, Nov. 6, when Kathleen Josepha Rosella, second daughter of Mr. and Mrs. Denis McCormack of Clandonald, became the bride of Harry Carl Brake, only son of Mr. and Mrs. Harry Brake, also of Clandonald. Rev. Father Stewart performed the ceremony assisted by altar boys Johnnie Lawrence and Alan MacDonald.

Escorted to the altar by her father the bride looked charming in a floor-length gown of white nylon net over satin with a bouffant skirt of lace ruffles. Her strapless bodice was complemented with a lace bolero with Peter Pan collar and lily-point sleeves. A coronet of sequins and rhinestones held her finger-tip veil of illusion and she carried a bouquet of American Beauty roses. Her only jewelry was a three-strand string of pearls and matching earrings, gift of the groom.

Attending the bride were her sister Finvola and the groom's sister Marilyn. Finvola chose a waltz-length gown of nylon net over taffeta with fitted bodice and matching lace bolero. Marilyn chose a waltz-length gown of mauve nylon net over taffeta with matching lace bolero, and both wore identical coronets with chapel veils in yellow and mauve and carried Cascade bouquets of yellow and mauve baby mums. Little Carol Burns dressed in nylon net over white satin with matching wreath and veil was flower girl.

The groom was attended by John McIntyre, cousin of the bride, and Eamon McCormack, brother of the bride.

Following the ceremony fifty relatives and friends attended the breakfast at the home of the bride.

The bride's table was laid with a white lace cloth which was crocheted by the groom's grandmother. On it was placed a three-tiered wedding cake baked and decorated by Mrs. Orley Omness. On either side were tall white tapers and vases of baby mums. Fr. Stewart proposed the toast to the bride to which the groom suitably responded.

For receiving her guests Mrs. McCormack wore a black dress with white and gold trim. Her corsage was of white mums. The groom's mother wore a navy two-piece dress and her corsage was also of white mums.

In the afternoon about 200 guests attended a reception in the bride's home where a buffet supper was served after which an enjoyable time followed dancing in the newly-built barn loft. That night the Brake family were hosts to a big wedding dance held in the hall with the Mugrew and Michael orchestra supplying the music.

For travelling the bride wore a navy blue suit flecked with white, topped with coat of charcoal grey and matching white accessories.

After a trip to Edmonton and Jasper the young couple will make their home in the Clandonald district.

Out-of-town guests were Mrs. Sikstrom of Hay Lakes, Mrs. Fritz Brockman, Margaret and Carl of Rosalind; Mrs. Gordon Maylew and Wanda of Bawlf; Miss Bridget Pierce of Myrnam; Miss Lorna Nelson, Lloydminster and Mr. and Mrs. Eugene Michael and Bobby from Edmonton.

"TIDE RIPS"

by JIM BRAHAN

Even the great white polar bears and the toothy walrus of the Far North are being subjected to the musical beat of "Rock and Roll."

The sweet strains of the "Lead-Foot Fandango" and "I'll Kiss Your Hand, When You Take It Out of the Fan", are sweeping the barren icefields of the Arctic with the compliments of the crew members of H.M.C.S. "LABRADOR", the Royal Canadian Navy's Arctic Patrol Vessel.

A variety concert appropriately named "The Biggest Show on Ice", is being staged weekly in the ship's cafeteria. This show has done much to dispel monotony during the "LABRADOR'S" lengthy 1956 voyage in the Eastern Arctic.

The first concert, held on July 29th, was an important affair, but proved so popular the show became a regular event thereafter, with practically everyone not on watch attending.

The show is mostly built around a group of amateur musicians who call themselves the "Northern Airs". This gang of musical sailors have proved to be experts with electic guitars, ukeleles and a great variety of hand made instruments such as a bass fiddle made from an inverted garbage can, a length of rope and half a broomstick.

Vocalists, of course, are in great demand on the program. Their songs range all the way from spirituals to rock and roll, and everyone loves them.

The men of the "LABRADOR" never expect to hit the big time. About the only stage door visitors they can expect is maybe a spouting whale, or a seal who has somehow lost his course. To their messmates, however, they are as much appreciated as any of the big name television attractions.

The sailors who take their ship into the land of the mid-night sun find their weekly concert a great way to relax after a hard stretch of work.

DERWENT THEATRE

Showing at Derwent theatre this week end, Saturday Dec. 1 and Monday Dec 3, "All the Brothers Were Valiant" in color with Robt. Taylor, Ann Blyth, a story of adventure and peril. Wednesday and Thursday, Dec. 5 and 6 "Night and Day", superb entertainment. Dec 8 and 10 — "Here Come the Girls". 22

Get ahead of the game this year and start now to clean your silver in anticipation of the Christmas and New Year's festivities. Use polythene bags to store the silver until ready for use. Squeeze out as much air as possible from the bags and twist the top edges tightly, then fasten with a rubber band. This keeps your silver from tarnishing while last minute details are being looked after.

Two thirds of the brides in Canada in 1955 were under 25.

Vermilion W. I.

The Vermilion Branch W. I. met Nov. 13 at the home of Mrs. E. Rooks for the regular meeting with 11 members and 3 visitors present.

Roll call was answered by 'A Hint for Bazaars'.

The handicraft list was discussed and money voted for the C.N.I.B.

Plans were made for a bake sale to be held in the Co-op store on Saturday Dec. 8th at which time a draw will be made for a $20 food hamper. Tickets are on sale now by all W. I. members, so get busy folks and buy your lucky ticket so that the W.I. members can turn in their stubs before Dec 8th.

Members are asked to save all old woollens to be sent to be made into blankets.

An interesting demonstration of making carnations from wood fibre was given by Mrs T. H. Davis when nine carnations were made. Tickets were sold and the bouquet was won by Mrs. M. Perrier.

After the meeting a delicious lunch was served by Mrs. E. Rooks, Mrs. A. Jones and Mrs. George Reasbeck.

The next meeting will be Dec. 11th and will take the form of a pot luck supper at 6:30 in the Legion hall kitchen. This is the annual meeting and election of officers. All are looking forward to Santa coming with an exchange of gifts.

It's that new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream ... and it's cat-quick in response when you call for action!

No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. It's so kitten-quiet and cream-smooth that you can scarcely even tell when it's idling.

But when you nudge the accelerator, you know it's there, all right! It pours out the kind of velvety action that helps you be a surer, safer driver. Its right-now response keeps you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.

This new Chevrolet V8 is available in a wide selection of high-compression horsepowers ranging up to 245!* With 283 cubic inches of displacement, this beautifully designed V8 is a new, bigger and better edition of the engines that have put Chevrolet at the top of the performance ladder. It's sassy, sure — but as tame to your touch as a purring pussycat.

Come try the smoothest V8 you ever put a toe to, and all the good things that go with it. Like new Turboglide — the first and only triple-turbine automatic drive (an extra-cost option). And Chevy's own special sweet and solid way of going.

*270-h.p. version also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p.

The Death and Funeral of Glen Connon of Mazeltine

Glenn Connon was born at Islay, Alberta, March 24, 1924, the eldest son of Martha and George Connon. Glenn had been working with an oil company near Rumbey, Alberta when he suffered a heart attack. He was called to his eternal home by a loving Father in Heaven Saturday, November 3rd, having attained the age of 32 years, 7 months and 19 days. To mourn his departure he leaves his father and mother, 2 brothers Stanley and Kenneth, and two sisters, Helen and Edna.

Funeral services were conducted at Mazeltine hall with Rev. W. C. Barbhop officiating. His text was John 11 26 "I am the Resurrection and the Life". The pianist was Mrs. H. Wobadale, who played "Rock of Ages", "Just As I Am" and "Abide With Me." The pallbearers were cousins and friends of the departed Clarence Alvin and Delbare Isert, George Landals, Jack Ragrud and Leonard Crowther.

HARWAYNE

The P.U.A. meeting held at the home of Mr. D. Kuill on Nov. 19th was attended by 30 members. There was a good discussion on automobile insurance as reservations are to be obtained to secure more information on this subject. After meeting adjourned a tasty lunch was served by the hostess. The next meeting will be held on Dec. 11th at 8 p.m. at the home of Mr. Joe Hale.

A handicraft group has been formed with Mrs. A. Anderson of Hazeldell as convenor. Meetings each Wednesday at 8 p.m. the women interested are invited to attend. For further informa tion call Mrs M Gasiewsky.

A speedy recovery is wished Mrs. E. Barnett, Donna Pawley and Larry Anderson who are patients in the Lloydminster hospital.

Mr. J. Collord and family have moved to their home on the farm.

Mr. and Mrs. Edgar Bell spent the week end at her home at Kostly, Sask.

Home for the week end from Edmonton were Lynn Jensen, Marion Hancock, Murray Lowe and Barbara Hancock.

CHURCH SERVICE.

Service in the United church next Sunday will be at 1:30 p.m. under the auspices of the A.O. W. Lodge. Rev. Mr. Hall of Vermilion will be in the group and bring their music choir.

TO FREEZE OUT PLAY

St. Saviour's Dramatic Society of Vermilion will present "Ghost Road" a three-act myst ery play in the community hall on Monday Dec. 10th at 8:30 p.m. This is sponsored by St. George's Anglican church W.A. with proceeds for the restoration fund.

LANDRACE HOGS

This district has long been noted for the good Hereford cattle raised. Now two enterprising farmers have bought Landrace hogs to raise here. Mr. Alex Nohrychuk bought two of the recent sale in the sales pavilion. Edmonton, one of them being the second highest priced hog sold at the sale, and a gilt. Mr. Leslie Parker also bought two. These pigs were bought from a man who raised them at Fer. Ont. and has his stock is imported from Scotland.

EXPLORER GROUP HOLD SERVICES

The Explorer Group had the service on Sunday in the United church giving the program of their work so far taken. The United church considers the age group so important that they have given a uniform and badge as well as a hymn, a motto, an emblem, a picture, a prayer and their worship plan. These were all explained and told briefly by different explorers to the well-filled church.

During an average year, the causes more than 60 deaths in Canadian mines, according to official insurance statistics.

NEWS from ALLANDALE

The weather has been very kind to us. A little bit more snow has fallen but still well above zero temperatures are being enjoyed.

The social evening at the school on Nov. 13th, farewell and welcome party, was well attended by friends and relatives from the surrounding districts. Card prizes were won by the following: Men — Herb McPhee, John Arnold and Jack Throndson: Ladies — Mrs. McPhee, Mrs. M. Monaghan and Betty Richardson. George Mead was a very capable M.C. and made the presentations. We're grateful to all those who helped make this evening a grand success, special thanks to Mrs. W. Armstrong. Lunch was served. This item appeared in more detail in last week's paper.

Our deepest sympathy to Mr. Bowman and family in their recent bereavement on the loss of a dear wife and mother. Granny Bowman will always be remembered as a homey person. One of her favorite hobbies was making quilts — such beauties too. In the earlier years when the Allandale W.A. was first organized she was a member and an enthusiastic worker. The family then lived in the Deer Lake district and were closer neighbors. "God saw the road was getting rough and the hills were hard to climb, so He whispered 'your weary eyelids and whispered 'Peace be thine'."

Gary Anderson from Lloydminster returned to the city on Nov. 12th with Uncle Jim and Aunt Verna Armstrong to begin this year's schooling in the new schoio for the deer of the Edmonton south side. It was opened on Nov. 13 with an enrollment of 126. This school will be for all Alberta. Gary took his lower grades in Saskatoon.

Nov. 14th Johnny Nelson was very pleased with the results of his sale. The auctioneer Mr. Florence from Lloyd stated it was one of the largest farm sales he had ever auctioned. There were approximately 200 cars and trucks and 700 people in attendance. 19 pounds of coffee were used making around 76 gallons along with hot dogs, pies and doughnuts. To all the kind folk who helped so willingly in any way, thanks very much. It was great meeting friends we hadn't seen for quite some time, one especially, Margaret Hughes who taught Allandale many years ago. Sorry Margaret I forgot your married name.

Mr. McBride's funeral was held on Nov. 15th. A sterling esteemed citizen of the Allandale district for years before moving to Vermilion, and a member of our Allandale W.A. although it may seem strange. What satisfaction and pleasure he got in giving to the church, always a happy disposition and a memory few have at an elderly age. This was true of the late Mrs McBride also, who passed away in May, 1950. Always so good, unselfish and kind, few on this earth your equal we find. Honorable and upright in all your ways loyal and true to the end of your days.

Mr. and Mrs. Don McGillivray from the city were home to attend their grandfather Mr. Bride's funeral.

Mrs. Neva Newcombe from New Westminster, B.C., arrived in Vermilion on Nov. 14 to attend the funeral of her father Mr. McBride, on Nov. 15. Neva brought greetings from brother Earl and Zanatello and family of Vancouver. We were very pleased to hear that Earl is recovering nicely from his operation and is now working again. The family is keeping well.

Our deepest sympathy to Mrs. Nellie McFadden on the passing of her brother Nelson Gilchrist It was Nelson who took the contract to build the big barn on the Onneese place in 1914, also the barn on the Lee farm, and though he has departed his memory will live long in so many places where he has left his mark of construction.

A chicken been at the Onneese farm when 65 roosters were dressed in a couple of hours on the morning of Nov. 16th. We surely welcomed and appreciated our help — Mr and Mrs. Herb McPhee and Lorna assed. Mrs. McKay and friend Mrs. Gaisher from town and Lou and Hilda Wilson, Marlene and Donna.

Marlene and Donna Wilson spent the week end of Nov. 16 with their Onneese grandparents as daughter Hilda Wilson was one of the judges at the Hobby fair at Marsville on the 17th. Hilda remarked that she had never seen such beautiful work and so many different articles. The display was wonderful.

The Laird family from Clandonald motored to the city on Nov. 17th to attend the football game and visit daughter Clarice.

Congratulations to Mr. and Mrs. George Mead on the birth of a son Nov. 14th. Brian William, a new baby brother for Bobby and Jimmy. Sorry to hear Bobby had his tonsils while his mother was away.

Supper guests at the Onneese home on Nov. 13 were brother Johnny and Barbara Nelson, daughters Alva, Lorina and Joan Roberge. Art and Tommy caled later. Nov. 15th sister Flora and Gus Throndson and Eddie. Theo and Mabel Throndson and family Beverly, Steven and Jeanne and Ralph and Deisie Stroome.

Last July Mr. and Mrs. Frank Debord of Ottawa, Ont. adopted twin girls, Deborah and Diane. The girls were two years old last August. Frank Debord Sr. who had ben in the east with his son and family recently returned and is now with daughter Yvonne and Billie Cusack and family. Last fall Billie and Yvonne moved to the original Chalmers farm.

Sorry to hear of the passing of Mr. Rex Withington, our sympathy to his brother Dick. These were happy times together for years, such peaceful, kind men and from all reports their housekeeping was the same. Flowers plants etc. would put many a woman to shame.

The Onneeses were pleased to be able to attend the wedding of their great niece Joan Kepke to Morgan Darling in the Elk Point United church manse at 7 p.m. on Nov. 19th.

Around 9 o'clock that night sister Gertie Swanson accompanied Mr. Onneese to the farm at Spring Park. Joan's home where the community had gath-ed to bestow the couple with a shower, not knowing of the marriage, and the newlyweds were not supposed to know of the shower—surprises! and were greeted under Orley and great aunt Ellen popped in, more surprises. The wedding and reception showers were all wonderful. Congratulations and best wishes were bestowed upon the bride and groom. A lovely wedding cake, a delicious lunch. To Joan and Morgan good health and happiness throughout your years of married life

Mr and Mrs. Howard Robert son from Provost attended their niece Joan's wedding on Nov 18.

Mrs. Edna Darling and daughter Mrs. Petty Butner, and daughters Myrna and Irene accompanied Mr and Mrs. Morgan Darling to the city on the afternoon of November 20th. Edna Betty and girls will go by plane on the morning of November 21st to Uranium City to join husband Don Butner and son Donnie Dutner.

On November 19th at 8 p.m. Mr and Mrs Earl Kepke from Hinton went by plane to Vancouver on a business trip and visit to brother Lawrence and Neva Earl is a foreman at construction work at Hinton.

November 21st Mrs. O. Onneese went by bus to the city visiting daughter Della and Jimmy and family, the Walsh's. They have T. V. found it very interesting and some programs as educational.

Theodore Throndson left Lloydminster Thursday morning, November 22nd for Fort McMurray flying his own plane a Cessna 180 The family returned home the morning before

Mr and Mrs. Herb McPhee motored to the city on November 22nd to spend the balance of the week-end visiting Uncle Norman is with the family.

Closing thought The knowledge of the bible is the best education in the world.

MR. J. W. McKAY, Director of Safety Education, Department of Highways.

RIGHT-OF-WAY RULES

Right-of-way rules indicate who shall yield when there is conflict between two vehicles or between a vehicle and a pedestrian. In other words, right-of-way established priority.

When a vehicle on an emergency mission announcing its approach by means of a siren or other special signal such as red flashing light facing the front, then that vehicle has priority over all other vehicles. It becomes the responsibility and duty of all other drivers to pull over to the extreme right of the road and give the emergency vehicle a clear, unobstructed pathway.

Here are some right-of-way rules

1. The driver of a vehicle approaching an intersection shall yield the right-of-way to another vehicle which has entered first.

2. If two reach an uncontro.l.d intersection at the same time, the vehicle on the left must yield the right-of-way to the vehicle on the right.

3. Drivers must yield the right of-way to pedestrians crossing in accordance with regulations at intersections and on marked crosswalks.

4. The driver of a vehicle within an intersection and intending to turn left must yield the right-of way to vehicles approaching from the opposite direction and within the intersection or so close to it as to constitute an immediate hazard.

5. A vehicle emerging from a private driveway shall yield the right-of-way to vehicles on the street or roadway.

6. Vehicles pulling out from parked positions on roadways or streets shall yield right-of-way to vehicles travelling on that particular lane

Right-of-way means the right to immediate use, but nobody has! But it isn't quite that simple

The right-of-way is a right you can use only as long as it does not conflict with a more basic legal right or personal obligation. When legal rights conflict, the more fundamental right must be given preference. It is a fundamental duty of everyone so to use the highway as not to cause accidents. This duty is more fundamental than any right-of-way rule.

Next week, I will continue with this subject.

Scare Money

Banks, investment houses and others indicate that there is a substantial flow of 'scare money' coming into Canada. Just how large this is is a big unknown. But one thing is certain. flight capital is having its effect on the strengthening Canadian dollar, says Dalton Robertson in The Financial Post.

How long will the premium keep rising? Financial institutions by and large are not looking for any decline in quite some time. They admit more major purchases of equipment in the U. S. for such projects as the trans-Canada pipeline may help bring the dollar premium down, but as long as the rate of economic expansion continues to attract new capital in large amounts, the dollar bill will continue to ride high.

Canadians, on an average, each eat better than five pounds of turkey annually.

A large crowd turned out to the Bingo at the hall. The bingo numbers were kindly called by Repp. The lucky draws were made by Linda Millar, with the winners being Frances Sherwood and Mrs Pockett.

Congratulations go to Mr and Mrs E Williams and Mr and Mrs C Clarke on the birth of baby boys November 20th in the Vermilion Hospital.

Mr and Mrs D Harrison celebrate their 19th wedding anniversary November 30th. Mr and Mrs T Sherwood celebrate their 26th December 1st.

Quite a number of the young folk enjoyed a skating party and weiner roast on the lake near Lippert's recently.

Some 13 attended church at Pleasant Valley on Sunday. No snow on the road and 40 above certainly a difference to the same Sunday last year.

Mr E Newman did the chores at the Knutson farm this week while the family was away on a motor trip to Calgary and points in Saskatchewan.

Kenny Risdale is expected to make a visit to our midst this week coming from Rochester.

Don't forget the card party at the hall this Friday folks.

Miss M Gow leaves this Monday for Edmonton to attend McTavish business college.

A nice photo was noticed in the Farm and Ranch Review of Bruce and Kenneth, sons of Mr and Mrs. J. Morrison.

WILDMERE WINKS

A pall of sadness was cast over the municipal convention in Edmonton, especially for Vermilion River and Minburn men when word came that Mr Currie had passed away. He had been with the Vermilion River M.D. men on Wednesday evening and seemed in good spirits. He left to go and visit his nephew and wife who live in the city, but only reached the coffee shop of the Selkirk hotel when he collapsed and never regained consciousness, passing away in the Royal Alex hospital at 9:00 o'clock the next morning. Vermilion River M. D. has lost a faithful servant even if he had retired as his advice was often sought on many things. He had been a regular attender at conventions this being his 33rd or 34th. While he has not been well, no one thought the grim reaper was lurking so close that Wednesday evening. His funeral was held Monday afternoon in the hall at Kitscoty where a large attendance paid their last respects to a fine man and the sorrowing relatives left to mourn. Rev Smith of the Grace United church at Lloydminster gave a very comforting service so well suited to the life Mr Currie had lived. The councillors present and past were honorary pall bearers and formed a guard of honor at the church and graveside. He was laid to rest in Onville cemetery southeast of Paradise Valley, beside his parents Rev and Mrs Neil Currie. Thus the book closes on a man of whom we can truthfully say "Well done good and faithful servant, take now thy well-earned rest." Our deepest sympathy goes out to the sorrowing relatives.

We wish to extend our own and the community's deepest sympathy to the sorrowing wife and family, also his father and mother and other relatives of Mr John McLaughlin of Mannville in their sudden bereavement. May God comfort them in their sad hour.

Isn't this weather just grand! What a difference to this time last year when we were wading through snow banks waist-high with the mercury well below zero. It certainly helps to make the winter shorter and saves on feed for stock.

We are pleased to say we believe threshing is now finished in Wildmere. Clarence Laboucane cleaned up Mrs. Whitlock's farm this week. It always managed to snow every time he started before but he finally got it all done.

On Sunday Mrs. Cruthers and Mrs. C Sweeney met at the home of Mrs. Noel Garnett to map out the year's program books of the W W I.

On Sunday Dec. 9th the Wildmere W.A. will hold a Xmas church service at 2 p.m. It will be held in the Wildmere United church if weather is fit, if not, in Preston Central school. Everybody is welcome so plan to attend. Remember the date, Dec. 9th.

Gary Curthers spent Sunday evening at his home in Wildmere.

He is still working near Wainwright.

On Monday the writer and husband were dinner guests at the J. Stone home in the Wildwood East district. They then went to Mr. Currie's funeral with Mr. and Mrs. Stone. A nice visit was enjoyed with this jolly couple and family. Mr. Stone's father who is nearly 93 years old is surely a spry man and still does chores around the farm. Four generations live in the same yard, something you will not run across very often.

No Winks next week as the writer will be undergoing a minor operation on one of her fingers but hopes to be on the job the next week again.

Anyone wanting to buy nice turkeys, see or phone the writer as Kenny Graham has some nice ones to sell.

At practically every conference of business and professional people these days, important discussions centre around the shortage of graduates from Canadian universities. Recruiting teams from scores of Canadian firms, even at this early date, are visiting the campuses across the country trying to interest final year students into signing up with their particular companies. Attractive starting salaries and other enticing inducements are being offered.

How serious is the shortage? Here is part of the picture.

In 1956 there were 1,700 engineers enrolled at Canadian universities with job opportunities for around 4,000 graduates. A critical situation was prevented, fortunately by the influx during recent years of approximately 1,000 professional engineers per year by immigration. In pure science there is a crying need for chemists, physicists and mathematicians.

Graduates in agriculture are hardly keeping up with increased opportunities. Much expansion has occurred in programs of government departments of agriculture industry in making increased use of agricultural graduates. The Agricultural Institute of Canada feels that this situation could lead to a serious staff replacement problem in the future.

The solution to this problem does not lie with any single individual or group. It should be of vital concern to all governments, educational institutions, teachers, vocational guidance counsellors, parents and the students themselves. It is a challenge that should not go unanswered for too long.

Marwayne Resident Honored On 70th Birthday

MARWAYNE. — About fifty relatives and close friends gathered recently at the home of Mr. John Hamernyk to wish him happiness and to see him blow out the seventy candles that lighted his birthday cake. From all those present Mr. Alex Nohnychuk presented him with a rocker and trilight lamp, and Mrs. Hamernyk with a portable mixer, as her birthday was just a few days previous to the enjoyable event.

Mr. and Mrs. Robert Milne sent a folding cribbage board and cards. After a gracious thank you from Mr. Hamernyk everyone joined in singing "For They are Jolly Good Fellows" and pictures were flashed.

MILK — 50c A QUART

If the nutrients in milk were to be purchased at the current rates of beef rib roast or pork tenderloin, a quart of milk would cost almost 50 cents. Here's how it breaks down: protein 45.6 cents; fat 2.4c; carbohydrates 1.4c; total 49.6c. The average price of milk to the consumer across Canada is about 21 cents a quart.

Alberta Sculptor Gains National Recognition

PURE GLASS AND PLASTIC have been used by Don Inman, a former public school teacher at Warner, Alta., to gain national recognition in a new method of sculpting. His "life sized" figures of the legendary Paul Bunyan and Babe, the Blue Ox, and a realistic cave are permanent attractions in the C.N.E. building of the Ontario Department of Lands and Forests and have led to commissions in other provinces. On a basic structure of plywood and chicken wire, Inman uses Fiberglas and polyester resin to form the figures which are virtually indestructable and permanently colored. In these photos, Paddy Wallace shows the comparative size of Inman's work. Left to right: She is sitting on Bunyan's shoulder, standing in the cave and, right, seated beside Babe.

New cars on Canadian National Railways lines are the automobile transporters, newest in the freight equipment roster. They are 78 feet long, 16½ feet high and carry eight autos on two levels.

How many times have you heard of fires starting from defective flues and chimneys, from overheating, from the use of petroleum products by a person who wanted to speed up his fire and only achieved a trip to the hospital? Hot ashes, sparks and open fires can also change that comfortable place into a nightmarish holocaust. Is your heating equipment sound? Did a reputable person instal it? The answers to the foregoing better be "yes" or you are headed for trouble.

Suppose your stove has been in use for quite a while, chances are there's an accumulation of soot in the pipes. You can stop a potential fire right there by running a sand filled sack on a strong rope or wire down the chimney. The flexibility of the sack cleans out any clinging soot.

What do you store close to the stove? Is it combustible or inflammable? Remove anything that could ignite. Is your home properly wired? Do you misuse your electricity by overloading, too many plugs or substituting a penny for a fuse? These are all terrific fire hazards.

Fire is merciless and thrives on carelessness. Don't give it a chance to feed its insatiable hunger. Be personally responsible for preventing fires.

NEWS from KITSCOTY

Sincere sympathy is extended also to the family of the late Mr. Jack Currie who passed away very suddenly last Thursday in Edmonton.

The United Church W.A. will hold their fall bazaar and tea in the Tracy Memorial hall on Friday Nov. 30 from 3 to 5:30 p.m.

Cause & Prevention Farm Fires, Cause

Fire causes so many needless deaths each year. In rural vicinities where water hydrants and fire fighting equipment are scarce or non-existent, once a fire starts it's a mighty big job to get it under control. Sometimes this only happens after there has been serious loss of life and property damage. The increasing rural fires can only be minimized if the causes of the fires are known and preventitive measures taken says Bill Perkins, Farm Safety Director.

"HELLO, HOMEMAKERS"

This week is the Sandwich Special. You of the lunch box brigade will find that the young sters are not as enthused over those sandwiches as they were two months ago.

SOMETHING HOT

Days are pretty chilly and will be for a few months. There's nothing like a hot drink or dish for lunch to ward off winter's chill. If you don't have a thermos, for your child's sake invest in one. That is, if the school doesn't have a hot lunch program. Cocoa is an old stand by for lunch boxes but don't be in a rut. Soup is a wonderful noon hour pickup. Don't just stick to cream soups and broths. Use those soups, also, which have vegetable chunks, rice or barley in them. Put in a few soda crackers also.

PUT ON A LEASH

Here's a trick the children will enjoy. Tie a weiner on a string, put the weiner in the soup with the string hanging over the top of the thermos. By noon the weiner will be hot. Pull the string and out comes the weiner ready to pop into a bun. Soup and Hot Dogs for lunch.

FREEZE AHEAD

If you have freezing facilities make a week's sandwiches in advance. Frozen sandwiches will keep about two weeks. Wrap sandwiches individually, label well. The sandwiches will be thawed out by lunch time.

When you freeze sandwiches avoid egg, raw vegetables, fruit jellie and mayonnaise. Fillings made from peanut butter, cheese sliced or minced, ground meat, fish or chicken.

Add lettuce to the lunchbox to be added at lunchtime but don't freeze lettuce.

I seem to have said more about soup than about sandwiches but if you'd like more information, write me for our booklet on "School Lunches".

TIP FOR THE WEEK

To restiffen your nylon petticoats here's a trick. Wash and iron your petticoat as usual. When it is completely dry start your treatment. Spread petticoat flat on a table, rub undiluted liquid starch into it with your hands covering every portion of the garment. It doesn't take a lot of starch.

Pin the petticoat to two parallel clotheslines which are about 12 inches apart. Pin on the straight of the material and make certain the folds of the fabric are separated.

More than 35,000 Canadians make their living in the Canadian telephone industry which is provided by some 2800 separate systems.

Wins $2400 on Happy Gang Program

Mrs. J. Freeman of Toronto, winner in the Robin Hood Mystery Melody contest smiles as she receives cheque for $2400 from Eddie Allen of The Happy Gang

PARADISE VALLEY NEWS

Congratulations to Mr and Mrs Ern Lievers on the birth of a daughter born on Friday, Nov 23 at the Lloydminster hospital.

We hear with regret that Mrs Fred Towndrow is again a patient in the Lloydminster hospital. She had been home but a few days when she had to return.

All were shocked to hear of Mr John A. Currie's death over the radio from Edmonton where Mr Currie was attending his 30th municipal convention, a record if we are not mistaken. We have known "Jack" since the early days when he homesteaded north of what is now the hamlet of McLaughlin. He was a graduate of Pictou Academy in Nova Scotia. He always took a very active part in all community life and served on the council for many years. He leaves two sisters, one in Regina, and Grace (Mrs. John R. Nelson) of Mill Brook, Pictou Co., N.S. The funeral was held on Monday with burial at the Oxville cemetery where his parents are both buried. We extend our sincere sympathy to the family in the loss of a brother. We will miss Jack ourselves. We had planned on a trip to Nova Scotia next summer together.

Mr Fred McAmmond of Calgary spent a few days with his mother Mrs. John McAmmond and with his brothers and sisters in the district. Mrs. Cooper also of Calgary is visiting with her daughter and son-in-law Mr. and Mrs. John W. McAmmond.

Mr and Mrs. Parke Dobson left on Saturday morning for Calgary to attend the annual meeting of the Alberta Wheat Pool. Mr. Dobson is the delegate from this district.

Mr Paul Wack and James Cricton have left for Edson where they will work in a lumber camp for the winter.

Weather for the past week has been ideal. Long may it continue. This time last year we were having real below zero temperatures with snow.

VALLEY MAIDS MEET

The Paradise Valley Maids C. G. I. T. group met in the church basement on Nov 13th for their regular meeting with ten members present. Ellen opened the meeting with O Canada and with the girls repeating the Purpose. Devotional period was led by Mrs. Gunn as assistant by the group. After the opening exercises the leader led a talk and discussion on the meaning of the four-square program of the C.G.I.T. Plans were made to hold a tea and bazaar in the church basement on Dec. 6 starting at 2 p.m. In the sewing project, seams and embroidery stitches were demonstrated also hemming and finishing same. The meeting closed with friendship circle, Thank You and Taps. A short contest followed with treats.

US vs. USSR

Contemplation of the following U. S.—Russian steel output figures may be useful antidote to development of "defense hysteria" mechanism, says The Financial Post. In 1913 Russian output of steel ingots was the same as that reached in the U. S. in 1890, 23 years earlier. By 1928, the lag had jumped to 31 years; in 1940, it was 35 and in 1954, 33.

The sixth five-year plan, recently announced, would reduce the lag behind U. S. steel production to 19 years, but Soviet output in 1955 ... Russian ... That is steel production in Russia has received top priority since the 1917 Revolution.

OUR LETTER FROM EDMONTON

Increasing Municipal Demands Require More and More Taxes

EDMONTON. — Provincial Treasurer E. W. 'Ted' Hinman made it fairly clear last week that municipal governments are faced with a somewhat narrow choice in the proposed reshuffle of provincial-municipal finances and responsibilities.

Mr Hinman addressed the annual convention of the Alberta Association of Municipal Districts here and, naturally, he dealt with the current study of the fiscal structure. (What else is new?)

And perhaps the most significant part of his speech was when he urged municipal administrators to solve the problem of skyrocketing costs either through cutting down on their services, re-allocating responsibilities and revenues, or raising more taxes.

It wasn't given as an ultimatum because the soft-spoken provincial treasurer doesn't operate that way, but in other words those are the three choices facing local governments in Alberta and from here it looks like the last one is the most likely.

In effect, the treasurer was telling the delegates they can't continue coming to the government indefinitely for the money they need to finance their programs. And if the people continue to want more and better services, they'll have to pay more taxes for them.

So far, the government has had enough cash left over from its own operations to finance municipal expenditures and education costs through low-cost capital loans. But municipal demands are becoming so astronomical that the province is beginning to see the day when it won't be able to meet them.

To prepare for that day, the government wants alternative sources of revenue available to bolster municipal coffers. In other words, it would like more or less to get off the hook while it can do so gracefully.

But at the same time, the province's position is such that it would be difficult for it to justify imposition of new taxes unless the municipalities ask for them. For this reason, the municipalities must decide what shall be done, but in the meantime it doesn't hurt to make helpful suggestions.

As Mr. Hinman pointed out, the province takes in enough money to finance its own operations. In fact, the government is able to chalk up big surpluses, and its debt reduction program has other provinces green with envy.

With a government in this happy position, the people find talk of new taxes hard to take so, as Mr. Hinman puts it, "it is not for the government to decide".

Between now and the 1957 session of the legislature, there will likely be a decision of some sort, although the treasurer says there won't be time to introduce any new taxes next year. But you can bet that by the year after there will be a new tax of some sort, and the government may no longer have to worry about what to do when it can't meet municipal demands.

Mr. Hinman also dealt with his original theory that property taxation is carrying too heavy a burden, and that any new tax would help lighten the load. What he wants to do is catch the 'floating population', which contributes little but demands much in the way of municipal services. He estimates these 'floaters' at about 25 per cent of the province's population.

"If we impose a new tax to catch these people and it does not result in a decrease in the property taxes, I will be very disappointed," he told the municipal delegates.

The treasurer also insisted once again that he is not advocating a sales tax. All he is doing, he explained, is pointing out that the sales tax is one of the best and most efficient among several under study.

WILL BUILD APPROACH ROADS, UP TO 5 MILES

Good news for towns and M.D.'s came from Highways Minister Gordon Taylor. He said his department plans to pay the cost of building approach roads from main highways to towns within three to 5 miles of the highways. At present the M.D.'s pay the shot, and most of them don't like it.

Municipal Affairs Minister Alf Hooke also adressed the delegates, and said the services of the provincial assessment branch will be extended to all municipal districts. The government took over assessment of towns and villages in 1949. The main advantage, the minister says, is uniformity of assessment.

ELECT OFFICERS

C. P. Hayes, of Strome, was elected to his sixth term as president of the Association of M.D.'s, while A. B. Haarstad, of Bentley, won his sixth term as vice-president. Both have taken an active part on the committee studying provincial - municipal finances.

Attention Farmers!

NOW is the time to think and plan for your seed requirements for next spring. If in doubt about germination, get a test. Bring a sample to the Plant; your manager will get it tested for you.

The following has been put out by your Field Crops Commissioner:

IT PAYS TO LOOK AHEAD

Why wait until snow drifts or road bans are here to haul and clean your seed grain? Remember last winter — granaries snowed in, side roads were drifted and impassable and finally road bans resulted. In the middle of it all, seed had to be, or should have been, cleaned. Result: a mad rush at seeding time and too much seed half cleaned or possibly not cleaned at all. Problems such as these can all be avoided. With a little foresight and much less effort grain for seed can be cleaned now, exhorts A. M. Wilson, Alberta Government Field Crops Commissioner, either at centralized Municipal Seed Cleaning Plants or at home.

Municipal Seed Cleaning Plants are not as busy at this season of the year as they should be, he says. By seeding time they will be operating twenty-four hours per day and farmers will have to wait two or three weeks or perhaps longer for their turn. All Municipal Plants are open for business and farmers are urged to start cleaning without delay. You can expect the best cleaning at the least cost when Plant operators are not rushed. Seed can also be treated at this season of the year.

Eighteen million bushels of seed will be needed to plant next year's crop. If the job is started now, rejected grades and poor seed can be avoided; if left until snow blocks roads or spring road bans are effective, an inefficient farm operation will result that could have been avoided.

Submitted by the Directors of the Vermilion Seed Cleaning Plant.

PER C. J. McCORMICK.

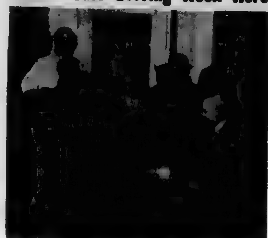
Launch Safe Driving Week Here



To mark the opening of National Safe Driving Week in Vermilion, a letter from the Hon. Gordon Taylor, minister of highways for the Province of Alberta, was delivered Friday by Mr. Wm. Perkins, Farm Safety Director of the Alberta Safety Council, to Mayor Melvin Hill.

In the above photo Mayor Hill is receiving the letter from Mr. Perkins on the steps of the town hall. In the centre of the picture is Mr. Paul Godt, chairman of the special committee for safe driving week and who was responsible for the organization of all local activities.

Seen in the picture from left to right, top row, are: Ross Boake president of the Vermilion Board of Trade, sponsoring body in Vermilion; Steve Starchuk, Kinsmen representative; Fire Chief Tom Conboy; 2nd row — Ashley Cooper, in charge of publicity; Paul Godt, convener of the Ways and Means committee of the Board of Trade and, as mentioned, chairman of the special safe driving week committee; Ed Herzog, Rotary representative. In the front row are Mr. Perkins and Mayor Hill.

The letter from the Hon. Gordon Taylor who is provincial director for the campaign, congratulated Vermilion on its efforts to promote safety.

Members of the committee absent when the picture was taken are Aldous Kent, representative of the Elks, and J. Ferguson, of the Provincial Highways Patrol, representing the Knights of Columbus.

The committee spared no efforts to bring home the need for safe driving. Prominent on a downtown street is a wrecked car placarded with safe driving signs and messages on posters. Literature on National Safe Driving Week is being prepared and will be circulated this week end along with stickers for cars and trucks bearing safe driving slogans. Everything possible is being done to bring home to the individual the necessity of "Safe Driving" this week and every week.

To make the effort a truly town-wide project, Mr. Godt secured the support of service clubs and had each appointed to a special committee set up for safe driving week.

Pioneers Observe 57th Wedding Anniversary

Mr and Mrs. M. Fraser, well known old timers of the Campbell Lake district who are now residing in Vermilion, are today — Thursday, Dec 6th — observing the 57th anniversary of their wedding. The Standard joins with a host of old friends and neighbors in extending best wishes to Mr and Mrs. Fraser.

Junior Choir Plan Carol Concert

A good date to keep in mind is Dec. 21st, the place to go—the United Church!

On Friday Dec. 21st, there is a carol concert at the United Church, by the Junior Choir. The Junior Choir consists of 28 girls, ranging in age from 11 to 16, and is directed by Mr. Jack Brown.

The girls have been very faithful in attending practices, and aside from those with colds lately, have been close to 100% in attendance.

They have some very lovely Christmas songs for you, and if trying counts, you can expect a very pleasant evening listening to these youngsters.

The admission is a collection at the door. Give the kids a big lift by attending.

ANNUAL HOCKEY BINGO IN THE ELKS HALL ON SATURDAY NIGHT, DEC. 15th AT 8:00 P.M.

Sudden Death Of Mrs. Jas. Cameron

Town and district residents were saddened by news of the death on Friday of Mrs. Clara Elizabeth Cameron, beloved wife of Mr. James Cameron. Death came without warning and was due to heart failure. Mrs. Cameron was 59 years of age.

At the time of her death Mrs. Cameron was home alone, as her husband was away on an annual hunting trip. Frank Cameron, their son, came home from Edmonton during the day to make the sad discovery.

Mrs. Cameron was born at Greenwich, Arizona on Sept. 17, 1897. She had lived in Vermilion and district for some forty-four years. She was married to James Cameron thirty-nine years ago, in March.

Surviving members of the family are the sorrowing husband, one son Frank in Edmonton; four daughters, Mrs. Albert Lauder, Tofield; Mrs. John Gordey, Vermilion; Mrs. Keith Groves, Calgary, and Mrs. Lionel Foley, Port Alberni, B.C. There are fifteen grandchildren. A sister, Mrs. H. Sly, lives in Iowa.

Funeral services were held on Wednesday, Dec. 5th at First United Church, Vermilion. Interment was in the Vermilion cemetery. The Rev. C. W. MacKay officiated.

Moyer's were in charge of the arrangements.

4-H Turkey Club Plans Show and Sale December 15

The annual 4-H Turkey Club show and sale will be held on Saturday, Dec. 15 in the Elks hall, Vermilion. The public is invited to attend this event at 2 p.m. when the judging has been completed and the auction of dressed turkeys begins.

There will be a good assortment of well finished, dressed turkeys and if anyone wants the best for their Christmas dinner, this is the place to obtain it.

Each club member brings in two live and two dressed turkeys for the show which commences at 11 a.m. of the same day. Anyone interested in the judging should attend in the morning.

A demonstration of turkey killing and dressing was held at the School of Agriculture on Saturday, Dec. 1st. Mr. J Harcus of the school staff and Mr. M. McDonald of Mannville conducted this demonstration and discussed various aspects of poultry dressing and exhibition.

For a real Christmas treat — Try 4-H turkey meat!

Annual Musical Treat Will Be Heard Sunday, December 16th

Vermilion Mixed Chorus Carol Concert is just a little more than a week away and promises a night of delightful music. This is an annual event and is very popular. All of the money goes into the filling of Christmas hampers for the less fortunate in the Vermilion district. All are asked to be generous with their contributions.

The Chorus has been working very hard and the program is now complete. It consists of sixteen items which are quite varied. Among the carols you will hear is the Polish carol "Infant Holy," which was composed by W. Zlobie Lezy, and the English words and arrangement of music by E. M. G. Reed. You will also hear the Czecho-Slovakian carol "Rocking," which the chorus introduced here two years ago and has proven very popular.

At one time caroling was exceedingly popular. The carolers carried a creche or jeslicky, and it

Speaking of Czecho-Slovakia,

was the tradition for little boys to dress in the costumes of the three kings. There has been less of this in recent years. Christmas brings an end to all quarrels; visiting takes place among friends and foes alike, and all misunderstandings are forgiven. In Czecho-Slovakia St. Nicholas is thought of as descending to earth on a golden cord. Angels guide him and bring gifts. On Epiphany, the letters "G.M.B." are written over the doors of many homes. These are the initials of the three Wise Men, Gaspar, Melchior and Balthasar. At the Carol Concert you will hear the carol of the Three Kings mentioned above, the role of the Kings being taken by Messrs. T. Watts, G. F. Stephens and W. Fooks.

The concert starts at 9:00 p.m. sharp, so we would like to see you all at the Columbia theatre on Sunday, December 16th.

Extra Hours For Xmas Shoppers

During the week before Xmas there is always a demand for extra Christmas shopping hours. With this in mind the Retail committee of the Board of Trade have agreed on the following schedule which provides quite a number of additional hours in which to buy that last minute gift.

WEDNESDAY, DEC. 19—Open from 9 a.m. to 6 p.m.

FRIDAY, DEC. 21—Open from 9 a.m. to 9 p.m.

SATURDAY, DEC. 22 — Open from 9 a.m. to 9 p.m.

Stores will close at 6 p.m. Monday, Dec. 24th, Christmas eve.

Stores will be closed December 25th and 26th, Xmas and Boxing days. 23-5

Annual Meeting Of The Fair Board

The Vermilion Agricultural Society will hold the annual meeting in George's Lower Deck on Thursday evening, December 13th at 8 o'clock. Officers will report on the work of the past year and initiate plans for 1957. The meeting is open to anyone interested in becoming a member of the Society. The cost of membership is only one dollar and a cordial invitation is extended to all district residents to affiliate themselves with the Society and assist in the agricultural extension work which has been undertaken.

In the first half of its present fiscal year the federal government had a surplus of $273 million, compared to a surplus of $51 million in the corresponding period of last fiscal year.

Free Show and Free Treats for Children

Santa Claus Is Coming To Town This Saturday, December 8th

Hurrah! Santa Claus is coming to Vermilion on Saturday, Dec. 8th. He will be at the Elks hall at 1:00 p.m. and will hand out free treats to all children 8 years and under. Then at 2:00 o'clock all will go to the Columbia theatre where the children up to and including grade 8 will enjoy a free show.

Arrangements for the Xmas treat have been made by the Vermilion Board of Trade. Appreciation is expressed to Mr. Nick Kowalchuk for his co-operation in arranging the free show for the kiddies.

Christmas Presents For Needy Children

Arrangements have been made by the Vermilion Rotary Club whereby all persons who wish to do so may donate Christmas gifts to needy children in the town and district.

The "Rotary Christmas Tree" will be conveniently located in the lobby of the Bank of Commerce. Those who have gifts for needy children are invited to place them on the tree during the pre-Christmas season. Each gift should be marked with the age of a child for whom it would be suitable and whether it should go to a boy or a girl.

Members of the Rotary Club have been advised by the Salvation Army that there is a very considerable number of children in this district whose comfort and enjoyment of the Christmas season could be brightened by gifts made available in this manner. Officers of the Salvation Army in Vermilion have undertaken to distribute all the gifts placed on the tree.

Farmers' Bonspiel Attracts 26 Rinks

The annual Farmers' Bonspiel started Thursday with 26 rinks competing. Full report will appear next week.

Frigid Weather Ushers in December

From summer temperatures to severe winter weather was the frigid story of last week end. On Saturday, Dec. 1st the area enjoyed a real summer shower with the thermometer varying from a high of 46 to a low of 32. Sunday felt a chilling blast blow in from the north and on Monday the warmest registered was 7 below. From that the readings went from bad to worse until reaching a low of 34 below this Thursday morning. Even at that Vermilion is one of the milder points with Red Deer and Penhold being the really cold spots with 47 below zero.

KINSMEN ENJOY BONSPIEL HERE

Curling Kinsmen from Lloydminster, Wainwright, Vegreville and Vermilion played a district bonspiel on Sunday with three rinks from each of the four clubs taking part. Good fellowship reigned supreme with a dinner being served at the conclusion of the day's play.

Jas. A. Smith, M.P. Is Guest Speaker

Officers Are Elected By Vermilion Social Credit Association

Meeting at the Orange hall, Mannville on Monday, the Vermilion Constituency Social Credit Association re-organized for the coming year. Officers elected were Wm. R. Cornish of Manville as president; Jas. Irving of Vermilion vice President; Ashley H. Cooper, Vermilion, secretary-treasurer.

Directors were elected from every part of the constituency as follow:— Vermilion: Angus MacMillan and H. H. Hodgins, Chatsworth: Leo Klashinsky, Mannville: Clarence Ewing and Ralph Wagner; Irma: Leighton Borrs, Salteaux: Tom Smith, Minburn: John Millar; Innisfree: Walter Tym, Beauvallon: Steve Uniat, Myrnam: Jack Yousawshyn; Derwent: Peter Noster, Buffalo Coulee: Alex Stone.

The executive was given power to appoint directors from areas not represented as the convention.

Discussion centred on delegates to the provincial convention in Edmonton, and resolutions. One resolution, proposed by L. Dowling asking that the provincial government consider the application of Social Credit monetary techniques through the medium of Treasury Branches in the Province of Alberta was endorsed by the meeting and forwarded to the convention.

Guest speaker for the occasion was Mr. Jas. A. Smith, M.P. for Battle River-Camrose. Mr Smith reviewed the agricultural aspects of the legislation at Ottawa during the past session as it affects the West. He has been making a special study of agricultural needs of the west on behalf of the Social Credit group and has taken a major part in all debates on bills and acts affecting the farming industry. Although a newcomer to the House, Hansard reveals that Mr. Smith took part in debates on no less than 37 bills and acts and this was his first year in the Commons. All such debates require a major amount of study, research and preparation.

The Battle River - Camrose member has undertaken to carry the ball for the Social Credit group in all legislation pertaining to Western agriculture.

Also adressing the meeting briefly was Mr Wm Stefura of Chipman, candidate for the Vegreville Federal constituency in the next Dominion election.

The annual meeting drew a larger attention than usual with representatives present from every corner of the constituency.

TOLLAND PIONEERS CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. J. Wilson Ford

On Nov 17th, a joyous occasion in the lives of Mr and Mrs J. Wilson Ford, who were celebrating their 50th wedding anniversary, was marked by a reception held in their honor, at the home of their daughter and son-in-law Mr and Mrs Frank H. Gibson.

The table was centred with a three-tiered pound cake, traditional of fifty years ago, baked by the bride and decorated by her granddaughter Mary Gibson. There were thirty-two guests, mostly relatives and a few long-standing friends who enjoyed a delicious turkey supper beginning at 5 p.m. the exact time the bride and groom had been married. The guests were seated at the table by Mrs. Arnold Rund the eldest granddaughter.

The toast was proposed by Mr Duff McGrath who in well chosen words told how he had known and valued this esteemed couple's friendship for many years. He closed by reading a poem entitled "Friendship" which closed with these lines:

"It's giving and doing for somebody else
That all life's splendor depends;
And the joy of the world
When it's all added up
Is found in the making of friends."

Mr and Mrs. Ford received many gifts, cards and congratulatory phone calls. The evening was spent by taking several pictures, chatting and reminiscing. After a warming cup of coffee was served everyone departed for home.

Out-of-town guests were Mr. and Mrs. Daniel L. Ford and family and Mr and Mrs. Grant Robinson from Edmonton.

Mr and Mrs. Ford (the former Zilpha Clancy) were married at the bride's home at Beech Hill, Nova Scotia, in 1906, and came west in 1911, homesteading in the Tolland district. They retired to Vermilion in 1944 where they both lead an active life and are always happy to have any old friends drop in on them.

New Anglican Church Dedicated At Mannville

MANNVILLE. — On Nov. 28th, a congregation of 300 representing various faiths gathered in Christ church, Mannville, for the dedication of the new Anglican church. Beginning at 5 p.m. the church bells pealed every hour on the hour and with the final pealing at 8 p.m. the service was underway.

The Lord Bishop of Edmonton, the Rt. Rev. H. H. Clark, D.D., together with his chaplain, the Rev. B. Brown of Clandonald, were admitted into the nave of the church by the incumbent in charge the Rev. Clifford C. MacPherson and the wardens Messrs. J. Johnstone and W. Osborn. The ritual of the dedication was that used by the early Christians. The pattern of a cross was fashioned by the Bishop and his procession as they proceeded from the west door to the altar from thence south to the Lectern and finally north to the pulpit. Special dedicatory prayers were offered for a Sanctuary Chair, Green Hangings and Prayer books in memory of Mrs. Lillian Boe Ellington, and for an Alms-Bason in memory of Mrs. Alice Weaver.

During the sermon the Bishop again as he had on his last visit, commended the Christ Church congregation on carrying on at various times without a minister and then congratulated the Rev. C. MacPherson for his leadership and the congregation for following through with him in the achievement and the realization of this beautiful new church. It is truly a beautiful church and its beauty was enhanced by the lovely floral bouquets which were sent with good wishes from the United Church, the Canadian Legion Mannville-Minburn Br. and from Mrs. E. Buckingham of Vermilion.

The clergy who took part in the procession were: The Rev. Canon T. W. Teape, Sec.-Treas. of the Edmonton Diocese, the Reverends W. Sewell, T. Rayment, A. Swinton, K. Minchin, F. Flagler, B. Brown, A. Heron, V. Cole, R. Clennett, all of the Diocese of Edmonton; the Reverends G. Ash and B. Hart of the Diocese of Athabasca, and the Rev. D. Tatchell of the Diocese of Saskatoon. The other churches in Mannville parish, namely Saltaux, Chailey and Minburn were well represented.

Following the service, a social hour arranged by the two Women's Auxiliaries of the church was held in the Orange hall. The visiting clergy were introduced to those assembled by the Rev. C. MacPherson. Mr. Osborne, People's Warden, spoke of the great feeling of satisfaction and joy the occasion afforded the Mannville congregation and thanked all who had and were contributing of their time, talents and money in bringing the project into fruition.

Junior High School Activities

Footballs, streamers, megaphones and pennants stressed the theme "Foot Ball" at the Junior high's first dance on Nov 16th. The High school was invited and added life to the party. Winners of the "Football Dance" were Ann Beatty and Alex Russell while Sandra Moses and Dwight French won the Statue Dance.

DOES YOUR CHILD PLAY IN THE RAILWAY YARDS?

Does your child play in the railway yards? If he does, the chances are great that he will be the victim of a serious accident, with loss of limb or even life. Boys are frequently seen playing around the box cars, even when shunting is taking place, and engineers are often sickened by the sight of a youngster scampering along trying to catch a ride on a moving car, or dashing across one of the numerous tracks in front of a moving line of freight cars. So general has the habit become that it behooves every parent to question the children regarding where they play, especially if they happen to live in the east end of town. A little care and direction today could save a serious accident, even a life.

FROM GREY CUP TO CHRISTMAS

The Santa Claus parade and Grey Cup Day are over, and now comes Christmas. And as Christmas approaches into most homes comes a little goodness (displayed particularly by children), a little confusion, a little merriment, a little debt.

Thousands of little hearts thrilled as Santa arrived for his pre-Christmas interviews. In the big cities he allowed tractors and trucks to pull his reindeer and sleigh atop huge trailers. In the smaller centres he turned to such modern conveyances as the heli-...copter. It was a happy time.

It was a different story when Grey Cup Day was over. Happiness was governed to some extent by geographical location.

And geography and circumstance will have some effect on the happiness of many this Christmas season.

It will be a bleak Christmas for the half-million or more refugees from revolt-torn Hungary who look to the free world for help and understanding. The handfuls of Christians in some lands where freedom is almost a stranger will gather to worship this Christmas in an atmosphere of fear and apprehension.

And here in Canada, hearts will be heavy in Springhill, Nova Scotia, where families have been broken by disaster, and in thousands of homes where traffic mishaps have taken their toll.

Amid the colorful decorations of the Christmas tree, the gay wrappings of the gifts we give and receive the warm and merry greetings we extend, we pause and wonder. What is Christmas? What does it mean to us in this year of strife and restlessness?

And wondering, we discover that Christmas is love. A love that does not end with the giving of gifts, or realizing that we have the responsibility of being our brother's keeper, but goes on to recognize that we must be our brother's brother. With this we have found something of the real meaning and spirit of Christmas.

To Attend Leadership Convention, Ottawa

Delegates selected from the Battle River-Camrose Federal Constituency selected to attend the National Progressive Conservative leadership convention at Ottawa next week are Roy Kent, Marwayne; John Anderson, Dewberry. Mrs Gerald McComas, well known as a former resident of Vermilion, is an Edmonton delegate.

By Your District Agriculturist

"GREEN ACRES"

VITAMIN "A"

When feed is lacking in vitamin A cattle become unthrifty. They make poor use of their feed and the cost of fattening them is much greater. Green alfalfa hay is the best source of vitamin A, but if you do not have alfalfa then it pays well to get a vitamin supplement from your drug-store or hardware.

SALT FOR LIVESTOCK

Everyone knows that cattle need salt at all times but we forget that pigs need salt also. Cattle can do with 1½% of salt in their feed aid pigs can stand up to 1% but not any more. Also we should remember that block salt is so hard in cold weather that cattle cannot lick enough off. It is better to fed loose salt to cattle in cold weather. Be sure that pigs do not get an overdose of salt as there is no cure for salt poisoning in pigs.

CULLING LIVESTOCK

It is a good time to check over the cows and heifers. The poorer ones should be culled out and fed for the market. If we get a dry year in this country you will be glad you weeded out the poor ones. There are a number of purebred heifers for sale. Why not sell, some of the narrow, long-legged, poor-doers and get a few good type purebreds to replace them?

DRESSED TURKEYS

The spread between Grade 'A' turkeys and Grade 'C' is 18 cents per pound. First it needs plenty of grain to fatten the turkeys and then it needs careful plucking to get the highest price. To tear the skin in plucking the feathers may bring down the price 10 cents per lb. Get a circular from this office on getting turkeys ready for the market.

THE PRICE OF PIGS

Radio reports from Ottawa seemed to forecast good prices for bacon pigs in 1957. There is still time to get a few good type gilts and take them to the best bacon type boar in the district. Most people now agree that it pays to grow Grade 'A' pigs. There is $2 more per pig in the premium.

Ladies Enjoy Convention

(FROM WILDMERE WINKS)

The writer of Wildmere Winks enjoyed the few days spent at the municipal convention held at the Macdonald hotel in Edmonton last week. An interesting and busy program is provided for the lady visitors with Mrs. Wheatley at its head. On Wednesday afternoon the Wheat Pool sponsored the program and had Dr Wm. E. Gladstone, president of the Alberta Chiropody Association give an address on "Your Feet". This was a very interesting and enlightening talk. A delicious lunch was served following the address.

On Thursday afternoon the program was sponsored by the United Grain Growers Ltd., with the speaker being Prof. W. Pilkington, Faculty of Education, University of Alberta. "Problem Parents" was the subject of his talk and this too, was keenly enjoyed. Each lady received a corsage as they entered and the two hundred or so ladies were served with a tasty lunch.

On Friday morning a 'Coffee Party' was held under the sponsorship of the Sun Publishing Co. and radio station CFRN. A hearty lunch started this party off and several of the CFRN staff were introduced, also Mr Pue of the Sun. Helen Kent of Woodwards gave a short talk, also interviewed several of the ladies.

All in all it was a very busy but enjoyable three days by the time you sandwiched in a bit of shopping. The men had a very busy time, with the convention lasting all day long. On Wednesday evening a cocktail party, Thursday evening, a banquet. The ladies attended these also. A dance followed the banquet and Jim Wallington had the honor of calling a quadrille in the big Macdonald hotel ball-[redacted]

"Volkswagen – The People's Car"

Blacktop, gravel — big and small — washboard, dirt or even the ditch, it makes no difference to the Volkswagen. In fact it performs so beautifully over any surface that you forget how homely it is and discover its "inner beauty".

On a demonstration drive last week Ed Lyons, the newly-appointed Volkswagen agent in Vermilion, did things with this little vehicle that would do justice to a tank.

Rear engine of an air-cooled 4-cylinder opposed design, 4-wheel torsion bar suspension and precise balance over a low centre of gravity is responsible for the remarkable road performance of the VW. Wheelbase is 94½ inches and road clearance over an unobstructed under-carriage is 6.8 inches.

Of course, no car is perfect, and as a passenger the most obvious drawbacks appeared to be a fairly high level of road noise, continual down-shifting (common to the small high r.p.m. motors), limited visibility and a feeling that the interior room, although surprisingly ample, is not made the most of passenger-wise.

The 4-speed syncro-mesh transmission is termed by experts as a "connoisseur's [redacted]".

The history of the Volkswagen is as interesting as the car itself. The "Volkswagen's Vater", Ferdinand Porsche, started his first sketches in 1931 at Stuttgart, and in 1933 turned out three experimental models, one of which has covered over 300,000 miles and is still in use.

With the rise of Hitler and talk of the "people's car" designer Porsche was placed at the head of a project in 1937 to build a huge plant. The Nazi government collected over $100,000,000 in advance payments from car-hungry Germans and and then turned the plant over to production of war materials.

Post-war rehabilitation of the plant at Wolfsburg was carried out by the British on mass production lines and in 1946 production started. Today, more than two out of every five German cars made are Volkswagens.

So there you have it, if your curiosity is aroused, [redacted] Lyons for a drive, believe me, you'll enjoy it.

Government figures covering all provinces but Quebec, show that in 1955 traffic fatalities totalled 2,084 and traffic injuries 49,828.

Lovely Double-Ring Wedding Held At St. Saviour's Church

DAVIS—CLARK

A very pretty wedding was solemnized at St. Saviour's Anglican church, Vermilion, Nov. 17, at 2:30 p.m. when Miss Eunice Olive Clark, eldest daughter of Mrs. Olive Clark and the late Mr. Reuben Clark of Vermilion, became the bride of Mr. Cyril Ian Davis, son of Mr. and Mrs. Cyril Davis of Vermilion.

The double-ring ceremony was performed by the Rev. K. A. Minchin before an altar banked with baby mums.

The bride, given in marriage by her brother Alfred, was lovely in a floor-length dress of pale blue brocaded satin with fitted bodice and lily point sleeves with nylon net overskirt. Her veil was of nylon tulle, and tiara of seed pearls and rhinestones, her cascade bouquet was pink and white carnations. She wore a rhinestone necklace with matching earrings, a gift from the [redacted]

The bride's dress was made in England by her childhood friend.

Attending the bride was her sister Nita, and Lucille Thompson who wore identical ballerina dresses of pink whispering taffeta with nylon net overskirt and headdresses to match. They carried cascade bouquets of blue and white autumn flowers and wore blue rhinestone bracelets, gifts of the bride.

The groom was attended by Robert E. Brass, and Clayton Davis, brother of the groom. Their gifts from the groom were initialed silver cigarette cases.

Ushers were Trevor Clark and James McGaughey. The organist was Mrs. C. King.

During the signing of the register Mr. Tom Watts very fittingly sang "The Wedding Prayer", accompanied by Mrs. King at the organ.

Following the ceremony a reception for one hundred and twenty guests was held in the parish hall.

For receiving her guests Mrs. Clark chose a dress of lime green and navy with a navy hat, and a corsage of pink roses.

The bride's table was centred by a four-tiered wedding cake baked and decorated by the bride's mother. The cake was embedded in pink and blue tulle, flanked with pink and blue candles. Small sprays of white heather sent from England lay around the tulle. Flowers were yellow and white mums.

Mr. T. McPherson [redacted] the toast to the bride and was responded to by the groom.

Telegrams of congratulations were received from Mr. and Mrs. Fred Duthie, New Westminster, cousin of the groom; Mr. and Mrs. Vic Marshall, Hardisty; Mr. Alex Illasiak, Cambridge Bay, N.W.T.

Miss Margaret Taylor was in charge of the guest book and Mr. James McGaughey acted as M.C.

Out-of-town guests were: Mr and Mrs. Albert Meargart, Edmonton; Mrs. H Duthie, Vancouver, aunt of the groom; Mr and Mrs. Andy McGaughey, Lodgepole; Mr. and Mrs. Harry Braker, Vancouver; Miss Shirley Williams, Wetaskiwin.

The bride's bouquet was later placed on her father's grave.

For going away the bride changed to a suit of plaid green and tan accessories, with a corsage of yellow mums.

After spending a ten-day honeymoon trip by car travelling through eastern and southern Saskatchewan and southern Alberta, the happy couple are now at home on their farm eight miles north of Vermilion.

Throndson-Sheppard Vows Are Pledged At Kitscoty United Church

In a candlelight ceremony with the Kitscoty United church graced by baskets of yellow mauve and white chrysanthemums, Evelyn Valerie, eldest daughter of Mr and Mrs. Clifford H Sheppard and Alvin youngest son of Mr. and Mrs. Gustave Throndson, were joined in marriage on November 10th by the Rev R R Smith.

Given in marriage by her father, the bride wore a cocktail length gown of white net and lace over satin with matching fitted jacket. Her fingertip veil was held in place by a tiara of amber beads two hundred years old, a possession of her paternal grandmother. She carried a bouquet of American Beauty roses with lily of the valley.

Sisters of the bride Sylvia and Donna attended her in cocktail length gowns of blue and pink net over satin. They wore matching bandeaux and carried Colonial bouquets of white carnations tinted to harmonize with their gowns. Her little sister Patti in a party dress of yellow net, a Colonial bouquet of yellow carnations was her flower girl.

Attending the groom were his brother Edwin and Mr George Leighton. The ushers were Mr Theodore Throndson brother of the groom and Mr Robert Sheppard cousin of the bride.

During the signing of the register "A Wedding Prayer" was sung by Mrs Emma Sheppard aunt of the groom [illegible] Sheppard aunt of the bride accompanied by Mrs Elsie Batty.

Following the marriage ceremony a reception for one hundred and forty relatives and friends was held in the Tracy Memorial hall. A close friend Mr Milton Christoffersen proposed the toast to the bride. Mrs Sheppard chose to sing "O Promise Me" and Mrs. June Jacubec attended the guest book.

A dance followed in the Kitscoty town hall. For a honeymoon to the States the bride chose a light tweed box style suit, with black accessories and a corsage of red doses. On their return they will make their home in the Clandonald district.

Out-of-town guests were Mrs M B Milburn of Erskine, Mrs Jas A Curr of Alix, Sgt and Mrs Gerald Keogh and family of Beverly, Mr and Mrs Jack Davidson of Edmonton, Mr and Mrs Enoch Lumshlad, Elaine and Florence of Valley View, Mr and Mrs Theodore Throndson of Ft McMurray, Mr Ed win Throndson from Yellowknife and Mr George Leighton from Grande Prairie.

Bantam Hockey League Is Organized At Dewberry

DEWBERRY. — On Thursday November 29th, a group of boys, parents and all others interested, held a meeting in the Dewberry high school with the prime purpose of organizing a hockey league for the younger boys of the town and district. Mr. Powell, president of the Dewberry Juvenile hockey association, directed the meeting.

General feeling of the group was that this league should not only be for the development of boys who have already played hockey but also, probably more important, the development of those boys who have thus far not had an opportunity to play. Only in this way will any latent talent be discovered and put to use. Some of the boys do not yet have skates but their optimism was expressed by little Grant West when he said "I haven't got any skates but my Dad might give me some for my birthday tomorrow."

FOUR TEAMS

The meeting felt that four teams of approximately ten boys each would be satisfactory. This meant that four coaches had to be found. Mr Harry Williscroft, Mr. John Anderson, Arthur Redman and Jimmy Jones volunteered, the latter two only on the condition that two adults interested in coaching could not be found. Any takers? The high school boys who play hockey will be able to help out in the refereeing department anyway.

Times for games were discussed and the resulting decision was that one or two practices for each team could be held during the week (probably after school) and that two games (one game for each team) be played on Saturday afternoon.

UNIFORMS

The possibility of getting uniforms was discussed. The suggestion was made that only the sweaters need be bought at first. This was generally agreed upon. The chairman then called for three volunteers for a committee to handle a "bottle campaign" in order to raise funds for sweaters. Mr Smith, Jimmy Jones and Art Redman volunteered. That campaign is now in progress, so if you have any old bottles around the boys would surely like them. Money donations will, of course, be accepted and greatly appreciated. In order that the boys would have something to strive for, Mr. Powell and Mr. Smith are offering a prize to the highest collector on each of the four teams.

Safety was an important point for discussion. The meeting felt that each boy should be adequately equipped before he could be let on the ice. Of course, the difference in size was noted also. The solution here was that the little fellows would play against boys of their own size only. The bigger boys would then be on the ice only when the other team had its bigger line on.

On Friday, November 30, about forty eager boys learned the details of the bottle campaign. Captains for the time being had been chosen by the coaches the night before and these boys, with advice from their team-mates, picked names for their teams. The results were: Maple Leafs (Capt. Francis Maltais), Black Hawks (Captain Harlin Fry), Rangers (Capt. Stan Hartwell) and Red Wings (Capt. Billy Bakala). The sweaters will be of the N.H.L. style of the above names.

With a little co-operation from the weatherman the league could soon be put to action. The enthusiasm of these boys is great. You will have to come out and see them to appreciate it.

Mrs Hugh Leighton spent the week end in Edmonton visiting with Hugh who is a patient in the Royal Alex hospital.

Mr R. P. Hind spent Monday in Edmonton on business.

BUFFALO COULEE ACTIVITIES

AMATEUR HOUR GREAT SUCCESS

A capacity crowd of around three hundred people filled the Buffalo Coulee gym for an amateur hour sponsored by the Students' Union. This was the first time in many years that a program of this type has been presented in the community and was thoroughly enjoyed by all. Participants came from Mannville and Vermilion on the north to Wainwright and Irma on the south. A remarkable feature was the fine performance of so many little ones. Mr Bauman and Mr Geo. Spak acted very capably as M.C.'s.

Mr Alf Logan and Keith King made a tape recording of all the numbers of the program and when it was over the contestants were able to hear their performance as the records were played back to them in one of the classrooms. This proved quite an attraction especially to the young ones.

Judges were Mr. Jack Brown, Mr D. Folk and Mrs. L. Dowdell of Vermilion. This must have been quite a difficult task but their decisions met with the hearty approval of the audience. Following are the prize winners:

Junior Vocal — 1. Frances McCauley, Mannville; 2. Myrna Taylor, Fabyan; 3. Pauline Fletcher, Paradise Valley.

Intermediate Vocal — 1. Mervin Young, Wainwright; 2. Lois Casper, Fabyan; 3. Faye Lachuk, Buffalo Coulee.

Adult Vocal — 1. Bill Hipson and Mervin Young, Wainwright; 2. Bill Hipson; 3. Harvey Richards, Vermilion.

Instrumentals — 1. Helen Phesney, Buffalo Coulee; 2. Chas. Teasdale, Paradise Valley; 3. Henry Eyben, B.C.

Novelty — 1. The Vermilion Darkies; 2. Wendy and Bonny Arthur, B.C.

Following the program lunch was served by the Students' Union. Then the floor was cleared and an hour of dancing enjoyed by young and old to the music of Albert Cleland and Henry Eyben. A great deal of credit goes to all who helped to make the evening such a success and may it turn out to be an annual affair.

BOY SCOUTS HOLD FIRST HIKE

The Boy Scouts had their first outdoor hike on Saturday morning when Henning Haverslew and Jim Cameron took them down to the coulee south of Russell Kennedy's. Two troops with patrol leaders Ernest Emmett and Colin Kennedy explored the hills and visited an old beaver dam. They returned to campsite at noon, built a fire and enjoyed their dinner of beans, wieners, buns and coffee. After this the boys went on a treasure hunt learning to follow their trail signs. This was followed by a relay message game before the boys returned home at 2:30.

TEA AND CANDY SALE

C.G.I.T. are holding a tea, sale of home made candy and flowers on Dec 12th at 7:30 p.m. in the school gym. All ladies of the community are cordially invited. This is a regular meeting and the initiation ceremony will also be held. The girls are hoping to attend the C.G.I.T. candle lighting service in the Vermilion United church on Dec. 16th.

Mrs. Henning Haverslew, Barbara and Jimmie went to the city on Friday with Mr. and Mrs. E. Hart. Henning and the boys went up for them on Sunday.

Colin Kennedy, Grant Haverslew and Donald Stone attended the 4-H Calf club meeting on Saturday night. All three are taking on the care and feeding of a calf this year.

"GHOST ROAD" ATTRACTS BIG CROWD

A good crowd braved the first real night of winter to attend the "First Nighter" of "Ghost Road" presented by St. Saviour's Dramatic Society in the school auditorium on Monday night. This proved something very worthwhile travelling many miles to see. It had thrills, chills and comedy in a well balanced performance. It would be difficult to pick out any one star as they were all very well cast and each did their part exceptionally well. Much credit goes also to the 'props' men for the stage setting, lighting and exceptionally good sound effects. That howling wind really got the play off to a good start.

We'll leave it to the Vermilion scribe to give a full account of the cast and plot of the play after it has been presented in Vermilion, but would strongly recommend that the people in town turn out to see it on Friday evening at the V.S.A. It is very commendable that a group of local people have given so freely of their time and talents to provide this type of entertainment for the public and they deserve to be well supported.

The executive of the Home and School served lunch to the cast after the performance and in reply to Mr Kneale's words of thanks Mrs. Lloyd Everett expressed the appreciation of the B.C. community to them for coming out and presenting a play which was enjoyed by the children as much as by the grown-ups. Every success is wished the Society in their future engagements and hopes were expressed that they would return to Buffalo Coulee again next year.

The Neale Family Wins Prizes At Toronto Royal

Jack Neale, manager of the Central Alberta Dairy Pool at Ponoka and son John Neale of the CADP creamery at Stettler rounded up most of the prizes for butter making at the Toronto Royal Winter Fair. J. Neale Sr. had his butter entries make the highest aggregate points, had the best finished prints and won first place in almost every class he entered. Neale Jr. won a first prize and reserve grand championship.

The Neales are well known in Vermilion as Mrs. Neale Sr. is a local girl, the former Miss Bishop, and her brother Claude and sister Miss Bishop still reside in Vermilion.

Marwayne F.W.U.A. Elect Officers

MARWAYNE. — The annual meeting of the Marwayne FWUA was held Monday, Nov. 26 at the home of Adela Protsch with Mildred Sinclair and Lillian Tupper as co-hostesses.

The meeting opened with the singing of "Home on the Range" and 26 members answered to the roll call.

Lillian Tupper and Dorothy were selected to attend the annual F.U.A. convention in Edmonton this month.

A motion was passed to give $20.00 to the Ladies' Aid of the United church ($5 for dish rent and $15 donation).

Since last writing the ladies have catered to a wedding reception, the Legion banquet and served lunch in Mr Elliott's office. Proceeds from the lunch, $25.00, were given to the organ fund of St. George's church.

Plans were made for a Christmas party on the evening of Dec. 28th for all members of the Marwayne FWUA and FUA and their families.

Officers for the coming year are: President, Lillian Tupper; 1st Vice, Dorothy Milne; 2nd Vice, Angeline McClean; Secy-Treas., Joyce Katzmaryk; Sunshine, Olive Midgely; Press Reporter, Gladys Hutchinson.

The Christmas meeting will be held at the home of Gladys Hutchinson on Saturday evening, Dec. 22nd. Exchange of gifts will be carried out again this year.

Mrs. Edith Sarah Bowman Laid To Rest At Dewberry

Mrs. Edith Sarah Bowman passed away in the Islay hospital on Nov 12th following an illness of two weeks. She was 81 years of age.

Mrs. Bowman was born in Minnesota and came to Islay in 1909 with the family to join Mr. Bowman who had come out a year earlier. They homesteaded north of Islay living there until 1928 when they moved to the Dewberry district. In 1947 Mr. and Mrs. Bowman retired from active farming and moved into the village of Dewberry. Always bright and cheerful they visited each member of their family often by car.

Mrs. Bowman leaves to mourn her loss her sorrowing husband Cyrenus Bowman, two sons Frank and Durward, and three daughters, Mrs May Braithwaite and Mrs. Frank Mead, all of Dewberry, Mrs Hardy Ford of Vermilion. There are 18 grandchildren and 14 great grandchildren.

There are three surviving sisters in the United States, Mrs. Tom Keltie, Mrs. Emma Webb and Mrs. Straus.

Funeral services were held on Nov 14th in the Dewberry hall with the Rev C W MacKay officiating. Mrs. Websdale played the organ. The pall bearers were six grandsons Robert Braithwaite, Harvey Bowman, Edsel Bowman, Leslie Bowman, Hardy Ford Jr. and Brian Ford.

Interment took place in the Dewberry cemetery. Moyer's Funeral Home Vermilion, was in charge of the arrangements.

Beautiful floral tributes were received from:

Loving husband and family; Mrs R. Braithwaite; Edith and Charlie Anderson, Frank, Jessie and family; Dot, Hardy and family; Frank, Dora and family; Durward, Margaret and family; Bobbie, Ariel and family and grandchildren; Charles, Olive and girls; John and Biddy Marie; Dot's Canasta Club; Mr. and Mrs. Albert Van den Dolder; Milton and Eunice Lee and family; Bob and Ina, Herb, Doris and boys and Iona; Wilena and Anson Lively; Uncle Jim Elliot; Mary and Ben Axley; Kay and Clarence Axley; Emma and George Wowk; Joe and Elliot Lively; Myrtle and John Fleming; Dever DeFord; Friends of Dewberry and Community.

Death of Low Hunt At Toronto

Many old friends will remember Lowell M. Hunt who lived in Vermilion for many years prior to moving east. Mr. Hunt died on November 28th at Toronto. Interment was in the Mt. Pleasant cemetery. Surviving members of the family are the sorrowing widow, the former Isabella Tovell, and one daughter Lila, a sister Mrs. Laura Edwards of Fort Lauderdale, Fla.

Former Vermilion Lady Dies in East

Miss Harriet Ferrell, who lived north of Vermilion just a few miles for many years, passed away at South Mountain, Ontario. Death followed a short illness. She was one of the oldest residents of the community, a member of St. Peter's Anglican church and active in many church organizations. The last member of her immediate family, she leaves several nieces and nephews.

Two Buck Deer Are Trophies of Hunt

Bowman brothers of Koknee, Lawrence Webb and Joe Thompson comprised a party for a big game hunt in the Marlboro district west of Edson last week. They arrived home on Saturday with two fine bucks as trophies of the hunt. Very good weather was enjoyed for the hunting trip.

The Northwest Territories probably contain every mineral known to man except those formed by surface action in a tropical climate.

LOCAL NEWS

Hugh Rose drops a line from 1949 Barclay street in Vancouver and says that he and Mrs. Rose are feeling quite well and expect to visit Vermilion soon.

H. R. Leavitt who will be well remembered by people of the Dewberry district as a former resident of the village, is still interested in this part of Alberta and sends along his renewal sub to the Standard. He would like more news of that Dewberry district though!

Henry Dewald for several years past accountant at the treasury branch, has been transferred to Calgary and has already commenced duties in the southern city. Henry was back over the week end.

THE STAGETTES

The Dec. 4th meeting was held in the club room with six members answering the roll call — Oh, pardon me, seven members were present. Just a few more to go and we'll have a full house and a Xmas party. We missed you Ethel, pinch-hitting for President Dorie, and Vice-President Ethel was Eileen who is also in charge of the log book and was apparently catching up on over due responsibility. There will come a better day gals. The social committee, "that's all of us" is in charge of lunch on the night of Dec 18th. Anyone not present at this meeting, please phone Jean about particulars.

Yes folks, we still have doll raffle tickets and they can be obtained from any Stagette member. We also hope you are planning on an evening of dancing during the festive season, the date? Dec. 26th, the Stagette annual Holly Frolic. For this dance advance ticket holders will save 25 cents. Come one, come all.

Checking Saturday, Dec. 8 Kay and Tanis. See you all at the Christmas party

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Steve Romanchuk of Dewberry announce the engagement of their daughter, Claire Louise, to Mr Edward Gouchko of Elk Point, Alberta, the wedding to take place Friday, December 21st at 3 o'clock in the afternoon at the First United Church, Vermilion. Closed reception. Wedding dance at the Greenlawn hall.

ENGAGEMENT ANNOUNCED

The engagement is announced of Marlene Eunice youngest daughter of Mrs. August Bobroske and the late Mr August Bobroske, formerly of Marwayne, Alberta, to Roy R. Pilon, only son of Mr. and Mrs. John Pilon of South Makwa, Sask. The marriage will take place at Holy Name church, Vermilion at 10:30 a.m. on December 22nd, 1956.

Mrs. T. L. Conboy spent from Thursday to Sunday last in Edmonton visiting daughter Mildred and her roommate Miss Connie O'Connor.

Mrs. Raymond Mercier of Islay spent several days during the past week visiting her son-in law and daughter Mr. and Mrs. Ed Block at Egremont.

Mrs. George Dibben has gone to Edmonton where she intends to spend the winter months.

F. J. Kibblewhite, former chief social worker with the provincial guidance clinic, will join the staff of the Leduc-Strathcona Health Unit in January as welfare officer. Mr Kibblewhite is a graduate of the Vermilion high school and a former teacher on the local staff. His brother and sister are residents of this district.

Delegates to the Provincial Social Credit convention held in Edmonton last week from the Vermilion constituency included: Roy Walker and Harry Whitcher of Vermilion Peter Noster from Derwent and with Pete were his wife and family; Jack Youswyshyn of Myrnam, Walter Tym of Innisfree and Clarence Ewing of Mannville

Shower Held For Faye McLennan

Approximately fifty-five ladies gathered in the Legion hall on Wednesday afternoon Nov 28th to honor Miss Faye McLennan prior to her marriage to Mr. Vincent Critchley. Mrs Bruce McLennan assisted the bride-to-be while she was unwrapping her gifts. Faye thanked her many friends in a very fitting manner after which a dainty lunch was served and a social half hour enjoyed

Life's Dark at Moment

Finds Radio-Sonde At Landonville

A Quickstad well known Landonville pioneer farmer, found a radio-sonde on his farm last Thursday. A radio-sonde is a delicate instrument carried by a balloon, sent up by the U. S Weather Bureau. It reaches a height of 16 miles and during its ascent operates as a radio transmitter of the temperature, pressure and moisture of the air through which it passes. At a height of 16 miles the balloon bursts and the radio sonde floats down to earth by means of a plastic parachute. Usually an address is contained on the instrument with instructions to return.

F.U.A. President Will Attend the Ottawa Meeting

The president of the Farmers' Union of Alberta, Mr. A. W. Platt, will leave Edmonton this week end for the 18th annual Dominion-Provincial Agriculture Conference, to be held in Ottawa Dec. 3 to 5. This conference, attended by Federal and Provincial officials, Farm organizations and others, will consider the present agricultural situation in Canada, and the outlook for '57.

Production estimates will be presented by selected committees who have given careful study to present conditions and trends. Mr. Platt, together with Mr. Hansen, President of the Saskatchewan Farmers Union, and Mr. Cormack, President of the Ontario Farmers Union, will present the farm viewpoint to the convention. In addition they will present concrete programs on needed assistance for agriculture generally, as well as special programs for grain, hogs, cattle poultry and potatoes.

Mr. Platt stated that a very careful study had been made of the present agricultural situation and that the recommendations that he and his colleagues will make should provide the Government with information on which they could design a farm program that would have the support of Canadian farmers.

CHRISTMAS TREES

What started as a "fly-by-night" affair has now developed into Canada's multi-million dollar Christmas tree industry, reports the Financial Post.

This year indications are that sale of trees to the U.S. and on the Canadian market will exceed all previous records, both in the numbers and dollar value.

Total sales this season are expected to top $12 million for 20 million trees.

Prices probably will be higher

Canadian railway officials predict this will be the busiest season ever for exporting trees to the New England states and to more distant points like Miami.

During the most severe of the season's three common cold peak periods, in January or February, as many as 40 million persons in Canada and the States, may be suffering from a cold in one stage or another, every day

CLANDONALD HALL

At the Clandonald hall Friday and Saturday "A Guy Named Joe" an adventure drama starring Spencer Tracy, Irene Dunn Lionel Barrymore, Ward Bond, Jan Tweeten, Van Johnson and Esther Williams, next week end Dec. 14 and 15 "The Stooge". 23

DERWENT THEATRE

Showing at Derwent theatre, Saturday and Monday Dec 8 and 10 "Here Come the Girls" in color starring Bob Hope and Rosemary Cluney a merry mix-up comedy. Wed and Thurs Dec 12 and 13 "The Treasure of Pancho Villa" with Rory Calhoun a slice of living history; next week end Dec 15 17 "Belle Starr's Daughter" 23

Claysmore W.I.

The regular November meeting of the Claysmore W.I. was held on Nov. 14th at the home of Mrs. R. Bauer with nine members and three visitors present. The visitors were Mrs. M. Woywitka, Mrs. P. Pidruchney and Mrs. W. Woywitka. They will join our group at the annual meeting in December.

After repeating the Creed and members responded to Roll Call, "My Favorite Hobby", the president Mrs. J. Willes called for the minutes of the Oct. meeting. They were approved as also the treasurer's report adopted on motion of Mrs. J. Horne.

Under business arising out of minutes, bills were presented to the treasurer for payment. It was moved all outstanding bills be paid. The handicraft list came up for discussion. Our preference for certain articles was added to the list and our Convener will be present at the Handicraft meeting at Mannville on Nov. 22

Correspondence included two Thank you cards from Mrs. J. Horne and Mrs Florin, recent patients in hospital for gifts received while there, also letter from CNIB asking for donation

The Mannville Library Board meeting is on Dec.15 at Mrs. R Hays. Our representative Mrs H. Watling unable to attend Mrs. O. Willes will take her place

The next meeting of the Claysmore W.I will be held at the home of Mrs. J. Willes. All the members are requested to attend business being Annual Meeting, suggestions for Xmas Party, appoint Programme Committee, etc.

Owing to present situation in the Middle East, the A.C.W.W. Conference at Ceylon in December is cancelled—a disappointment no doubt to Mrs. T Howes our representative as to us who hoped to gain much information by her going

Topics for the afternoon were Hints on sewing, stay-stitching and basting on sewing machine, iron flat seams in place, by Mrs. O. Willes. Points on Deep Freezing by Mrs. R. Bauer

Collection was taken; adjournment, and ladies were ready to enjoy the delicious lunch prepared by the group.

Pleasant Valley News

It is anything but pleasant these days, cold with snow. It was a lucky thing we all visited while the weather was good. Mrs. Moore visited the writer on Tuesday. Getting really brave now, next thing we will see you driving around town, maybe, eh?

Wednesday night Mr. and Mrs. Warawa, Marvin, Agnes, and Mrs. J. Gould were supper guests at the writer's home. A good game of crokinole was enjoyed by everyone. Was it a good dance Kitty? Mrs J. Gould left on Saturday to stay the winter with her daughter Laura and family at Alliance where Laura is teaching.

Annie with her new baby boy visited on Friday

So glad to hear you liked your fern Mrs Jack. They are lovely and green during the winter

Erysipelas Causes Heavy Losses In Alberta Hogs

Veterinarians report that erysipelas causes more serious losses in the swine population in Alberta during the last four or five years than in any other province in Canada. Alberta swine also have the dubious honor of falling victim to the most powerful disease producing strain of the erysipelas bacteria found in Canada.

Most cases of swine erysipelas occur during the summer; however, swine raisers are cautioned to be especially alert for signs of erysipelas in the pigs in fall and winter. Deaths may occur very suddenly and other early symptoms include a high temperature, loss of appetite, stiff gait, lameness and arched back. An early diagnosis of the condition can often prevent severe losses as the antibiotic drugs are very effective in control of this disease. It is sometimes necessary to commence a vaccination program to prevent spread of the infection. This disease can also result in crippled animals that are not economical to raise and fatten.

Over 90 per cent of the population suffers at least one cold per 'season'—or a total of over 146 million cold sufferers annually in Canada and the U.S., according to officials of Grove Pharmacal Ltd., world's largest manufacturer of cold tablets. Two of three persons suffer an average of three colds a year, or half a billion colds annually, and during any day in a 'peak' cold period, 11 to 16 million are catching a cold.

"THE TIPS"

by JIM GRAHAM

Crunching a pathway through ice measuring up to 10 feet in thickness is enough to give an Eskimo the hivers.

This bone chilling work is taken as routine by men who man the ice-breaking ships employed in the Northern seas.

The Canadian Navy's Arctic patrol vessel H.M.C.S. "Labrador" had a real slug-fest with a huge icefield during their summer survey of the approaches to Baffin Islands harbour. On this voyage the ship encountered ice which varied from three to more than 10 feet thick. The ice field extended for 20 miles with some individual floes measuring a half a mile across.

The Canadian sailors have developed names for the various thickness of the ice. "four-engine ice" is from 3 to 6 feet thick and covers less than 70 percent of the water surface. "Six-engine ice" is from five to ten feet thick and covers from 60 to 100 per cent of the surface. To combat the latter type the full use of the "Labrador's" six 1,750 horse-power diesel engines are needed.

An ice-breaker smashes its way through the floes by running its specially constructed bow up onto the ice. Then the weight of the ship can generally force the floe to give way. The thicker the ice the more power it takes to drive the ship's bow up onto the ice. If the floe does not give way with the first attempt, repeated charges have to be made at the floe until the ship does break through.

Ships like the "Labrador" are sturdily built crafts and can generally handle floe ice but when it comes to icebergs plenty of room is given. These huge mountains of ice retain their majestic independence and continue to defy any ship which may challenge their right of way at sea.

There are more lakes in the Canadian north than in all the rest of the world put together.

Angry She-Wolf Feeding On R.C.A.F. Dump Grounds

A few decades ago, a Northwestern Ontario daily newspaper editor posted a $100 reward for any concrete information to pove whether a wolf will attack a human being. To date, this reward has gone unclaimed.

R.C.A.F airmen stationed at Alert, a weather station on Ellesmere Island are, naturally, not too interested in proving the pros and cons of this argument but they have an old razor-toothed wolf on their hands which has been causing more than a little consternation.

At Alert, situated within the Arctic Circle, airmen transmit weather probabilities to people in the more southern climates. For company and transportation, four Husky dogs are retained.

Everything ran smoothly for some time until the half-tamed dogs discovered gastronomic delights in a dump of condemned time-expired canned food. The dogs learned how to bite into and enjoy any juices or meat which could be extracted from the containers.

This could be tolerated to a degree. Then along came the old wolf.

On a frost-bitten morning a short time ago, the beast darted into the former stockpile of foodstuffs and grabbing a can in her mouth, scampered a short distance away. There in full sight of the amazed airmen, she lifted the can in her paws and using her front teeth, she neatly chewed the top off the can.

Time and again the amazed airmen moved the dump of condemned rations, but time and again, the astute wolf found it.

But if the airmen were amazed at the wolf's hunting ability at first, they are even more amazed today. The wolf seems to have X-ray eyes!

Alert airmen, on picking up the empty cans, didn't pay too much attention at first to the containers.

Then they found the wolf only seemed to choose cans containing chocolate syrup or bacon. Keeping track of the uninvited guests maraudings, they soon found their suspicions to be correct. The wolf would actually only take cans of chocolate syrup or bacon while avoiding vegetables and other cans which the dogs would bite into indiscriminately.

The strange problem still has not been solved. The wolf is still around. So are the airmen.

And so today it's still doubtful whether the Northwestern Ontario editor's reward will be collected at least as long as Alert's discard larder remains loaded.

Eskimo C.N.R. Special Makes Fast Run

The Eskimo Special, a CNR train carrying 300 happy Eskimo supporters, made it back to Edmonton from Toronto a half day earlier than originally planned.

The special train left Edmonton last Wednesday and arrived in time for the Grey Cup parade and game. It left Toronto early Sunday morning with its crowd of jubilant fans, and its schedule was speeded up at their request to enable them to take part in victory celebrations on Monday evening and Tuesday in Edmonton.

Other happy football fans returned to the west before and after the special, travelling on the CNR Super Continental and Continental.

The exact time of outbreak of the three annual common cold "peak periods" seems to depend on locale and weather, according to Grove Pharmacal officials. The firm which makes more cold pills than any other company in the world says that actual outbreaks in different cities may vary by as much as six weeks.

Keep Matches Out of Reach of the Children

This child could have become another victim to clothing fires, were Mother not alert and removed the matches from the toddler's reach. Kiddies are the most frequent victims of clothing fires, and the only safe way to reduce this annual toll is to keep matches out of their reach at all times. The Fire Commissioner's records show carelessness with matches being responsible for 79 fires last year, with a dollar loss value of $45,508. The suffering and grief resulting from hurts and death are not measurable in dollars and cents. Keep matches from reach of children.

Funeral Services Are Held For Mrs. Elizabeth Grant

On Friday, November 16, 1956, Mrs. Elizabeth Grant, beloved wife of Mr. James Grant, passed away in the Vermilion hospital after a short illness.

Mrs. Grant was born in Lurgan, Ireland, on February 14th, 1900. On January 29th, 1919 she married James Grant. They came to Vermilion in 1926 when they commenced farming in the St. Andrew's district, and continued to live there until 1945 when they moved into Vermilion, where they have resided since.

Left to mourn the passing of a loving wife and mother are five sons, Pat of Edmonton; Harry of St. Andrew's, Eddie at Oxbow Sask.; Jerry in Edmonton; Jimmy of the H.M.C.S. Navy, Victoria, B.C., and three daughters, Mrs. A. J. Simonet, Clandonald; Mrs. John Foy, Clandonald; Mrs. Frank Mergl, Buffalo Coulee. There are sixteen grandchildren. A sister resides in Lurgan, Ireland and a brother at London, England.

Funeral services were held on Wednesday morning, Nov. 21st at the St. Andrew's Catholic church. Rev. Father Stewart sang Requiem high mass and conducted graveside prayers.

The pallbearers were her five sons and a nephew, Mr. David McGrann.

Many beautiful floral tributes, spiritual bouquets and memorial donations were received from the following:

ANOTHER NEW BULLETIN "FIELD CROP INSECTS"

The Line Elevator Companies, our sponsors, esteem it a privilege to announce the publication of a new bulletin entitled, "Field Crop Insects and Their Control in the Prairie Provinces". The new publication, Bulletin No. 8, replaces LEFS Bulletin No. 5 which is now out of print. The growing demand from farmers, grain buyers, 4-H Clubs, rural school teachers and pupils, agricultural students, and extension workers for reliable, up-to-date information on field crop insects and their control in the Prairie Provinces, has obliged us to publish a completely new bulletin on this important subject at this time.

The new bulletin has been written by A. V. Mitchener, Professor Emeritus of Entomology, The University of Manitoba. Prof. Mitchener is an outstanding authority on economic entomology. In its preparation two objects were kept in mind: (1) to provide information which would aid practical farmers, and particularly young farm people, in the identification of the major insect enemies of field crops; and (2) to make available, in the limited space of a single bulletin, reliable and up-to-the-minute information on their control.

This new insect bulletin is not a text book, but merely an authoritative handbook for farmers, young farm people, grain buyers, and others. It deals with the major destructive insects of field crops in the Prairie Provinces, their habits and control. It contains 40 excellent illustrations. For easy reference and reading, keys to the orders of insects attacking field crops, and to the types of insect injury on different crops are provided.

Copies of Bulletin No. 8, "Field Crop Insects and Their Control" are now available, free of charge to farmers, 4-H Clubs, rural school teachers, and students of agriculture in the Prairie Provinces. They may be obtained through local Agents of any of the Line Elevator Companies listed above, or from Line Elevators Farm Service, Winnipeg or Calgary.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation for the expressions of sympathy extended to us during our recent bereavement, also for the many tributes, sympathy cards and letters received. Special thanks to the Rev. Father Stewart, Dr. E. G. Evans, nurses and staff of the Vermilion hospital.

NEWS from ISLAY

Will all the W.A. members please remember our Xmas party meeting on Dec. 13th at Bessie Anderson's? Bring your gift, but if you can't be in attendance, send the gift, please. We are hoping to have Mrs. Olds at the meeting and at the bazaar on Saturday Dec. 8th.

There will not be any church service this Sunday, Dec. 9th, but there will be service Sunday Dec. 16th.

Shortage of housing? No wonder! If new homes are being established as fast as in the Islay district which has had 3 wedding dances in a week — Nov. 30, Dec. 5 and 7.

On Friday, Dec. 14th a dance will be held and a turkey draw, for the Cubs who recently organized.

BUFFALO COULEE ACTIVITIES

(Held over from last week)

The Buffalo Coulee Home and School got off to a good start last Wednesday night with a well ... turnout for the new teachers, Mr. Jack Bauman. Miss Mac Donald and Miss Allen. The school children put on a short program. The nominating committee brought in a slate of officers for the coming year. This was unanimously adopted and consisted of the following: President Mrs. Lloyd Everett; Vice-President, Mrs. Alex Stone; Secy-Treasurer Mrs. Arthur Pheasey. Program Convener Mr. Geo. Spak; Social Convener, Mrs. Evelyn Cunningham. Membership Sponsor Mrs. T. Smith. Meetings will be held the third Wednesday in each month the next one to be a Christmas program.

Boy Scouts are again organized with about seven or eight more ... joining the six who took ... the fall training earlier in the year. Owing to the distance which some of the boys and girls have to travel both Scouts and C.G.I.T. are meeting the second and fourth Wednesday night each month and will hold a longer meeting rather than having a short one each week. The girls are planning on putting on a tea before Christmas.

The Students Union are sponsoring an Amateur Hour this Friday at the school and it is hoped to have a good program. ... during meeting was held a short time ago and are making ... is now under way, but with the kind of weather we're having at present it may be difficult to get much ice Mr. Bauman, Mr. Spak and the older boys are trying to get the skating rink in shape for flooding. In the mean ... some skating is being done on frozen sloughs to the enjoyment of the younger ones. The Home and School will be looking ... the opening of the skating rink during the winter.

Messrs. Frank, John, George and Henry Eyben returned last week from Portland, Ore. where they were called owing to the serious illness of their mother. At last reports Mrs. Carlson was reported improved and hoped to be released from the hospital soon.

Mr. Eheard and Mrs. Cleland are still in hospital and Mr. Ken Kennedy is also a patient there. Hope you all get out real soon.

Mrs. Brent Macnab returned home from the city last week after taking her mother, Mrs. Hubbard up to the Red Lake Hospital. While visiting at the Macnab home Mrs. Hubbard had the misfortune to fall, breaking her arm and injuring her hip. Best wishes for a speedy recovery.

Mr. and Mrs. Stuart Little of Clearville spent the week-end at the F.H. Eyben home and Mr. and Mrs. G.L. Rogers of Edmonton at the Stone home. Mr. Maurice Herriard of Grande Prairie is visiting his sister, Mrs. Frank Eyben.

Mr. and Mrs. Harold Everett and Elaine spent last week-end in the city and report lots of celebrating Saturday night over the Eskimos Grey Cup Victory.

A number of people from Buffalo Coulee attended the Board of Trustees banquet held in the Elks hall on Monday night. Every one very much enjoyed the dinner and the very interesting address by Don Rollans on Russia. We could easily have listened for another half hour.

Owing to having to cancel the presentation of their play at Wainwright on Mon. Dec. 3 the Dramatic Society of St. Saviour's Church will be presenting it at the Buffalo Coulee School on that date. It is being sponsored here by the Home and School.

TEENAGERS

We have a son fifteen and a daughter thirteen, so our home is a teenage hangout and we love it. I've been watching the teenagers our youngsters bring home and I'll take them ahead of the young folk in my general station any day. I think they're brighter better, and more likable in a dozen ways.

Take Rosalie, a bright-eyed doll, with one of those mussed-up hair-dos the young girls wear these days. I invited her, along with my daughter, to the theatre the other night to see a stage play. The two girls really went out of their way to look pretty, so that the old man would be proud of them, and I was. And it turned out to be a play peppered with fairly rough talk, and after the second act I wondered a bit whether I should have taken them.

As it also seemed my wary, Rosalie turned to me, as the curtain went up on the third act, and said, with the cutest grin imaginable "Don't worry yourself about those adult words ... I'm used to them."

Then there's John, whom my son has been heralding as "the brain". When it was announced that Bill had invited "the brain" of his class for a week end with us, I feared the worst. I expected horn-rimmed glasses and the kind of pretentious dinner table talk that slightly nauseating unless downright funny.

Turned out John had a brain all right, but there was nothing pretentious or ridiculous about it. Bill got him talking and we were all mighty glad to listen. He told us, in fact, matter-of-fact terms, of experiments in chemistry he was undertaking at home. And after dinner, using ordinary dishes and some well-known household chemicals, he put on a fifteen minute show that was as fascinating as any I've seen on the stage.

Teenage problems? I wonder

Mr. Hills — we 'teenagers have been asked your adults for a long time, but we just figure you'll grow out of it!"

Though the common cold is a year around disease, peak outbreaks come three times each year according to experts at Lowe Pharmacal Ltd., world's largest makers of cold tablets. The first of these high points for sniffles and sneezes occurs some time between mid-September and the end of October. The second, and most severe, takes place between early January and mid-February, while the third occurs from late March to late April.

Farmers' Bonspiel December 6, 7, 8

The Farmers' bonspiel is to be held on Dec. 6, 7 and 8 in order that the finals can be played on Saturday. This which is to be Farmers' Day in Vermilion.

Fees for the spiel are $8 per rink which will have the same events as last winter, two main events and a consolation.

Entries are to be given to Bennett Carroll or George Woods on Tuesday Dec 4th. This will allow time for making the draw and notifying rinks when they play their opening games.

Knowledge of the Law Promotes Traffic Safety

"Criminal — A person guilty of a wrong violation of the law." A hard bitten definition, that, out of the cold factual columns of the dictionary. It makes a criminal out of the motorist who drives 31 miles an hour in a 30-m.p.h. zone or 21 miles an hour over a level railway crossing. Under the definition, Joe and Harry are both criminals if they bet each other on who can drive to Smith's place faster. They become liable to stiff fines, imprisonment and license suspension.

Enforcement of the law seldom hews that close to the line that as the Canadian Highway Safety Conference points out, drivers as well as pedestrians should constantly be aware of the fact that there are current governing highway movement and those laws can be, and frequently are enforced to the letter. It may, says Canadian Highway Safety Conference, seem to be so much bother to read the laws under which you drive or walk, but knowledge of them may save the driver and walker considerable anguish, embarrassment and trouble. And a glimpse through them will undoubtedly give the average driver and pedestrian a surprise or two.

If you have written your local Member lately, your letter found its way to the new aluminum mail box recently established in the Parliament Buildings, Ottawa. With their attractively furnished and spacious interiors, the back beam look handsomely at home in the vaulted corridors of the Canadian Bastile.

Imagination boggles at the tonnage of prose and blame that will flow through these boxes in years to come as M.P.'s and Senators get unborn. Meanwhile we feel a strong sense that has become such a vital part of the nation's economy should grace the nation's capital.

OUR LETTER FROM EDMONTON

Social Credit League Convention Solidly Against Sales Tax

EDMONTON, — Provincial Treasurer Ted Hinman's campaign to revamp the provincial municipal revenue structure hit what could be a severe setback during the 22nd annual convention of the Alberta Social Credit League here in the capital last week.

More than 200 delegates representing constituencies throughout the province, voted solidly against the idea of a provincial sales tax. They did it in spite of a plea from Mr. Hinman to wait until the government has more information on the financial troubles which beset municipalities.

In fairness, it must be pointed out that the treasurer has steadfastly insisted that he has not advocated a sales tax. But observers throughout the province seem to agree that in his talks outlining the problem, Mr. Hinman has spent more time dealing with the sales tax than with any other. He has made it plain that the sales tax is one of several revenue sources to be considered in the proposed reorganization.

Six individual constituency associations submitted resolutions opposing the idea of a sales tax, compared with none in favor. The objection was two-fold — that it would hit the "small man" the hardest, and that it would harm the Social Credit party.

Mrs. E. Harvey of Lethbridge said "the people are fearful of a sales tax. The small man will have to pay the bill . . . it sticks the wrong pocket altogether." H. E. Nichols of Edmonton said it will do more harm to Social Credit than anything we could ever do."

Other speakers said a sales tax would be against the principles of Social Credit and Mr. Hinman agreed the burden on the small income is its "chief disadvantage."

Mr. Hinman urged the delegates to wait for the release of a brochure, now being prepared, which would outline arguments for and against various types of taxation. But the convention was determined to make its collective view known.

What this will do to the treasurer's financial review is anyone's guess. So far, he has spearheaded the drive toward an overhaul of provincial-municipal fiscal relations, with the aid of municipal officials who have been called in to work on a committee which is studying the matter.

The question is whether the treasurer will have the wholehearted support of the cabinet in view of the strong opposition expressed by the convention delegates who, after all, represent the backbone of the Social Credit organization.

Obviously the government realizes any new form of taxation is political dynamite, particularly in such a wealthy province. There has been speculation that the political risk has prompted the government to call in the municipalities and let them make the final decision, thereby relieving the province of full responsibility. However it may be that the question is such a hot potato in view of the reaction, that it won't be worth the risk. Only time will tell.

ON TO OTTAWA

With the possibility of a federal election next year, the convention turned much of its attention to dominion politics. Premier Manning described the federal government's stand on Middle East crisis as "bungling". Attorney-General Robert Bonner of B.C. said Social Credit will march to Ottawa under a banner of sound monetary policy. Mr. Bonner dismissed the idea that his party's monetary policy will be anything like the one which swept Social Credit into power in Alberta in the hungry 30's. "There were many things proposed in the mid-30's which have no application at the present time" he said.

Expect Huge Expenditures For Home Appliances

EDMONTON, — Canadians will spend over $300,000,000 for major electrical home appliances in 1957 and pay cash for more than half of them, W. C. Kennedy, Executive Vice-President, Frigidaire Products of Canada Ltd., predicted here Wednesday.

Mr Kennedy spoke at a preview of his company's 1957 line of products attended by appliance dealers and distributors from Vermilion and other centres. His third yearly unit sales in the appliance industry were increasing faster than those in "the fabulous automobile industry. They had more than trebled since 1949 while sales of passenger cars had increased from 250,000 to 800,000. Over 1,000,000 major electrical home appliances exclusive of conventional washing machines, would be sold in 1957 compared with 250,000 in 1949 he added.

Mr. Kennedy described Frigidaire's new 1957 line of electrical appliances as "completely new" and products of one of the biggest tooling jobs in the company's history." They feature a new 'sheer look', a functional squared-up design which blended with cabinetry to give any kitchen a built-in appearance without compromising be stated. With an expanding market in view the Frigidaire executive urged dealers to "move forward through new emphasis on selling and sales which emphasized value and service."

The common cold is man's most common ailment afflicting persons in all parts of the world all races creeds and colors and in every economic category.

WILDMERE WINKS

...m, we unknown- ... last week. Our ... community's deep- est sympathy to the sisters and brothers of Mrs. A. Keays (Mildred Ganton) of Edmonton who passed away Nov. 22nd. She had been ill for a number of years. May God comfort the sorrowing ones in that she is now at rest. Mrs. McGrath of Tolland and Mrs. Lamport of town, sisters of the deceased were in the city visiting her when she passed away. Her funeral was held Saturday, Nov. 24th.

A heavy pall of sadness was cast over the district when word came that Mrs. Jimmie Cameron had suddenly passed away. Mrs. Cameron was beloved by all who knew her. Our heartfelt sympathy goes out to her sorrowing husband and family in their hour of sorrow. It will be a great comfort in the years to come in knowing they had one of the best wives and mothers God ever made.

We did not think we would write any Winks this week but it is this week end when we are to have the minor operation on our finger.

Several from Wildmere attended the play "Ghost Road" at Buffalo Coulee school put on by the St. Saviour's Dramatic club. It was a good play well acted. Lots of good laughs and quite spooky at times. Plan to attend if you can when it comes to your district, it will be really worth your while.

Where were you on Saturday Mrs. Moore? We did not see you. A chat was enjoyed with Mr. Lumsden and Wilbert.

Thanks Pleasant Valley for your kind remarks of ye old writer!

"HELLO, HOMEMAKERS"

This week I have some suggestions for polishing your furniture to a high lustre before festivities begin.

White Rings — Some of your furniture may be defaced with white rings caused by heat, steam or moisture. Here are some remedies for this condition. The best is, of course, prevent the cause. However, if it's too late for that try these cures (any one should help):

1. Quick application of ammonia or alcohol followed immediately with a rubbing oil or polish.
2. Rub the area with a cloth moistened in linseed oil.
3. Rub with turpentine.
4. Rub with a half and half mixture of linseed oil and turpentine.
5. Add a little rottenstone to oil and turpentine and rub.

Scratches — Small scratches may sometimes be removed by flowing turpentine into them with a small brush, until the surfaces are even. Commercial scratch removers are available and easy to apply.

Spots — If wiped away quickly will disappear when the furniture is polished.

Polishing — Before polishing dust surface with a soft lintless cloth of knitted cotton, silk or rayon. Cheesecloth is also satisfactory. when dusting gather dust into cloth, do not spread around.

A treated dust cloth can be made by adding ½ cup lemonoil to 1 pint boiling water. Place 6 to 8 cloths into this mixture and allow them to absorb as much liquid as possible. Wring out and dry. When cloths are soiled, wash and treat again.

Furniture Polishing Mixture:
1 cup turpentine
1 cup boiled linseed oil
1 teaspoon vinegar

Mix thoroughly and apply to the furniture with a soft cloth. Rub against the grain, then with the grain. Allow wood to absorb the oil. Then rub thoroughly (use on varnished surfaces).

Warning! — If you use commercial furniture waxes, most of which are very effective, do not use an oiled dust cloth.

Commercial waxes generally are self polishing.

Old Timer Of Mannville Dies At Leduc

MANNVILLE — Mrs. W. N. Crooks and Mr. Clarence Ewing accompanied Mr. and Mrs. Ross Ewing to Leduc on Friday to attend the funeral of Mr. James Dalgarno.

Mr. Dalgarno passed away on Nov. 28th at the age of 80 years. He was an old timer of Leduc district. He is survived by his loving wife Margaret; one son, William of Fort Saskatchewan; one brother and two sisters, Robert, Mrs. Wesley Porter and Mrs. Max Scott all of Paisley, Ont. There are two grandchildren.

Mrs. Dalgarno is an old timer of the Mannville district, being the former Margaret McCalhum, sister of the late Mrs. C. Ewing.

YOUR ALBERTA

The response to our first column "Your Alberta" was most gratifying. Replies were received from every corner of our Province. It's encouraging to know how much everyone is interested in the workings of the various departments of the Government. So—keep your requests coming and let's continue to hear from you.

One of the most uncomfortable words in government lexicon is that of "grant". As the man said when he first saw a giraffe, "there just ain't no such animal". Yet the term is bruited about at all levels of government, within and without the provincial administration. Actually, the government is granting nothing. No government has anything to grant. It does however, sometimes re-apportion revenue collected from one source, to disbursements it believes is doing the most good for the most people.

For example, the cities in the province serve not only the people within their corporate limits, but also the people from the surrounding districts who use city facilities. The farmers in to shop use the paved streets, the light and power facilities, the police protections, in fact hundreds of services never considered in normal course of events. By the same token it seems unreasonable to ask the cities to pay complete cost of providing those services to visitors. So some of the revenue that accrues from points outside of the cities is returned to the cities in the re-apportionment of revenues along with moneys already collected from within the urban confines.

LAKE LOUISE—one of Alberta's scenic tourist attractions.

Last year, for example, Edmonton received "grants" approximately $8,315,435. Part of it came from the city's fuel oil tax share, some $1,572,690. Another $4,387,915 came from the education department grant. The balance was obtained through the departments of Public Health, Highways, Welfare and Attorney General.

Calgary, along with the other 7 cities, shared in this re-allotment of revenue. It received $6,181,639. The fuel oil tax provided $1,268,356. Others had received cheques also, with Wetaskiwin endorsing cheques for $220,000. Camrose for $163,000, Lethbridge for $1,393,000, Drumheller for $146,000, Medicine Hat for $556,000 and Red Deer for $399,000.

There are scores of other ways in which the cities, and other communities—received benefit from government services. One that still keeps within the realm of the touchy pocketbook was the saving of interest charges for many capital outlays, through the province's Municipal Capital Expenditure Loans Act. There was $27,300,000 loaned out to the eight cities last year at 3½ percent. This is quite a saving on municipal coffers in interest charges, compared with the commercial 5½ to 6 percent possibly charged outside.

That's it for now! Be seeing you soon . . .

Your Future is Here... In Alberta!

New Year's Eve Dance Planned By Dewberry Home and School

DEWBERRY — The Dewberry Home and School met on Nov. 20th with a large crowd of about seventy in attendance. The minutes of the previous meeting were read and adopted. It was decided to have a dance on New Year's eve. Mr. Neal Jones, Mr. Whiteside and Mr. Bill McMullen were appointed as a committee in charge. Volunteers for a new lunch committee for Home and School were called for and Mrs. Brown, Mrs. Parker and Mrs. Romanchuk kindly offered their services. December meeting of the Home and School is to be held on Thursday, Dec. 20.

Mr. S. D. Simonson, superintendent of the Vermilion school division was present and had brought the guest speaker, Dr. Schragg. Miss Brady, assistant nurse to Dr. Schragg, was also present. Dr. Schragg discussed and showed films related to the stage of development and behaviour of the average 11 and twelve year old boys and girls. The aprents and teachers were divided in their opinions as to whether they agreed or disagreed with Dr. Schragg. The aims of the clinic, of which Dr. Schragg is the head, were explained to those present and several parents, after the meeting, seized the opportunity of speaking to Dr. Schragg on matters affecting their children.

After the meeting was adjourned, a short skit was put on by Mrs. Haskell and Mrs. Durnin. Both ladies felt quite sure Dr. Schragg would be requesting their presence at the clinic the next day but he evidently considered their cases hopeless!

The usual excellent lunch was served by the ladies.

Several new members were added to the list and Dewberry may well pat itself on the back for the keen interest being shown by parents in Home and School affairs. Long may it continue!

Want To Buy A Locomotive?

The C.N.R. soon will have 40 operational steam engines to sell all of them retiring from service in Newfoundland to make way for diesels, reports The Financial Post.

But finding buyers is a bit tougher than usual.

These locomotive were built for Newfoundland's three ft., six inch narrow gauge tracks. They will not fit North America's 4 ft. 8½ inch standard gauge.

The C.N.R. is sounding out possible buyers in Japan, Africa, Australia and South America where narrow gauge is more common.

The population of the Yukon Territory in 1951 was only one-third of its population in 1901.

Tips on Touring

The wrong kind of "cold starting" will wear out your engine faster than a climb up Pike's Peak. Therefore it's important for you to know how to get your horsepower 'on the hook' properly in freezing weather.

Don't pump the gas pedal before starting the engine, warns Shell Oil's automobile experts. It's not only futile, but may be actually harmful.

Just depress your accelerator to the floorboard once, immediately after using your starting mechanism. If the engine does not start, stop at once and wait a few seconds. Repeat the procedure until the car does start.

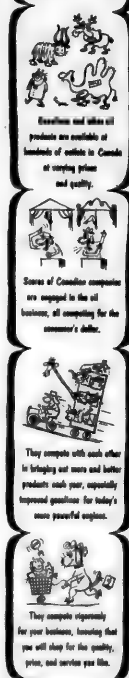
The best insurance for prompt cold weather starting is to keep your battery and spark plugs in top condition. A quick examination of these items by your service station operator can forewarn you of any apparent weakness.

All runners human, equine canine warm up before a race. Your mechanical runner your car, should be allowed to warm up too. Idle the motor for three of four minutes before putting it in gear, and you'll help increase your motor's life by that many years.

Turkey Shoot In The Elks Hall

The Vermilion Air Cadets will hold their annual turkey shoot in the Elks hall on Saturday Dec. 8th commencing at 2 p.m. For those who are not marksmen and still would like to try their skill at winning a Christmas turkey there will be some novelty games such as darts.

It's good to be able to shop around



Gasolines and other oil products are available at hundreds of outlets in Canada at varying prices and quality.

Scores of Canadian companies are engaged in the oil business, all competing for the consumer's dollar.

They compete with each other in bringing out more and better products each year, especially improved gasolines for today's more powerful engines.

They compete vigorously for your business, knowing that you will shop for the quality, price, and service you like.

Competition among oil companies means a wide variety of products and keeps prices low.

Traffic Accidents Chief Killer Of Children from 1952 to 1954

A few Canadian communities have proved beyond doubt that the traffic death toll among youngsters can be dramatically reduced by a positive program of safety education, according to an article in the December issue of the Imperial Oil Review.

Regina, Kitchener, Ottawa and Etobicoke, Ont., says the magazine, are examples of communities which have cut traffic fatalities and injuries among the young people through such educational techniques as classroom lectures, school patrols, safety clubs and demonstrations including practical instruction in the handling of bicycles and autos under real traffic conditions.

The increased tempo of safety education has been prompted by a heavy accident toll among children. In the three years from 1952 to 1954 inclusive, more Canadian children died from traffic accidents than from cancer, polio, TB and pneumonia combined.

"Exposure to traffic hazards to and from school is one of life's first responsibilities which a child has to face alone," the article says.

It quotes five preventive measures suggested by the safety section of the Ontario Department of Highways, as a guide for parents in helping their children avoid mishaps.

These include getting the child off to school early, to avoid running; selecting the safest route to school, then insisting on the child using it; encouraging the child to walk to school with others; setting a good example of observing all traffic and safety rules; supplementing school instruction by discussions at home.

The term 'accident' as applied to traffic deaths and injuries is a misnomer, says the article, since "three out of every four accident victims were either violating a traffic law or taking an unnecessary chance."

SCULPTURED LINES, SWEEPING TAIL FINS, TYPIFY 1957 DODGE

The "new shape of motion" is the styling note for the 1957 Dodge automobiles now being introduced across Canada. The new Dodge features the all-new Chrysler "Torsion-Aire" ride which provides the flat cornering and positive steering characteristics of the sport car with the soft ride of the family automobile. Advanced safety features include new Total Contact brakes, safety-rim wheels, 14-inch low-pressure tires, and optional seat belts. Dodge is offering in 1957 a complete line of 18 body styles in Crusader, Regent and Custom Royal models as well as the Mayfair line shown here.

The government of the Yukon Territory is conducted by an appointed Commissioner and a council of five elected members.

...alth Unit Notes

the age of infancy to bite and chew things is a common signal of inner tensions. Nails are tough, insensitive and painless to bite. But once the habit has begun, the rough edges of the nail and the exposed nail bed cause irritation and this provokes more biting. Direct restraint such as bandages or splints only intensifies and worsens the anxiety and strain that are the real basis of the trouble. What causes the uneasiness is often hard to discover since it may have been started weeks or months before. It will take patience and understanding on your part to help your child overcome his habit.

TRY THIS COURSE OF ACTION

To help the nail biter, make his nails smooth and lessen the irritation by soaking them in olive oil. Next look for the possible causes in his physical and emotional health.

Check on his general physical condition, reviewing his eating and sleeping habits. Make sure they're in line with what are considered to be likely needs for a child of his age. He should be gaining in weight steadily and his color should be good. Does he tire readily? If so, something is amiss. Again, ask yourself if he is getting enough activity, running, jumping, climbing, lively outdoor play.

Now how about his emotional well-being? Here is likely where the real trouble lies. Build up your child's self-confidence by making him feel that he can do things himself and that when he really needs help you are ready to give it. Show him you're proud of the things he is learning to do for himself. If you keep him too dependent on you, however, he may reveal his need for more freedom by nail biting. He may show his anxieties and fears in the same way if you expect too much of him and give him reason to fear that he won't be able to measure up. Or it may be something in his school situation— facing work that is continually too difficult or a teacher who is very severe that is troubling him.

Too much excitement is bad. While he needs new experiences, overstimulation will cause strain. Avoid too much playing and competition with older children, too much noise and rushing about, too many movies and radio programs. Set an example of happy behavior in the home. Nagging, scolding will take ...

If your child over three persists in nail biting, gain his cooperation by developing his pride in manicured and well-kept nails. Keep assuring him that he is bound to be successful eventually. When he slips back into the habit, overlook it and give him further encouragement.

PARADISE VALLEY NEWS

The Paradise Valley 4-H Beef Club held their organization meeting in the school auditorium on Saturday November 10th. Our leader, Mr Stepanoff was in attendance. New officers for the ensuing year were elected. They are as follows: President, Eva Brassington; Vice-President, Linda Stenoff; Sec.Treas. Myron Sunderland; Press Correspondent Wilfred Sunderland.

An executive meeting of the Paradise Valley Square Dance Club was held on Monday Nov 26 at the home of Mrs. Emil Knor with Gordon Davidson presiding. There will be a regular square dance in the P. V. Memorial Hall on Wednesday, Dec 5th with Henry Lein calling, also one on Wednesday Dec 19th with Art Ziegler in attendance. Square dance lessons in the hall will commence on Wed. Jan. 2nd with Johnnie Marwell of Vermilion as teacher. It is hoped that quite a number will show a keen interest in these lessons in order to make a class worthwhile. Anyone wishing to join or obtain more particulars are asked to contact Mrs Viola Matheson as soon as possible.

Congratulations to Mr. and Mrs. Donald Levitt on their recent marriage which took place at Camrose recently. The young couple will make their home at Red Deer.

LADIES CLUB MEETS

The regular monthly meeting of the Ladies Hall Club was held in the Church Hall on Wednesday Nov 28th with an excellent attendance. The ladies decided to sponsor a New Year's novelty dance in the Hall on December 31st with Edgerton Starlite Orchestra. Lunch will be provided by the club. Everyone is invited to this dance to dance the old year out and the new year in with music, noise makers, balloons etc. Come semi-formal ladies if you wish.

A beautiful patchwork quilt was displayed by Joyce Brassington. The quilt was made by Joyces' mother, Mrs. Holland, who has taken many prizes at the Lloydminster Fair with her needlework. Mrs. Holland donated the quilt to the Club as a source of raising money. At the time of writing it is likely the quilt will be raffled. No meetings will be held through the festive season. The next meeting will be held on Dec. 12th and Jan. 9th. Mark these dates on your calendar. The ladies held a very successful dance on Friday night. Robert Hinkley won the door prize and young Cornfield won the pony donated by Lyle Greenwood at the hall.

A Columbia Theatre Sunday, December 16th

Proceeds From Carol Concert For Christmas Hampers for Needy

Sunday night, December 16th is the night of the Mixed Chorus Carol Concert, which takes place in the Columbia theatre at 9:00 p.m. The Chorus has a program of sixteen carols to present for the listening pleasure of the public, and a night of good music is a certainty.

This annual event is to help bring Christmas cheer to the less fortunate in the district, and the money derived from it will be given to the Stagettes to make up hampers for distribution around Vermilion.

Among the carols to be heard will be "I Saw Three Ships." The arrangement that the chorus is singing is a rather tricky one, but this just adds to the harmony and makes delightful listening.

No carol concert would be complete without that rollicking Welsh carol "Deck the Hall." The Chorus has sung this at all their carol concerts and it is a song enjoyed by chorus and audience alike.

Something different will take place on Sunday night: the audience will participate in the carol singing. They will be handed sheets containing the words of two carols, one to be sung in the first part and one in the second part of the program.

To wind up the concert the Chorus will sing the "Hallelujah Chorus" from George Frederick Handel's magnificent composition "The Messiah." Try to be there on Sunday night, and be generous with your contribution. You will help towards making someone else's Christmas a happy one.

Juvenile Hockey League Opens On Saturday

The Juvenile hockey league comprised of teams of boys under 18 years, will swing into action this week when the Dewberry team meets the Vermilion Juveniles in the Vermilion arena.

Dewberry hockey teams have already been tough for the local youngsters to handle and a real bang-up closely contested game is in prospect.

The other two teams in the league are Kitscoty and Mannville.

LOCAL JUVENILES GO THROUGH CONDITIONING

The Vermilion Juveniles have been going through a rigorous training schedule since long before ice was available. Since ice has been ready in the arena Coach Jim Ferguson has really been giving the boys some excellent work outs.

H. Whitson Wins Farmers 'Spiel For Second Consecutive Year

For the second consecutive year a quartet of farmer curlers from the Mannville Curling club maintained an unbeaten record in the annual Farmers' bonspiel played on Thursday, Friday and Saturday, and thus annexed the Grand Challenge. The trophy for this event is awarded for annual competition by Geo. Webb & Sons. The winners were skipped by Harold "Shorty" Whitson with R. McFadzean, F. McLaughlin and E. McLaughlin, exactly the same rink which triumphed one year ago. Taking second prize and making the final a real contest all the way were Johnny Bober and company from Derwent.

The complete list of winners of the three events is as follows:

GRAND CHALLENGE

1. Skip Shorty Whitson, R. McFadzean, F. McLaughlin and E. McLaughlin, Mannville
2. Skip John Bober, Emil Mudryk, John Karpchuk, Walter Wysorki, Derwent.
3. H. Haverslew, M. Majury, Wm. Eyben, B Macnab, Buffalo Coulee
4. Eber McFadden, V. Willes, F. Watling, F. Marcinew, Mannville.

SECOND EVENT

1. Geo. Harrison, Wm. Veitch, F. Seale, C. B. Fraser
2. Ort Strome, Nick Klutz, Leo Klashinsky, Paul Mistal
3. Frank Gibson, A Smith, R. Graham, J McFadden.
4. Cliff Cruthers, R. Donily, J. Powell, H. Coburn.

THIRD EVENT

1. M. Smith, F. Renspies, A. Emmott, A Hinton.
2. Geo. Eyben, Ted Marfleet, J. Hull, L. Everett.
3. G. Larsen, Art Pheasey, Mrs. Larsen, Mrs. Pheasey.
4. J. Park, N. Woyewitka, D Allanach, E. Phillips.

All three finals were played off at the same hour Saturday evening and attracted a regular bonspiel gallery of both town and country spectators. On one sheet a Mannville rink was playing Derwent; on another George Harrison from the south clashed with Ort Strome of the north while the third final brought two south representatives together Eyben and Smith.

PRAISE FOR GEO WEBB

Ron Payment, president of the Vermilion Curling club which sponsors the spiel, congratulated the winners and presented the prizes. He had words of praise too, for George Webb, chairman of the Farmers' Bonspiel committee and who is chiefly responsible for its outstanding success.

This curling event seemed to be more than ever successful this year. Competition was keen, sportsmanship and sociability tops throughout. Lunches were served in the kitchen and a regular bonspiel air prevailed throughout the three days.

Junior Choir To Present Concert December 21st

Do you like to hear children sing?

Well, be at the United Church on Friday, Dec. 21st and hear 23 girls, ranging in age from 11 years to 16 years, sing Christmas carols. They have a widely varied program and are working hard to present to you an evening of enjoyable music.

You will hear the German carol "Lo, How a Rose E'er Blooming", English version by Dr. Theodore Baker, and "Angels We Have Heard on High" sung to the tune taken from the old French carol "Les Anges dans Nos Campagnes." They will sing "Cantique de Noel," "O Holy Night." We are sure you will enjoy this evening of carols by these youngsters.

The admission is a collection at the door and the proceeds go to build up the Junior Choir library of music. Nothing helps children more than letting them know that they and their efforts are appreciated, so let us turn out and give them a boost.

Separate 5c From 2c Letters

The post office staff wishes to express their appreciation to the people for handing in their Christmas cards at the wicket or tieing them in bundles — but there is one more step which can be taken by everyone to help in this Christmas deluge of mail and that is, simply separate your 2c cards from the 5c letters. These as a rule are handed in all in one bundle and the staff have to do the separating. It would facilitate mail delivery and sorting if the people would look after this simple little chore themselves.

C.C.F. To Nominate Candidate For This Constituency

The Board of Directors of the Battle River-Camrose C. C. F. Constituency Association met in Viking over the week end and plans were made to hold a convention in that town on Saturday Jan. 19th for the purpose of choosing a C.C.F. candidate for the forthcoming federal general election which according to the official word from Ottawa, will be held not later than June, 1957.

The directors were unanimous in the opinion that the constituents should be given an alternative to Liberal and Social Credit policies.

Interesting Wild Life Story In This Issue

A very interesting wild life story, relating to the study of ducks, where they go, where they winter, how broods scatter, etc., appears in this issue of the Standard. It is written by Bob Harris, Wildlife Biologist who has spent the past several summers in Vermilion area banding various kinds of ducks, and generally studying their habits. The story contains a wealth of wildlife information and the Standard hopes that Mr. Harris will have more stories along this line in the months to come.

C.G.I.T. Candle-Lighting Service Sunday, Dec. 16

Each year at Christmas all Canadian Girls in Training, their parents and friends, have an opportunity to share in the National Christmas Vesper Service. This continues to be a means of strengthening, improving and extending the C.G.I.T. movement across Canada.

This beautiful and inspiring Candle Lighting service will be held in the United church this Sunday, Dec. 16th at 7:30 p.m. You are invited to attend.

Elmer Kreller Ref. In Charge Of E.A.H.L. Games

MANNVILLE. — Elmer Kreller will still be in the spotlight as far as the Eastern Alberta Hockey League is concerned. He has been appointed referee in charge. His duties will be to appoint referees for each game.

Ralph Rudd who officiated as linesman in league games in Vermilion last winter, will be one of the referees.

Rotarians Hear Talk On Classifications

Gil Rampling who was induced to attend Rotary Work Shop at Red Deer earlier this year was the guest speaker at Rotary last Friday. Gil dealt with classifications with reference to Rotary membership.

The program was arranged by Nick Kowalchuk who acted as chairman. The speaker was introduced by Gerald Stephens with the thanks of the meeting for the talk being extended by Martin Shaika.

FARMERS THANK CLUB

The farmers playing in the bonspiel wish to publicly thank the Vermilion Curling club and the Vermilion business men for the excellent bonspiel, the good time and sociability, and the fine prizes. We also appreciated seeing so many townspeople watching the games. We want everyone to know that such events as this are sincerely appreciated.

Red Cross Relief For Hungarians

The local branch of the Canadian Red Cross Society has been notified that the Canadian Hungarian Relief fund has been officially opened and donations will be accepted by Mr. S. D. Simonson, President, at the Vermilion school division office, or by any member of the local executive. Any cheques should be marked "For Canadian Hungarian Relief Fund". Receipts will be issued in like manner, valid for income tax purposes.

MISSING PERSONS

The International Committee of the Red Cross in Geneva has agreed to accept tracing inquiries concerning relatives of Canadian residents last known to be living in Hungary. Requests for such service may be handed in at the local office and will be forwarded to Red Cross head office.

Anyone wishing further information may apply to Mr. S.D. Simonson or to Mrs. E. H Buckingham.

Mrs. Christina Yuill Passes Away

There passed away on Saturday, Dec. 8th an esteemed lady of the district in the person of Mrs. Christina Yuill, aged 83 years, beloved wife of Mr John Yuill.

Mrs. Yuill was born in Edinburgh, Scotland, and came to Alberta fifty years ago. Some 30 years ago they settled in the Vermilion district, farming near Bowtell. Following that they lived south of town until moving into Vermilion just a year ago.

She leaves to mourn her loss her sorrowing husband.

Funeral services were held on Tuesday, Dec. 11th at 2:00 p.m. at the United church. Interment was made in the Vermilion cemetery. Rev. C. W. MacKay officiated.

Moyer's Funeral Home was in charge of funeral arrangements.

Sumptuous Xmas Dinner Enjoyed by Board of Trade

Every Christmas the members of the Vermilion Board of Trade are treated to a Yuletide dinner with all the trimmings, all for free! Their hosts are the managers of the Rio Cafe, John and Fore. The enjoyable annual event again took place on Wednesday when thirty members gathered and did full justice to the many good things provided.

John and Fore were heartily thanked by Ross Boake, president of the Board, not only for the dinner but for the good meals and fine service rendered at everyone of the weekly board of trade luncheon meetings all through the year.

Round of Farewell Parties Held For Dr. and Mrs. Ben King

Chief pastime this last two weeks has been farewelling Dr. and Mrs. Ben King, who are leaving Vermilion this week end on the first lap of their journey to Boston where the Doctor will take special courses in hospitals there for the next five years. Dr. and Mrs. King and family leave Saturday for Saskatoon to spend the Christmas season with Mrs. King's parents, Mr. and Mrs. W. H. Prescott. They will proceed from there by plane to Boston where a home has already been rented.

Included in the round of farewell parties was a joint event in the Masonic hall with Queen Esther Chapter and the A.F. & A.M. combining to hold a most enjoyable social evening.

At the Board of Trade meeting on Wednesday last farewells were said to Past President Ben and a presentation of a scroll telling him what a good citizen he proved himself to be, was presented to him.

At Rotary he was officially farewelled while on Tuesday evening a well attended stag party was held in the Elks hall. During the evening Dr. Bob Anderson presented Ben with a not too empty wallet as a token of esteem of the more than 100 men gathered there.

Dr. and Mrs. King came to Vermilion twelve years ago.

Board of Trade Meetings Cancelled Until January 10th

The regular weekly Board of Trade luncheon meetings have been cancelled for the holiday season. The next meeting will be held on Wednesday, Jan. 10 at 12:10 noon, when a very full business agenda can be expected.

Legion Auxiliary Elects at Mannville

MANNVILLE. — The regular meeting of the Ladies' Auxiliary to the Mannville-Minburn Branch No. 33 Canadian Legion B.E.S.L., was held in the Legion hall on Tuesday Dec. 4th. Mr. Jack Coxford, President of the men's branch, conducted the election.

Following is the slate of officers for 1957:

Pres.—Mrs. Marion Emmott
Vice-Pres. Mrs. Phyllis Jackson
Sec'y.—Mrs. Edith Laidler
Treasurer Mrs. Chris Finlay
Councillors Mrs. Joy Manz, Mrs. Nancy Coxford, Mrs. Mary Morrison, Mrs. Dorothy Bauer, Mrs. Helen Golinowski
Sgt.-At-Arms Mrs. Cynthia Boe

Civil defence was discussed, also plans made for distributing Christmas gifts.

M. P. Attends F.U.A. Convention

James A. Smith, M. P. for Battle River-Camrose, returned home Wednesday night after attending the F. U. A. provincial convention in Edmonton.

About one out of three families in Canada are childless.

Outstanding Film At Columbia For Holiday Season

Nick Kowalchuk, manager of the Columbia theatre has been able to secure the outstanding picture "The Lady and the Tramp" for three days of the holiday season. "The Lady and the Tramp" is the greatest comedy Walt Disney has ever produced.

It is the story of a romance between two dogs, a pedigreed cocker spaniel named Lady and a wise-cracking tramp dog from the wrong side of the tracks who had been everywhere and seen everything.

Make your holiday complete by taking the whole family to see "The Lady and the Tramp" at the Columbia theatre Dec. 21, 25 and 26. 24-5

Cantata Much Enjoyed

Many attended the dramatic Christmas Cantata presentation in the United Church hall on Sunday evening when the Vermilion Couples' club gave the "Carol of Bethlehem". So well presented was the cantata that it was again put on Wednesday evening by popular request.

It is quite an elaborate production, carrying a deep message and requiring singing by groups, by the whole choir and by soloists, as well as containing much dialogue ... exceedingly well rendered.

Woodvale Red Cross Choose Mrs. M. Watson As President

Woodvale Red Cross Auxiliary held the annual meeting at the home of Mrs. Dorothy Seite on Dec. 5th. A quilt was tied, the top for which was made and donated by Mrs. C. McGrath, and sent to the Bethany Home in Camrose. The yearly reports showed much activity during the year and a healthy state of the finances.

Well over $100 was donated to various charitable groups besides ten quilts. There is still $107 on hand. More donations were made to the Hungarian Relief fund, CARE and TB seals.

A slate of new officers was chosen and for 1957 Mrs. M Watson will be president, Mrs. Dorothy Seite vice-president and work convener, Mrs. B. Lysons treasurer, Mrs. A. Portsmith secretary and Mrs. G. Wolters sick convener.

After the business there was still time for a pleasant visit and to partake of a most tasty lunch.

The next meeting will be held at the home of Mrs. A. Portsmith on Jan. 9th. Sixteen children of the provincial training school in Red Deer will find a gift under the Xmas tree this year thanks to the kindness of the Woodvale Red Cross ladies.

Canadian Legion Activities

The good old year, 1956, is fast coming to a close. Before it does however we would like to remind all the members that the next meeting will be held in the Legion hall at 8 p.m., Friday Dec 14th. Installation of officers will take place. All members are asked to attend.

The social evening is Wednesday Dec 19 — don't miss it. The draw will be made for the Xmas hamper and a few games of bingo will be played. All ex-service personnel and their friends are invited to this affair. Who knows, you may go home with a turkey.

WHERE DO DUCKS GO IN THE WINTERTIME?—

The attention of all nature lovers is directed to the article on "Ducks" which appears in this issue of the Standard. The item was written by Bob Harris, Wildlife biologist who spends most of his summers working in the Vermilion district.

Share your good fortune, place gifts for the needy children of the Vermilion district on the Rotary Christmas tree in the Bank of Commerce all next week. The gifts will be distributed by the Salvation Army.

WHAT'S AHEAD?

At this time of year, business planners are sharpening their pencils in search of the big question. What's the outlook for the New Year? Querying 150 executives across the country The Financial Post sums up their answers as follows:

The majority look for higher sales, higher wage rates and employment, steady to higher prices of the products they sell and higher costs for the materials they must buy.

Although it's going to cost more to do business in 1957 there's a 50-50 chance of an improvement in profits, they indicate. And a still further increase in capital expenditures by business is evidently in the making.

RICH FARMER RETIRES

A farm journal reports that a farmer has retired with a fortune of $60,000. This huge sum of money was amassed by this man over a period of 30 years and also through the death of an uncle who left him $59,999.50.

FREE BULLETINS

In this office we have about 300 different bulletins on more than fifty subjects for farmers' use. They are all free so come in or write in and we will supply something on your current problems. This is a good time of the year to catch up on your reading.

SEASON'S GREETINGS

It is the sincere wish of my assistant, Alex Letts, my stenographer Mrs. Ruby Samuelson, and myself that all readers of "Green Acres" and all our friends and acquaintances in town and district will enjoy a happy holiday season. And may we add "If you keep Christmas for a day, why not always?"

Candle-Light Wedding Solemnized At Islay United Church

CRITCHLEY—McLENNAN

Knox United church, Islay was the scene of a pretty candle-light wedding ceremony at 7 p.m. Friday, November 30th, when Faye Joyce, younger daughter of Mr. and Mrs. N. A. McLennan of Islay, and Earl Vincent, son of Mrs. E. Critchley, and the late Mr. Critchley of Victoria, B.C., were united in holy matrimony. The ceremony was performed by Rev. C. W. MacKay of Vermilion, in the presence of many friends and relatives. Mrs. Wm Waterfield of Islay presided at the organ.

The bride, given in marriage by her father, had chosen a floor-length gown of white nylon net over satin with bouffant style skirt, lily point sleeves and mandarin collar, and trimmed with mother of pearl sequins. Her fingertip veil of nylon net was trimmed with wide French lace and caught to a sequin-trimmed ruffle head crown. The bride's bouquet was a special gift from Mr. and Mrs. James Allan of Islay, who had recently brought it from Scotland.

Miss Lena Miller of Vermilion was bridesmaid and wore a cocktail length dress of red nylon net over satin, modified with a bolero; two ruffles of nylon net edged with white encircled the full skirt. Her headdress was a white feather beret and she carried a nosegay of white carnations.

Mr. Bruce McLennan of Islay, brother of the bride, was the best man. The ushers were Messrs. David and Donald Martin of Islay.

During the signing of the register Mr. John Webb of Vermilion sang "A Wedding Prayer." His accompanist at the organ was Mrs. Waterfield.

For her daughter's wedding Mrs. McLennan had chosen a gown of black embossed nylon in two piece effect. Her accessories were black and she wore a corsage of red roses to complete her costume.

Following the ceremony an open reception was held in the Islay Community hall when about 125 well wishers signed the guest book presided over by Miss Shirley fortein of Islay. Mr. Wm. Roebuck of Vermilion was master of ceremonies and introduced Mr. George Webb Sr., of Vermilion, who proposed the toast to the bride. The groom replied in fitting manner. Mr. Roebuck then extended congratulations to the bride's parents who were the same day celebrating their 34th wedding anniversary, and Mr. McLennan made an appropriate response. Mr. John Webb sang two solos, "The Anniversary Waltz" and "Memories," dedicated to Mr. and Mrs. McLennan at the request of their daughter. He was accompanied at the the piano by Mrs. Wm. Waterfield. When the beautiful three-tiered wedding cake was cut the bride and groom were assisted by the bride and groom of yesteryear. Mr. Roebuck then read telegrams from several relatives and friends who were not able to be present at the wedding.

Among the out-of-town guests present were Mr. and Mrs. Mur-Murray MacDonald, uncle and aunt of the bride, and Mrs. A. Beecroft, all of Edmonton; Mr. and Mrs. A. Welin of Lloydminster; Mr. and Mrs. Grech and daughter Mary, of Mannville; and many friends from Vermilion and Kitscoty.

After the reception a short dance was held in the hall and then the happy couple left for a honeymoon to be spent in Vancouver and Victoria, B.C. For travelling the bride wore a red wool dress with white accessories and corsage of white roses, and a top coat of grey wool.

Mr. and Mrs. Critchley will be making their home in Kitimat, B.C. where the groom is employed by the Saguenay-Kitimat Construction Company and is also well known for his diving and frogman activities. The bride has been the guest of honor at several showers and parties in Islay and Vermilion, and in Kitimat where she had been employed for the past two years with the Aluminum Company of Canada. The best wishes of their many friends follow them to their new home.

Changes Are Announced In Gas Co. Management

Following a meeting of the Board of Directors of Northwestern Utilities, Limited yesterday Mr. D. K. Yorath, President of the Company announced the appointment of the following officers. Mr. B. F. Willson, Vice President Operations Mr. M. E. Stewart, General Manager.

Mr Yorath said that these appointments were necessitated by the continuing expansion of the company's operations in the territory which it serves.

Mr Willson was born and educated in the City of Edmonton. He attended Garneau high school and graduated from the University of Alberta with a B. Sc. in Civil Engineering in 1943. Upon graduation he joined the Royal Canadian Engineers and served with them for 2½ years. In November 1945 he joined the staff of Northwestern Utilities, Limited and became Assistant General Manager of that Company in September 1953. In October 1954 he was transfered to Calgary to assume the post of Director of Administrative Service, an Inter Company department of Northwestern Utilities and Canadian Western Natural Gas Company Limited. In April of this year he was elected to the Board of Directors of both companies. At a meeting of the Board of Directors of Canadian Western Natural Gas Company Limited held in Calgary today he was also appointed Vice President Operations of that company.

Mr M. E. Stewart was born in Brandon, Manitoba and was educated in the City of Edmonton. He attended the Strathcona high school and graduated from the University of Alberta with a B.Sc. in Civil Engineering in 1947 and from the University of Toronto with a Master of Commerce degree in Business Administration in 1949. He joined the staff of Northwestern Utilities in 1949 and was appointed Assistant General Manager of that Company in April of this year. Mr Stewart has been very active in provincial tennis circles and is Immediate Past President of the Lawn Tennis Association.

CLANDONALD HALL

Showing at the Clandonald hall this week end Friday and Saturday Dec 14 and 15. ... comedy starring Dean Martin and Jerry Lewis. Next week end Dec 21 and 22 ... the Harvest Moon.

Mr and Mrs Allan Olstad and family were supper guests at the home of Mr and Mrs. Joe Bauer on Sunday evening.

Flu and colds are still making the rounds in this district. The infant son of Mr. and Mrs. Jim Horne is quite ill at the time of writing. We hope that he is much improved by the time this appears in print.

Mr and Mrs. Oliver Willes were callers at the Allan Olstad home Wednesday evening last.

A jolly birthday party was held at the Oliver Willes home Saturday Dec 1st in honor of Phillip Willes. The children all enjoyed a skating party after which a lovely supper was served.

Spending the week end of Dec 1st in Edmonton were Mr and Mrs Jim Horne and family and Mrs Robert McMillan. Mr. and Mrs. Jack Willes and family spent the same week end at Bon Accord guests of the latter's sister Mr and Mrs Alex McKenzie and girls. While there Jack and Don had the pleasure of seeing the Grey Cup game on TV.

Congratulations and all best wishes go to Mr and Mrs Stewart Barr (nee Ruth Beatty) who were married in Vermilion on Friday Dec 7th. Mrs Barr is a granddaughter of Mrs Robert McMillan of Claysmore who attended the wedding and reception which followed at the bride's home.

Mr. and Mrs. Jack Willes and family were supper guests at the Tim Nelson home in Vermilion on Saturday evening.

However during a wild sandstorm a bus load of tourists are stranded and seek shelter there, knowing nothing of its evil history. It isn't long before the ghosts start their manifestations and from then on there isn't a dull moment. The mystery is well kept, too, until all is unravelled at the end of the third act.

The players were remarkably well selected, each and every one of them was simply made for the role enacted, and each was a star. Not one role could have been improved upon.

A quick run-down of the cast of characters reveals that the following took part: Mr. Elmer Berry, a small town business man, taken by Jack Kneale. Bessie, his wife, Mrs. Jack Kneale. Annie, their 18-year-old daughter, Miss Shirley Bessie. Manuel Lopez, a Mexican bus driver, Walter Coulter. Miss Petunia Potter, an old maid, Jessie Stephen. Matt Walters, a mysterious young man, Alex Palin. Cleo Patra, a night club entertainer, Miss Stella Way. Old Bones, a prospector of the old West, Gib Stephen. Pecenti, an Indian squaw, Eleanor Evans. Septimus Jepson, an archeologist, Harry Brown. Lolita, a Mexican girl: Miss Tanis Sigurjonsson.

Miss Doris Salisbury is to be congratulated on her excellent direction of the play. Coming in for a large share of praise, too, are Alf Logan for his sound effects, and Rev. Kells Minchin for the lighting. Light and sound were an essential part of the play and added much to the effectiveness of the presentation.

The Dramatic Society presented the three act mystery melodrama at Buffalo Coulee, Islay, Clandonald, Kitscoty and Vermilion on successive nights and again at Marwayne on Monday of this week.

The presentation here at the V.S.A. auditorium Friday night drew an audience of a few over 300 and was highly gratifying. Despite the frigid week satisfactory audiences were reported from all the other points.

Derwent Men Are Guests Of Rotary Club At Annual Dinner

The Rotary Club's annual rural-urban event was held this year at Derwent on Friday evening when some 26 members of the Vermilion Rotary club and 28 Derwent business men and farmers sat down to a sumptuous repast in the National hall at Derwent. The excellent dinner was served by the Ukrainian Catholic Ladies Aid.

The Vermilion men introduced first themselves and then their guest for the evening, making a very interesting few minutes.

Newcombe Bentley was the guest speaker and kept his audience very much interested in a talk which he entitled "The Changing Trend in Rural Living". A few of the points on which the speaker touched were as follow:

"We are now living in an age of vast changes and developments in all phases of business, economic and social conditions. Evidence of such changes is everywhere apparent and not the least on the farms and in the farm homes of Agricultural Alberta. Urban people frequently find themselves quite behind the times and out-of-date in their knowledge of living conditions, production practices and problems on the modern farm. Indeed one of the major challenges facing farmers themselves is that of their adjustment to the new developments within their own industry.

The amazing increase in use of electricity may be quoted as only one of the important factors affecting many phases of rural living. Forty thousand, or just in round numbers one-half of all Alberta farms are now served with high-line power. Little imagination is required to appreciate what this one modern development means to our farmers. They will have electric lights in their homes surely, but also in their barns and shops and farm yards. Electric appliances can now be a part of the farmer's home as they are of his cousin's home in the city: electric power tools, feed grinders and pumps too. As in other phases of our society though, the new services, new appliances and new machines bring new, or at least, bigger problems. Financing, maintenance and the operational know-how are just some of these.

Similarly, a little reflection brings to mind a host of other important developments affecting rural living. School busses leaving the country schoolhouse vacant, deep freezes replacing salt pork barrels; harvester combines cancelling the "threshcrew socials", and trucks hauling grain to modern seed cleaning plants are only some examples of the changes occurring while teamsters are learning to operate tractors and soil conservation problems are taking over from those of land clearing and breaking. Along with these changes almost every farmer is now studying terms of the Farm Improvement Loans Act and puzzling out the regulations concerning his income tax returns.

The employment of more and more of the instruments and products of science; the effective use of the vast supplies of agricultural information available from research institutions together with the necessity of greater attention to the principles of good business practices, all these lead to but one inevitable demand. A higher general level of education and specific agricultural training must be available to and must be acquired by those young people who will be the next generation of farmers on this fair land."

Newcombe was given a hearty round of applause and vote of thanks for his part in the entertainment and the whole event proved a most enjoyable affair. So much so in fact that some members of the Rotary club are advocating this rural-urban event be a semi-annual instead of just an annual meeting.

Santa Claus Hands Out Treats To 960 Kiddies

Old Saint Nicholas was in his very best mood on Saturday last and handed out bags of treats to nearly one thousand children gathered in town from all corners of the territory.

The treats were given out in the Elks hall after Santa made his official appearance in town on the fire engine. The jolly old elf was welcomed to Vermilion by the tune of Christmas carols broadcast over a P.A. system from Craig's store.

After they had received their bags of popcorn, peanuts, candy and a Jap orange, all the youngsters were taken to the Columbia theatre where Nick Kowalchuk had a special free show for them.

Those attending the show completely filled the theatre at 2 p.m., necessitating a second showing at 4:00 o'clock to accommodate all the children.

The whole gala event was arranged by the Vermilion Board of Trade and the co-operation of everyone concerned, especially Mr. Kowalchuk of the Columbia was truly appreciated.

The retail committee was in charge of arrangements and Nick Adams, Albert Hareuther and Israel Miller came in for a lot of praise for the undertaking at the Board of Trade meeting on Wednesday, as well as several of the teachers and others for handing out the treats.

The Retail committee on the Wednesday prior to the Santa Claus event called for volunteers to help bag the treats. The turnout was surprising, every retail business in town having a representative in the Elks hall, and thus the big job of putting up one thousand bags was done in jig time.

In the first nine months of the year the United States sold Canada goods to the value of $3,165 million, bought from Canada goods to the value of $2,114 million.

Walter Kvill Heads 4-H Beef Club At Marwayne

MARWAYNE. — On December 4th the Marwayne 4-H Beef club held their monthly meeting with the last of the members joining. Membership now totals 32.

Walter Kvill was elected as leader and Alvin Parker assistant. Mr. Alex Letts, assistant district agriculturist from Vermilion, gave a brief talk on caring for and feeding calves for show. He also gave some suggestions on what could be done at meetings.

Mr. Letts announced the efficiency award winner for the past year as being Jacqueline Crichton. Each member of last year's club was given his share of money for showing his calf at the Vermilion fair. Pamphlets concerning the calves were then handed out and the meeting adjourned, with lunch being served.

Grant Crichton received the prize donated by the Wheat Pool for the best plot in the Grain club.

Arena Rink Opens

Gordon Williams, icemaker at the arena had the rink ready for opening on Tuesday night, Dec. 11th. A large horde of small and large fry, who have been patiently waiting for the big night, immediately descended on the ice palace to attempt to wear the carefully built-up ice surface right back into the ground.

Regular arena schedules have been drawn up and printed: a copy of same appears elsewhere in this issue . . . or you may obtain one from the rink manager, Mr. Williams.

Neil-MacKenzie Wedding Is Of Interest To Vermilion

Margaret Jean MacKenzie, eldest daughter of Mr. and Mrs. John MacKenzie (formerly of Vermilion) and Douglas Edward Neil, son of Mr. and Mrs. Herbert Neil of Okotoks, were united in marriage by the Rev. William Sayers, at an early afternoon ceremony in Knox United church in Edmonton, on Tuesday, November 27th.

The bride, who was given in marriage by her father, chose a beautiful floor length gown of white lace and nylon net over satin, of which the lily pointed sleeved jacket topped the strapless gown, and both jacket and the deep lace points of the skirt were adorned with a seed pearl and sequin trim. Her veil of illusion net banded deeply with lace was held in place by a coronet of seed pearls and sequins. She carried a bouquet of red roses.

Miss Joyce Lindskoog was bridesmaid, and chose a gown of cocktail length green lace and net and matching headdress and lace gloves. She carried a bouquet of pink carnations. The groom was attended by Kenneth MacKenzie, brother of the bride, while Messrs. Ralph Schurman, William Neil, Thomas McCormack and George Williams acted as ushers.

The bride's mother chose for her daughter's wedding a dusty rose and gold embossed gown with a corsage of pink roses, and received her guests in the Coral Room of the Park Hotel, where a wedding reception was held. The bride's table was centred with a four-tiered wedding cake decorated in pink and white. Mrs. Leo Klashinsky was in charge of the guest book.

For a short honeymoon the bride donned a blue-tan flecked tweed suit with blue-tan accessories. Mr. and Mrs. Neil will make their home at Drayton Valley, where Mr. Neil is employed by the Eskimo Fracturing Co.

Friday evening on return to Drayton Valley, a wedding dance was held at the Community hall with a large crowd in attendance. Music was by the bride's aunts and uncles — Williams Orchestra of Vermilion.

The same day, November 27th, the bride's mother and father celebrated their 22nd wedding anniversary: it was Mr. and Mrs. Leo and Barney Klashinsky's 23rd, and Mr. and Mrs. Robert McCann's 16th anniversary — all aunts and uncles of the bride.

John McLaughlin Laid To Rest At Mannville

MANNVILLE. — Funeral services for the late Mr. John McLaughlin of Mannville, who died on Nov. 23rd, at the age of 45 years, were held on Nov. 27th at the Holy Name church, Vermilion. A solemn requiem high mass was sung with the Rev. Fr. Landrigan officiating, and Fr. Stewart, Fr. Rooney and Fr. Gillis assisting.

He leaves his loving wife Margaret, two children James and Beverly; four brothers Emmott, Francis, Leonard and Pat; two sisters Angeline and Victorine, and his parents Mr. and Mrs. James McLaughlin of Vermilion.

The pallbearers were Fred Panlak, Peter Bellisch, William Fedeshko, Edward McLaughlin, Billie McLaughlin and Bert Herzog. The honorary pallbearers were James McCauley, Douglas Otto, Maurice Mercer, James Ferguson, Blair Veitch and Harold Whitson.

Moyer's Funeral Home was in charge of funeral arrangements.

Many generous spiritual offerings, memorial donations and floral tributes were received.

Miss Sutton Heads Mannville Group

MANNVILLE. — The Happy Hour group of the W.A. met at the home of Mrs. M. Mercer on Thursday, Dec. 7th with sixteen members present. The regular business of the meeting was completed, with reports from the various committees. After accounts were paid, the W. A. had a substantial balance on hand and voted $200 to the Anglican building fund.

Election of officers followed, with the following taking office: President, Miss K. Sutton. First Vice-Pres., Mrs. Len Manz. Second Vice-Pres., Mrs. M. Malin. Sec'y, Mrs. M. Morrison. Treasurer, Mrs. J. McLuckie. Dorcas Secy., Mrs. E. Hubbard. J.A. and G.A. Secy., Mrs. MacPherson. Prayer Partner Secy., Mrs. R. Lugg. Little Helper's Secy., Mrs. H. Allen. Sick Committee, Mrs. E. Kreller and Mrs. J. Johnstone.

The outgoing executive were given a vote of thanks for their splendid work during the year. Mrs. Kreller, the retiring president, thanked the executive and all the member for the co-operation they had given her during the year.

Though large exporters, Canadians sell abroad less than one-quarter of the goods they produce.

NEWS from ISLAY

A very lovely shower was held at the home of Mrs. Jack Carey in honor of Miss Faye McLennan whose marriage took place Nov. 30th to Mr. Vince Critchley, of Kitimat. The house was packed with guests. Two contests were played which created a great deal of laughter and fun. Tea and a very delicious lunch was served and enjoyed, then in came a prettily decorated box just overflowing with gifts, indeed, a great many were carried in afterwards. They were beautiful, useful and varied. Faye was, for once, almost speechless, but she rallied and very fluently thanked the ladies.

The play "Ghost Road" presented by the Dramatic Society of the St. Saviour's Anglican church, Vermilion on Dec. 4th was exceptionally well acted; the actors were all stars, we thought. The play was full of thrills, comedy and very spooky. What a surprise when the snake in the box turned out to be a rifle. We have had many laughs since. It was worth sitting and shivering in the cold for. We were sorry it was such a cold night. The make-up lady did a fine piece of artistry, the prop men were wonderful — and how they worked to get up all the scenery, didn't even stop for a thermos of hot tea taken to them. We do hope that the same cast will put on another play and come to us in the spring when it is warmer. We were sorry there weren't more out to enjoy such a good evening's entertainment.

Sunday night eighteen of the Islay United Church folk attended the sacred Christmas cantata presented by the couples club of the United Church. It was beautiful and thoroughly enjoyed. The club is to be commended for such a lovely piece of work. It must have taken a great deal of time. We hope to enjoy more such fine evenings.

The Charlie Robertson house was moved into town on Friday. The Axley family hope to get moved in by the end of next week.

Mrs. Hancock expects to come to the home of her daughter Mrs. D. Martin this week where she will spend the winter months.

The Community Association met Monday night to plan for their annual New Year's frolic.

Sorry to report Mrs. Moncrieff is still confined to the house and to bed. We hope she will soon be up and around.

Some of our farmers took part in the bonspiel at Vermilion and report a very enjoyable time.

The annual bazaar, despite the cold, was a success. Not a very large crowd but they were good buyers. Oh the blueberry pie, pumpkin pie and ice cream and many more pies. The handwork was very lovely ... much credit to all contributors.

Come to church Sunday Dec. 16th at 7:30 p.m. Mrs. MacKay will conduct the service.

Cubs are having a turkey draw in the hall Friday evening Dec. 14th.

the Snapshot Guild

Last minute snapshot before beginning of the plane trip, with the camera going along for interesting shots to be made from the air.

Up in the Air With Your Camera

The other day we spotted this item in a winter vacation booklet put out by one of the nation's leading commercial airlines: "There's room beneath your seat for briefcase, vanity, or camera."

But we're willing to wager that if you're aloft with your camera, you won't leave it idling "beneath your seat" for long! There's just too much excellent picture material around that no self-respecting snapshooter will want to miss. Rivers, mountains, massive cloud formations, dams, bridges, harbors, farmlands—an everchanging kaleidoscope of views and patterns invites your camera to action as you cruise the sky.

We'll concede that a camera with a good fast lens and a high-speed shutter enjoys a definite advantage. But, under ideal conditions and at relatively high altitudes, even a simple camera can take memorable pictures from the air in both color and black-and-white.

Here are a few basic points to remember whenever you use your camera in flight: (1) Be sure you don't let your camera touch any part of the plane, or vibration will blur the picture. (2) Minimize the effect of the plane's speed and motion by shooting "oblique" views, with the camera pointed ahead of the plane or to the rear rather than straight down or straight out the side. (3) To avoid reflection, hold your camera at an angle to the window or shield the lens. And (4) Use a filter to cut through atmospheric haze.

RURAL DELIVERY — By AL SMITH

Of Many Things . .

Four of us shared the hunting lodge. I hoped in the company of these veterans to pick up precious lore on the art of knocking ... from the sky.

I did pick up some precious lore, all right, but not about duck-shooting, especially. More about life in general and how to live it.

We were quite an assortment. One was a very successful small-town hardware merchant, a wiry, red-headed, sharp-spoken man in his late fifties, comfortably retired in the town where he'd built his business. There was a stockbroker, an electric power company executive and myself, a free lance writer. Not having any one business in common, our talk was very general after the dishes were done and the night-caps poured.

"Ah", sighed the stockbroker, scanning with satisfaction the puritan simplicity of our lodge and our waiting bunk beds, "this is the life. No darn telephones, no worries."

"Not even electric light," sighed the utility executive, with a wide grin. "Camp's a different world and in a couple of days the city seems a million miles away, and your worries look small from such a distance."

I, too made some observations about the peace, quiet and security of an isolated hunting lodge at night, and I guess I, too, remarked that it might help dispel life's worries.

Billy, the hardware merchant, looked sternly at the three of us. "You seem mightily taken up with worrying, you three guys. What's the matter, are you all lazy? Don't you know if you keep working hard you don't need to worry? When you get on the edge of worry, just work harder. Everything shapes up if you worry your darnedest."

He wasn't fooling. He was dead serious. And he was dead right. Three of us went back to the city and tried it, and proved it.

Maybe this is a worry-wart age because we've forgotten the antidote for worry work! And though I'm not crazy about hard work, I'll trade it for worry any day!

I have a notion that the trend to shorter hours, the practice of feather-bedding, and the something-for-nothing idea, all contribute to worry and unhappiness. There is nothing quite so satisfactory in life as a good day's work, honestly done. And it kills worry right at the roots. Try it.

IN MEMORIAM

In loving memory of a dear husband and father

JOHN STANLEY QUICK

—who passed away Dec. 17, 1955.

"The blow was great, the shock severe
We little thought the end was near,
And only those who have lost can tell,
The pain of parting without farewell.
More each day we miss you father,
Friends may think the wound is healed,
But they little know the sorrow
That lies within our hearts concealed."

—Lovingly remembered by his wife Alice and his son Allan.

About one out of three families in Canada are childless.

SHOWER FOR BRIDE

On Oct. 17th Jean Cunningham was given a shower in the United Church hall when over fifty guests were present. Mrs. Ida Cunningham received with her daughter and Mrs. Jas. Barnett looked after the guest book. Mary Fairbairn assisted with the unwrapping of the gifts. 'Mr. and Mrs. Farmer' (Audrey McDonald and Ester Van Camp) dressed in cowboy and cowgirl garb, came in singing, followed by six little cowboys and cowgirls carrying milk pails filled with gifts. After opening these beautiful and useful gifts Jean made a very gracious reply and gave an invitation to all to visit them in their new home north of the river. A dainty lunch was served by the co-hostesses Avis Bystrum, Violet Johnson, Dagney Wilson, Doris Gudzowaty and Minnie Robbie.

Church Group Organized at Greenlawn

A meeting was held at the home of Mrs R. Thomson on Nov. 29th to organize a church group in the Greenlawn community for the purpose of furthering the work and interests of the church.

All those interested are asked to join the group as the support of everyone will be appreciated.

Primarily because of his country's smaller population, and the smaller market for his goods, the average Canadian industrial worker produces, and earns, four-fifths of the American average.

Beware of Driver Fatigue During Holidays

The 40,000 member Fraternal Order of Police agree with Canadian highway safety officials that fatigue is a big killer in holiday driving.

From its Philadelphia headquarters this national United States police organization reports that December has more deaths than any single month. Last December, it claims, saw a record toll making Christmas and year-end holidays the most dangerous period of the year.

To save lives during the coming holiday season, the police group offers three C's for conduct:

1. Caution when driving
2. Coffee to keep alert
3. Common sense not to drive at all if overtired

APPEALS FOR HUNGARIAN RELIEF

The Anglican Primate of all Canada, the Most Rev. W. F. Barfoot, has issued an appeal for Hungarian refugee relief. This fund will be administered through the World Council of Churches, a division of inter-church aid and service to refugees.
